

Four Skills 421

Chapter 421: A God Descends to the World

Boboqi didn't want to provoke MO Xiu, and he didn't want MO Xiu to provoke him either.

There were many branches in the Mu family, but Mu Qingyi's lineage was the purest. Boboqi did not want to lose Mu Qingyi, so he thought of all ways to stop her from leaving.

If Mu Qingyi and MO Xiu left, it would be a troublesome matter, and it would be hard to say whether Boboqi would be angry or not. If Elder Tang came in and interfered, then Boboqi might very well give in.

Boboqi knew that MO Xiu's arrival this time was to bring Mu Qingyi away before the battle.

Mu Qingyi had not fully matured yet, and she could not change the outcome of a war at this stage. Boboqi believed that Moxiu had not come because of strategic considerations.

This was completely a woman's affair. Boboqi couldn't help but doubt Master Tang's judgment.

Would Supreme disregard the unity of mankind because of his own personal feelings?

MO Xiu had appeared because he was prepared to cause a ruckus here before leaving with Mu Qingyi. If it was Wu Shang, he would definitely not do such a thing.

Boboqi had never seen the supreme existence of the central continent, but he had heard his elders talk about it. It was an omnipotent existence.

To the outside world, it was said that the three strongest forces of the royal family, the leader, and the nobles had defeated the beast.

In fact, that was not the case at all. If it was not for the absolute strength of Supreme, Beast would not have obediently signed the contract.

If there was no Supreme, humans might not have had the peaceful era of more than a hundred years. They might have fought until now.

During the war, the imperial family led the ordinary people to fight, and Supreme led the imperial family to fight. This was the relationship.

At that time, the leaders of the north and south were also very powerful, but they were still a level lower than Wu Shang.

At the end of the war, the highest combat power of humans and beasts erupted into a decisive battle.

Both sides suffered heavy casualties. On the human side, the southern and northern leaders had fallen, while the wild beasts had lost five beast kings.

The Beast Kings fought desperately to kill Wu Shang, but they failed in the end, which also laid the foundation for signing the contract.

Therefore, from the bottom of their hearts, after the war ended, the southerners and northerners were afraid of Wu Shang.

This was also the reason why the three departments had not communicated much for many years.

The biggest reason why the wild beasts dared to start a war at this time was that the three strongest human fighters were gone.

After a hundred years of development, seven of the eight races had become Beast Kings. This was the confidence of the wild beasts.

The reason why the north side had sealed off the entire central region wasn't because they were afraid of losing the Bobo Tournament or losing face.

The people of the north were valiant. They were never afraid of failure, but they were afraid of losing confidence.

Boboc had received news from his spies in the central region that the strength of the central region should be far greater than that of the northern region.

The central government's policy was correct. They separated the royal family from the ordinary people and then communicated with them through outsiders.

This structure seemed simple, but it was actually extremely exquisite.

People with innate skills, whether they were royalty, leaders, or nobles, all faced a problem, which was the thinning of their bloodline and the reduction of their numbers.

The three parts chose completely different methods.

The nobles in the south didn't marry commoners, so their numbers were destined to decrease. However, their bloodline was very pure, and they retained the bloodline of their strongest period.

The practice in the north was to get as close to ordinary people as possible and marry them. This ensured that a large number of leaders would survive, but the bloodline was greatly diluted.

Although many people had innate skills, their innate skills had been assimilated and weakened over the generations.

Boboqi's generation still retained some purebred bloodlines. In the next generation, which was Bobosai's generation, the strength of their innate skills decreased, and most people's innate skills were similar.

The central continent's method of handling the situation was to separate the ordinary people from the royal family. There had always been competition between the royal family, and there would not be a situation where their strength would decline.

It was the same for ordinary people. They did not have the ceiling like the royal family. Their development was relatively balanced, and they had greater competitiveness and room for growth.

Outsiders were the cream of the crop among ordinary people. By marrying into the royal family, they could reduce the thinning of their bloodline to the greatest extent.

Now, it seemed that the characteristics of the three places.

The south retained the strength of the nobles, but the number of people was small. The ordinary people were not united, and their strength was uneven. In the north, the people were united, and their strength was higher than that of the south. They had more leaders, but their top-notch combat strength was not as good as that of the south and the central region.

In the central region, the outside world was managed by different cities, but the tradition of the central region made them united, and their overall strength was much higher than that of the south and north.

The royal family crushed the leaders and nobles. As long as the royal family did things properly, they would be united with the ordinary people.

Based on the battle strategy that the royal family had sent over, the central region was now an iron plate. If the humans could not defeat the wild beasts, then the last territory of the humans would definitely be the central region.

Most importantly, all the policies in the central region had only one weakness, and that was the lack of a leader like Supreme.

Elder Tang clearly knew this weakness, which was why he wanted to create a god. That was why he had MO Xiu and forced him to grow step by step.

When President Tang said that a general's achievements would make ten thousand bones wither, it should actually be changed to that of a god's descent into the world.

Up until now, Moxiu's performance had been extremely outstanding. In the past, his strength had not reached the standard. Recently, he had displayed his skills in the royal family. His strength could be said to be the best among the younger generation of mankind.

Moxiu was also the bridge between the imperial family and the outside world. This was the importance of Moxiu.

The entire human situation was like this. It was a little cruel, but it was the truth.

When the wild beasts invaded, the south and north might be defeated.

The beasts in the north were bears and turtles. One was extremely defensive, while the other was extremely offensive.

The north was facing a huge test. As the supreme commander of the north, Boboqi had suspected that the beasts were planning to invade long before the news came from the central region.

The first step he took was to seal off the news. At the beginning of the war, the three divisions would be too busy to take care of themselves and fight for themselves.

Blocking the news would allow the northerners to maintain their confidence. When war came, they would at least have the will to fight.

What Boboqi feared the most was that once the wild beasts invaded, no one would fight and everyone would run to the central region because the central region was the strongest, wasn't it?

If he did that, not only would he lose his territory in the north, but it would also affect the central region. Boboqi was selfish, but he was also aware of it.

This land was where he grew up, and he would not allow wild beasts to take it away so easily!

On the other side, MO Xiu flew back to Yan City on his sword without stopping. This time, it had been a few days since he went to see Mu Qingyi.

Xi Bei had already informed MO Xiu that the advance party could set off at any time.

After MO Xiu returned to Yan City, he went to the Strongest Group to take a look and found that everything was running normally.

He even went to the production site to take a look. MO Li worked day and night.

MO Xiu smiled.. This was probably the clone that had fainted the most, right?

Chapter 422: Old Lover (1)

Everything in the outside world was normal. There were no problems this time, and nothing could go wrong.

All the medicinal liquids were free of charge, and the government and society were providing subsidies to the workers. It could be said that the entire central continent was supporting Moxiu with one heart and one mind. What else could happen?

Mu Mu was no longer as tired as he was a few days ago. He greeted MO Xiu with a radiant face.

Cao Fenglin was different. He looked even more haggard than a few days ago. When he saw MO Xiu, he really wanted to go up and scold MO Xiu. In the end, he sighed and left.

Since everything was normal in the outside world, MO Xiu returned to the Imperial Family.

The first thing he did when he returned was, of course, to go to the Xi residence to have a meeting with all the entertainment teams.

Xi Bei was the only person in the meeting this time.

Other than MO Xiu, Li Ling 'er, Nong Zhang, Prince Xi, Bailey, and Rong Bang were all present.

Xi Bei handed out six backpacks to everyone.

There is a bottle of medicine in your backpack that can last you for a month. After you eat it, your body will emit a smell similar to that of a wild beast. The smell is very faint, and we humans can't smell it."

Also, about the types of wild beasts in the west and their general skills, don't think that just because there are only two races in the west, there are only one species. Some species have been enslaved. The society of wild beasts is even crueler than ours. It all depends on the size of a fist. There's no reason to speak of."

"Also, the main purpose of this operation is to investigate the strength of the wild beasts. The leader is Moxiu. Everyone in the team has to listen to Moxiu's orders. If anyone can't do it, don't go!"

Xi Bei was relying on MO Xiu's support. MO Xiu's strength had already been proven. Other than Li Ling 'er, everyone else had lost to MO Xiu.

However, MO Xiu had only joined the Imperial Family for a few months. He was still lacking in terms of age and qualifications. He was worried that others would not be convinced by MO Xiu, so he said this.

Xi Bei's worry was a little unnecessary. MO Xiu looked at the people around him. They were all very reasonable and had no enmity with him. They would definitely cooperate.

As Moxiu was weighing the pros and cons in his heart, he suddenly saw Bailey glaring at him fiercely.

How could he have forgotten about her? He had kicked her butt before. It seemed like Xi Bei had a point in saying these words.

Xi Bei continued, "There's nothing else to say. Remember, no matter what happens, safety is the most important. You can give up on the mission or even expose yourself, but please remember, you must return safely!"

Everyone nodded.

Xi Bei did not want to say too much. After all, the main purpose of their trip this time was to gain experience. If they encountered any problems, they should be able to solve them.

With someone like Moxiu, who had deep attainments in strategy, there shouldn't be any problems.

It was not Xi Bei's personality to give too many instructions.

"Alright, that's all I have to say. Do you have anything else to ask? If there are any needs or resources, I will try my best to coordinate them."

"We can't afford to make any mistakes in this matter," Moxiu said. "I suggest that we send someone to the western border to receive them to prevent any accidents."

After all, humans and beasts had not interacted for hundreds of years. No one knew how the beasts had developed.

Xi Bei nodded. "Don't worry. I can guarantee that if anything happens, you'll be safe as long as you step into human territory."

Moxiu was satisfied. He looked at the others and saw that they did not have any objections.

"Alright, since there are no other questions, then let's end the meeting!" Xi Bei said.

“Wait, I have a question!”

The one who spoke was Li Ling ‘er!

Li Ling ‘er’s words at this moment made MO Xiu feel a little strange.

“What’s the problem?” Xi Bei asked.

Li Ling ‘er pointed at her teammates and said, “”1 think our lineup is unreasonable!”

Xi Bei asked curiously,” Two warriors, two assassins, one mage, and a farm badge jack of all trades. How is that unreasonable?””

Li Ling ‘er covered her mouth and chuckled.” Hehe, Uncle Xi, you’ve already told me the configuration. Haven’t you noticed that the lineup is unreasonable?””

Xi Bei was stunned for a moment. The others also looked at Li Ling ‘er in confusion.

Only MO Xiu seemed to have guessed what Li Ling ‘er wanted to say.

Seeing that everyone was confused, Li Ling ‘er said,””Don’t you think that our team is lacking a Support? This mission is a very long one, and it is extremely dangerous. Who knows what kind of accident might happen, and there might even be a situation where you escape. A Support is very important, and it must be an excellent Support. Considering that Rong Bang is in the lineup, he can be used as a scout. I suggest finding a Healing Support.”

Li Ling ‘er’s words were reasonable and convincing.

However, all the opinions pointed to one point. An extremely outstanding healing-type support. According to the team’s selection rules, it still needed to be a young man. It seemed that there was no one else other than Zhuge Zhong.

Everyone present was enlightened. So Li Ling 'er was waiting here?

Li Ling 'er was a little depressed when she couldn't see Zhuge Zhong these days. She didn't expect that she would take advantage of the advance party to take advantage of the situation and take advantage of the situation to have a honeymoon trip with her old lover.

Xi Bei said,"Hahaha, Ling Er, so you were waiting for me here?" "We've considered this before. Motheo has a healing skill, and its effects are obvious. The cooldown time is short, so there's no need to add another Support. We've only tried to reduce the number of players because the survivability of a Support is relatively weak."

Li Ling 'er turned to look at MO Xiu, her eyes looking as if she wanted to eat MO Xiu.

Xi Bei continued," Since the problem has been raised, I'll try my best to solve it.

What's your opinion, MO Xiu?"

From Moxiu's point of view, the flexibility of the party was very important. Right now, there was no one in the party who was slow.

Even the Mage Bailey had a skill that increased speed. If Zhuge Zhong came, it was very likely that the mobility of the entire team would decrease.

However, there were pros and cons. MO Xiu had witnessed Zhuge Zhong's godly skill with his own eyes. He had saved Xiao Xinru. This was someone who had snatched someone from the hands of the Grim Reaper. At the critical moment, it was very likely that he had saved more than one person in the team.

"I think it's important to join such a person, but..." said MO Xiu.

Li Ling 'er's heart, which had just been relieved, rose again. She immediately continued to threaten MO Xiu.

But this person, I demand!”

“What request?” Xi Bei asked hurriedly.”

“It has to be someone from the Zhuge family. The others might become a burden to the team. The Zhuge family can save lives at critical moments, which is something that my skills can’t do.”

Good heavens. Xi Bei smiled. He thought that MO Xiu would say something different. He did not expect MO Xiu to firmly stand with Li Ling ‘er and even help Li Ling’ er narrow down the scope. He was just short of shouting,” I want

Zhuge Zhong..”

Chapter 423: You Don’t Have a Girlfriend, Right? 1

When Li Ling ‘er heard MO Xiu’s words, she heaved a sigh of relief.

MO Xiu also heaved a sigh of relief. He could feel that Li Ling ‘er’s heart had finally let go of her saber.

Li Ling ‘er looked at MO Xiu in satisfaction and nodded her head. It was as if she was saying,’ At least you’re sensible. I didn’t dote on you for nothing!’

Xi Bei thought for a moment and said,” Alright, since MO Xiu has agreed, let’s vote. As for the candidate, don’t beat around the bush. It’s Zhuge Zhong. Those who want Zhuge Zhong to join the team, raise your hand.””

MO Xiu, Li Ling ‘er, and Bailey were the first to raise their hands.

Xi Bei and Rong Bang did not react in time, but when they saw everyone raise their hands, they raised their hands as well.

Nong Zhang was the only one who was absent-minded. No one knew what he was thinking. Bailey, who was sitting beside him, elbowed him. Only then did he see everyone raise their hands. He quickly followed everyone and raised his hands!

All votes passed!

Xi Bei was helpless. This group of people really knew how to give him a difficult problem.

"Alright, since you guys are so supportive of Li Ling 'er, I'll go to the Zhuge family and meet Old Zhuge."

"Thank you, Uncle Xi!" Li Ling 'er immediately said."

MO Xiu quickly pulled Li Ling 'er and whispered,""Alright, that's a little too much!"

Li Ling 'er also realized it. She rolled her eyes and said, "Oh."

MO Xiu said," Uncle Xi, you can't put it that way. We're not only helping Li Ling 'er, but we're also thinking for ourselves. After all, with Zhuge Zhong around, it's equivalent to each of us having two lives, isn't it?"

Xi Bei stood up and said," You guys really know how to give me a difficult problem. I'll make a trip to the Zhuge family now. Oh right, you can decide on the time of departure and return. I won't interfere.""

With that, Xi Bei walked out of the room, leaving only six people in the room. "Do we still need to have a small meeting?" asked Moxiu. I don't think it's necessary. Let's set a departure date."

"I can do it anytime," said Prince Xi."

The others also expressed their opinions and expressed that they could set off at any time.

Monet thought for a moment. Since everyone was ready for battle, there was no time to lose.

“Tomorrow then ! ”

The others had no objections. Only Li Ling ‘er said, ””Tomorrow? Wasn’t time too tight? What if Uncle Xi couldn’t come to an agreement?”

Don’t worry,” MO Xiu said.” Don’t you see Uncle Xi’s current status? As long as Uncle Xi says it, the Zhuge family will agree. Besides, the more time we have, the higher the success rate.””

Li Ling ‘er hugged MO Xiu and said, ””Moxiu, you’re the best. At the critical moment, you still have to be your own family.”

Bailey coughed and said, “Ahem, what’s so good about this brat?” Besides, which one of us didn’t raise our hands for you just now?”

Li Ling ‘er quickly thanked him.

“Alright, thank you.”

MO Xiu had always felt that there was something strange between Li Ling ‘er and Zhuge Zhong.

Li Ling ‘er had a lot of partners. After a few interactions, she didn’t seem to be someone who would fall in love. Why was she so concerned about Zhuge Zhong?

The date was set. The advance party would set off tomorrow, July 18th, to the wild beast territory in the west.

After the meeting ended, everyone went back to their respective rooms. MO Xiu also went back to his room.

Looking at the time, it was only noon. Moxiu took out the notebook from his backpack and began to read it carefully.

This information was left behind a hundred years ago, and there was no way to verify whether many of the things on it were correct or not.

After such a long time, it was unknown if the habits of the wild beasts had changed. Therefore, the information should not be of much use. It would also give people a fixed impression and affect their temporary judgment.

Even so, Moxiu still looked at it seriously. Perhaps there was a detail that would be useful in the future.

This time, all of his teammates were outstanding. There was only one person that made Moxiu worried, and that was Nong Zhang.

Nong Zhang was a natural-born battle maniac, which was compatible with the farmer's innate skill.

This trip to the wild beast territory wasn't a test of strength. Or rather, Moxiu didn't want to use his strength because once they fought, they would be exposed and everyone would be in extreme danger.

The real test of the acting skills, the on-the-spot strain of the ability, and the information collection of the ability.

These were all things that Moxiu was good at. Li Ling 'er, King Xi, Bailey, and Zhuge Zhong should have no problem with them.

As for Rong Bang, since he could turn invisible, he did not need to worry about this.

Only Nong Zhang was easy to find.

It was impossible for Xi Bei not to have considered this point, but even though Nong Zhang had many uncertainties, Xi Bei and MO Xiu still put him in the lineup.

It was to add insurance!

The plan was to send a small party to the periphery of the beast camp. They would try not to go deep and not come into contact with powerful beasts.

However, if they encountered a wild beast that Moxiu and the others could not fight against, it might even be a Beast King.

Then, the Farming Stamp would be triggered. The Farming Stamp's innate skill was to copy two skills of a target.

Most wild beasts only had one skill that could grow, and a small number of them had multiple skills.

Nong Zhang had always been strong against strong opponents. Moreover, he could be said to be all-rounded in combat. He was like a jack of all trades. In addition, wild beasts had relatively few skills.

This was a form of insurance to prevent the team from encountering a Beast King and being completely wiped out.

He thought about everyone in the team and thought about the plan.

He kept flipping through the notes in his hands, trying to obtain useful information from them.

Just like that, the entire afternoon passed. MO Xiu sat in his original spot without moving.

Thinking about the fact that they were about to enter the territory of the wild beasts, and that Little Fushun had left from the west, could they find Little Fushun's whereabouts?

He wondered how Xiaofu was doing. The cats were far away in the east, how was he going to get back?

No matter how much he thought about it, he still felt that it would be fine as long as he heard that Little Fushun was safe.

So what if they met? If they were enemies, would Little Fushun jump into his arms like before, or would he fight as an enemy?

Moxiu wasn't sure either. After all, this was a barrier between races.

During this period of time, MO Xiu thought of Mu Qingyi. Mu Qingyi did not come back with him, and it had always been a sore spot in his heart.

He shook his head. His thoughts were in a mess.

"What's wrong? Do you have any troubles?"

A familiar voice entered Moxiu's ears. He suddenly raised his head and saw another person whom he had missed.

Elder Tang!

"Master!"

The moment MO Xiu saw Elder Tang, he could not help but feel his heart ache.

Mr. Tang was in a very bad state. His tone was normal, but he looked dispirited, like an old man who could die at any time.

Elder Tang saw Moxiu's worried expression and said with a smile, 'Mo Xiu, don't worry. I still have oil in my body. You, on the other hand, will embarrass me. You went to the north to look for that girl and was rejected. If I were you, I would carry her back.'

“Um...As far as I know, you don’t have a girlfriend yet, right?”

Chapter 424: The Last Oil (1)

“As far as I know, you don’t have a girlfriend yet, right?”

Elder Tang was immediately unwilling when he heard this. He knocked MO Xiu on the head.

“Aiyo!”

“Are you mocking me?”

‘ Master, you’re being too serious,” Moxiu said.” You can’t say that I’m mocking you. Aren’t I speaking the truth?’”

“Tsk!” Elder Tang curled his lips and said. When I was young, there were many people looking for me.”

“Alright, whatever you say. Anyvay, I don’t have a girlfriend now.”

It wasn’t that MO Xiu was talkative, but he really didn’t want to talk about serious matters with Elder Tang. It was inevitable that he would feel a little sad.

“I have nothing to tell you this time. You’ve done a good job, and I’m very satisfied. You can think about the rest by yourself. It seems like it’s always been like this, hahaha.””

“Is the situation of the wild beasts and humans very bad?” Moxiu asked.”

Elder Tang nodded and said,” Yes, it’s worse than you think. The wild beasts want us to cede territory. You know that ceding territory is only to delay the invasion of the wild beasts. It’s useless. After many

probing, I found that the wild beasts have been preparing for war for a long time. It's inevitable to start a war.'"

"Since we've decided to invade, what are the beasts waiting for?" Moxiu asked.

Is he deploying?"

"That's right. According to my observation, it's possible that there's a spy among the humans. I forgot to tell you that the last time Qiu Chunxia launched a hot weapons war, it was secretly supported by the beasts."

"Why didn't the wild beasts attack during the chaos last time? Did you stop

It's partly because of me," said Elder Tang." I had a fight with the ape king at that time, but the main reason was because of you.'"

"Is it because we defeated Qiu Chunxia so quickly?" asked MO Xiu."

' No, you're wrong about the timing. The time when the beasts want to invade is after the war with firearms. The entire central continent is in a period of turmoil and has gone through a round of consumption. This is the most suitable time. If we attack at the beginning of the outbreak of firearms, the humans will immediately unite against the outside world. Not only will it not have the best effect, but it might also help the central continent resolve the internal strife."

Moxiu was a little surprised. Of course, he had thought of this, but he really didn't expect Wild Beast to consider this step.

The intelligence of wild beasts had reached a very high stage. They were no longer the wild beasts that were aggressive and impulsive a hundred years ago.

To be able to come to such a conclusion, it meant that the beast had analyzed and understood human psychology and habits.

This was a very terrifying thing. It was very likely that when Beast signed the contract a hundred years ago, he had already begun to prepare for the next war.

So, it was because of the firearms that the central region was affected to the lowest extent,” Motheo said.” That’s why Beast gave up on that opportunity, right?””

“That’s right. The central continent was very united at that time. Moreover, during the war with firearms, the royal family didn’t make a move. The wild beasts couldn’t estimate the strength of the royal family, so they didn’t dare to attack rashly.”

So that was how it was!

This solved the question in Moxiu’s heart. The imperial family did not make a move because the manager did not allow it.

This was something that MO Xiu and Elder You had learned from their conversation. At that time, they had only thought that Elder Tang did not allow the imperial family to make a move because he wanted to train himself.

Now it seemed that Master Tang’s situation was bigger than his. It was not that he did not want to care about the firearms, but there were too many things that needed to be restrained in the face of wild beasts.

Elder Tang should have known that he had a complete plan at that time. If the royal family had solved the problem with violence, the final effect might not have been as good as it was now.

Moreover, there would be many problems after the royal family moved out. The most important thing was that when the royal family came to the outside world, the restrictions that the managers had on them would become too small and there would be too much uncertainty.

Then, he had to guard against wild beasts gathering information.

If the force they sent out was too small, and the beasts felt that the central region did not have much strength, they might immediately attack.

At that time, if Tang Lai had fought, it was very likely that he would have lured the enemy deep in and let the wild beasts relax their vigilance.

However, at that time, the humans did not have the right time, the right place, and the right people. They were not prepared to fight.

Elder Tang would never allow a war to break out. Moxiu felt that he had already seen the big picture at that time, but he was still slightly inferior to Elder Tang. After all, he had not come into contact with that point.

Thinking about it, he felt that it was ridiculous. At that time, it was because Elder Tang and the imperial family did not make a move to question Elder Tang.

At that time, Mr. Tang did not explain too much. He admitted that he had the intention to cultivate himself. It seemed that he still had a lot to cultivate.

“Why aren’t you saying anything?” Elder Tang asked. ”

MO Xiu shook his head.” It’s nothing. I just figured out a lot of things.””

Just now, he was joking that Mr. Tang had a girlfriend, but why didn’t he have a girlfriend? He had sacrificed his entire life for the central continent and for humanity.

Elder Tang seemed to have read something from Moxiu’s eyes.

“You don’t have to pity me, this is what I should do. My master once said to me that those who are capable should bear more responsibilities. I used to think that it was very reasonable, but it was only when I saw you go to the north alone for Mu Qingyi that I understood. It was simply bullsh * t. If you had the ability, you had to dare to love and hate. Only then could you be called a

person.”

“Master, isn’t it inappropriate for you to say that about your master?” MO Xiu whispered.”

Elder Tang laughed and said, “Hahahaha, what does it matter? He can’t hear us!

” Then when you can’t hear me...”

“How dare you!”

The pair of master and disciple began to chat and tease again. It was unknown how many times they had chatted like this with Master Tang.

Moxiu, who had let down all his wariness, felt that this was the most relaxed and joyful time.

It was late at night when Elder Tang looked at the time and said,””Alright, let’s stop here. I should go.”

“Where are you going?” MO Xiu asked despite knowing the answer.”

Elder Tang looked out of the window and said,”I’m going to meet my old friends and burn the last of my oil. ””

“Master!”

Elder Tang made an unexpected move in front of Moxiu. He opened his arms.

MO Xiu understood what Elder Tang meant. Although he was a little surprised, he still hugged Elder Tang.

Mr. Tang disappeared into his arms. MO Xiu had a strong feeling that this might be the last time he would see Mr. Tang.

“You’re still you. Aren’t you going to give me a few words?”

Moxiu’s arms hugged tightly as he realized that there was something in his arms.

He picked it up and took a look. A notebook?

Why are they notes again?

These few days, Moxiu had obtained quite a number of notes. It was likely that Elder Tang knew that he was going to the territory of the wild beasts and had compiled the information for him, right?

This was the notebook of Old Master Tang, who had been in contact with wild beasts. The information inside would definitely be much more accurate and practical than the one Xi Bei had given him.

Moxiu was eager to give it a try. He was prepared to spend the night reading through this notebook. It would be of some help to his schedule tomorrow.

He flipped through the first page.

“September 12th. The sky is accompanied by a gentle breeze and the clouds are red. ”

“F * ck! It’s actually a diary!”

Chapter 425: Witnesses (1)

" The biggest event today is the meteorite codenamed 'God of Destruction'. During its fall, the' destroyer 'that was originally larger than the moon disintegrated. The main body fell at the border of our country, and the rest were divided into eighteen larger gravel and 108 smaller gravel, scattered throughout Asia and the ocean.

The news had been reporting about this a few days ago, saying that the saboteurs could raze the entire Asia to the ground. The probability was an astonishing 30%, and the remaining 70% was that the meteorite would disintegrate after entering the atmosphere. The specific damage to the country was still unknown.

This caused many people to think of ways to escape.

Fortunately, the seemingly terrifying saboteurs were just paper tigers. They did not cause many casualties, and their families were safe.

However, something strange happened. A small rock hit me. The speed of the rock was too fast. I didn't have time to dodge. The strange thing was that the rock disappeared the moment it touched me.

She wanted to take it home as a souvenir, but she couldn't find it for a long time. It disappeared just like that."

"September 13th. Windless, cloudless.

The news was out. There were 18 large rocks, three of which landed in our country, and 67 of which landed in our country. However, there was no trace of a single rock. It seemed that what happened yesterday was not an illusion. The rocks had really disappeared.

The main body of the meteorite was 50 meters long. Such a big " destroyer " would only be this big when it landed on the ground. The news said that the meteorite was suspected to have radiation and had already sealed off the scene for investigation."

' September 16th, heavy rain.

The rain today was too heavy, so heavy that it was scary. There was no wind or thunder, only rain.

Fortunately, I live on the sixth floor. Looking at the situation outside, the third floor and below are flooded. The coastal cities are the most affected.”

“September 17th, the rain hasn’t stopped.

Many people were living in the corridor, and our house was filled with people. Now, everyone was panicking because I was still young, only twelve years old.

Everyone could take care of me.”

“September 18th, the rain finally stopped.

However, it was difficult to drain the water quickly in low-lying areas, and there were still many people in the house.”

“September 20th, the wind and rain have calmed down.

The country is very strong. Even if it is such a disaster, it can quickly recover its vitality. Other than the fact that the water in the low-lying areas has almost been drained, our family has been in a mess recently. We have been cleaning up the whole day.”

“21st September, the sun is high in the sky.

The heavy rain seems to irritate the scorching sun, or the scorching sun helps us clear the stagnant water, today it’s too hot, it’s too hot. Just now, a golden light flashed. For some reason, it was unknown.” “September 22nd.

The news was out. The golden light came from a meteorite. The golden light covered a very large area. It was said that it could cover the entire world. Now, people were panicking and the weather was

abnormal. Coupled with the golden light this time, many people called the "destroyer" the god of plague." "September 23rd.

There's someone who can use his special ability to fly in the sky. It feels so cool. Why don't I have it? Even some dogs can fly."

"September 24th.

I also have five abilities, but why is there still a cooldown time? It's a little like a skill in a game."

"September 30th.

The animals in the zoo went out of control, and humans seemed to have changed after they obtained their abilities. They began to do whatever they wanted. The entire city, no! The whole world is in chaos, and I'm separated from my parents. What should I do?"

"October 20th.

He had received the news that his parents were dead. Humans were in chaos and wild beasts were running amok everywhere. There was no safe place." "October 27th.

When we met Li Qing, we were all alone. We didn't have a direction, but I hope we can become each other's hope."

"15th November.

Li Qing was seriously injured. If she was gone, would there be a need for me to live?"

"November 21st.

Today was a good day. Li Qing's injuries had recovered. All of Asia's humans had formed an alliance to fight against wild beasts. They really did not expect that the animals that were once human pets and locked in cages in the park would become the greatest enemy of humans."

"30th November.

The wild beasts were too powerful. It seemed that it would be difficult to defeat them in a short period of time. The source of everything was that meteorite. It really lived up to its name as the destroyer.

Also, I miss you, Dad, Mom!"

MO Xiu read every word seriously, and before he knew it, it was morning.

He gently closed the diary.

This diary was actually left behind when the meteorite 'first' landed on the human world more than a hundred years ago.

It seemed that Master Tang had a special method to preserve it. He must care about this diary very much, right?

The first few pages had been torn out. Perhaps Mr. Tang didn't want her to see his chuunibyou temperament when he was young?

This was a diary, or rather, a first-person historical record.

Moxiu didn't know much about the history of the meteorite landing until the end of the war. He could read it in detail when he had the time.

Master Tang was only 12 years old at that time. He was a young man facing the end of the world, facing that kind of disaster.

After his parents left, MO Xiu was filled with admiration for him. He was truly amazing.

As far as he was concerned, not only did he see the restoration of this period of history and Mr. Tang's mood, but he also saw some more important information.

The meteorite

If it didn't land in the ocean, how could it be obtained by the Sea Tribe? The Sea Tribe had come ashore?

Once the Sea Tribe came ashore, it would be a devastating disaster for both beasts and humans.

Also, after the meteorite was disintegrated, it was divided into a main body, 18 large fragments, and 108 small fragments.

These small fragments disappeared after falling to the ground. One of the small fragments even hit Mr. Tang.

Mr. Tang later said that he had five skills. Mr. Tang, who did not belong to the royal family, had a fifth skill. Was it related to this fragment?

The people or animals that were hit by the shards would become extremely terrifying.

This was MO Xiu's guess. After so much time had passed, there was naturally no way to verify it.

There were also a few interesting points. For example, when a meteorite fell on the human world, it first caused the world to change, and then it began to change. This was somewhat different from what the books taught.

The rise of the wild beasts seemed to have taken some time. The reason why humans were heavily injured was not only because of the wild beasts.

Also, when humans obtained skills, they gradually became arrogant and lost their rationality. They slowly did not abide by the law, and the entire society was in chaos.

It was similar to the firearms incident.

The internal disintegration, coupled with the united resistance of the beasts, had led humans to that state.

At that time, Elder Tang was definitely considered to be extremely talented.

The first generation of people with skills, regardless of age, had all their skills awakened.

Tang Lao was only twelve years old at that time, but he already had five skills.. It was simply unimaginable!

Chapter 426: Set Off!

7th month, 18th day, early morning.

As they were about to set off, Moxiu packed up. This time, they needed to prepare a lot of things to enter the wild beast territory, but it was best to travel light.

Xi Bei and Elder Tang did not give any instructions. On this trip, they had to figure out almost everything themselves. N velB n: Unleashing Imagination, One Read at a Time.

Bringing too many things would inevitably arouse suspicion, so MO Xiu only brought the bottle of medicine, Black Phosphorus, and Elder Tang's diary with him. He didn't bring anything else.

As for food and other consumables, there was no need to bring them along. They could easily buy them in the human territory along the way. After entering the beast territory, they had to do as the locals did. Otherwise, how could they hide?

MO Xiu went straight to the rooftop connected to the bronze mirror and waited for the others to arrive. This was what they had agreed upon beforehand.

He stood on the rooftop alone and looked at the time. There was still half an hour left. It seemed that he had come early.

Walking to the edge of this huge rooftop, one could see the entire royal family from here. When he first came here, he was shocked by this scene.

Now, it seemed that he was still shocked, but this time, the shock was different.

Before this, the Royal Space was a spectacular sight. This time, it was a sigh. Such a large Royal Space had a building with a refresh function, but it was actually Old White's skill.

According to her mother, before she escaped from the royal family, the royal family's space was not like this. There were not so many tall buildings, and the exits were not so hidden.

In other words, in these ten years, Lao Bai's skills had leveled up again.

What kind of motivation was supporting Lao Bai?

His body should have run out of oil a long time ago. He was still studying skills and perfecting the Royal Space.

This time, Mr. Tang came back to see the three old friends of the manager.

How long could Old Bai and Old Du last when Old Tang explained everything and the entire imperial family was mobilized to fight the enemy?

What would Old You, who had lost his best friend, do?

MO Xiu's guess was correct. Elder Tang had returned for three things.

The first thing he wanted to do was to meet MO Xiu and pass the diary to him.

The second thing was to visit his old friends and catch up. There was a third thing that Master Tang was doing...

"MO Xiu! You're here so early?"

MO Xiu returned to his senses and turned around to look at Prince Xi.

Prince Xi's education was a perfect fit for his character to fight against wild beasts. It was very likely that he had been preparing for this since he was young.

Everything he did was limited to considering the interests of humans. Even in his battle with Moxiu, he considered who was stronger against wild beasts.

He was the person that Moxiu trusted the most and was the most at ease in the entire team. Moxiu even felt that sometimes, his decisions would be more accurate than his own.

This was because he would consider many things and consider many factors.

Prince Xi would not do so at all. He would only do things that were beneficial to mankind.

Moxiu had predicted that after entering the wild beast territory, the group of seven would have a bigger target. They would likely split up in the early stages, and King Xi would be the best candidate to be the leader of the other team. Prince Xi and MO Xiu were traveling lightly, and it seemed like they had brought even less than MO Xiu.

Prince Xi was a good teammate, but he would not be a good friend. People like him who had almost no selfish desires were boring and difficult to communicate with.

The two of them stood side by side and did not chat. MO Xiu had nothing to talk about with him.

The third person to come was Rong Bang.

Rong Bang was the key to this mission. They could be completely invisible. As long as they were careful, it would be difficult to expose themselves. He was the most convenient person to gather information.

The fourth was Nong Zhang.

Nong Zhang had shaved his beard and cut his hair. He looked like he had dressed up meticulously. Not only did he not look sloppy, but he also looked very handsome.

Rong Bang and Nong Zhang also chose to travel light. Nong Zhang simply did not take anything and only took the bottle of medicine.

Rong Bang carried a small backpack. He could turn invisible, so carrying a backpack was nothing.

Next were Li Ling 'er and Zhuge Zhong.

The two of them were together. Seeing Li Ling 'er's satisfied expression, MO Xiu didn't know what to say.

Zhuge Zhong was carrying a backpack. It was said that it contained all the necessary things, so MO Xiu did not ask further.

Although Li Ling 'er was a woman, she didn't take anything. As an assassin, lightness was engraved in her bones.

The last one to arrive was Bailey.

Bailey was different from everyone else. She dragged two suitcases up.

Moxiu felt a headache coming on. When Bailey approached, he asked, ""What's in these two suitcases? It's not suitable for us to bring too many things!"

Bailey nodded and said calmly, ""I know. That's why I've reduced it to these."

'You can't bring so many," Moxiu said." We're not going on a vacation. You'll be exposed if you carry two suitcases.'""

Bailey had been holding a grudge against Moxiu for kicking her butt. However, in this situation, Moxiu was the captain. She knew what was more important, so she did not resist.

"These are all my clothes to change into. They're all useful things. How about this? I'll bring less, just a suitcase, okay?""

MO Xiu shook his head. Clearly, it was still not possible.

Bailey's face was full of tears. She hesitated for a while and seemed to have made a difficult decision.

"Then I'll also be given a bag like Zhuge Zhong's, right?"

MO Xiu still shook his head and pointed at Rong Bang. ""You can carry a backpack like Rongbang."

Bailey couldn't take it anymore. She pointed at Moxiu and scolded, ""Mo Xiu, you brat, I've already given you a lot of face. Don't go too far! Zhuge Zhongdu could carry a big bag, so why couldn't I? Rong Bang's bag could only hold one piece of clothing."

‘Zhuge Zhong is our doctor,’ MO Xiu replied. ‘He’s also our logistics officer. He brought more things with him in case of emergency. What’s the use of you bringing so many clothes?’ We lost the territory of the wild beasts to carry out the mission. It’s extremely dangerous. It’s not like we’re going to a beauty contest!’

“Are you saying that I don’t know what’s good for me?” Bailey still refused to let it go.” Moxiu smiled and nodded.”

“I disagree!”

“Alright, there are differences in opinions between the team members and the captain. Let’s vote.”

In the sky, Moxiu summoned his Holy Sword and brought a few people with him. King Xi and Nong Zhang could fly by themselves.

This time, they chose to fly in the air to prevent the spies in the human territory from spreading the news.

They could also escape the sight of wild beasts and enter their territory directly.

There were also fewer wild beasts that could fly. The main tribe, the phoenix tribe, was in the south, so the probability of being discovered in the air was very small.

As the seven of them flew, everyone was filled with anticipation for this mission. After all, wild beasts were very mysterious to this generation.

Only one person was unhappy, and that was Bailey, who was carrying a small bag.

The more she looked at Xiao Bao, the angrier she got. In the voting just now, not a single person supported her. All of them supported Moxiu’s decision.

She felt isolated!

Chapter 427: One Kneel!

At the same time that Moxiu's group set off, something happened to the Li family.

In the early morning, a figure appeared in front of the Li family's door. He did not knock on the door and just stood there motionlessly.

This person was Mr. Tang. At this moment, he was looking at the Li family building with a serious expression.

Some of the Li family members had already seen this strange old man, but they didn't recognize Master Tang.

Master Tang's exposure was very low. Only a portion of Shun City knew him, and some older people knew him.

Mr. Tang was standing in the public area, so no one talked to him.

When Li Ling 'er left the room, she saw Master Tang.

"Elder Tang? Why are you here? Are you here to look for my grandfather?"

"Kid, don't ask so many questions. Go meet up with Moxiu and prepare to set off." Elder Tang smiled.

Li Ling 'er saw that Elder Tang didn't want to talk to her, so she left.

After being seen by Li Ling 'er, Master Tang finally moved. He slowly walked to the door and officially paid a visit.

A person of Mr. Tang's level would definitely receive the best treatment when he came to the Li family. Li Xin immediately ran down to welcome him personally.

"Oh, Elder Tang, you're here. Welcome. I was wondering how I could see you. I didn't expect you to come so soon,"

Compared to Li Xin's hustle and bustle, Mr. Tang's tone was very calm and somewhat powerless.

"Don't be in a hurry to welcome me. If I tell you why I'm here, you might kick me out."

Li Xin hesitated for a moment. What did Mr. Tang mean by this?

Li Xin didn't know how to respond to Mr. Tang's words. It wasn't Li Xin's character to immediately say that she couldn't kick him out. Li Xin hesitated for a moment and asked, "Then why are you here this time?" "Take me to see Li Yuan, that child!" Mr. Tang stopped and said.

Hearing Li Yuan's name, Li Xin's mind went blank. Why was she looking for Li Yuan? Could it be...

Li Xin didn't say anything else because he seemed to have guessed the purpose of Mr. Tang's visit.

The two of them walked all the way to Li Yuan's room. Li Xin knocked on the door.

Soon, Li Yuan opened the door and was surprised to see the two of them. "Dad! Elder Tang? What was this? Come in first!"

The two of them entered Li Yuan's room together. The moment the door was closed, Mr. Tang knelt in front of Li Yuan.

Neither Li Yuan nor Li Xin expected Elder Tang to do this. Who was Elder Tang? It wouldn't be an exaggeration to say that they were the most authoritative people in the entire central region.

Li Yuan immediately went forward to help him up, but Master Tang did not move at all.

Even if Mr. Tang had done something wrong to Li Yuan, this was a little too much.

Li Xin saw that Li Yuan didn't get up, so she went up to help her up.

Unexpectedly, even with Li Xin's strength, she couldn't help Mr. Tang up.

Elder Tang sighed heavily and said, "Sigh! Don't help me up. Let me finish my sentence on my knees."

Li Xin and Li Yuan still wanted to help Mr. Tang up, but Mr. Tang insisted on not getting up. There was nothing they could do.

Li Yuan could only kneel in front of Mr. Tang to return the greeting.

"Elder Tang, I can roughly guess what you want to say to me. Seeing how outstanding MO Xiu is now, I don't blame you."

Mr. Tang shook his head and said never done anything wrong in my life, but I've let down two people. The first one is gone, so I can't apologize.

Li Yuan, you're the second one, and you've been a sore spot for me for so many years."

"I was the one who took you away back then. I ruined your life. Otherwise, with your looks and talent, you could have found a good home in the Imperial Family. Now, you might be the envy of everyone. Sigh, I'm really...sorry."

Li Yuan was still as calm as ever, but the tears at the corners of her eyes could not fool anyone.

Li Yuan was only 18 years old when she left. She was still a young girl at that time. How could she not fantasize about her future Prince Charming?

When Mr. Tang said that he was looking for Li Yuan, Li Xin had already guessed a little. Now that she heard it, she was more or less mentally prepared, but at this time, her face was still stern.

“Elder Tang, since you took my daughter away, then MO Xiu’s father...” Li Xin said.

“I know what you want to ask. Moxiu’s father isn’t me. Don’t worry, I won’t do anything like that, even though I’m not much better.” Elder Tang smiled.

“Who is that?” Li Xin asked. Since you’re here to apologize this time, you should make it clear. You can’t let my daughter be confused for the rest of her life, right?”

Even if he was facing Mr. Tang, even if he knew that Mr. Tang might be doing this to contribute to mankind, because Mr. Tang’s life was like this.

Li Xin still couldn’t control her emotions. It was her daughter and grandson who were suffering. As long as Li Yuan did not hold it against him, this matter could be forgotten. After all, so many years had passed and the family had been reunited. However, they had to make things clear.

Li Yuan could tell that her father’s tone was not very good. She said, “Dad, it’s all in the past. It doesn’t matter who that person is. I don’t want to know either.”

So what if he knew?

Li Xin was still unwilling to give up. She asked, “Elder Tang, you’re a senior and I respect you very much. If you didn’t come today, this matter would have ended. I also admire your courage to apologize. I just want to know who MO Xiu’s father is.”

Elder Tang looked at Li Yuan and said, “Child, you can pursue your own happiness now. I understand MO Xiu. He won’t blame you.”

“Mr. Tang, please answer my question. You want my daughter to get married just to make yourself feel better, right?” Li Xin frowned.”

“Li Xin, I’ll have a few words with Li Yuan first. I’ll talk to you alone later.””

Li Xin was not an unreasonable person. Since Mr. Tang had already said so, she did not ask anymore.

“My child...” Mr. Tang continued.

Before he came back, Old Master Tang had been thinking about how to tell Li

Yuan, even before he entered the Li family.

She thought about it for a long time but didn’t say it out loud.

What was the use of saying it?

He had ruined her life. Could he make up for it no matter how nicely he said it?

Li Yuan said,” Mr. Tang, I’m past the age where I yearn for love. Now, I have a father, a brother, and a junior in the Li family. MO Xiu also comes back to visit me often. I’m very satisfied. Marriage in the royal family is never free. If it weren’t for MO Xiu, I might not have had love. Besides, MO Xiu is really sensible. I have to thank you for having such an outstanding son.””

Mr. Tang was ashamed. He was originally here to apologize, but how did Li Yuan persuade him?

“Hahaha, Li Yuan, MO Xiu really has a good mother.”

After saying this, the three people present fell silent. Master Tang knelt like this until noon.

When it was almost time, he slowly got up and said to Li Yuan, "I know that my apology won't change anything. It will only make me feel better. In the end, I'm still selfish. "

Li Yuan said with tears in her eyes, "I feel a lot better in my heart..""

Chapter 428: Li Xin's Guess

Mr. Tang and Li Xin walked out of Li Yuan's room.

Seeing that Master Tang had no intention of leaving, Li Xin was not in a hurry.

She said, "Mr. Tang, let's go to my room."

Mr. Tang nodded and followed Li Xin to his room.

The two of them could be said to be MO Xiu's two most important elders other than his mother.

There was no need to say anything more about Elder Tang. Ever since MO Xiu had awakened, Elder Tang's shadow was present in every step he took. As for Li Xin, MO Xiu hadn't spent much time with his grandfather. They hadn't even recognized each other for more than a year.

However, MO Xiu could truly feel his grandfather's love for him.

Putting aside the fact that his grandfather would grant all requests, just the matter with the Ouyang family back then, his grandfather had directly gone against the Ouyang family for MO Xiu.

MO Xiu had never felt such love since he was young.

MO Xiu didn't say anything, but he was still very touched.

Now that the two of them were in the same room, if they were to fight, Moxiu really didn't know who to help.

Li Xin was the first to speak.

"Elder Tang, how is it? Can you tell me now?" "I can't say!" Old Master Tang shook his head."

Li Xin was a little angry. Wasn't this just a prank?

"Mr. Tang, I don't understand what you mean. Don't you want to tell me?"

"I used to call your grandfather Old Li, but he's no longer around. Sigh, what a pity." Elder Tang smiled."

"Mr. Tang, even if you don't want to talk about it, you don't have to bring up my grandfather, right?"

Mr. Tang took out a piece of paper from his pocket and handed it to Li Xin. "Take a look at this. It has your grandfather's signature."

Li Xin took the piece of paper. It was a simple agreement. At the end, there was indeed his grandfather's name.

There were very few words on it. Li Xin read it several times, and the more she read, the more frightened she became. In the end, she cried out in shock.

"F * ck!"

"Although it's a little inhumane, your grandfather agrees with Li Yuan's matter," said Master Tang faintly."

But when Li Yuan was born, my grandfather was no longer around," Li Xin whispered." How did you choose Li Yuan?"

Master Tang read the last part of the paper and said, "Do you see it? Your grandfather wasn't the only one who signed it. There were others. I chose Li Yuan, so I feel like I owe her."

"But, why did Old Tang choose these families? What was the basis? Could it be!

Could it be that the Elder of Heavenly Secrets did it?"

"That's right. Do you still want an explanation?" Elder Tang nodded."

Li Xin rolled her eyes and said,""If that's the case, I really don't have any complaints. It's just that Li Yuan has suffered."

"Yeah, why don't you persuade Li Yuan to get married?"

Putting down the grudge in her heart, Li Xin completely relaxed.

"My daughter is very stubborn. I can't persuade her. If that's the case, then wouldn't that be...

"That's true and that's not true," said Elder Tang."Mo Yuefu will tell you the exact situation with the answer."

"Understood," Li Xin said." I've been talking about this. Actually, I want to ask about the situation on Beast's side.""

"I'm not too sure about the situation on the wild beasts' side either. They've already stopped negotiating with me. Moreover, the Ape King and the Fox King are watching me too closely. I can't enter the wild beasts' territory." Li Xin nodded thoughtfully.

“Then are you back this time to take charge of the situation?”

Mr. Tang smiled, a self-deprecating smile on his face.

“I’m already so old. How can I manage the situation? His body was no longer able to take it, and not many people would listen to him when he was old. The great banner of humanity had long been handed over to Moxiu, but he hadn’t realized it before.”

Li Xin was a little proud of herself when MO Xiu was mentioned. This grandson of hers had never disappointed anyone.

“Then what do you want to do this time?”

Mr. Tang stood up and walked to the door. “Burn off the last bit of oil in my body and make a final contribution to the central continent.” Li Xin didn’t reply and just watched Mr. Tang leave.

According to Mr. Tang, this might be the last time he came back.

When she looked down at the paper in her hand, she realized that she had not returned it to Mr. Tang.

Li Xin immediately chased after him, but Mr. Tang had already disappeared.

He could only take the piece of paper back to his room, sit on the chair, and read the contents of the paper again.

“Bloodline continuation agreement.

In order to continue the high-quality bloodline, they might choose descendants from various royal families to continue.”

There were only a few words written on such an old piece of paper, and there were more than ten signatures left.

Due to the passage of time, the signature was a little blurry, but Li Xin still saw her grandfather's name at a glance.

Li Xin read this sentence five times before she understood what it meant.

At first glance, it was inexplicable. Was the Li family's bloodline not good enough? Why did it seem like a compromise for a better bloodline?

After thinking about it carefully, he understood that this was to choose the best person from the royal family to continue the bloodline.

Then there was only one possibility for this bloodline. It was the strongest group of people back then.

Behind Wu Shang was the group of people from the Imperial Family.

His grandfather had once said that the royal family was chosen by the heavens to protect mankind. There was also a group of people who were chosen by the heavens. They were the true experts.

In other words, Moxiu was very likely to be the continuation of these people's bloodline. Thinking further, was it possible that he was the supreme descendant?

All the records related to Wu Shang indicated that Wu Shang was a saint. He had no wife or children all his life and only did things that were beneficial to mankind. He was somewhat similar to Old Master Tang.

However, wasn't it beneficial for mankind to leave behind descendants for all mankind?

Moreover, Li Yuan's disappearance was personally planned by Master Tang. It was very likely that it was Supreme.

If Supreme had a descendant back then, it would have had a greater chance of winning this war.

Looking at Moxiu, the six skills that had caused a commotion a while ago had all kinds of skills. This was not something that the Royal Family could do.

If that was really the case, it was not Mr. Tang's fault. The Li family had signed on it, so they were also responsible.

It was necessary for Elder Tang to keep it a secret. No matter who Moxiu was, this was a top secret. He couldn't have told Li Xin from the beginning.

Now, Li Xin only felt a little guilty towards Li Yuan, and all the other grudges in her heart were put down.

However, he was still a little curious about who MO Xiu's father was. Judging from Elder Tang's words, he should be a descendant of some lineage.

On the other side, high in the sky.

MO Xiu didn't know about the Li family. Li Ling 'er was currently lovey-dovey with Zhuge Zhong, so she didn't have the chance to tell MO Xiu that she saw Elder Tang at the Li family's entrance.

The few of them did not hurry. They tried their best to enter the wild beast territory in their best condition.

At noon, Moxiu and his group landed in a remote town.

The few of them were still dressed well. They were relatively low-key and wouldn't be too conspicuous. It shouldn't be a problem for them to disguise themselves as passing tourists.

Therefore, the few of them walked in boldly.

Other than MO Xiu, who covered his face, others would recognize him..

Chapter 429: The Journey (1)

They entered the town and found a random restaurant.

The main purpose of coming to this small town this time was to rest and eat. He would not stay too long.

Not long after everyone sat down, the dishes were served. The town was relatively backward and did not belong to any city. It was a relatively rare independent town. There was a medium-sized city next to it called Fu City.

There were more people in this town on weekends, and they were all here to experience life.

Other than Moxiu, the others were all members of the royal family. Even in this remote town, they were still curious.

Moxiu ordered a few home-cooked dishes, all of which were relatively common.

Of course, this was only for Moxiu alone. The other six were all members of the imperial clan who had grown up and grown up here. They had never been to the outside world before, and they had never eaten the simple dishes of the outside world.

After all the dishes were served, other than Nong Zhang, the others acted in unison. They all picked up their phones and started taking photos.

“Prince Xi, I can understand why they took pictures, but what are you doing?””

King Xi laughed and said, "I'm not taking pictures to show off. After the war begins, our royal family will live together with the people from the outside world. This is considered understanding in advance."

MO Xiu was somewhat helpless. Prince Xi actually had such an explanation.

During the meal, everyone displayed a different state of mind. Moxiu had seen it all. His previous contact with everyone was limited to when he was fighting.

This was a good opportunity to understand them. Moxiu could use his free time to observe everyone's personality. After entering the wild beast territory, he could quickly make arrangements.

The first was Nong Zhang. He had nothing to say at all. His eyes were firm and filled with anticipation for this mission. However, the more he looked forward to it, the more worried Moxiu became. It would be difficult if he could not help but fight with the wild beasts.

Then, Bailey was still looking at Moxiu angrily. Moxiu could not do anything to her. He had indeed provoked her.

However, there was no need to worry. Bailey was very obedient at the critical moment. She had a little temper but knew the severity.

Didn't she just obediently leave with a small bag?

Rong Bang appeared out of place among the crowd, and Nong Zhang would sometimes even say a few words to Prince Xi.

Rong Bang, on the other hand, was different. His eyes moved quickly as he observed everyone and every corner. It was as if he was constantly investigating. He was a little too cautious.

However, Rong Bang's personality was also suitable for this operation. He might even save himself.

Prince Xi had the temperament of a leader. He sat there with an air of superiority, seriously studying the living habits of the people in the town. Finally, it was Li Ling 'er and Zhuge Zhong. The two of them actually ignored everyone around them and began to feed each other.

MO Xiu originally wanted to see Zhuge Zhong's personality, but he couldn't tell at all from the current situation.

Previously, MO Xiu had met Zhuge Zhong twice. The first time was when he saved Xiao Xinru, and the second time was when the Ouyang Clan attacked the Li Clan at night and saved Li Ling 'er.

These two times had left a neutral impression on MO Xiu. The good thing was that he had indeed saved her. It seemed that as long as Li Ling 'er spoke, he would save her.

The bad thing was that he was too cold and aloof. MO Xiu hadn't spoken to him properly until now.

However, when he was with Li Ling 'er, he was quite talkative.

From the looks of it, Li Ling 'er was his switch. The two of them really could not be separated.

After the meal, the few of them swaggered out of the town and found a place where there was no one around to continue flying.

It was night time.

At night, it was still half a day's journey to the breakthrough point that the group had chosen. If they rushed to the Beast Territory overnight, they would arrive tomorrow morning.

There was no time to rest, and it was more dangerous to enter the wild beast territory.

Therefore, Moxiu decided to rest tonight. This time, they chose a city and didn't show their faces too much. They went straight to a safe hotel to stay.

The seven of them each had a room. As for those who didn't want to sleep alone, MO Xiu couldn't care less.

After checking into the hotel, Moxiu gathered everyone.

"We shouldn't go out for dinner. Our target is too big. Send two people out to buy food for tonight and tomorrow. We'll arrive at noon tomorrow. We'll get used to the wild beasts' territory and try to avoid contact with them." Bailey volunteered, "I'll go and buy them. Just give me another coolie."" As she spoke, Bailey's gaze landed on Prince Xi and Nong Zhang.

Due to MO Xiu's status, he definitely couldn't go. Needless to say, Zhuge Zhong was being watched closely by Li Ling'er.

As for Rong Bang, Bailey might think that his physique was not enough to be a coolie.

Prince Xi was about to speak when MO Xiu said, "Nong Zhang, go!"

Nong Zhang raised his head to look at MO Xiu and said indifferently, "Alright, yes!"

Prince Xi looked at MO Xiu with some curiosity. This kind of operation should use him and not Nong Zhang!

The safest choice would be for Prince Xi to go, but MO Xiu wanted to see how effective the farming regulations were.

They were still in human territory. Although there might be spies from wild beasts, the chances were very low. When they entered the wild beast territory, they might as well take the risk now and see if Nong Zhang would listen.

"I'll go now," Nong Zhang said. "But I want to copy two of your skills. If we encounter any danger, I can also protect Bailey. ""

MO Xiu's face was covered in cold sweat. As long as you don't cause any trouble in the human territory, how could you encounter any danger?

He still wanted to replicate it? Just based on the skill of the farmer's badge, would there be a need to copy it? He clearly wanted to study Moxiu's skill.

However, Moxiu didn't mind. There would be plenty of opportunities for them to cooperate in the future. It was fine for him to study the clone now.

Alright," Moxiu agreed immediately." No problem. Let's copy it."

He adjusted the skill that Nong Zhang wanted to see and let Nong Zhang copy it.

He was a little puzzled when he was copying the farm badge. Where did all of Moxiu's skills go? Why were there still these three?

Before the two of them left, Moxiu set a lot of rules. Nong Zhang and Bailey listened carefully.

Some rules were normal, but some skills were useless.

Among the others, only Prince Xi was listening to Moxiu's words. He instantly understood that Moxiu wanted to test the farm stamp.

But the person involved didn't know!

Nong Zhang did not react after hearing this, but Bailey was furious.

Bailey did not think as much as Moxiu and Prince Xi. Now that she heard Moxiu's increasing non-essential requests, she felt that Moxiu was making things difficult for her.

The more she listened, the angrier she became. After she could not take it anymore, Bailey stood up angrily and said, "Moxiu, we're just going out to buy some things. Why are you setting so many unnecessary rules? Are you targeting me? I'm already so obedient, and you're still like this. How am I supposed to stay in this team? I'm not going. Whoever wants to go can go." Moxiu's eyes lit up.. "That's great! If Bailey doesn't want to go, Prince Xi, you can go! ""

Chapter 430: Opening the Gift Personally (1)

Bailey thought that Moxiu was targeting her. As long as she said that she wanted to quit, Moxiu would give in. She did not expect him to agree so readily and even change it to Prince Xi.

"No, MO Xiu, do they still have to abide by these rules?"

"Of course," MO Xiu nodded and said, 'What else?

Bailey waited for MO Xiu to say,"Stinking little brother!" I used to like you quite a lot. I didn't expect you to be so bad. You even said that I was stingy. Sister isn't a stingy person."

When Moxiu heard that Bailey had gone again, he said reluctantly,""Why did you go again?"

"From your words, you don't really want me to go!"

Moxiu smiled meaningfully and said,""If you go, I want to add another rule." "What?"

"You are not allowed to buy personal items. You can only buy an appropriate amount of food. If you buy more, you will not take it away."

This time, he had to buy all the food for tomorrow. He had just entered the wild beast territory and the situation was unknown. He had to be fully prepared.

After figuring out the situation, they had to do as the locals did. They would eat whatever the wild beasts ate.

Xi Bei's notes recorded that during the great war, wild beasts began to eat cooked meat. Hopefully, all the wild beasts were cooked meat now. If they ate raw meat, how would the team survive?

Fortunately, his goal this time was to live with apes. Apes were omnivores, so they should have more choices in their food.

Bailey wanted to go out this time because she was curious about what the outside world was like. Secondly, she wanted to take the opportunity to buy some things and bring more things to the wild beast territory.

After hearing MO Xiu's words, it seemed like there was no hope left. He was instantly unhappy.

"What?" asked MO Xiu. You don't want to go?" "How is that possible? Nong Zhang, let's go now!"

Nong Zhang nodded and left with Bailey.

There were still five people left in the room. Rong Bang was sitting closest to the door. It seemed like he wanted to leave as well.

Li Ling 'er and Zhuge Zhong were still lovey-dovey. The two of them were very close to each other. It seemed that they were about to kiss. Did they really treat this mission as a honeymoon trip?

MO Xiu and Xi Bei looked at each other. They simply couldn't look at these two anymore. If they didn't leave now, they might very well give everyone a live broadcast.

MO Xiu, Prince Xi, and Rong Bang walked out of the room together, leaving the room empty for the two of them.

This room was originally reserved for MO Xiu, but it was taken over by Li Ling 'er and Zhuge Zhong just like that. They could only go to the room that was originally arranged for Zhuge Zhong.

Everyone returned to their respective rooms. When Moxiu returned, he took out a pen and drew something on a piece of paper.

He would deduce the possible situations that might occur after entering the wild beast territory and think of the corresponding countermeasures.

This was something that Moxiu wasn't good at. On the contrary, it was something that Moxiu lacked in terms of planning and preparation.

This ability was very useful. In the future, when wild beasts started a war, he could not let himself have any shortcomings. Therefore, Moxiu took this opportunity to train.

Two hours later.

Bailey and Nong Zhang finally came back with big and small bags.

"Didn't I say that there's no need for so many?" MO Xiu asked immediately."

It was Bailey's first time shopping, and it aroused the woman's desire to buy. She kept buying and could not stop for a moment.

Looking at the things on the ground, he said embarrassedly, "I'm sorry, Moxiu. I came here according to your rules, but I didn't keep it. How about this? I'll store the things I bought here first and won't bring them to the wild beast territory."

What could MO Xiu do? He was also very helpless.

"Alright, that's the only way."

After everyone finished eating, they returned to their rooms.

Moxiu continued to deduce the various situations in his room. He glanced at the time and realized that it was almost time.

He walked to Bailey's room alone and knocked on the door.

Bailey opened the door and saw that Moxiu was alone. She asked curiously, "What's wrong? Is there a meeting? I just took a shower. Give me a moment."

"I'm not having a meeting. I'm just looking for you. Can I go in?"

Bailey's eyes darted around, not understanding what Moxiu meant. She subconsciously turned her body to the side and let Moxiu in.

After Moxiu entered, he found a place to sit down. When he saw Bailey walking back behind him, he immediately felt that it was a little inappropriate.

Just as Bailey had said, she had just taken a shower. She was only wrapped in a towel now, and her curvaceous figure was obvious.

Moxiu hurriedly lowered his head, not wanting to see something he shouldn't have.

When she was standing outside the door, Bailey had used the door to cover her body, so she did not see that she was not dressed properly.

Seeing Moxiu lowering his head, Bailey smiled and sat beside Moxiu.

"Yo, why is the captain of our advance party embarrassed? I thought I was going to be violated?"

Moxiu lowered his head and said, "Stop joking. I came to find you for serious business. I didn't expect you to not be dressed yet. How about this? I'll go out first. I'll come in after you're dressed."

It was rare to see Moxiu being defeated. Bailey smiled and leaned towards Moxiu, saying, "What's wrong? If you want to play dirty, I might agree."

Moxiu stood up and walked out of the room.

"I'll wait for you for ten minutes."

Seeing Moxiu like this, Bailey almost burst out laughing.

"Hahaha, why isn't a man like you domineering at all? What can I do if I push him directly? I can't beat you!"

Moxiu was waiting outside the door. Bailey was no less worrisome than Nong Zhang.

Ten minutes later, Moxiu knocked on the door. Bailey opened the door and revealed only one head.

"What's wrong? Captain, have you changed your mind?"

"Are you not dressed yet?" asked MO Xiu. "No, why don't you help me wear it?"

"Bang!"

Moxiu closed the door and heard Bailey's undisguised laughter.

After a few minutes, the door opened again and Moxiu walked in.

"I didn't expect our captain to be so innocent," Bailey said.

It seemed that he couldn't control Bailey without using some ruthless methods.

Moxiu turned around and pulled Bailey onto the bed. Then, he placed his hand on the bed, on top of Bailey.

"I'll call you Sister Bei. I'm not innocent, I just insist. However, if you force me, don't blame me for not showing mercy."

Bailey knew that Moxiu was just scaring her. She raised her body slightly, and the distance between the two of them became even closer.

"If you don't show mercy, let me see!"

Moxiu smiled wickedly as his gaze swept across Bailey's upper body.

This smile scared Bailey and she quickly said, "" Moxiu, don't tell me you really want to..."

"I asked you to put on your clothes because I wanted to open the gift myself," said Moxiu."

Bailey pushed Moxiu away and quickly tidied her clothes. Then, she looked at Moxiu warily.

At this moment, Moxiu had already returned to his normal appearance. He smiled and said, "Can we get down to business now?"

Bailey immediately understood that Moxiu had been pretending just now.. With this attack, she had lost again!
