

Four Skills 241

Chapter 241: Catching an Eagle Bare-handed

Fan Yiqin was stunned when she suddenly heard her name. She gritted her teeth and cursed MO Xiu in her heart ten thousand times!

It had already been two days, yet MO Xiu still brought up this matter.

Because of MO Xiu, the teacher-in-charge of Fan Yiqin's class had gone over to talk to her yesterday. They wanted to know if she was in love with MO Xiu.

However, no matter how Fan Yiqin explained, the leading teacher did not believe her. In the end, he could only observe for a while.

Right now, Fan Yiqin had two thoughts. One was to beat MO Xiu up to vent her anger. The other was to hurry back to the north and not embarrass herself here anymore.

The first thought was not going to come true. He could only hope that the competition would end soon so that he could return to the north as soon as possible.

Bobosai was enraged by the provocation and controlled the three snow wolves and the eagle to attack.

The last time he fought Xiao Hong and Lu Zhihao, he did the same thing. He left Xiong, who had the strongest defense, to protect him.

In his current state, Bobosai's main body and the various animals were not as strong as Moxiu's, but they had the advantage in numbers.

The three wolves and one eagle attacking Moxiu was exactly what Moxiu wanted. He split the giant sword into three to deal with the three wolves while he dealt with the eagle.

Since Bobosai still wanted to hold back, then Moxiu would not hold back. He had to make good use of his current advantage.

Bobosai controlled the three wolves and the eagle, while Moxiu controlled the three swords. This was a battle of spiritual power.

When it came to spiritual power, Moxiu's all-attribute bonuses had never scared anyone. The previous 10,000 swords were definitely taxing, but just controlling three swords was as agile as his own hands and feet.

It was unrealistic to kill a wolf with just a sword, but it was not a problem to stall it.

This also allowed Moxiu to deal with the eagle with ease.

Without his greatsword, Motheo was unable to fly. Facing the eagle, he could only passively dodge. This gave Bobosai confidence, and he watched from the side.

"MO Xiu, where's your plan? Show me your new trick again. Let me see who's the real grandfather."

At this moment, Moxiu was being tormented by an eagle.

The eagle's attack was very strong. Moxiu did not dare to take it head-on, nor could he lock onto the eagle and attack. He could only dodge passively.

To the audience, Moxiu was already at his limit. Bobosai and the bear hadn't even attacked yet, and Moxiu was already in such a sorry state. If Bobosai were to use his full strength, wouldn't the battle be over?

The discussion on the Internet intensified.

"Moxiu can't take it anymore. I feel a little embarrassed to be beaten up so miserably by an eagle."

“That’s not right. How can this broken eagle be so powerful? Its speed is indeed fast, and I can’t even see its movements clearly. However, it shouldn’t be so powerful that MO Xiu couldn’t even fight back, right?”

“What do you know? If Moxiu had the greatsword to help him, he could deal with them. However, Moxiu couldn’t fly now, so he was too passive.”

“You guys are really nothing. There are many people who say that Moxiu can’t do it. I’ve never seen Moxiu fail before.”

“Previous poster, can you respect the truth when you blindly worship someone?”

It was getting more and more difficult for Moxiu in the arena, and he was almost hit by the eagle a few times.

As for Bobosai, he didn’t seem to have any intention of making a move. Wasn’t Moxiu being arrogant? He would humiliate him today.

Moxiu revealed an opening in his dodge. Bobosai saw the opening and controlled the eagle to use a skill to attack Moxiu.

He wanted to defeat Moxiu in one strike, but he didn’t expect Moxiu to suddenly jump up with his back facing the eagle and dodge the attack.

Not only that, Moxiu, who was above the eagle, stretched out one hand to grab the eagle’s neck, while his other hand gripped the air.

Activating Sword Comes, the three swords disappeared at the same time. A giant sword appeared in MO Xiu’s hand and he stabbed down!

The eagle disappeared. After landing on the ground with the giant sword in its hand, it did not stop for a moment. It rushed in front of a snow wolf and killed it in three moves.

Just as Moxiu was dodging the eagle, he secretly used three swords to separate the three wolves, which allowed him to succeed.

Moxiu wanted to continue attacking the other snow wolves, so Bobosai immediately called back the snow wolves.

The scene just now had caused everyone to exclaim in admiration, especially MO Xiu's bare-handed eagle catching. It was simply shocking.

Moxiu knew that the eagle's attack power was strong and fast, but its defense was low. It was the easiest point to break through. Moreover, the eagle did not increase its strength, so it was easy to control it. That was why he thought of this trick.

Thunderous applause rang out in the stadium. This was the first time since the start of the competition that Bobosai had been defeated.

The person who had said that MO Xiu was no good online was now being scolded badly.

"How is it? I just said that Moxiu was fine, but you didn't believe me. With IQ suppression, Bobosai is not easy to fight."

"I'm convinced!"

"I'm really convinced!"

"Catching an eagle with your bare hands is really sweeping."

The two people on the field stood still and said, "Here!" Bobosai said with a puzzled expression, "What are you talking about?"

"Didn't you ask me just now where the trick was? It's here!"

Bobosai almost fainted. This Moxiu was too good at infuriating people.

“MO Xiu, you are a despicable and shameless villain!”

MO Xiu burst out laughing.

“Haha, how interesting. I told you I was your grandfather. I’m your grandfather when it comes to scheming. No matter what, I dare to do it, right? What about you? You said that you would use your full strength when facing ordinary people, but did you use your full strength just now? If you want to take the throne, you have to take it.”

Bobosai was speechless. If he hadn’t been careless just now, the match might have ended by now.

This time, not only did they not end the battle quickly, but they also lost a wolf and an eagle.

Seeing that Bobosai was silent, Moxiu said, “Brother Bobo, I wanted to fight you fair and square, but you never took me seriously.”

“You’re boasting shamelessly!” Bobosai shouted angrily.

Even though this was the middle section’s home field and everyone supported Moxiu, these four words that were spoken without shame echoed the thoughts in the hearts of the audience.

He was about to play with flowers, yet he still wanted to play fair and square? His words were simply asking for a beating.

Bobosai didn’t hold back anymore and activated the Snow Wolf’s Fusion. The fusion mechanism was to add the Snow Wolf’s attributes to himself, so losing a wolf didn’t have any effect.

After merging with the snow wolf, a layer of light fur appeared on Bobosai’s body. Other than that, there were no other changes.

Bear also transformed into a shield and appeared in Bobosai's hands.

The shield was not very big, about a meter in diameter, but it gave off a heavy feeling.

At this moment, Bobosai's entire aura had changed. Previously, he had given Moxiu the impression that he was a hypocrite, acting righteous and awe-inspiring, but in reality, he was up to no good.

However, things were different now. The killing intent that Bobosai was emitting and the battle intent in his eyes indicated that he was going to get serious.

However, Moxiu didn't mind. He truly wanted to fight against Bobosai head-on. He wanted to see what kind of strength he could unleash when facing a strong opponent.

Moxiu activated his holy explosive flames, and a flaming armor appeared on his body. He extended his finger and hooked it.

The farce was over, and the competition began!

Chapter 242: I'm Not Going to Be Human Anymore

Bobosai's current attributes were: Attack, Defense, Speed +5,000, Strength

Moreover, he had a shield, which increased all attributes by 1,500%. It was much stronger than Xio's.

It would be very difficult to win, and Bobosai had amplified all the animals on his body. In a one-on-one situation, it would be very difficult to use any tactics.

Moxiu held the giant sword in his hand and walked towards Bobosai.

Similarly, Bobosai walked towards Moxiu with his shield in hand. A great battle was about to break out.

The audience in front of the television and the audience below the stage were all worried. Perhaps the winner would be decided soon.

“Is Moxiu really going to face Bobosai head-on?” Mu Mu frowned and asked.

Isn’t this too dangerous?”

Cao Fenglin clenched his fists and said, “This is a battle between men.””

The two of them walked together, and Moxiu swung his greatsword down. Bobosai raised his shield to block, and at the same time, his right hand formed a claw as he clawed at Moxiu.

The speed of this attack was too fast. MO Xiu didn’t have time to dodge, and a bloody wound appeared on his chest.

Motheo quickly retreated and looked at the wound. The wound was not deep, but it had not healed. It seemed that this was the Snow Wolf’s skill, which was similar to crippling.

Bobosai didn’t give Moxiu a chance to catch his breath. He stepped forward and slashed out again. This time, Moxiu was prepared. He used his greatsword to block the attack. At the same time, he used his greatsword to block the attack. He wanted to seize the opportunity to attack.

Bobosai’s kick sent Moxiu flying backward once more.

After these two exchanges, everyone knew that MO Xiu’s disadvantage was too great.

If this continued, it would be very difficult for MO Xiu to win.

It wasn’t just the ordinary audience who thought this way, but the professionals as well.

Now that both of them were Warriors, Bobosai's overall stats were higher than Moxiu's. Moxiu did not have an absolute advantage in terms of moves, so there was no chance of him winning.

The members of Yan University were all dead. Even Mu Mu and Cao Fenglin didn't think that MO Yu would win.

The leading teacher of the northern region had a proud expression on his face as he smiled with relief. He was just short of celebrating his victory in advance.

Everyone else knew the situation, so MO Xiu naturally knew his own situation.

Moxiu understood why Elder Tang said that the northerners had a valiant fighting style.

Bobosai's moves were bold and unrestrained, and there was no hesitation in his attacks. It was completely different from his cautious probing earlier.

In a situation where their overall strength did not hold any advantage, if they hesitated to make a move, it was very likely that they would be killed by Bobosai in one move.

He finally understood what Mr. Tang said. If he wanted to win, he had to either have a special move or be more ferocious than him.

He had already used his strange move. In the following battle, there was not much room for him to use it.

Then... They could only compete in valiance!

If you have a disability, who doesn't?

If you're fierce, I'll be fiercer than you.

Under everyone's gaze, Moxiu made a shocking move.

The giant sword split into three, two of which were stuck in the ground, and the last one was held in Moxiu's mouth.

Lying on the ground with both hands on the ground, all four limbs on the ground, he glared fiercely at Bobosai.

A wave of surprised voices rang out from the audience. What was MO Xiu doing? Don't want to be human anymore?

Cao Fenglin quickly looked at Mu Mu and asked, "Mu Mu, is this the move you taught MO Xiu? What is this?"

Mu Mu looked at MO Xiu with bright eyes and muttered, "I don't know what technique this is either. MO Xiu's entire body is filled with flaws!"

Among the people present, only one person knew this move, and that was Xiao Hong.

This was clearly the fighting style he had learned from Little Fushun.

Xiao Hong was also the most flustered person in the entire arena. Even someone as cold-blooded as her was somewhat nervous. She knew that MO Xiu would likely be in danger in the upcoming battle.

The Internet was silent. MO Xiu's actions had silenced the joke maker time and time again. What was going on?

In the arena, Bobosai laughed when he saw this scene. "Mo Xiu, what tricks are you playing this time? No matter what you play, you won't have a chance!"

What responded to Bobosai was a punch from Moxiu. Bobosai easily blocked it with his shield and then attacked with a claw.

This claw cut Moxiu's left arm. Just as Bobosai was about to chase after Moxiu and continue the fight...

He realized that Moxiu didn't even run, nor did he dodge. Instead of retreating, he charged forward and used the sword in his mouth to scratch Bobosai's thigh. At the same time, he clawed at Bobosai's abdomen.

He even released an Explosive Holy Flame, which blasted into Bobosai's chest. At such a close distance, even Moxiu himself was affected. After the Holy Flame exploded, Moxiu was sent flying.

Bobosai took a few steps back and fell to his knees, spitting out a mouthful of blood.

He looked at MO Xiu in disbelief. MO Xiu's fighting style just now was completely reckless. He didn't care about his injuries and used all the moves he could.

The attack from the sword and the claw were insignificant. The Holy Flame's attack was the only thing that managed to harm Bobosai.

Bobosai's weakness was his weak elemental defense. If he was hit by an elemental attack, he would be severely injured.

"Moxiu, what are you doing?" Bobosai said through gritted teeth."

Moxiu didn't seem to have heard Bobosai's words. After landing, he immediately rushed over and continued his attack.

Bobosai still used a clean punch to injure Moxiu, and Moxiu started to attack without a care.

Bobosai was on guard and increased his attack speed. At this moment, Moxiu had gone mad. He didn't defend at all, only attacking.

While being attacked by Moxiu, Bobosai also knew that this was the moment when Moxiu was completely unprepared. As long as he didn't panic and continued to attack, Moxiu wouldn't be able to hold on.

As expected, Moxiu's full-powered attack was repelled by Bobosai.

He fell to the ground with wounds all over his body. The sword in his mouth fell to the ground, and he lay flat on the ground without moving.

Just as the referee was about to go over to check on Moxiu, he moved.

He propped himself up and said, "Is this how you should be giving me a woman?"

"Hm?" Bobosai asked.

"I say, is that all you have?"

Moxiu picked up the sword and held it in his mouth. He continued to move on all fours and charged towards Bobosai.

Bobosai had already seen through Moxiu's move, and he sneered as he charged forward.

His punch missed!

Motheo used an unconventional move, placing one hand on Bobosai's shield to dodge the attack. Then, he clawed at Bobosai's shoulder.

Bobosai immediately reacted. He clawed out with one hand and turned around at the same time.

However, after the previous attack, Moxiu was now standing between Bobosai's body and the shield.

This position greatly restricted the ability of the opponent. If he continued to hold the shield, he could only attack with one hand. He immediately threw the shield on the ground and started to fight with Moxiu.

This time, Moxiu pounced forward with a reckless aura, but he knew how to dodge.

The way he dodged was very strange. He would often use a strange posture to dodge the attack at the last moment.

It didn't seem like he had seen through Bobosai's move, but rather, he dodged it instinctively.

He would also be hit, but compared to before, the damage he received was much less.

At this moment, Bobosai was panicking. Moxiu was constantly improving in battle. He was simply too terrifying, not only in terms of strength, but also in terms of aura..

Chapter 243: Admit Defeat?

MO Xiu's current appearance was terrifying. His entire body was blood-red, and his body, which should have been extremely weak, was actually getting stronger and stronger as he fought.

Several wounds appeared on Bobosai's body, and each wound was inflicted by Moxiu.

As the battle progressed, the number of times Bobosai hit Moxiu decreased, and the uneasiness in his heart grew.

Slowly, Bobosai started to feel afraid. He was afraid that if he continued, he would not be able to hit Moxiu.

He began to hesitate when he attacked, sometimes even giving up on his original moves and passively defending.

The leading teacher from the north side of the arena had a grave expression on his face. He gritted his teeth and said, "How can I be afraid?"

The teacher from the north shook his head. Bobosai was much stronger than the other students in all aspects.

However, in terms of willpower and determination, they were inferior to ordinary students.

This was also a common problem for leaders. High and mighty leaders would not think that ordinary people were stronger than them. Once something unexpected happened, their determination would be lacking.

This was the sorrow of the leaders, and also the sorrow of the north.

However, there was nothing he could do. The teacher from the north dared to be angry but did not dare to say anything.

In the northern team, Mu Qingyi had a worried look on her face. Would MO Xiu's fighting style really work? Wouldn't there be any old injuries after the game?

Fan Yiqin had thought that Bobosai would help her vent her anger, but seeing how MO Xiu was working so hard, she couldn't help but feel respect for him.

On Yan University's side, no one cared about the outcome of the match. If MO Xiu continued to fight like this, even if he could win, he would be seriously injured.

MO Xiu was of great significance to Yan University and the entire central region. Nothing could go wrong.

Cao Fenglin looked at Mu Mu, who nodded.

After that, Cao Fenglin walked towards the host, looking for the organizer.

The audience who had been cheering for Moxiu earlier was now completely silent. It wasn't because the match was exciting, but because it was too tragic.

At the same time, the fighting spirit and determination displayed by Moxiu earned the admiration of the audience.

On the field, Bobosai gradually retreated and completely changed his tactics. He focused on defense and occasionally counterattacked.

By doing so, the damage he suffered was indeed reduced, and it also relieved a lot of pressure on Moxiu.

Both of them had wounds on their bodies that could not heal.

However, Motheo still had an advantage. His passive skill, Self-Healing, could not heal his wounds, but it could stop the bleeding.

Moxiu's body was covered in blood because he had too many wounds, not because he was bleeding too much.

Moxiu's biggest problem wasn't his injuries, but his stamina.

Using such a crazy attack method was a huge drain on his stamina.

Fortunately, Bobosai had cowered and changed his attacking style, which meant that the scales of victory had tilted!

After forcing Bobosai into a corner, Moxiu suddenly exerted his strength once more, launching even more frenzied attacks. He took Bobosai's direct attack head-on, and finally managed to get past his shield, forming an opportunity to engage in close combat.

Moxiu had also paid a huge price. Bobosai's attack had landed squarely on Moxiu's chest.

The intense pain almost caused Moxiu to lose consciousness. He gritted his teeth and struck out with his sword and claws, injuring Bobosai.

Bobosai was forced to retreat once again. This time, he had already reached the boundary. If he took another step back, he would lose the match.

Just as Bobosai was about to move away from this dangerous place...

When he raised his head, he saw MO Xiu smiling. It was a rare sight, and his smile carried a hint of evilness.

Bobosai paused for a moment, and Moxiu raised both his hands. One of them was 'Sword' while the other was 'Holy Flames'.

The giant sword teleported behind MO Xiu and placed it behind his back, supporting him. At the same time, he released holy flames with his other hand.

"Bang!"

As the Holy Flames exploded, the giant sword behind him blocked Moxiu's recoil, sending even more power towards Bobosai.

Bobosai couldn't withstand such a huge force, and he was injured once again. He was sent flying and fell outside the arena.

At the same time, the recoil and the greatsword on his back dealt damage to Moxiu, and the explosion of the Holy Flames dealt damage again.

MO Xiu couldn't hold on any longer and fainted.

However, with the support of the greatsword, Moxiu did not fall.

The referee looked at the situation and signaled for MO Xiu to win!

Bobosai fell out of the arena first, and Moxiu fainted after that.

At this moment, the host, Cao Fenglin, and another person in charge of the competition were in the middle of a discussion. It seemed that the results of the discussion had just been announced, and the host didn't see the referee's signal.

The host turned his head and said into the microphone, "After the discussion of the competition and the agreement of the Yan University, I announce that MO Xiu... Hmm?"

Cao Fenglin was going to admit defeat. The rules of the competition stated that one couldn't admit defeat. Only when the participants stepped out of the boundary would it be effective.

Therefore, after a short discussion, the organizers were forced to agree to the proposal after considering Moxiu's role.

However, just as the host was about to announce MO Xiu's surrender, he saw the scene on the stage.

MO Xiu leaned against his sword and seemed to have lost consciousness.

Bobosai lay motionlessly on the ground, panting heavily. He seemed to be seriously injured.

Only then did the host look at the referee. The referee once again signaled for Moxiu to win. He was so anxious that he almost jumped up.

At this moment, the host was also stunned. He turned around and looked at the person-in-charge and Cao Fenglin.

The person-in-charge looked at Cao Fenglin. His meaning was very obvious. Was he still going to admit defeat?

Cao Fenglin shook his head frantically.” Everyone, I’ll return to the team first. Just pretend that I never came. I’ve caused you trouble.” “” Clasp ing his fists, he retreated.

Cao Fenglin covered his face. This time, he had lost a lot of face.

He had put in a lot of effort to convince MO Xiu of the plan, but in the end, MO Xiu had won. If MO Xiu found out about this...

The host said,”I hereby announce that the champion of this individual competition is...” MO Xiu!”

The audience had been silent for a long time, but at this moment, they erupted!

“MO Xiu, I want to bear your children!!!”

Yan University and the Federal University reacted in unison and rushed up to the stage to save him.

Cao Fenglin carried Moxiu off the stage and started the treatment. There was only one very serious injury on his body, and that was the wound on his chest. He sent someone to send MO Xiu to the hospital, and the others followed.

Mu Mu stood rooted to the ground.

“Mumu, what are you doing?” Cao Fenglin asked.”

Mu Mu pointed at the stage and said,”Look! Moxiu’s greatsword...It didn’t disappear.”

Cao Fenglin looked over and was similarly shocked. When a person loses consciousness, their skills would automatically disappear. This was a simple knowledge that everyone knew. What was going on?

Many people noticed this. The audience gathered around the ring and did not disperse, wanting to see what was going on.

Holding it in his hand felt like...This wasn’t a skill. This was a real sword. It was so heavy that Cao Fenglin couldn’t even lift it up. He dragged the huge sword down the stage.

Halfway through, the giant sword suddenly disappeared. Only then did the surprised gazes of the audience disappear. They all thought that the disappearance had been delayed and gradually dispersed.

Cao Fenglin, who was standing on the stage, understood that things weren’t that simple.

Now that Moxiu had been sent to the hospital, it was very likely that the distance of the skill was out of range, which was why the giant sword disappeared.

This scene was seen by many people..

Chapter 244: The Miracle Continues

For the first time, the Internet was completely one-sided.

“Everyone! What else could he say? MO Xiu is too hardworking.”

"I still can't believe that Moxiu won. The difference in strength between the two of them has always existed."

"What the previous poster said is right. No matter how you think about it, Bobo won't lose."

"As long as we pay our respects, everything is possible!"

April 4th.

In the hotel of the Federal Academy.

Bobosai lay on the bed, his eyes lifeless.

He was about to become the laughing stock of the entire leader.

She held her head with her right hand and wondered why she had lost.

He had made too many mistakes on the field, and these mistakes had led to the loss of the game.

Bobosai used all his strength to slap himself, hoping that he would remember this lesson.

At the same time, in the hospital.

MO Xiu had just woken up. Other than a slight pain in his chest, he was fine. It was just that he was too tired yesterday.

He looked around and was stunned. He rubbed his eyes and looked again.

"Qingyi, is it really you? Why are you here?"

Mu Qingyi was the only one sitting beside MO Xiu at this moment. She was taking care of herself just like she did in Shun City.

“You always make me worry. How are you feeling?”

“ You know how my body is,” Moxiu said.” This little injury is nothing.”“

Mu Qingyi said angrily, “If you don’t behave properly, I’ll leave.”“

I’m not being serious,” Moxiu hurriedly explained.” I’m talking about the battle at Shun City. You’ve seen my body’s recovery ability.”“

“Ah, I see!”

Mu Qingyi changed the topic.” I sneaked out because of you. I think Teacher won’t let me out next time.”“

“So miserable? How about I sneak over to see you?” Mu Qingyi laughed and said, “Why don’t you try it!”“

“Where are the others?” asked MO Xiu. You abandoned me?”

Mu Qingyi said somewhat embarrassedly,”“Originally, they were all guarding you. They all went out!”

“Hahaha... At least they’re sensible!”

The two of them chatted idly. MO Xiu did not want to discuss some overly heavy matters with Mu Qingyi. Some things could be discussed later.

Don't even think about maintaining the relaxed feeling of the two of them together.

MO Xiu was enjoying it, and Mu Qingyi was enjoying it too.

After chatting for a while, Mu Qingyi left when she saw that MO Xiu was fine.

Mu Qingyi had just left when Yang Qingzhuo, Xiao Hong, Liu Peixiong, and Qiao Yang came in.

"MO Xiu," Liu Peixiong asked nosily, "what have you two been doing in there for such a long time?"

MO Xiu rolled his eyes on the bed. He didn't expect Liu Peixiong, who had the temperament of a big brother, to be so gossipy.

Seeing that MO Xiu was ignoring him, he didn't say anything else.

Not long after, Cao Fenglin and Mu Mu also rushed over.

The moment Cao Fenglin came in, he did a system check on Moxiu. After he felt that there was nothing wrong, he heaved a sigh of relief and sat down, appearing very attentive.

"MO Xiu, it's good that you're fine. You made us so worried."

"Ha, Old Cao, I heard that I almost admitted defeat?" MO Xiu sneered. How did you know I would lose? How can you admit defeat for me?"

Cao Fenglin was filled with hatred. Who was the one who spread this news? "It's me!" Xiao Hong said. Why? If you dare to do it, you won't let me say it?"

Cao Fenglin's anger dissipated in an instant. It wasn't because he had a good temper, but because he really couldn't afford to offend him.

“Moxiu, I was concerned about your safety. At that time, I felt that victory was no longer important.”

Yang Qingzhuo added, “That’s why you almost lost MO Xiu’s championship. ”” Cao Fenglin felt awkward. MO Xiu didn’t continue.

He could understand Cao Fenglin’s good intentions. He didn’t want him to be seriously injured.

The few of them accompanied MO Xiu until they were discharged at night.

Cao Fenglin found an opportunity to tell Moxiu that the giant sword hadn’t disappeared. Moxiu remembered it and found it interesting.

When they returned home, Zheng Yi hugged MO Xiu.

Before Zheng Yi could speak, MO Xiu said,””I know. I was injured this time, so you made me delicious food.”

Zheng Yi nodded and said,”Mo Xiu, I really didn’t expect you to be so good at sweeping.

MO Xiu glared at him.”

Zheng Yi said disdainfully, “You hugged Sister Fan Yiqin and didn’t forget to tease her.””

MO Xiu denied.” Hey, hey, hey. Speak properly. Let’s not talk about how she hugged me. When did I tease her?””

“Tsk, pretentious. Why didn’t you dodge when he hugged you? Wasn’t it because she was good-looking and had a good figure? He didn’t tease her? That day, he said something like ‘you’re still pretending to be good after getting a bargain.’ Yesterday, he even said ‘admire Fan Yiqin and hug her if you like her’.

Wasn't this flirting?"

"I told you, it's a tactical need!" said Moxiu."

"Pah! Moxiu, I miss you from high school. At that time, you didn't know anything other than training. That was pure. You're even more mischievous than me!"

MO Xiu finished his meal and ignored Zheng Yi.

"The food this time has improved. Continue to work hard."

After saying that, he turned around and left. Zheng Yi shouted from behind, "Don't go! Moxiu, teach me a few things, and I'll soon take down my goddess!"

MO Xiu smiled. Zheng Yi was really persistent. He had been chasing after her for almost a year, right? He had yet to catch up to her.

Back in his room, MO Huan thought about how much he had changed along the way.

Moxiu had been very outstanding in the past, but that was because he had trained hard.

His poor life since he was young and his mother's hardships made MO Xiu want to change his life. How? He could only work hard!

At that time, he was purely doing it to increase his strength.

However, that was no longer the case. After experiencing so much, establishing the strongest club, planning to resolve the firearms incident, the identity of the Dark Shadow Prince was now at ease under everyone's attention.

He had indeed changed, but his original intention had not changed, and his nature had not changed.

As his abilities continued to increase, his responsibilities also increased. What Moxiu wanted to change now was not just one person's life, but the lives of many people.

Just like what Elder Tang said, a general would protect generations after generations.

April 5th.

The team competition began.

Before the team competition, there was an award ceremony to give out the individual competition awards.

The champion and runner-up both had prizes, but only MO Xiu went up on stage.

After asking around, Moxiu found out that Bobosai had rushed back to the north this morning. He wouldn't be receiving the award, nor would he be participating in the team competition.

He... Perhaps he thought that being second place was a disgrace.

Moxiu sighed. With Bobosai's strength, if he used his full strength right from the start, he wouldn't stand a chance at all. Among his peers, his skill had already reached Level 6. This was something he had never seen before.

However, fate played a trick on people. The match that Bobosai thought was in the bag had changed the outcome because of his carelessness and Motheo's desperation.

The organizers handed the trophy and prizes to MO Xiu, and deafening applause and screams rang out from below the stage.

Under such extreme circumstances, Motheo defended the central continent's glory.

Moxiu continued to create miracles...

Chapter 245: Final Battle (1)

On that day, Yan University had a match against the second team in the north, so MO Xiu did not play.

The other party was not strong. With Liu Peixiong and Xiao Hong around, there would be no problem.

MO Xiu was also happy to be free. He became a cheerleader and cheered for his companions.

In the end, Yan University won without any suspense.

MO Xiu had always been a new force. Without MO Xiu, Yan University's true strength would be revealed. It would not take much effort to fight against the second team in the north.

In the next few matches, to everyone's surprise, Magic University defeated the Federal Academy.

It seemed unbelievable, but it wasn't as surprising as it looked at the opponent's lineup.

The Federal Academy was missing two of their main players. Bobo had returned to the north, and Fan Yiqin was still under observation and did not play.

Even Mu Qingyi, who was a substitute, had gone on stage.

However, Mu Qingyi's attack power was limited. Without Absolute Strength to cooperate with, she could not deal any damage and could only lose in the end.

After the competition ended, MO Xiu did not return home. Instead, he fulfilled his promise and sneaked into the hotel in the north to meet Mu Qingyi.

After an entire afternoon of searching, MO Xiu finally found Mu Qingyi's room.

At this moment, MO Xiu was a little regretful. How could he have forgotten to ask Mu Qingyi for her room number when he was in the hospital? He had wasted an entire afternoon.

After discovering the room, Moxiu lightly knocked on the door and hid at the entrance of the stairs.

Mu Qingyi opened the door and looked left and right. She noticed MO Xiu hiding and placed her index finger in front of her mouth, indicating for MO Xiu to not speak.

He walked to the staircase, grabbed Moxiu's hand, and flashed back into the room.

After entering the room, Mu Qingyi realized that MO Xiu did not let go of her hand. He raised both of their hands in front of him and looked straight at MO Xiu.

"It's useless to look at me. I won't let go, unless..." Moxiu said.

Late at night, MO Xiu returned to his home in the Cloud Top Villa Complex alone.

She turned on the lights and found Yang Qingzhuo sitting on the sofa.

"What are you doing? Are you trying to scare me by not sleeping and not turning on the lights?"

"Why did you ditch me? Did he go to look for Sister Mu?"

"Yes!" Moxiu answered truthfully.

Yang Qingzhuo looked relieved and said, "That's good. I'm going back to sleep." MO Xiu looked at Yang Qingzhuo's strange behavior and was speechless.

After returning to his room, Moxiu took out the reward for winning the individual competition. He opened the box and found a moment of herbs inside.

This herb did not look good. It looked a little like weeds.

Just as Moxiu took out his phone and was about to search online, he noticed a small note in the box.

He took it out to take a look.

Diamond Grass, Earth Grade.

[Effect: Increases physical strength and overall physical fitness.]

“Usage: Ingested.”

The organizer was quite considerate. There was even an instruction manual.

MO Xiu still went online to check. This grass was indeed very precious, but its effects were among the worst among Earth Grade herbs.

The reason why it was classified as Earth Grade was because of its rarity and the abundance of spiritual energy it contained.

Monnie hesitated for a moment and decided not to eat it first. According to her previous experience, she needed to digest it after eating it.

And high-intensity training was the best way to digest it. The current situation was not suitable. He would eat it after the competition was over.

The next few days passed like this.

When there was a competition, he would watch the competition in the morning and look for Mu Qingyi in the afternoon. Of course, the two of them would only chat.

When there was no competition, he would train at home in the morning and go to Mu Qingyi in the afternoon to chat.

A few days later, it was time for the last match, against Faith College.

MO Xiu didn't fight in the first three matches, and the University of Yan won.

There was also one person on the other side who had never fought before. He had never fought in the entire competition, and that was Sha Emperor Shi!

What skill he had was still a mystery, and Moxiu had never deliberately observed it.

The two teams were the only two teams that had not lost yet. The outcome of this match was especially important.

The winner of this competition would be the champion!

As expected, Sha Emperor Shi appeared on the stage.

'I won't repeat Bobosai's mistake, MO Xiu," Sha Thearch said." Are you ready to accept defeat?'"

I'm not afraid of failure," MO Xiu replied with a smile." You're the one who's afraid of failure. Do you understand who's better?'" "You'll know once you try!" Sha Emperor Shi spread his hands."

Moxiu immediately activated God's Snooping.

“Talent Skill: Deceive (Passive)

[Skill effect: Hide from the secrets of the heavens. Each skill will enter cooldown after being used twice.]

[1 Skill: Endless Buddhist Technique (to be used)]

[Skill effect: Endless Buddhist Dharma. With yourself as the center, release a spherical shock wave with a diameter of 100 meters (damage 10000).]

[Additional skill: Buddhist Dharma. The target will lose a certain amount of fighting spirit and give up resisting.]

[Cooldown time: 1 hour]

[Second Skill: Buddha’s True Body 6(to be used)]

[Skill effect: Invincible and increases attack, defense, and speed by 1,000%.]

[Duration: 5 seconds]

Cooldown time: 1 hour.”

Sha Thearch’s skills could only be described as simple and brutal. The two skills, one offensive and one defensive, were also skills that would definitely win.

The arena was only a hundred square meters, and two skills could cover the entire arena. As long as Endless Buddhist was released, if he did not dodge, he would be crippled even if he did not die.

Sha Emperor’s skill made things difficult for MO Xiu. If he didn’t warn his teammates now, he might be fatally injured later. If he told them, how would he explain how he knew about it?

After some thought, Moxiu decided to say it. He couldn't just leave her in the lurch, could he? Moreover, the people around him were very important.

Just as he was about to speak, Sha Emperor Shi spoke.

"Everyone, my skill is too powerful. When I release it later, run if you can."

MO Xiu looked at Sha Thearch deeply. It was as if Sha Thearch had seen through MO Xiu's thoughts and was speaking up for him.

The host announced, "The competition begins!"

Other than MO Xiu, the other four from Yan University had to follow the plan and quickly deal with the people on the other side.

"Wait!"

MO Xiu stopped everyone. Xiao Hong asked, "What's wrong? He had missed the best opportunity."

The others agreed with him, but MO Xiu didn't say anything. He just stared at Sha Emperor Shi.

"Aren't you going to attack us?" Sha Emperor Shi asked calmly. When facing a team like our Faith College, shouldn't you be the one holding me back while the others finish the battle quickly?"

MO Xiu still didn't say anything. He focused all his attention on Sha Emperor Shi.

Below the stage, Cao Fenglin asked, "What happened to MO Xiu?" He shouldn't be afraid. Why didn't he move?"

Mu Mu shook his head and said, "I believe in MO Xiu's judgment. Sha Emperor Shi is full of flaws. If that's the case, then his skills must be very powerful..""

Chapter 246: Sha Emperor's Courtesy (1)

"MO Xiu, why are you so wary of me?" Sha Emperor Shi asked with a smile. I've always been very polite when I do things. Just like now, I'm about to use my skill. I'll tell you guys that I'll release my skill in three seconds!"

As soon as he said that, the first to make a move was from Belief College. Other than Sha Emperor Shi, the other four quickly ran off the stage and gave up on the competition.

"The Buddhist Dharma is boundless!"

"Retreat! Hurry up!"

With Sha Emperor Shi as the center, a golden sphere of shock wave expanded.

"Retreat quickly! Hurry up!"

MO Xiu shouted and retreated to the corner at the same time. The other four people from Yan University also scattered.

No one had expected Sha Emperor Shi's skill to have such a large range. Other than MO Xiu, who was in the corner, the others had no choice but to jump off the stage.

Once this skill was used, everyone knew that the elemental damage was off the charts. Even if they took it head-on, they would lose their combat strength. It was meaningless.

Before leaving the boundary, the few of them saw that Moxiu's position should be able to avoid it, so they were relieved.

Since the other four had been eliminated, it didn't matter if they were eliminated. At most, Sha Emperor Shi and MO Xiu would fight one on one.

Sha Emperor Shi had just used up a powerful skill, and the cooldown time of such a powerful skill was definitely not short. MO Xiu's chances were still quite high.

However, only MO Xiu knew that if he wanted to seize the opportunity, he had to either keep a distance from Sha Emperor or resist the Light of Buddha head-on. Neither was easy to achieve.

The golden shockwave formed a ball of light with a diameter of 100 meters.

After it expanded to its maximum, it stopped for a moment and disappeared.

The audience was stunned. This...It was probably the strongest skill in the history of the inter-school competition.

A single skill had killed eight people. This was simply unbelievable. It had directly formed a one-on-one situation.

Those who were attentive could see that after the skill, cracks appeared on the ground. A huge circular area was filled with cracks.

Sha Thearch slowly walked towards MO Xiu after he finished casting his skill.

MO Xiu's body slightly leaned forward as he prepared to launch an all-out attack at any moment.

However, what happened next made Moxiu stand up straight and summon his greatsword.

When Sha Emperor Shi walked out of the huge circular crack, his feet landed on the ground.

The ground where the crack was was turned into ashes. After a cloud of smoke and dust, a deep, semi-spherical pit appeared on the ground.

The deepest part was exactly 50 meters.

The audience was in an uproar, and even the host covered his mouth. Just how powerful was Sha Emperor's skill?

Now, the two of them were standing on a corner of the arena that was about five square meters.

Moxiu summoned his greatsword. There was no more ground, so he could not run into the deep pit. He could only use the greatsword to fly.

Although the arena was almost gone, the boundary should still be effective. As long as he controlled the greatsword well and did not go out of bounds, it would be fine.

Moxiu didn't run ahead of time. Logically speaking, as long as Sha Emperor Shi was on the giant sword, Moxiu would run along the edge to avoid him. That would be safer.

However, MO Xiu didn't do that. Instead, he intentionally let Sha Emperor Shi get closer. There was a crucial factor in this.

Moxiu's skills had a time limit, but Sha Emperor Shi didn't. Sha Emperor Shi could wait until Moxiu's skills went into cooldown before attacking. By then, Moxiu would be in even more danger.

If he wanted to win, he could only lure Sha Emperor Shi to release the second Boundless Buddha Dharma.

Why couldn't he use his flying sword to sneak attack Sha Emperor? Don't forget his second skill, Buddha's True Body.

If he gave up on the absolute speed of the greatsword and activated his second skill, Invincibility, Sha Emperor Shi could use the increased speed to chase after MO Xiu. Although he couldn't catch up to MO Xiu, he could still control MO Xiu within the boundless range of the Buddhist Dharma.

On the battlefield, MO Xiu was making a plan and observing Sha Emperor Shi with all his attention. Victory and defeat would be decided in an instant, and the final battle would be decided at any moment.

What the people below the stage saw was the destroyed arena. In a corner, two people stood still and looked at each other.

"It's a little strange!" Mu Mu said.

Cao Fenglin and the others looked at Mu Mu.

Mu Mu said, "MO Xiu is currently in a state of preparation for battle. It can be said that he is in the highest state of alert. However, Sha Emperor Master..." From the beginning, there was no fighting spirit, as if this match was not important at all."

The Internet also started discussing.

"The venue was destroyed. It's shocking."

"Sha Emperor Master is too terrifying. Although I believe that MO Xiu can create a miracle, this time, even a miracle won't happen, right?"

"Sha Emperor is too strange. Why did he tell the Yan University about such a powerful skill before it was released? If they were to release him directly, according to the original strategy of Yan University, Yan University would have been wiped out by now, right?"

"What do you know? If they were really wiped out, the few people from Yan

University would die. It was too big of a deal to play in a single match.”

“But if the skill is released, will Sha Dishu still have the advantage?” In the arena, Sha Dishu suddenly smiled. His smile was calm.

“Moxiu, don’t be nervous. I’ll tell you if I release my skill.”

“Why?” MO Xiu asked in confusion. Didn’t you come here to defeat me?”

Sha Thearch shook his head lightly.” No, the task given to me by the elders is to understand you. I believe that the task given to Bobosai by the north is the same. It’s just that he misunderstood.”“

“Do you understand me now?” asked MO Xiu.”

Sha Thearch took a few steps closer to MO Xiu.

MO Xiu didn’t dodge this time. Sha Emperor Shi approached and whispered,”“ I know almost everything, but...” You seem to know me and Bobosai better.”

Sha Thearch’s words were meaningful. MO Xiu understood that Sha Thearch meant that he understood their skills.

Without seeing the skills of the two, Moxiu made the most accurate judgment on the battlefield.

“I don’t understand what you mean,” said Moxiu.”

“Sometimes, when you don’t understand, you understand. This exchange was very pleasant.”

Sha Emperor Shi suddenly turned around and said,”“Moxiu, I forgot to tell you that I’m not afraid of failure. Being afraid of failure is the greatest failure.”

MO Xiu stood on the stage and looked at Sha Di Shi's back. He was definitely not on the same level as Bobosai.

Bobosai was also very strong, but he didn't give Moxiu any pressure.

Sha Emperor had always been easy-going, but MO Xiu felt an invisible pressure.

Sha Emperor Shi was undoubtedly stronger than MO Xiu.

In terms of awareness, they were not inferior to Moxiu. This made Moxiu feel even more pressured. He realized that the gap between him and them, or rather, the imperial family, was still very large.

Although he had won, Moxiu didn't feel happy at all. If Sha Emperor Shi had used his full strength and activated his second skill right from the start, then locked onto Moxiu and released his first skill, he wouldn't have stood a chance at all.

'Sha Emperor,' MO Xiu said loudly, 'I'll definitely beat you the next time we meet!'

Sha Dishu didn't turn around and waved his hand.

"Congratulations to Yan University for winning the championship!"

After the match ended, Moxiu walked off the stage. This was the first time the audience didn't make a sound when the results were announced.

The internet gave Sha Emperor a suitable comment. 'Sha Emperor Master, you are so polite!'

Chapter 247: Royal Experience Scroll (1)

Moxiu said on the stage, 'Next time we meet, I will definitely beat you.'

Everyone present heard this, including those in front of the television.

This meant that MO Xiu had announced to the entire Alliance that Yan University had won this match, but he had not.

It was very difficult to admit defeat, especially in a situation where the outcome was unknown.

However, Moxiu still did it. It wasn't that Moxiu was being humble, but that he needed a warning.

Although it wasn't easy, it was still smooth sailing. He didn't encounter any obstacles in his growth.

The current situation was even more so. He was being watched by the entire central continent. He was simply a high and mighty hero.

Although Moxiu didn't get carried away, he couldn't help but relax a little.

Now that he had said this under the cameras of the entire Alliance, he wanted to give himself a warning. There was always someone better than him. He could not relax at any time.

At the same time, he wanted to tell the people of the central region that he wasn't invincible. He was just an outstanding student. Moxiu wanted to step down from the altar. Only then could he truly ascend to the altar.

The audience also dispersed in silence. This final was not as exciting as they had imagined, but it was meaningful.

Who had won this match? How did he win?

There were very few discussions online. Most of them were saying that Moxiu had won the team competition, but he had lost his own victory.

For a moment, the entire Internet didn't reach a climax because of the end of the inter-school competition. Instead, the discussions fell like a cliff. It was very strange that the discussions ended at the same time as the competition.

MO Xiu's popularity had also dropped. There were still sporadic discussions about MO Xiu and Fan Yiqin.

Some of the experienced Internet users could only sigh at MO Xiu's influence.

It was the first time that someone who could control their own popularity had suddenly risen. For a moment, no one could compare to her popularity, and then she suddenly fell silent. It was too strange.

The people from Yan University were still very happy. After all, they had won the championship. After the competition ended, the award ceremony was held directly.

All members went up to the stage to receive the trophy and a letter. It seemed that this letter was the reward.

After that, everyone went to have a meal to celebrate. However, as the person who had contributed the most, MO Xiu remained depressed.

The royal family? It seemed that he really needed to go to the imperial family to gain some experience.

After the meal, MO Xiu was about to look for Mu Qingyi when he suddenly received a text from Mu Qingyi.

It was a farewell message. It turned out that the last match in the north had been forfeited and they had returned to the north.

MO Xiu shook his head and sighed."

Looking back at the entire competition, the individual competition was very exciting. Moxiu used his super strength and fighting spirit to defeat the seemingly unbeatable Bobosai.

The team competition, which should be the highlight of the competition, was calm and uneventful.

Bobosai had left the match, while Sha Emperor Shi and MO Xiu hadn't participated in the first three matches.

The audience had made it to the last match with great difficulty. They had thought that the match between MO Xiu and Sha Emperor Shi would be an earth-shattering battle, but it ended up in such an ambiguous way.

The audience wasn't the only ones who felt bad. Faith College and Federal College were also feeling bad.

There was a gap between these two schools and Yan University, but it could not be said that there was no chance.

However, due to Bobosai and Sha Dishi's actions, they had lost the competition for the championship. The two schools were also very aggrieved.

Yan University, on the other hand, seemed to have a tough journey with strong enemies everywhere. However, due to Liu Ci's final surrender, Bobosai and Fan Yiqin's withdrawal from the Federal College, and Sha Emperor's attack from Belief College, they finally admitted defeat.

Yan University was guaranteed to be the champion. Many people knew that it wasn't something worth mentioning, so there wasn't much discussion on the Internet about Yan University winning the championship.

After dinner, Yang Qingzhuo bid farewell to MO Xiu. After the competition, there would be nothing to do in school. It was equivalent to a holiday, so she had to go home to take a look.

MO Xiu returned to the Cloud Top Villa alone. Zheng Yi welcomed him as soon as he opened the door.

“MO Xiu, it’s not a big deal. It’s normal that you can’t win. You’re only a freshman. ”

MO Xiu smiled. He was indeed quite concerned about this matter, but he didn’t think too much about it. After all, he would become stronger in the future.

On the other hand, Zheng Yi wasn’t very smart and his talent wasn’t high, but he understood MO Xiu the most.

The moment he entered, he didn’t congratulate MO Xiu for winning the championship. Instead, he comforted him directly.

MO Xiu patted Zheng Yi’s shoulder and said, “Don’t worry. You know me, so you should know that I’m fine!”

“You gave me a herb in the individual competition, so what’s the reward for the team competition?” Zheng Yi asked.”

Only then did MO Xiu remember the letter he had given during the award ceremony.

He opened it and looked at the contents. This reward was indeed very good. It seemed like the Alliance had a system for nurturing outstanding members.

Zheng Yi curiously came over. MO Xiu passed the letter to Zheng Yi, but after reading it, he could only curse.

The content of the letter was that the members of the team competition could study for an additional year after graduation.

Within this year, he would be able to obtain the best resources and teachers.

The simple explanation was that every time the inter-school competition was held, the three major divisions of the Alliance would provide some resources for the unified management, and these resources would be used by the champion.

Within this year, no matter what herbs he needed, no matter who he wanted to teach him, he could apply.

They had a lot of resources and received a lot of help. The treatment they received in this year was basically comparable to that of the imperial family.

However, graduation was still a long way away for MO Xiu, but for Qiao Yang and Liu Peixiong, it was something that was close at hand.

“This should be called the Royal Experience Scroll.” Zheng Yi sighed.”

“Don’t say it. Your metaphor is quite appropriate.”“

After chatting for a while, MO Xiu returned to his room. After tidying up, he called Xiao Hong and prepared to bring Little Fushun out to play.

She had been busy for the past few days and didn’t have time to bring Little Fushun out to play. MO Xiu and Zheng Yi were going home soon.

With Yang Qingzhuo gone, there was no one to take care of Little Fushun. The only person who could trust Little Fushun was Xiao Hong. He went there to see if he could let Xiao Hong take care of Little Fushun for a while.

When they arrived, Lil ‘Fu Shun was having fun while MO Xiu and Xiao Hong were talking to each other.

” Xiao Hong, Yang Qingzhuo has returned home. Zheng Yi and I have to go back to Shun City as well. There are some important matters that we have to attend to. There’s no one to take care of Little Fushun. What do you think...’

“Is it finally my turn to raise the child?” Xiao Hongyu said with concern.”

MO Xiu was stunned. These words were good words, but why did it sound so uncomfortable?

It was like a divorced couple taking turns to raise their children.

“Then...” MO Xiu said. You agree?”

“Of course I agree!”

“Where are you going to put Little Fushun? I want to see!”

Xiao Hong turned to look at MO Xiu and said, “You asked me for help, and you still chose..”

Chapter 248: Old Father’s Nagging (1)

Hearing Xiao Hong’s words, Mo Xiu nodded seriously.

Although he trusted Xiao Hong, he was still a little worried. No matter what, the Xiao family was a big family. There were too many people and too many mouths.

If he didn’t worry about Xiao Hong, it wouldn’t be good if the others found out about it. At that time, not only would MO Xiu be finished, but the entire Xiao family might be finished.

Seeing MO Xiu’s serious expression, Xiao Hong stood up and said, “Let’s go, follow me!”

Xiao Hong brought MO Xiu to the vicinity of the herb garden. There was a cellar behind a small house.

“Is this okay?”

Moxiu didn’t reply. Instead, he personally went down to take a look. From the outside, it looked like a cellar, but he didn’t know what the environment inside was like.

After entering, Moxiu was stunned. It looked like a small warehouse, but the environment was very good. There were even beds and some daily necessities.

It was big enough for Little Fushun.

MO Xiu turned around and said to Xiao Hong, “This place looks so clean. Is someone living here?” ”

Xiao Hongyi’s face was filled with displeasure as he said, “ You really have a lot of things to worry about. If Little Fushun is found out by others, my Xiao family will also suffer. I will be more careful than you. I will stay here occasionally. Don’t worry, there are very few people who can enter the herb garden.” ”

Moxiu nodded. “ Oh, I see. What if someone comes in from the outside like me?” It’s not like it’s sealed outside.”

“Why didn’t I realize you were so slow before?” Xiao Hong said impatiently. Everyone around knows that this is the Xiao family’s territory. How can a boorish man like you barge in?”

“I’ll say one more thing. What if someone doesn’t know?” Moxiu continued.”

Xiao Hong’s face turned black and she said, “ When you were away, I would be wherever Little Fushun is. Are you relieved now?” ”

MO Xiu finally nodded his head in satisfaction and said, “Yes, thank you!”

Xiao Hong thought that MO Xiu’s words were over, but it had only just begun.

MO Xiu called Lil Fu Shun over and said a lot of words to him. His main thought was that he had to listen to Xiao Hong.

At first, Little Fu Shun nodded seriously in response to MO Xiu. However, he slowly became sleepy and lay on the ground to listen.

He had originally come out to play, but Xiaofu was already feeling depressed. He talked until it was dark when Xiao Hong chased MO Xiu away.

When MO Xiu walked out, he turned around to look at Little Fu Shun. Sigh, what's going on? Why did he suddenly become as indecisive as Zheng Yi? It seemed like he really couldn't bear to part with Little Fushun.

The next morning, MO Xiu returned to Yan University.

He came back mainly to check on Hao Ren and the others. He had been busy with the competition and had no chance to visit them. He would leave in two days.

The strongest club was thriving, and Hao Ren and the others had their own offices.

MO Xiu knocked on the door and entered Hao Ren's office. Hao Ren was arranging documents with his head lowered.

Hao Ren heard someone come in and said, ""What is it? Speak!"

MO Xiu smiled. " Nothing much. I missed you, so I came to take a look. ""

Hao Ren recognized Moxiu's voice. He looked up and said excitedly, ""My hands-off boss, you finally know to come and see me?"

MO Xiu also felt apologetic for leaving such a big club to Hao Ren.

Hao Ren obviously didn't get enough rest, and there were big dark circles under his eyes.

"You've been through a lot," MO Xiu said. "Have you been busy recently?" Are you busy?

"Big Boss, are you checking your work as soon as you come back?" Hao Ren asked with a weird tone."

The two of them were both good friends and had a close relationship. Without Hao Ren's hard work, the Strongest Club would never have reached its current height.

MO Xiu didn't mind Hao Ren's joke and replied, ""I'm here to understand the situation and show that I'm useful as the president."

Hahaha!" Hao Ren laughed. "Come, let me tell you. I've been doing three things recently.""

Speaking of work, Hao Ren was a little excited. It was hard to manage the strongest team for Motheo, but it also proved his value.

"What three things?" Moxiu asked curiously."

Hao Ren held up a finger and said, "One, I've learned from the Shadow system. Completing missions will give you points in the guild. Those with high points can receive rewards or promotions."

Moxiu nodded. This was a good thing. The club was becoming more and more formal.

"Second, it's already April now, and a batch of fourth-year students will be graduating soon. I'm screening people I can trust and preparing to let them become the first batch of employees to enter the strongest corporation. I'll conduct a preliminary screening, and all the veterans will interview you. What do you think?"

I'm very relieved that you're doing this." Moxiu nodded and said, "I didn't expect you to have already started doing this. You must have been very busy recently, right?" Didn't you ask anyone to help you?"

“Yes, He Lingyue has been helping me. The two of us are busy until midnight every day.”

Moxiu joked, “Didn’t anything happen when you were busy until midnight?” MO Xiu was just joking, and he didn’t expect Hao Ren to blush.

If others were to see this vice president who held great power blush, they would definitely be amazed.

MO Xiu’s eyes widened. He hadn’t thought of his joke and unexpected discovery.

“I admire He Lingyue, but I don’t know what she means,” Hao Ren said.”

“Is there anything you can’t handle?” Moxiu laughed.”

It was understandable that Hao Ren trusted the elders the most among the strong clubs.

Among them, He Lingyue was the most capable and could help Hao Ren the most. After working together for a long time, it was inevitable that they would develop feelings for each other.

“Then I wish you a speedy victory over He Lingyue,” said MO Xiu.”

“I’ll take your blessing,” Hao Ren said shamelessly.”

The two of them suddenly laughed. Sometimes, the happiness between men was so simple.

After that, MO Xiu didn’t ask about He Lingyue anymore. Hao Ren was a person who knew what was going on, so he didn’t need to do anything himself.

Hao Ren explained the selection system in detail and asked Moxiu a few questions.

For example, were there any requirements for the members of the strongest group? What kind of talents were needed?

This was related to the initial development direction of the strongest group.

The two of them discussed for a while and finally decided to recruit all types of members to lay a good foundation for their future.

Combat personnel would be prioritized, and the company's initial project would be security.

This was the industry with the lowest construction costs, and it was also the most suitable business for the company to start.

"By the way, Hao Ren, didn't you say that you have three things to do?" MO Xiu asked after deciding on these things. What's the last thing?"

"This is the last thing." Hao Ren smiled mysteriously and said, "I set up a department without your permission!"

MO Xiu curiously asked, "Oh? What department? What do you do?"

"Intelligence department!"

Chapter 249: Know-it-all (1)

"Intelligence department? Why did you think of the intelligence department? Aren't you well-informed enough at Yan University?"

Hao Ren said, "Intelligence is my old profession. Before I met you, I had been asking around for all kinds of information. Now is the time for me to develop it. Also, this time, I didn't collect information about Yan University. I collected all the information in the Alliance."

Moxiu was a little surprised. Hao Ren's horizons were probably even wider than his own. If he really succeeded, what kind of workload would it be?

This was to lay the foundation for the strongest group. No matter what, intelligence was the most powerful tool.

"How's the preparation going?" MO Xiu asked after a while."

"It's still in the planning stage. There are too many things to prepare, and I need to learn as well."

"Who's in charge of this after the preparations are done?" asked Moxiu. If he really wanted to do it well, it would probably be even more difficult than managing the entire strongest club, right?"

Hao Ren pointed at himself and said," This is my old job. I have to be responsible for it. I will hand over the management of the strongest club to He

Lingyue.""

"Then...Have you thought of a name?"

"A jack of all trades!"

"Is it that tacky?"

"Continue the tradition of naming our strongest club."

Moxiu didn't ask for more details. He didn't know much about this, and Hao Ren was the expert.

Moxiu saw the look in Hao Ren's eyes when he mentioned the intelligence department. His eyes were so firm that it made people feel scared.

Hao Ren was really amazing, and Moxiu admired him from the bottom of his heart. Although Hao Ren's direction of effort was completely different from his, Hao Rents efforts were definitely not less than his.

Moxiu cherished such people very much, and he had to find ways to rope in talents like Hao Ren and Mumu.

After walking out of Hao Ren's office, MO Xiu looked at the row of offices and chose He Lingyue's office.

After entering the door, He Lingyue was also sitting in a chair, busy reading documents.

"MO Xiu? The busy man is here!"

MO Xiu sat opposite He Lingyue and said, "'1 heard that you're busy with the strongest club every day. Aren't you afraid of wasting your talent?"

He Lingyue spread her hands and said," Compared to you, I don't have any talent at all. I'm just kidding. The work of the Strongest Club isn't that busy. I'm already on the right track. I usually come here every morning to deal with some things. Recently, I've been a little busy because I'm about to resign and

welcome the new."

It was the graduation of the senior year, and the freshmen were about to enter the school.

" That's good," Moxiu said." If you're too busy, get a few more people to help.

Don't do it yourself.'"

He Lingyue raised her hand and said, "Thank you for your concern, Leader. We have a lot of people helping us. Many people with relevant skills are much more efficient than us. Now we are working on a plan. Once it is formulated, it will be distributed."

MO Xiu nodded. It seemed like he didn't need to worry about the matters here.

MO Xiu stood up and left. When he reached the door, he suddenly turned around and said, "Oh right, there's one more thing I want to confess to you." "Confess?" He Lingyue asked in confusion. Confess what?"

"When I went to see Hao Ren just now, I said something bad about you. Hao Ren immediately got mad at me and chased me out. I was so confused that I thought I should tell you the truth."

He Lingyue was shocked. Before she could react, MO Xiu walked out.

"What are you talking about...Bad words?"

After MO Xiu walked out of the room, he whispered, "Hao Ren, this is all I can do for you. You can go ahead and pick up girls, and I'll take the blame." MO Xiu walked into the next office. It was Dong Fang's office.

After entering, Dong Fang was looking at his phone, looking very free.

"Yo, MO Xiu is here. Come in quickly. I've been studying your playstyle recently. I'll act it out for you."

"Be serious," MO Xiu said with a straight face. "I'm here for your meeting today."

When Dong Fangyi heard this, he immediately stood up straight and said, "I'll do whatever you tell me to do."

MO Xiu patted the big guy and said, "I'm just joking with you. I haven't seen you for a long time."

Dong Fang began to pull MO Xiu along to study ways to pick up girls. MO Xiu really couldn't stand him, so he could only escape.

Dong Fang was loyal and reliable at critical moments. However, he was a little dumb, so Hao Ren assigned him to guard Yan University and maintain order.

This was also more suitable for him. He could still distinguish right from wrong.

After that, MO Xiu walked into Liu Ziyang's office. When he entered, he saw that there was no one inside.

Moxiu found it strange. Hao Ren had said that everyone would be in the office during the morning, and if Hao Ren had any plans before nine o'clock, he would look for the corresponding person. If there were no plans, everyone would be free to move around.

It wasn't even nine o'clock yet. Could it be that Liu Ziyang had run away first?

Liu Ziyang was more reliable than Dong Fang. He was very serious in everything he did and listened to MO Xiu. When he first came to Yan University, he helped him a lot.

He was also one of the few people that Moxiu trusted the most. If it wasn't for his father, Liu Jingshan, Moxiu might have let Liu Ziyang live in his villa long ago.

MO Xiu decided to meet Du Ya first before settling the score with Liu Ziyang.

Du Ya had the least contact with Moxiu. This girl with a fiery temper was straightforward and was also a reliable partner.

MO Xiu wanted to knock on the door, but when he realized that the door wasn't closed, he pushed it open and went in.

"Use more strength! You haven't eaten yet?"

The scene he saw after entering made MO Xiu immediately retreat.

There was another person inside. The two of them were really...Hmm...

DU ya was lying on the sofa, and that person was kneeling on DU ya's back.

Wait a minute! That's Liu Ziyang!

Moxiu pushed the door open again. The two of them were already at their best.

Liu Ziyang said, "Boss, don't misunderstand. I was kneeling on Du Ya's back just now. It's a kind of massage technique."

MO Xiu walked closer and grabbed Liu Ziyang's face to look at it several times.

"F * ck, Liu Ziyang, did you get plastic surgery?"

Even MO Xiu couldn't remain calm. The fatty Liu Ziyang from the past had disappeared. Now, Liu Ziyang had a perfect figure.

What was even more surprising was that Liu Ziyang, who had slimmed down, was very handsome. He was almost more handsome than himself.

Liu Ziyang scratched his head and said, "Hehe, Boss, I didn't have plastic surgery. I just lost weight. I can still slim down, right?"

Moxiu nodded. "Impressive, impressive. I didn't expect you to have so much potential. Why did you want to lose weight?"

Liu Ziyang looked at Du Ya and said excitedly, "I confessed to Du Ya two months ago. She said that if I could lose weight to 140 pounds, she would agree."

"Du Ya, I didn't expect you to like nurturing?" MO Xiu looked at Du Ya."

Du Ya sighed and said, "Sigh, I wanted him to give up. I didn't expect him to really slim down. There's no other way. I can only bear with what I said..""

Chapter 250: Sworn Wine (1)

MO Xiu smiled and didn't say anything else.

Looking at Du Ya's appearance, she was clearly secretly happy in her heart.

Liu Ziyang's family background, talent, and personality were all very good.

Now that he was handsome, it was impossible for Du Ya to be dissatisfied.

"Boss, do you have any instructions for us?" Liu Ziyang asked."

"Nothing much. I just came to take a look. I haven't been to the Strongest Club in a long time. What are you two in charge of now?"

Du Ya said, "We're in charge of field operations. We're in charge of executing missions. Usually, the two of us will lead the team for big operations."

"Is there anyone who isn't convinced?" asked MO Xiu."

This problem definitely existed. Du Ya and Liu Ziyang were only in the first grade. No matter how strong they were, they could not reach MO Xiu's level.

They could not compare to some third and fourth grade students.

Du Ya's eyes widened. I'll exchange a few moves with him."

Liu Ziyang looked at Du Ya and said, "Boss, there will definitely be people who are not convinced, but they definitely won't dare to cause trouble. ""

"Why?"

"Because of you. In the inter-school competition that just ended, you were the individual champion and the strongest student. Also, during the firearms battle, you mobilized almost all the forces in Yan City to cooperate with you.

With a mountain like you, who would dare to cause trouble?"

MO Xiu immediately regretted it after asking. Liu Ziyang's bragging was like MO Xiu bragging himself.

It was almost nine o'clock. Du Ya and Liu Ziyang were ready to go out for a mission. It was time for MO Xiu to leave.

After that, Moxiu walked around the club once more. Seeing that everything was proceeding in an orderly manner, he left with a peace of mind.

When they returned home, Zheng Yi was packing his luggage. The two of them had already decided yesterday that they would set off for Shun City today.

"Moxiu, you came back quite quickly. I thought you would have lunch outside before coming back."

MO Xiu replied, "No, they're all very busy. I didn't disturb them. But you're back quite early?" Have you arranged everything for the branch?"

Zheng Yi said, "Don't worry. Qingyun University's branch has just been established. It hasn't laid a solid foundation yet. We can't send talents to the strongest group. We can only prepare for recruitment now. We've already drawn up a plan. We'll proceed according to the plan during this period of time. We'll recruit new members when I come back."

MO Xiu nodded. In less than a year, not only him, but everyone around him had grown and improved.

After packing their luggage, the two of them were not in a hurry. They had lunch before setting off. This way, they could rush back to Shun City at night.

Evening, Yunding Villa, Liu Jia.

Liu Jingshan paced back and forth in the living room alone, his mind preoccupied.

Just now, Liu Jingshan received news that MO Xiu had returned to Shun City.

During this period of time, Moxiu and the Liu Clan had almost no contact. As the holidays were approaching, Moxiu would definitely return home for a period of time.

Leaving without saying goodbye like this was very clear. This was no longer a matter of whether MO Xiu valued the Liu Clan or not. It was obvious that he had given up on the Liu Clan.

During the period after the war with firearms, the Liu Clan had used Moxiu's reputation to obtain many benefits.

Even though MO Xiu had yet to draw a clear line between himself and the Liu Family, he would be discovered one day.

If others found out, the consequences would be unimaginable.

Liu Jingshan wanted to call MO Xiu, but after thinking about it, if he didn't say anything after asking, wouldn't he be asking for humiliation? MO Xiu had already hinted so clearly.

She had just called Liu Ziyang and asked him to hurry home.

Liu Ziyang opened the door and came in."

"Let me ask you, did MO Xiu tell you that he was returning to Shun City?" Liu Ziyang nodded." Yes, he did. He went to school to look for us today.""

"Did he mention our Liu family recently?"

"That's not true. He just chatted with me for a while and left."

"There's still a chance!"

"What chance?" Liu Ziyang asked, puzzled."

"It's nothing. Come, sit down. Let's talk in detail..."

Shun City.

When MO Xiu and Zheng Yi returned home, they had already called in advance.

The Zheng family also came to Li Yuan's place to gather together.

When the two of them entered, they thought that they would be welcomed. They did not expect everyone to be busy.

“Mom! I’m back!”

Li Yuan, Mrs. Ye, and Mrs. Zheng were busy in the kitchen.

“Let’s rest first. Dinner will be ready in a while.”

MO Xiu sat on the sofa. Zheng Yi was anxious to show off his culinary skills, so he ran to the kitchen to help.

In this way, only the strange combination of Father Zheng, Ye Qian Jer, and MO Xiu was left in the living room.

Brother,” Ye Qian ‘er said,” I watched the inter-school competition. You’re so

awesome.””

MO Xiu was still not used to Ye Qian ‘er calling him’ brother’. “It’s nothing. Didn’t you lose against Sha Emperor Shi in the end?”

Ye Qian ‘er smiled and said,”That doesn’t affect your ability.

Ever since Qingfeng Ye passed away, Ye Qian ‘er had changed. She had become much more cheerful.

Moxiu knew that this was a self-forced change. He had turned his grief into strength to make himself better.

Father Zheng had not said a word. The reason was that MO Xiu had changed too much. Be it in terms of strength or status, MO Xiu was far superior to him.

The last time they met, Father Zheng was MO Xiu’s elder. This time, it was different. MO Xiu was even one level above his superior, Yue Long. This made Father Zheng feel very awkward.

The middle-aged man was so willing to think about this that he didn't know how to communicate with Moxiu.

After a while, Li Yuan's meal was ready, and everyone went to the table to eat.

With Li Yuan and a few other women mediating, MO Xiu's identity was pulled back to that of a son and a junior.

The atmosphere at the dining table gradually returned to normal. After a meal, Father Zheng put down all his thoughts and once again revealed his comical nature.

He went to drink with MO Xiu and Zheng Yi.

"Moxiu, I told you that your current achievements are something I don't even dare to imagine. I don't ask for anything. Just take care of my son."

Father Zheng was obviously drunk. MO Xiu agreed,""Understood. Don't worry, Uncle Zheng. Zheng Yi and I have a good relationship."

Father Zheng swayed and put his arm around MO Xiu's shoulder.""Eh? No, you have a good relationship with him. What does it have to do with me?"

"Dad!" Zheng Yi advised. You drank too much.

Father Zheng pointed at Zheng Yi and said,"Shut up!" I didn't drink too much!"

He turned around and said to MO Xiu,"Come! Let's have another drink. After this, we'll be brothers. You have to help my son."

MO Xiu had an awkward look on his face. How did they become brothers? Then what would Zheng Yi call him in the future?

When Zheng Yi heard that he was about to be demoted, he immediately went forward to pull Father Zheng back.

Father Zheng angrily broke free from Zheng Yi and said, ""You damn brat!" Don't delay... I'm drinking with Brother MO! If you dare to stop me again, I won't acknowledge you as my son."

Zheng Yi was so angry that he stomped his feet, but there was nothing he could do.

Moxiu could only pick up his wine cup and drink it passively...Sworn wine!
