

Four Skills 571

Chapter 571: Surging in All Directions

In the next few days, the central region was stable, and the people were ready for a peaceful life.

As for his friends, Mu Mu, Cao Fenglin, and Zheng Yi were currently in charge of the strongest corporation. They had endless work to do every day.

Xiao Hong, Yang Qingyu, Xiao Xinru, Yue Yuan, and Liu Ziyang were still in seclusion. It seemed that they would only come out when the wild beasts attacked again.

Hao Ren and Lin Feng had developed Know-it-all so well that they had surpassed Shadow's intelligence department.

There was also an interlude. While strolling around the tavern these past few days, he bumped into an old acquaintance-Liu Ruxue!

Today was different from the past. Their status and relationship had changed.

Liu Ruxue did not take the initiative to talk to MO Xiu when she saw him bringing Mu Qingyi along.

MO Xiu called out to Liu Ruxue.

"Sister! Why are you wandering around here?"

Liu Ruxue looked at Mu Qingyi who was beside MO Xiu. MO Xiu still dared to joke around like this with his girlfriend by his side.

“Brother Moxiu, the Royal Family Space is no longer around, so my café is naturally gone as well. In the face of war, I can’t do much, so I can only wander around here all day.”

When MO Xiu heard that Liu Ruxue had nothing to do, an idea popped up in his mind.

“I remember that you still owe me a question!”

Liu Ruxue was stunned. Indeed!

He had yet to finish answering the question he owed Moxiu.” You must be joking. Now, I’m more or less the same as your lobby!”

“Since you can’t answer my question, you can repay me in other ways!” Moxiu said with an evil smile.”

Mu Qingyi, who was beside him, could not stop. She knew that MO Xiu did not mean it that way and only wanted to give this person a kiss. However, his words were a little ambiguous and Mu Qingyi was not used to it, so she could only stand aside and not listen.

Liu Ruxue was stunned. She did not expect MO Yucheng to say that. After seeing Mu Qingyi’s reaction, she said,””I didn’t expect our MO Xiu to be so good at educating his wife.”

MO Xiu turned around to look at Mu Qingyi before turning back to say,””If you’re talking to me about something else, just say that you don’t agree to the unification. ”

Liu Ruxue revealed her true nature as a businessman and bargained,””You didn’t even tell me what to do. How can I agree? Do I have to agree to your sexual requests that I can’t accept?”

“Hahaha! It wasn’t erotic. It was just that she saw that you had nothing to do and wanted to find something for you to do.” Liu Ruxue raised her eyebrows, clearly interested.

“What is it?”

MO Xiu didn't beat around the bush and directly said, "The Strongest Group has a branch company called Know-it-all. I wonder if you've heard of it?"

Liu Ruxue guessed what MO Xiu was going to say and said excitedly, "Do you want me to work for you? Sure! But you have to give me a good seat!"

MO Xiu looked at Liu Ruxue's impatient and purposeful expression and found it funny. She was a psychological expert, yet she couldn't keep her cool at all. "That's right. If you join, you can reach the same position as Lin Feng." Liu Ruxue had never heard of Lin Feng, so she asked, "What's that?"

"The second in command of the know-it-all!"

"You agreed so quickly. I feel like I've lost money." "Brother, I work for you. Besides, when have you ever paid for it?"

"I suspect that you deliberately squatted here."

The others were also busy with their own things, only MO Xiu and Mu Qingyi were relatively free.

Other than accompanying Mu Qingyi to relax, MO Xiu listened to Hao Rent's reports and analyzed the situation.

Through Hao Rents message, Motheo learned that the central region would be peaceful for a long time.

It would take a very, very long time for the Western Regions to recover. By then, the Central Leaf would be more or less ready. The two were mutually beneficial.

The eastern region's Heaven Devouring Beast had awakened for the second time. MO Xiu had the urge to go to the eastern region to see Little Fu Shun and see how he was doing.

However, after thinking about it, he decided not to do so. Little Fu Shun was now the Beast King of the cat race. He was a figure who could shake the entire eastern region with a single word. How could he not be doing well?

There would be some trouble if he went. Little Fu Shun announcing that he would not participate in the war would cause some controversy. If he went at this critical time, it might cause trouble for Little Fu Shun.

Moreover, MO Xiu had not thought of how to face Little Fu Shun. What was the relationship between the two of them?

Father and son? Brothers? Friends? Or an enemy?

In the north region, MO Xiu had also received the news of Bobo's death.

Now, Moxiu finally understood why Boboqi had such a huge change. It turned out that he knew that he didn't have much time left, so he had thought things through.

Moxiu admired the late Boboqi. It was a pity that the north had lost such a leader. He wondered if he had drunk the tea leaves he had given him.

This was only one piece of news from the north. The other piece of news surprised Moxiu.

The new supreme leader of the north was not Boboc's son, the most powerful Boboc.

Instead, it was a teenager who was only 13 or 14 years old. This teenager had not even awakened his skills.

What was even more interesting was that the name of this youth who controlled the fate of the north was Boboxiu!

The name is the same as the name itself.

Wasn't this too much of a coincidence?

After these few days of observation, Boboxiu had a good grasp of the situation in the north, and every attack was just right.

Moreover, the method was very similar to Moxiu's. Moxiu even looked at his own skill and did not activate his Distraction skill.

Even Moxiu suspected that this youth was his clone.

This piqued Moxiu's interest, and he wanted to meet this mysterious youth.

He was thinking that he would definitely go and pay his respects to Boboqi and meet this strange young man.

Finally, there was news from the south.

News from the south was the most difficult to obtain. On one hand, the south had no contact with the central continent during peaceful times, and they did not share information.

On the other hand, the south was too chaotic. Compared to the south, the north and central regions were not even considered to be fighting.

The battle in the south was intense. Every inch of land was a battlefield.

This made it very difficult for Hao Ren to plant intelligence agents.

Thus, the central continent only knew that the war in the south was not over and was still fighting. They did not know why the south could hold on for so long and not be defeated.

Recently, there was news that Hao Ren had not sent people into the south. He had heard from some southerners who had fled to the central region at the border between the south and the central region.

The Beast Southern Region was very powerful. The Phoenix Clan controlled the sky, and the Elephant Clan controlled the land. The relationship between the two clans was very good. It could be said that there were no weaknesses.

Even so, the south was still defended.

The reason was that the king of the south did not die. When the southern region attacked, he stepped forward and forced the two beast kings to retreat.

And this King of the South was a top-notch expert with the same name as Supreme..

Chapter 572: The City Lord's General Assembly (1)

This was a good thing for all of humanity. The King of the South was not dead, and he still had the strength to fight against the two Beast Kings.

Defending the south greatly relieved the pressure on the central and northern regions.

This news was explosive. That was a person who had the same name as Supreme. It was rumored that he had died in the final battle of the Beast Kings. Who would have thought that he was still alive?

Once the King of the South appeared, he immediately solved all the problems in the south.

The problem was that there were too many gangs and people were not united.

With an absolute leader around, who would still fight for themselves?

Before the Beast Southern Region attacked, they did not expect that the human southern region, which was supposed to be the weakest, would actually be the strongest. The battle had already begun, and there was no retreat.

Even with the presence of the King of the South, the overall strength of the South was still weaker than that of the Southern Beast Region, so the battle had been going on until now.

From the looks of it, the situation in the central region was very stable. There was no need to worry about the north and south for the time being.

The wild beasts in the west would not attack unless they were stupid enough to die.

As long as there was no sudden attack from the east, the central region would be safe.

Before the war, no one would have thought that this would be the result, that the central continent would be able to overcome the crisis so easily.

There were only two key points.

One was that Elder Tang had killed Old Snake, causing the Eastern Region to be quiet.

The other was the series of actions that Moxiu had taken after he came out of seclusion. He had stabilized the north and made the Western Regions suffer.

Not only did the higher-ups of the central continent know this, but some ordinary people also realized this.

In the next few days, the people slowly returned to their peaceful lives. However, the threat of wild beasts still existed. He should not let his guard down at any time.

MO Xiu had gone to find Xi Bei for this, and Xi Bei had joined forces with the

City Lord of Yan City to hold the first City Lord Meeting in the central region.

Every City Lord in the central region was present, and the representative of the special organization, Dark Shadow, was Wang Yu. Wang Yu was originally part of the upper echelons of Dark Shadow, but after Elder Tang passed away, Dark Shadow belonged to Moxiu. How could Moxiu have the time to manage Dark Shadow? He could only entrust the management to Wang Yu, who he trusted the most.

The entire meeting was hosted by Xi Bei, and MO Xiu was listening in. He mainly explained two things.

The first was to train the soldiers. The hundred years of peace had made the humans relax their vigilance. This period of time was the best time to catch their breath. They had to step up their training and familiarize themselves with the combination skills of the humans. This would expand the advantages of the humans infinitely.

The second was to train the next generation. The ordinary people could relax their vigilance and quickly return to normal life, which was beneficial to the development of the central region. .com

However, the education and selection of talents needed to be reformed. They needed to accurately select talents from all aspects and quickly recruit talents into the army to make the army stronger.

After the two points were raised, all the City Lords nodded in agreement. This was indeed the most important thing at the moment.

Moxiu and the soldiers at the front line had bought this precious time for the central region. They definitely could not waste it and make full use of this gap to strengthen their strength.

Before the big picture, everyone put aside their personal interests and worked together.

The meeting went smoothly without any problems.

The main reason was that the people sitting in the main speaker's seat were too hard.

The first was Xi Bei, the publicly acknowledged commander of the war. Then there was Wang Yu, who represented the shadow. Even in the era of war, the role of the shadow could not be underestimated.

There was also the Elder of Heavenly Secrets. As a person who had grasped the direction of mankind in an era, although he did not appear much now, it was not a problem to shake the field. His prestige was unparalleled.

Finally, it was MO Xiu. He rarely spoke during the entire meeting, but every time he spoke, he got to the point.

It was just like Moxiu's style. In a war, every attack would hit a vital spot.

After the meeting ended, many City Lords came over to chat with Moxiu. They felt that Moxiu was inconceivable and wanted to learn something from him.

Moxiu was very friendly. No matter who came to talk to him, as long as it wasn't an excessive topic, he would basically answer all their questions.

When the crowd dispersed, there was still one person waiting for MO Xiu. This person was Yue Long.

The two of them had just met not long ago, and now they met again. The two of them were old friends, so there were naturally many topics to talk about when they met.

Yue Long and Shun City's current status wasn't low. Before this, they were already on par with Yan City. Due to the recent changes in Yan City, Shun City had the potential to become the number one city in the central region.

Yue Long's strength was not the strongest among the City Lords, but his ability was without a doubt. He managed Shun City in an orderly manner.

The first thing MO Xiu said when they met was, "Uncle Yue, you've been doing well recently. You're in high spirits."

“What are you talking about?” Yue Long laughed and said. Wasn’t all of this

because of you? It was all thanks to you that I was able to become the Shun City

Lord.”

MO Xiu hurriedly waved his hand.” You’re flattering me to death by saying that. I don’t have the ability. Uncle Yue is the one who has the ability.”“

“Alright, we’re already so familiar with each other. Let’s not talk about nonsense. You were the one who pushed for this meeting, right?” “It was indeed my idea. Uncle Xi and the others also had this idea.”

“You don’t have to worry about Shun City. With me and your Li family here, everything will be fine. ”

“I know that. I don’t worry about Shun City. Otherwise, I wouldn’t have stayed in Yan City.”

“It was also said in the meeting just now that there won’t be a war in the middle period of time. What are you going to do next?” Yue Long asked.”

Morion paused for a moment and said,” I’ll continue to pay attention to the movements of the wild beasts. I’ll try my best to prepare for the attack of the wild beasts. I’ll spend the rest of my time leisurely. There are many things that I don’t need to do anymore. I’ll take the opportunity to slack off.”“

Yue Long understood that MO Xiu was the person who controlled the direction of humanity. No one would disobey his words.

What Moxiu needed to do now was to control the general direction. He didn’t need to do anything else.

The two of them chatted for a while more. There were still many things to arrange in Shun City, so Yue Long went back first.

Although Moxiu said that he wanted to take the opportunity to slack off, his actual plan was to rest for a few days and then go into seclusion for the rest of the time.

With every bit of strength he gained, he would have more confidence in the upcoming battles.

His current strength was not weak either, but compared to Xi Bei's level, he was still a little inferior.

At the very least, he had to reach the level where he could deal with a Beast King head-on. Otherwise, if a battle broke out here, the outcome would be uncertain.

After all, a dragon would definitely be stronger than an ape.

Most of the people in the field had left, but the Elder of Heavenly Secrets had not left, as if he was waiting for something.

MO Xiu walked to Elder Tianji's side." Elder Tianji, why haven't you left yet?"

The Elder of Heavenly Secrets stroked his beard and said," I'm waiting for you!"

"Wait for me? Is there anything you want to tell the Great Armies?"

"No, I'm just looking at you. You've been doing very well recently, so I'm very relieved."

MO Xiu nodded. He was filled with respect for the Elder of Heavenly Secrets.

The Elder of Heavenly Secrets smiled and said,"You are now number two. In four months, you will awaken four skills.'"

"Hmm?"

The sudden mention of this by the Elder of Heavenly Secrets left MO Xiu at a loss..

Chapter 573: The Same (1)

The Elder of Heavenly Secrets 'words left MO Xiu somewhat dumbfounded. He did not understand what he meant. Could it be that the Elder of Heavenly Secrets was looking forward to his fourth skill?

MO Xiu wanted to ask about the specifics, but the Elder of Heavenly Secrets had already stood up and left.

MO Xiu finally understood why Big Cat felt so uncomfortable every time he mentioned the Elder of Heavenly Secrets. The Elder of Heavenly Secrets only spoke half of his words, and he made people confused.

After saying that, he left. The rest of the thoughts made him feel really uncomfortable.

MO Xiu couldn't possibly go up and pull the Elder of Heavenly Secrets to make things clear, right? After all, he was a senior.

After standing in place and thinking for a while, Moxiu could only go back in disappointment.

When he reached the tavern, he happened to see Big Cat on the way.

The 'big' house that Big Cat was in charge of was not under the control of any

department. It only listened to Moxiu's orders. When Moxiu was down, Big Cat would be fine without any orders.

Wasn't this? They were strolling around.

When Moxiu saw the big cat, he said directly, "I finally understand why you don't like to interact with the Elder of Heavenly Secrets."

"Oh? You went out to talk to the Elder of Heavenly Secrets this time? It doesn't feel good to hear others speak halfway, does it?"

"Why do I feel like you're mocking me?" Moxiu rolled his eyes."

Big Cat laughed and said, "I'm mocking you!"

Moxiu walked away. What a big cat!

Big Cat turned around to look at Moxiu and muttered, ""The two of you are equally matched. How dare you talk about the Elder of Heavenly Secrets!"

When they reached the room, Mu Qingyi was still waiting.

"How is it? Is it going well?"

" Yes, everything has been settled," Moxiu said." There's no problem in the central region for the time being. Do you have any place you want to go?" I'll accompany you for a walk."

Mu Qingyi smiled lightly and said, "Relax? I'm living well here. I'm in a good mood. Why should I relax?"

Mu Qingyi was very considerate. She would not disturb MO Xiu if she could, and she always supported him silently.

MO Xiu had nothing better to do, so he opened Old Master Tang's diary.

"January 3rd.

“Master, where are we going?”

Wu Shang said, ‘Go to the border. I have to guard the border and buy time for the humans to turn around.’

I said, ‘I understand. Who’s going?’

Wu Shang said, ‘Those who can go, go!’”

January 23rd, the 10th.

I said, ‘We’ve been here for almost half a month, but the beasts actually retreated. What’s going on?’

Wu Shang said, “There are many cunning beasts, be careful.”

I said, ‘You’re talking about Old Snake, right? He ran away as soon as he saw you.’”

“March 11th.

Wu Shang said, ‘You didn’t fall into a disadvantage when fighting the Beast

King alone today. You don’t need my guidance anymore.’

Me: ‘No! Master, I’m still far from you. Besides, I still have some questions.’

Wu Shang replied, “Ask me if you have anything to say. I’ll go back tomorrow. You’ll be guarding this place alone.”

Me: 'Can I do it alone?'

Wu Shang said, 'You are my only disciple. I've said it before. You are more suitable to become a Wu Shang than me.'

I said, 'Okay, I want to ask a few last questions. In the past, animals were very loving and lived in peace with humans. After the mutation, they were different. Can we go back?'

Wu Shang replied, 'Go back? It was possible, but it might have to wait for thousands of years. Whether it was humans or beasts, there were only a few reasons for a great change.'

Me: Which ones?'

Supreme replied, 'It's either expansion or oppression. These two wild beasts have both, which is why they endlessly wage war on humans.'

Me: 'I don't understand, why do beasts swell? Also, why were they being oppressed?'

Supreme: " In the past, humans were the absolute rulers. All animals were inferior to humans. This was the reason why wild beasts were oppressed. No matter how much we loved animals, we never treated them as equal species to humans. When they became intelligent, they naturally felt that they had been oppressed by humans for thousands of years.'

Me: 'What about swelling?'

Supreme replied, 'Isn't it enough for me to become powerful enough to threaten humans? This was one of the reasons. Another reason was that the meteorite was very strange. Not only did it amplify the strength and intelligence of the wild beasts, but it also amplified the various emotions of the wild beasts, such as ambition, killing, and anger.'

Me: 'Is that beast worthy of sympathy? In other words, do we need to show mercy when facing wild beasts?'

Supreme replied," From the looks of it, wild beasts and humans are absolute opposites. Wild beasts will not be willing to let humans exist. Being kind to wild beasts is cruelty to humans. Do you understand?"

I said,'I understand now. If we want to resolve the war, we can only continue the war and defeat the beasts.'

Wu Shang said,'For the time being, that's the case.'"

"March 12th.

Master really left. Yesterday, I chatted with Master until very late, and I was even more clear about what I should do now."

At this point in the diary, there was a sudden change. The rest of the diary was obviously from a long time ago.

At this moment, Mr. Tang was much stronger than before, but he was still like a child and needed someone to guide him.

Wu Shang played the role of a master very well. From the conversation between the two, it could be seen that Wu Shang did not teach Mr. Tang anything about skills. Instead, he taught Mr. Tang how to be a person and let Mr. Tang establish a correct value system.

Someone like Mr. Tang, who had the ability but lost his parents at a very young age, and then lost his loved one, would very likely go astray if there was no one to guide him.

Supreme was both Master and Father, the most important person to Elder

Tang.

"11th January.

The snow was very heavy, but I felt warm. The time for humanity to turn around had arrived. The heavenly secrets were really good at calculating. So the turning point was referring to the children in the mother's womb during the mutation eighteen years ago.

Recently, they had awakened their first skill, and each child had two skills.

Awakening two skills at once was very rare in the past. According to the investigation, the strength of the skills was very high. They were simply a gift from the heavens, burying hope for the rise of mankind."

"August 30th.

The children were all awakened. The supreme order gathered everyone together and agreed to train them."

September 16th, 16th, 16th, 16th.

This batch of children had been chosen again. Since they were the hope of mankind, they should have a resounding name called 'Royalty'. Royalty did not refer to a certain family. This batch of children was really interesting!"

" The seventh day of November, the day of the seventh month, the day of the seventh month, the day of the seventh month.

Today was a sad day. Wild Beast had planted a spy in the central region. He knew about the existence of the royal family and launched a sneak attack. The children of the royal family suffered heavy losses. Fortunately, Wu Shang arrived and killed all the wild beasts. Otherwise, there would be no hope."
"September 17th.

Since the Royals had already awakened two skills, the humans could not wait any longer. Every member of the Royals had eaten a Heaven-Defying Pearl and had three skills. Supreme had personally trained the Royals. In a few months, the humans would begin to counterattack."

Upon seeing this, Moxiu could hear the excitement in Elder Tang's words. The humans were about to launch a counterattack..

Chapter 574: Winning (1)

Moxiu continued to read. He was very curious about this period of history. He finally had the chance to understand this period of history by reading Old Master Tang's diary.

"October 1st.

The preparations were complete, and the humans were about to launch a full-scale attack on the wild beasts. This would be the first time the humans would counterattack, and I was full of confidence in this."

"October 3rd.

Me: 'Will we win this time?

Supreme, What are you thinking about? I'll definitely win this time!

Tianji replied,"Yes, I will definitely win!"

I asked, 'What arrangements?"

Wu Shang said,'Just like last time, you take the lead. Tianji will stay in the middle to command, and I'll support you.'

I said, 'Okay!"'

October 21st.

The first battle was a victory. Beast had never expected humans to be able to unleash such combat power. He was caught off guard. He had won the first battle, and he would continue to win the next battle.”

“October 30th.

Beast’s strength was still strong. Even after the first victory, they had entered a stable stage.

He had even met his master today.

I said, ‘The wild beasts have held back their strength. Now it seems that it will be difficult for us to eliminate them.’

Wu Shang said, ‘At least we’re not afraid of them now. We can waste time with them. They’re constantly fighting. Let’s see who can afford to waste time.’ I said, ‘I understand. I will guard the border and not let the wild beasts harm humans.’”

The battle between the beasts and humans had entered a protracted stage. Mr. Tang’s diary was broken again, and the handwriting was a little different.

“6th January.

The beasts did not want to continue fighting. The Beast King had challenged all the upper echelons of the Human Alliance. The outcome of a battle between top experts could directly affect the survival of the beasts and humans.

This was a matter of great importance. Master and Tianji were discussing whether or not to accept the challenge.

I think we shouldn't accept the challenge. The beasts are eager to end the battle as soon as possible, which means that they are afraid. If this continues, we humans will eventually win. I wonder what Master will decide."

"January 7th.

After a night of discussion, the results came out. Master and Wu Shang both decided to accept the challenge. This is something I can't understand.

Me: 'Master, why do you want to accept the challenge?'

Supreme asked, 'Let me ask you, what is your final wish?'

I said, 'Let humans no longer be sad.'

Supreme replied, "If I don't agree to Beast's request for a battle, how many more people will be sad?" If they could end the battle as soon as possible, why would they not agree? Or are you afraid of losing?'

I said, 'We humans have you, Tianji, King Nan, King Bei, my companions, and the person with the small meteorite fragment. We can't lose. The wild beasts only have the eight kings and the leaders of some small races.'

Supreme replied, 'It's good that you understand.'"

"31st January.

Today was the day of the battle. Regardless of the outcome, this battle would definitely be recorded in history. As a participant in history, his heart, which had not wavered for many years, could not help but feel excited. This battle concerned too much and would directly affect the fate of mankind.

We must win!"

When Moxiu saw this, he took a deep breath. He clearly knew that the humans had won in the end, but his heart was as excited as Elder Tang's.

"February 3rd.

We won!"

There were only two words. MO Xiu guessed that Elder Tang was too tired and only wrote these few words.

"February 5th.

The battle had been going on for two days, and I had just recovered from my fatigue. Master and Tianji were discussing the post-battle matters, so I was relatively free and wanted to record the situation of the battle.

Actually, there wasn't much to write. In summary, there were only ten words.

More than half of the beast kings were dead or injured, and they were invincible. "

MO Xiu smiled when he saw the results. What kind of person was Supreme? His master's master was able to do so many things. During the chaotic battle, he was able to make wild beasts tremble in fear and had an invincible aura.

Moxiu continued reading with curiosity.

"April 3rd. Master and Tianji have drawn up an agreement and are ready to sign a peace treaty with Beast.

At first, I didn't agree, but after thinking about it, my master asked me what my goal was. Although it was a good time to eliminate the wild beasts, if we eliminated the wild beasts, more than half of the humans would definitely die.

After so many years of fighting, there were not many humans left. Now, there were even fewer.

Other than wild beasts, there were even more terrifying sea races. The sea race had cut off the connection between the various continents of the human race. If they suddenly attacked, the human race might be wiped out.

In the past, I never thought about these things. Is it because I've been by Master's side for a long time? I'm starting to change."

"May 30th.

In this one month or so, humanity has entered the reconstruction period. It's a little strange. Master has left everything to me.

I have no experience, so I can only ask and learn everywhere.

I've grown a lot and thought of many ways to use Old White to restrict the royal family and give the commoners a better space to develop. We all know that in the next war, we might not be relying on the royal family.

Master had also changed a lot. He had nothing to do all day and seemed to be uninterested in anything. However, he was interested in women again.

But in this world, there is no woman who is worthy of Master. Until now, I still haven't found a master's wife."

MO Xiu laughed. Elder Tang had suddenly shouldered a heavy responsibility, just like MO Xiu.

Mr. Tang was really naughty. He complained about his master in his diary.

"June 17th.

A strange thing happened today. Master and Tianji had a big fight.

The quarrel was very intense. The two people fought hundreds of rounds. Master went to Tianji's residence to quarrel. Master came back in anger. Tianji came back to quarrel again. Now everyone knew about it.

Ever since they had known each other, the two of them had been very close. Not to mention quarreling, they rarely even had differences in opinions. This quarrel was definitely not simple."

June 18th, day 18.

The two of them quarreled without success. Tianji came to find me and asked me to talk to Master.

It turned out that the reason was because his master wanted to make a trip to the sea race. However, the heavenly secrets had predicted that his master would not return this time.

This is a big deal. No matter what, I have to talk to Master tomorrow."

"June 19th.

Me: 'Master.'

Wu Shang said, 'I know why you're here. I've made up my mind. You know what I mean.'

I said, 'I understand. You won't change your decision. Can I ask why?'

Wu Shang said, 'The greatest danger for humanity is the sea race. I have to go.'

But Tianji said that you're doomed on this trip.'

Wu Shang said, 'I know what I'm doing. You don't have to persuade me anymore. After these two months of observation, I can see that you're doing very well. I can leave without worry.'

I said, 'I understand. I'll go back now.'

Wu Shang said, 'Wait, take this box. You must keep it safe. Remember to open it a year after me.'

Me: 'Alright, as long as I'm here, this box will be here.'

Wu Shang said, "Okay, you can go." "June 20th.

Master had disappeared too suddenly.."

Chapter 575: Seclusion Again (1)

MO Xiu really didn't expect Wu Shang to leave just like that.

After quarreling with his best friend, he didn't give Elder Tang a chance to persuade him. He knew that he wouldn't be able to come back, but he still resolutely wanted to leave.

When Wu Shang signed the agreement with Beast, he should have already thought about going to the Sea Tribe. Otherwise, he wouldn't have handed everything to Elder Tang. He had nothing to do for two months. He should be preparing for the Sea Tribe.

"March 1st.

Master had been gone for a few days, and the news that he was not in the central region had not spread yet. He would hide this news for as long as he could.

The development direction of the central continent was almost set. I decided to create an organization called Shadow, the shadow in the darkness, to monitor and control the development of mankind.”

“March 9th.

He accidentally caught a young Heaven Devouring Beast and imprisoned it for some experiments.”

“June 7th.

The Heaven Devouring Beast is growing too quickly, I have to kill it. The next generation of the Heaven Devouring Beast must also be killed as soon as possible, I can’t let it grow. I will personally carry out this mission.”

This was when Elder Tang found the Heaven Devouring Beast and discovered its secret.

“March 1st.

It was time to open the box that Master had left for him. He felt a little complicated. Master had been gone for a year and had never returned. The day to open the box had been delayed again and again. Forget it, he would open it tomorrow.”

Moxiu was very curious about what was inside the box and why Wu Shang only left this box.

When he flipped to the back, the diary actually stopped.

MO Xiu was stunned. What was going on?

What was inside the box? Why didn’t Master Tang continue writing?

Flipping further, the rest of the paper was blank. The diary stopped here.

MO Xiu closed the diary, his heart filled with doubts.

Why did the diary suddenly stop?

Also, what was Mr. Tang's purpose for giving him this diary? Was it to let him understand this history? Or should he get to know Elder Tang?

MO Xiu thought that Elder Tang might have left a few words for him somewhere in the diary, but MO Xiu couldn't find it no matter how he flipped through it.

MO Xiu sat at the table with his brows tightly furrowed. Mu Qingyi leaned over and said, "Mo Xiu, what's wrong? Is there anything troubling you?"

"It's nothing. I just can't figure out some things."

Mu Qingyi thought she was in MO Xiu's arms and said, "The central continent is temporarily stable. What are you going to do next?"

Many people had asked Moxiu this question. In fact, Moxiu didn't know what he had been doing during this period of time.

Now, MO Xiu was the most famous and prestigious person in the entire Central Division. Every move he made was watched by the world. Everyone thought that MO Xiu should do something during this period of time.

However, there was really nothing Moxiu could do. Although the central continent was filled with danger previously, there were many things that could be controlled. It was different now. On the surface, the central continent had returned to peace, but in reality, it was filled with danger.

Moreover, it was impossible to predict what the wild beasts would do next. Even Moxiu had no way to predict and respond in advance.

Actually, MO Xiu had thought of the Old Prophet. He wanted to have a good chat with him about how the central continent should develop in the future, but after meeting the Old Prophet the last time, MO Xiu had completely dispelled this idea.

At this moment, Moxiu had nothing else to do except to gather some information from Hao Ren.

“What I’m going to do next is to accompany you!” said Moxiu.”

Mu Qingyi’s fist hit MO Xiu hard. Of course, such strength was just tickling MO Xiu.

MO Xiu smiled and asked, “What’s wrong?” Did I say something wrong?”

Mu Qingyi said,” I admit that I don’t understand some of the things you do. I’m a little woman at heart, but I also know what’s important and what I have to do. You said that you would change the world. Have you forgotten? The first time I heard you say that you wanted to change the world, I thought that it was impossible. The second time I heard it, I thought that you were so stupid to actually take it seriously. Now that I’ve heard it again, I finally realize that you can do it. Before you change the world, before the war ends, I don’t need you to accompany me. I will always be by your side.”

Mu Qingyi understood what Moxiu should focus on now. The pressure on Moxiu was too great, and he had to at least solve the problem of the wild beasts first.

MO Xiu understood. The two of them had an indescribable tacit understanding, knowing that Mu Qingyi was doing this for his own good and wanted him to be more prepared for the battle.

MO Xiu walked to the window and looked outside.”Alright, I wanted to spend more time with you, but since you don’t agree, I’ll have to go into seclusion.” “Seclusion?” Mu Qingyi asked. Was she going into seclusion to enter the stage of the ‘

MO Xiu's back was facing Mu Qingyi as he said, "That's right. From the looks of it now, out of all the cultivation methods, battle and closed-door cultivation are the fastest. Now that the war has subsided, I'll continue to go into closed-door cultivation. At the very least, I need to have the strength to fight against the Beast King."

This was the thing that MO Xiu was most worried about. Xi Bei and the head of the Xi family were already the strongest in the central region. No one could fight against the Beast King.

There were many factors that had allowed him to kill the ape king previously.

First of all, they had the advantage in numbers. When they fought against the ape king, it was the four clan heads plus MO Xiu, a total of five people, who could barely resist the ape king.

Coupled with the fact that the ape king was injured to begin with, he had planned a sneak attack with Moxiu, causing the ape king to be severely injured.

In the end, it was the Fox King and the Dragon who appeared and killed the Ape King. Otherwise, it was hard to say what the outcome would have been.

This was a Beast King that was originally injured. If it was not injured, like the Fox King, how would he deal with it?

MO Xiu had unknowingly fallen into the Fox King's illusion.

There was also the biggest hidden danger, the dragon. Looking at the Fox King and the dragon, one could tell that after the dragon became a Beast King, there would be a qualitative change. It would not be a problem for it to surpass the Ape King in battle, but no one in the central continent could defeat it. This was a problem.

Moxiu wanted to increase his strength as soon as possible. The last time he went into seclusion, he had improved greatly. This time, without the help of the Whirlpool Skill, he might not have improved so much.

However, if one's strength could increase a little, they would have a higher chance of surviving on the battlefield.

The central continent didn't attack the Western Regions at this time. When the Western Regions recovered, their counterattack would be like a storm.

The current cold war was an opportunity for both sides, an opportunity to widen the gap between them and their opponents.

It would depend on who could do more and better in the limited time.

Mu Qingyi came to MO Xiu's side and held onto his arm, saying, "'11 support you no matter what you do!"

The two of them looked out of the window quietly, even though there was no scenery outside.

When you're with the right person, everything is beautiful, isn't it?

With doubts about Old Tang's diary and the tense situation, MO Xiu once again went into seclusion.

MO Xiu wasn't sure how long this seclusion would last, nor what kind of situation it would be like when he came out..

Chapter 576: The Last Skill (1)

MO Xiu once again entered seclusion.

The news quickly spread.

In the eyes of those who were familiar with Moxiu, he was a person who could create miracles. No matter what he did, he could always bring surprises to others and often pull them out of despair.

This was the case in the previous firearms war, and it was the same in the current beast war.

In the eyes of ordinary people who were not familiar with Moxiu, he was a legendary figure.

The last time MO Xiu had gone into seclusion, he had announced to the public that he was the number one person of the younger generation, the hope of the future, and that his wisdom was unparalleled. No one in the world could surpass him.

After coming out of seclusion, MO Xiu had verified all the rumors. His strength had even soared to the point where he could contend with a Beast King. Thus, in the eyes of ordinary people, MO Xiu was no longer that mysterious youth, but a supreme existence.

MO Xiu was a leader, an idol, and a role model.

Moxiu had chosen to go into seclusion again to increase his strength during this period of leisure, and this had greatly affected the ordinary people.

Three days after MO Xiu entered seclusion, the most discussed topic on the streets wasn't the previous war or the medicinal liquid news, but MO Xiu's seclusion.

Many of them even claimed that they wanted to follow MO Xiu and enter seclusion. As long as MO Xiu didn't come out, they wouldn't come out.

The power of a role model was really strong. Slowly, more and more people began to enter seclusion to study their own skills.

Mu Mu and Cao Fenglin saw all of this. Without any assistance, the effects of seclusion were not as effective as actual combat. Such a large-scale seclusion might bring about the opposite effect, slowing down the progress of cultivation.

Xi Bei and the other City Lords noticed this problem and immediately issued a notice to persuade them. However, Moxiu's magic was too great, and the effect of doing so was minimal. Many of them entered seclusion, as if the entire population was in seclusion.

Mu Qingyi had asked MO Xiu about this matter, but MO Xiu had no intention of coming out of seclusion to help resolve it. He only said, "Don't worry, don't take such a small matter to heart. They can handle it well."

Mu Qingyi was also confused. This was still a small matter. Also, who were they referring to? Who could handle it?

After another two days, Mumu announced on behalf of the strongest group that the machine for seclusion had been successfully developed. The price was not expensive, but the herbs and energy needed to be added to the machine had to be purchased by themselves.

MO Xiu smiled after hearing this news. He knew that Mu Mu and Cao Fenglin would be able to think of a way. Since they couldn't stop it, they should think of a way to increase the efficiency of their closed-door cultivation.

If he changed his way of thinking, there would be a different outcome.

At the same time, all the cities in the central region jointly issued a statement, strictly forbidding people over the age of 40 from entering seclusion.

Seclusion was a popular trend among the people. Now that they had the machinery of the strongest group, the efficiency of seclusion had greatly increased.

However, there was a very important problem. If too many people went into seclusion, society would be in chaos. The city would be paralyzed if there was no one to work.

The City Lord had to take forceful measures. Otherwise, not only would the central region not be able to develop, but its strength might also regress.

The City Lords were tough, and the strongest corporations were pushing the boat along with the current. The wave of people cultivating in seclusion developed in an orderly manner.

Mu Qingyi saw that MO Xiu was in seclusion and had nothing else to do, so she went into seclusion as well.

She had gone with Moxiu in the previous battle, but she hadn't been of much help in the end. In the end, it was because she wasn't strong enough.

Mu Qingyi was not willing to be MO Xiu's little woman for the rest of her life. She had to at least be able to help MO Xiu, or else she would feel a little uncomfortable.

A wave of people in the central region went into seclusion, and everything went smoothly.

In the northern tent of the Alliance.

During this period of time, Boboxiu's reputation in the north had gradually improved, mainly because he had led the north to make some achievements.

However, Boboxiu had followed Moxiu's plan and moved between the Turtle clan and the Bear clan, allowing the two clans to maintain a delicate balance.

He had to sow discord, but he couldn't do it too obviously.

This caused many northerners to be unable to understand what Boboxiu was doing. They believed that although Boboxiu was very capable, he did not act like a northerner at all.

He was somewhat indecisive and did not do things directly enough.

These people attributed all of this to Boboxiu being too young, and not being ruthless enough.

However, with the protection of the Bobo Fruit, everything was fine.

At this moment, only Popo was in the tent, reading the battle report.

Would he pick up the teacup beside him and take a sip? In the end, he would mutter something.

When he finished reading all the battle reports, it was already evening.

Bobosio raised his head and muttered to himself, "Mr. Moxiu, although we've never met before, I treat you as my teacher. It's a pity that I can't fully understand what you did in the Western Regions. I really want to meet you and ask you the questions in my heart.'

Western Beast Region.

Recently, the Western Regions had been relatively stable and showed signs of recovery.

However, Moxiu was too ruthless. There were spies in the army, the city, and the underground organizations. Every place was in chaos and needed to be readjusted.

The foundation and vitality of the Western Regions had been damaged, and it would not be easy to recover.

The Fox King was doing the work of two people, managing the entire Western Region.

As the new Beast King, not only did the dragon not help the fox manage it, but it also became more playful.

The game that wild beasts played was different from that of humans. Wild beasts were looking for excitement and the thrill of killing.

In the past few days, the number of wild beasts that died at the hands of the dragon was no less than three digits.

The Dragon's personality had even affected the recovery of the Western Regions. Many City Lords had risked their lives to persuade the Fox King to restrain himself.

The Fox King knew how powerful this was and tried to persuade him many times, but to no avail.

The Fox King was very capable in everything he did, but when it came to his son, the Dragon, he doted on him a little too much. The Dragon would do whatever he wanted and would not persuade him if he could not persuade him.

In the end, they could only leave it at that.

Time flew by, and the regions were stable. There were no large-scale wars.

Even the fighting in the south had stopped and entered a period of cold war.

There was no longer any battle, except for the battle between the Turtle clan and the Bear clan in the north.

There were very few battles between humans and beasts.

Many people called the current situation the Cold War. The most difficult period for mankind had passed. After that, it was a competition of endurance to see who could win in the end.

It was May. It was a special month.

This was because Moxiu would awaken four skills this month.

MO Xiu didn't know what the four skills were, but from what Tian Ji said, they should be very important.

Moxiu's birthday wasn't a secret. Many people knew about it, but most people thought that Moxiu had already awakened all his skills.

But even so, on the day Moxiu awakened his skill, the room where Moxiu was in seclusion was surrounded by the 'big' family..

Chapter 577: Awakened Four Skills (1)

This wasn't MO Xiu's intention. MO Xiu wanted to keep a low profile and didn't want to mobilize so many people.

Other than the Elder of Heavenly Secrets, no one knew that they had yet to awaken a complete skill. They wanted to keep a low profile as much as possible. Just because MO Xiu thought this way didn't mean that the others thought the same.

As the only person who knew that Moxiu had awakened his Level Four ability after midnight, the Elder of Heavenly Secrets found Big Cat and asked it to set up such a formation outside Moxiu's room.

Even the Elder of Heavenly Secrets was standing outside MO Xiu's door, personally guarding it.

MO Xiu was shocked by this exaggerated display of power. The Elder of Heavenly Secrets was acting as a guard for him.

The Elder of Heavenly Secrets was a hero of the previous era. Regardless of status or seniority, MO Xiu could not afford to do so and was forced to go out and talk to the Elder of Heavenly Secrets.

"Elder Tianji, what do you mean by this? Why did they have to mobilize so many people? Did he calculate that my Awakened Skill would be in danger?"

The Elder of Heavenly Secrets shook his head and looked at MO Xiu seriously. After five seconds of silence, he said, "Do you know Supreme? Do you know that we're good friends?"

MO Xiu didn't hide anything and nodded. Even if he denied it, the Elder of Heavenly Secrets should know.

"Did you read it in the diary that Elder Tang gave you?" The Elder of Heavenly

Secrets raised his eyebrows."

"Yes, I read all of them before I went into seclusion."

The Elder of Heavenly Secrets said, "Then I'll nag you for a bit. In my life, there were ups and downs. After the small things, it was more difficult. After graduating from university, I suddenly rose up. Then, I suddenly encountered a mutation, which took away all my achievements. At the beginning of the mutation, I had no combat strength and was very helpless. It was Wu Shang who helped me out of my predicament. He made me understand where my value was. Later, humans and beasts signed an agreement, and Wu Shang left.

Because of this, we had a big fight."

MO Xiu nodded and listened attentively.

The Elder of Heavenly Secrets continued, "I didn't agree with him leaving. He wanted to go to the most dangerous sea race. I calculated that he definitely wouldn't be able to return. In the end, I didn't stop him."

"I saw all of this in Master's diary, but what does this have to do with you mobilizing so many people this time?" Moxiu asked doubtfully."

The Elder of Heavenly Secrets smiled and said, "I haven't spoken so much in a long time. Perhaps I've been a little long-winded. After so many years, I finally understand that what Wu Shang did back then

was right. Before he left, he said to me, 'Is everything within the heavenly secrets? Do you believe in miracles? In the past, I wouldn't have believed it, but now I do.'

MO Xiu still didn't understand why the Old Man of Heavenly Secrets was talking so much.

The Elder of Heavenly Secrets added again, "What I mean is that this time, I calculated that you would be able to awaken successfully. However, I'm worried. Heavenly Secrets can be wrong sometimes, so I asked Big Cat and the others to guard you."

'You don't have to do this,' Moxiu said awkwardly. "It might be better for me to awaken myself."

The Elder of Heavenly Secrets shook his head and did not say anything else.

MO Xiu stood where he was and tried to persuade the Elder of Heavenly Secrets to return. However, the Elder of Heavenly Secrets had no intention of leaving at all. He continued to stand at the door.

Time ticked by, and it was almost time for the Awakening at midnight. Moxiu really couldn't persuade the Elder of Heavenly Secrets, so he could only give up. He just had to wait. Anyway, the Awakening shouldn't take long, and it would end soon.

"Then take care of your health!" said MO Xiu.

After saying that, Moxiu closed the door and returned to his room. He looked at the time. There were still a few minutes left. He immediately sat down and let himself enter a state of emptiness.

It was almost time. Big Cat ordered everyone outside to keep quiet and not make a sound.

Midnight!

Moxiu entered a state of mental breakdown.

The next morning.

Everyone in the 'big' family guarded the door for an entire night. The Elder of Heavenly Secrets also guarded the door for an entire night.

Moxiu still hadn't come out. It was a little strange. Big Cat came to the door and asked softly, "Elder Tianji, why hasn't MO Xiu come out yet? It had already been more than eight hours. It should be over by now, right?"

Every person would awaken four skills, who would experience the past, big cat would not be an exception, but big cat did not need to carefully select skills, after awakening, it would directly copy the Descent of the Martial God.

Although it was different, Big Cat knew the process of awakening. Usually, when the first skill was awakened, the time taken would be longer.

Since it was his first awakening, he did not have much experience. In addition, the first skill was more important. It was usually a core skill and needed to be carefully selected. Therefore, it would take a longer time.

The second and subsequent awakenings would usually take much less time.

After choosing the first skill, he would have a rough plan for the skills he wanted to choose in the future. In other words, he would have an expectation and mental preparation before awakening. When he awakened, he could choose clearly. Even if he had two good skills, he wouldn't have to think for eight hours, right?

The Elder of Heavenly Secrets looked at the time and said meaningfully, "It's still early. Let your people change shifts and rest!"

Big Cat widened his eyes and asked, "Change shifts and rest? Damn it! How long will it take for MO Xiu to awaken?"

“Didn’t I tell you?” asked the Elder of Heavenly Secrets. It’s still too early, and don’t tell others about it. There may be times when you can’t hide it, but if you can hide it for a while, it’s best.”

Big Cat’s mouth twitched as he walked out. From what the Elder of Heavenly Secrets said, MO Xiu still needed a long time to awaken. It would probably take a few days.

After making the arrangements according to the Elder of Heavenly Secrets ‘instructions, all that was left was to wait quietly.

Big Cat did not expect that seven days had passed.

Seven days later, Moxiu still had no intention of coming out. Big Cat was stunned. Did it take seven days to awaken?

If not for the fact that the Elder of Heavenly Secrets had been guarding MO

Xiu’s door, the big cat would have rushed in to see if MO Xiu had gone mad.

After seven days, the matter could no longer be hidden. News of Moxiu awakening four skills spread.

Moreover, the news that he had not woken up after seven days had spread. Some of the citizens could no longer remain calm and were worried that something had happened to MO Yu.

Could it be that Moxiu had gone through so many disasters and finally fell because of the awakening of his skill?

It was not that there were no people who had been possessed by the Devil during the awakening of their skills, but the probability of that happening was very low. Usually, they would be hesitant between two skills, unable to make a choice, and eventually fall into a self-loop.

Moxiu wasn’t such a person.

In the following days, the central region was bustling with activity.

Other than entering the peak of talent selection, there was also a trend of seclusion.

Now, there was the matter of Moxiu's awakened skill not awakening. This matter became everyone's concern.

Every morning, the first thing she did when she woke up was to check if Moxiu had woken up.

Such days passed for a long time.

Twenty-first day.

There were three people sitting in front of MO Xiu's room.

The Elder of Heavenly Secrets who had been guarding this place, the big cat who had been waiting impatiently, and Mu Qingyi who had come out of seclusion immediately after hearing the news!

Chapter 578: I'm Back

The three of them stood guard outside MO Xiu's room.

The three of them had different moods.

The Elder of Heavenly Secrets was still as calm as ever. He closed his eyes to rest as if everything was within his expectations.

Mu Qingyi's heart was filled with worry. If it had been a few days, he would still be able to remain calm. However, it had been twenty-one days now, and he had never heard of such a thing before.

Big Cat felt that Moxiu's awakening was a little strange. How could someone like Moxiu be trapped by a mere awakening?

Based on MO Xiu's previous methods, it seemed more like MO Xiu was putting on a show. If it wasn't for the Elder of Heavenly Secrets blocking the door, the big cat would have rushed in long ago.

After two days, three people rushed over from Shun City.

The leader of the three was Li Yuan. When Li Yuan first heard that MO Xiu hadn't awakened, she didn't care much.

Li Yuan knew MO Xiu very well. MO Xiu had always been a very assertive person since he was a child, and he never worried about anything. She didn't think that MO Xiu would fall into a difficult situation because of his awakening.

However, it was impossible not to be worried about his son in Morxiu City. It had already been more than twenty days.

Last night, he couldn't bear his worry for MO Xiu anymore and requested to go to Yan City with Yue Long.

Yue Long and MO Xiu's relationship naturally went without saying. If he did not intend to manage the city, he would have followed Li Yuan this time. He immediately agreed to Li Yuan's request and matched Li Yuan with two people.

These two people were Li Ling 'er and Zhuge Zhong. Li Ling' er was strong, so they could take care of each other on the way. Zhuge Zhong was going with them in case something happened to MO Xiu. If anything happened to him, he could treat him immediately.

The main reason was that ever since the two of them returned from the north, they had been clamoring to look for MO Xiu. Yue Long had stopped them many times.

The two of them were very worried about MO Xiu's matter this time. Yue Long decided to do them a favor and let the two of them follow him.

The three of them rushed over but were stopped outside by the 'big' family's army. They would report to Big Cat and Big Cat personally went to fetch the three of them.

On the way, Big Cat said, "I'm really sorry. For Moxiu's safety, we can only strictly control it. Moxiu is too important to the central continent and to humans. We can't give the wild beasts any chance to take advantage of it."

Although Li Yuan was very worried about MO Xiu and wanted to see him immediately, she still calmly said this to the big cat.

"It's alright. I can understand that. We didn't barge in because we wanted to cooperate with your work. Our goal is the same."

The big cat nodded. The few of them exchanged a few more words before arriving at the door of Moxiu's seclusion room.

Li Yuan saw the Elder of Heavenly Secrets and Mu Qingyi standing outside the door and wanted to enter the room anxiously.

As Big Cat expected, Li Yuan was stopped by the Elder of Heavenly Secrets.

"Li Yuan, right? You can't go in."

Li Yuan knew the Elder of Heavenly Secrets and knew his prestige and importance. She immediately stopped and said, "Elder Tianji, how is my son now? Can't we go in?"

The Elder of Heavenly Secrets finally explained to Li Yuan, "Don't go in. I can guarantee with my reputation that nothing will happen to MO Xiu. If you go in now, you will only disturb him."

Li Yuan knew that Elder Tianji's words were credible, but as a mother, she was still worried about her son.

Mu Qingyi came forward and said, "Auntie, wait here. I believe that MO Yu will be fine. I will accompany you."

Li Yuan had met Mu Qingyi before. The last time MO Xiu came back from the Western Beast Region, he had brought Mu Qingyi to meet Li Yuan.

Li Yuan was very satisfied with Mu Qingyi, but she was a little doubtful at that time. She had always thought that her daughter-in-law was Xiao Hong.

She did not know how MO Xiu's condition was, so Li Yuan could only hold Mu Qingyi's hand and wait outside the door.

On the twenty-seventh day, Ye Qian'er came. She looked at the situation and realized that she couldn't see MO Xiu, so she went to cultivate.

On the twenty-ninth day, Mumu, Cao Fenglin, and Zheng Yi came together.

They didn't see MO Xiu when they came, so they went to greet Li Yuan and Mu Qingyi before going back to work.

In the next few days, Moxiu's friends came one after another. In the end, they didn't see Moxiu, so they could only go back. Big Cat didn't want too many people to stay here, so he persuaded them to leave.

Strangely, Xiao Hong and the others from Moxiu's team had yet to come.

Even if the five of them were in seclusion, they should be able to hear news of MO Xiu. However, the five of them did not come.

There was no need to explain the relationship between the few of them. Perhaps they had absolute trust in Moxiu? Knowing that he could not help even if he came, he might as well seize the time to continue improving his strength.

Thirty-third day.

The forty-seventh day.

There were some strange movements in Beast Western Region, and it was very likely that there would be some movements in the near future.

The more it was like this, the more the people hoped that Moxiu would wake up. After all, Moxiu was the one who had resolved the previous crisis.

If the war started again, without Moxiu, the people would feel insecure.

It wasn't just the people who were anxious. Xi Bei and the other higher-ups were also becoming more and more anxious. They hoped that MO Xiu would wake up as soon as possible. There were many things they had to discuss with Mo Xiu.

On the 51st day, they waited at the door as usual.

After waiting for so many days, the few of them were a little tired and did not even have the mood to chat.

At this moment, Moxiu's door opened. It wasn't someone who couldn't wait to open it from the outside, but from the inside.

The sound of the door opening was the most pleasant sound these people had heard in recent times.

Everyone locked their eyes on the door, waiting for the person they had been waiting for a long time to appear.

One second. There was only one second of waiting. Everyone felt that this second was longer than the two months they had waited before.

A figure dressed in white slowly walked out.

If the person who came out wasn't MO Xiu, who else could it be?

However, the moment they saw MO Xiu, everyone, including Mu Qingyi and Li Yuan, who understood MO Xiu the most, was stunned.

It was indeed MO Xiu, but it didn't seem to be MO Xiu.

His appearance did not change at all, but his temperament was completely different.

Every step he took was so calm and composed, and his eyes gave people the feeling that he could see through everything.

If Moxiu's temperament in the past was wise and calm, then the feeling of being indifferent to everything now.

Everyone present had a question in their hearts. How could an Awakening bring such a huge change to Moxiu?

MO Xiu's gaze slowly swept across everyone present as he calmly said, "Everyone has suffered. I've already woken up."

Big Cat, Li Ling 'er, Zhuge Zhong, and the others left, leaving time and space for the people closest to Moxiu.

The remaining people were Li Yuan, Mu Qingyi, and the Elder of Heavenly Secrets.

What happened next was unexpected. Moxiu did something that no one expected.

He saved the Elder of Heavenly Secrets.

“I’m back!”

Chapter 579: I Am Supreme

“I’m back!”

After MO Xiu said this, Mu Qingyi and Li Yuan looked at each other, and they could see the doubt in each other’s eyes.

MO Xiu and Elder Tianji? Why were these two people hugging each other? Also, what did he mean by ‘I’m back’?

Was it because he had been awakened for too long? He should have hugged one of the two girls. There was no reason for him to hug that old man, the Elder of Heavenly Secrets!

Moxiu must have been in the Awakened state for a long time, and his mind was not clear. That must be the case.

Mu Qingyi thought this in her heart as the two girls looked at MO Xiu and the Elder of Heavenly Secrets.

From the two women's point of view, they saw MO Xiu. The Elder of Heavenly Secrets had his back facing the two women.

After hearing MO Xiu's words, one could clearly see the Elder of Heavenly Secrets 'body trembling.

The two women were even more puzzled. MO Xiu's head was not clear, and the Elder of Heavenly Secrets had also gone crazy?

"Good! It's good that you're back! You used a hundred years to prove that you were right. Do you know that I spent these hundred years blaming myself?"

Li Yuan and Mu Qingyi were completely stunned. A hundred years? MO Xiu was only twenty years old, how could the two of them have known each other for a hundred years?

"What happened?"

Li Yuan had asked Mu Qingyi this question. She was very confused now and did not know if something had happened while she was not by her son's side.

Mu Qingyi shook her head."

MO Xiu seemed to have heard Li Yuan and Mu Qingyi's conversation as he separated from the Elder of Heavenly Secrets. MO Xiu said,""Let's talk about our matters later!"

The Elder of Heavenly Secrets nodded. He knew very well what MO Xiu wanted to do.

MO Xiu went past the Elder of Heavenly Secrets and arrived in front of Li Yuan.

Li Yuan raised her hands to hold MO Xiu's face. After a careful look, she said,"It's good that you're fine, it's good that you're fine!"

“Don’t worry, I’m fine!” MO Xiu replied.”

After saying that, he moved a chair over and helped Li Yuan sit down.

Li Yuan was confused. What did this mean?

Then, Moxiu did something unexpected again. He knelt heavily on the ground.

The sound of his knees landing on the ground echoed in everyone’s ears.

Mu Qingyi cried out in surprise, not understanding why MO Xiu would do this, kneeling down in front of everyone so suddenly.

The person kneeling was Li Yuan. After a short moment of shock, Li Yuan immediately stood up and wanted to help MO Xiu up.

Li Yuan knew very well that MO Xiu’s current status was no small matter. He was the most important person in the central region, the second Supreme.

Even if she was MO Xiu’s mother, she couldn’t let MO Xiu kneel like this.

Li Yuan reached out to help MO Xiu up. However, MO Xiu knocked his head heavily on the ground. After that, he kept his head down and did not get up. He did not speak either.

Li Yuan’s skill was a Mage, so how could she help MO Xiu up? She said anxiously, “Little Xiu, what are you doing? Get up!”

Li Yuan’s tone was filled with anger. She didn’t understand why MO Xiu did this.

Mohume didn’t make a sound, his forehead pressed against the ground.

Mu Qingyi looked at this scene and did not know who to help, so she could only stand by the side silently.

Li Yuan's personality was very elegant, and she was very anxious. Previously, when MO Xiu was in danger, it was counted as one time, and now it was counted as one time.

"MO Xiu, if you have anything to say, you can stand up. Don't kneel here." MO Xiu still did not speak.

At this moment, the Elder of Heavenly Secrets walked over and nodded at Li

Yuan. Then, he said, "Li Yuan, you must accept MO Xiu's bow. Otherwise, MO Xiu will carry guilt for the rest of his life."

Li Yuan did not understand, but since the Elder of Heavenly Secrets had said so, she could only accept it.

MO Xiu, who had been silent all this while, continued to kowtow and said, "No, I can't! No matter what, the guilt in my heart will never disappear. This bow can only express my apology."

"Sigh! You're still so stubborn!"

The Elder of Heavenly Secrets sighed and left quietly.

Only MO Xiu, Mu Qingyi, and Li Yuan were left at the scene.

Mu Qingyi was a little embarrassed. She found an excuse to leave and help Li Yuan prepare some food. After all, she had been here for so long.

After Mu Qingyi left, only the mother and son were left.

Li Yuan looked at MO Xiu's figure and sighed. "Mo Xiu! You know me. If you don't tell me why you're doing this, I'll feel very bad. Now that there's no one else, can't you tell me?"

MO Xiu's actions did not change. He said, "Mom, I'm the one who harmed you and ruined your life. It's not Tang Wanhua, it's me!"

Li Yuan said calmly, "But when Elder Tang apologized to me, I said that I don't hate anyone. I chose to leave you behind. Seeing you now, I don't regret it."

"Mom! It was only now that I realized that Tianji didn't lie to me. I...really don't have a father!"

"Looks like you know the truth. It's good that you know. It doesn't matter if I know or not. I don't care anymore."

Li Yuan's words were beyond MO Xiu's expectations, but MO Xiu still continued.

"Mom, no man has ever sullied you, and I don't have the right to do so. I'm no one's son, only yours."

Li Yuan understood what MO Xiu meant. After thinking for a moment, she said, "Are you saying that I'm still a virgin? But...how was this possible? I was pregnant and gave birth to you."

Moxiu continued to explain, "I'm indeed your child, but I wasn't born normally. I'm a reincarnated person! ""

Li knew what reincarnation meant, but it was just a myth. It shouldn't have appeared in the human world.

When Li Yuan heard this, there was no joy on her face. Instead, she was a little disappointed.

In Li Yuan's opinion, since she had reincarnated from Moxiu City, and was the kind of reincarnation that could not be explained according to normal childbirth, did that mean that she was not related to Moxiu by blood?

Thinking of this, Li Yuan was a little disappointed. It was not because of her own experience, but because MO Xiu was not her child.

“That means you’re not my child, right?” Li Yuan asked sadly.”

MO Xiu didn’t raise his head, so he couldn’t see Li Yuan’s expression. However, he could hear the sadness in Li Yuan’s tone.

“No!” Moxiu hurriedly explained. You will always be my mother, forever! This is a fact that cannot be changed. I came out of your stomach, so I am your son.”

Li Yuan smiled. She didn’t know who the person in front of her was. He was her son. That was enough, wasn’t it?

“Good! It’s good that you said that.”

Moxiu replied,” That’s the truth. I just wanted to tell you the truth. Our relationship won’t change. I’m still Little Xiu. It won’t change now, and it won’t change in the future!”

Li Yuan let out a long sigh. MO Xiu just wanted to tell her the truth.

“Moxiu, I have another question. You said that you are a reincarnation, but who were you in your previous life?”

“In my previous life, I was also called MO Xiu, but no one knew me. You must have heard of my other name.”

“What?”

“Supreme!”

Chapter 580: Box (1)

“Supreme! ”

Li Yuan felt the air in the entire courtyard freeze when she heard the word ” out

He hurriedly went to help MO Xiu up.” You are Supreme, your reincarnation. Anyone in this world will cooperate. There’s no need to bow to me.”

Actually, when MO Xiu had said that she was reincarnated, Mu Qingyi already had an answer in her heart.

Old Master Tang had personally acted for a person who could reincarnate. In the end, Old Master Tang knelt down and apologized. Who else could make Old Master Tang do this except Supreme?

However, that was still the supreme existence. He had saved mankind countless times. Even if he had the answer in his heart, he still could not believe it.

No matter how La Moxiu got up, he didn’t move.

“Mom, have you forgotten what we just said?”

Li Yuan stopped what she was doing and returned to the chair. She slowly calmed herself down. After a long while, Li Yuan finally understood. They had already agreed that MO Xiu was her son no matter what.

” I already know,” Li Yuan said.” You don’t have to kneel anymore. I’m willing to make such a great contribution to mankind.”“

MO Xiu said, "I've heard an old saying since I was young. It's called one thing is another. Things can't be treated the same way. This bow is to express my guilt and apology."

Li Yuan nodded and said, "Understood. I'll take it!"

MO Xiu had been kneeling on the ground without raising his head because he had been crying.

Ever since he was young, MO Xiu had been very strong and did not shed many tears. However, he thought about how Li Yuan was once the proud daughter of the Li family. If he had not reincarnated, she would have found a good home. Now, she was also an influential figure in the royal family.

Li Yuan's fate had changed because of him. She had lived a hard life in Shun City for nearly 20 years, and all of this was because of him.

MO Xiu didn't just feel guilty. He also felt heartache for his mother who had done so much for him.

Li Yuan sat on the chair while MO Xiu knelt on the ground. Just like that, they

knelt for seven days.

Seven days later, MO Xiu stood up and hugged Li Yuan, who was sitting on the chair, tightly. The two of them hugged each other and cried.

A hundred years ago.

With mixed feelings, Tang Wanhua opened the box that Supreme had given him.

The reason why he didn't want to open the box was obvious. It wasn't over yet.

Tang Wanhua was very worried that when he opened the box, it would be a farewell letter.

However, after thinking about it, it had been some time since he had agreed to open the box with Wu Shang. He could not possibly not open it forever, right?

He placed the box on the table and stared at it nervously for a long time. Finally, he took a deep breath and opened the box.

What greeted his eyes was a piece of paper. Tang Wanhua's heart instantly turned cold.

Suppressing the sadness in his heart, he took out the paper. After taking it out, Tang Wanhua realized that there was something else in the box. It was a

five-colored bead.

Tang Wanhua took it out and looked at the box. There was nothing else.

He placed the bead in his hand and examined it carefully. The bead was not big, about the size of a thumb. It was completely transparent and had no impurities. He placed the bead in his hand and felt it. There was no energy fluctuation inside.

If it was very light, Tang Wanhua would think it was an ordinary glass bead.

He didn't know what the bead was for, so he could only find clues from that piece of paper.

He opened the folded paper and found a letter.

Tang Wanhua sighed in his heart. This was really a supreme style. There was not even an envelope in the letter. It was really simple.

The content of the letter was:

“Yoruhana.

If I hadn’t returned to the central continent by the time I read this letter, we wouldn’t have been able to see each other for a very long time.”

Seeing this, Tang Wanhua was delighted. Wu Shang was a more direct person and would not say anything casually. Since he could say so, it meant that Wu Shang was not dead and would return.

Tang Wanhua, who was in a better mood, continued reading.

“You might be asking me where I went. I only left this world temporarily. As for my purpose, you should know that I went to settle the matters of the Sea Tribe. In the future development of mankind, there is no need to worry about the Sea Tribe.”

Leave this world temporarily?

Tang Wanhua continued to read with doubt.

“I know your ability. With you around, I’m not worried about the development of mankind. If there’s anything, ask Tian Ji. Don’t think that this guy fell out with me in the end.

I can guess what kind of life you’ll be living in. I’m glad for the whole world that you can keep the heart of a twelve-year-old boy, but I really hope that you can be Li Qing’s sorrow and find your own lover. Don’t be like me.”

Tang Wanhua smiled as he looked at it. How was this like a letter? It was as if Wu Shang was saying these words right in front of him.

“Next, I want to give you some instructions. You must remember all the key points carefully and then burn the letter. Don’t tell anyone. Of course, you can tell Tianji.”

Tang Wanhua became serious. What he had to say next was the key.

“There are only two things. When you read the letter, I should have already died. I have a skill called reincarnation.

In other words, even if I die now, I can still be resurrected through some methods. That pearl is the key!

” Choose a female and let her consume the pearl. I will be born in her body without any other assistance. What you need to do is to choose a female who is willing to consume it and ensure that I am born smoothly.

The time I regained my memories was the last time I awakened. If possible, I hope to grow without your protection. My life may seem successful to you, but it seems like a failure to me.

You have to control the time of my resurrection well. When the wild beasts are restless, reincarnate me. Remember!”

After Tang Wanhua finished reading this, his heart was in turmoil. Reincarnation? This was simply unbelievable. As expected of Supreme, as expected of his master.

Whether Wu Shang could revive or not was all up to him. Unknowingly, the task on Tang Wanhua’s shoulders had become a little heavier.

He tightened his grip on the bead in his hand.

“The second matter is related to the Heaven Devouring Beast!

There has always been only one Heaven Devouring Beast because it can be reborn indefinitely. Before I am resurrected, you have another important mission, which is to find the cub and kill it.

He doesn’t need a bead to reincarnate. He has a fixed place to resurrect. You have to keep killing him until you know that I’m reincarnated.

After I reincarnate and gain a certain level of power, you can bring the newborn Heaven Devouring Beast cub to my side and ignore the rest.

Yoruhana, I'm not worried about what you're doing. I'm just worried about you. Will you suffer while I'm gone?"

Tang Wanhua was filled with emotions. How could he not know about his master's friendship?

She held back her tears and burned the letter..
