

Four Skills 501

Chapter 501: I'm Still That Tang Wanhua!_I

That voice belonged to Old Snake, and the Heaven Devouring Beast was in a dilemma about whether to go in and help Old Snake.

Old Snake's words were very clear. There was no need for the Heaven Devouring Beast to interfere, it would have left.

Another two days passed.

After such a long time, Old Snake's screams had long since ceased. It wasn't that Elder Tang had changed his strategy, but that Old Snake was already used to this kind of cutting.

Inside the battlefield.

Old Snake's body was much smaller, and his entire body had shrunk by eighty to ninety percent. Now that his entire body was coiled up, he was like a giant mountain, and it was no longer as majestic as before.

Mr. Tang's gaze was a little dull. While exhausting Old Snake, it was also exhausting his own body. His body wasn't as good as before, and after such an intense and prolonged battle, Mr. Tang was on the verge of collapse.

"Tang Wanhua, there's no point in continuing," Old Snake said. "Let's have a decisive battle. I don't want to waste any more time."

After saying that, Old Snake's mountain-sized body rapidly shrank. He was only ten meters tall, and his entire body turned dark purple. Elder Tang knew that this was Old Snake's trump card.

Mr. Tang's body had also shrunk to his normal size.

' Old Snake, I'm tired. Even if you don't want to fight, I'm going to fight. At first, I was wondering if I could do something for humanity after killing you, but now it looks like that won't be possible.'

Old Snake smiled." You're too greedy. I've never thought of living. I just want to have a good fight before I die. It's also to not let down the power bestowed upon me by the heavens, right?"

"I don't want to be greedy, but even though I've lived for so many years, I still want to live a little longer. At least I want to see the people I want to see the most."

Old Snake's heart skipped a beat. The person Elder Tang mentioned the most was undoubtedly Wu Shang. Could Wu Shang really be alive?

Old Du and Old You also had the same question.

The person that Elder Tang wanted to see the most, but didn't meet, must be Supreme.

Could it be that Wu Shangzhen was still alive? If he was alive, where would he be? Within the Sea Tribe?

"Everyone only knows that I, Tang Wanhua, have three colors, but I actually have four!"

A colorless light appeared on Mr. Tang's body. Mr. Tang's appearance had completely changed. He looked young, and his appearance and voice had changed.

Even the fatigue on his face was swept away.

"So you have such a skill too?" Old Snake laughed loudly. I'm at my limit right now."

At this point, Elder Tang had nothing to hide.

"You know what? We humans have a deep understanding of meteorite fragments. Everyone who is hit by a meteorite fragment has the same characteristics!"

"This extreme state?"

Mr. Tang nodded and shook his head at the same time.

"To be more precise, it's a skill that burns one's life force. Yours is in your current state, and I'm in this fourth-colored light. Once I use it, it means that I'm burning one's life force. It's not that I haven't used this skill in the past hundred years, but every time I use it, the target dies, so no one knows."

Old Snake wasn't shocked by Elder Tang's words. Instead, he laughed loudly.

"I've lived for too long, and my life is coming to an end. What about you? That means that no matter what the outcome of the battle is, the two of us will die!"

"You're right!" Old Master Tang said."

"Then come! " "I'll wait!"

"Wait for what?"

"Wait for my companions to leave this place."

Old Snake didn't move." You gave my clansmen a way out. I'll repay your kindness now. Let your two companions leave this place.'"

Mr. Tang looked in the direction where Mr. Du and Mr. You were running and said,""See, I told you that letting the snake race leave would be useful. I didn't expect it to be used so quickly."

Old Du was carrying Old You as he sprinted with all his might. The two of them did not speak, and both of them were crying.

She shouldn't be crying at such an old age.

The two of them had thought that they were prepared to part ways in life and death. They thought that when this moment arrived, they would face it calmly.

Unexpectedly.

Sometimes, feelings...were uncontrollable.

Old Du was very fast. In a few seconds, he had arrived hundreds of miles away. Looking at the center, he could no longer control his emotions and burst into tears.

How many battles had they experienced together?

We fought side by side, and we parted ways.

Zeng Nianqing was full of vigor.

I once toasted with laughter and pointed out the country.

However, he didn't know that the other party would die, yet he was helpless.

The few people who had fought for a lifetime, the few who had won for a lifetime, had ultimately lost to fate.

Some people knew from the moment they were born how they would spend their lives and how they would leave in the end.

Just like the current Mr. Tang!

At the center of the battlefield.

Elder Tang turned his head back and said, "They've left. Let's begin. I only have the strength of one punch. If you're still alive after one punch, you win." Old Snake nodded.

Master Tang looked up at the sky and said, "Master, I'm leaving. We won't meet again. Fortunately, I've met Moxiu, so I have no regrets in this life."

As soon as he finished speaking, Mr. Tang's body shot up into the sky.

Hovering in the air, he looked in the direction of Old You and Old Du, and his eyes gradually became determined.

"I'm still that Tang Wanhua!" Gan Sheng shouted. I won't let any wild beast invade human territory!"

The voice was very loud, and at the same time, it carried magic power. It traveled tens of thousands of kilometers and landed in the central region, in the royal space.

The people of the central region heard this voice, but the name Tang Wanhua was unfamiliar to them.

Even if they had never heard of this name before, this strange phenomenon was enough to surprise everyone. Everyone looked up at the sky.

Some people who knew Elder Tang's identity looked at the sky with heavy hearts. They all knew what this roar meant.

Xi Bei put down all his work and bowed deeply to the east. He did not stand up for a long time.

“Mr. Tang, humans are proud of you. I want to be like you.”

Lao Bai, who had been sleeping, woke up. He smiled and closed his eyes again.

“It’s over! Everything is over!”

In Tianji School.

The unfathomable Elder of Heavenly Secrets who had never shown any emotion.

At this moment, tears flowed silently.

“Child, no one has sacrificed more for humanity than you, not even Supreme. I’m sorry child, someone has to do this. Sometimes, I also ask the heavens, why? Why Yoruhana?”

On the top floor of the Xi family building.

Moxiu was in a meditative state.

This voice directly struck MO Xiu’s heart.

He clenched his fists tightly and did not open his eyes. Blood flowed from the corner of his mouth and his entire body trembled.

The water in his eyes could not be stopped no matter what.

Master Tang was not only a master, but also a father. There was an indescribable emotion in him.

After a long time, MO Xiu’s body stopped trembling and he loosened his fists.

He regained his calmness and continued to cultivate.

Her eyes never opened, and her tears never stopped.

Eastern Region Battle Center. Elder Tang's punch fell from the sky!!!

Chapter 502: The Same Choice (1)

Three days later.

The news of Elder Tang's death and the death of the Beast King of the Eastern Region spread to the east.

After the news came back, it was widely publicized.

Old Tang's identity as the leader of the Dark Shadow and his various deeds were also publicized.

It was only then that many people realized that there was an old man who had been protecting them all this time. He was a person who did not seek fame and fortune, but only sacrificed for humanity.

When Mr. Tang was young, he was full of vigor. After that, he hid his identity and did not care about fame and fortune.

These messages had to be sent out to let everyone know that this was the last gift that Elder Tang left for mankind.

Everyone in the central continent, whether they were commoners or city lords, was filled with fighting spirit.

Such an old man, at the last moment of his life, had killed a beast king for the entire human race.

At the same time, this news quickly spread to the other regions of the wild beasts.

The reactions of the beast kings in each region were different.

The first was the Southern Region. The two Beast Kings didn't care. The Eastern Region didn't attack anyway.

Old Snake was dead, and he had also dragged the strongest expert in the central continent along with him. This was actually a good thing.

However, he had changed his mind about the Heaven Devouring Beast. The Heaven Devouring Beast was in the eastern region, so why didn't it help?

There was one last thing that needed to be done.

Put pressure on the Western Regions!

Northern Beast Region.

At this moment, the bear and turtle races had an absolute advantage in the battle against the humans.

After receiving the news, the two hot-tempered beast kings immediately flew into a rage.

He felt that now was not the time to consider benefits.

But no matter what, Old Snake was still a Beast King, and he was the oldest Beast King. In a sense, he was the symbol of a wild beast.

Now that the war in the north was so intense, it greatly affected the direction of the war.

Originally, the north was about to collapse. After this news spread, it gave the people of the north some encouragement.

The morale of the beasts in the Northern Beast Region was affected.

No matter what, this was the only time in the two months since the start of the war that humans had defeated wild beasts.

It was actually a draw.

However, Old Snake, whom Elder Tang had killed after he had reached the eastern region, was completely different.

Therefore, even though this was a victory for the central continent, it still boosted the morale of the northerners.

As a result, the Northern Beast Region was attacked by the Northern Alliance.

This time, the two beast kings had the same reaction. They were furious!

He vented his anger on the remaining three beast kings of the eastern and western regions.

He blamed the Heaven Devouring Beast for its inaction and the two Western Regions for not attacking.

The Heaven Devouring Beast had a special status and was always regarded as the hope of all wild beasts. Therefore, even if the two beast kings of the north were angry, they would not easily provoke the Heaven Devouring Beast. As a result, all the pressure was concentrated on the Western Regions.

Within Fox City of the Western Region.

The usually calm Fox finally panicked.

“Ape, think of a way. If we don’t act now, we will incur the wrath of the masses.

Even if we don’t get killed by the humans, we will be killed by those guys from

Nanbei.”

The ape calmed down.

“Fox, things have already come to this point. It’s useless to say anything else. If you don’t want to become the target of public criticism, you can only fight. I advised you to act earlier, but you didn’t listen.”

“You didn’t want to make a move at that time, right?” Fox said bitterly. You said that we should at least wait until Tang Wanhua is dead. He’s dead now, but he’s dead with Old Snake. Old Snake is dead, and the Heaven Devouring Beast hasn’t responded, nor has it helped Old Snake. It’s hard to say what he’s trying to do. We have to be prepared for the eastern side not to fight.”

The ape was also feeling very uneasy at this time. It was the most inappropriate time to start a war. The morale of the humans was high, and the eastern region might not even fight.

However, at the same time, it was also a time when they had no choice but to go to war. If the Western Regions still did not respond, the pressure on the Central Region would be further alleviated. It was very likely that they would provide large-scale support to the Northern and Southern Regions. Once the humans united, they would force the Southern and Northern Regions to retreat.

The next step would be to punish the Western Regions. By then, it would be too late, and the wild beasts would be in a desperate situation.

If there was no future, how could there be a future beast civil war?

It wasn't just the Western Regions that had been forced into a passive position. All the wild beasts had been forced into a passive position. Now, it was up to the Western Regions.

If he moved, it would not be a good time. If he did not move, he would lose the entire game.

The ape said, "Fight!"

"How are your injuries?" Fox asked with concern. Can you fight?"

"We can't care so much. We have to fight. Now it seems that we've been too careless."

Mr. Tang did not die in vain. He single-handedly turned the tide of the battle and pulled the humans out of their predicament.

On the other hand, mankind had lost Old Master Tang forever. The next time mankind fell into a desperate situation, who would be the one to pull them up?

A day later, in the royal space.

MO Xiu, who was cultivating, woke up and slowly opened his eyes.

His eyes were filled with excitement, confidence, and calmness.

He could finally end his closed-door cultivation. He had finally reached the state that MO Xiu wanted.

The last time, Moxiu had cultivated the Whirlpool skill for more than ten days. This time, it had been a full three months.

Regardless of whether it was his strength or his heart, MO Xiu had gone through enough tempering during this period of time.

If the Moxiu of the past could be said to be mature, then the Moxiu of now was a completely matured one.

His strength and heart had reached an unprecedented height.

As MO Xiu came out of seclusion, two pieces of explosive news came.

The arrival of these two pieces of news was expected. At the same time, it was a little sudden. It happened to be at the time when MO Xiu came out of seclusion.

The two pieces of news appeared in front of Moxiu at the same time.

The first piece of news was that the Western Regions had launched a general attack. They did not organize their army and attacked the border without any warning.

The first wave of attacks was fierce and crucial. As the leader of the imperial family, Xi Bei personally headed to the border camp.

This was not the worst part. When the war began, the entire central region was filled with a common hatred of the enemy.

There was only one place that was different, Yan City!

At this critical moment, the people of Yan City were exceptionally calm.

Everyone knew that there were probably as many spies in Yancheng City as there were ordinary citizens. How ironic was it that the capital had become like this?

At the same time, Xi Bei sent a message to MO Xiu, giving him two choices.

The first was to go to the border to fight against the enemy and gain some battle merits. With the help of Moxiu's reputation, the morale of the entire central continent would reach a peak.

The second was to go to Yan City to take charge of the overall situation and find out all the traitors in Yan City. This would solve the internal problems and boost the morale. It was killing two birds with one stone.

Both plans were good for MO Xiu. If it wasn't for the second piece of news, MO Xiu would have executed them without hesitation.

The second piece of news put Moxiu in a dilemma.

The north had been completely defeated. The entire north had fallen!

His grandfather was there!

And Mu Qingyi!

Chapter 503: Selfish Young Man

This was a difficult decision, just like the one that Elder Tang had to make.

Should he stay at the front line or save his loved ones?

Old Master Tang's choice was the best choice. He stayed behind to uphold his responsibility.

There were many reasons for Mr. Tang's decision. He couldn't lose the front line. It was his responsibility as a human being. Even if he went back, Li Qing would look down on him.

The choice before MO Xiu's eyes was very similar.

It was the most correct choice. Staying in the central continent for the sake of humanity's carelessness would save many people.

Or did he choose to go to Mu Qingyi's place just to save a person?

This choice seemed very simple. Of course, they would save more people. Moreover, Mu Qingyi might not be in danger.

But that was Mu Qingyi, one of the most important people to MO Xiu. No matter what choice he made, it would be painful.

At this moment, MO Xiu thought of Elder Tang. Elder Tang had chosen to stay back then. Did Elder Tang regret it later on? Do you regret making such a choice?

After thinking for a while, Moxiu laughed. Even in death, Elder Tang was still contributing to mankind. How could such a person regret it?

Given the current situation, even if Elder Tang had to choose countless times, he would still choose to stay.

MO Xiu's current situation was slightly different. His status far surpassed that of Elder Tang back then.

Moxiu was one of the most influential people in the central continent, and he was also the person who received the most attention from the public.

If Moxiu hadn't appeared in time when the battle had just begun, all the preparations would have been in vain.

The image of MO Xiu that Elder Tang had worked so hard to create would also be destroyed.

The halo around Moxiu would fade, the people would be disappointed, and their morale would drop.

The situation was even more intense.

This should also express Elder Tang's expectations. Elder Tang hoped that MO Xiu could take the big picture into consideration.

MO Xiu had also thought of creating a second version of himself with the ability to split his attention to take charge of the situation and go to the north to save Mu Qingyi.

However, if that was the case, Moxiu would have deceived everyone once again and not faced his own heart.

Paper couldn't hold fire. It was impossible that no one had seen Moxiu go to the north. Once he was discovered, Moxiu's image would crumble, and it would crumble even more.

Therefore, Moxiu had to make a choice.

Would he choose to stay behind and take charge of the situation like Old Master Tang, or would he selfishly go to the north?

Before he made his decision, Moxiu called his grandfather, but there was no

Grandpa, how are you?

Now that the north had fallen, all the humans were lambs waiting to be slaughtered. How could they have the time to answer the phone?

Can't drag it out again, MO Xiu must make a decision as soon as possible, both sides are delayed, can't get up.

Faced with such a difficult choice, Moxiu did not panic. This had something to do with his recent cultivation.

In the past, MO Yu would have been a little excited.

Now, he would only ask his own heart and seriously consider the pros and cons.

MO Xiu looked to the east, where Elder Tang had died.

"Master, you are too great. As your disciple, I might have to disappoint you. National justice is important, but I chose to be selfish. I lost you and was powerless. I don't want to lose another love. I regret not being able to save Li Qing."

Having failed to live up to Elder Tang's expectations, Moxiu made the final decision to go to the north! So what if his reputation was ruined?

So what if I have to bear a bad name?

So what if he was notorious for ten thousand years?

Moxiu's original intention of becoming strong was to protect the people he loved.

Mr. Tang's original intention was the same, but he lost it in the process.

MO Xiu did not!

After walking the path that Elder Tang had arranged for him and seeing many big scenes, MO Xiu returned to being the youth he was before.

That strong, stubborn...and somewhat selfish youth!

Since he had already decided, Moxiu immediately set off to the north.

When he arrived at the rooftop connected to the bronze mirror, there was a person waiting for MO Xiu.

MO Xiu looked at the familiar figure in front of him and slowly walked over.

When he came close, he said, "Elder Tianji, are you trying to stop me?"

The person in front of him was the Elder of Heavenly Secrets. Only the Elder of Heavenly Secrets knew what MO Xiu was thinking.

The Elder of Heavenly Secrets had his back to MO Xiu as he said, "I can't stop you!"

"Then why are you here?"

The Elder of Heavenly Secrets turned around and looked at MO Xiu seriously. "If you go to the north now, you will no longer be a hero in the eyes of the people.

You have to be mentally prepared."

"Aren't you still trying to persuade me?" Moxiu nodded slightly. "Since you know everything, you should know that I won't change what I've decided on. It doesn't matter if I have to bear the blame. I just feel that I've let my master down. He's done so much for me, but I have to give up everything now." The Elder of Heavenly Secrets suddenly laughed.

"Hahaha, MO Xiu, MO Xiu! You don't have to think about Yoruhana. He'll be happy no matter what you do. You've done something he didn't dare to do before. If he saw it with his own eyes, he might even be happy."

“Are you really not here to persuade me?”

“Then...”

” I know what level your skills have reached. It’s enough to turn the tide of the battle. In addition to your intelligence, even if you give up your reputation, you will still be the savior of mankind. I came here to tell you that I will wait for you here and leave a portion of my strength for you to command.”

Moxiu originally wanted to say that he didn’t need to leave any power behind and that he could control the situation himself.

In Elder Tang’s diary, the Elder of Heavenly Secrets was the representative of wisdom.

However, after thinking about it, he still did not open his mouth. The Elder of Heavenly Secrets knew everything. He must have his reasons for saying this. ” I understand.” MO Xiu nodded.” I’ll rush back as soon as possible.”” “Let’s go. You won’t be back so soon, but you should be able to make it.” MO Xiu cupped his fists and left through the copper mirror.

MO Xiu had been wary of the Elder of Heavenly Secrets at the start, feeling that he was very mysterious.

Later on, after learning from many parties and adding on Old Master Tang’s diary, MO Xiu had a lot more respect for the Elder of Heavenly Secrets.

His supreme name resounded throughout the entire continent, and the Old Prophet should be equally famous. He had also sacrificed his entire life for humanity, and he had also hidden his name. He only had one code name, Tianji.

After MO Xiu left, the Elder of Heavenly Secrets shook his head and said,””I’m looking forward to a brand new choice. Will it change the situation this time?”

Moxiu came to the tavern through the bronze mirror. Big King Ba and Big Pine Brush were surprised to see Moxiu come out. Big Pine Pen said, “Are you going to the front line?””

“No! I’ll go to the north first.”

“But...”

“Farewell, you two!”

Moxiu walked out of the tavern and did not hide anything. He summoned his Holy Sword and stepped forward.

At this moment, the Holy Sword had become the size of an ordinary sword, and it felt like it had returned to its original state.

With a thought, the Holy Sword disappeared on the spot..

Chapter 504 Mature Holy Sword Skill (1)

504 Mature Holy Sword Skill (1)

Motheo's speed was extremely fast, and he would occasionally teleport. This was the upgraded Holy Sword skill, the complete Holy Sword skill.

" Second Skill: Holy Sword 7

[Skill effect: Summons the Holy Sword anywhere within a 20,000-meter range. The user can freely control the movement of the Holy Sword (movement range is 200,000 meters). The sharpness of the Holy Sword is equivalent to 5,000 percent of the attack power of the user's skill.]

[Additional effect: 10,000 Swords. Can control the Holy Sword to instantly transform into any number of small swords to attack. Each small sword can be controlled independently (the number of small swords that can be controlled is related to the strength of one's spiritual power). When there are less than ten small swords, the power will not change.]

[Additional effect: Sword Comes. When the Holy Sword is within a controllable range, it can teleport back to the hand at any time.]

[Additional effect: Sword Go. The Holy Sword can teleport once (within a range of 10,000 meters). It can also teleport when carrying objects (up to a range of 500 meters. Can teleport up to three times in 30 minutes).]

[Additional effect: Sword Soul Holy Sword has self-awareness. All the swords in the state of ten thousand swords have self-awareness. The first purpose of the game is always to protect.]

[Additional effect: Perception sharing. The Holy Sword's perception is shared with the main body. The main body can see what the Holy Sword sees.]

[Additional Skill: One Sword. The sharpness of the Holy Sword is converted back into attack power. Attack once (Can be used once in six hours.)]

[Summon duration: 24 hours]

Cooldown time: 10 minutes."

The Holy Sword's upgrade was huge. It had undergone another qualitative change. The main feature of this upgrade was that it was more intelligent.

Even if he used 10,000 swords and split the Holy Sword into 10,000 pieces, each small sword would have its own consciousness. Moreover, protecting its master would be its primary goal. It was very likely that it could save Moxiu's life at a critical moment.

Moreover, with the additional perception sharing, it was considered an additional detection ability. If Moxiu wanted to detect anything, he could completely unleash ten thousand swords at once. The efficiency of his detection would greatly increase.

There was also the Teleportation Skill. This was also a Skill that Motheo lacked at this stage. Although he could only use it three times every six hours, the advantage was that he could teleport a long distance of

500 meters. After three consecutive uses, he could instantly open up a distance of 1,500 meters and dodge many attacks.

This upgrade also made up for the Holy Sword's weak attack power. It had a new additional skill, One Sword. Each stab was equivalent to 5,000 of Motheo's attack power.

The Holy Sword Skill had become Moxiu's trump card.

At this moment, Mo Xiu was speeding towards the north. He wanted to reach the north as soon as possible to see his grandfather and Mu Qingyi.

.....

On the other side, in the royal space.

An old man returned.

After entering the royal space, he went straight to the manager's room.

Lao Bai opened his eyes and said, "Are you the only one who came back? Where's Old Du?"

The person who returned was Elder You. His eyes were a little dull as he said, "I'm sorry, I couldn't even bring Old Tang and Old Du's corpses back."

Lao Bai looked at Elder You expressionlessly, as if he had already guessed this outcome.

"It's nothing!"

He said nothing, but a trace of blood seeped out from the corner of Lao Bai's mouth.

Elder You felt even more guilty. He lowered his head and said, "Old Bai, sigh! I shouldn't have come back either."

Lao Bai smiled and said, "Old You, don't talk nonsense. Among the few of us, your body is the best. You must come back and watch the victory of mankind for us."

Elder You took a few steps forward excitedly and said, "Old Bai, you..."

Lao Bai held Old You's hand and stood up. He asked, "Old Tang's death is bound to be glorious. What about Old Du? Did he die in a dignified manner?"

Elder You nodded and slowly said.

.....

A few days ago.

In the middle of the battlefield in the eastern region of the wild beasts.

Old Master Tang's punch landed, and a white light covered the area within a hundred miles. Everyone who was watching the battle was blinded by the white light.

This punch did not cause much noise. The entire Eastern Region became terrifyingly quiet as this punch landed.

After the punch, Old You regained his vision. The scene in front of him shocked everyone.

There was not a single plant or flat surface within a hundred miles. It had become a huge pit with a diameter of a hundred meters.

When the punch landed, everything dissipated. This was the full-strength attack of a top-notch expert.

There was no exaggerated sound, no gorgeous effect. Once the white light passed, everything disappeared.

The wild beasts were so shocked that they couldn't say a word. Elder You and Elder Du didn't expect that Elder Tang's full-powered attack would be so powerful.

The huge pit was so deep that one couldn't see the bottom. Old Snake and Elder Tang had disappeared.

How spectacular was this?

Just like that, the two peak experts disappeared.

Old Du looked at Old You, who shook his head and said, ""Let's go!"

"Where's Old Tang's body?" Old Du was a little unwilling."

"I don't think Old Tang's body will still exist under such circumstances."

Old Du looked at the deep pit and said unwillingly, ""No, I can't! I won't leave until I see it with my own eyes. Let's go down and take a look!"

Women were always emotional. Even though she knew that Mr. Tang's body was gone, she still had to go down and take a look.

Elder You nodded. Nothing was important now. After living to such an old age, shouldn't he not regret it?

Old Du brought Old You to the deepest part of the pit. The depth of the pit exceeded their estimation. Just the process of going down took a day.

When they reached the bottom, they searched everywhere, but the result was disappointing. There was nothing.

Old Du sat on the ground and cried again.

"Someone like Yoruhan died without even a skeleton."

"He doesn't have a corpse because he's not dead," Old You comforted. "He will live in people's hearts forever.""

The two of them stopped for a while and were about to leave when they heard a strange sound. It was the sound of breaking through the ground.

The two of them looked over and saw that there was indeed someone coming out from the ground. It was not Old Tang, but Old Snake.

Old Snake's body was now in human form, and the purple color on his body was so deep that it was close to black.

His body was a bloody mess, and there was not a single piece of intact skin.

"Oh, it's you two!" Old Snake said with a smile."

Old Du and Old You looked at Old Snake in shock. Old Tang's full-powered attack had failed to kill him.

Old Snake said, "This is my last resort. After living for so many years, I've long since left the snake body. The end point of the evolution of wild beasts is actually humans. My main body has always been buried deep underground, and that snake-shaped skin is just a clone. I originally thought that I could use this method to confuse Tang Wanhua, but I didn't expect that he would still be Tang Wanhua."

"What do you mean?" asked Old You."

[illegible]

Chapter 505 | Beaten You Twice

505 | Beaten You Twice

What Old Snake meant was that he was heavily injured and would not live for long.

Old Du glanced at Old You, who had a determined look in his eyes.

"Old Du, you should leave first. I'll stay and deal with him."

Old Du smiled happily and said, "'I'm very happy that you can say that."

"What do you mean?"

After Old Du said this, he disappeared from where he was. The next moment, he appeared in front of Old Snake. He held the dagger tightly in his hand and struck.

Old Snake dodged with great effort and said, "The two of you can live. I don't have much time left to live. Why are you doing this?"

Both Old Du and Old You could tell that Old Snake was indeed fatally injured this time. There was a high chance that he would not live for long.

However, the two of them had to kill Old Snake today.

There were two reasons.

One was that Old Snake had been very sincere in his words, but he had deceived Elder Tang in the end. It was impossible to determine if Old Snake was telling the truth this time. What if Old Snake had a way to survive?

The other was that Elder Tang had to kill Old Snake. This was something that had been decided before they came. Not only would it severely injure the wild beasts, but it would also greatly boost the morale of all humans.

Thus, Old Snake had to die in Elder Tang's hands and could not walk out of the cave.

Even though Old Snake was heavily injured, his combat strength was not inferior to the elderly Old Du.

He did not hesitate to take a knife from Old Du and strangled Old Du's neck with his hand.

Elder You panicked and prepared to attack in close combat.

However, as a mage, close combat was not his forte.

Just as he got close, he was caught by Old Du before he could even touch Old Snake.

"Old Du, what are you doing?"

Old Du said with difficulty, ""The Flame of Destruction."

Then, he threw Elder You high into the air.

In the air, Elder You clearly saw that Old Du had used his trump card.

Without any intention of breaking free from Old Snake's grasp, the dagger stabbed into Old Snake's body. With a forceful twist, the dagger instantly enlarged by dozens of times, creating a large hole in Old Snake's body.

Old Snake wailed in pain,"Ahhhh!"! I'll kill you!"

Old You, who was still in midair, could not stop crying. He could understand Old Du's plea. He was not begging him to save her, but to live.

Tears gushed out, causing Old You to be unable to see everything in front of him. He raised his hands high, and a golden flame appeared between his hands. It looked very explosive.

Old You didn't see that Old Du was smiling at this time, although his face was a little purple due to lack of oxygen.

"Goodbye!" Old Man You shouted hysterically.!! World Extinguishing Flame!"

This ball of flame was the pride of Elder You's entire life, and it was also the key to Elder You's current achievements.

Every time Elder You used it, he would shout the name of the skill, the Flame of Annihilation.

He did not expect that this time, the target was Old Du.

After throwing out the World Extinguishing Flame, Elder You's eyes lost all color. He did not make any reaction to survive and allowed his body to fall freely.

The World Extinguishing Flame touched Old Du's body, and a heatwave swept through the entire pit.

Elder You felt the heat wave burning him and wanted to sleep forever.

However, Old Du did not agree. A ray of light appeared on Old You's body, and in the next moment, Old You's body disappeared into the pit.

Elder You could vaguely hear Elder Du's voice.

"Goodbye!"

Elder You appeared in a barren land. He stood there for a long time before he came back to his senses.

Old Tang was dead, and so was Old Du.

At the last moment, Old Du used his only teleportation skill to send himself out of the pit.

Elder You didn't have any expression on his face. He turned around and left, leaving in the direction of the imperial family.

At the bottom of the pit, there was nothing left. Under the destruction of the World Extinguishing Flame, there was nothing left...

.....

In the manager's room in the royal space.

Old You spoke in a heartbroken manner. As Old Bai listened, his tears stopped flowing. Instead, he laughed.

"Did Old Du die a glorious death? Hahaha."

Old You didn't know why, but a fire suddenly rose in his heart and he pushed Old White down.

"Old Du is already dead, and you're still smiling. Do you know how much pain I feel in my heart?"

Lao Bai didn't resist. He smiled at Old You and said, ""I know!"

Yes, Old Bai and Old Du were husband and wife. Old Bai should have suffered more from Old Du's death.

"You've always liked Old Du, right?"

Elder You didn't expect Lao Bai to say such a thing. He was stunned for a moment and said, "Yes, at this time, there's nothing to hide."

Lao Bai laughed again. "Hahaha, I was wondering why a playboy like you would never marry. It turns out that you've always been thinking about Old Du.""

Elder You lowered his head, not knowing what to say.

The three of them had always been best friends. In the early stages of the battle with the wild beasts, Old You and Old Du had expressed their love for each other, very vaguely.

However, this battle lasted for ten years. In ten years, too many things had changed. Old Du had also become Old Bai's bride.

When the two of them got married, Old You was the happiest and had the most fun. However, only Old Du noticed that he drank the most.

From then on, Old You became a playboy. Old You, who had status, strength, and handsomeness, was very popular among the girls.

However, he had never married or had children. In fact, Old Du had always been in his heart.

Lao Bai stood up and said, "Old You, there's nothing that I can compare to you in this life. Whether it's family background, status, or fame, I can't compare to you. I'm an honest person. I once wanted to be someone like you. I didn't expect that compared to you, I would be the winner.""

"Nonsense!" Old You said softly. What did you win against me?"

Lao Bai sat on the chair in front of the surveillance camera. It was the seat that Old Du had sat on for hundreds of years.

"I've won against you twice in my life, and both times, it was because of Old Du. The first time, I married Old Du and spent the rest of my life with her."

Elder You said unwillingly, "What about the second time?"

"The second time..."

"What was the second time?"

There was no response. Elder You was a little annoyed. Why was she still keeping him in suspense?

He looked at Old Bai and Old You, who had just regained his expression.

With a dull gaze, he walked to Lao Bai.

Furious!

Anger that came out of nowhere occupied Old You's heart.

Lao Bai slumped on the chair. There was clearly no trace of his aura left. Bastard, Lao Bai had also left.

Old You was the only one left from the original six-man team.

Old You laughed maniacally. Then, he grabbed Old White's collar and shook him.

"Bastard! You fucking bastard! You're leaving just like that? Can't you have some sense of responsibility?"

"Wake up!"

"Bastard! Wake up!"

The second time, he went to see Old Du earlier than him. Old Bai didn't finish his sentence, but Old You knew.

Old You completely lost control and cried again. In the end, he let go of Old White's collar and placed him flat on the ground.

She tried her best to smooth out the creases on Old White's collar that she had just scratched.

"You're even worse than Old Du, you didn't even say goodbye."

With Old White's death, the royal space that had stood for a hundred years was gradually collapsing.

Chapter 506 Mature Sacred Flame Skill

506 Mature Sacred Flame Skill

Mo Xiu didn't know what was going on in the royal space.

At this moment, Moxiu was very close to the border between the northern region and the Northern Beast Region. The closer he got, the more uneasy he felt.

Along the way, there were corpses everywhere, even near the center. There were also wild beasts appearing from time to time.

Everything that happened along the way told Moxiu that the northern defense line had completely collapsed.

Moxiu's speed increased, and he finally reached the border.

However, the situation here was different from what he had imagined. He had thought that even if the north was defeated, there would still be people defending here.

But now, it seemed that there was nothing here. The wild beast camp indicated the ownership of this land.

While they were scouting, a bear saw Mo Xiu in the sky.

Moxiu didn't dodge and calmly landed on the ground. He said, ""I want to ask a question." freeweb .co m

Xiong, who was opposite him, laughed fiercely and said, ""Human! You still want to ask questions? Go to hell!"

The Moxiu Holy Flame landed on the bear's body. Strangely, the bear was not injured.

However, the fierceness on his face had disappeared and was replaced by kindness.

Moxiu repeated what he had just said. " I have a question."

Bears were the most ferocious of all wild beasts, but the attitude they showed at this moment was...polite.

"Please speak. As long as I know, I will answer for you."

"Where did the main force go after the Northern Alliance's defense at the border was broken?" Moxiu asked."

Bear nodded and bowed." Sorry, I don't have the authority to know about this. My orders are to stay here and wait for orders. I'm ready to attack at any time.""

"I know!"

"What else is there? What happened to me just now? You despicable human."

Mo Xiu opened his right hand, and a sword appeared out of thin air. He swung the sword without any mercy, and the bear's head fell to the ground.

If ordinary beasts didn't know, they would have to find it themselves.

Moxiu threw the saint sword in his hand into the air without any hesitation. With a thought, the saint sword turned into ten thousand small swords and scattered in all directions with Moxiu as the center.

Moxiu's thoughts were that the Northern Alliance wouldn't set up their camp too far away. As long as they didn't give up, they would consider counterattacking.

The bear's attitude had changed so drastically just now because of Moxiu's Holy Flames after he leveled up.

" Second Skill: Holy Flame 7

[Skill Effect: Holy Flames form an armor that increases attack and defense (physical, elemental, spiritual) by 5,000%. In the armor state, you can use Holy Flames to attack an unlimited number of times.]

[Additional Skill: Holy Flame Stacking. When using Holy Flame, the Holy Flame can be kept in the palm of the hand instead of being shot out immediately. The Holy Flame used the second time will stack with the Holy Flame in the palm of the hand, causing the damage to stack (currently able to stack ten times).]

[Duration: 3 hours]

[Cooldown time: 1 minute.]

When he reached Level 7, his skills would mature. This was also the reason why Moxiu had come out of seclusion.

The matured Holy Flame still retained its various uses.

The healing effect was even more obvious, and the damage and defense of the armor were strengthened.

Choose a skill, when the most attractive Mo Xiu, a point, can purify the mind, the role also alone become a skill.

The effect of using it on the bear was pretty good, and Moxiu was quite satisfied.

After the skills matured, they seemed to have one more characteristic, which was that they had killing moves. The divine sword had a sword, and the holy flames had a stack.

Previously, Motheo had used Holy Flames as a support type skill, but after slowly increasing its damage, he had used it as a spell.

However, the damage was still a little weaker than a Mage's skill. Now, there was a new killing move, Stacking. It could stack Holy Flames together, and the damage would also stack.

Not counting the follow-up damage, the total damage was already 30,000. This was a shocking amount of damage. It was even higher than most of the Mage's skills.

The only flaw was that it required a process of charging.

At this moment, Moxiu stood on the spot with his eyes closed. He used his heart to sense the places where the ten thousand small swords had passed by, as well as a large amount of past information.

It had to be said that Wan Jian's efficiency was very high. It didn't take long for him to check all the surrounding locations.

Opening his eyes, Mo Xiu's right hand reached out, and the Saint Sword returned to his hand.

He found it!

There was a relatively large camp on the west side. It was well-hidden and looked like a human camp.

Mo Xiu stepped on the Holy Sword and sped away.

Along the way, Motheo saw that many signal towers had been destroyed. It seemed that the beasts had done this intentionally to completely cut off the connection between the north and the central region.

The north would not have collapsed so quickly after Old Master Tang's news.

Unfortunately, the Western Regions chose to attack the Central Region at this time.

Once the western regions moved, it meant that the wild beasts had launched an all-out war. With the morale of the wild beasts rising again, the northern region was already at the end of its rope. It had been destroyed by the fierce attacks of the bear clan and the Turtle clan.

The northern side had also been defeated very easily. If the Western Regions had not attacked, the northern side would have been able to hold on for a while and wait for reinforcements from the central region.

However, the Western Regions' attack had been too hasty. Even the Western Regions themselves had not made any preparations before they began their full-scale attack.

The central region would definitely fight with all their might and would not have the spare energy to care about the matters in the north.

The northern side knew the reason and could only retreat and give up the entrance to the border.

Although the human territory was inviolable, they could not blindly defend it. If the core forces in the north were all killed, there would be no chance to counterattack.

Humans had experienced such battles too many times. They had to compromise just to take back their land. The most important thing now was to protect their core strength and enter a chaotic period to see if they could wait for a turning point.

The battle in the central region had just begun. Originally, the central region was facing the eastern region and the western region. Now, it was very likely that it was only the western region.

Moreover, everyone in the Western Regions could see that they were not prepared.

Once the central continent gained the upper hand in the battle, the turning point would come.

This was the final decision of the northern side.

Moxiu stopped in front of the campsite. He wanted to enter directly but was stopped by someone.

"Wait, who are you?"

"Middle region, Mo Xiu!"

Chapter 507: I'll Find It Myself! 1

"MO Xiu? Are you really MO Xiu?"

Moxiu was not in the mood to waste time with a guard. He asked, ""What's wrong? Do I not look like him?"

The guard immediately said, "No, I'm just not sure. Please come in!"

"No wild beast can transform. Are you guarding against the people of the central continent?"

"I wouldn't dare, I wouldn't dare."

Moxiu coldly harrumphed. During times of peace, the northern regions had done everything they could to guard against the central regions. Now that they needed to fight with the central regions, they were talking about being one family.

"I want to see your commander," said Moxiu."

The guard brought Moxiu to the tent in the center of the area and asked him to wait outside for more than ten minutes.

“Mr. MO, this is our head captain’s office. You can go in directly.”

MO Xiu did not stand on ceremony. The most important thing now was to see Grandfather and Mu Qingyi first.

He entered directly. There was only a middle-aged man sitting inside. His every move carried the aura of a noble.

The facilities in the tent were also very luxurious and exquisite.

MO Xiu furrowed his brows. He was somewhat disgusted by such a person.

Usually, it was fine if they had a little bit of a long time, but what was going on now? To put it bluntly, the entire north was a dog that had lost its home.

Why was he still pursuing such an elegant life?

The man was the leader of the northern region, Boboqi. When he saw Moxiu enter, he stood up and said, “Moxiu, the last time you came to the Holy City, you didn’t even inform me before leaving. Did you come here specifically to look for me this time?”

Moxiu’s tone was a little cold, he didn’t want to beat around the bush with Boboqi.

“You are the supreme leader of the north, right?”

Boboqi was a little unhappy when he heard Moxiu’s words. Whether it was in terms of status, strength, or seniority, Moxiu was beneath him.

However, MO Xiu did not use honorifics when he spoke to him, nor did he have any respect for his seniors. It was as if they were two equal people conversing.

The commoners in the north were very simple, but the leaders were very arrogant.

Especially for a supreme leader like Boboc, who had been in power for many years, his pride would not allow anyone to talk to him like that.

“Moxiu, what is your status in the central continent? Why are you talking to me like this?”

Moxiu looked at Boboc, still expressionless.” You know my purpose for coming here, but you beat around the bush just now. I don’t like it, so I’m talking to you

11Ke

Moxiu’s tone became even more forceful, and Boboqi couldnt take it anymore. He said angrily,””A junior dares to talk to me like this! Do you and Mr. Tang talk like this?”

Hearing the name of Elder Tang, Moxiu’s anger was also released. He glared at Boboqi and said,””What right do you have to be compared to my master?”

Boboqi, who had always been elegant, had never met someone like Moxiu before, so his aura was actually a little lower.

The proud Boboqi would not allow others to be stronger than him in his territory. He said,””I think you don’t want to go back to the central continent!”

“Heh!” MO Xiu sneered. In the past, I might have been afraid of you, but now, no one in the north can stop me! If you don’t believe me, you can try. I’m not here to beat around the bush with you. Tell me where Mu Qingyi and Li Xin are, or I’ll look for them in your camp myself.”

“Moxiu, if you dare to cause trouble at this time, it will affect your image in the central continent. It will also affect the battle situation. You have to think carefully! ””

MO Xiu directly sat down and said, “You’re the one who needs to consider this carefully. Beast, the Western Regions has launched an all-out attack. At this point in time, I didn’t stay in the central region and appeared in your camp. Do you think I still care about what you said?”

After hearing Moxiu’s words, Boboqi’s aura weakened and he no longer fought with Moxiu.

It wasn’t that he was afraid, but he felt that there was no need to compete with Moxiu.

Just as Moxiu had said, he had no worries at all since he was able to appear here. It was not worth it for Boboqi to compete with such a person.

However, there was another important piece of information to Bobo Qi. At this moment, Moxiu had given up on his reputation in the central continent. In other words, his influence in the central continent wasn’t that great anymore. Moreover, Elder Tang was no longer around. No one would protect Moxiu.

After some consideration, Boboqi said,””I can tell you that Mu Qingyi is fine. She’s in the main camp right now. Your grandfather, Li Xin, is still alive, but he’s injured quite badly. Don’t worry, Li Xin is my good friend and has helped me a lot during this period of time.”

Moxiu suddenly stood up and said,” You’re the leader of the north. That’s why I came here to look for you first. It was to give you face. But you’re still beating around the bush. I want to see the two of them immediately.””

Boboqi sat down unhurriedly, picked up the red wine glass on the table and shook it, saying,””I can let you see them, but you have to promise me one condition!”

“Haha, hahaha! Are you threatening me? Did I come here to be threatened by you? If you don’t hand him over, I’ll find him myself!”

MO Xiu was completely enraged. The current MO Xiu was no longer the MO Xiu who was afraid of everything.

Even if the person sitting in front of him was the supreme leader of the north, Moxiu was confident that he could fight him.

“What do you want to do?” Boboc asked, narrowing his eyes.”

Moxiu didn’t reply to Boboqi. Instead, he pulled out the Holy Sword on his back.

Boboqi thought that Moxiu had gone mad and was about to attack, so he immediately took two steps back.

Boboqi didn’t think that MO Xiu’s strength could hurt him, but he didn’t know if Elder Tang would give MO Xiu any killing moves. It was better to be careful.

Just as Boboqi was ready, the Holy Sword in Moxiu’s hand shattered, turning into tens of thousands of small swords that flew out of the tent.

After that, Moxiu calmly sat down again.

“Moxiu! What the hell are you doing? “I told you, I’ll look for it myself!” Moxiu replied coldly.”

“Did your sword go looking for someone?”

The skills in the north were relatively simple. He had never seen a strange skill like the Holy Sword.

Moxiu didn’t want to talk to him. Boboc continued,””Mo Xiu, are you sincerely going against me? Actually, you can listen to my request. It’s very simple. If you complete it, I promise that I won’t stop you from taking Mu Qingyi away. Even if you can use that strange little sword to find her, can you leave?” “I told you, no one can stop me.”

“My request is that you think of a way to make the wild beasts retreat temporarily, and we take back the border in the north.”

“Haha!”

MO Xiu couldn't help but laugh out loud. He was just short of asking him to kill the two Beast Kings.

This is simply a sincere attempt to make things difficult for the people.

MO Xiu's original plan was to stay in the north for a few days after he found Mu Qingyi and his grandfather. He wanted to help the north think of a way to counterattack. After all, this was also human territory.

However, after seeing Boboc, all his plans were gone.

Now, MO Xiu only wanted to leave with Mu Qingyi and Grandfather..

Chapter 508: This Time, It's Up to You!_I

No matter what Boboqi said, Moxiu remained unmoved.

Boboqi saw that Moxiu was also very angry. If he didn't think that Moxiu had a strong ability to set up and break the situation, he would have killed Moxiu a long time ago.

The stalemate didn't last long. MO Xiu, who was resting with his eyes closed, suddenly opened his eyes and walked out of the tent.

Boboc looked at the time. It had only been five minutes.

He did not believe that MO Xiu would be able to find Mu Qingyi and Li Xin with those strange little swords in five minutes, so he followed them without batting an eyelid.

MO Xiuyi stepped out of the tent and grasped the air with his right hand. The sword came! The Holy Sword returned to his hand and flew up.

He flew to the edge of the camp and stopped. Moxiu didn't rashly move forward.

This was because Moxiu could sense that something was wrong in front of him. There seemed to be a barrier.

He looked at the Saint Sword in his hand and slashed horizontally. The barrier in front of him shone brightly, but there was not a single crack.

At this moment, Boboqi appeared behind Moxiu and said with a smile, "I really didn't expect you to find the approximate location. Don't waste your energy. This is our camp protection formation in the north." "Will you help me open it?" asked MO Xiu.

"What kind of joke is this?" "Then I'm sorry!"

"Hmm?"

Moxiu raised the Holy Sword and placed it in front of him.

The sword changed direction and stabbed out!

He activated the Holy Sword's additional skill, One Sword.

This was the first time Moxiu was using it, so he didn't know how powerful it was. He could use this formation to test it out.

The sword stopped when it came into contact with the barrier. The sword did not enter any further, and the barrier did not change.

Boboqi, who was watching from the back, heaved a sigh of relief. This Moxiu was quite arrogant. He thought that he had some real ability, but now it seemed that he was just an embroidered pillow. He looked good but was useless. He could not threaten the barrier at all.

“Moxiu, this barrier was created by a few of our team leaders. If it could be broken so easily, the wild beasts would have attacked long ago.”

Moxiu didn't say anything, but the next thing he said was, “Young people should be more modest. Why don't you consider my conditions?”

MO Xiu still didn't say a word as he looked at the barrier in front of him. A smile appeared on his face.

Boboqi also noticed that something was wrong. He went forward to check the barrier. Seeing that there was no problem, he touched it with his hand.

Just as Boboc's right hand touched the barrier, the entire barrier shattered and collapsed.

The entire pale yellow barrier turned into many fragments and floated down without a sound.

Boboqi suddenly turned his head and looked at Moxiu. This time, he looked at Moxiu with a different gaze. He knew the strength of this barrier. Even if he used his full strength, it would be difficult to break it.

However, MO Xiu's performance with that sword was very calm, while it seemed to be strenuous for him.

This was the first time Genius Bobo had taken Moxiu seriously. Initially, he had been wary of Moxiu, but he had been more wary of Old Tang and the central continent. He had never taken Moxiu seriously.

Perhaps Moxiu was very powerful among the younger generation, perhaps even a peak existence. However, he was still a member of the younger generation. Boboc had never considered Moxiu's strength to be on par with his.

However, the moment the barrier broke, everything changed.

Boboc admitted that Moxiu was very strong, but he didn't know his overall strength. However, from the looks of it, Moxiu had the ability to hurt him.

Moxiu also turned his head to look at Boboqi. He tilted his head slightly and didn't say anything.

The meaning was also very obvious. Weren't you bragging about how strong the barrier was just now?

Moxiu had nothing to say to Boboqi and the entire north. He only wanted to bring Mu Qingyi and Grandpa away as soon as possible.

In the past, he did not have the strength to do what he wanted to do, but now he did.

Thus, Moxiu didn't waste any time and directly walked in, heading straight for his destination.

The barrier was not always open. When he used the Ten Thousand Swords to investigate, there was no barrier here.

There was a barrier when he came to this place. He didn't need to think to know that it was Boboqi's doing.

Boboqi was making things difficult for him, but Moxiu wouldn't bother with him. No matter how much he looked down on Boboqi, he was still the supreme leader of the north.

At this critical moment, if there was any conflict with him, the wild beasts would have an opportunity to take advantage of it.

Thus, Moxiu's thoughts were: " My purpose for coming here is very clear. I've already told you that I'm here to do my own thing. If you want to cause trouble, feel free to do so. If I can't get past you, I won't come."

Boboqi was a little depressed. He had thought that Moxiu wouldn't be able to break that barrier no matter what. He didn't expect that he had underestimated Moxiu.

MO Xiu's goal was very clear. He walked straight to the center of the area, where the Holy Sword had discovered Mu Qingyi's tracks.

MO Xiu suddenly stopped in front of the tent. His face turned red as he remembered that he had parted ways with Mu Qingyi in the hotel the last time.

After Mu Qingyi had left, he had stayed in the hotel for a few days.

Moxiu smiled and shook his head. He lifted a corner of the tent and walked in.

What greeted her eyes was the extremely simple environment in the tent, which was in line with Mu Qingyi's simple style.

After that, it was the beauty that MO Xiu had been looking forward to.

Mu Qingyi's back was facing the door as she sat on a chair with her legs together. As there was no battle, her long hair was not tied up and draped over her shoulders naturally.

Hearing the commotion at the door, he turned around and looked at the door gently.

It was still the same her. The long battle did not change Mu Qingyi at all.

Mu Qingyi's reaction was beyond MO Xiu's expectations. She was not agitated, not blaming, not even surprised.

He tilted his head slightly and smiled faintly.

The corners of her eyes were glowing, and not only were her tears still sparkling.

“You’re here?”

MO Xiu nodded.

“Yes! He’s here!”

“This time...

MO Xiu directly interrupted Mu Qingyi’s words.

“It’s not up to you this time!” freeweb(n)ovel

Mu Qingyi maintained her smile and said lightly, “Good! I didn’t follow you last time. This time, you put down everything and come here. Everything is up to you.”

Mu Qingyi had been mentally prepared for MO Xiu’s arrival ever since she spoke to him the last time.

It was only when the wild beasts attacked the Western Regions that Mu Qingyi knew that MO Xiu might not come.

If he really came, then he would have put down all his reputation and come here without caring about anything. This was the place that Mu Qingyi wanted to protect MO Xiu.

Now, this man had really come to her without caring about anything else. All words seemed to be useless.

Now that MO Xiu had appeared here, nothing mattered anymore.

He had come, and he did not care about anything else, just for her.

She could only repay him by putting down all her worries and following him without caring about her own safety.

The relationship between the two was very close. It could be said that they were the closest people.

However, the communication between the two of them had always been as light as clear water. There were no intense words or emotional venting.

There were no warm hugs, no lovesickness.

Only you and I know!

Chapter 509: Mature Martial God Skill (1)

The two of them looked at each other. All the obstacles between the two of them were broken in an instant.

“Let’s go!” said MO Xiu.

Mu Qingyi stood up and took some of her personal belongings as she stood beside MO Xiu.

“Let’s go find Grandpa.”

Mu Qingyi’s smile did not disappear for a moment. It was a sincere smile, a happiness that came from the bottom of her heart.

“Alright!” she said obediently.

The two of them walked out of the tent and saw Boboqi with a stern face. Mu

Qingyi said respectfully, “Head Captain, why are you here?”

Some of Boboqi’s methods were indeed questionable, but he had been in a high position for so many years and had contributed a lot to the entire north. Mu Qingyi knew very well that she still respected Boboqi.

“Why am I here? I have to ask the people around you.”

Mu Qingyi looked at MO Xiu, and MO Xiu said, “Ignore him. Let’s go find Grandpa.”

Mu Qingyi looked apologetically at Boboqi before following MO Xiu and continuing to walk forward.

As the highest leader of the north, Boboc was enraged when someone said that to him. He immediately stood in front of Moxiu.

Moxiu pretended not to see and continued walking around Boboqi.

Boboc couldn’t help but grab Moxiu’s arm.

The expression on Bobo’s face immediately changed. At his level of strength, the cooldown of his skills was extremely short and could be ignored. As a precaution, he would always use some status skills.

At this moment, Boboqi had caught Moxiu in his current state. He originally thought that this would be able to put Moxiu in his place, but he didn’t expect that Moxiu’s body wasn’t affected at all.

In fact, Boboqi could feel that Moxiu's strength was even greater than his.

After Moxiu shook off Boboc, he continued to walk forward.

Boboqi's expression turned serious. At this moment, Boboqi truly realized how extraordinary this young man was. When Moxiu said that no one could stop him, it seemed like he wasn't lying.

MO Xiu's strength was very likely to have reached the level of a top-notch expert, which was why he had come here unscrupulously, wanting to take Mu Qingyi away.

However, Boboqi was extremely curious. The last time Moxiu came to the North Holy City, he should not have such strength. Otherwise, why would he leave so quietly?

What had happened in the past few months? Moxiu's strength had already reached the level of a peak expert.

Boboc still didn't want to believe that Moxiu was definitely up to something.

In reality, Moxiu had only activated the Martial God, and Boboqi couldn't gain any advantage.

After the War God leveled up, it gave Moxiu enough confidence.

" Skill 1: Martial God 7

A rank 7 Martial God's Attributes had already surpassed the rank 8 Martial God's Descent. Only his Basic Attributes were on par, and his other Attributes were completely suppressed.

The Einherjar's elemental immunity had reached 90%. In other words, Motheo was the bane of mages.

The crippling effect had changed from 30 minutes to permanent. Of course, it could still be healed with powerful healing skills.

The crippling effect was also powerful enough. Once he encountered an enemy of equal strength, if the battle continued for a day or two, the other party would not have the chance to heal. He would be exhausted to death.

The Divine Armor, which had been relatively useless before, was now showing its effects after being upgraded. It increased all defenses, including mental defense, by 7,000%.

Now that he was seduced by the Beast King once again, MO Xiu believed that he would be much more at ease.

The most important thing was that it was a sign that the skill had matured after this upgrade. He had a trump card.

In other words, it was the explosive point of a skill. The War God had always been one of the skills that Moxiu relied on the most. In the past, whenever he used it, it would increase his combat power by a lot.

This time, it was different after leveling up. He was out of his normal state and had an additional skill called Martial God Possession.

It could instantly double his combat strength, and he had another trump card.

Not only that, under the possession of the War God, his comprehension ability would increase tenfold. This was also good news for Moxiu.

After all, he had just come out of seclusion, and his skill level had been forcefully raised by using the whirlpool skill. He did not have enough understanding of each skill.

The powerful upgrade of these skills also gave Moxiu some confidence.

Moxiu's strength needed to be re-evaluated. Boboc was preparing for the worst. If Moxiu really had the strength of a peak expert, he needed to think of a way to keep Moxiu.

While Boboqi was thinking, Moxiu had already found his grandfather's tent.

Moxiu wasn't sure if this was his grandfather's residence, but this seemed to be the best place for medical treatment. According to what Boboc said, Moxiu guessed that his grandfather was here.

MO Xiu was a little anxious. He did not know how badly his grandfather was injured.

Thinking of his grandfather who risked his life for him and the Ouyang family, MO Xiu felt extremely worried.

He opened the tent and walked in. What greeted his eyes were five to six beds. There were people lying on each bed. There were medical staff beside them, and there were also people with healing skills who were treating them.

MO Xiu glanced at Mu Qingyi beside him. Mu Qingyi nodded, meaning that her grandfather was here.

Mu Qingyi walked to the innermost bed with ease. It seemed like Mu Qingyi had been here before. MO Xiu was very pleased that the woman he had his eyes on was not wrong.

MO Xiu looked over and saw that it was indeed his grandfather on the bed. His face was pale and he was unconscious.

MO Xiu strode over and held onto his grandfather's bed.

"Grandpa, how are you?" MO Xiu couldn't help but ask."

"Are you a family member? I'm Old Hero's doctor. You'd better keep your voice down and don't disturb the patient."

Moxiu raised his head and saw a middle-aged man who looked like a northerner.

"How's my grandfather?" asked MO Xiu."

The middle-aged man shook his head and said,"The situation is not good. You should take a look for yourself! ""

After saying that, the middle-aged man lifted the thin blanket covering Li Xin's body.

Even someone as calm as Mu Qingyi exclaimed in surprise. It seemed like Mu

Qingyi had never seen him before.

Moxiu's reaction was more of anger as he clenched his fists tightly.

There was a huge wound on Li Xin's body.

A huge claw mark, a total of three claw marks, starting from the neck and ending at the lower abdomen. The deepest part had already exposed the bones.

Looking at the appearance, there is no way to heal the situation..

Chapter 510: I Said, No One Can Stop Me (1)

"The wound is still like this after such a long time. Is there no way to heal it?" asked Moxiu. "

The middle-aged man said with a worried look,""That's right! I heard that Li Yingxiong was facing the Bear Beast King, and he was injured after several rounds. If Li Yingxiong didn't buy time for the others, more people might have died. After we came back, we immediately discussed this wound, but we still haven't found a good way to heal it. We can only use a large number of healing skills to maintain Li Yingxiong's body, but...it's still not very stable."

MO Xiu stood up, stared at the middle-aged man, and asked,""What do you mean by unstable? There might be danger at any time?"

The middle-aged man nodded and said," Actually, it's not just that. Right now, we can only maintain it and it won't get better. Li Yingxiong's condition is also a kind of consumption for his body. If we can't find any good method within half a month, or if there's no turning point, Li Yingxiong might not be able to hold on."

Moxiu's expression was grave. This Bear Beast King definitely had the same skill effect as the Martial God, which could cripple him. However, he did not know how long the crippling would last. If it was permanent, his grandfather would most likely be dead.

Moxiu nodded and squatted down, releasing the healing effects of the Holy Flames on his grandfather.

The wounds on his grandfather's body showed signs of healing, but it was only for a second. After that, the wounds recovered in a shocking manner.

"Sir, you also have healing skills?" The middle-aged man asked in surprise. The effect of the treatment is better than ours."

Moxiu didn't say anything. He focused his attention and kept casting healing skills on his grandfather.

Moxiu's idea is that as long as the healing speed is fast enough, it is not that it can offset the crippling effect.

However, the result disappointed Moxiu. The effect of consecutive healing was not as good as the first healing.

The middle-aged man was surprised to see that Moxiu could cast such a powerful healing skill multiple times in a row. He said, "We've tried this method, but it's useless."

"With my grandfather's current physical condition, can he travel long distances?" Moxiu asked after he sank into deep thought."

"No," said the middle-aged man. "In that case, he won't be able to survive for two days.""

Moxiu was anxious. He did not know what to do. If only he could give his self-healing skill to his grandfather.

His Self-Healing skill had also been upgraded to Level 3. The Level 3 Self-Healing ability was extremely terrifying. When activated passively, no matter how deep the wound was, it would heal at a speed visible to the naked eye. In other words, as long as Moxiu was still breathing, he could teleport to a safe place and wait for a while to recover his combat strength.

However, there was nothing Moxiu could do about the current situation. Self-Healing couldn't be given to his grandfather.

Just as Moxiu was thinking about how he could save his grandfather, Boboqi came in.

After entering, he saw MO Xiu's anxious expression and said, "Mo Xiu, I'm very sorry about Li Xin. I'm using the best resources to treat her."

Moxiu glanced at Boboqi and said, "This is exactly what you want. Do you think

I can't leave?"

This was Boboqi's plan. As long as Li Xin couldn't leave, Moxiu would stay. Since he was staying, he would definitely help when discussing countermeasures.

MO Xiu grabbed Mu Qingyi's hand as they walked out of the tent, and Boboqi followed them out.

Moxiu turned around and said, "You're the supreme leader of the north. I don't hate the north. I just don't like you. I'm going back to the central continent now and will be back. If there's anything, we can talk when we get back."

Boboqi smiled. Many people came out from the other tents.

Moxiu sneered. "Didn't I say it before? No one can stop me. Are you still going to provoke me?"

Boboc was still as elegant as ever, he slowly said, "Do you think this is the central continent? You can come and go as you please?"

MO Xiu pulled Mu Qingyu closer and said, "Cut the crap. Since you want to keep me, then try!"

There were more than 20 people around him, and they seemed to be experts from the north. Boboqi stood firmly, and he didn't have any intention of attacking.

More than 20 players simultaneously released their skills and prepared to attack. However, at this moment, everyone looked at Moxiu in shock. No one made a move.

“Do you still want to continue fighting?” asked MO Xiu.”

Boboqi realized that something was wrong. What was going on?

Just as Boboqi was about to make a move, he was stunned.

“There’s no reason to continue, right?” Moxiu asked. Leader Boboc, before I come back, I hope you can take good care of my grandpa. When I come back, if anything happens to my grandpa, I will find you to settle the score regardless of the righteousness of mankind.”

After saying this, MO Xiu instantly disappeared from his spot.

The Holy Sword’s additional skill, Sword Go, was activated, instantly moving within a hundred miles.

Mu Qingyi did not expect MO Xiu to be able to teleport, and to be so far away. She looked at MO Xiu in shock.

“You’re so powerful now. How did you make them stop?”

MO Xiu looked at Mu Qingyi, his eyes filled with love as he said,””Don’t you know who I am? Besides, you’ll know whether I’m powerful or not when we were in the Holy City.”

Mu Qingyi pouted and said, “You’re still so talkative at a time like this.”

“Yeah, we have to hurry up.””“

“Where are we going now?”

"I know someone who can save Grandpa when we return to the central continent." Moxiu pointed ahead."

"Someone who can save Grandpa? Could it be someone from the Zhuge family?"

MO Xiu nodded. It was indeed Zhuge Zhong from the Zhuge Clan.

When they were in the tent earlier, MO Xiu had been thinking of a countermeasure. His grandfather's injuries were not cured, and it would be very dangerous to bring him back.

If he wanted to save his grandfather, he could only find someone to come over. Among all the people that MO Xiu knew, only Zhuge Zhong had the ability to do so.

"That's right. I know someone from the Zhuge Clan. He'll definitely lend a hand.

What a joke. His grandfather was Li Ling 'er's grandfather. Zhuge Zhong would definitely help him.

Mu Qingyi nodded and said," Alright then. Since you have a plan, let's not delay any further. Let's set off.'"

"We have to be fast. I'll go at full speed in a while. If you teleport appropriately, we'll be much faster."

"Got it!"

The two of them advanced at full speed according to the plan. They could have called Zhuge Zhong to come over as well, which would have been faster.upda@te by new/.

However, there was no signal in the north at the moment, so he could only hurry to a place with signal and contact him again.

On the other side, in the northern camp.

Boboc's opinion of Moxiu changed again. When he wanted to use his skill, he couldn't release it smoothly. It seemed like Moxiu had silenced him. Only one skill was silenced, and it was the core skill of Bopoche.

"You guys couldn't use your skills just now?" asked Boboc."

The surrounding twenty people said in horror,""Yes!"

Boboqi took a deep breath. He didn't know if it was a blessing or a curse for

Moxiu to have such ability..
