

Four Skills 361

Chapter 361: I Believe In Your Choice (1)

MO Xiu didn't reply to Elder Tang's statement about the flag of humanity.

MO Xiu didn't know what to say. Now, it seemed that Elder Tang had planned everything from the beginning and had thought of the current situation.

Even with the help of the Elder of Heavenly Secrets, how could Elder Tang be so sure that he could do it?

Shouldn't he be cautious about such an important matter? Why did he choose her?

MO Xiu asked a question that was not related, but it was definitely related.

"Who is my father?"

This time, Mr. Tang's attitude changed. He seemed to be a little hesitant.

"I told you the answer before."

"I don't believe it. How can he not have a father?"

"When you awaken for the last time, your father will appear." This answer didn't satisfy Moxiu, but at least he had some clues.

"How did you get in?" Moxiu asked."

“There’s no place in this world that I can’t enter,” Elder Tang said proudly. “Yes, you can enter and exit Miss Li’s boudoir as you please. Of course, there’s no place you can’t enter.”

“Alright, you’re scheming against me now. I don’t know what you’re talking about.”

Don’t quibble,” MO Xiu said.” After my mother escaped from the imperial family, you’ve been secretly helping her, right?” Otherwise, it was impossible for the Li family to not be able to find their mother.”

“Hey, kid, you’re right.”

Moxiu continued,” In my opinion, this was premeditated. My mother didn’t know you before, but why did she run into you so coincidentally after escaping? Why didn’t you bring my mother back to the royal family? Why did you help her hide?”

Elder Tang was rendered speechless by MO Xiu’s question. “You were the one who stole my mother from the Li family, right?” “Hmm... That’s true, but...”

“I know you can’t be my father, but you definitely know my father.”

“I admit it!”

Mr. Tang sat down and said indifferently, as if a dead pig was not afraid of boiling water.

MO Xiu knew that this topic would end here.

“Don’t put too much effort into this. All the answers will be revealed soon.” Looking at Elder Tang’s melancholic expression, MO Xiu fell silent again.

“Master, do you know Yoruhana?” MO Xiu suddenly asked after a long while.” Mr. Tang widened his eyes in disbelief.

“Why are you so surprised?” asked MO Xiu. You know him? Can you tell me about it?”

Master Tang stroked his beard and said slowly, “I haven’t mentioned this name for a long time. I was a little surprised when you said it just now. You shouldn’t have come into contact with this name.”

MO Xiu did not hide anything and told Elder Tang everything that had happened in the illusion.

This might be important information that could be useful to Mr. Tang and An Ying.

Elder Tang was even more surprised. It seemed like he didn’t know the secret behind Little Fushun’s back.

“Hahaha, I really didn’t expect that you would see it in the illusion...Yoruhana also heard Supreme’s message.”

MO Xiu nodded in response.

Elder Tang continued,” Wu Shang was the leader during the war. He had amazing abilities and saved the humans countless times. In the end, he went to the Sea Race and disappeared during the negotiations with the Sea Race. He never appeared again. Wan Hua was Wu Shang’s disciple. After Wu Shang disappeared, he led the humans to rebuild.”

“What is the content of the negotiations between Supreme and the Sea Race?” asked MO Xiu.”

“As for the ‘Beginning’, there is no way to verify the outcome of the negotiations.”

What did it mean that Wu Shang didn’t come back after negotiating with the Sea Race(

“What kind of person is Yoruhana? Have you seen it before?”

"I'm fortunate to have met him. He's a fair and selfless man who's dedicated to humanity. He's also a little handsome." Elder Tang said proudly."

MO Xiu thought about it for a moment. Yoruhana was indeed quite handsome.

Master and disciple had not seen each other for a long time. Other than official matters, they also talked about some private matters.

MO Xiu still avoided talking about Tang Lao's whereabouts during this period of time. This was something that Tang Lao had always wanted to hide, so MO Xiu did not force himself to ask.

This time, Mr. Tang stayed for a long time. He chatted until dawn before saying that he wanted to leave.

After a night of long talks, the sadness in MO Xiu's heart from Little Fushun's departure had faded quite a bit.

"You're leaving just like that?" asked MO Xiu. When will we meet again?"

Elder Tang replied with an unnatural expression, "Next time, let's see if we're lucky."

"Master, Wanhua ordered me to kill Little Fushun in the illusion. Now that Little Fushun has left, do you have anything to say?"

When Elder Tang arrived last night, MO Xiu thought that he was here to ask for punishment. He didn't kill Little Fu Shun and even let the tiger return to the mountain.

However, after a whole night of conversation, Elder Tang did not mention a single word about this matter, which surprised MO Xiu.

Mr. Tang's answer was simple and warm.

“I believe in your choice!”

MO Xiu’s mood was instantly released. He smiled and sent Elder Tang off.

Master Tang’s figure gradually disappeared. At the moment when he was about to disappear, he said, “I’ve let Li Yuan down. If I don’t have the chance to apologize to her face to face, apologize on my behalf!”

“Then...”

MO Xiu wanted to ask, but Elder Tang had already disappeared.

Shaking his head, he sat on the bed and started to daydream, completely emptying himself.

It had been a long time since he had let himself go. The way he used to relax now felt rare.

There were too many things to handle. For a long time, Moxiu’s mind was filled with thoughts.

After a while, she walked out of the room and went downstairs to see the breakfast on the dining table and Yang Qingzhuo who was smiling at her.

MO Xiu also smiled. Life was the same as before, except that Little Fushun had left.

After dinner, MO Xiu hurried out again. He had promised Xiao Hong yesterday that he would sign the contract, so he had to go today.

When he arrived at the Xiao family, he saw Xiao Hong’s haggard appearance. She must have not slept all night.

MO Xiu walked behind Xiao Hong and said, “Don’t be too tired. Relax.

"I didn't expect you to come."

Xiao Hong was relieved to see that MO Xiu wasn't affected by Little Fushun's departure.

The two of them quickly signed the contract. MO Xiu said,""It's the 30th and I'm going back tomorrow. How are things on your side? Do you want to stay for a few more days?"

Xiao Hong shook her head and said," No need. I didn't trust many people in the Xiao family a few days ago. That's why I was so tired. Fortunately, I found someone who can replace me.""

MO Xiu was a little surprised. According to MO Xiu's understanding, if the Xiao family could find another reliable core member, Xiao Hong would not have been so tired all these years.

"Oh? Who was it? I'm a little curious.'

"It's Xiao Lan, your classmate from the support department."

Xiao Lan? This time, MO Xiu was even more puzzled.

Xiao Lan's skill talent might be higher than Xiao Hong's, but she was a little girl and had a personality that was aloof from worldly affairs. She was destined to be of little use.

Xiao Hong understood MO Xiu's doubts and began to talk about what had happened recently.

Xiao Lan's change happened at the same time as Xiao Hong's. The turning point was that the Xiao family was removed from the royal family.

Xiao Hong paid more attention to her younger brother and sister, and it was also time for Xiao Lan to change..

Chapter 362: Gambling (1)

Xiao Lan's personality was caused by her family.

Father Xiao had no ambition and did not care about his children.

They had never seen Xiao Hong and Xiao Lan's mother since they were born.

As a result, the children lived in their own world.

Xiao Hong had always wanted to revive the family. Xiao Qing had been very naughty when she was young and did not want to play with her sisters. She was also the only child that Father Xiao loved.

For Xiao Lan, it was very painful. Her sister had no time to play with her, and her brother was unwilling to interact with her and looked down on her.

The sense of inferiority that she had felt for a long time had led to Xiao Lan's character. She did not dare to fight for anything.

Xiao Hong's recent transformation had a positive impact on Xiao Lan, allowing her to gradually walk out of the shadows.

After Xiao Hong realized Xiao Lan's change, she felt even more guilty. She finally realized that Xiao Lan's weak personality had something to do with her.

Xiao Lan was gradually improving, but Xiao Hong had never forced Xiao Lan to do anything for the clan.

A few days ago, Xiao Lan came to Xiao Hong and took the initiative to ask her to manage the family affairs.

Xiao Hong's voice was full of emotion. Her words were filled with pride and gratification.

MO Xiu was also happy for Xiao Hong. The Xiao Family was finally on the right track, and Xiao Hong was finally herself.

After leaving the Xiao family, Moxiu went to the strongest corporation.

He also wanted to briefly understand the progress. The second and third batches of medicinal liquid had been completed, and he was currently rushing to produce the fourth batch.

There were more than ten thousand bottles of spirit grade medicinal liquids, three hundred thousand bottles of human grade medicinal liquids, and more than a million bottles of ordinary medicinal liquids.

It was already very shocking that the first sale could have such a large quantity.

However, this was still not enough. It could not be used by everyone. They still needed to increase production.

On Mu Mu's side, the official sales points in each city had already been set, and they were fully in the promotion period.

Cao Fenglin's investigation had encountered some difficulties and he was trying to think of a solution.

The background check was very easy. The financial situation of each family was clear at a glance.

It was just that potential was not easy to investigate. What was the basis for determining the level of potential?

In the end, Cao Fenglin made a decision. He decided to use the results of the college entrance examination to determine the results.

The age of the user is limited. After the college entrance examination is completed, the discount will be based on the college entrance examination results.

With a fixed model, there would be fewer complaints and it would be much more convenient to work.

However, MO Xiu wanted to make it more human-like, so Cao Fenglin immediately modified it.

Those who had participated in the college entrance examination for more than two years would be re-evaluated by a professional team. If they did not perform well in the college entrance examination and showed their talent later on, they would receive additional discounts.

Everything went according to plan. There were too many companies working with him, so no one dared to make trouble.

Nearly 90% of the companies in Yan City had joined the medicinal liquid project of the strongest group, which was known as the Medicine Alliance. The Medicine Alliance's size was unprecedented, and it had become the largest economy in the entire alliance.

The strongest group had money now, money that could not be spent.

The partners did not want to gain much profit from the sale of the medicinal liquid. The main thing was that joining the Medicine Alliance was a free advertisement.

When most people joined, those who didn't join would be particularly eye-catching. They would be attacked by society and the Internet, which would affect their own businesses and projects.

After Moxiu's press conference, everyone thought that the strongest corporation's medicinal liquid project was a charity project.

It was a charity project that faced everyone in the Alliance.

In this way, companies that did not join the Medicine Alliance would be labeled as unscrupulous businessmen.

This was the pressure from public opinion. After Moxiu set such a price and policy, he set an example for all mankind. It was public opinion and carelessness.

After the general direction was set, no one could stay out of it.

Even Moxiu, the initiator of this, did not expect that the sale of the medicinal liquid would cause such a huge reaction.

Things weren't as simple as they seemed. There was a pair of big hands pushing the strongest group behind the scenes.

It was very likely that these hands were the old man who had a long conversation with him last night.

MO Xiu returned to the Cloud Top Villa with complicated emotions. When he entered, he realized that Yue Yuan had returned.

I'm only going back tomorrow," MO Xiu asked. "Why did you come back today?"

Yue Yuan smiled and said, "My father can handle Shun City. He doesn't need my help. Compared to the others, I have the longest journey. I'll come back first."

MO Xiu sat beside Yue Yuan and said, "I originally planned to go back to Shun

City, but there's no time. How's Uncle Yue recently?"

"Don't worry, he's fine. He's just a little tired recently."

MO Xiu's interest was piqued. Shun City's busiest time had already passed, so how could he be tired now?

"What has Uncle Yue been busy with recently?"

Yue Yuan replied, "In these two months, my father has increased the defense of Shun City by several times. According to him, Shun City is now impregnable. It is five times stronger than Yan City.""

MO Xiu laughed. "Uncle Yue sure knows how to brag. Yan City is too big. Its defense might not even be as strong as some small cities. Why doesn't he compare it to other cities?"

Originally, MO Xiu also had this misconception. He thought that Yan City, which was under Tian Zi's feet, was the place with the best defense in the Alliance.

In fact, Yan City didn't have an emperor. It only had the City Lord's Mansion like other cities.

Yan City's army and law enforcers were indeed much stronger than those in other cities, but Yan City was too chaotic.

There were all kinds of forces in the city. If they attacked from the outside, Yan City would be able to display a shocking fighting strength.

However, once the enemy planted a spy in advance, it was easy to fall without attacking. This was what Zhou Qiuwu did last time.

Yue Yuan said, "My dad really wasn't bragging this time. I've seen it. Shun City's defense is very strong. Moreover, Shun City's security level is not something that other cities can compare to."

Moxiu nodded thoughtfully.

Yes, after the previous battle in Shun City, all the people of Shun City left the city. After returning to Shun City, the entire city was even more vigilant.

This kind of mobilization ability was something that the people of other cities did not have. This was something that Qiu Qiming had left for the city, to make the people in the city unite and listen to his command.

Yue Long was preparing for the invasion of the wild beasts. During their conversation last time, Yue Long had sensed danger and did not want Shun City to fall into a desperate situation again.

Only such people were heroes. Yue Long had told MO Xiu about the difference between a hero and a leader.

Elder Tang had asked Moxiu to be the leader. In Moxiu's opinion, the leader was more of a symbol and a guarantee of the correct direction.

When the war came, the ones who truly contributed were heroes like Yue Long and Zeng Liugen.

At night, MO Xiu had a good sleep.

Even though Little Fushun had left, and the responsibilities on him were getting heavier and heavier.

But at least he had a clear direction and knew a lot of things.

His appearance in this position was both accidental and inevitable.

It was Master Tang and the old man of Tianji, or even more old fellows.

Moxiu closed his eyes and looked at his skill.

"It's a little ridiculous.. What right do you have to place such a huge bet on me?"

Chapter 363: Special Fetish (1)

July 1st.

MO Xiu's small team assembled and prepared to return to the royal family.

This period of time when they returned to the outside world was a holiday for everyone. After returning to the royal family, they would have to start cultivating endlessly again.

When everyone arrived at the tavern, Big Pine Brush and Big Wang Ba had been waiting for a long time.

"Seniors, we're going back, eh?" MO Xiu said enthusiastically. Why do you guys look so weird?"

The corner of Da Wangba's eyes twitched. He said with the Big Pine Brush,""Mo Xiu, you sure are ambitious. Don't you know what your ranking is? You've been gone for so many days!"

"101st place, what's wrong?" Moxiu said nonchalantly."

"What's wrong?" Big Pine Brush asked excitedly. Do you know that the younger generation of the imperial family will go crazy if you manage to suppress everyone in the top 100? Since they didn't succeed in challenging you, they guessed that you weren't in the royal family. During this period of time, we've been putting pressure on you."

MO Xiu continued to speak carelessly,"Haha, so what? Aren't we business partners?"

Big Pine Brush felt a little helpless. Moxiu didn't take it seriously at all and even put his arm around his shoulder.

Because of Moxiu alone, the rankings could not function normally, and the entire imperial family was in chaos.

The Da brothers didn't say anything else. The most important thing now was to quickly get MO Xiu to return.

Moxiu didn't waste any more time. He had come here to return to the Imperial Family.

After exchanging greetings with the Da brothers, MO Xiu and the others passed through the bronze mirror and returned to the Imperial Family.

In the tavern, Big Pine Brush and Big Wang Ba looked at each other and sighed deeply together.

"Do you think it's right for us to facilitate the cooperation between the family and Moxiu?" asked the Big Pine Brush. I feel like nothing good has happened since I met with MO Xiu."

Da Wangba nodded firmly and said,"" Although we were the ones who suggested the collaboration, the decision was made by the branch led by Big Cat. Trust the family's decision. Besides, Moxiu is the Crown Prince of the Dark Shadow. Elder Tang's previous identity..."

After passing through the bronze mirror, everyone appeared on the rooftop together.

It was not their first time here, and they were familiar with the terrain. Everyone walked towards the elevator.

"Wait a minute! I have something to say!"

Everyone turned their heads. Moxiu stood where he was without moving.

"Boss, let's talk about it when we get back. Do you want to talk here?" Liu Ziyang said."

Moxiu nodded solemnly.

The last time MO Xiu was this serious was the night he saved Xiao Hong.

The few of them knew that the matter MO Xiu was talking about was very important, so they all looked at MO Xiu seriously.

Moxiu cleared his throat, tidied his clothes, and swept his gaze across everyone's faces.

"I confess, after awakening my new skill, I am invincible!"

Other than MO Xiu, the remaining five people all had question marks on their faces. What was going on?

He was not allowed to return to the Outsider Building. He was so serious on the rooftop...Bragging?

Xiao Xinru couldn't stand it anymore and said,""Moxiu, if you really become invincible, can you go back and help me test my skills?"

"Tsk! "

The five of them displayed an unprecedented tacit understanding as they snorted at MO Xiu.

No, when it came to ridiculing MO Xiu, everyone had a tacit understanding.

MO Xiu smiled and shook his head."The five of you can go on the stage together! You'll know if I'm bragging!"

"Are you that confident?" Xiao Hong asked. Then we won't stand on ceremony!"

MO Xiu had originally thought that the five people would be polite, but he didn't expect that he would directly use all his skills to rush up.

Half an hour later, Moxiu and the five of them went downstairs.

Moxiu walked in front of the group, safe and sound. The five people behind him all had wounds on their bodies.

Liu Ziyang covered his swollen face and whispered to Xiao Hong, ""When did MO Xiu become so strong?"

Xiao Hong was using her shirt to cover her butt, but she could still see a big footprint on it.

Don't stop, no! He didn't hold back at all. Xiao Hong's butt was still hurting.

Among the five, Liu Ziyang and Xiao Xinru's faces were swollen, Yue Yuan was covered in injuries, and Xiao Hong and Yang Qingzhuo were kicked in the butt.

Xiao Hong was in a bad mood and shouted at Liu Ziyang, ""Why are you asking me? How would I know?"

Yang Qingzhuo moved closer to Xiao Hong and tugged at her sleeve.

The two girls started discussing in low voices.

"What's wrong?" Xiao Hong asked. Your butt hurts too?"

Yang Qingzhuo's face was filled with excitement as he said, " No, you said there were five of us. Why did MO Xiu only kick the butts of the two of us girls?"

Xiao Hong was stunned for a moment, as if she couldn't keep up with Yang Qingzhuo's pace.

Yang Qingzhuo's smile gradually became twisted as he said, "Do you think

Moxiu has some kind of fetish?"

Xiao Hong's face instantly turned red. This Yang Qingzhuo wasn't big, but he was quite daring.

The others were curious when they saw the two women's interesting expressions. How could they talk like this after being beaten up?

The battle just now went on very quickly.

After Moxiu awakened his three skills and leveled up, his combat style became more comprehensive and he could take care of many things.

In addition to knowing everyone's skills, the entire battle was under Moxiu's control.

At the start, the Moxiu Holy Sword split into five. Two of them attacked Xiao Xinru while the other three distracted Liu Ziyang, Yang Qingzhuo, and Yue

Yuan.

MO Xiu's current speed was extremely fast, and Xiao Xinru's lightning cage was unable to lock onto him.

Xiao Xinru was the first to be eliminated by MO Xiu.

At the same time, MO Xiu released the Destruction Bubble's cage state to trap Xiao Hong.

The flames in the cage were unable to burn, and Xiao Hong lost her combat ability.

Just as MO Xiu finished off Xiao Xinru, Liu Ziyang appeared with a sickle in his hand.

The reason why he didn't teleport over to support Xiao Xinru was because Moxiu had used God's Authority to silence Liu Ziyang's afterimage for three seconds.

After using God's Authority, the lock-on effect was triggered, and Moxiu could see every move of the five of them.

Liu Ziyang wasn't a threat to them. Moxiu only needed to focus on avoiding Liu Ziyang's attacks.

The next target was Yue Yuan. Yue Yuan's Yin Yang Formation was activated. MO Xiu did not give Yue Yuan the chance to use his tactics and directly controlled the four holy swords to eliminate Yue Yuan.

Now, only Yang Qingzhuo, Liu Ziyang, and Xiao Hong were left.

Next was MO Xiu's usual move, feint attacking Yang Qingzhuo.

Liu Ziyang knew that Yang Qingzhuo was no match for MO Xiu, so he came over to support him.

MO Xiu's attack on Yang Qingzhuo was fake, but his real intention was to lure Liu Ziyang.

Using his feint and lock-on effect, coupled with the Holy Flame, he eliminated Liu Ziyang.

Moxiu had used this tactic many times, and it was always so effective.

After Liu Ziyang lost, he covered his face and said indignantly, "Playing with tactics again. What a dirty heart!"

In less than ten seconds, MO Xiu had killed three of them, leaving only Xiao Hong and Yang Qingzhuo.

Bubble cage time up!

Xiao Hong came out of the bubble and took two deep breaths, ready to join the battle.

At this moment, Moxiu waved his hand, and another bubble appeared.

Xiao Hong's expression was extremely ugly. She had just come out!

"Again?"

Chapter 364: Are You Ready to Watch My Performance (1)

Xiao Hong was once again controlled, and MO Xiu used ten seconds to finish off Yang Qingzhuo.

In the end, Yang Qingzhuo was kicked in the butt by MO Xiu. He pouted and stood aside.

Now, Xiao Hong was the only one left. When the bubble cage's time was up,

Xiao Hong wanted to admit defeat as soon as possible. However, based on MO Xiu's performance, Xiao Hong knew that she had no chance at all.

But... In Moxiu's case, no one had ever admitted defeat when they were no match for him, not even his own people.

The moment the bubble disappeared, MO Xiu kicked Xiao Hong's butt.

If Yang Qingzhuo's kick was a necessary attack, then the kick on Xiao Hong's butt was completely unnecessary.

This was also why Yang Qingzhuo suspected that MO Xiu had a fetish, and also why Xiao Hong blushed.

The battle ended very quickly. The few of them took half an hour to get down from the rooftop because Moxiu had announced something.

From today onwards, MO Yuqi would leave the team and act alone.

This battle was to show everyone that his strength had far surpassed the others in the team.

Moxiu talked to everyone for a long time, telling them not to be discouraged. However, as he spoke, he realized that the five of them did not lose confidence because of the gap between them. Instead, they were happy because their strength had increased greatly.

Moxiu, who was halfway through his sentence, looked at everyone. The smiles on everyone's faces were genuine, and they were genuinely happy for him. Moxiu understood. At this moment, he wished he could give himself a slap.

These people were his peers, teammates, and family.

The few of them had long regarded each other as their support. Who would lose confidence because their support was strong?

After that, Moxiu officially took over the team. Xiao Hong would lead the team, and everything would be arranged by Xiao Hong.

Moxiu also wanted to move out with his companions, but they would be very busy for the next period of time. They would not have time to be with the team, and they would need to lay low for a while.

As they walked, Yue Yuan realized that something was wrong and said, "Moxiu, this isn't the direction to the building."

MO Xiu smiled and turned around. He scratched his head and said, "Today is the beginning of the month. If I don't cause some trouble at the beginning of the month, would I still be called MO Sha Xing?"

"MO Xiu, are you going to the rankings?" Yang Qingzhuo asked excitedly. We have something to watch?"

“Go back and watch my performance in the building.” Moxiu shook his finger and said.’

Liu Ziyang was unhappy. He jumped out and said,”Boss, you’re getting more and more outrageous. We’ve been supporting roles at the beginning of the month these few times. Now, we don’t even have the right to watch live? Tell me the truth, do you not want to show off with us?”

MO Xiu turned around and left without looking back. He only left a single sentence.

“I’ll be the only one acting tough this time!”

Liu Ziyang wanted to follow MO Xiu but was stopped by Xiao Hong.

“Senior Sister Xiao, why are you stopping me? I’m just going to watch the show.”

“Moxiu has his reasons for not lettinz us go. Let’s go back. ””

The onlookers, led by Liu Ziyang and Yang Qingzhuo, stood still.

“I’m the captain, remember?” Xiao Hong said with her hands on her hips.”

Yang Qingzhuo nodded his head, feeling wronged. Liu Ziyang mumbled to himself as he walked back.

“What a great official prestige!”

Moxiu separated from his companions and headed straight for the central area. It was time for the performance.

He did not immediately challenge the leaderboard. Instead, he went to the cafe to meet his old friends.

The moment she entered, Liu Ruxue clutched her head.

When MO Xiu first came, he wanted to gain some benefits from him. However, after a few interactions, not only did he not gain any benefits, he even suffered quite a bit.

MO Xiu walked over and sat down.

“What’s wrong? Are you avoiding me? In this shop, where are you going to hide?”

Liu Ruxue couldn’t do anything to MO Xiu, so she asked directly, “Tell me, what are you doing here this time?”

“I care a lot about what others think of me. I want to know what my reputation is like recently.”

Liu Ruxue wished she could strangle MO Xiu to death. Would he care about what others thought of him? Would he be stuck at the 101st place on the actual roll and not return for a few days?

“I can tell you, but I’ll exchange it with a question!”

MO Xiu was generous this time and said, “No problem, one question in exchange for your information, and help me do something!”

Liu Ruxue slammed the table. “Don’t go too far. If you push me too hard, I might not admit it!”

“Don’t be anxious. Let me finish first. What I want to ask is what the outsiders and the royal children have said about me recently. The thing I want you to do for me is to help me quickly inform them that I’m going to challenge the rankings at noon. These two things are not difficult. If it weren’t for your high efficiency, I wouldn’t have needed you. It’s very cost-effective, right?”

Liu Ruxue thought for a while. After confirming that MO Xiu wasn’t trying to set her up, she agreed.

He fiddled with his phone and said, "In the few days that you weren't around, the royal family was in an uproar."

"The members of the royal family are very angry. In addition to the way you guarded the ring when you were in the royal family, the top 100 has not changed for a month. This may be the first time since the ranking was established. At first, only a portion of the crowd was angry, which is the royal family who had the hope of making it into the top 100."

"But slowly, the top 100 also began to show dissatisfaction. This affected their training. They are all royalty and don't care about points at all. When the rankings lost its fairness, all the spearheads were pointed at you."

"Beautiful!" said MO Xiu.

Liu Ruxue looked at MO Xiu in shock. Who was this person? You're happy to provoke public anger?

Liu Ruxue couldn't believe MO Xiu's words, so she asked, ""Mo Xiu, what did you just say?"

MO Xiu smiled in embarrassment and said, ""It's nothing. Continue!"

Liu Ruxue scrutinized MO Xiu. Even if she had misheard him, MO Xiu's entire body was now exuding an unconcealable joy. This couldn't be hidden from her.

Liu Ruxue felt that MO Xiu was sick, and his illness wasn't light at all. He had caused everyone's anger and joy, yet he still wanted to challenge her in a while. She didn't know what he was thinking.

"Alright, it's not just the imperial family who hates you now. Even the outsiders don't like you. The imperial family has vented their anger on the outsiders. Your act of leaving has really angered everyone."

"This is your reputation in the royal family. It's completely different from the outside world. However, don't worry. Outsiders won't dare to attack you, and the royal children won't dare to do anything reckless."

Moxiu nodded his head in satisfaction." No problem. Help me inform them! ""

Liu Ruxue waved her phone and said," I'm done notifying you. I'm very curious. So many people are scolding you. Why are you still so happy?

"The more people who hate me, the better," said Moxiu.."Are you ready to see my performance?"

Chapter 365: Changing the Landscape

"Hmm?"

Liu Ruxue forcefully swallowed back the words 'are you sick?'

"Huh what?" asked MO Xiu. Am I not clear enough?"

Liu Ruxue didn't want to discuss this issue with MO Xiu anymore. She knew that MO Xiu would definitely keep her in suspense and trick her.

Seeing that MO Xiu had no intention of leaving, Liu Ruxue said,""Aren't you leaving?

"Where am I going? Once the news spreads, we will challenge them at noon and rest here for a while."

MO Xiu didn't have any intention of chatting, and Liu Ruxue was afraid that she and MO Xiu would be scammed. The two of them fell silent for a moment.

After a while, Liu Ruxue couldn't help but ask MO Xiu,""Mo Xiu, can I ask you a question?"

Since he had nothing better to do, MO Xiu said, "Let's talk about the problem first. Different problems will lead to different prices."

'You!'

MO Xiu's words made Liu Ruxue speechless. It was a disgrace to be asked by others in her own shop.

Liu Ruxue sulked and turned her head away, not even looking at MO Xiu.

"Sister, why aren't you asking?" MO Xiu leaned closer and asked. My fees are very low, and I don't charge a lot of questions. Let's hear it first!"

When Liu Ruxue heard the word "free," she felt that there might be some potential, so she probed,""The medicinal liquid you made in the outside world, are you trying to spread it to the entire population and increase their strength?"

"One million points!"

MO Xiu's sudden words angered Liu Ruxue so much that she threw the coffee cup she had just picked up onto the floor.

"Get lost! You're not welcome here!"

MO Xiu walked to the door with a smile and said,""Let's go then. It's almost time anyway. Bye! Remember, you still owe me a question!"

After MO Xiu left, Liu Ruxue took several deep breaths before calming down.

This MO Xiu was simply too infuriating. Liu Ruxue really regretted having any interactions with him. Every time they met, it was unpleasant. Or rather, she would always be at a disadvantage.

On the other side, Moxiu walked out of the café and sat down below the rankings.

It wasn't noon yet, but the news had already spread. Everyone still needed to react for a while.

Moxiu simply sat down below the ranking board and waited. This time, he had caused such a huge commotion for the same reason as before. He wanted the top 100 to accept his challenge.

The reason why he changed his strategy was because his target group was different.

Previously, the opponents were outsiders. These people were thinking about benefits. Would they lose the competition? There were many concerns about whether the points would be low or not.

Now that the target group was the royal family, points were useless to them. They valued the training of strength and reputation more.

Reputation might be more important. Many outsiders deliberately avoided the royal disciples when they challenged them.

The descendants of the royal family looked down on outsiders and did not want to fight with them. If they used the absolute right to challenge them, they would easily offend the royal family.

This was the status of an outsider. There was nothing he could do about it.

In the past, if outsiders wanted to challenge the royal family, the best way was to raise their reputation. Once their reputation rose, the royal family's descendants would feel that they were worthy of fighting them. It felt like they did not kill nameless people.

This was also the reason why some people wanted to make use of Moxiu's fame when he first joined the Imperial Family. Fame represented status and an opportunity to fight against the Imperial Family.

Moxiu felt that this unwritten system was very unreasonable. It raised the imperial family too high, making it difficult for outsiders to stand out.

MO Xiu was going to break this dead end!

Moxiu's method was very simple. First, he occupied the 101st place on the leaderboard. This was the most crucial position on the entire leaderboard.

Then, he would publicly declare his stance that he, MO Xiu, was an outsider and declare war on the imperial family.

At this moment, it had some effect. At the very least, the people around the top 100 on the rankings began to pay attention to MO Xiu. However, the people at the top still looked down on MO Xiu.

Next was to guard the ring. The guard was to anger the royal descendants and test their attitude.

The effect was there. At first, there was a huge reaction, but later on, it gradually calmed down.

At this moment, he was still quite a distance away from the result that Moxiu wanted. He might as well take advantage of the outside world to go out for a few days.

This way, it was no longer a problem of guarding the ring. It was disdain towards the imperial family's disciples, causing a huge uproar in an instant.

After hearing from Ruyan Liu, MO Xiu knew that the time was right. No one on the ranking board would reject the challenge. They were just one step away.

Moxiu sat under the ranking board with his eyes closed, waiting quietly.

More and more people gathered around them, especially when they saw MO Xiu swaggering around after disappearing for a few days.

The discussions in the crowd grew louder and louder. This time, the crowd was divided into two groups. The group of outsiders and the group of imperial family members.

In the past, there had never been such a scene. In the past, the descendants of the imperial family would not have come to join in the fun.

On the side of the outsiders.

“F * ck, MO Xiu is too awesome. In the past few months since he joined the Imperial Family, he’s been able to cause big trouble every month.”

“What’s so awesome about it? When have we not suffered? This time, when he went to the outside world, how much bullying did we suffer from the imperial family’s descendants?”

A person walked out from the crowd and said indifferently, “You can’t say that.

You’ve heard about what Moxiu did in the outside world, right? He wasn’t an irresponsible person. He thought about everything carefully.”

“Then tell me, what is Moxiu’s goal this time?” The person beside him pursed his lips and said. Is there any benefit to us?”

The man smiled and said, “ In the past few days, we outsiders have received many challenges from the royal family’s disciples. If it was in the past, the royal family would not even look at us when we issued challenges. This has also led to batches of outsiders entering the royal family over the years, but no one has been able to make it into the top 100. Not only is our strength increasing slowly, but we also lack the opportunity to spar with the royal family’s disciples.”

At this point, many people understood what was going on. The way they looked at Moxiu changed again.

Was this really MO Xiu’s goal?

The person next to him asked, “But this is only a temporary revenge for the

Royal Family. They will soon return to their original state.””

This person smiled mysteriously and said,” You’re wrong. What Moxiu is doing now is to intensify the conflict between the royal family and the outsiders. This will be the norm in the future. The relationship between the outsiders and the royal family will change from superior to subordinate to hostile. This way, the pressure on us will increase, but we will have a chance to stand out.”

Everyone was startled awake. They looked at MO Xiu with admiration.

This young man, who could summon wind and rain in the outside world, had entered the Imperial Family for less than three months, and he actually wanted to change the entire situation with his own strength.

Moxiu was doing this for himself, but he was also fighting for benefits for the outsiders.

This person’s analysis instantly spread and was discussed among the outsiders.

The first time! Moxiu had gained supporters, and it was the support of all outsiders.

Many people were asking who was the one who analyzed it.

“I heard Teng Dao!””“

Chapter 366: I’ll Be Your Teacher

Wen Tengdao was MO Xiu’s guide when he first came to the Imperial Family.

Back then, he had left his contact information, but Moxiu and the others did not bother him. As time passed, he had forgotten about it.

No one had noticed him on the ranking board. At this subtle moment, he appeared and analyzed the situation, causing a huge reaction among the outsiders. He changed his direction and helped Moxiu.

The mood of the outsiders had completely changed. They were now Moxiu's supporters.

On the other hand, the Imperial Family disciples hated MO Xiu to the bone. "This fiend has finally returned. Someone will definitely teach him a lesson."

"I feel great about him. He tried to challenge my authority as a member of the Imperial Family. Unfortunately, I was no match for him. Otherwise, I would have taught him a lesson."

"Don't worry. Look at the current situation. More than half of the top 100 experts have come. If Moxiu doesn't give us an explanation this time, don't even think about leaving this place."

In one of the rooms in a nearby building, five people were looking out the window at the rankings.

These five people were Xiao Hong and the others. They returned to the Outsider Building, but even Xiao Hong was curious about what MO Xiu was doing.

He opened the message group of outsiders on his phone. No one was livestreaming, which made everyone anxious.

The few of them thought about it carefully and understood. MO Xiu's appearance would definitely cause a commotion. Everyone went to watch it live. Who would still broadcast it? Who was he broadcasting it to?

However, MO Xiu had instructed her not to go to the scene, so Xiao Hong thought of this method. She rented a room in the central area so that she could see MO Xiu's every move.

Liu Ziyang looked at the spectacular scene of the sea of people outside and exclaimed, "F * ck, isn't Boss too awesome? He had only sat for a while under the rankings, and so many people had already arrived."

Yue Yuan looked at Liu Ziyang as if he was looking at an idiot.

"I don't know if you're really stupid or just pretending. You're the only Assassin in our team, and you're actually an idiot."

Liu Ziyang turned around to hit Yue Yuan and said, ""You are insulting me!"

Yue Yuan sighed and said, "You're right. I'm insulting you. Look at your phone. When we just came back, there was news that MO Xiu was going to challenge the top 100. These people must have seen the news and came."

Yang Qingzhuo and Xiao Hong didn't join in their conversation. They looked out of the window excitedly.

Moxiu, who was below the rankings, suddenly opened his eyes. He looked at the time and then at the surrounding crowd.

It was almost time!

He slowly stood up. The people around him, whether they were members of the imperial family or outsiders, all stopped talking when they saw MO Xiu move.

Everyone was silent, waiting for MO Xiu to speak.

Liu Ziyang, who was in the room, was so excited that he almost jumped up.

"F * ck, this is too f * cking handsome. Just standing up and he's able to subdue so many people. When can I be so awe-inspiring?"

Yue Yuan directly poured a basin of cold water on Liu Ziyang's head.

“It’s tough for me in this life.”

Moxiu stood at the center of the imperial family. He was in no hurry to speak. After looking around, he walked toward the outsiders.

After standing still, he looked at the imperial family and said, “On behalf of the outsiders, I officially declare war on the royal family!”

The crowd was in a mess again. The outsiders were still fine, but some people were whispering.

The reaction of the imperial family was intense. They discussed until one of them stood up.

“Moxiu, let’s not talk about whether you outsiders have the right to challenge the imperial family. What right do you have to represent all the outsiders?”

In the eyes of the Imperial family’s descendants, the Imperial family had been looking for trouble with the outsiders during this period of time. The outsiders should also be very disgusted with Moxiu at this moment. Why would they stand with Moxiu?

‘ I can’t represent all the outsiders,” Moxiu replied.” But I know what they are thinking. They want to challenge me! ’”

His words were merciless.

“Ridiculous. If you want to challenge us, it depends on whether we are willing to accept it.”

“May I ask what your ranking is?” asked MO Xiu.”

“Heh, I’m ranked 87th on the Power Rankings. After being a coward for a month, he finally dared to challenge someone.”

Moxiu looked at the rankings and said, "87th place, it's not your turn yet!!"

"What did you say?"

"I said it's not your turn yet!"

"You... Do you dare to challenge me?"

Hahaha!!

MO Xiu suddenly burst out laughing. His laughter was extremely arrogant and insufferably arrogant.

After that, Moxiu said something that no one had ever said before. It was something that the imperial family would never forget.

"The royal family is very important to humanity, but you are too arrogant and lack discipline. Today, I, Moxiu, will be your teacher. I will guide you one by one and test your quality."

The moment he said this, everyone was shocked!

The imperial family knew that Moxiu was bragging, but he was exaggerating too much. Did Moxiu not want to stay in the imperial family anymore?

On the outsiders' side, after hearing Wen Tengdao and MO Xiu's words, their confidence increased and they decided to support MO Xiu.

However, MO Xiu's words just now were truly unbelievable. Even if he was MO Xiu, he wouldn't be able to believe it.

In the three months that Moxiu had been in the Imperial Family, the improvement in his strength was obvious to all. However, he couldn't just say something like that.

No matter how strong he was, could he still educate the top 100? This was unrealistic.

MO Xiu was only nineteen years old. Although he had used the Heaven Defying Pearl and other treasures to awaken all his skills, there were still some people who were ten years older than MO Xiu. How could they make up for the difference in cultivation time?

The person who spoke just now also laughed impudently.

“Hahaha, Moxiu, this is the funniest joke I’ve heard this year. Then challenge me and see who’s educating who?”

MO Xiu waved his hand impatiently and said, “Aren’t you annoying! I told you, it’s not your turn yet. My first challenge is the one ranked 100th...” The plan worked! All cleared!

At this moment, no matter who Moxiu challenged, if he did not accept the challenge, he would be looked down upon by all the outsiders and even the members of the royal family. Winning or losing was one thing, but as a member of the royal family, not daring to accept the challenge was another.

Sure enough, not long after Moxiu issued the challenge, the person ranked 100th accepted the challenge and walked out of the crowd.

When Moxiu said that he wanted to educate them one by one, he naturally meant to challenge them one by one.

The top 100 rankings were different from the middle rankings. They were constantly changing. The top 100 rankings were very stable. In addition to Moxiu’s open challenge, there would not be much change until Moxiu completed his challenge.

The feasibility of this was much greater. Now, it was up to him to see how far he could go in order to allow Moxiu’s challenge to proceed smoothly.

The two of them entered the competition venue. Almost everyone was watching the live broadcast on their phones.

However, the competition was not as exciting as he had imagined. This time, Moxiu had not held back his strength and ended the battle in a

minute..

Chapter 367: Divine Assistant

Moxiu slowly walked back to the bottom of the ranking board. The process of this battle was simple, but the meaning behind it was extraordinary.

First of all, the victory of this battle represented the official start of the counterattack against the royal family.

This was the first time in history that an outsider had made it into the top 100 of the strength rankings.

However, MO Xiu did not receive the applause that a hero should receive. The entire place was filled with discussions.

Moxiu had boasted too much just now, making the outsiders who had just rekindled their hopes feel that it was unrealistic.

As for the opponent who had just lost, he was not surprised either. It seemed that he had already prepared for this.

Originally, there was not much difference in strength between the 90th to 110th place.

The fact that MO Xiu was able to be the arena guard for more than half a month last month proved that no one could threaten MO Xiu.

It was impossible for the person ranked 100th to be a match for Moxiu. He had accepted the challenge so readily because Moxiu had the absolute right to challenge the first time. If he did not accept the challenge, outsiders would look down on the Imperial Family.

The five people in the room had solemn expressions.

They had joined forces to fight against Moxiu before and knew that Moxiu was very powerful at this moment, but... Could he really challenge the top 50 or even the top 10 of the rankings?

The first match had ended without a stir, but their worries had not lessened in the slightest.

Moxiu returned to the rankings and walked over to the outsiders. He said to the Imperial Family, "That's right. As members of the imperial family, at least you don't fear battle. If you don't even dare to accept the battle, then I really will look down on you."

The arrogance in MO Xiu's words did not diminish in the slightest as he continued to boast.

Wen Tengdao and the others could tell that MO Xiu was trying to goad them into action. After all, they wouldn't have the absolute right to challenge the next round. If they wanted to continue, they would need the cooperation of the royal disciples.

After Moxiu finished his words, the outsiders' momentum was still relatively weak. No one believed that Moxiu could live up to his bragging.

The imperial family's reaction had always been the same. Although Moxiu had done some unbelievable things in the outside world and among the outsiders, they still looked down on him.

MO Xiu's identity was the Crown Prince of the Shadow, and the Imperial Family and the Shadow had never interacted with each other. They were even somewhat hostile.

This was something that Moxiu had only learned after entering the Imperial Family.

The Dark Shadow had always had a rule that Moxiu didn't know about. The royal family couldn't join the Dark Shadow.

The Shadow was a picket organization, which restricted the law enforcement team, the army, and even the royal family to a large extent.

The law enforcement team and the army could join the Dark Shadow. Their sense of belonging was not that strong. As long as their character passed, they could join.

However, the royal family was different. The sense of belonging to the family

was very strong.

In order to prevent problems from appearing in Shadow, the Royal Family was not allowed to join Shadow.

This was also the reason why when Moxiu first entered the Imperial Family, his grandfather said that Moxiu's identity as the Dark Shadow Crown Prince would be a little troublesome.

He was afraid that the manager would find MO Xiu and make him shed his shadow, or cut off all ties with the Li family.

Fortunately, the manager didn't come looking for him, and Tianji School had also asked the 'big' school to cooperate with Moxiu. This meant that there wouldn't be any problems.

However, the connection between Moxiu and the imperial family had spread.

This was also another reason why Moxiu had publicly sided with the outsiders last month and opposed the royal family's descendants.

The reactions of the imperial descendants present were the same as before. Most of them were mocking MO Xiu.

They thought that MO Xiu didn't know the immensity of heaven and earth. He had achieved something in the outside world, so he dared to be impudent in the Imperial Family.

The mocking laughter was very loud, and all kinds of unpleasant words fell into MO Xiu's ears.

MO Xiu was very calm as he expressionlessly looked at the noisy imperial disciples opposite him.

The people behind MO Xiu felt as if MO Xiu was really their teacher, looking at his student.

Not long after, someone from the Imperial Family stood up.

He had a burly figure and was obviously a straightforward person.

"MO Xiu, my name is Huo Jun. Your tone is really not small. I admit that you are very strong, and I might not be your match, but there will not be anyone in our royal family who is afraid of battle."

After hearing Huo Jun's words, MO Xiu almost laughed out loud. He was worried that there was no spy on the Imperial Family's side, so how could he stir up his emotions?

This Huo Jun stood up and fought. Since Huo Jun had already said so much, the Royal Family who would appear later would not be afraid of the battle. Otherwise, how could they still have the face to come out?

MO Xiu clapped and said, "Brother Huo Jun, I admire people like you the most. You can't lose anything but your backbone. Besides, you're from the royal family."

After being praised by the enemy, Huo Jun became proud and shook his head. "Of course. None of us Imperial Family disciples are cowards!"

“Hahaha! Let’s start the war!”

MO Xiu was about to burst into laughter. This Huo Jun was really one-track-minded. He fell for the trap the moment he was hooked.

Once he said this, MO Xiu believed that everyone would happily stand up for the challenge in the future.

If he didn’t stand up, he would be a coward. This sentence was said by Huo Jun.

There was a fundamental difference between Huo Jun and MO Xiu. This was said by the imperial family themselves.

If not for the fact that there were so many people watching, MO Xiu would have sworn to be Huo Jun’s sworn brother. He was too cooperative.

When they arrived at the battlefield, Moxiu used his God’s Authority to check the opponent’s skills. How could he have forgotten about the Huo Family?

When MO Xiu had entered the early stages of the Imperial Family, he had fought against Huo Hou of the Huo Family.

At that time, MO Xiu had been deceived by Huo Hou, and it was the first time he had been tricked.

There was nothing special about the skills. The Huo family’s talent skills were to increase the effect of amplification skills. Huo Jun’s four skills were all standard warrior skills.

With the enhancement of the five skills, Huo Jun’s close-combat ability was really not inferior to the Martial God.

However, Motheo didn’t only have one skill. The tactics he used were very simple.

In this match, Motheo had turned into a Mage and used Holy Flames to attack like a kite.

Huo Jun felt bitter and could not say anything. In the end, he had no choice but to lose.

This match sent a message to the audience. Motheo was not just a Warrior, but a Mage as well? How was this possible?

Motheo had also used Holy Flames before, but most people thought that Motheo's spell skills didn't have high damage, and that it might be an additional skill for Warrior skills.

But now, it seemed that the flames that Motheo had thrown out were very powerful. Moreover, it seemed that he could use them indefinitely without a cooldown.

This was MO Xiu's second match, and he had already made many people look at him in a different light.

Some members of the royal family began to realize the seriousness of the problem. Moxiu might not be able to threaten the people at the top of the rankings.

From the looks of it now, it shouldn't be a problem for him to rise to the 50th place.

For someone like Motheo, who had extremely powerful Warrior skills, high damage, and Mage skills that didn't seem to have a cooldown, he had also summoned a greatsword before. Summoning could be considered an Esper ability.

If that was the case, then according to Wang Yu's skill's constitution limitation theory, what kind of constitution did MO Xiu have?

Chapter 368: Victory in the First Battle

In the second battle, Moxiu won. He still looked very relaxed and didn't use his full strength.

When they returned to the outsiders 'side, Moxiu didn't say anything unnecessary or provocative this time.

Huo Jun's help just now was enough. There was no need for MO Xiu to stir up the atmosphere among the royal family.

As long as Moxiu issued a challenge, the Imperial Family would step forward one by one to accept it.

At 8 PM, Moxiu had challenged 11 people and was ranked 89th.

The speed was a little slow, mainly because the early stages took a long time.

After the eleventh match ended, Moxiu returned to the bottom of the rankings and said,""That's all for today. I'll come back for class tomorrow!"

Before anyone could react, Moxiu had already left.

The news that MO Xiu was preparing to challenge all the top 100 people on the Strength Rankings did not die down just because of MO Xiu's departure.

On the contrary, the discussion had reached an unprecedented height.

The imperial family was divided into two factions. One faction was the majority of the people who were at ease. They felt that Moxiu was indeed very strong and might be one of the best among his peers.

No matter how strong Moxiu was, he would not be stronger than them.

The other faction was the worried faction. In today's 11th match, Moxiu had displayed extremely powerful combat strength. Moreover, his moves were varied, allowing him to maximize Moxiu's strategy. Once the Imperial Family underestimated their opponent, it was very likely that they would lose their footing. At that time, it would be a slap to the faces of all the Imperial Family disciples.

On the other hand, the outsiders had the same thoughts. They did not have a clear point of view.

It could be said that everyone was worried.

After hearing Moxiu's bragging, everyone was shaken. Could he really do it?

Regardless of whether Moxiu could do it or not, he was already tied to the outsiders.

If Moxiu could do it, it would undoubtedly be a great encouragement to the outsiders.

Perhaps, under Moxiu's leadership, he could still fight for some benefits for the outsiders.

This was a good idea, but what if Moxiu failed? No one can imagine the consequences

If Moxiu fell, the outsiders would have to catch him and bear the consequences of the imperial family's revenge together with Moxiu.

It was very easy to draw a clear line between them and Moxiu now. They just needed to unite and express their stance and not support Moxiu.

However, everyone more or less had hope for Moxiu. If Moxiu succeeded, not only would he fight for the benefits of the outsiders, but he would also ignite hope, reigniting the hope of many outsiders who had lost their hope.

This was a difficult choice. Many people were hesitating whether they should stand with Moxiu or not.

It was still not too late to withdraw now, but once they did, they would have given up hope of rising. Outsiders would always be one level lower than the royal family.

Moxiu returned to the Outsider Building. His comrades did not disturb him. After all, they had already agreed on the rooftop that they would temporarily leave the team and not move together with the team.

Under such circumstances, Xiao Hong and the others understood MO Xiu's intentions.

Moxiu had done all of this to protect them. Moxiu had stood in the open, said many things, and done many things.

It could be seen from Moxiu's performance in the rankings today that he was arrogant enough.

MO Xiu didn't know which words would offend whom, and which battle would make his opponent hate him. At this time, he kept a distance from Xiao Hong and the others, so he could protect them.

After a day, Moxiu was more or less exhausted. However, he could use the effects of the Holy Flames to quickly recover his stamina.

Lying in bed, he did not idle around and read the news of the strongest group.

There was nothing much going on at MO Li's side. He was still working overtime to raise herbs and strive to increase production.

Cao Fenglin's investigation team had completed their first round of investigation. The results were not bad. They had done it fairly and fairly, allowing everyone to obtain a discount in satisfaction.

Mu Mu's side was also going very smoothly. The sales were about to start. The sales points in the various cities in the central region of the Alliance had been decided. There were no problems.

After understanding the situation, Moxiu was prepared to sleep. Today's battle was just the beginning. The main event would be held in the next few days.

Just as she closed her eyes, her phone rang.

He picked it up and saw that it was a message from Li Ling 'er.

"Little MO Xiu, you're good. Are you really going to slaughter the rankings like grandpa said?"

"Hmm?"

Could it be that Grandpa had already guessed that he was going to do this? Also, who the hell was Little MO Xiu?

MO Xiu replied.

"Da Ling Er, this isn't called slaughtering the rankings. This is compulsory education for the rankings."

"Yo! I'm also on the rankings. Shouldn't you teach me a lesson too?"

MO Meng thought for a moment. If he had used his clone, he would have had a chance to defeat Li Ling 'er. However, MO Li could not leave now.

If he didn't use his clone and used God's Authority to silence Li Ling 'er's Absolute Seal, his chances of success would be slim. He had to get rid of Li Ling' er within three seconds. It would be very difficult.

"Aren't you ranked first? The first place doesn't need to be educated. Besides, we're all from the Li family, so we don't kill each other."

"Yayaya, you're still quite arrogant. I'll wait and see how you perform. Don't disappoint me and Grandpa!"

Moxiu typed three words on his phone and then closed his eyes to rest.

“No problem!”

On the other side, the Li family.

Li Ling ‘er put down her phone and said to the old man in front of her, “Grandpa, do you think that MO Xiu will really be able to successfully slaughter the rankings? Also, I don’t understand why Moxiu would do this.”

Li Xin’s expression became serious as she slowly said, “I believe that Moxiu will succeed. He was the Crown Prince of the Dark Shadow, and judging from the way Elder Tang was grooming him, it was obvious that he was in a hurry. Moreover, the direction was wrong, and he was too high-profile.”

Li Ling ‘er didn’t understand. She thought for a moment and asked, “What does this mean?”

Li Xin let out a long sigh. He wasn’t sure about the rest, but Mr. Tang’s health might not be too good.”

Li Ling ‘er was also a little excited. Elder Tang was very important.

If something happened to Elder Tang and no one could step up, the structure of the Alliance might change. The central continent might not be the main force anymore.

This was a very serious problem.

Li Ling ‘er wanted to continue asking, but Li Xin didn’t seem to be in a good mood. She said, “Go back first. If you have any questions, ask them tomorrow!”

After Li Ling ‘er left, Li Xin kept sighing.

“Hey, Uncle Tang, please don’t let anything happen to you.”

The next morning, Moxiu ate a mouthful of breakfast and tidied up before leaving.

When they arrived at the central area, there were already many people gathered there.

MO Xiu smiled. He had never wanted to receive so much attention, but every time he came here, something would happen.

Now, such a crowded scene was no longer strange to him.

He lowered his head and walked into the innermost area. When he saw the gazes of the others, MO Xiu realized that he was being a little narcissistic.

The main character this time was really not him..

Chapter 369: The Second Generation of Arena Guardians

At this moment, the ranking board was very lively. It was so lively that not many people noticed that even the main character, MO Xiu, had come.

The main character of this incident was MO Xiu's acquaintance, Wen Tengdao, who had just helped MO Xiu.

Wen Teng Dao had done something big, perhaps not as big as MO Xiu's, but it had an extraordinary meaning.

The hope of the outsiders towards MO Xiu was rekindled once again. The hesitation from last night was swept away, and they stood firmly by MO Xiu and Wen Tengdao's side.

What Wen Teng Dao did was very big, but it was also very simple. MO Xiu had done it before.

It was the guard!

After the incident with MO Xiu yesterday, many people had come here early to wait for MO Xiu to come and challenge them again.

Moxiu wasn't in a hurry in the morning, so he arrived a little late.

Even so, these people were not bored at all. They saw the changes on the rankings as soon as they arrived.

Most of them were not in the top 100. The highest ranking that could be seen was 101.

When they saw that the 101st place was Wen Tengdao, the outsiders immediately became excited.

Before this, many people didn't know Wen Teng Dao, but yesterday, he suddenly appeared and analyzed MO Xiu's goal in challenging the Imperial Family. He even left his name.

Among the outsiders yesterday, besides MO Xiu's name, the most famous one was Wen Tengdao.

Perhaps many of the royal descendants did not know him, but there was not a single outsider who did not know him.

Not only did Wen Tengdao raise his ranking to 101, but he also stopped there.

The 101st place was the place with the biggest change. The pressure on this position was also very high, and he would receive challenges continuously.

When MO Xiu arrived, Wen Teng Dao had already accepted three challenges and won all of them.

After the third match, he returned to the rankings and received cheers from the entire outsider camp.

MO Xiu was a little envious when he saw this. He hadn't enjoyed this cheer yesterday.

Wen Teng Dao immediately saw MO Xiu and said, "Moxiu, you can rest assured in class. I'll guard the rankings. No one will disturb you!"

MO Xiu nodded his head. When Wen Tengdao first joined the royal family, he felt that he was not simple. He had disappeared for three months and had not heard any news about him. His sudden appearance could be said to have reassured all the outsiders.

Moxiu knew what the outsiders were thinking. He didn't care because he wanted to conquer them with his strength. That would be even more shocking.

However, Wen Tengdao seemed to have given a better answer through yesterday's analysis and today's guard.

MO Xiu was strong, but he was strong alone. Wen Teng Dao had come out to prove his strength. He wanted to tell all the outsiders that MO Xiu was not the only outsider. There was also Wen Teng Dao.

He wanted to let the outsiders know that Moxiu was not an exception and that outsiders could also grow.

Wen Teng Dao's method was even better, allowing people to see hope more directly.

"Brother Wen, why are you doing this?" asked MO Xiu.

In MO Xiu's opinion, there were indeed some benefits to Wen Teng Dao standing up at this time. It could raise his status in the hearts of outsiders and leave a good impression on him.

However, these benefits were not enough compared to the risks. If he stood out now, he would be attacked even more fiercely by the imperial family.

MO Xiu had Elder Tang, the Li family, and the 'big' family behind him, but Wen Teng Dao had nothing.

It was under such circumstances that Wen Tengdao stood up under immense pressure.

“MO Xiu, do you still remember what I said when you first entered the Imperial Family?” I want to be friends with you, but you never looked for me after that. Since you don’t need me, then I’ll make myself worthy. How about it? Are you satisfied?”

MO Yu recalled the scene at that time. Wen Tengdao expressed his intention to be on good terms with him. When he explained, his attitude and tone were very good and he was very patient. Before he left, he even said that if there was anything he needed, he could look for him.

“I’m very satisfied. We’re friends now. I don’t like to blindly curry favor, but I don’t mind accepting your kind intentions.”

Wen Tengdao smiled and said, “Of course, I have another goal. It’s for myself. My strength has long been raised to this level, but I didn’t have the chance to challenge you. I’ve been enduring it until now. This time, I stood up to help you, Moxiu, and also for myself. I’m also venting my anger for the outsiders. To be precise, Moxiu, you’ve also helped me and helped me!”

After the outsiders heard the conversation between MO Xiu and Wen Tengdao, they were greeted with thunderous applause.

Wen Tengdao didn’t say anything about righteousness or anything about clearing the name of the outsiders. He simply said what he felt.

However, the effect was very good. Moxiu was a hero or leader who was high above the outsiders and unapproachable.

They didn’t need another hero. What they needed was an ordinary outsider like them. In the outside world, the top talents came here, but they were inferior outsiders.

Wen Tengdao had done his job perfectly. MO Xiu looked at him with a meaningful gaze.

These two days, everything Wen Teng Dao did was just right.

He had done it so perfectly without communicating with Moxiu and had even guessed what Moxiu was thinking.

As far as MO Xiu knew, Wen Teng Dao had always kept a low profile and didn't have many resources.

Without any information, he could guess his thoughts and the thoughts of the outsiders and control the direction of the outsiders. This was very terrifying.

MO Xiu was secretly glad that Wen Teng Dao wasn't his match.

MO Xiu and Wen Teng Daolai, the two people standing at the front, had finished what they needed to say.

We can start working!

Wen Tengdao began to guard the arena, and MO Xiu began to teach!

Just like yesterday, Moxiu stood on the side of the outsiders and said to the imperial family's disciples, ""Class has begun. Next, come out! The 88th..."

The appearance of Wen Teng Dao made even more of the royal disciples worry. MO Xiu was already difficult to deal with, and now there was Wen Teng Dao. To be able to reach the 101st place and hold on for a few rounds, it meant that he wasn't weak.

This also caused many royal families to change their views on outsiders. It seemed that outsiders were not as weak as they thought.

The entire morning had passed, and MO Xiu and Wen Tengdao hadn't lost a single battle.

Moxiu had fought a total of 28 battles and was ranked 60th. This ranking was the limit that Moxiu could reach in many people's hearts.

It had only been a day, and it seemed that he still had some energy left. This made many of the arrogant imperial families panic, and their sense of danger soared.

In addition to Wen Tengdao's outstanding performance.

Wen Teng Dao wasn't like MO Xiu, who could use skills without limit. He needed to wait for the cooldown, so he only accepted 8 matches in the morning.

But even so, it was enough to prove Wen Teng Dao's strength. It was enough to prove that there were other outsiders besides MO Xiu..

Chapter 370: Teacher MO (1)

Wen Tengdao's appearance was beyond MO Xiu and everyone else's expectations, including Xiao Hong and the others who were still watching from the room.

This entire morning, the few of them were silent. They no longer cheered for MO Xiu like before.

That was because Wen Teng Dao's position should be theirs, but they weren't strong enough.

"Captain, what should we do next?" Yue Yuan asked Xiao Hong."

Xiao Hong shook her head helplessly and said," Sigh, in the end, we still didn't understand what Moxiu meant. He probably wants us to improve more!" Let's go back and train harder. We'll try to give Moxiu the greatest support!"

None of the five of them objected. Even Liu Ziyang and Yang Qingzhuo, who loved to watch the show, nodded seriously.

That's right! At this moment, they should be the ones standing next to MO Xiu!

Moxiu had temporarily left the team to protect them, but didn't protection mean that they couldn't help Moxiu?

At this time, what they needed to do was not to see what Moxiu would do, nor to cheer for Moxiu. Instead, they needed to fight for time to continue improving themselves. Only then would they be able to help Moxiu.

After figuring out the crux of the matter, the five of them left the room with heavy steps.

That's right! MO Xiu is our pillar of support, so we have to become MO Xiu's pillar of support!

The challenge continued, and the commotion on the outsiders' side grew louder and louder. The Imperial Family's side, on the other hand, seemed a little dull.

It was all because these two people were too terrifying. They really did not lose a single match throughout the day.

As the second generation guard, Wen Tengdao had completed the first day's mission perfectly. He had fought 20 matches and won all of them, blocking all the people who wanted to enter the top 100.

This also caused the top 100 rankings to remain unchanged. Many people thought of the tactic that MO Xiu had used before. He used a person with a low ranking to challenge an expert, and then used an expert to pull Wen Tengdao down. Wouldn't that solve the problem?

Otherwise! This was a loophole in the rules. If one was not ranked 101st, they would not be able to challenge the top 100. In other words, it was a two-way fight for the 101st place.

Those who were below the 100th place couldn't go up, and those who were before the 100th place couldn't go down. There was no solution.

With Wen Teng Dao's help, the imperial disciples had no way out and could

only wait for MO Xiu to lose.

At 8 PM, Moxiu's battle record was 40 wins, and he was ranked 48th, officially entering the top 50.

In the afternoon, the efficiency of the challenge was a little lower. After all, the opponent was also getting stronger, and Moxiu was using his full strength bit by bit.

When the time was up, MO Xiu did not continue to challenge them. He returned to the rankings and said to the imperial disciples, "Class is over, students!"

As things progressed, Moxiu spoke less and less. Now, with Wen Teng Dao joining in, the Imperial Family was completely under Moxiu's control. At night, the discussion between the royal family and the outsiders changed again.

The entire Royal Family had become worried. The strength that Moxiu had displayed was too strong. Today, he had risen to 48th place. If he did not fail tomorrow, wouldn't he enter the top 30?

If that was the case, even if Moxiu failed in the end, the appearance of Wen Teng Dao would prove the strength of the outsider.

It was a slap to the face of the royal family's descendants. They could not help but worry.

The outsiders cheered. Even if Moxiu had failed, he was still ranked 48th. This was enough to prove his strength, and it was enough to make the Imperial Family pay attention to him.

Among the outsiders, two words appeared. They were highly discussed and almost everyone knew about them.

They were the "second-generation guardian" and "Teacher MO".

When Moxiu heard this, he didn't know whether to laugh or cry. He had another nickname. He said that he wanted to teach the imperial family a lesson and was just bragging. He didn't expect it to spread.

MO Xiu couldn't help but recall his nicknames over the past few years. There were simply too many of them.

At first, it was "Blood Fist", then the self-styled "Movie King MO". After arriving at the University of Yan, he was inexplicably given the title of "Great Demon King". Later, it was "Mr. MO", "Hero MO Xiu", and soon after entering the Royal Family, he was given the title of "Demon MO". Finally, it was the current "Teacher MO".

With so many nicknames, there might still be some missing. Moxiu thought to himself in self-mockery. It seemed like he was the essence of human nicknames.

After Moxiu left the central area, he did not immediately return to the Outsider Building.

There was one more thing that MO Xiu had yet to do. When Li Ling'er sent him a message yesterday, he realized that he hadn't returned to the Li family for a long time.

Zeng Liugen's letter to MO Xiu was not delivered to the Rong family.

MO Xiu looked at the location of his house. It was not far from the Li family, so he might as well send it over.

It was already past eight o'clock when he walked alone in the Imperial Family. There was no sun in the sky, and the entire sky was emitting a dim yellow light. It was not dazzling to look up.

Every time MO Xiu walked alone, he would think of Mu Qingyi. How much had the two of them walked together?

"Qingyi, I'll look for you very soon."

Unknowingly, MO Xiu walked to the entrance of the Rong family's residence.

MO Xiu had been to many imperial clans before, so he more or less understood the imperial clan's rules. He could not barge in at this time, so he just stood at the door.

No matter which royal family it was, someone would come out within ten minutes to ask what the person was doing.

MO Xiu stood there quietly.

"MO Xiu, is that you? Oh my god, why did you come to the Rong family?"

MO Xiu was a little puzzled. Had he met someone familiar?

"Do we know each other?"

"Hey, I know you, but you don't know me. I'm just a gatekeeper in the Rong family, and I'm also an outsider. You might be able to fight for the interests of outsiders."

What happened? He thought they knew each other after talking like that just now.

Moxiu didn't waste any more words and handed the letter to this person. "I came here to deliver this letter to the Rong family."

The man took the letter and said, "The name on this letter is Zeng Liugen. Isn't that the principal of Yan University?"

"That's right." MO Xiu nodded and said, "He instructed me to pass the letter to the Rong Family. I'll have to trouble you!" "

Moxiu watched as this person nodded and quickly returned to the building before leaving.

After a short walk, they arrived at the Li Residence. It wasn't his first time here, so MO Xiu directly opened the door and entered.

When he went upstairs, he met a lot of people. They were from the 'big' family and the Ouyang family.

These people looked at MO Xiu in surprise. After asking a few random people, MO Xiu found out what was going on.

It turned out that ever since Moxiu had declared his opposition to the Imperial Family, the Li Clan had been discussing it internally. However, the Clan Head had never given a clear answer.

In the past two days, MO Xiu's matter had become more and more serious. They all thought that the Li family had severed ties with MO Xiu. They did not expect MO Xiu to return at this time.

Moxiu could only smile awkwardly when he heard this. He really hadn't thought too much about it.. Could it be that he had come back at the wrong time?
