

Four Skills 91

Chapter 91: Lock

MO Xiu rushed to Cao Fenglin's office.

The moment they entered, Cao Fenglin gestured for MO Xiu to sit down.

"I know why you're here!"

"What happened this time?" asked MO Xiu."

Cao Fenglin's attitude had changed drastically compared to the last time. He patiently explained to Moxiu.

"The situation at the crime scene is like this. The murderer and the victim had an argument at the school gate. After the argument, the victim turned around and walked into the school."

"The cause and effect is that the two of them have emotional entanglements.

This is the same as the case at Qingyun University."

"I want to know where the gun came from!" Moxiu asked."

"The murderer is a rich kid. He bought it at another gathering."

"The person who sold the gun?"

"The organization that sold guns was destroyed last night. All of them claimed that the guns fell from the sky."

MO Xiu frowned. What was going on?

“Teacher Cao, are you still not willing to investigate with me? The situation is very serious now. At least tell me what you know!”

Cao Fenglin was obviously hesitant, but he still rejected, “I’m sorry, I can’t help you!”

“Aren’t you afraid that your family and friends will be in danger?”

“I said I’ll help you, but I can’t. I advise you not to get involved in this matter.”

“Teacher!”

“Alright! “I didn’t let you interfere before because our levels weren’t high enough to find out the truth. Now, I don’t let you interfere because we don’t need to interfere anymore.”

Cao Fenglin threw a map to Moxiu. Moxiu took it and saw that there were more than ten circles drawn on it.

“Is this the map of Yanjing?”

Cao Fenglin closed his eyes and said, “That’s right. This is the map of Yanjing.

All the places that have been circled have been killed by firearms.”“

MO Xiu stared at Cao Fenglin in disbelief. He didn’t expect things to have developed to this extent.

“Do you know the reason now? ” Including the one that happened on the campus of Yanjing University yesterday, there are a total of 18 murders. You don’t know this, but because the news has been blocked, not only the school, but also the law enforcement team, the military, and the Shadow team above level 6 have all been dispatched to investigate this matter. You...” The energy is too small!”

Moxiu fell into deep thought. He had not expected that the little clue he had discovered would actually develop to such an extent in a month's time.

MO Xiu didn't want to give up. No matter how many people went to investigate, he had to do his part.

"Teacher, do you know the progress of the investigation?"

Cao Fenglin said in exasperation, " Oh you, why didn't you listen to my advice?

Now, we can confirm that all the firearms fell from the sky. As for who threw them, we don't know.""

All the clues stopped at this point. Moxiu stood up and bid farewell to Cao Fenglin, preparing to leave.

MO Xiu did not blame Cao Fenglin for not helping. It was obvious that he was also trying his best to gather clues.

"Wait!"

"What's wrong?" MO Xiu turned around and asked. Teacher Cao!"

Cao Fenglin sighed. I can't help you with anything else, but I can tell you what

I've learned."

"I'm all ears!"

"Why did the emergence of firearms increase the crime rate?"

Moxiu replied without hesitation, "Because firearms are powerful and easy to use. ""

"What you said is the reason on the surface. The fundamental reason is the bestial nature and desire of humans!"

MO Xiu didn't say anything and listened attentively.

"Perhaps many people have firearms, but there are only two kinds of people who commit crimes. One is the rich. They have something they can't get and want to use violence to solve it. This is represented by the two school shooting incidents. The other is the bottom class."

"People who are slightly rich have more desires than bestiality. They are afraid of the rules, so they often commit premeditated crimes."

"People at the bottom of the society who have been suppressed for a long time will suddenly explode. Their bestial nature is greater than their desires." "What is desire? What is bestial nature?"

"There is something that can allow you to do things that you couldn't do before, but this thing violates the rules, and you still accept it. This is the desire that I mentioned before."

"There is something that can make you completely explode. You don't have to swallow your anger anymore. You can do whatever you want. The consequence is self-destruction."

"Then what should we do?" Moxiu asked, seeming to understand."

Cao Fenglin said, "Desire and bestial nature can only be hidden. They won't disappear. We can only lock them up and ban firearms. But now...It was opened."

"Then we should find the mastermind and lock it again!"

"MO Xiu, you are very smart, even smarter than me. However, what you lack now is a structure. The structure is too small..

“What do you mean?”

“Not to mention that we don’t have any clues now. We can’t find the mastermind, which means that we can’t eliminate the root cause. Just based on the current situation, who knows how many people in the entire Alliance have hidden firearms.’

Moxiu fell silent. That’s right, things had already reached this stage. It would be very difficult to control them.

“The last time we banned firearms, it took ten years. At that time, the background was that there were wild beasts eyeing us covetously, and the people were united.”

“Do you think this firearm was thrown by a wild beast, Mr. Cao?” asked MO Xiu. You want to disintegrate us from the inside?”

“There’s a possibility, but it’s not very likely. I’m more inclined to believe that it was done by a human. This person usually places the firearms in poor areas or at rich businessmen’s banquets. This way, he can quickly digest the firearms and won’t spread it to the law enforcement team. This person understands people better than you and me...”

MO Xiu walked out of the office, feeling dizzy.

The structure? Human heart? It seems like I was still too naive.

As Moxiu walked, he took out his phone and opened the Shadow app. He realized that the mission to investigate firearms that he had previously created had disappeared.

When he looked at the main page again, he realized that the matter had blown up. There was a pinned mission on Shadow’s main page.

“Investigation Mission: Source of the firearms (Unlimited number of times, multiple people and teams can accept the mission.)

[Mission Level: SSS]

[Mission details: Recently, within the Alliance, there have been incidents of people being injured by firearms in many cities. Please check the relevant forums on the main page for details.] [Completion Condition: Find the source of the firearms.]

[[Mission reward: 10 billion points]

Shadow had also issued a quest, which showed how much importance the Alliance placed on this matter.

Moxiu opened the forum to check. In the entire Alliance, there were 43 cities that were hit by firearms, and Yanjing was the most serious.

MO Xiu looked around. Shun City was one of the 43 cities, but it was not serious. There was only one case.

He was still worried, so he called his mother, Li Yuan, to ask about the situation.

After receiving the news that his mother was safe and sound, he gave Yue Yuan a call and asked him to send some people to protect his mother during this period of time. Only then did he feel at ease.

On August 29th, August 30th, and August 31st, the first and second teams of the support department conducted training to prepare for the team battle in the school.

During this period of time, Cleansing Eyes had improved again. Whether it was his analysis of the battle or his understanding of Skills, he had improved by a level, benefiting everyone greatly.

Mu Mu only said lightly, "Let's improve together! ""

Chapter 92: Team Battle

On September 1st, the much-anticipated team competition began. Compared to the individual competition, the team competition was more enjoyable to watch.

There were four teams from the power attack system and the elemental system, three teams from the agility system and the ability system, and two teams from the support system. There were a total of sixteen teams, and the top four teams were selected in the preliminaries.

The competition process was the exact opposite of the individual competition. To ensure fairness, the preliminaries were a knockout system. After the top four were selected, the four teams would take turns to fight. In the end, the team with the most points would win.

The rule was that each Element would have a seeded team, and the seeded teams would not meet.

However, since there were a total of five faculties, in order to select the top four, one of the seeded teams would definitely be eliminated. Therefore, the school stipulated that the last two teams in the previous year would meet.

This kind of competition mechanism was equivalent to sending the seeded team out. It was very rare for the second team of the other departments to advance unexpectedly.

Moreover, this mechanism made it very difficult for the last person to make a comeback, especially for the support system.

Last place this year, and they would have to face other seeded teams in the preliminaries next year. The combat strength of the support system was weak to begin with, and it was almost impossible for them to advance. This was a

vicious cycle.

Therefore, ever since the inter-school competition, the support system had never entered the finals. They had always been stuck in the top four.

After hearing the rules, everyone was a little disappointed. It was fine against other types, but this time it was against the Esper type!

This year, there were many talents in the ability department. Three people had entered the top eight in the individual competition. According to the predictions of the outside world, the ability department had a higher chance of winning than the support department.

MO Xiu also felt great pressure, and he couldn't help but look at Xiao Lan.

Xiao Lan was definitely the key to this match. As long as Xiao Lan brought out her fighting spirit and displayed her full strength, MO Xiu believed that she would be on par with him.

"Everyone, the team competition has begun! The team competition wasn't just about individual strength. More importantly, it was about the team's tenacity, the tacit understanding between the members, and everyone's contribution." "Next, let us invite the various participating teams to enter the arena..."

Following the host's introduction, all 16 teams entered the arena. Following that, the battle list appeared.

Apart from the Support and Esper seed teams, the other teams were completely random.

The luck of the support system was not bad. They encountered the fourth team of the power attack system, but in the next round, they would have to fight against the seed team of the ability system.

The competition venue was a four-in-one arena in the middle. There was only one arena.

Since there was only one group of matches each time, the first round of sixteen to eight was divided into two days.

MO Xiu's support-type seeded team was the last to go on stage. These two days also gave everyone time to observe their opponents.

The main opponents were of course the other four seeded teams. Throughout the entire round, each team had their own characteristics.

Mu Mu was taking notes quickly, trying to record every detail.

Especially when it came to the special ability seed team, Mu Mu even remembered every little action of the team members.

Assault system, there was nothing much to say. They were very strong individually, and there was no strategy in battle. They directly charged forward and after two rounds, the other party would be disarmed.

Agility-type, this was the team with the best coordination. They perfectly integrated the advantages of speed and flexibility into their tactics. The small coordination between two people and the combined attacks between five people were all very smooth.

The Elemental Element was a rogue Element. Duya stood at the top and used the Earth Armor to shield the people behind her.

The four people behind him each threw a skill. The match was over! There was no reason to reason with them. They could only rely on elemental skills that dealt explosive damage to defeat you.

Finally, it was the Esper class. Their opponents were the Agility class second team, which was ranked in the top two of the second team. Mu Mu, MO Xiu, and the others had thought that this match would be a great reference. They didn't expect the Esper team to make such a shocking move, leaving the audience dumbfounded.

The match had just started, and two players jumped out of the arena. This was equivalent to giving up two players to the opponent. It was a three-on-five situation.

How was this confidence? He was simply arrogant.

Of course, the audience didn't think that this matter was too big. They shouted crazily. The five members of the Agility System Team Two gritted their teeth. They didn't want to suffer such humiliation.

One of the team members said, "Captain, they..." This is humiliating us!"

The captain was very calm at this moment and said, "No, I can't! They just didn't want the support system team to see their true strength, but... "The third party will benefit from the fight between the snipe and the clam. This is also our opportunity. As long as we seize this opportunity, we might be able to enter the top four!"

The three Esper contestants were unmoved. They didn't show any disdain or arrogance. They were very calm.

MO Xiu knew that Espers were very scary. Every member of his team was well-trained.

"Let the competition begin!"

The match ended in just five minutes. The Esper class won. This result was not unexpected, but the process was too terrifying. Three people were beating five people, and the player with two skills had yet to make a move. This was simply too terrifying...

At this moment, the agility-type second team member who had fallen on the field said to the captain, "Captain! Didn't you say that this was our chance?"

"And you said I can't be humiliated?" The captain pursed his lips. Why was he the first one to fall to the ground?"

Barry, who was on par with Zhou Qiuwu, had just stepped out of bounds and forfeited. Seeing that the outcome of the match was decided, he immediately looked over to the Support and exchanged glances with Moxiu.

This glance was not avoided, and the provocation was obvious.

Dong Fang, who was sitting at the side, was furious. He shouted, “What are you looking at? Are you not convinced?”

MO Xiu hurriedly covered his face. This Dong Fang had never disappointed anyone. He was really embarrassed.

With a wicked smile, he shouted, “I’m really not convinced. Let’s have a competition in the next match. The support system isn’t strong, but it’s quite domineering.”

It was unknown whether these words were a response to the Dong Fang or a mockery of the Demon King MO Xiu. However, there was no time to continue arguing because the support team was about to enter the arena.

MO Xiu looked at his opponents today. Power attack system team four. Even if the power attack system had many talents, team four wouldn’t be particularly strong.

He might as well use God’s Snooping on Jeremy and the person beside him. He could not afford to lose in the next match. If he were to spy on them again, he would only know the skills of the two people.

Only by spying on them multiple times would MO Xiuyi be able to learn all five of their skills.

The first was Jeremy’s skill.

” Skill 1: Explosive Laser 2 [Skill effect: Both eyes shoot out light with a burning effect.]

[Duration: 10 minutes]

[Cooldown: 2 hours]

[Second Skill: Silver Wings Protection (2)]

[Skill Effect: Wings grow on the back. The defense of the silver wings is 800% of the user's own. It can be freely controlled and has the ability to fly.]

[Duration: 15 minutes]

[Cooldown time: 3 hours]

Barry's two skills weren't top-notch, but when they were combined, they were perfect for both offense and defense. This could be seen from his previous fight with Zhou Qiu.

Next was the second person, the dark horse who had always kept a low profile.

" Skill 1: Life Connection 2

[Skill effect: Choose two targets to connect their lives. When one target is injured, the other target will receive 50% of the damage.]

[Duration: 5 minutes] [Cooldown: 1 hour]

[Second Skill: Deceive the crowd]

[Skill Effect: Releases a command to interfere with the actions of up to five targets.]

[Cooldown time: 3 hours]

MO Xiu narrowed his eyes.. This...It was a little troublesome!

Chapter 93: Prepare for War (1)

The last match of this round was the support system team one versus the power attack system team four.

MO Xiu, Xiao Lan, He Ling, Yue, Yang Qingzhuo, Hu Xianming, as the starting player, were ready to appear.

Just as he was about to go on stage, he was stopped by Mu Mu.

Mu Mu gathered everyone and said, "It's best that we preserve some of our strength. Don't let the other side see our strongest strength."

"Alright, you make the arrangements," replied Moxiu as the captain.

"Today's lineup is MO Xiu, Xiao Lan, Dong Fang, Xue Ling 'er, and Jia Haiyang." Mu Mu replaced He Lingyue, Yang Qingzhuo, and Hu Xianming.

Before they could ask, Mu Mu explained, "I made this arrangement because I considered two points. One is that we cannot underestimate the enemy. We will leave Moxiu and Xiao Lan on the field to ensure that there will be no accidents in the competition. "

"The other thing is, as you can see, the person leading the team from the ability department is very powerful. I'm ashamed that I'm inferior to him. This person must have collected a large amount of information on MO Xiu and Xiao Lan long ago. There's no need to hide it anymore."

This time, not only did Mu Mu gain Cao Fenglin's trust, but she also gained the support of the support department's dean. This time, she was fully in charge of leading the team.

This opportunity brought Mu Mu power and pressure.

The ability users had indeed used all their tricks in this competition, which made Mu Mu feel very pressured.

The host had already introduced the two teams, and the two teams began to take the stage.

Up until the stage, MO Xiu and the others didn't discuss their tactics. When they reached the stage, Dong Fang asked, ""Moxiu, how are we going to fight later?"

MO Xiu looked back at his team members and said, ""There are no tactics. Just fight directly. "

"Let the competition begin!"

The Assault System began to set up their formation. MO Xiu waved his hand and said, 'Go!"

The five support-type players all released their skills and charged forward.

Seeing this, the five assault-type players immediately got into a defensive formation to fight the enemy.

The audience discussed animatedly.

"D * mn, did I see wrongly? The support system initiated an attack? The power attack system is forced to defend?"

"That's right, isn't this the opposite?"

'What do you know? The support system is different. Xiao Lan is Senior Sister Xiao Hong's sister and is very strong. And that demon king, don't look down on him. He's quite strong. He challenged the top eight in the school and the top sixteen in the club."

The crowd was abuzz with discussion. The storm rose again. The offensive system's formation was instantly scattered by MO Xiu and Xiao Lan's two offensive points. The rest of the support system rushed forward.

In less than ten minutes, there was only one person left in the offensive system.

“Should I throw you out, or do you want to go out yourself?” MO Xiu looked at the person and asked.”

This person said with a look that said,“I won’t give up easily.”

“Aiya, f * ck! Stop pretending.”

“Come down!”

“There’s no hope. You want to fight five people alone?”

“No chance!”

The person on the stage shouted to the audience, “You bunch of gutless guys, how dare you affect morale. ”“

Dong Fang didn’t want to listen to their chatter and kicked this person out of the arena.

“Go to hell!”

The host announced the results, “Support System Team One has won and advanced! The next round of the competition was on September 4th.”

After two days of competition, they would rest for a day. On September 4th, they would be facing the first team of the ability department.

After the match and the host’s explanation, God’s Sight had finished its cooldown and could be used again.

Moxiu looked at the Esper class and released his skill to read the skills of the two members.

‘ Skill 1: Painting the Earth as a Prison 3

[Skill effect: Draw a circle on the ground with your feet. All targets within the circle cannot leave the circle.] (Maximum diameter of the circle is 10 meters)

[Duration: 1 minute] [Cooldown time: 20 minutes]

‘ Skill 1: Petrification 3

[Skill Effect: Choose a target and petrify it. The petrified person’s defense will be increased by 500%, and its speed will be reduced to zero.]

[Duration: 3 seconds]

[Cooldown time: 3 minutes]

Both of them had crowd-control skills, which made the tactics of the Esper class very variable.

However, based on the current situation, it was basically certain that Jeremy was the main point of attack.

Seeing that Motheo was looking in their direction, Barrymie extended his right thumb, first pointing up, then slowly turning it down.

Even with such provocation, Moxiu was still not angered. He responded with a smile.

September 3rd was a day off. Mu Mu did not want to waste this precious day, so he gathered the first and second teams of the support system to carry out special training before the competition.

Of course, the second team of the support system had already been eliminated. This time, they were mainly used as sparring partners.

Mu Mu laid out the detailed strategy and asked every team member to follow the established plan.

However, the results of the first round were not ideal. Everyone had their own habits, and there were always unexpected situations. It was difficult to complete the battle according to Mu Mu's strategy.

Mumu fell into deep thought. In this situation, he could only practice constantly, but there was not enough time. The competition would be held tomorrow.

Just as Mu Mu was troubled, MO Xiu sat beside Mu Mu.

Mu Mu saw that it was MO Xiu and forced a smile. "Moxiu, why don't you rest for a while? I'll think about what to do."

"Do you know?" asked Moxiu. "You're putting too much pressure on yourself."

Mu Mu sighed and said, "There's no other way. The support system has given me so much power and trust. I can't let them down."

"Then you're oppressing us?"

Mu Mu tilted her head and asked in confusion, "I'm not oppressing you. I'm oppressing myself."

"Do you think I'm powerful?"

Mu Mu didn't understand why MO Xiu asked this, but he still replied, "Of course it's powerful!"

“Then what do you think is amazing about me?”

“Your skills, your physical fitness, your improvisation...You mean...”

“That’s right. Why do you want us to follow your fixed strategy? Is it because you don’t trust me or because you don’t trust everyone?”

Mu Mu lowered his head and said, “Neither. I just think that this tactic is the best. It has the best chance of defeating the ability system.”

‘We’ve been training together for so long. We have a tacit understanding. Don’t you believe in our performance on the field?’ If the opponent didn’t use the tactics you predicted, would our tactics be useless? At that time, we will only be flustered.’

“What you said makes sense. I do have a problem. How about this, I’ll design two more tactics.”

“That’s not what I meant...” Moxiu said helplessly.

At some point, Cao Fenglin entered and walked to Mumu’s side.

He gently patted Mu Mu’s shoulder and said, “Take a rest first. Leave the rest to me.”

Mu Mu said unwillingly, “But, there are still many things that I haven’t told you. The opponent’s habitual attack route, the problem that we should avoid.” Cao Fenglin said gently, “I said, let me do it. You’re too tired.”

Mu Mu still wanted to say something, but he didn’t say it in the end. He knew that he was in a bad mood and was a little impatient.

Cao Fenglin asked Mu Mu to sit at the side and personally directed the training.

“Everyone listen up, the second team is dismissed and the first team is to gather. We will change the training method for the following training and will not continue with the team battle.”

The second team left the arena, leaving only the first team of eight people, waiting for Cao Fenglin’s next instructions.

“Xiao Lan and Yang Qingzhuo, MO Xiu and Hu Xianming, two against two!”

Chapter 94: Xiao Hong (1)

MO Xiu and the others were a little confused. Weren’t they preparing for tomorrow’s team battle? Why was it a two-on-two?

Cao Fenglin saw that they didn’t move and shouted, “What’s wrong? I haven’t taught you guys for the past few days, so you don’t listen to me anymore?” MO Xiu and the others could only do as Cao Fenglin said.

Yang Qingzhuo was a little reluctant. He wanted to be in the same group as MO Xiu, but after MO Xiu’s persuasion, he decided to cooperate with the training.

Since they were going to fight, they had to fight seriously. MO Xiu and the others were very serious, and they fought fiercely from the beginning.

Just as the four of them were locked in battle, Cao Fenglin suddenly shouted, “Stop!

The four of them immediately stopped and looked at Cao Fenglin in confusion.

Cao Fenglin turned to Mu Mu, who was sitting at the side, and said, “When MO Xiu attacked, how should Xiao Lan and Yang Qingzhuo cooperate to resolve the situation?”

Mu Mu was also confused, but he still gave an answer.

Cao Fenglin said, "That's right. Do you remember it?" Xiao Lan and Yang Qingzhuo nodded.

"Alright, if you remember, the competition will continue!"

After that, it wasn't just 2v2, there were also 3v3 and 4v4. When there wasn't enough manpower, Mu Mu even went up.

Cao Fenglin asked Mu Mu to design many combinations according to the situation.

That's right, it was cooperation, not tactics. It was cooperation between two people, three people, four people, but there was no complete set of tactics.

Moxiu slowly understood Cao Fenglin's intentions. He wanted to train everyone's tacit understanding when they fought together. He wanted to sort out all the possible combinations that might occur. After that, he would leave the matters on the battlefield to the members to handle.

It's a little like that. I'll leave the moves to you. When the time comes, how you use them will depend on yourself.

After a day of training, Cao Fenglin dismissed everyone except for Mu Mu.

"Is this really okay?" Mu Mu asked worriedly. Is it safe without a fixed strategy?"

Cao Fenglin smiled confidently. "You don't believe in your team member, MO Xiu. He might be the one with the strongest adaptability in the entire school. I'm talking about the entire school, including the fourth-year students and teachers. Do you understand how big of an advantage this is?"

Mu Mu stared in shock at the direction where MO Xiu had left. He didn't expect Cao Fenglin to have such a high evaluation of MO Xiu.

"I understand!"

“You have to learn to trust your team members. They have been training together for a long time and have developed a tacit understanding. Everyone is subconsciously cooperating with Moxiu, and Moxiu’s adaptability is so strong.”

Mu Mu said dejectedly, “But I always wanted to do more. Maybe it would be more helpful to this team.””

Cao Fenglin said firmly, “A good mentor doesn’t have to control the team to develop in a certain direction. Instead, he has to stimulate their full potential and become a stronger team.”

Mu Mu’s eyes gradually regained his confidence. He was full of confidence for tomorrow’s match.

Seeing that Mu Mu had returned to normal, Cao Fenglin smiled cheekily and said, “Is it done? Alright, give me a kiss!”

“Get lost! ”

MO Xiu and the others walked out of the stadium and prepared to go to the cafeteria for a meal.

When she reached the entrance of the canteen, Xiao Lan was a little strange and dodged.

MO Xiu turned around and realized that Xiao Hong was right behind them. But why was Xiao Lan hiding from Xiao Hong? Aren’t they sisters?

Strangely enough, MO Xiu had only met Xiao Hong a few times, and all of them were in the cafeteria.

MO Xiu used his eyes to ask Xiao Lan if she wanted to greet Xiao Hong.

Xiao Lan lowered her head slightly and shook her head unnoticeably.

At this moment, Xiao Hong's voice sounded.

"Xiao Lan, how long are you going to hide from me?"

Xiao Lan saw that there was no longer any need to hide, and walked out from the crowd.

"Sis, I'm not hiding from you."

Xiao Hong snorted coldly. Don't give me that. From tomorrow onwards, you're not allowed to stay in the dormitory anymore."

Xiao Lan appeared a little listless. It was obvious that she was very unwilling.

Xiao Hong looked at MO Xiu and the others behind Xiao Lan.

"I told you to sign up for the elemental system, but you didn't listen. Now, you're with this bunch of trash. And you, you can't even enter the top eight in the school tournament."

Xiao Lan could only say softly, "I'm sorry, Sis."

Dong Fang didn't know Xiao Hong. When he heard someone call him trash, he immediately replied, "Who are you calling trash?"

Xiao Hong glanced at him, but Dong Fang still looked back at her indignantly.

MO Xiu hurriedly whispered into Dong Fang's ear, "She is the famous Xiao Hong."

Upon hearing that it was Xiao Hong, Dong Fang immediately softened and lowered his head, not daring to look at her.

Although MO Xiu felt that he shouldn't interfere in other people's family affairs, he felt that Xiao Hong had gone overboard. Xiao Lan was, after all, his sister.

"Senior Sister Xiao Hong, we were just about to go have a meal. Do you want to join us?" MO Xiu cupped his fists and said.

Xiao Hong glanced at him and said to Xiao Lan, "'Xiao Lan, you are not allowed to have any dealings with this kind of person in the future. Don't bring shame to our Xiao Family."

MO Xiu was a little unhappy. He had originally wanted to help Xiao Lan out of her predicament and at the same time express his goodwill to Xiao Hong. He did not expect Xiao Hong to have such an attitude.

"Senior, you can make it clear. Am I that kind of person?"

"I'm lecturing my own sister," Xiao Hong sneered. "Since when is it someone else's turn to interrupt?"

Although MO Xiu had a good temper, he was never one to swallow his anger.

"You're talking about me? Can't I ask? If I'm here today to scold you, Xiao Hong, for being a shrew, are you not allowed to ask?"

This was the first time Xiao Hong met MO Xiu's gaze, and her eyes were filled with killing intent.

"Well done. Since I came to Yanjing University, you are the first person who dares to talk to me like this."

MO Xiu placed his hands behind his back and said word by word, "It doesn't matter who I'm talking to."

Xiao Hong walked over step by step and stopped beside MO Xiu.

"I'll show you what reason is today.!!"

Yang Qingzhuo immediately stood in front of Xiao Hong and said, "Sister Xiao Hong, there's a rule in the university that seniors can't attack juniors."

"Yang Qingzhuo? Get out of my way!"

Xiao Hong's voice was not as calm as before. She raised her voice, clearly angry.

MO Xiu pulled Yang Qingzhuo behind him and said, "There's no need to go through so much trouble. Why don't I challenge you?"

Everyone was shocked. There were many people gathered around. The Great Demon King wanted to challenge the third-year fiery goddess, Xiao Hong? How arrogant was this? He simply did not want to live.

Xiao Hong's eyes narrowed. She didn't understand MO Xiu's motive. He actually dared to challenge her.

MO Xiu saw that Xiao Hong didn't say anything, so he continued,""How is it?

Senior Sister Xiao Hong, this way, you can attack me."

When she said that, everyone thought that MO Xiu wanted to commit suicide. When Xiao Hong didn't respond, she should have just run away. Why did she continue to provoke him?

Xiao Hong calmed down and said,""I don't want to argue with you because I know your identity. You're that person's disciple."

MO Xiu was shocked. How did Xiao Hong know about this?

In fact, MO Xiu didn't know that the world was a place. Recently, Wang Lei and

wang yu remembered their mission and went around publicizing that MO Xiu was Mr. Tang's apprentice.

Of course, ordinary people did not know, but a family with a royal background like the Xiao family had long known about this news.

"I don't understand what you mean," said Moxiu."

Xiao Hong smiled." Boring. I'll let you off for now today. But you have to remember that no one can become a stumbling block or burden on my path. Xiao Lan can't, but you..." It's even more impossible.."

Chapter 95: Awakening 1

After Xiao Hong finished speaking, she dragged Xiao Lan and left. The surrounding onlookers were all amazed. Who exactly was MO Xiu? Even Xiao Hong, a fearless woman, had to be wary.

After today, the fact that the Great Demon King MO Xiu had an astonishing background was confirmed.

MO Xiu and the others went upstairs to eat, and the crowd dispersed.

At the dining table, Dong Fang said in admiration,""Mo Xiu, I'm starting to admire you more and more now. You're really good at picking up girls. You even dared to challenge Xiao Hong. You challenged her to leave a deep impression in her heart so that you can wait for an opportunity to strike in the future, right?"

Before MO Xiu could reply, Yang Qingzhuo asked anxiously,"Mo Xiu, is that really the case?"

MO Xiu punched Dong Fang's head and said,""You don't know anything else other than chasing after a girl. I knew she wouldn't lower herself to fight me, so I challenged her."

However, even though MO Xiu had said so, the few of them still admired his courage.

No one knew what was going on. In fact, Moxiu was panicking. At first, he didn't think much of it, but when he saw Xiao Hong's skill, he immediately regretted challenging her. If Xiao Hong had agreed, he might have been beaten up.

Speed increased by 300%. Additional skill: Fireball (No Cooldown)

[Duration: 10 minutes]

[Cooldown: 6 hours]

This was the first time MO Xiu had seen a Level 4 and Level 5 skill on Xiao Hong.

Previously, in the Universe's cram school, he had heard Wang Yu mention that the strongest known elemental skill was elementalization.

At that moment, MO Xiu was secretly praying that Xiao Hong would not accept his challenge.

After dinner, MO Xiu and Yang Qingzhuo returned home.

At this moment, Zheng Yi was holding Little Fushun and didn't know what to do.

"What's wrong with Little Fushun?" MO Xiu hurriedly asked."

Zheng Yi handed Little Fu Shun to MO Xiu and said, ""1 don't know either. When I didn't see Little Fushun when I came back today, I felt that something was wrong. He used to be able to play tricks at home, but then I found him lying in bed listlessly in your bedroom."

MO Xiu rubbed Little Fu Shun's head, and when Little Fu Shun opened his eyes and saw MO Xiu, he meowed.

MO Xiu looked over and his eyes suddenly widened.

"Little Fushun, what's wrong?"

"Meow "Are you feeling unwell? Does it hurt anywhere?"

"Meow "Okay, okay. Have a good rest.'

"Meow

Zheng Yi and Yang Qingzhuo were stunned. What was happening? “MO Xiu, do you understand what Little Fushun is saying?” Zheng Yi asked.”

“I don’t understand!”

“What about the conversation just now?”

“I guess, I guess he wants to hibernate.”

Zheng Yi was originally very serious, but when MO Xiu said this, he immediately retorted,””Big brother, stop joking. Little Fushun hibernates? Besides, it’s summer now.”

MO Xiu said, ” Go away, go away. Get out of the way. You know everything. Go prepare some meat and water to put in my room. We’ll eat it when Little Fushun wakes up.”“

After saying that, MO Xiu left, leaving Zheng Yi fuming.

“Me? Ah, I’ll prepare it now.”

MO Xiu returned to his room and placed Little Fushun on his bed before covering him with a blanket.

Actually, the moment MO Xiu took the small Fu Shun, he felt that something was wrong. Little Fu Shun’s entire body was weak and limp.

In a moment of desperation, Moxiu used God’s Sight on Little Fu Shun. The last time he had successfully used it on a wild beast was when he was fighting the Demon Hawk.

In fact, when Xiao Fushungang had just arrived, Moxiu had used God’s Snooping once, but at that time, nothing could be read.

Innate Skill: Awakening to the middle...”

MO Xiu immediately understood that Little Fu Shun was currently in an awakened state, which was why he was so weak. He had just told Zheng Yi that he was hibernating.

However, Moxiu couldn't figure it out. Weren't wild beasts born with innate skills? Why did Little Fushun need to awaken? Right now, he could only take good care of Little Shun.

September 5th, the last day of the team competition preliminaries.

The most anticipated battle between the support system team one and the ability system team one was naturally the last to appear.

In the previous three matches, there had been no unexpected surprises. Power Assault System Team One, Elemental System Team One, Agility System

Team One had successfully advanced. Now, they were only missing one more spot.

Mu Mu was in a much better condition today, and his signature bright smile was on his face again.

From coming to the venue to now, I haven't said a word about the events of the competition, I've been chatting with a few people about unimportant things.

They were about to go on stage. MO Xiu asked Mu Mu, "Coach Mu, we are about to go on stage. Don't you have anything to say?"

Mu Mu still smiled and said, "Of course there is. That is..."

Seeing Mu Mu's expression, they thought that he had some secret tactic, so they all leaned closer to listen.

"That means you can do it! "

MO Xiu and the others looked at Mu Mu in confusion. They had prepared so much during the competition and analyzed so much information, but they were not going to say anything? This was too unlike Mu Mu.

I was wrong before,” Mu Mu said seriously.” As the leader of this team, I have complete faith in your abilities now. You can deal with any unexpected situation.”“

“If there’s one thing that I’m better than the ability coaches, it’s my trust in you. We’re not worse than any other team.”

Mu Mu’s words boosted everyone’s confidence.

He walked onto the stage with a different mood than before. At this moment, the ability user was standing opposite him.

“Are you ready to be eliminated?” said Barrymie as soon as he came up.”

Moxiu had seen the match between Barry and Zhou Qiuwu, and he knew that this person was not an arrogant person.

Barrymie’s repeated provocations were just to anger the support system members and make them unable to perform normally in battle. After all, it was not against the rules to interfere outside the field.

‘ Don’t try to provoke us,” Moxiu said directly.” We all have good tempers. Let’s use our strength to speak.”“

Hearing that he had been seen through, Jeremy changed the topic and said, “Hahaha, Brother MO is amazing. You saw through my little trick with a single glance. I’m truly impressed. Others say that you’re a great devil king, but I don’t think so. I feel that no matter if it’s your character or your strength, you’re superior to others.”

MO Xiu felt awkward when he heard this. Wasn't this fellow changing way too quickly? Just now, he was still speaking ill of her, but now, he was flattering her.

Yang Qingzhuo closed his nose and whispered beside MO Xiu, "This person is shameless!"

Although his voice was soft, it was still heard by Jeremy. However, Jeremy didn't have any reaction. Instead, he cupped his hands towards Yang Qingzhuo.

This Berri... How shameless..

Chapter 96: My Nanny Is Super Godly (1)

Before the start of the match, Moxiu carefully observed the five opponents. Just as he had expected, he had already seen the skills of four of them, leaving the last girl untouched.

' Skill 1: Enormalization 2

[Skill effect: Increases the size of any part of the body. All attributes of the enlarged part will increase by 300%.]

[Duration: Can be used 10 times in 10 minutes, 5 seconds each time]

[Cooldown time: 3 hours]

After looking at the skills of all five Esper Ability users, Moxiu's thoughts were in a mess. These five skills were too compatible, and there were too many tactics that could be used. For a moment, he was unable to sort out a

countermeasure.

At this time, the host began to introduce the members of the competition.

“Next up is the most important match of the entire qualifiers. Support system team one versus ability system team one! !”

The audience responded to the host with cheers.

“First, we will introduce the support system. Xiao Lan, Yang Qingzhuo, He

Lingyue, Hu Xianming, and our Great Demon King...Mo Xiu!”

“Next up is the ability department. Jeremy...”

The five Esper Ability users were Barry, Jiang Feng who had the Life Link and

Heresy, Qian Deshun who had the Earth Prison, Li Zhi who had the

Petrification, and the last one, Chen Peipei, who had the Magnification.

While the host was still introducing, He Lingyue asked,“”Mo Xiu, how are we going to fight later?”

MO Xiu thought for a moment and said, “Xiao Lan and I will attack first. The three of you stay together and don’t separate.”“

After MO Xiu finished speaking, the host announced the start of the competition.

The match had just begun. MO Xiu and Xiao Lan were the first to release their skills. The two of them attacked first, while the other three followed behind, waiting for an opportunity to strike.

The five Esper Ability users didn't move. When MO Xiu and Xiao Lan got close, Chen Peipei used her size amplification skill and enlarged her right hand. She grabbed Qian Deshun and threw him behind MO Xiu and Xiao Lan.

MO Xiu remembered that Qian Deshun's skill was to draw a circle on the ground to activate the skill. Among the three people behind him, Hu Xianming and Yang Qingzhuo were not weak and should be able to handle it.

Motheo didn't mind. According to the plan, one of him and Xiao Lan would hold back Jeremy, while the other would kill as many members of the other party as possible.

However, when Motheo went up against Jeremy, he realized that something was wrong.

Qian Deshun didn't draw a circle. Instead, he stepped on the boundary line, and a yellow line appeared where he stepped. Then, he ran quickly and drew a big arc. Yang Qingzhuo and the other two were in the arc.

MO Xiu frowned. Qian Deshun couldn't activate his skill unless he drew a complete circle. Could it be that his skill had leveled up in just one day?

According to Qian Deshun's running route, if he wanted to draw a complete circle, he had to go out of bounds...

Thinking of this, Moxiu carefully looked at the traces left behind by Qian

Deshun. They formed a quarter circle in the inner circle.

It wasn't until Qian Deshun ran out of bounds that Moxiu finally understood.

Qian Deshun wanted to use the price of going out of bounds to draw a complete

circle to trap the three of them and finish the remaining three-quarters of the circle outside of bounds.

“Yang Qingzhuo, save Hu Xianming! Ah!”

Moxiu shouted to remind Yang Qingzhuo, but he was hit by Jeremy’s laser. The laser hit his lower abdomen, and blood was already flowing out. He turned around and saw that Barrymie was smiling at him.

“Brother MO, you’re underestimating me too much.”

Mothew quickly dodged Barrie’s next laser and tried to close the distance between them.

Yang Qingzhuo immediately took action after receiving the order. He cast the skill on himself and Hu Xianming, increasing their speed by 400%.

Although the two of them didn’t know what was going on, the yellow lines on the ground were definitely strange. The two of them quickly ran out of the line.

Although He Lingyue didn’t have a speed bonus, she still tried to run out of the lane.

At the same time, Xiao Lan attacked Jiang Feng, Li Zhi, and Chen Pei Pei.

The battlefield was divided into three parts. Moxiu and Barramy were holding each other back, Xiao Lan was attacking, and Yang Qingzhuo and the other two were trying to run out of the yellow line.

At this moment, a voice that could change the outcome of the battle rang out.

“Set it for me!”

His voice was loud and penetrating. The three words seemed to have some kind of curse. Moxiu paused for a moment.

After reacting, he immediately dodged Barramy's attack and almost got injured.

That was... Not good! It was Jiang Feng's heresy.

Looking at the other two sides, they were actually in danger.

Due to everyone's mental defense being different, the time they were frozen was also different.

First, Xiao Lan had just launched an attack when she was stopped by Heresy. Chen Pei Pei did not let go of this opportunity. She directly enlarged her hands and held Xiao Lan tightly. Li Zhi quickly activated the skill Petrify.

Xiao Lan had just woken up at this moment. She struggled for a moment before she was petrified again.

Although the defense of the petrified state had increased, its speed had dropped to zero and it could not move.

Chen Pei Pei used Xiao Lan's petrified state to lift her up high, wanting to throw her out of the arena.

On the other side, Yang Qingxue and Hu Xianming were running at full speed. They were frozen by the sudden sound and couldn't move.

As Motheo was worried about the others, he didn't notice Jeremy. Another laser shot at him.

The three sides were suffering. MO Xiu was about to be injured, Xiao Lan was about to be eliminated, and Qian Deshun was about to finish drawing a circle to trap Yang Qingzhuo and the other two.

At this critical moment, five white lights appeared almost simultaneously on the five support-type people.

On Moxiu's side, the white light negated the damage from the laser.

On Xiao Lan's side, the white light had purified the negative status. Although she was still in a petrified state, her speed had recovered. The moment she was about to be thrown out, she grabbed Chen Peipei's finger and jumped to the ground.

On Yang Qingzhuo's side, the three of them regained their freedom at the same time. Before Qian Deshun finished drawing the circle, Yang Qingzhuo and Hu Xianming ran out of the circle.

The five white lights were Hu Xianming's holy light. His body was frozen, but his consciousness was still there. Hu Xianming had an idea and displayed his godly control.

Mu Mu let out a sigh of relief. It was too dangerous.

The opponent's guidance was definitely not simple. The tactics and cooperation of the ability users were too amazing. Mu Mu admitted that his previous tactics were useless. Fortunately, he allowed his team members to freely play, thanks to Hu Xianming's god-like operation.

It wasn't just Mu Mu. The entire stadium was in shock. When the ability system's strategy was displayed, almost everyone thought that the match was about to end. They didn't expect such a turn of events.

A healer's godly operation pulled the entire team out of the abyss. The ability system's strategy failed and they lost a member. Qian Deshun was out of bounds and eliminated.

On the field, Moxiu revealed a smile. He had been distracted. From the start of the match, he had been thinking about how to deal with the opponent's skills. This kind of thinking had become a burden, preventing him from unleashing his full strength.

It was only when Hu Xianming's five rays of white light had lit up that MO Xiu was finally reassured. With such an excellent teammate, what was there to worry about? Just let it go.

The ability users didn't expect such a situation. The situation that they were certain to win was inexplicably resolved. The four people on the field were at a loss.

Jeremy was stunned and said to Motheo, "What's going on?"

MO Xiu smiled slightly and said, "Is there a need to ask?" My nanny is super godly! "

Chapter 97: Turning the Tide

The Esper class was well-trained. After a short moment of panic, they immediately returned to combat mode.

Chen Peipei's hands were still enlarging as she grabbed Jiang Feng and Li Zhi and threw them into the distance. Her target was Qian Deshun's circle.

As the height of the throw was very high, Xiao Lan was unable to stop them. She could only watch helplessly as the two entered the circle.

At this moment, He Lingyue was the only one in the circle. The moment Li Zhi and Jiang Feng landed in the circle, He Lingyue made a prompt decision and released Future on MO Xiu before walking out of the circle.

This was the best solution He Lingyue could think of. If she added the skill to herself and fought with the two of them, she might not be able to win, and the skill would be wasted.

If he didn't use his skill, it would be even more disadvantageous for him to be stunned and lose consciousness. He might as well give the skill to Moxiu and go out of bounds to avoid being stunned. Moxiu also obtained the skill.

With Future's ability, Motheo was able to predict the direction of the Barramy laser.

Xiao Lan's side had the advantage against Chen Peipei, forcing Chen Peipei to retreat.

At this moment, Barrymi spread his wings and flew directly to Chen Peipei's side, picking her up.

Barry carried Chen Peipei and flew in the air. Moxiu and Xiao Lan couldn't do anything about it.

"You didn't forget, did you?" said Jeremy. I can fly."

The current situation was that two Espers were in the air and two were in the circle.

Yang Qingzhuo and Hu Xianming were the closest to them, and they took the lead in attacking Li Zhi and Jiang Feng.

Moxiu and Xiao Lan also rushed over at full speed, but no matter how fast they were, they couldn't be faster than Jeremy's laser.

A laser beam shot directly in front of Yang Qingzhuo and the other two, preventing them from continuing to attack.

As he was flying, his speed was even faster. He flew directly in front of Li Zhi and Jiang Feng, and the two of them each grabbed one of his legs.

Just like that, Jeremy and his three teammates flew up.

At this moment, the time limit of the Earth Prison was up, and the circle disappeared.

Motheo looked at Jeremy in the sky and felt a headache coming on. What kind of rogue tactic was this?

Then, the audience saw a strange scene. Jeremy was dragging three people in the sky and shooting lasers down.

On the ground, Moxiu and the others ran back and forth to avoid the laser beams.

This situation lasted for two minutes, causing the audience to grow impatient.

“Can we determine the winner by fighting like this?”

“Espers are obviously stronger. Why are they using such tactics?”

“The ability department has placed all their hopes on the first tactic.”

Mothethew was thinking as he dodged. What was Barrymi’s motive for doing this?

Although the support system had two strong points, the ability system was not weak either. Why did they have to waste time like this?

Moxiu suddenly thought of a possibility. Li Zhi’s Petrification skill had a cooldown of three minutes. It should be about time now.

At this moment, Li Zhi suddenly dropped to the ground.

Because of Barry’s constant harassment, the four Support players had long lost their formation. At this moment, the four were separated.

Xiao Lan and Hu Xianming, who were the closest to the drop point, were annoyed by the harassment. When they saw someone fall, they immediately ran over and attacked without thinking.

“Don’t go over!” Moxiu shouted.!”

Unfortunately, it was too late. The two of them had already arrived and launched an attack.

Just as the two of them hit Li Zhi, Li Zhi used Petrify on herself, increasing her defense by 800%, blocking the two of them.

Just as Xiao Lan and Li Zhi were about to push Li Zhi out of the boundary, a laser shot at Xiao Lan.

Hu Xianming immediately prepared to use the holy light to heal him, but before he could do so, a giant palm slapped down and knocked him unconscious.

Hu Xianming eliminated!

Even though Yang Qingzhuo had used all his skills on MO Xiu, who had 800% speed, he still wasn't able to save Hu Xianming in time.

Hu Xianming was eliminated. Chen Pei Pei, Li Zhi, and Jiang Feng attacked the injured Xiao Lan at the same time.

Mohiu wanted to help, but was stopped by Jeremy.

However, Moxiu's speed was too fast. Even if Remy flew, he wouldn't be able to catch up to Moxiu.

Seeing Moxiu pass by him, Jeremy fired another laser at Xiao Lan!

Xiao Lan was hit again. She, who was seriously injured, once again showed her weakness of weak willpower. She was passive in the competition and was almost forced out of the boundary by the few people.

Xiao Lan was eliminated!.

MO Xiu saw that Xiao Lan had been eliminated, so he didn't stop at all and continued to charge forward.

As Chen Peipei and the other two were at the border, MO Xiu arrived in front of Li Zhi and kicked with all his might.

Li Zhi could not react in time and could not block this kick. He was directly kicked out.

Li Zhi was eliminated!

Chen Peipei and Jiang Feng were shocked and immediately joined forces to block Mo Xiu.

Jeremy hadn't expected that MO Xiu would be so decisive and immediately think of a way to deal with it.

He sped up at full speed and continuously shot out lasers to interfere.

Yang Qingzhuo was not idle either. After seeing that Motheo was in position, he immediately cast a skill on himself and chased after Barramy to disrupt him.

Motheo was fighting one against two, and with Barry's interference, he couldn't take down the two of them.

Although Yang Qingzhuo had the advantage in speed, his attack power was not enough. He could definitely dodge, but it was very difficult to stop Jeremy. He was sent flying in just two moves.

Jeremy knew that Yang Qingzhuo was very fast. Even though he had hit Yang Qingzhuo, he did not continue to attack. He had fallen into a trap and continued to chase after Moxiu without looking back.

Yang Qingzhuo had just gotten up from the ground and was about to continue harassing MO Xiu when he saw MO Xiu's left hand making a 'three' gesture behind his back.

As a support, the most important thing was to pay attention to every move of the main attacker on the battlefield.

Even though MO Xiu's actions were very subtle and fast, Yang Qingzhuo still saw it.

Yang Qingzhuo gave up chasing after MO Xiu after seeing the gesture. He stood still and stared at MO Xiu.

Barry was burning with anxiety. One second later, one of his teammates might be eliminated. When he was less than three meters away from Motheo, he fired another laser.

Mothew did not dodge the attack immediately. Barrymi and Chen Peipei, who was in front of Mothew, both felt that the attack would hit!

MO Xiu's left hand made a 'six' gesture. Yang Qingzhuo accurately captured this detail and used all his skills on MO Xiu alone.

A strange action and an unexpected ending!

Moxiu suddenly turned his body sideways and sucked in his stomach, dodging the laser. The laser accurately hit Chen Peipei, who had been in front of Moxiu.

Chen Pei Pei did not expect that the laser would hit her. After she was injured, she subconsciously took two steps back and walked out of the boundary.

Chen Peipei was eliminated!

Barry looked at Moxiu in disbelief. In just a few seconds, he had eliminated two teammates in a row and saved the situation.

Mu Mu couldn't help but shout.

'Yay! Good job, MO Xiu.'

The audience below the stage was also looking at something. Could this be the finals? The game had only been going on for a few minutes, and there were already several reversals.

Just now, the Esper Ability user had used a realistic trap to force the Support

Ability user into a desperate situation. In less than ten seconds, the Great Demon King Moxiu had single-handedly turned the tide and eliminated two Esper Ability users in a row.

The battle returned to a draw, two against two!

After a second of silence, the audience burst into applause.

The audience started to support the support system that was not favored at the beginning.

“MO Xiu is awesome! The support system is awesome!”

Chapter 98: Victory (1)

Barry couldn't let MO Xiu eliminate Jiang Feng again, so he immediately stood in front of Jiang Feng.

“It's a two-on-two now!” said MO Xiu.

“That's right!” said Jeremy.

The two of them began to attack each other. It had to be said that Bai Ruimi's combat ability was very strong. There was no need to mention the laser. His attack speed was fast, and when he had wings, he could even hack people.

The two of them were locked in a fight. Seeing that he couldn't intervene, Jiang Feng went to Yang Qingzhuo.

He thought that this weak little girl was easy to deal with, but he realized how difficult Yang Qingzhuo was.

Neither of them used any skills and were purely engaging in close combat.

Yang Qingzhuo knew that he was useless now, so he attacked with all his might.

On the other side, Moxiu and Jeremy had yet to decide the winner. On the other side, Yang Qingzhuo and Jiang Feng had tied and were out of bounds together.

Jiang Feng had used his Life Link Link skill to connect Barry and Moxiu together.

Jiang Feng and Yang Qingzhuo were eliminated!

The situation on the field was very clear. It was a one-on-one.

Jeremy had been at a disadvantage. Motheo had speed bonuses and Future bonuses, so he could predict his movements.

Every time he fought back, Motheo would punch him hard, leaving him in a sorry state.

However, things were different now. There was a life connection between Barramy and Motheo, so Barramy could use his wings to defend himself.

Whenever Motheo attacked, Barramy would use his wings to block it. This way, due to the connection of life, Motheo would deal 50% of his attack power.

This way, Moxiu would be at a loss. No matter how he fought, he would be at a

disadvantage.

‘ Brother MO, don’t drag it out any longer. Admit defeat. I admit that your combat ability is stronger than mine, but Jiang Feng’s skill has connected us together. I’ve been using my wings to defend, and you can’t do anything to me!’”

Moxiu lowered his head and thought for a moment. Suddenly, he raised his head and hit his own head with his right hand.

“I’m so stupid. We’re connected, right?”

Jeremy said,” That’s right. I can tell you that my wings have very high defense. At least, it’s higher than your own defense! “”

MO Xiu nodded.” Oh, I see. Then do you think your defense is higher than mine?

‘ So what if you don’t?” said Jeremy indifferently.” I won’t let you hit me beyond my wings.

” You’re mistaken,” Moxiu said sincerely.” I won’t hit you again!””

“You want to admit defeat? Aiyo! It hurts.”

Next, the audience saw a scene that they would never forget.

Motheo hit himself, and Barrymi went up to pull Motheo away, not letting him hit him.

A competition could be like this? So loving?

In fact, Motheo knew that his defense was higher than that of Barry's. Since both of them received equal damage, he could just hit himself!

A minute later, Barramy couldn't take it anymore and admitted defeat. When he walked off the stage, he said to MO Xiu, "I don't understand!"

"What do you not understand?"

"The overall strength of our ability department is not inferior to yours, and we have a delicate plan. Why did we lose?"

"I'll give you a sentence. This sentence was given to me by one of my enemies."

"What words?"

"There is no perfect setup, only a perfect breaker!"

This was what Wang Jinyang said when he was captured. MO Xiu had always remembered it.

The competition ended and the top four appeared. The one who advanced was unexpectedly the support-type.

This year was supposed to be the most promising year for the ability department, but they were unfortunately defeated. Although they were unwilling, they still acknowledged the strength of the support department.

This was also the first time the Support Faculty had entered the top four. All the students were very excited.

Of course, the teachers were no exception. In order to commemorate this historic moment, all the teachers of the supporting department had taken a photo with the first team of the supporting

department. The competition was supposed to end at four in the afternoon, but due to this mess, Moxiu only left the school at nine in the evening.

When MO Xiu and Yang Qingzhuo returned home, Zheng Yi was preparing the ingredients.

“Yo! Zheng Yi, you’ve grown up. Are you ready to cook?”

When Zheng Yi saw Yang Qingzhuo, it was as if he had seen his savior. He quickly pulled Yang Qingzhuo into the kitchen.

“F * ck, why are you guys only back now? I’m starving. I can only try to cook by myself, but I realize that I can’t do it!”

Yang Qingzhuo was hungry as well. He immediately got busy as soon as he entered the kitchen. He wanted to eat as soon as possible.

“After the competition ended, we were stopped by the teachers and were not allowed to leave.”

“That awesome? Does that mean you won? Creating history? How do you feel

“I don’t feel anything. I don’t feel like I’m creating history.””

Zheng Yi raised his middle finger.”

“Oh right, how’s Little Fushun?” MO Xiu asked. Are you awake?”

“It’s still the same. I’ve been sleeping all the time, but my appetite hasn’t decreased. I don’t know when the meat I prepared before was eaten up, but I prepared it again.”

MO Xiu patted Zheng Yi’s arm and said,””You’ve worked hard!”

“Hey, don’t be so polite. Isn’t your son my son?”

MO Xiu glared at Zheng Yi. This guy was really not serious.

After dinner, MO Xiu returned to his room. Little Fu Shun was still sleeping. When he looked closely at Little Fu Shun’s back, he saw a faint golden light emitting from it.

Using God’s Sight to check, it still showed that the skill was awakening.

He didn’t know how many more days Little Fushun would awaken, so he could only wait.

He was speechless for a night.

The next morning, MO Xiu came to school. When he walked to the Support Department office, he saw a huge banner.

On it was written,” First grade team competition, support department advanced to the top four!”

There was also a group photo below the banner. It was a group photo of the support department team and all the teachers from yesterday.

He didn’t write any congratulatory words. He simply hung up this matter for everyone to see. Coupled with the sudden group photo, it was extremely awkward.

MO Xiu lowered his head and walked into the office, afraid that someone would recognize him. His reputation was already bad, and this time, he hung the photo upstairs.

In fact, after yesterday’s battle, MO Xiu’s reputation had changed greatly.

Originally, MO Xiu's image in the eyes of other people was that he had some strength but was not top-notch. He relied on the power of his family to do whatever he wanted, so he was called the Great Demon King.

Yesterday's battle, he had single-handedly turned the tide, and in the end, he had challenged Barramy. Everyone realized that Motheo's strength was terrifying, and he was the strongest in the first grade.

The way she called him the Great Demon King had changed. It was originally meant to be sarcastic, but now it had become the real Great Demon King!

This time, he came to the office to look for Cao Fenglin. The firearms incident had always been something that Moxiu was worried about. However, due to his lack of information, he could only come to Cao Fenglin to ask.

MO Xiu knocked on the door and entered. When Cao Fenglin saw that it was MO

Xiu, he said helplessly, "“Why are you here again?” “I want to inquire about the progress of the firearms incident!” “Didn't you see the mission at the top of the Shadow app?

“I see it!”

“Then why did you come looking for me?”

“I accepted that mission.”

Cao Fenglin covered his face and said, “You're really persistent. Once that mission is out, many big shots will come out. There's no need for you at all.”“

“I'm only here to ask you for information! ”

“I already said that I won't help you. Why are you asking me?”

“But among the people I know, only you know the development of this matter, and... You’ve been paying attention to it, haven’t you?” “Alright, I can tell you, things...It’s getting worse..”

Chapter 99: Surrounding the Four-Man Group

“How could that be?” Moxiu asked in disbelief. All the forces were following up on this matter, so why did it worsen?”

Cao Fenglin took out a stack of documents from the drawer and handed it to Mo Xiu.

“You can read it yourself. The document can only be read here.”

MO Xiu flipped through the documents and saw the new cases of injuries. He was shocked.

The reason why Cao Fenglin said that the situation was serious was because there had been cases of law enforcement members being shot dead in the past two days.

Moreover, many of the cases happened in public places and were witnessed by some people.

It was already very difficult to suppress the matter now. Many people knew about this and it was spreading on a small scale.

After MO Xiu finished reading it, he closed the document and handed it back to Cao Fenglin.

“Is it going to be reported?”

Cao Fenglin nodded and remained silent.

“About how long?” MO Xiu sighed.”

“Very soon. Within this month, the relevant departments will try their best to suppress the news.”

Moxiu stood up and said, “I understand. I’ll leave first!”

After leaving the office, MO Xiu’s heart was heavy. He immediately called Yue Yuan and told him about the matter, asking him to take good care of his mother.

He also called his friends to remind them to be careful.

Once it was reported and the matter of firearms was made public, it would cause a lot of chain reactions.

Firstly, there would be panic and riots in many places.

Secondly, there would be protests, which would affect the progress of the investigation and cause further riots.

Finally, what Moxiu was most worried about was what the mastermind would do next.

The mastermind behind the scenes had spread firearms in order to create chaos. Now that he had undoubtedly succeeded, what was his next step?

No matter what he did, it would definitely create greater chaos. At that time, everyone would be in danger.

After walking out of the office, Moxiu went straight to the activity room of the

Strongest Club. According to the plan, he would carry out the mission of encircling the Montenegro Gang of Four today.

When he walked into the activity room, everyone else was already seated.

MO Xiu also walked to his seat and sat down.”Hao Ren, tell me about the mission.”

Hao Ren stood up, walked to the front and said,””Due to the delay of the mission, I have more time to gather information.”

“Let’s talk about this group of four first. The origins of these four people are unknown, and we can’t find anything about them in the past. We only know that after they went to the Montenegro to become sworn brothers, they changed their names to Black One, Black Two, Black Three, and Black Four.”

Dong Fang chuckled when he heard the name.

“Hahaha, what kind of name is that? It’s even worse than the names given by the authors of urban novels I read!”

MO Xiu scolded the anchor,”Shut up!” Listen carefully.”

Hao Ren continued,” Each of these four people has their own characteristics.

They commit all kinds of crimes. The surrounding residents have been harmed. Black One and Black Two are the strongest, and their skills should be offensive. Black Three is extremely fast and is responsible for stealing. Black Four’s skills have the effect of mental confusion and are responsible for abducting innocent women!”

He Lingyue pursed her lips and said, “Hmph, he even kidnapped a good woman.

Such a person deserves to die!””

Yang Qingzhuo and Du Ya agreed. The three girls were surprisingly united.

“In terms of terrain, they are occupying a small mountain. You may not believe it, but they only have four people, but they are heavily guarded.” Hao Ren said as he took out the map and showed it to everyone.

“Here! There was a large courtyard at the top of the mountain, which was their stronghold. It was surrounded by surveillance cameras. If anyone went up the mountain, they would be the first to notice.”

“Is there anyone else in their stronghold?” Moxiu asked.”

Hao Ren thought for a moment and said,” No one has seen anyone up there. But they have robbed a lot of women. I guess there are innocent women up there.””

“Alright, is there anything else you want to ask?” said Moxiu.”

No one spoke. MO Xiu continued, “Alright, let’s go. Let’s go and gather some information nearby!”

The Strongest Club was swift and decisive, and the seven of them quickly arrived at the foot of the Montenegro.

Moxiu looked at the other six people and shook his head. He had wanted to send someone to check the location of the cameras, but after looking around, not a single person was a professional investigator.

“Hao Ren!”

“What’s wrong?”

“After we return, recruit a strong scout for me.”

“Understood ! ”

“Who can go and investigate?” Moxiu asked the others. Find out all the cameras.”

Moxiu did this not because he was afraid that he wouldn't be able to defeat the Montenegro Four-man Team, but because he was afraid that the strongest team would be discovered the moment they went up the mountain. It was time for them to escape.

The six of them volunteered to go. If they all went, it would be too big of a target.

In the end, MO Xiu selected the members and sent Hao Ren, Liu Ziyang, and Yang Qingzhuo to investigate.

He sent Liu Ziyang and Yang Qingzhuo because they were the fastest and should be able to avoid the cameras. He also sent Hao Ren to record the exact location of the cameras.

MO Xiu, He Lingyue, Du Ya, and Dong Fang, the four people who stayed behind, began to study tactics according to the available information. Dong Fang could not participate.

The three of them left at 9 am and didn't come back until 6 pm.

MO Xiu and the others had been waiting until they were about to fall asleep. When they saw the three of them return, they immediately perked up.

"How is it?" asked MO Xiu.

Hao Ren handed a map to Moxiu and said, "I didn't fail my mission! There were a total of two surveillance cameras. The first was at the foot of the mountain, where the cameras were loosely arranged. They could enter once they found a blind spot. The second was at the mountainside, where they needed to use speed to break through. Finally, at the top of the mountain, there was only one camera at the top. It was basically a decoration, and there were too many blind spots."

"Alright!" said MO Xiu. In that case, how about we attack tomorrow?"

Everyone agreed, but one person objected.

It was Yang Qingzhuo! Yang Qingzhuo, who had always been obedient to MO Xiu, actually opposed MO Xiu's opinion.

MO Xiu also felt that it was strange. When Yang Qingzhuo returned, he felt that his expression was not right. He was not as lively as before.

"What's wrong? Did something happen?"

MO Xiu asked softly.

Yang Qingzhuo was so aggrieved that tears were about to flow out. He grabbed the corner of MO Xiu's shirt and said, "Mo Xiu, let's fight them today and kill those bastards, alright?"

"There's no hurry," MO Xiu asked. "Tell me slowly. What exactly happened?"

"I was the only one who reached the top of the mountain," said Yang Qingzhuo. "I looked into one of the rooms out of curiosity. There were many big sisters locked up in cages."

MO Xiu frowned. It seemed like things were worse than he had imagined.

Everyone understood what Yang Qingzhuo meant. It must be that the four of Montenegro didn't treat the women as humans.

"MO Xiu, let's go up today!" He Lingyue said.

Before MO Xiu could say anything, Du Ya's temper flared up.

"MO Xiu, give me a straightforward answer. If you don't go up, I'll go up myself tonight. We'll talk about those four bastards later."

“Aiya, look at how anxious you guys are. Go!” MO Xiu hurriedly said. It’s a little early now. Let’s go back and change into black clothes first. We’ll wait for them to fall asleep and catch them off guard.”

The three girls looked like they couldn’t wait any longer. MO Xiu comforted them for a while before the three girls obediently listened.

The four men looked at each other and smiled. They...He was also very angry!

It was already past eleven o’clock at night when they were ready. Seeing that it was about time, Moxiu made a gesture and everyone set off.

“Tonight, we will attack Montenegro! “

Chapter 100: Night Attack on Montenegro Mountain

With MO Xiu’s order, all seven of them moved out.

Hao Ren was looking for the blind spots in the first circle.

The first round of surveillance cameras came over easily. They didn’t hear any movement at the top of the mountain, so they shouldn’t have been discovered. The seven of them stopped in front of the second circle of surveillance cameras.

He Lingyue looked at MO Xiu and asked, “How do we pass this round?”” “Yang Qingzhuo, use your skills on everyone one by one and use speed to pass.

” We’ll break through with our speed,” Moxiu asked Hao Ren.” Will we really not be able to see anything from the surveillance cameras?””

“There will be a black shadow. If you don’t look carefully, you won’t even be able to see the black shadow.”

At this moment, Dong Fang said casually, "No problem. It's so late and they're all asleep. Who would watch the surveillance cameras?"

Dong Fang was right. There were only four people in total, and one of them had to watch the surveillance cameras. Moreover, there were hundreds of surveillance cameras. It was impossible for them to notice a black shadow on a screen.

Everyone looked at MO Xiu, waiting for him to speak.

"I think we should be more cautious. If we alert the enemy, our preparations will be in vain," said Moxiu."

"What do you think we should do?" Hao Ren asked."

"It's easy to be discovered if there are continuous shadows on one screen. How many screens are there?"

"You mean we broke through the surveillance cameras at different points?" He

Lingyue continued."

"That's right. We'll do that later..."

Once the strategy was set, the seven of them began to move.

Yang Qingzhuo added the skill status to Moxiu, and Moxiu immediately jumped over the surveillance.

After MO Xiu walked over, he gestured for the rest to move forward. After about fifty meters, He Lingyue came over.

After another 50 meters, Du Ya came over.

This method of breaking through the surveillance cameras one by one while moving was indeed the safest.

However, everyone felt that Moxiu was being a little too careful. Was there anyone staring at the surveillance screen at this late hour?

In the monitoring room of the mountaintop courtyard, there were ten women sitting neatly inside. They were staring at the surveillance camera intently. A few of them saw a black shadow appear on the screen. After the ten of them looked at each other, one of the women stood up and walked out with a painful expression.

He walked to the door of a room and knocked. Not long after, the door opened and a naked man poked his head out.

“Damn it, what’s wrong? Knocking on the door in the middle of the night?”

The woman trembled as she said, “Fourth Master, we just saw a black shadow in the surveillance room. It appeared on multiple screens...”

The woman tried her best to describe what she saw in detail.

The man called Lord Fourth slapped the woman to the ground.

“Damn it, aren’t you looking at the shadow? You woke me up because of this.”

The man didn’t seem to be satisfied. He stepped forward and kicked twice again. “Hurry up and get lost!”

The woman was first slapped and then kicked twice. From the beginning to the end, she did not shout out and kept her mouth tightly shut.

When he heard the word 'scram,' he immediately got up and ran.

At the mountainside, the seven of them broke through the surveillance cameras. All they had to do now was slowly climb up and not be discovered.

The seven of them carefully climbed to the top of the mountain and saw the so-called courtyard.

Originally, MO Xiu thought that the courtyard would be very messy if the four men lived on the mountaintop. He did not expect that it would actually be very tidy from the outside.

There was no one inside or outside the courtyard. The Montenegro Group of Four should be in their rooms.

Moxiu went around alone and found a total of eight rooms.

After he came back, he discussed with the others. Out of the eight rooms, excluding the cell that Yang Qingzhuo saw earlier, there were seven rooms left.

There were exactly seven people in the strongest club, and each of them could check one room.

Moxiu estimated from the appearance of the rooms that four of them were exceptionally large. They should be the rooms of the four brothers.

Moxiu quickly made the allocation.

MO Xiu, Du Ya, Liu Ziyang, Dong Fang, and the other four were stronger in combat. Each of them chose one of the four rooms, and the remaining three went into the other three rooms. There shouldn't be any danger.

The seven of them immediately took action. At this moment, the seven of them had arrived at the courtyard. Each of them was at the door of a room. They were waiting for Moxiu's signal, and the seven of them would break in at the same time.

MO Xiu extended his right hand.

As Moxiu waved his hand, the seven of them rushed into the room together.

Seven people, seven rooms, different sceneries, and the same anger. After Moxiu entered the room, he immediately cast God's Sight on the man in the room.

[Cooldown time: 3 days]

The four skills were similar, and the person who could choose these four skills definitely had evil intentions.

Without a doubt, MO Xiu knew that this person was Hei Si, who specialized in abducting women.

Moxiu immediately activated the Descent of the Martial God to strengthen his mental defense to prevent the other party from attacking.

“Who are you? How did you get in?”

Only then did MO Xiu take a closer look. At this moment, there was a woman under Hei Si.

Black Four got off the bed and asked, “Who the hell are you?” Aren’t you afraid of death?”

Moxiu replied, “I’m the one who wants your life. You...” Are you afraid of death?”

On Du Ya’s side, after she rushed in, she saw a burly man sleeping soundly on the bed and three women kneeling on the ground.

The sound of the door breaking woke the burly man up, but Du Ya ignored him and helped one of the women up.

After the woman stood up, she looked at Du Ya blankly. Then, she knelt down in panic and kowtowed to the burly man.

The burly man walked up to the woman and stepped on her head.

“Yo, a little girl barged in. She’s so beautiful. Are you feeling lonely?”

“Swoosh!”

The burly man, who was still teasing Du Ya, found that he could not speak. He touched it with his hand and his mouth opened and his tongue broke! “You actually want to insult me with your stinky mouth?” The burly man panicked and even forgot to use his skill on Du Ya.

“Swoosh!”

Another hand knife!

“Did you use this foot to step on this woman just now?”

The burly man opened his mouth, but he could not make a sound. His expression was extremely painful.

“Shua! Shua!”

“You hit a woman with both hands, right?”

“Shua! Swoosh! Shua!”

On Liu Ziyang’s side, he saw a live Japanese acrobatics show after entering the door.

Even someone as thick-skinned as Liu Ziyang couldn’t help but blush.

Seeing someone enter, the man stopped what he was doing and sized up Liu Ziyang seriously.

“Brother, you are?”

“Don’t ask me who I am. Just tell me who you are.” Liu Ziyang pretended to be mysterious.”

“Brother, you must be joking. You barged into my room and don’t know who I am? I am Montenegro Black One!”

Liu Ziyang smiled smugly. This time, he was going to make a contribution and catch Boss.

Black One was still smiling, and Liu Ziyang also became carefree.

“Come with me. I’ll look for you... Aiya!”

Before Liu Ziyang could finish his sentence, Black One suddenly attacked.

Liu Ziyang was attacked and turned into an afterimage. When he reappeared, he was already behind Black One.

“You scared me to death.. If I hadn’t activated my skill in time, I would have fallen into your trap!”
