

Four Skills 591

Chapter 591: Moxiu?I?s Squad!_I

Elder Tianji’s words immediately calmed the people down. They looked forward to the day when MO Xiu would come out of seclusion and lead humanity to victory.

At the southern border of the central continent.

The central army was fighting back against the phoenixes.

However, the phoenix-kind had arrived suddenly, and the central region had no experience fighting against the phoenix-kind. In the air, the phoenix-kind had an absolute advantage, but they were gradually showing signs of fatigue.

The commander-in-chief of the southern border was a city lord. Facing the fierce attack of the phoenix clan, he was about to be unable to withstand it. “City Lord! We can’t hold on for much longer. Hurry up and ask for help! ”

The City Lord said, “I’ve already called for help, but the headquarters haven’t responded for a long time. No matter what, we have to defend!””

“But...ah! City Lord! Look at what’s in the sky!”

The City Lord raised his head and looked over. A pair of fiery red wings flew past from the north. The wings were very large, and they spread open as they flew closer. It was as if they could block the entire sun.

From the ground, the pair of wings were about to land in front of the two of them.

His subordinate had never seen such a big lineup before. He said in a panic, “City Lord, it can’t be that the Beast Emperor of the Phoenix clan has come personally, right?”

The City Lord stared at the pair of wings and slowly landed in front of him. The wings retracted and the fiery red light retracted. The two figures that entered his eyes were clearly two humans.

The City Lord knew that reinforcements had arrived. Looking at the commotion, they should be people who could not be saved.

“You two are?”

The other party was a man and a woman. Just as the woman was about to step forward to speak, a loud explosion interrupted their conversation. The woman turned to the man.”

The man, who was originally cold, became excited when he heard this. He said,””You mean I can use my skills now?”

The woman pointed at a group of phoenixes flying over from the sky, almost blocking her line of sight!

“Shoot them all down!”

The man rubbed his hands and waved his hand.

The sky was covered with dark clouds. Lightning flashed and thunder rumbled every second. Countless bolts of lightning fell from the sky, striking the phoenix army to the ground.

The leader of the phoenix-kind immediately ordered his troops to retreat.

The dark clouds dispersed, and so did the phoenix-kind soldiers. The sky returned to its original brightness.

The City Lord and his followers were stunned. That lightning bolt just now was thousands of meters long, right? Ordinary lightning could not cause any harm to the phoenixes, but the phoenixes had turned around and fled.

The two of them were shocked. The man said with some regret, "These wild beasts are pulling too fast. There isn't a real expert to let me test their power!"

The City Lord jogged over and cupped his hands. "You two are here to support me, right? May I know your names?"

The woman said, "My name is Xiao Hong, also known as Xiao Xinru. I'm from

MO Xiu's team. We're not here to provide support. We're here to take over!"

The woman was Xiao Hong. A few days before the Western Region joined forces with the Northern Region and the Southern Region to launch an attack, Xiao Hong came out of seclusion.

After coming out of seclusion, Xiao Hong's temperament had changed. She seemed to have returned to the Xiao Hong of Yan University, the Xiao Hong who despised everything.

A few days ago, the first thing Xiao Red did after coming out of seclusion was to inquire about MO Xiu's situation. He went to the tavern and chatted with Li Yuan and Mu Qingyi. He knew that MO Xiu was not in any danger and had only entered seclusion.

Since MO Xiu was fine, Xiao Hong didn't stay for long and prepared to leave.

At this moment, Mu Qingyi took the initiative to say that she wanted to send Xiao Hong off. Xiao Hong was obviously stunned for a moment before she nodded.

The two of them walked side by side. Xiao Hong said, "Why are you giving it to me? Do you have something to say to me?"

Mu Qingyi smiled and said, "No, I've already said what I needed to say last time.

You like MO Xiu. It depends on what MO Xiu thinks about the two of you."

Xiao Hong stopped and asked seriously, ""Do you really not care? You don't care that MO Xiu has other women?"

"How can I not care? However, I wasn't by his side during these two years in

Yan City. It was you and Yang Qingzhuo who were by his side."

"What are you pretending for?"

Mu Qingyi raised her eyebrows in surprise and said, ""What? What did you say?"

Xiao Hong showed a look of contempt and said, ""I just can't stand the way you're acting now. Don't you know MO Xiu? Since Moxiu has chosen you, he won't change his mind. I'll have to trouble you to show some of the aura of Moxiu's wife and make all the women who are interested in Moxiu leave. Isn't that the right thing to do?"

Mu Qingyi wanted to retort, but she saw that Xiao Hong was crying. She was crying very sadly. After she finished speaking, she covered her face and sobbed so hard that she could not say a word.

Mu Qingyi took a step forward and patted Xiao Hong's back lightly, and Xiao Hong dodged.

Xiao Hong wiped away her tears and stood up straight. ""I won't fight you over Moxiu. I can't win over you either. I just hope that you won't say such things to anyone else. You think that you're being kind to me, but you're actually hurting me even more because Moxiu only loves you."

Xiao Hong turned around and left after she finished speaking, not giving Mu Qingyi a chance to speak.

Mu Qingyi stood on the spot for a long time before she shook her head and left.

Xiao Hong felt that MO Xiu had come to her when she was in seclusion. The finger that gently tapped her forehead was warm, as if it was saying three words.

“I’m sorry!”

Walking out of the tavern, Xiao Hong’s eyes turned from disappointment to determination.

He wasn’t the one guarding MO Xiu, but he could help MO Xiu share the burden.

After that, Xiao Hong quickly gathered the members of the team. Perhaps it was a coincidence, but the five people who had been in seclusion all this time came out at the same time.

The few of them came to a conference room in the Strongest Group for a meeting.

The five of them had doubts in their hearts. After sitting down, they did not know how to speak.

Xiao Hong, as the acting captain, saw that none of them spoke, so she took the lead and said, “Do you feel it? Did MO Xiu see you guys more than a month ago?”

The few of them remained silent. Only Yang Qingzhuo replied, “I was in closed-door cultivation at that time, so I didn’t feel it clearly. However, I had a feeling that MO Xiu had come and...tapped my forehead!”

“I have it too! I also nodded my forehead. I had always been suspicious. I didn’t expect it to really be Boss.”

Liu Ziyang echoed.

Following that, Xiao Xinru and Yue Yuan also expressed that they had the same experience.

Xiao Hong had already predicted this before she came, so she was not too surprised.

“Since you’re like me, then have you felt that your skills have improved by leaps and bounds after you’ve touched your foreheads? In just a short month, your strength has increased explosively?”

“Yes!” Xiao Xinru whispered. So it was Moxiu’s doing. I thought I had suddenly gained an epiphany. Also, I had awakened four skills in advance.”

The other four people were not too surprised. They had a tacit understanding and had the same experience.

Yue Yuan said,” It’s definitely not a coincidence that all of us experienced the same thing at the same time. It seems like it’s really what MO Xiu said, but isn’t this too shocking?””

“I think I know what you want us to do.” Xiao Hong stood up and said.. The war

is not far away!”

Chapter 592: Xiao Hong!

“Are you saying that the Western Regions will make a move soon?”

Yue Yuan asked.

Xiao Hong said,” That’s right. I think so. MO Xiu is still in seclusion. We don’t know when he will come out. If the war comes and he hasn’t come out yet, we need to hold on until he does.””

Yue Yuan pondered for a moment and said,” Actually, what you mean is that MO Xiu was able to miraculously help us grow in strength so that we can delay the war until he wakes up, right?””

Xiao Hong nodded, and the others agreed.

While the meeting was still going on, they received news that the Western Region had joined forces with the Northern Region and the Southern Region to launch a surprise attack.

The five of them looked at each other and knew that their guess was right. MO Xiu shouldn't come out of seclusion anytime soon.

Xiao Hong's initial plan was for her and Xiao Xinru to go to the south to provide support, while the other three would go to the north.

However, there was news that Elder You had gone to the north. With Elder You there, there should not be any problems in the north. Therefore, Yue Yuan, Liu Ziyang, and Yang Qingzhuo went to the west, where the battle pressure was the greatest.

Back to the present.

"You mean you're Moxiu's men?" The City Lord asked in surprise."

"That's right!" Xiao Hong said. The two of us will help you defend the southern border and repel all the invading phoenix-kind beasts."

"This..."

The City Lord found it hard to believe. Needless to say, these two people's strength could be called top-notch experts. However, just based on their strength alone, they were still too few.

Xiao Hong saw the City Lord's worried face and said, "City Lord, you might not have heard what I just said." "Ah?"

"I'm here to take over this place!"

The City Lord frowned. It wasn't that he didn't want to give up the command, but two people he didn't know had suddenly appeared. He couldn't rest assured and give them the command.

The City Lord hesitated for a while before saying, "Do you have any documents?"

"City Lord, I know what you're thinking. Before I came, I went to see the Elder of Heavenly Secrets. The documents will arrive soon. You have to believe in us, but you have to believe in the Elder of Heavenly Secrets and MO Xiu!"

After saying a few more words, the city lord arranged a place for Xiao Hong and Xiao Xinru to stay. He insisted that he had to see the document before he could call out the command.

Although Xiao Hong was anxious, the City Lord's actions were not wrong.

At night, the City Lord came to find Xiao Hong personally.

"Xiao Hong, the documents have just arrived. Please forgive us for offending you before. We don't have much ability, so we can only do our job well."

The document came with a letter. The letter was written by the Elder of Heavenly Secrets to the City Lord. The believers clearly expressed their trust in Xiao Hong's ability value.

At the end of the letter, it was also mentioned that Xiao Hong and Xiao Xinru's strength was on par with the former commander-in-chief Xi Bei.

This sentence completely shocked the City Lord. Xiao Hong and Xiao Xinru looked to be around 20 years old, but their strength had actually reached the level of Commander-in-Chief Xi Bei. They were one of the strongest people in the central region.

The people around MO Xiu were also so abnormal? He had never heard of it before.

Even in human society, the worship of the strong existed, especially for a strong person like Moxiu, who would be loved by the people.

Xiao Hong took over the command of the south and said, ""We can finally command. City Lord, inform the others that tonight's surprise attack on the Phoenix clan's camp!"

What?"

The City Lord was stunned. Ever since the Phoenix clan attacked, he had been passively defending and had never thought of attacking.

"Commander Xiao Hong, you may not understand our strength. We are not strong enough to launch a counterattack against the Phoenix clan."

Xiao Hong glanced at Xiao Xinru and said, ""There's no need to capture all the phoenixes in one fell swoop. It's enough to make them afraid." "But..." the City Lord said.

"City Lord, carry out the order!" Xiao Hong interrupted."

The City Lord said helplessly, "Alright! ""

That night, Xiao Hong and Xiao Xinru led the guards to launch a surprise attack on the phoenix-kind. The phoenix-kind obviously didn't react in time and was caught off guard.

In a normal battle, the soldiers barely made a move. The entire process was left to Xiao Hong and Xiao Xinru's performance.

The two of them each used a skill, causing huge damage to the phoenix clan, causing the phoenix clan's film emperor to retreat hundreds of miles.

Seeing that the situation was about right, Xiao Hong ordered the troops to retreat.

The City Lord, who originally thought that this was a tough battle, was dumbfounded when he saw the scene.

Xiao Hong and Xiao Xinru's combat strength was too shocking. Why hadn't he heard of their names before?

The two of them bombarded the phoenix-kind with skills, which was simply a dimensional blow.

This was also the first time Xiao Hong and Xiao Xinru had attacked after coming out of seclusion. Even the two of them were shocked by their own strength and did not hold back during the battle.

Both of their skills had been upgraded, and Xiao Hong had become an all-rounded Mage.

Xiao Hong, who had upgraded all her skills, had reached the level of a top-notch expert.. She could fight anyone!

Chapter 593: Xiao Xinru

Xiao Hong walked the path of an all-rounder Mage. She could deal elemental damage with her skills, as well as melee elemental and physical damage.

Moreover, its defense was extremely strong, and it could attack and defend as one. It could guarantee long-term damage output, and it could work together as a team or act alone.

With the Fire Goddess ‘additional skill, Vulcan, he had another trump card.

Moreover, he used the fourth skill, Fire Feather, to fight with the Phoenix clan with ease.

After his skills were upgraded to level 10, there was a qualitative leap in both power and durability. His strength was worlds apart from before.

It had always been Xiao Hong’s wish to be able to stand on the stage of the strongest. She wanted to rely on her own strength to revive her family.

Compared to Xiao Hong, Xiao Xinru’s direction was completely different.

Xiao Xinru's research was focused on the ultimate power of skills. She didn't care about anything else.

Cooldown time: 10 minutes.”

Xiao Xinru was purely increasing the damage of her skill.

From the choice of skills, it could be seen that the second skill was a skill that supported other skills. In the end, it also had an offensive ability and was not a pure control skill.

Of the last two skills, the third skill was the most important elemental skill for all mages. Elemental skills might not increase elemental damage by too much, but they had various immunity, which could greatly increase survivability and increase the damage of other skills.

When Xiao Xinru chose the three skills, he didn't want to choose this skill. It didn't match his thoughts of extreme damage.

However, compared to the other two skills, he chose the elemental conversion skill reluctantly.

Xiao Xinru was quite satisfied with the choice of four skills. He only needed one skill for area-of-effect attacks. He wanted to choose one of the four skills for single-target attacks.

It just so happened that he had the skill he wanted, Thunderbolt Strike.

This skill could not be said to be the best skill because many people had this skill.

The growth rate of common skills was very high. In just a month, Xiao Xinru had upgraded four skills from newly awakened to level 15. This was simply inhuman.

If MO Xiu were to see it now, he would probably be amazed.

Overall, Xiao Xinru was still a Mage with strong offense and weak defense. Her only life-saving skill was the third skill, Thunder God. When she activated the additional skill, Thunder God's Instinct, she would be immune to all damage for ten seconds.

With Xiao Xinru's ability, even if she was invincible for ten seconds, she would still be in danger after ten seconds.

Therefore, Xiao Xinru was not suited to act alone. She needed someone to support her, or she could only display her full strength in a team.

The surprise attack was very successful. Xiao Hong led the army back to the camp.

The City Lord immediately went to Xiao Hong to express his gratitude. The southern border was his city. Once the wild beasts broke through the defense line, all the people in his city would be finished.

Xiao Hong could understand the City Lord's feelings of wanting to protect the people, just like how she had wanted to protect the Xiao family for so many years.

The two of them spoke for a short while before a signalman hurriedly came in to report.

"Reporting to commander, Beast Southern Region requests for negotiation!" Xiao Hong frowned. Was the beast afraid or was it plotting something?

The City Lord let the signaler go down and said, "Commander, we have the advantage now. It's fine if we don't agree to their negotiations."

Xiao Hong was not a reckless person. She said, ""Send a message back and ask them to send someone to look for me. Otherwise, we won't talk about it."

Normally, negotiations were held at the border between the two sides. Xiao Hong had Beast come over to negotiate. In Xiao Hong's opinion, there was no reason for Beast to agree to such an unreasonable request, so she naturally gave up on the negotiation.

However, he did not expect that half an hour later, the news would come back. Beast agreed to send someone over and would arrive in half an hour.

Xiao Hong turned her head to look at Xiao Xinru and smiled. She wanted to discuss it with someone else, but Xiao Xinru was beside her. What could she discuss? It would be great if it was Yue Yuan.

However, since the other party had agreed to come, then so be it. After all, it was his territory.

Half an hour later, the other party arrived.

To Xiao Hong's surprise, it was two phoenix-kind beasts and a woman! Phoenixes could not transform, which meant that this woman was either a fox or an ape, or a human.

Two phoenix-kind beasts were guarding outside, and only the woman entered the room.

The woman came in and sat opposite Xiao Hong without a word.

Xiao Hong looked at the woman's face and felt a little strange. This woman seemed familiar, but she couldn't remember where she had seen her before.

"Have we met before?" Xiao Hong asked."

"No! However, you and I still have MO Xiu, and we have a monstrous hatred!"

Chapter 594: Just You

The woman's words puzzled Xiao Hong. She kept thinking about the people she had offended. No matter how she thought about it, she still couldn't figure out why this woman would say that.

Since you're already here," Xiao Hong said," then let's make things clear. What do we have to worry about?"

The woman turned to look at Xiao Xinru and said,"You have a share too!" Xiao Xinru couldn't be bothered with her and walked out without saying anything.

Xiao Hong was getting impatient and said,"What are you doing here? If you have something to say, say it quickly. Otherwise, don't blame me for chasing you out or making you stay!"

The woman said," I'm very important to the Southern Region. If you dare to do anything to me, you'll have to wait for the Southern Region's revenge."

Hahaha!!

Xiao Hong suddenly laughed. It was rare to see a woman more arrogant than her.

Xiao Hong's voice seemed to have angered the woman. She leaned on the table and said,"What are you laughing at?"

Xiao Hong released her second skill, Flame Spear. She held the Flame Spear in her hand and aimed the tip of the spear at the woman's throat. "Why don't you take a look at where this is? Southern Mountain Range? I, Xiao Hong, have never been threatened by anyone. If you continue to speak like this, don't even think about walking out of here!"

Xiao Hong's words were extremely domineering. The arrogant woman immediately wilted.

Putting the Flame Spear away, Xiao Hong sat down and stared at the woman in front of her without saying a word.

The meaning was very obvious. Hurry up and make yourself clear.

The woman gritted her teeth. She had never thought that she would be humiliated like this.

“My name is Qiu Dong.”

Xiao Hong’s eyes narrowed. Now that the name was out, she could almost guess the other party’s identity.

“You’re Qiu Chunxia’s daughter? Your family is really powerful. All of you have betrayed us!”

Qiu Dong glared at Xiao Hong and said, “I will avenge my father and brother.”

Xiao Hong laughed again.

“Hahaha! Hahaha! You’re really interesting!”

Qiu Dong stood up angrily and said, “What do you mean? Are you really laughing at me?”

Xiao Hong stopped smiling and said coldly, “Qiu Chunxia, Qiu Qiu, why didn’t I think of Qiu Dong?”

Qiu Dong’s expression was extremely serious as he stared straight at Xiao Hong.

“Are you here to declare war?” Xiao Hong asked. Declaring war against me or declaring war against Moxiu? You think too highly of yourself, don’t you?”

Qiu Dong refused to be outdone. “I know Moxiu’s current position in the central region. I’m part of the military in the Beast Southern Region, the entire military of the Southern Region. I’ve worked hard to get to the same position as Moxiu. Let him wait!” I’ll go find him.”

At the mention of MO Xiu, Xiao Hong's eyes revealed killing intent."Is there anything else? Did you come here just to talk about this?"

Qiu Dong turned around and walked towards the door, saying, ""That's right, goodbye!"

The flame spear in Xiao Hong's hand appeared out of thin air again. Qiu Dong felt the temperature behind him rise and turned around to look.

At this moment, Xiao Hong activated all her skills and floated in the air.

Qiu Dong knew what Xiao Hong wanted to do and said in a panic, ""Xiao Hong, what do you want? If you kill me, the Beast King of the Southern Region won't..."

"Bang!"

The flame spear was thrown out and pierced through Qiu Dong's body. As the flames continued to burn, Qiu Dong's entire body finally turned into ashes.

Xiao Hong retracted all her skills and said, ""You? He also wanted to see MO Xiu? Don't be delusional. Do you really think that the Beast King will kill his way into the central continent at all costs for a human? Don't be silly!" Xiao Hong returned to her seat and waited for the people outside to come in.

"Moxiu, I won't let these little troublemakers disturb you!" he muttered softly."

At the western border.

This time, the offensive of the Western Regions was different from the previous ones.

It was not a surprise attack, but a well-prepared official attack. It was an attack with the strength of the entire Western Region, an attack that did not care about losses or casualties.

Xi Bei was under great pressure from such an attack, and this was even before the two Beast Kings had moved out.

At night, the wild beasts attacked again, but Xi Bei and his men held on tightly.

Suddenly, the pressure on Xi Bei's side was reduced. In the past, they would have to defend for more than three hours before they could withdraw their troops. This time, they only used an hour to repel the beasts.

Xi Bei didn't understand the situation and let his subordinates investigate.

After a round of investigation, his subordinates brought three people to Xi Bei. Xi Bei was surprised to see the three of them. They were Yue Yuan, Liu Ziyang, and Yang Qingzhuo.

As a member of Moxiu's team, Xi Bei had long understood a few of them, so he was no stranger to them.

"Aren't you three supposed to be in Yan City? Why are you here? Go back quickly. If anything happens to you, I won't be able to explain it to MO Xiu."

Before the three of them could speak, his subordinate reported first, "Supreme Commander, these three are the heroes of today. They blocked thirty percent of the Western Regions' attack and greatly relieved our pressure."

"What?"

Even Xi Bei could not help but be surprised. Three people could stop 30% of the wild beasts?

And the three young men in front of him?

The last time he saw the three of them was when they were in the royal family. At that time, the wild beasts had not yet attacked. It had only been a year, and the three of them had already reached such a level of strength?

Xi Bei was shocked. He suppressed the doubts in his heart and waved his hand to get his subordinates to leave.

Then, he invited the three of them to sit down in the house.

"Is what he said true?" Xi Bei asked as soon as he sat down. The three of you stopped 30% of the wild beasts?"

Liu Ziyang said proudly, "That's true!" It was all done by the three of us."

Yue Yuan glared at Liu Zi, then said respectfully to Xi Bei, ""Don't mind him, commander. He's just like that. We did contribute a little in the battle just now, but we don't know if we managed to stop 30% of the wild beasts."

Yang Qingzhuo nodded.

Xi Bei wanted to ask the three of them about their current strength, but he did not know how to ask. There was no place to compare.

"I have a question. Can you answer me?" Have your skills reached level 10?"

It was still unknown whether Skills had a limit to their levels. However, in the eyes of peak experts, only when a Skill reached Level 10 could one be considered a true expert.

The three of them looked at each other. Finally, Yue Yuan said, "We're here!"

Xi Bei was extremely shocked. These three people's skills were clearly not strong a year ago, so how did they suddenly reach level 10?

“Then may I ask, how many skills do you have that have reached level 10?””

Yue Yuan was the first to speak.” Four!”

Xi Bei looked at Yang Qingzhuo, who said,”Four!”

Finally, he looked at Liu Ziyang. Liu Ziyang stretched out four fingers and waved them in front of him.” Four!”

Xi Bei was surprised and delighted, but even more so, he was shocked. All four skills had reached Level 10. Regardless of the strength of the skills, the three of them had entered the ranks of top-notch experts.

It was unbelievable!

Chapter 595: Yue Yuan and Liu Ziyang

The three young people in front of him had always been under MO Xiu’s light and did not have any eye-catching performances. Now, they had shocked the world with a single brilliant feat, truly shocking Xi Bei.

Although Xi Bei was still very curious, how did the strength of the three of them suddenly increase so much? However, he had already asked in detail. If he continued to ask, the three of them would be disgusted.

No matter what, it was a good thing for the humans to have three top-notch experts.

Three! Wait a minute!

Xi Bei suddenly realized something and asked in surprise, ""Mo Xiu's team has a total of five people. Xiao Hong and Xiao Xinru are also there, right? Could it be that their skills were all above level 10?"

"That's right!" Yue Yuan nodded. The two of them went to support the south!" As expected!

Xi Bei knew that Xiao Hong and Xiao Xinru had been slightly stronger back then, so it was impossible for them to be weaker than the three people in front of him.

This way, there would be five more top-tier experts in the central continent, and they would truly have the strength to fight against wild beasts.

"Good! Great, with the support of two of the other two, there should be no problem in the south!"

Xi Bei's heart was filled with confidence, the confidence of a person from the central continent.

At the end of the day, it was still the people around MO Xiu. At this moment, Xi

Bei still did not know that MO Xiu was supreme. He could not imagine why MO Xiu could be so miraculous. Not only was his own strength shocking and his wisdom outstanding, but he could also make the people around him better.

Yue Yuan and the other two had officially become top-notch experts.

To be honest, Xiao Hong and Xiao Xinru were the ones who had the best mentality. Xiao Hong had once reached a very high level in Yan University, but Xiao Xinru didn't care about these things at all. As long as her skills were strong enough, it would be fine.

The mentality of the two of them could quickly transform into the best among humans.

However, Yue Yuan and the other two were different. The three of them had different experiences, but they had one thing in common. None of them had ever been first. The three of them were all chasing after each other.

He had suddenly become a peak expert in the central continent, so it was easy for him to not change his position in his heart.

Fortunately, their strength was real. When the three of them saw their skills, they could gain great confidence.

Yue Yuan was low-key and calm. He adjusted his mentality like this. The strength of his skills was enough to support a person.

Chapter 596: Yang Qingzhuo

The relationship between Yue Yuan and Liu Zi was rather special. The two of them could be said to be best friends, but they could also be said to be rivals.

In the process of growing up, they had been constantly comparing. Although their skills were not the same, the two were afraid that the other party would surpass them.

The two of them had known each other for a longer time than Moxiu. They were in the same high school, although they were not familiar with each other at that time.

This kind of comparison continued until today, from high school to cosmic cram school, to university, and later to the royal space.

Until today, when both of them had become the top players in the central region, this kind of mutual comparison was eliminated.

The main thing was that there was no way to compare the two of them. The difference in skill types was too great, and there was no point of reference.

Since they could not compare in terms of skills and strength, Liu Ziyang thought of a new method. Recently, he had been mentioning Du Ya to anger Yue Yuan, this single dog.

The stronger the team, the stronger the Yue Yuan. In other words, Yue Yuan could also make the team stronger.

It could be seen from the four choices that Yue Yuan wanted to develop in this direction.

It was more traditional, similar to Yue Long. It was the conventional development direction of an array master.

However, Liu Ziyang was different. Liu Ziyang was considered a different type of assassin.

Assassins usually chose skills similar to the ones of the Rong family and Zeng Liugen. Each of the four skills had their own uses, and they could advance and retreat at will.

On the surface, Liu Ziyang was a joker and careless. From the choice of skills, one could see Liu Ziyang's stubbornness.

He pursued extreme speed, and every skill had a speed increase.

The pursuit of high explosive power, skills with critical hits.

In terms of speed and explosive power, Liu Ziyang was the best among the top experts.

There was no problem with this. Assassins were strong in these two aspects.

However, there were very few people who chose skills like this. The reason was simple. Without a life-saving skill, the final driver could even be a desperate skill.

His speed was fast but his defense was too weak. As long as he was hit by his opponent, even if it was a coincidence, Liu Ziyang would instantly lose his combat ability.

Yue Yuan was a traditional array master and had reached an unbelievable height.

Liu Ziyang was an ultimate assassin, and he was also standing at the top of the assassin pyramid.

The last person was Yang Qingzhuo.

Yang Qingzhuo, who had awakened all his skills, was no longer that little girl.

His eyes were extremely determined, as if he had found his original self when he was young.

He wanted to become a reliable warrior.

If MO Xiu was here to see Yang Qingzhuo’s skill, he would be amazed and happy.

Because from Yang Qingzhuo’s skills, the little support that used to follow him was no longer there.

Yang Qingzhuo had thought about it seriously during this period of time. He wanted to walk his own path, but he also hoped to become MO Xiu’s support.

In the end, he chose the former among the difficult choices. He walked his own path and became a pseudo-support, but in reality, he was a warrior.

Yang Qingzhuo’s first two skills had been greatly enhanced, laying the foundation for her to become stronger.

The third skill could continuously increase the status of all attributes and increase his combat strength.

The fourth skill allowed Yang Qingzhuo to use more than just melee combat in battle. He could use more skills to attack and defend, making Yang Qingzhuo’s entire skill system come alive.

As his skills were perfected and his strength increased, his mentality also changed.

Among the three of them, Yang Qing and Zhuo Shi were the main attackers. This woman with a smaller figure had a boldness and strength that men might not have.

In the beginning, Yang Qingzhuo was extremely dependent on MO Xiu and regarded him as his future and hope.

It was different now. He still had expectations for MO Xiu, but it was completely different.

In her heart, MO Xiu was like a mountain that would forever stand in front of her.

They could be revered and worshipped, but they would never be able to ascend.

Yang Qingzhuo, who used to be a support, couldn't do it, and now he was the main attacker of the team.

I'm clear about my own thoughts, Yang Qingzhuo wants to open everything, no longer hesitate, go forward bravely, and seek my original appearance.

Everyone could see the change in his personality. Yang Qingzhuo was just a little girl who followed MO Xiu from the beginning.

And now, if they were to encounter danger, the one at the front would definitely be this younger woman.

There was a lot of energy in her small stature.

Yang Qingzhuo had been lost, changed, and finally returned to the beginning. She was very happy now.

The first thing Yang Qingzhuo said when he came out of seclusion was," MO

Xiu, I don't want to be your support.. I want to fight alongside you!"

Chapter 597: Four Unupgradeable Skills

The reason why the five members of Moxiu's party were able to obtain such an ability in such a short period of time and increase their strength so greatly was because of Moxiu's fourth skill.

The last skill that Moxiu had awakened was very strange. It did not have a level difference and could not be upgraded.

Whether it was passive skills or two active skills, they could not be leveled up.

The passive skill was Reincarnation. Although there was no introduction, Moxiu knew the function and usage of this skill.

In his previous life, Wu Shang had already studied it in detail.

The remaining two active skills were:

“Fourth Skill: Enlighten (cannot be upgraded)

[Skill Effect: This is an expendative skill. After using it, it will not enter a cooldown state. The skill will disappear immediately. When the skill is activated, it can enlighten ten ten ten ten targets. The enchanted target’s seriousness in their skills will be raised to the highest level.]

[Skill number remaining: 3.]

All the skills that Moxiu had chosen were the same as in his previous life. Other than this skill, Unrivaled Supreme did not choose this skill in his previous life. Twenty chose another skill.

In this life, MO Xiu had companions and people he cherished. Moreover, the situation of mankind was different now. Choosing this skill could help his friends quickly increase their strength to protect themselves, and it could also provide mankind with top-notch experts.

“Fourth Skill: Ineffective (cannot be upgraded) [Skill effect: Inactivates all attacks on user (Absolute)]

Cooldown: 1 second.”

The reason for choosing this skill was very simple. With such a skill in front of them, who could not choose it?

In the next few days, the situation slowly stabilized.

With Yue Yuan and the other two joining the west, it became easier to defend the western region.

The three of them did not need to reveal their full strength. They could just use Yue Yuan and Yang Qingzhuo's support skills to boost the strength of the central army.

The combat strength of the central army had increased by more than ten levels.

In the south, just as Xiao Hong had expected, Qiu Dong's death did not anger the two Beast Kings of the Southern Mountain Range. If the Beast Kings did not come, there would not be much pressure to defend the border.

After a few days, the humans in the south were all ready and at the border.

The phoenix clan had already lost their military advisor, and now that they were facing enemies on both sides, they could only retreat.

After King Nan came to the border, he heard about Xiao Hong and learned about her strength.

He promised Xiao Hong that not a single wild beast in the Southern Mountain Range would pass through this place. He would personally guard this place.

Xiao Hong naturally trusted a senior like King Nan, so she immediately handed over the matter to the City Lord.

"City Lord, the reinforcements from the south have arrived. Our mission has been completed. The command of this place will be returned to your hands." The City Lord had seen what Xiao Hong had done in the past few days.

It was all thanks to Xiao Hong that they were able to force the Southern Mountain Range's Phoenix Tribe army to retreat. The City Lord did not want Xiao Hong to leave just like that.

"Xiao Hong, you're more capable than me. Why don't you stay for a few more days and wait for the situation here to stabilize before leaving?"

"City Lord, you know MO Xiu, right?" Xiao Hong changed the topic. Do you know what he relied on to be able to single-handedly turn the tides?"

The City Lord shook his head in confusion. He did not understand why Xiao Hong would say this.

It depends on accurate judgment of the situation and quick response," Xiao

Hong continued."

The City Lord seemed to know what Xiao Hong was going to say. It seemed that he couldn't keep her here.

"City Lord, I have Moxiu's intelligence network in my hands. I'm the one in control of the situation! I need to make a judgment, and I can't be sloppy. I hope you can understand."

All of Xiao Hong's information network was Hao Ren's know-it-all. Before entering secluded cultivation, MO Xiu sent Hao Ren a message to report back to Xiao Hong.

MO Xiu trusted Xiao Hong's character and ability.

When Xiao Hong was still young, she was able to carry the devastated Xiao Family on her shoulders, which was enough to prove her ability.

Perhaps she had lost her way and lost her self-confidence, but the current Xiao Hong was as good as anyone.

The City Lord nodded and did not say anything else.

Xiao Hong looked at Xiao Xinru beside her, and the two of them immediately left the Southern Mountain Range.

The Southern Mountain Range had already settled down, so there was no need for Xiao Hong to stay here.

According to the situation, there would be no problems with Old You in the north. When the people from the north arrived, the beasts from the north region would retreat.

At this moment, the most dangerous place was still the Western Regions. Although it was not very difficult to let go now, as long as the Beast Kings of the Western Regions came out, it would be difficult to defend the western border.

If the Southern Region and Northern Region retreated, the two Beast Kinzs of the Western Region would probably attack immediately.

This time, the Western Regions could send out all their troops, but they couldn't just go back. One more person meant more power.

At the northern border.

Although Elder You was guarding the north, he had not made a move in the past few days. He had been at the back. Instead of saying that he was guarding the north, it was more appropriate to say that he was holding the fort.

The person who had been running around these past few days was an acquaintance of MO Xiu!

Ouyang Zhigu!

He had once been the Ouyang Clan's Clan Head for a short period of time, Ouyang Shenfeng's father.

After the night raid on the Li family failed, he was chased by the big cat and finally saved by Old You.

At this moment, Ouyang Zhigu was completely different from his previous arrogant appearance. He was much more low-key and had been helping Old You with the matters in the north.

He did not know what method Elder You had used to make him change so much.

Today was a special day for the northern side. The beasts of the northern region launched their first general attack, and it was said that the Bear King was among them.

Elder You, who had been sitting at the back, finally couldn't sit still anymore. He stood up and walked towards the door.

Ouyang Zhigu stood in front of the old man and said, "Elder You, it's better if you don't go. We'll stall for a while more. The reinforcements from the north will arrive, and the wild beasts will definitely retreat."

"Move aside!"

Elder You only said two words.

After Ouyang Zhigu was saved by Elder You, he had always listened to Elder You's orders and had never disobeyed them.

But at this moment, Ouyang Zhigu knew what Elder You was going to do. He didn't move and said in a pleading tone, "Old You, you are very important to the Central Region. Nothing can happen to you. I know what you are going to do. I'm a sinner, so I'll go in your place."

"You?" Old You said mercilessly. I'm not qualified enough."

“I know I’m not qualified, but at least I can stop them. Can you not go?”

” I told you to move aside!!!”

Boss You was furious. With this roar, he released all the pressure he had been suppressing in his heart.

Ouyang Zhigu took a few steps back. He knew that Elder You had already made up his mind and would not change it.

A day later, the entire central continent received a message.

The beasts of the north retreated before the reinforcements from the north could arrive.

Everyone was stunned. They didn’t know what was going on. Could it be that the north was afraid?

The reason was simple. Old You and Ouyang Zhigu were fighting the Bear King. The Bear King was heavily injured, and Old You and Ouyang Zhigu had both

died in battle!

Chapter 598: The Final Battle Is Near (1)

Fault died of old age. Before he died, he felt a little regretful that he could only heavily injure the Bear King and not kill it.

In the final battle, Elder You burned his life force to the end, directly injuring the Bear King, causing it to lose its ability to move.

Originally, the wild beasts should not have retreated just like that. The wild beasts had lost their king, but the humans had also lost two leading figures.

The wild beasts, who could have taken the opportunity to attack, were now in internal strife.

The hatred between the Turtle clan and the bear clan could never be erased. They were mortal enemies.

With the bear king heavily injured, how could the Turtle clan let the opportunity to kill the bear king slip away?

The Turtle clan immediately turned their guns and attacked the bears.

The bear king was heavily injured and the morale of the bear clan was greatly reduced. With the sudden attack from the Turtle clan, they were quickly defeated.

The Bear Tribe understood what was the most important thing at the moment. Only by protecting the Bear King's safety would they have a chance to counterattack.

The Turtle clan would not let this matter rest once the bear king was ambushed and killed.

As a result, the bear clan chose to immediately retreat. After retreating, the Turtle clan chased after them and left as well.

Just like that, the crisis in the north was resolved.

Another day later, the northern army arrived. The leaders were, of course, Boboxiu and Bobogo.

When they arrived, they found that the beasts had already retreated. After negotiating with the central army, the northern army was stationed at the border.

‘Xio, the beasts aren’t here,” Boboguo asked.” It looks like they won’t attack again for a while. Why are we stationed here?’”

Boboxiu said,” Let’s give the people of the central region some comfort. The central region and the western region are going to have a decisive battle soon. We need the wild beasts of the northern region. They can’t help much, so we can only let them have no worries. Also, I want to see Mr. Mo.””

After the disagreement between the two of them, Bobo was convinced by Boboxiu. He only brought this teenager Who was very steady and would not let down his father’s expectations.

He wouldn’t stay here just to see MO Xiu.

” We won’t be able to see Mr. MO even if we wait here,” Boboguo said.” Mr. MO is currently in closed-door cultivation. Even if he comes out, he will head to the west immediately.””

” That’s right,” Bobosio said with a smile.” You’re right. This is just an anticipation. Actually, what we should do now is to launch an attack on the wild beasts of the Northern Region.””

After working with Boboxiu for so long, he knew how Boboxiu did things. This time, he had revealed his hidden strength because he wanted to fight a decisive battle.

“Then why don’t we do anything now?”

Bobosio extended a finger and said,””Wait for an opportunity!”

“What timing!”

“When the Turtle clan and the bear clan are both heavily injured.”

Old You had risked his life to heavily injure the Bear King, and the effect was far more than just the beasts retreating.

The bear king was heavily injured, so the Turtle clan would definitely take the opportunity to attack the bear clan. This was the best chance to turn the tables.

When the two races suffered heavy losses, it would be the time for the Northern Army Corps to attack.

The timing was important, and so was determination. For the people of the north, this was a battle to the death that was not in a hurry to lose. As long as they won, they would be able to eliminate future troubles forever.

This was also the reason why Boboxiu said that they could not provide support to the central continent.

The situation in the south was different. The strength of the humans in the south and the beasts in the south were equal. Both sides knew that it was impossible to determine the winner in a short period of time.

Therefore, the situation in the south was relatively passive. Neither the beasts nor the humans could control the situation.

All he could do was wait!

After the battle between the central continent and the western region was over, they would see which side won. If the central continent won, they would immediately support the southern region after making adjustments and flatten the beast southern region.

The reverse was also true. If the Western Region won, the humans in the south would also be doomed.

The southern region could not be moved either. Once the humans from the southern region sent reinforcements to the central region, the Southern Region would definitely take advantage of the ruins to invade.

The humans in the south would not allow the Southern Region to help the Western Region. The two sides would fight to the death just like that. It all depended on the situation in the central region.

In the west, after the beasts of the Southern Mountain Range retreated, all the forces in the central region had quietly shifted to the west.

The current situation was very clear. Ordinary people with some experience could analyze it clearly, let alone the Elder of Heavenly Secrets who could see through the heavenly secrets.

All the forces gathered to the west. Not only Xiao Hong and Xiao Xinru, but even the Elder of Heavenly Secrets was preparing to leave for the west.

Before leaving, Big Cat went to find the Elder of Heavenly Secrets again.

“Are you really going to the front line? He could still command them here, but it was too dangerous to go to the border.”

The Elder of Heavenly Secrets revealed a determined look and said, “Big Cat, I have lived for hundreds of years just to wait for this battle. What do I have to be afraid of? Our human commanders will never hide behind soldiers!”

Big Cat knew that he couldn’t persuade her, so he changed the topic and said, “You can go, but at least bring the ‘big’ family. With our ‘big’ family protecting you, it will be safer.”

“How many times do you want me to say it?” asked the Elder of Heavenly

Secrets. Staying in Yan City and protecting MO Xiu is your responsibility.”

Big Cat is still unwilling to accept the old man of Tianji is also in Yan City, staying in Yan City is no big deal, but now the old man of Tianji is going to leave, the decisive battle will definitely happen in the west, there is no reason to stay here again.

“Old Man Tianji, the ancestor of our ‘big’ family is following you and Wu Shang. This is our responsibility. I can understand that you want to nurture MO Xiu into Wu Shang, but MO Xiu is currently in seclusion.”

“MO Xiu hasn’t moved yet. and the heavenly secrets are undecided! ”

‘What?’”

The Elder of Heavenly Secrets shook his head and said, “You still don’t understand. Moxiu is actually Wu Shang, not Wu Shang’s successor. Staying here and listening to Wu Shang’s instructions is what you should do!”

Big Cat was a little excited and asked anxiously, “What do you mean? I’ve investigated MO Xiu’s background. He’s indeed only twenty years old. How can he be Supreme?”

The Elder of Heavenly Secrets didn’t say anything. He looked at the big cat seriously.

After a long while, Big Cat nodded. It knew that Elder Tianji was serious. MO Xiu was truly supreme. No matter how unbelievable it was, Elder Tianji would never lie.

“Big Cat, stay here. Yan City is the capital of the central continent, and it’s also a place that’s full of disasters. There’s still one more thing that Yan City has to face, so it’s not wrong for you to stay here.”

The big cat was stunned. It had thought that it would be enough to guard

Moxiu. It had not expected the Elder of Heavenly Secrets to say this. It seemed that the task on its body was still very heavy.

“Understood. You must pay attention to your safety on the way!”

The Elder of Heavenly Secrets waved his hand and dismissed the cat.

The big cat left the room. The Elder of Heavenly Secrets looked like he was packing his luggage, but there was actually nothing much to pack. After living for so long, everything was foreign to him.

He walked out of the door and stopped at the door of MO Xiu's room, looking at Mu Qingyi and Li Yuan who were guarding the door.

'MO Xiu,' he said softly from afar, 'there is no hope in the heavenly secrets for humanity's calamity.. It all depends on whether you can create hope!''

Chapter 599: Leave MO Xiu to Me!_1

The Elder of Heavenly Secrets arrived at the western border. After briefly understanding the situation, he gathered the five members of Moxiu's team.

This was the first time the five of them had seen the Elder of Heavenly Secrets, and they were filled with admiration for his contributions to mankind.

As the acting captain, Xiao Hong asked, 'Elder Tianji, did you call us here to explain something?'

The Elder of Heavenly Secrets looked at Xiao Hong without saying anything.

After examining her for a while, he suddenly smiled and said, 'There's nothing to explain. You've done a good job leading them. The upcoming battle will be a test for you. The reason I called you here this time is to take a look at all of you, to take a look at Moxiu's trusted teammates.'

Find five friends as teammates.

This was a mission that Supreme had once given to Tang Wanhua. Who would have thought that Samsara would be involved in everything? In this life, MO Xiu had also found five such teammates.

These five teammates even changed Moxiu's choice. He chose a different skill from his previous life.

Elder Tianji was much older than the five of them, so they chatted for a long time.

They chatted aimlessly.

In the end, the Elder of Heavenly Secrets said, ""Hahaha! I've had a great time chatting with all of you. Now I know why Moxiu chose all of you!"

After chatting for so long, everyone was familiar with each other. Xiao Hong asked, ""Why? I don't know, and I'm a little curious."

The Elder of Heavenly Secrets stroked his beard and said with a mysterious smile, "Because you're all good people!"

"Elder Tianji, you only just realized it?" Liu Ziyang said arrogantly. We are the good guys among the good guys."

"Hahaha! "

Everyone laughed it off.

In the next few days, there was no movement in the Western Regions. The frequency of attacks did not increase, but instead decreased.

The army in the central region did not relax at all. Xi Bei found the Elder of Heavenly Secrets and asked, "The situation in the Western Regions has been very abnormal recently. After receiving the news that the Southern Region and Northern Region have retreated, they should have attacked immediately."

"Don't tell me you think the Beast King is afraid?" The Elder of Heavenly Secrets asked."

Xi Bei shook his head and said," No. The Western Regions 'actions this time are clearly a matter of life and death. They didn't leave any path of retreat for themselves at all. I just don't understand. What are they waiting for? Wouldn't it be more disadvantageous for them if they dragged it out?"

" This is not something you should consider," the Elder of Heavenly Secrets said." Now, gather your energy and prepare to fight!"

Xi Bei understood the Elder of Heavenly Secrets 'words. Although he did not say it explicitly, what he meant was that the wild beasts were about to age.

In Yan City, the Yan City Army and most of the law enforcement teams had gone to the western border to provide support. With so many people leaving at once, the already small population of Yan City became even more desolate. There were not many people on the streets.

In fact, Yan City wasn't the only city in the central region. All the other cities were in the same situation. All the available troops had gone to the west.

The decisive battle there was something that could not be changed.

At this moment, the mood of the people had stabilized. They hoped that the battle in the west would end soon and that the humans would be able to win as soon as possible.

With such thoughts, everyone's mood was not high, and they lived a plain life as usual.

The people were not aware enough and needed someone to guide them.

At this time, the strongest group's powerful appeal was reflected. When all the armed forces were heading to the front line and had no time to care about the rear, the strongest group stood up.

He stood up and hoped that the people would realize the meaning of this battle and not sit still and become lambs at the mercy of others.

If the front line was not guarded and the wild beasts rushed in, it would be a one-sided massacre according to the current attitude and preparations of the people.

The Strongest Group began to mobilize the people's emotions.

Regardless of whether it was reputation, the impression they had in the hearts of the people, or their relationship with Moxiu, the strongest corporation had a say in everything.

In just a few days, he had accomplished many things.

First, there were two groups of people. One group was made up of ordinary people who were weaker and did not have the ability to fight. The other group was made up of people who had a certain level of strength and could form a

team.

Secondly, the two races would be managed in a unified manner. The ordinary people would lead ordinary lives and be responsible for logistics.

The group that could fight would actively prepare for battle and be ready to fight at any time.

Third, after Yan City succeeds, spread it throughout the central region and prepare for war!

Fourth, Mu Mu Mu and Cao Fenglin took out all the funds of the Strongest Group for this event.

This was the final battle. If the central continent lost, no matter how much money they had, it would be useless. On the contrary, if the front line won, the Lightest Group would still maintain the best reputation in the central continent. It would be easy for them to gather money again.

Under the push of the strongest group, the entire central continent was like an iron plate. This continent had never been so active in preparing for war.

At this moment, everything was ready. They were just waiting for the movements in the Western Regions.

When the Elder of Heavenly Secrets heard what the strongest corporation had done, he nodded. He had never expected that the factions under MO Xiu could do so much.

When the royal family and the various cities' armed forces were on standby at the border, they would be able to ensure that the front line did not have to worry about anything.

Vaguely, the Elder of Heavenly Secrets seemed to have seen a change in the heavenly secrets. There was a trace of hope for mankind.

In the next few days, Beast was still very calm.

Even wild beasts were not in a hurry, so the Elder of Heavenly Secrets was naturally not in a hurry either. It would be best to drag this out until MO Xiu came out of seclusion. The humans' chances of winning would be much higher.

How could the Elder of Heavenly Secrets not know what the wild beasts were thinking? They just wanted to stall for a few more days so that the humans would let down their guard and find a suitable opportunity to attack.

However, the Fox King had never expected that the Elder of Heavenly Secrets was waiting for MO Xiu's attributes. In less than a second, the chances of winning in the middle region would increase by a little.

As for the central region, the Elder of Heavenly Secrets and Xi Bei took turns to watch over the border army. They could not relax at all. The strongest group was supervising them from behind, so it was also very stable.

There was no chance for him to take advantage of it.

After another three days, the Fox King finally realized the problem.

After waiting for so many days, he had hoped to see the central continent fall into disarray. However, it seemed that not only did the expected situation not happen, but the central continent's preparations were becoming more and more complete.

If Moxiu came out of seclusion now, the central continent would be like a tiger with wings. The Fox King decided not to wait any longer. He could not wait any longer.

With a wave of his hand, he ordered an all-out attack on the central region. This time, he would not retreat unless he won!

After giving the order, the Fox King found the dragon.

The dragon was still having fun and did not take the war to heart. "Dragon, you're going to attack. We can't wait any longer!"

"Are you afraid that MO Xiu will come out of seclusion? He's nothing!"

"Dragon, this time, you must attack and break through the defensive line of the

Western Regions.. Leave Moxiu to me!"

Chapter 600: War!

Nothing happened at the border these days. The beasts of the Western Regions had even given up on a symbolic attack.

Xiao Hong and Yang Qingzhuo walked aimlessly.

"Sister Xiao Hong, can we win this time?"

Xiao Hong looked at Yang Qingzhuo and said, ""Asking some more useless questions, we will definitely win this battle! There's nothing to explain."

Yang Qingzhuo looked a little depressed and said, "Mo Xiu was able to increase our strength by so much. How powerful will he be after he comes out of seclusion?"

Xiao Hong walked to Yang Qingzhuo's side and stroked her hair. ""What's wrong? Are you giving up on being Moxiu's Support and preparing to become Moxiu's opponent? Don't even think about chasing after Moxiu. At first, I thought that Moxiu wasn't anything impressive. In the end, I slowly realized that no matter how hard I tried, I couldn't see his back."

Xiao Hong lowered her head as she spoke, her expression unreadable.

Yang Qingzhuo laughed and said, "I won't treat that pervert as my opponent. I'm just thinking about what MO Xiu will look like after he comes out of seclusion. Speaking of which, it's been a long time since I had a good chat with Mo Xiu.""

"MO Xiu has a family now. Don't disturb him so easily." Xiao Hong said with her head still lowered."

Yang Qingzhuo looked at Xiao Hong and said, ""Sister Xiao Hong, what's wrong?"

Xiao Hong didn't reply and found a place to sit down. Yang Qing and Zhuo Ye sat down.

Xiao Hong buried her head between her knees and said, ""Nothing, I'm just in a bad mood. Don't be angry!"

"I'm not such a petty person. I know that MO Xiu and Big Sister Mu are a couple, and I know that I shouldn't disturb them."

"Perhaps Moxiu wishes to see us return to how we were before. It would be best if nothing had changed." ' But...Sigh, I don't know..."

“Bang!”

“Bang! Bang! Bang!”

A loud noise came from afar, interrupting their conversation.

The two of them immediately stood up and looked in the direction of the sound.

“Sister Xiao Hong, over there is...” Yang Qingzhuo looked around and said.

“That’s right!” Xiao Hong nodded. That’s the border. The beasts are on the move. Let’s hurry over!”

The two of them walked a little far. When they arrived at the battlefield, the battle had already begun.

The wild beasts of the Western Regions might have been feeling a little aggrieved these days. After the higher-ups gave the order, they surged towards the defense line like a tide.

On the human side, the mages’ skills were flying everywhere, and the assassins all rushed out to find an opportunity to kill the enemy.

The Warriors and Espers were buffed by the state of the support, and they fought head-on with the other beasts.

The incident happened so suddenly, and the wild beasts charged at them without caring about their surroundings. Even if the humans were prepared and responded in time, their formation was still scattered by the wild beasts.

With the bodies of wild beasts and their large numbers, the impact was too strong.

Once the formation became chaotic, a chaotic battle began. The support and mages quickly retreated from the chaotic battlefield to avoid causing more casualties.

The scene was unusually chaotic. As the appearance of the ape and fox tribes was very similar to that of humans, it was a mess after fighting.

Xiao Hong and Yang Qingzhuo, who had just arrived, were stunned. They could only join the battle from the back. It was difficult for them to rush to the front.

Although the two of them had not fought many wild beasts, they had accumulated quite a lot of experience in the limited number of times.

It could accurately identify wild beasts and quickly kill them.

The two of them, one Warrior and one Mage, became the last line of defense at the border of the city. They killed the wild beasts in front of them and prevented them from taking the opportunity to attack the central area.

This battle was destined to not end quietly. The wild beasts and humans had always had reinforcements, and the battle between the two sides was intense.

The war lasted for three days. All the soldiers, whether they were beasts or humans, were extremely tired.

Wild beasts did not have skills on cooldown, so they could stay on the battlefield for a long time. It was a test of their stamina.

Humans had a cooldown period. When their skills were about to enter the cooldown period, they would immediately retreat and have the next team of soldiers take over. This was a seamless transition and they could even rest.

This was a tactic that the humans had been training since the beginning of the war, and they were already very familiar with it.

The Warriors at the front retreated, and the next team would fill the gap. The Mages would release a large number of skills to buy time for the front.

The human side was orderly, but the wild beasts did not have such systematic training. Almost all the wild beasts fought in the same way, charging forward!

The only ones who had undergone training were group battles. The ape clan and the fox clan worked together to maximize their strengths and minimize their weaknesses.

However, it was far inferior to the humans. Therefore, the battle had only started for three days, and the advantages and disadvantages were already obvious.

According to people's inherent impression, human skills could produce shocking power in a short period of time, but their endurance was much weaker than that of wild beasts.

Theory was never practical. In reality, it was the exact opposite. The wild beasts were very brave at the beginning, but they slowly began to weaken.

Of course, this had something to do with the preparation and training of the Elder of Heavenly Secrets and Xi Bei.

After three days, the humans would have the upper hand!

Xiao Hong and Yang Qingzhuo were at the back of the battlefield and saw everything clearly. Just when they thought that the humans would start to fight back, something happened!

Two Beast Kings appeared, the Fox King and the Dragon!

The two Beast Kings had a clear goal. They did not want to change the situation, but instead rushed to the back.

There were many top-notch experts in front of them. There were the

Patriarchs of the four great clans, as well as Yue Yuan and the other two.

However, under the assault of the two Beast Kings, the Fox King and the Dragon King, he was still unable to stop them.

The two beast kings rushed back at high speed, and several top-notch experts chased after them.

Seeing this, Xiao Hong immediately unleashed all her skills. She had to stop the two Beast Kings. If they rushed over, the people in the central region would be in trouble. Most importantly, she had Moxiu behind her.

The Flame Goddess, Flame Feather, and Flame Spear were fully equipped. Xiao Hong was afraid that it was not enough. After all, the two Beast Kings in front of her had activated the additional skills of the Flame Goddess, and their elemental damage was at its peak.

After that, they continuously threw out Flame Blast. The two Beast Kings slowed down and tried to surround the other top experts.

Even though Xiao Hong had used all her skills, she still could not stop the two Beast Kings.

The speed of the two beast kings was too fast. To be precise, the dragon was too fast.

The Dragon General carried the Fox King on his shoulder and charged over at high speed.

Xiao Hong and Yang Qingzhuo were about to break through the last line of defense. Xiao Hong gritted her teeth and wanted to stop them.

Although Xiao Hong was all-rounded and had a certain level of strength in close combat, she could not compare to the dragon. If she rushed up now, she would definitely be in trouble.

At this moment, a small hand pushed Xiao Hong to the side.

After Xiao Hong steadied herself, she looked over and saw that the person who had pushed her was Yang Qingzhuo.

After pushing himself away, Yang Qingzhuo rushed towards the dragon with a determined look.

He exerted all his strength and punched with all his strength!
