

Full-Level 111

Chapter 111: Return of the System 5

“I’ve already sent someone over.” Huangfu Ruiling said in a particularly indifferent tone, “However, so far, there hasn’t been any news. And there’s no useful information in the southern boundaries.”

“You definitely won’t be able to find out!” Ye Leng’an couldn’t help but find it funny. “Yuanyang Flower and Baizhe Wood are good stuff. They are herbs that are peculiar to the southern boundaries. Even if they know something, they won’t tell you.”

Looking at Ye Leng’an’s smiling face, Huangfu Ruiling’s eyes flashed with an unknown light.

“Shall I go to the southern boundaries?” Ye Leng’an said with a smile, “The chances of finding these two herbs will be higher if I’m there. Moreover, I can gain an insight into the Gu worms in the southern boundaries.”

To be honest, she was very interested in the Gu poison. Even if she hadn’t had Miss Yiran as her patient, she would have still gone to the southern boundaries in the future. As an alchemist, she was very passionate about medicine.

“Sure.” Huangfu Ruiling did not refuse, but asked, “When do you plan to go? I can make the arrangements.”

“During the winter break!” Ye Leng’an thought about it and replied, “After Zhao Yanran’s matter is settled, I’ll go back to school. If I don’t go, the principal will be critical of me. Moreover, I promised the principal that I would get first place in the Mathematical Olympiad qualifier.”

After she got first place, she did not have to go to training anymore. And she could use this opportunity to make a trip to the southern boundaries.

Huangfu Ruiling nodded, indicating that he understood.

In the next few days, no one from the Zhao family, the Ye family, or Hu Ping came to the villa to disturb Ye Leng’an.

Very soon, the defamation case was brought to trial. However, Ye Leng’an didn’t even show up and directly entrusted everything to her lawyer.

The evidence was conclusive, and there was no objection. Ye Leng’an won the lawsuit. The court also announced Zhao Yanran’s punishment.

Zhao Yanran needed to apologize to Ye Leng’an and compensate Ye Leng’an for reputational damage and mental suffering.

This was acceptable to Zhao Yanran, but what she couldn't accept was that after this incident, there would be a criminal record on her file. In other words, she would have a criminal history in the future.

Even if she was the daughter of the Zhao family, with the Zhao family as her backing, it would be absolutely impossible for her to marry someone of similar family background. After all, if the man was from a well-matched family, he would choose someone with an unspotted reputation and definitely not a rich young lady with a criminal record. Of course, the possibility that there was a Mr. Right in the future who would fight against her family for her couldn't be ruled out. However, the chances of this happening were extremely small.

In the future, Zhao Yanran would have to marry beneath her. To Zhao Yanran, this was worse than death. Moreover, she liked Ouyang Xuyan. However, the Ouyang family would never allow their son to marry a woman with a criminal record. This meant that Zhao Yanran and Ouyang Xuyan had no chance at all.

Zhao Yanran hated Ye Leng'an to the bone when thinking about this. She felt that her future had been ruined by Ye Leng'an. She would definitely not let Ye Leng'an off so easily.

After the incident, Ye Leng'an returned to Sheng'an to have class. During this period of time, the principal had been calling her almost every day to urge her. She was worried that if she did not come back soon, the principal might have to report her missing.

When she returned to Sheng'an High School, she immediately became the center of attention.

It became quite a big thing this time. In the past, there were many rumors in the school. As for the protagonists of the rumors, they had no other way but to bear it in silence. Some of them couldn't stand it and were forced to drop out of school.

Even if they told the teachers or the school leaders about the rumors, it would not be of much use. Because there were too many people spreading the rumors on campus, even if the school found out, they could only reprimand the culprits with a few words. It would not have any substantial effect at all. Moreover, the rumors would only get worse in the end.

Who would have thought that Ye Leng'an would actually call the police this time? Moreover, it ended up in court. In the end, Zhao Yanran was punished by the law.

It was also because of this incident that everyone knew that they were no longer children. They had to take responsibility for what they had said. The campus was not a lawless place. If someone really violated the law, he or she wouldn't escape the punishment..

Chapter 112: Return of the System 6

Facing everyone's gazes, Ye Leng'an did not look sideways and walked slowly in the direction of the principal's office.

However, when she was about to reach the principal's office, she saw an unexpected person. It was none other than Hu Ping.

She only sued Zhao Yanran for defamation and not Hu Ping. Although Hu Ping was biased toward Zhao Yanran, she didn't say anything to slander Ye Leng'an. However, now that Zhao Yanran was convicted, Hu Ping, as the teacher, would definitely be punished for being unfair.

Looking at Hu Ping's haggard appearance, Ye Leng'an knew that she must have had a hard time during this period of time.

Hu Ping naturally saw Ye Leng'an walking towards her. When enemies meet, their eyes turn red with hatred. She couldn't help but step forward to stop Ye Leng'an. "You must be very pleased to see me like this!"

Because of this incident, she was punished by the school. Originally, she could have been selected as an excellent teacher this year, and then could have participated in the school's house allocation at the end of the year.

As an elite high school, the teachers of Sheng'an High School were treated very well. Other than the generous salary and benefits, the most attractive thing was the benefits of housing. Of course, not all teachers were qualified to be given out a house. The conditions were also quite harsh. Otherwise, no matter how many houses there were, they would not be enough.

In order to get the allocated house, one had to work in the school for more than ten years and be selected as an excellent teacher for five consecutive years to qualify. Moreover, before the transfer of house ownership, they had to sign a contract to guarantee that they would keep teaching at Sheng'an High School until they retired and would not leave their jobs midway.

There was also another important point. During the term of office, teachers must not be punished by the school for violating school rules. Otherwise, they would be disqualified for house allocation. Even if they had already been given out a house, they would have to return it to the school.

Hu Ping had been an excellent teacher for four years in a row. This year, she would be able to get a house as long as she would be rated as an excellent teacher again. But now, because of Ye Leng'an, the thing that she had been looking forward to for so many years had all gone down the drain. What she couldn't accept the most was that because of this incident, she would be forever ineligible for house allocation. In other words, no matter how conscientious she was in the future, it was impossible for her to get a house given out by the school.

Besides, the school also removed her from her position as a form teacher, so she was only an ordinary teacher. Apart from losing a lot of benefits, the most important thing was she would never be able to receive gifts from students' parents.

Most of the students who could study at Sheng'an High School came from wealthy families. Usually, in order to ask the form teacher to take good care of their children, they would give the form teacher all kinds of high-end gifts.

Since she was no longer the form teacher, those parents would no longer give her gifts in the future. She felt difficult to breathe at this thought.

And all of this was caused by Ye Leng'an. How could she not hate Ye Leng'an?

“Yes, I’m quite satisfied.” Ye Leng’an wasn’t afraid. She looked at Hu Ping and said with a smile, “Teacher Hu, I remember that you once taught me that if I did something wrong, I had to pay the price! Now, you are the best example!”

“You...” Hu Ping’s gaze was murderous. “Don’t be so smug. Do you think you can still study peacefully at Sheng’an High School after what you’ve done? All the teachers will stay away from you because they are afraid that they will end up like me.”

This was true. No teacher liked troublemakers. Although Ye Leng’an called the police to protect her own interests, she indeed blew the matter up. In the future, those teachers wouldn’t dare to get too close to Ye Leng’an.

Not only the teacher, but the other students were the same. They would fear being taken to court again for their improper remarks.

Of course, this did not mean that everyone would be like this, but most of them might have such thoughts..

Chapter 113: Going Back to School 1

“So what?” Ye Leng’an looked calm. “I don’t care. I didn’t come here to make friends.”

She might have cared in the past. But now, she did not care about these things at all.

“Ye Lengan, don’t be too smug.” Hearing Ye Leng’an’s reply, Hu Ping gritted her teeth in hatred. “Do you really think you can continue to be so arrogant? You won the lawsuit this time, but you offended the Zhao family. You won’t have good days ahead of you.”

“You don’t have to worry about that.” Ye Leng’an shrugged her shoulders, her expression indifferent. “Teacher Hu, you should reflect on yourself and see what you can do to be a good teacher!”

Hearing this, Hu Ping was so angry that she walked directly past Ye Leng’an and left.

Ye Leng’an raised her eyebrows and continued walking toward the principal’s office.

“Wow, what a rare guest!” Zheng Anyang looked at Ye Leng’an who just entered the room after knocking on the door and said in a voice laced with sarcasm. “I almost forgot that you were a student of our Sheng’an High School!”

Ye Leng’an knew that she was in the wrong. She rubbed her nose and said with a smile, “Principal, I was thinking of coming to class after the matter was settled so that I wouldn’t cause trouble for the school!”

She had not been to school for more than a month. It was no wonder that the principal had a temper.

“Hehe, then I have to thank you for thinking about our school, right?” Zheng Anyang said unhappily, “When you said you wanted to take leave, I thought you just wanted

to hide from the limelight. I didn't expect that you didn't come back until the court ruled!"

Ye Leng'an felt guilty and didn't say anything.

Seeing Ye Leng'an's expression, Zheng Anyang finally cooled down. Then, he said, "The Mathematical Olympiad qualifier will be held this Sunday. How are your preparations?"

"Getting first place will be no problem," Ye Leng'an spoke calmly as if she was simply stating a fact.

Her confident look made Zheng Anyang feel much more at ease. "That's good. However, your goal isn't to get first place in the qualifier. Your goal is to get a place in the Mathematical Olympiad Competition. It's best if you get first place.

But it's okay if you can get into the top three."

He had high hopes for Ye Leng'an. For many years, the champion of the Mathematical Olympiad Competition had always been a student from Capital No. 1 High School. Students from Sheng'an High School had never even appeared in the top ten. Now, he placed all his hopes on Ye Leng'an, hoping that Ye Leng'an could bring glory to Sheng'an High School.

Ye Leng'an was not surprised by the principal's request. She nodded. "I'll try my best."

At this very minute, there was a knock on the door.

After Zheng Anyang answered, the door was pushed open. A man in his fifties came in. He was slightly plump with a smile on his round face. He was kind-looking like a Buddha.

"Principal, you were looking for me?"

"Mmm." Zheng Anyang nodded. Then, he pointed at Ye Leng'an and said, "Teacher Sun, this is Student Ye Leng'an. Starting today, she will be transferred to Class F."

Teacher Sun saw Ye Leng'an as soon as he entered the room. Initially, he was still slightly puzzled, but now, he understood everything. He didn't reject the principal's arrangement and kept smiling. "Okay, Principal."

Then, Zheng Anyang looked at Ye Leng'an. "This is Class F's form teacher, Teacher Sun Jiaying. He's an experienced teacher. In the future, you will study in his class!"

Ye Leng'an nodded at Teacher Sun. "Hello, Teacher Sun."

When she saw Teacher Sun, she was really surprised. In the past, she did not pay much attention to Class F, so she did not know that the form teacher of Class F was such a kind-looking person.

All along, she had thought that the teacher who could take good control of the students of Class F should be the kind of person who looked very serious. However, she did not look down on Teacher Sun Jiaying. This was because anyone who could face down the students from Class F was definitely not a simple person.

Soon, Ye Leng'an followed Sun Jiaying to Class F.

As soon as the door was opened, she saw the chaotic situation inside. Even though it was already time for class, the students in the classroom were still doing their own things. Some were chatting, some were playing games, and some were sleeping. In any case, no one had their books placed on the table..

Chapter 114: Going Back to School 2

Ye Leng'an wasn't surprised by the situation inside. She raised her eyebrows and followed Sun Jiaxing into the classroom.

Quite a few boys in the class started to kick up a fuss when they saw Ye Leng'an standing behind Sun Jiaxing. There were even some of them who started to whistle at Ye Leng'an.

"Wow, what a beauty! Lao Sun, where did you get such a beautiful girl?"

"Lao Sun, you're really too kind. We love you!"

"Hey, beauty, what's your name? Do you have a boyfriend?"

Ye Leng'an didn't get angry at the jeering and teasing of these people. Instead, she found it interesting. Although these people were talking nonsense, they were clear-eyed and obviously were just joking. It seemed that Class F wasn't as bad as the rumors said!

Sun Jiaxing raised his hand and gestured for everyone to quiet down. Then, he introduced, "This is Ye Leng'an who transferred to our class today. Let's give our warm welcome to her with a round of applause!"

"Ye Leng'an? Why does this name sound so familiar?" After hearing the name, someone immediately spoke.

"It's the lawsuit..." Someone quickly reacted.

For a moment, the classroom fell silent. However, it soon became lively again. Everyone's discussion about Ye Leng'an became even more heated. Everyone was very interested in Ye Leng'an, who called the police at the slightest disagreement and even took her classmate to court.

"Alright, be quiet." After Sun Jiaxing shouted a few times, he pointed to an empty seat and said, "Ye Leng'an, you can sit next to Zhou Xue!"

Ye Leng'an followed Sun Jiaxing's instructions and sat down in her seat. However, she was still a little surprised to see her deskmate.

"Hello!" Zhou Xue smiled shyly at Ye Leng'an. "My name is Zhou Xue. I'm very happy to be your deskmate. If there's anything you don't know, please feel free to ask me."

Ye Leng'an was a little surprised to see her deskmate who looked innocent like a little bunny. She smiled and nodded at Zhou Xue. "Hello, I'm Ye Leng'an."

She had thought that even if the students in Class F were not naughty, they should be very noisy, so she didn't expect that there would be such a mutant in this class! Why was this obedient girl in Class F?

However, even though Ye Leng'an was curious, she didn't ask. After all, she was not interested in other people's private matters. Moreover, they were not familiar with each other yet.

After making arrangements for Ye Leng'an, Sun Jiaying left the classroom. Soon, a teacher arrived at the classroom.

He wasn't too surprised to see another student add to the classroom. He opened his book and began his lecture. As for whether the students were listening to the lecture or not, he did not care at all.

In fact, it was not only him. The other teachers of Class F were the same. They came to class every day as if it was a routine matter. They left immediately after class. As for whether the students listened or not, it had nothing to do with them.

Moreover, they did not dare to discipline the students of Class F. The students in Class F were all rich and noble. They were not people that ordinary teachers like them could afford to offend.

Ye Leng'an quickly adapted to the new environment. She looked around and realized that the students in the class were still doing their own things and not listening to the lecture. However, she also noticed that there were still a few empty seats in the class. The seats must have their owners, but they were not in their seats now. She did not know if they had asked for leave or skipped class.

After listening for a while, Ye Leng'an couldn't help but yawn because this teacher's lecture was really too boring. He was just reading according to the book, which made her feel sleepy.

On the other hand, Zhou Xue, who was beside her, was listening attentively to the teacher and taking notes. She looked like a good student and seemed out of place in the surrounding environment.

After enduring a whole day of classes, Ye Leng'an was on the verge of falling asleep. Because every teacher's lecture was almost the same, she had a hard time.

Therefore, after the bell rang, she immediately got up and left.

While walking on the road, Ye Leng'an was thinking whether it would be better to continue taking leave from tomorrow onwards.. However, she felt that if she continued to apply for leave, Principal Zheng would probably really fly into a rage!

Chapter 115: Going Back to School 3

Ye Leng'an couldn't help but sigh at this thought. It seemed that it was better for her to focus on her lessons during this period of time. Even if she wanted to take leave, she would have to wait until she got first place in the Mathematical Olympiad qualifier.

"Ye Leng'an!"

With a loud shout, a figure rushed forward and was to slap Ye Leng'an across her face.

Even though Ye Lengan was thinking about something, she had very quick reactions. She dodged and raised her hand, slapping the person charging at her.

There was a resounding slap.

“Ye Lengan, how dare you hit me!” The person’s eyes widened as if she couldn’t believe she had just been slapped. Her face was filled with shock and then anger. “I’m going to kill you.”

She was about to pounce on Ye Lengan again while speaking, but she was pulled back by the students beside her.

Ye Leng’an’s eyes flashed with coldness when she looked at the troublemaker.

“Zhao Yanran, it seems like you haven’t learned your lesson enough!”

The person who came was none other than Zhao Yanran. She looked ferocious whenever meeting Ye Leng’an now. Her gaze was so fierce that it could almost shoot toward Ye Leng’an.

“Ye Lengan, I won’t let you off.” Zhao Yanran’s face was twisted with anger.

“You won’t let me off easily, I will also make your life miserable.”

During this period of time, she had never been so out of luck. She was such a mess. Although she was still the daughter of the Zhao family, their company’s stocks had fallen a lot because of her. Her father gave her icy gazes, while her mother often scolded her.

Moreover, no one would invite her to the gatherings of the rich ladies they had in the past. She seemed to have been kicked out of this circle. None of them were willing to be with her.

All her supplementary cards had been suspended, and even her pocket money was pitifully less. It was not even enough for her to go to the shopping mall. She had never thought that she would live such a life one day.

Everything was because of Ye Leng’an.

After causing so much harm to her, Ye Leng’an still had the cheek to show up in school like this. This was something she couldn’t accept. Therefore, the moment she saw Ye Leng’an, she could no longer control her emotions. She stepped forward and was about to give Ye Leng’an a slap.

However, she did not expect that not only did she fail to touch Ye Leng’an, but she was also slapped in the face instead.

“You have no one to blame but yourself.” Ye Leng’an sneered. “You’re no longer a child. Everyone has to pay the price for what they have done, and so do you. So, the one who caused you to end up like this today is not someone else, but yourself.”

Zhao Yanran struggled even more violently and finally wrenched herself free before rushing towards Ye Leng’an. However, before she could get close to Ye Leng’an, she was kicked to the ground.

The others were shocked by this scene.

Before Zhao Yanran stood up, she was pressed down to the ground by Ye Leng’an again.

Ye Leng’an stretched out her hand and pressed it against Zhao Yanran’s chest. She looked at Zhao Yanran coldly as if she was looking at an insect. She began emitting the intimidating aura of the

strong. “Zhao Yanran, why can’t you learn your lesson? Don’t ever provoke me. Otherwise, if you really anger me, you won’t be able to bear the price.”

Zhao Yanran couldn’t help but shiver when looking at Ye Lengan’s cold eyes and hearing her cold remarks. For a moment, she did not have any reaction at all.

Actually, it wasn’t that she didn’t want to react. It was just that at this moment, she felt as if she had fallen into an ice cellar. She only felt cold all over. Moreover, she felt that there was a strong pressure pressing down on her until she almost couldn’t breathe.

She clearly hated Ye Leng’an, but when she saw Ye Leng’an like this, the hatred in her heart seemed to fade. On the contrary, the fear was widening.

She had never thought that one day, she would be so afraid of Ye Leng’an and felt that she could hardly breathe at this moment. Right now, she really believed Ye Leng’an’s words.

It turned out that she had never truly angered Ye Leng’an and the real Ye Leng’an was terrifying.

Zhao Yanran wanted to shout, hoping the people around her to help her. However, she realized that she couldn’t make any sound even though she had her mouth wide open..

Chapter 116: Going Back to School 4

The surrounding people were also shocked by this sudden change and didn’t react at all. No one went up to save Zhao Yanran who was pressed on the ground.

“Sister, what are you doing?” a voice asked. Ye Xiyuan walked over and was about to push Ye Leng’an away.

Ye Leng’an didn’t persist. Before Ye Xiyuan pushed her away, she stood up and dusted herself off.

“Yanran, are you alright?” Ye Xiyuan looked at Zhao Yanran with concern. “Do you need to go to the school doctor’s office?”

Zhao Yanran was panting, feeling like she had just survived a disaster. She didn’t know what was wrong with her just now. When she faced Ye Leng’an, she couldn’t muster up any thoughts of resistance at all. Even now, when she raised her head to look at Ye Leng’an again, she would tremble.

“Yanran, Yanran!” Ye Xiyuan continued to shout when she saw that Zhao Yanran didn’t seem to recover from the shock.

“I...I’m fine!” Zhao Yanran regained her senses and when she glanced at Ye

Leng’an again. her fear didn’t decrease but instead widened.

Zhao Yanran’s cowering look made Ye Xiyuan feel strange. Because, she thought that at this moment, Zhao Yanran should be baring her fangs and brandishing her claws to get even with Ye Lengan.

However, she didn't care so much. She turned around to look at Ye Leng'an. "Sister, you've really gone too far. How can you treat Yanran like this? You've already caused her so much trouble, and now you're humiliating her like this."

Then, she turned her head to glance at Zhao Yanran, saying sincerely, "Yanran, don't worry, we'll go find the director and the principal now and let them uphold justice."

"Ye Xiyuan, why are you everywhere?" Ye Leng'an looked at Ye Xiyuan with a hint of disdain in her eyes. "You really won't let go of any opportunity to suppress me! Didn't you usually like to act as a good sister? Why do you give up acting today?"

"Sister, I don't understand what you're talking about." Ye Xiyuan looked innocent. "I just think that your actions are wrong. Besides, didn't you say that we needed to look for the principal to uphold justice when we were treated unfairly?"

"Hehe, Ye Xiyuan, even if you want to hit me when I'm down, you'd better get a clear picture of the situation first. Furthermore..." Ye Leng'an suddenly changed the topic and said, "You are part of the reason why Zhao Yanran came to such an unpleasant end. Now you're shedding crocodile tears? Don't you feel awkward?"

"What do you mean?" Zhao Yanran asked. She suddenly raised her head and looked at Ye Leng'an with eagerness in her eyes. "What did Ye Xiyuan do?"

She didn't understand what Ye Leng'an meant, but when she heard that Ye Xiyuan also played a role in harming her, she couldn't remain calm.

All this while, although she often used Ye Xiyuan's matter to mock and suppress Ye Leng'an, she was still quite protective of Ye Xiyuan. Even after Ye Xiyuan entered Sheng'an High School, she brought Ye Xiyuan to a few gatherings. Otherwise, Ye Xiyuan wouldn't have been able to blend in so quickly.

But now, Ye Leng'an said that Ye Xiyuan was also involved. How could she accept this?

"Yanran, don't listen to her!" Ye Xiyuan tugged at Zhao Yanran and said anxiously, "Can't you tell? She's trying to sow discord."

"Even if I want to play you off against each other, there must be a crack in your relationship!" Ye Leng'an shook her head with a smile, "Zhao Yanran,

speaking of which, I really sympathize with you. You must have helped Ye

Xiyuan a lot, right? In the end, she stabbed you in your back. You must feel bad!"

Ye Xiyuan wanted to open her mouth to explain, but Zhao Yanran pushed her away.

Zhao Yanran ignored Ye Xiyuan but looked at Ye Leng'an. "Tell me, what did she do?"

She didn't think that Ye Leng'an was lying. Perhaps Ye Leng'an did try to sow discord, but she was probably telling the truth. All these years, she had always treated Ye Leng'an as an enemy, but she understood Ye Leng'an very well.

Ye Xiyuan was a little anxious and also annoyed. If she had known earlier, she wouldn't have shown up and dragged herself into this for nothing. Originally, she wanted to use this matter to incite Zhao Yanran to continue dealing with Ye Leng'an, but she didn't expect such a change to happen.

"Zhao Yanran, do you know who spread those rumors?" Ye Leng'an's gaze fell on Ye Xiyuan. "Ye Xiyuan did that. However, she didn't intend to make a move herself, so she made you the hired gun."

When she said that, the people around her were stunned. When everyone looked at Ye Xiyuan, their eyes were filled with disbelief.

Ye Xiyuan was always kind and generous in people's eyes. It was impossible for her to do such a thing. Moreover, she had always been giving in to Ye Leng'an. Who would have thought she spread such rumors behind Ye Leng'an's back, wanting to destroy Ye Leng'an?

After hearing that, Zhao Yanran glared at Ye Xiyuan. "Is that true? You were the one who spread those rumors because you knew that Ye Leng'an and I never got along. So, you wanted to use me to force Ye Leng'an to get out,

Now when she thought about it, she remembered that Ye Xiyuan seemed to have often said bad things about Ye Leng'an in front of her, inciting her to deal with Ye Leng'an. Therefore, she became Ye Xiyuan's tool to deal with Ye Leng'an in the past few days.

"Yanran, I didn't, I've never done those things," Ye Xiyuan quickly explained.

"You're my good friend, why would I harm you!"

Ye Xiyuan looked like she was wronged. She looked at Zhao Yanran with an aggrieved expression, as if she was dissatisfied with Zhao Yanran's suspicion.

However, it was obvious that Zhao Yanran didn't believe Ye Xiyuan anymore. She looked directly at Ye Leng'an. "Since you know that Ye Xiyuan spread the rumors, why are you still holding onto me?"

"Zhao Yanran, you aren't innocent) are you?" Ye Leng'an sneered. "Besides, how do you know I didn't hold her responsible? It's just that the Ye family decided to help Ye Xiyuan out and sacrifice you."

At this moment, Ye Xiyuan really wanted to go forward and cover Ye Leng'an's mouth to stop her from talking nonsense.

Right now, she only wanted to leave this place as soon as possible.. If she really allowed Ye Leng'an to continue talking, who knew what the consequences would be?

Chapter 117: Being Eligible to Bid 1

"Ye Leng'an, express yourself clearly..." Zhao Yanran pushed Ye Xiyuan away and looked at Ye Leng'an with a probing gaze. "What exactly is going on?"

“Yanran, I...” Ye Xiyuan wanted to say something, but Zhao Yanran ignored her interruption.

“Actually, it’s very simple.” Ye Leng’an said as if she was a bystander, “The source of the rumors this time is Ye Xiyuan. I’m not saying this casually. It’s the result of the investigation by the police. When Ye Xiyuan’s parents came to me, I asked them to make a choice. Which one did they want me to help, Ye Xiyuan or you? Obviously, they chose their own daughter. So, you see, this is your so-called good friend. When something happens, you will definitely be the one who will be given up.”

She wanted to know if Zhao Yanran would still be able to get along with Ye Xiyuan after knowing all this. Probably, Zhao Yanran would hate Ye Xiyuan no less than her!

“Ye Xiyuan...” Zhao Yanran glared at Ye Xiyuan, her eyes glittering with hate. “You and I are irreconcilable enemies now. Also, the cooperation between our two families will come to an end.’

After that, she pushed Ye Xiyuan away and left without looking back. Although she went down in her family’s opinion, if her parents knew the inside story, they would definitely not let it go so easily.

If the Ye family had not agreed to help persuade Ye Leng’an, she would not have been so angry. After all, she knew that they had the right to choose whether to help or not. However, after the Ye family agreed, they actually went back on their word in the end. Moreover, the most important thing was that the person who spread the rumors this time was actually Ye Xiyuan.

Now, Ye Xiyuan, the culprit, was standing here unscathed, but she had to carry a criminal record. Right now, she hated Ye Leng’an, but she hated Ye Xiyuan even more.

Ye Xiyuan was a little anxious watching Zhao Yanran leave and wanted to chase after her to explain. However, in the glare of publicity, if she acted rashly at this time, it would seem like a very poor lie that revealed the truth. Moreover, she could tell that Zhao Yanran wouldn’t listen to any explanation.

The most important thing now was to think of a way to minimize the losses. Zhao Yanran would definitely complain to her parents when she went back home. Soon, the Zhao family would know about this. At that time, the cooperation between the two families would probably be affected.

Zhao Yanran’s departure also caused this conflict to end inconclusively. And the crowd of onlookers slowly dispersed.

Ye Xiyuan walked slowly to Ye Leng’an. The smile on her face was gone. When she looked at Ye Leng’an, her eyes were icy cold. “Are you happy now?”

“Yes, I’m very happy.” Compared to Ye Xiyuan’s gloomy expression, Ye Leng’an smiled happily. “As long as I see you in trouble, I’m happy. But why didn’t you call me sister? Previously whenever we met, you always called me sister with a friendly smile.”

“Ye Leng’an, you...” Ye Xiyuan narrowed her eyes, her gaze filled with hatred. “Things already came to this point. Do you think I still need to continue to affect compliance? You don’t deserve that.”

Now that there were no outsiders here, and their relationship had reached such a stage, there was no need to continue acting.

“Tsk tsk.” Ye Leng’an said sarcastically, “Now it’s time for those people to take a good look and know what kind of person their understanding goddess is.”

“Ye Leng’an, you are not in a position to say that about me.” Ye Xiyuan’s face was twisted with resentment. “If you hadn’t occupied my position for more than ten years, I wouldn’t have become like this. You owe me everything you have now.”

She also wanted to be insensible and willful and to be a little girl who could act like a spoiled child in front of her parents. However, in reality, it was impossible. If she had grown up by her parents’ side, she could have done so. However, she returned to her original family not long ago. Although they were related by blood, they had no feelings for each other. So, she could not act recklessly in front of her parents like an ordinary girl.

She could only be obedient and sensible to let her parents see her good side. Only in this way could she receive her parents’ care and approval..

Chapter 118: Being Eligible to Bid 2

“I don’t owe you anything!” Compared to Ye Xiyuan, Ye Leng’an appeared to be calmer. It could even be said that she was indifferent. “I was taken to the wrong family back then. It had nothing to do with me. I was just a baby in swaddling clothes. If you really want to ascertain where the responsibility lies, then you should hold the person who switched us back then responsible. And...”

“From beginning to end, I only owed my adoptive parents because they raised me up. However, I’ve already repaid the favor of upbringing. They used it on you.”

Ye Xiyuan obviously didn’t accept Ye Leng’an’s explanation. “What you said is just to hide your guilty conscience. Ye Leng’an, if you are reluctant to let me off, I won’t let you have it easy either.”

“Let’s wait and see.”

After that, Ye Leng’an turned around and left.

She didn’t take Ye Xiyuan’s threat to heart at all. Even if today’s incident hadn’t happened, it would have been impossible for her and Ye Xiyuan to coexist peacefully. She had to take revenge for her past life. And Ye Xiyuan might not let her off either.

When Ye Xiyuan watched Ye Leng’an leave, the hatred in her eyes deepened. However, she still knew what to prioritize. Ye Leng’an could still be dealt with in the future, but the most important thing now was to deal with the trouble that Zhao Yanran would bring.

In the evening, Ye Xiyuan returned home and saw Ye Li and Lin Wanqin sitting on the sofa pulling long faces. Even Ye Anyun, who usually wasn't at home at this time, was also there with a straight face.

She knew very well what was going on, but she still pretended not to know anything. She had the usual smile on her face as if nothing had happened. "Dad, Mom, I'm back."

Then, she turned around and looked at Ye Anyun. She joked with a smile,

"Brother, it's really strange to see you at this time!"

"Xiyuan, sit down first." Lin Wanqin stole a glance at Ye Li and forced a smile at Ye Xiyuan. "We want to ask you something."

Her husband was in a very bad mood today. He flew into a rage the moment he came back. After asking, she found out that it was because the Zhao family had terminated the contract. Because of the failure in cooperation, the company might suffer a loss worth almost two hundred million.

Previously, because he failed to convince Ye Leng'an, he didn't get the promised profit from the Zhao family, and her husband's mood had been bad for the past few days. After what happened today, she could imagine how unhappy her husband was.

She knew very well that her husband was blaming everything on his daughter. Although his daughter was now very close to the young master of the Nangong family, up until now, they had not received any benefits. His husband felt a little uncomfortable. Coupled with what happened today, she was worried that her husband would vent his anger on their daughter.

Ye Anyun couldn't do anything. He just kept winking at Ye Xiyuan, hoping that she would play it by ear.

"Dad, Mom, why are you so serious today?" Ye Xiyuan sat down and joked, "The others might think that something happened to our family!"

"You're still in the mood to smile." Ye Li was in a bad mood, so his voice sounded caustic. "Do you know that today..."

Before he could finish speaking, he was interrupted by Ye Xiyuan.

"Oh, Dad, I almost forgot to tell you." Ye Xiyuan acted as if she did not detect the dissatisfaction in Ye Li's voice. She took out a document from her bag and handed it to Ye Li and then said with a smile, "I just went out for dinner with Brother Nangong. He said that the construction of the resort in Nancheng is about to start bidding. Since our company sells building materials, he asked if we were interested in the bidding."

After saying that, she handed the document in her hand to Ye Li.

Ye Li's serious expression immediately softened into a grin after he heard that. He took the document from Ye Xiyuan and opened it to read. The smile on his face grew wider and wider.

When Lin Wanqin and Ye Anyun saw the smile on Ye Li's face, they heaved a sigh of relief. Although they had no idea what was going on, it was obvious that the tension had disappeared.

After a short while, Ye Li slapped his thigh and looked exceptionally excited. He immediately raised his head and looked at Ye Xiyuan.. “Young Master Nangong really wants us to participate in the bidding?”

Chapter 119: Being Eligible to Bid 3

He naturally knew about the project of the resort in Nancheng, and of course, he had his own ideas. However, his company wasn't even qualified to bid, so he could only think about it.

Now that Ye Xiyuan had brought him such great news, his mind was racing. If the bidding was successful, the company would clear at least 500 million.

“Yes!” Ye Xiyuan nodded. “Actually, I don't really know much about the company. When Brother Nangong asked, I was still confused. However, I thought it was definitely a good thing to have a business! So, I brought it back for you to take a look.”

“Haha, Xiyuan, you're really my good daughter!” Ye Li's attitude had already undergone a 180-degree change. When he looked at Ye Xiyuan, his face was filled with loving kindness but not dissatisfaction. “If it weren't for you, our company wouldn't even be eligible to bid!”

Although he was very excited at the moment, he still maintained a clear head.

Obviously, Young Master Nangong made him eligible to bid for the sake of Ye Xiyuan. However, since Young Master Nangong gave him this opportunity, it was definitely not just a casual remark. As long as his bidding proposal was not too bad, the chances of winning the bid were very high.

Originally, he was still angry and annoyed that the Zhao family had broken the contract. Who knew that he could see the light at the end of the tunnel? Though he was kicked out of the project with the Zhao family, he now had a chance to bid for a new project.

“Dad, don't say that. I believe in your ability.” Ye Xiyuan said with a smile, “However, Brother Nangong only gave us a chance to bid. As for whether we can win or not, it still depends on our bidding plan.”

“Of course, it's already very good to have a chance like this.” Ye Li was full of confidence at the moment as if the bid was already in the bag. “Xiyuan! When I win the bid, I'll definitely reward you.”

Now, the more he looked at Ye Xiyuan, the more satisfied he felt. She was really a lucky star! Not long after she returned to the Ye family, he received such a big surprise. Moreover, she was now on good terms with Young Master Nangong. In the future, there would definitely be more and more opportunities like this.

If this continued, the Ye family would soon be able to squeeze into the ranks of the first-class aristocratic families in the capital.

When he thought of this, he felt that he would laugh out loud even in his dreams.

“Dad, I don’t want any reward!” Ye Xiyuan got up and sat down beside Ye Li. She held Ye Li’s hand and said coquettishly, “After we win the bid, let’s go on a trip together. I haven’t gone out with you guys yet!”

As she spoke, her tone revealed a touch of envy and yearning.

“Good idea!” When Lin Wanqin saw the yearning in Ye Xiyuan’s eyes, she felt a little sorry for her. “Whether we win or not, when your winter vacation comes, our whole family will go to Hawaii, okay?”

In the past, when Ye Leng’an was still around, they also went on vacation together. However, after Xiyuan came back, they really hadn’t gone out as a whole. In the past, since Xiyuan grew up in a family like that, she definitely didn’t have many opportunities like this.

Her heart ached when she thought about her daughter growing up in such an environment. If Xiyuan had grown up by their side, then she must have been even more outstanding now!

“Really?” Ye Xiyuan was pleasantly surprised, but then she seemed to have thought of something and a hint of hesitation appeared on her face. “But during winter break, there will be training for the Mathematical Olympiad

Competition. Anyone who passes the qualifier has to participate in training during the winter break.”

“It’s not a big deal!” Ye Anyun said with a smile, “Even if you really have to participate in the training, the training won’t last for the entire winter vacation! Anyway, you can take days off during the New Year holiday! When the time comes, we will accommodate to your schedule.”

He knew very well that his mother had a lot of guilt about Xiyuan. As for his father, he should have some too! Although there was not too much, his father’s heart ached for Xiyuan. She should have grown up in a rich family, but because she was switched, she could only grow up in that environment for the past 16 years..

Chapter 120: Being Eligible to Bid 4

But still, she had developed such an optimistic, innocent, and kind personality, which was really rare.

“Is that really okay?” Ye Xiyuan looked at Ye Li, obviously wanting to get an affirmative answer from him.

“During the New Year holiday, we will go to Hawaii.” Ye Li immediately made a decision. “Wanqin, after the New Year holiday, you can take Xiyuan to Paris and buy her some jewelry, clothes, and bags that she likes. The daughter of the Ye family can’t lose to others.”

“Okay.” Lin Wanqin nodded with a smile.

“Dad, Mom, can we go eat first?” Ye Anyun was completely relaxed now. He stretched and joked, “I think I’m so hungry that I can eat a cow.”

Today Ye Li came back with a face of gloomy thunder. After that, the atmosphere at home was thick with tension. No one was in the mood to eat.

Now that the crisis was over, Ye Anyun felt relieved and hungry.

“Dad, Mom, Brother, why haven’t you eaten yet?” Ye Xiyuan looked surprised. Then, she looked at the clock. “It’s already nine o’clock. Aren’t you guys hungry? Did something happen?”

“No, there’s nothing.” Ye Li waved his hand with a smile. At this moment, he also felt a little hungry. “There’s just a small matter in the company, but it has been resolved now.”

“What is it?” Ye Xiyuan blinked and said with concern, “Dad, no matter how big the matter is, you can’t skip dinner in the future! One can’t function properly on an empty stomach!”

“I know.” Ye Li smiled dotingly. “I will listen to you. In the future, if I encounter any problems, I will definitely deal with them calmly and will never leave my stomach empty.”

“Alright, that’s enough.” Lin Wanqin was very pleased to see the interaction between the father and daughter, but she still teased, “I know you care about each other. Hurry up and go eat!”

“Mom, Dad now was taken care of by his daughter. Even if he doesn’t eat, He’ll feel full.” Ye Anyun joked with a smile, “So, let’s go eat first! Don’t hinder them from getting a free pass here.”

A ripple of laughter rang around the living room, and the outsiders might feel that this was a warm family.

On the other side, Ye Leng’an wasn’t in her villa at the moment. She was in the nursing home.

In the ward, Ye Leng’an was fully focused on acupuncture treatment. She turned a deaf ear to everything around her. As time passed, more and more sweat beaded on her forehead. The color gradually drained from her face, and she looked a little pale.

A moment later, the head of the person on the bed was covered with golden needles, and Ye Leng’an finally stopped.

She immediately took out a bottle from her bag, poured out an Essence Cultivating Pill, and directly swallowed it. She had expended a lot of energy today. Moreover, because Huangfu Ruiling was around, she did not dare to use her spiritual energy casually, so she was almost exhausted just now.

Li San, who had been standing behind Huangfu Ruiling like an invisible person, couldn't help but glance at Ye Leng'an when she poured the pill out of the bottle because he felt a very pure power from the pill. Such a pill was really rare even in the Hidden World.

Previously, he had always been curious about Ye Leng'an because his master asked her to treat Miss Yiran and she really found out the cause of the illness and gave a treatment plan. This was something that even the so-called highly-skilled doctors in the Hidden World could not do. It could be seen how superb her medical skills were.

And now, he had a new understanding of Ye Leng'an's medical skills. There were probably not many people in the Hidden World who could refine such pure medicinal pills.

Huangfu Ruiling pushed the wheelchair and came to Ye Leng'an's side and asked in a voice laced with concern, "Is everything okay?"

"I can remove the needles in another ten minutes." Ye Leng'an heaved a sigh of relief. "Her condition has stabilized for now. However, I'm not sure when it will flare up again."

She had just returned home from school and finished dinner when she received a call from Huangfu Ruiling. He said that the vital signs of her patient, Yiran, were suddenly worsening for some reason.

She could only pack up in a hurry and get into the car that came to pick her up. Then, she rushed to the nursing home. After a simple checkup, she immediately started the rescue. Now that things had finally stabilized, she heaved a sigh of relief.

However, this was really something unexpected. Previously, the Gu worms were clearly very quiet. Today, for some reason, they suddenly became restless. If she hadn't carried out the rescue timely, Yiran might have died today. "I didn't ask about her, I'm asking you." Huangfu Ruiling could not help but frown.

"Ah?" Ye Leng'an couldn't react in time. "I'm fine! I'm just a little tired."

Huangfu Ruiling believed Ye Leng'an's words when he saw that she was still full of energy even though her face was pale. He didn't say anything more.

"Did something special happen today?" Ye Leng'an asked directly, "Why did that Gu worms suddenly become restless?"

"The Gu worms were restless?" Huangfu Ruiling frowned. "You mean, the reason why she suddenly became critically ill today and her vital signs plummeted was that the Gu worms were agitated?"

"Yes!" Ye Leng'an nodded. "The Gu worms had been very quiet for so many years, but now they suddenly became restless. I calmed them down with acupuncture treatment."

Huangfu Ruiling frowned. "I've already asked the person who took care of her and also checked the surveillance cameras, but there was nothing special. Everything was the same as usual. However, things suddenly changed like this in the evening."

“Then it really isn’t good news.” Ye Leng’an raised her eyebrows and said, “If it’s really the case as you said, then there’s only one reason why the patient’s condition became so critical today. Something happened to the owner of the Gu worms.”

Hearing Ye Leng’an’s reply, Huangfu Ruiling immediately sensed what was wrong. “So you mean Zhongyu Yiran’s situation is very bad now, and she may die at any time, right?”

This was the first time Ye Leng’an heard the full name of this person called Yiran. She paused for a moment, but she quickly regained her senses. “You can say so. After all, the Gu worms cannot enter people’s brains for no reason. They are all controlled by their owner. If it’s really the problem with the owner of these Gu worms, then we have to think of a way to get the Gu worms out as soon as possible. Otherwise, the patient will be in danger..”
