Chapter 161: The Dissipation 1

After hearing Su Yin's words, Ye Leng'an was a little speechless. "Well, that doesn't sound good!"

Although she did not know what it was, they had only met by chance, so how could she accept her gift? Moreover, this was too sudden. Just now, they seemed to have a tough relationship. Now, she said she wanted to entrust the most important thing to them. That was really crazy.

Su Yin could sense the resistance in Ye Leng'an's reply, but she did not get angry. She smiled gently. "I know what you're thinking. You don't trust me, which is normal, but I have no choice. Today, you triggered the mechanism here and woke up this remnant soul of mine. But I can't hold on for much longer. Soon, I will disappear from this world. However, there's one thing that I can't let go of. I don't want it to disappear with me, so I want to entrust it to you."

Between the two people in front of her, she chose this girl. Because she could feel that although this girl seemed to be indifferent to everything, she still remained kind. But this man was different. He was completely indifferent, impervious to outside influences.

"This is really inappropriate." Ye Leng'an shook her head. "You're a member of the Sorcerer Tribe. Don't you have any other descendants? I can help you pass it to your descendants."

Ye Leng'an's words seemed to have touched a certain part of Su Yin's heart. Her expression was somewhat dejected. "I'm the only descendant of the Sorcerer Tribe. Unfortunately, I met a bad person and was unable to have babies. Now, there was no longer any bloodline of the Sorcerer Tribe left in the world."

Ye Leng'an instantly fell silent. She had just seen the murals and naturally knew what Su Yin meant. She felt as if she had brought up someone else's sad story.

"Actually, you don't have to be in such a hurry to reject me." Su Yin's lips curled up into a faint smile as she said, "Take a look at what it is before you make a decision!"

After that, Su Yin waved her hand. The box in the corpse's hand flew up and floated in front of Ye Leng'an.

When Ye Leng'an looked at the box in front of her, a hint of embarrassment appeared on her face. Because she didn't know if she should take it or not.

"You can take a look first," Huangfu Ruiling said. "If you like it, then accept it. If you don't like it, then don't."

He didn't really understand Ye Leng'an's dilemma. In his opinion, if she really liked it, then she could keep it. Moreover, even if Su Yin did not give it to her, he would still be able to get it. No matter how powerful the person in front of him was when she was alive, she was only a remnant soul now.

Ye Leng'an reached out and took the box. When she opened it to see what was inside, she couldn't help but be attracted by it. Inside the box was a bean-like bug, but it was a small golden bug with two antennae and small claws. At this moment, its small eyes were closed, as if it was sleeping soundly.

"This is..." She already had a vague guess in her heart, but she couldn't help but ask, hoping to have her suspicion confirmed.

"This is the Golden Gu King." While speaking, Su Yin looked at the Golden Gu

King in the box with a trace of affection in her eyes. "I had been feeding this Golden Gu King with my heart blood. It's like my child. Ever since I died, it fell into a deep sleep. Now that I am about to disappear from this world, I hope to find a good home for it. I believe that you will become a very good master."

Ye Leng'an really couldn't refuse such a request. She was very interested in this Golden Gu King. Moreover, the Golden Gu King was even more powerful. With such a little fellow, it could be said that he had another powerful killing weapon. But...

"Will the Golden Gu King continue to be fed with heart blood in the future?"

If that was the case, she would have to reject it. One had to know that the heart blood was not ordinary blood. It was the essence of one's body. For cultivators, the importance of heart blood was obvious..

Chapter 162: The Dissipation 2

"It no longer needs to be fed with heart blood." Su Yin also understood what Ye Leng'an was worried about. She smiled and continued, "After so many years of deep sleep, coupled with the care I took for it before I passed away, it only needs a little blood to maintain itself. In the future, you only need to feed a little blood to it each month. The amount is very small, and it will cause no danger to you."

Since Su Yin had already put it this way, Ye Leng'an couldn't reject it anymore. She nodded. "Since you're willing to entrust it to me, then I'll take it! Don't worry, I'll take good care of it."

Although she didn't know how to take care of it, she would treat it well once she took it.

After receiving Ye Leng'an's promise, Su Yin said with a smile sincerely, "Thank you so much. If it weren't for your appearance today, I wouldn't know who to entrust it to."

"Speaking of which, today was also my fault." Ye Leng'an shook her head. "If I hadn't disturbed you accidentally just now, perhaps you wouldn't have dissipated so quickly."

If she had not accidentally opened the crystal coffin just now, perhaps Su Yin's remnant soul would not have appeared today. If it hadn't appeared, it wouldn't have dissipated today. Speaking of which, she could not escape the responsibility behind this.

“This has nothing to do with you.” Su Yin shook her head, a gentle smile on her face. “I’m already dead. What’s left now is only a trace of my soul. Even without you, I’m afraid I won’t be able to hold on for long. You showed up today, and I can find a master for it. It’s pretty good.”

After looking around, Ye Leng’an asked, “This tomb is quite big. Who built it for you?”

When Su Yin died, Duo Benli couldn’t build such a tomb for her. Therefore, it must be someone else who built this tomb. Moreover, there should be an unusual relationship between this person and Su Yin.

After hearing Ye Leng’an’s question, Su Yin looked a little guilty and reluctant.

“That’s not important.”

Su Yin didn’t want to say it, so Ye Leng’an wouldn’t press her for the answer. After all, this was Su Yin’s business and had nothing to do with her.

“I’m about to dissipate.” Su Yin’s voice started to become ethereal. She raised her hand and pointed ahead. “After I dissipate, there will be a path there. Then you can find the exit by following the path.”

Ye Leng’an nodded. Then, as if she had thought of something, she suddenly asked, “You’ve placed a curse on everyone in this village. Is there a way to break the curse?”

A cold smile appeared on Su Yin’s face. “Since it’s a curse that costs my life, how can I give them the chance to break the curse? If they want to break the curse, there is a way. As long as everyone in the village dies, the curse will certainly disappear.”

There was no trace of hatred in her indifferent tone as if she was simply describing something. However, her remark was blood-curdling.

Ye Leng’an didn’t say anything, nor would she say that the people in the village were innocent. It was only right and proper for the son to repay the father’s debt. Since it was their ancestors who caused this disaster, as their descendants, they had the obligation to pay back.

“I don’t know where the people in this village heard the rumor.” Ye Leng’an said calmly, “They lured many innocent young girls and tried to use their blood to break the curse. Many young girls had already lost their young lives here.

There were many skeletons in the tunnel outside.”

“What?” Su Yin obviously didn’t know about this. “How could those people be so crazy? They are indeed the descendants of the Duo family, they have no humanity at all.”

At this point, Su Yin’s figure had already started to become blurry. She seized the last bit of time and looked at Ye Leng’an. “There are so many killings. Although I didn’t do that, I was also part of the reason. Can I ask you one last thing?”

She had just gotten the Golden Gu King, so she found it difficult to reject Su Yin. Moreover, she could probably guess what Su Yin wanted to ask for. "Say it.. "

Chapter 163: The Dissipation 3

"Stop these people." Su Yin pleaded, "Don't let more people lose their lives because of such an illusory matter."

After she finished speaking, Su Yin's body turned transparent, almost invisible.

"I promise you."

After Su Yin received Ye Leng'an's reply, her face was filled with relief. With a smile on her face, she disappeared into thin air.

After Su Yin disappeared, the colors of everything in the room slowly faded.

Then, they slowly became transparent and finally dissipated. The moment Su Yin disappeared, the crystal coffin in the middle disappeared into the wind like a grain of sand.

This stone room seemed to exist because of Su Yin. Everything in the stone room also disappeared with Su Yin. It was as if nothing had ever existed.

Ye Leng'an held the box in her hand. This was the only evidence that proved the existence of the remnant soul in this room.

When the entire room turned into an ordinary stone cave, there was suddenly a "boom" sound. At the place where Su Yin had pointed, a path appeared.

Huangfu Ruiling and Ye Leng'an didn't hesitate and immediately walked toward that path. At this moment, they had a vague guess in their hearts, that this tomb was probably about to collapse. It seemed that this stone room existed because of Su Yin. As long as Su Yin existed, everything would keep going. Now Su Yin had disappeared, everything should also be about to disappear.

The two of them walked forward quickly and soon saw a trace of light.

Finally, they left the underground and returned to the surface. The exit was not far from the altar where they had fallen.

It was still dark. Ye Leng'an frowned. "It seems like we've been trapped underground for quite some time!"

It was already midnight when the rite took place. If they had only stayed for a few hours, then it must have been dawn when they came out. The sky was still dark, which meant that they had been inside for quite a long time. At least one day had passed, and it was dark again.

Huangfu Ruiling shrugged.

Ye Leng'an didn't expect him to answer. She took out the box again and opened it. When she saw the sleeping Golden Gu King inside, her eyes almost lit up. "Apart from anything else, we really made a big profit this time. This is the

Golden Gu King! Now, even if we can't find the Baizhe Woods and Yuanyang

Flowers, we don't have to be afraid. With the Golden Gu King, the Gu worms in Zhongyu Yiran's body can definitely be taken out."

Huangfu Ruiling stared at the bright smile on Ye Leng'an's face and was stunned for a moment.

"Huangfu Ruiling? Huangfu Ruiling?" Ye Leng'an couldn't help but call out.

She didn't know what was wrong with him. He was fine when he came out just now, but now he suddenly became like this.

"What's wrong?" Huangfu Ruiling came back to his senses and looked at Ye

Leng'an in front of him. He calmed himself down and asked, "What did you

"It's nothing." Ye Leng'an shook her head. "I'm just thinking, what should we do next? Duo Ji must not be let off. When we were inside, I promised Su Yin that I would stop the people in this village from doing such crazy things. However, I still have no idea how to do it."

To stop this kind of behavior, it was only possible if the people here could never leave, and the people outside could never enter. Otherwise, even if they could suppress the villagers with force this time, it was hard to guarantee that everything would repeat after they left.

Huangfu Ruiling didn't think too much about it. He said straightforwardly, "It's very simple. As long as we kill everyone here, the matter will be completely solved."

When he spoke, his tone was so flat, as if he was simply saying something. Or rather, in his eyes, the people in this village were just insects that could be killed at any time.

"This is impossible." Ye Leng'an rejected it without hesitation, "Although I'm not a good person, I can't do something like slaughtering an entire tribe.."

Chapter 164: The Dissipation 4

She admitted that she was not a saint, but she could not do such a thing nor agree with it. That was right, Duo Ji and the other four elders, in order to break the so-called curse, killed too many people, and their deaths were not to be regretted. If she was asked to kill these people, she would definitely do it without hesitation. However, there were still ignorant children in the village and perhaps some innocent tribespeople. She could not bear to kill them.

Huangfu Ruiling didn't seem surprised by her answer. He raised his eyebrows. "What do you plan to do? Are you going to trap all the people in the village here forever?"

"If it's possible, that's the best." She nodded. "But what method should I use?"

Oh, yes! The formation, I can just use a formation."

While thinking, she suddenly remembered the formation in the underground tomb. As long as she used a formation to completely separate this village from the outside world, it would be fine. As long as the people outside couldn't enter, the people inside couldn't leave. Moreover, this should be considered a punishment for the people of this village!

Originally, even with Su Yin's curse, they could still go out and see the outside world before they turned twenty. However, in the future, from the moment they were born, they would be trapped in this village for the rest of their lives and would not be able to leave.

Ye Leng'an felt much more relaxed now that she had thought of a solution. She looked at Huangfu Ruiling and said with a smile, "Alright, let's go settle the score with Duo Ji and the others now!"

Although she had fallen into the underground tomb and obtained the Golden Gu King, she did not forget that Duo Ji and the others originally wanted her to die down there. It was impossible for such a grudge to be settled just like that.

"There's no need to go." He said, "They will be here soon."

"What?" She was confused.

However, as soon as she finished speaking, she immediately understood what he meant because the underground tomb collapsed after a loud bang. Then, a huge pit appeared on the ground. The so-called sacrificial altar was also in the pit.

With such a loud noise, unless it was a dead person, anyone would definitely hear it.

Huangfu Ruiling and Ye Leng'an waited at the same spot.

Duo Ji and the four elders were discussing what to do next in the ancestral hall. Today, they had only gone to the place where people were locked up. Other than Ye Leng'an, who had fallen, the others were still there.

"Patriarch, when do you plan to use the Puppet Gu to control Huangfu Ruiling?" The Great Elder touched his beard and said, "This matter should be done sooner rather than later. If Huangfu Ruiling does not contact the outside world for a long time, I am worried that the people outside will be suspicious."

The other three elders also looked at Duo Ji at the same time with a trace of anxiety in their eyes. They only hoped that they could find a suitable sacrifice as soon as possible and break the curse as soon as possible. They were not young anymore. They still wanted to go out and see the outside world again in their lifetime.

"Not yet. It will take a few days." Duo Ji shook his head. "I'm also very anxious, but we can't be rushed. You all know that if the other party's willpower is too strong, then the Puppet Gu will also fail. Therefore, we have to lock them up for a few more days to wear down their willpower before we can succeed in one go."

The four elders actually knew it very well in their hearts, but they still had a bit of wishful thinking. This was because the incident with Ye Leng'an gave them a huge blow.

This time, they had high hopes for this sacrifice. However, in the end, the sacrifice was a mess. If it weren't for the mechanism on the sacrificial altar, they might have lost their lives because of Ye Leng'an!

Just as everyone was still discussing what to do next, they suddenly heard a

loud noise coming from outside. The loud noise was particularly attention -getting at night.

They hurriedly ran out and looked in the direction of the loud noise.

“It’s the sacrificial altar.” The Great Elder immediately reacted. At the same time, he looked worried. “Something happened at the altar. Be quick, gather the people. We need to take a look right now.”

They had stopped in their tracks before arriving. Because they saw two people standing not far away who shouldn’t be here.

Duo Ji stood in front and looked at Ye Leng’an and Huangfu Ruiling. His face was full of shock. “You, how did you...”

If Ye Leng’an fell down, she couldn’t come back alive. Previously, there had been people who accidentally fell down. Later on, whether it was the people who had fallen down or the people who had gone to rescue them, none of them came up again.

It was also because of this reason that they set up a mechanism on the top.

But now, not only did Ye Leng’an come out safely, but the underground tunnel seemed to have collapsed as well.

Duo Ji was shocked not only because of Ye Leng’an’s appearance but also because of the person standing next to Ye Leng’an. It was none other than Huangfu Ruiling, who he thought was still in custody. At this moment, Huangfu Ruiling was not sitting in a wheelchair, but standing beside Ye Leng’an.

Everyone immediately got ready. They did not forget that Ye Leng’an had chopped off Duo Luoqi’s hand in an instant during the rite last night. If the tribe leader had not quickly activated the mechanism, who knew how many more people might have died.

Now that Ye Leng’an was standing here unharmed, she definitely wouldn’t let it go just like that.

“Why can’t we be here?” Ye Leng’an looked at Duo Ji with a skin-deep smile on her face. “Shouldn’t the tribe leader be happy at this time? I’m back as a sacrifice.”

Sacrifice! The sacrificial altar!

Duo Ji and the others immediately realized the reason why Ye Leng’an and Huangfu Ruiling were here was that something had happened on the altar.

However, because all their attention was focused on Ye Leng’an and Huangfu Ruiling, when they came back to their senses, they realized that the sacrificial altar had been completely destroyed.

“It was you, it was you who destroyed the altar, wasn’t it?” Duo Ji’s eyes were red. When he looked at Ye Leng’an and Huangfu Ruiling, his eyes were filled with hatred, as if he was looking at his father’s murderer. “You have destroyed this sacrificial altar. You have shattered all the hope of our village.”

Not only Duo Ji, but the other people who came with him also looked at Ye Leng’an and Huangfu Ruiling with ferocious expressions. It seemed that they would rush forward and tear the two of them into pieces in the next moment..

“Hope?” Ye Leng’an looked as if she had just heard a joke. “Your so-called hope is to continue to kill people and murder those innocent girls. If God saw what you did, then the one who was destroyed would not be this sacrificial altar, but you guys.”

Duo Ji had a crazy smile on his face. “We’ve done nothing wrong. Everything we did was to leave this place. Why should we be trapped in this d*mned place for generations!”

The people in this village were all destined from the moment they were born. However, what did they do wrong? They didn’t do anything, but they were born with the original sin. Why? Since the heavens treated them like this, why couldn’t they resist?

“That was the mistake of your ancestors. As the descendants, since you enjoy this shelter, you have to repay the debt.” Ye Leng’an did not sympathize with the people in front of her at all. “Actually, if you had stayed in this village obediently, I might have felt sorry for you. However, you’ve harmed so many innocent lives. That makes you hateful.”

“Patriarch, there’s no need to say so much to them.” The Great Elder took a step forward. “They destroyed our sacrificial altar. We need to kill them here today.”

When talking, the Great Elder’s face darkened, and the viciousness in his eyes was obvious. If possible, he wanted to kill the two people in front of him immediately.

Ye Leng’an’s lips curled into a smile when she glanced at the crowd in front of her. “You guys want to kill us? You’re simply daydreaming.”

“Hehe, do you really think you know our village?” A vicious smile appeared on Duo Ji’s face. “I don’t know what you’re capable of, but even a powerful person cannot defeat a local bully. Today, I’ll let you know how powerful we are.”

Previously, he had planned to keep Huangfu Ruiling to work for them. Since that was the case, he might as well kill Huangfu Ruiling.

A tangled war was about to break out.

At this moment, Ye Leng’an stepped forward with a meaningful smile on her face, saying, “Patriarch Duo Ji, didn’t you use knockout drops on us previously? Then you should be very familiar with knockout drugs!”

Ye Leng’an’s sudden words stunned everyone. No one could understand why she would suddenly say such a thing at this time.

“D*mn it!” The Second Elder, who had been silent all this while, seemed to have thought of something and suddenly reacted. “She’s stalling for time.”

“Oops, you can tell!” Ye Leng’an pretended to be surprised, but they could tell at one glance that she was faking. “But even if you can see it now, it’s useless.”

Don't you feel that something is wrong?"

Duo Ji, who was standing at the front, suddenly felt as if all the strength in his body had been sucked out. At this moment, he only felt weak in his limbs. Even standing here was a little strenuous.

Not only Duo Ji, but the four elders and the young men they brought also felt the same. They felt that they had no strength at all as if they were sick and especially weak.

Not long after, all the people on the opposite side had fallen to the ground.

However, although they did not have any strength at the moment, they did not faint. Instead, they felt that their minds were abnormally clear and could sense everything outside. Perhaps it could be said that other than the weakness in their limbs, they did not feel uncomfortable anywhere else.

Ye Leng'an clapped her hands looking at the people who had collapsed and said with a smile, "See, this is the difference between you and me. Your knockout drops are too low-end, but mine is different. Do you feel the obvious difference now?"

The smile on her face provoked Duo Ji. If it weren't for the fact that his limbs were weak, he would have pounced on her and wanted to tear her apart. "You... you're despicable."

He had never expected that she would unknowingly drug them. Now they ended up like this here, they did not know how Ye Leng'an and Huangfu Ruiling would deal with them.

Because of the incident at the sacrificial altar, he and the four elders rushed over with the young men from the village. Now they were all wiped out, the remaining people in the village were simply not enough to support them. The result was obvious..

Chapter 166: The Karmic Cycle 2

"Despicable?" Ye Leng'an looked like she had just heard a joke. "You said I was despicable? This is the biggest joke I've heard since I was born. You, who have used countless despicable methods to kill other people, said I was despicable."

"I'm doing this for my tribespeople." Duo Ji would never admit that he was wrong. "I want our tribespeople to be able to leave and not be trapped in this d*mn place for the rest of their lives. What did I do wrong?"

"I won't judge whether you're wrong or not." Ye Leng'an looked at Duo Ji, who was lying on the ground, and said coldly, "But there is one thing that I can be sure of. Those innocent people you killed, they were not in the wrong. I will not judge you. However, the person who has the right to judge you already asked me to stop you from doing this, and I agreed."

"What do you mean?" Although Duo Ji felt weak all over, he still struggled to look at Ye Leng'an. He was determined to get an answer. "Who are you talking about?"

“Do you really want to know?” Ye Leng’an sneered and did not hide anything. She asked, “Patriarch Duo Ji, do you know what’s going on with the tunnel under the trap?”

Seeing Ye Leng’an suddenly change the topic, Duo Ji was a little unable to react. “What did you say?”

“Actually, that isn’t a tunnel.” Ye Leng’an turned around and looked at the huge pit on the ground. “You think you can set up a sacrificial altar here and use other people’s lives as sacrifices to break the curse on you. However, you don’t know that below the sacrificial altar is the tomb of the person who placed the curse.”

At this point, Ye Leng’an turned her head and looked at the villagers present with a malicious smile on her face. “Since you know that you were born with a curse, you should know that the person who cursed you is a descendant of the Sorcerer Tribe, Su Yin. However, what you didn’t expect was that Su Yin’s tomb was actually below this place!”

As soon as she finished, everyone present froze in shock. They had never thought that such a thing would happen. They had actually been performing sacrifices above Su Yin’s tomb to break the curse that Su Yin had left behind.

Anyway, it was especially ironic. Thinking of the sacrifices they had performed over the years, they suddenly felt that made themselves look foolish.

Duo Ji seemed to be unable to accept this result. He looked confused and kept shaking his head. “Impossible, this is impossible.”

Ye Leng’an ignored Duo Ji and turned to Huangfu Ruiling. “It’s up to you now.”

Huangfu Ruiling raised his eyebrows. He was not surprised that Ye Leng’an had seen through everything. He said indifferently, “Come out!”

As soon as he finished speaking, Li San came out of the dark. He pushed the wheelchair and came to Huangfu Ruiling. He lowered his head and said respectfully, “Master, those bodyguards and the local guide who brought us in have all been safely sent out. Our people have also arrived.”

Huangfu Ruiling went straight to the wheelchair and sat down. His movements were so smooth that he seemed to have been done many times before. In the blink of an eye, he had returned to his former self. He didn’t look like a man with sturdy legs at all. At first glance, it was obvious that he had been in a wheelchair for many years.

Ye Leng’an didn’t say anything when she saw Huangfu Ruiling’s actions. She couldn’t help but sigh at how efficient Li San was since he had already arranged everything. If only she had such a capable assistant by her side.

However, this was only her idea. After all, she had too many secrets, so she did not want too many people around her. Moreover, it was impossible for ordinary people to become her assistant.

Sitting in the wheelchair, Huangfu Ruiling still did not lose the slightest elegance. The temperament of the ruler could not be concealed. “Lock up everyone here! As for the other people in the village, keep them under watch. If there is anything, we will talk about it tomorrow!”

After such a long time, Ye Leng'an was a little tired.

In the end, Huangfu Ruiling and Ye Leng'an went back to their rooms in the Duo family. After all, the Duo family's house was considered the best in this village.

The next day, after Ye Leng'an and Huangfu Ruiling had breakfast together, they went straight to the dungeon of the Duo family..

Chapter 167: The Karmic Cycle 3

Yes, there was a dungeon here. Back then, Li San and his bodyguards were locked up in this dungeon. Of course, Huangfu Ruiling's substitute was also locked up here.

However, what went around, came around. At this moment, the people locked up in the dungeon were from the Duo family. They probably did not expect that they would one day be locked in the dungeon built by themselves!

Although the Duos had been locked up, they did not suffer any abuse. They all had mental breakdowns except for Duo Ji who seemed to have become even more bent in just one night. There was only dejection on his face, and he had low spirits as if he was about to die.

Even when Duo Ji saw Ye Leng'an, he only took a cold glance at her. He didn't even seem to have the intention to speak. On the other hand, the other people from the Duo family were instantly excited when they saw someone arrive.

"Let me out, quickly let me out." Duo Duoduo seemed not to have fully recognized the reality at this moment. When she saw Ye Leng'an and Huangfu Ruiling, she immediately began to clamor, "Let me out quickly. Otherwise, when I get out, I definitely will not let you off."

Huangfu Ruiling did not even look at Duo Duoduo.

Ye Leng'an looked at Duo Duoduo as if she was a fool. "Since that's the case, I definitely won't let you go."

Duo Duoduo was at a loss for words.

"B*tch, you b*tch!" When Duo Luoqi looked at Ye Leng'an, his eyes were filled with hatred. "I'm going to kill you. I'm going to kill you."

The moment he saw Ye Leng'an, he felt his hand start to hurt again. It was Ye Leng'an who had cut off his wrist and made him disabled. Now, he wished he could eat Ye Leng'an's flesh and drink her blood to vent the hatred in his heart.

Before Ye Leng'an could do anything, Huangfu Ruiling had already made his move. He directly shot out his murderous aura and attacked in Duo Luoqi's direction.

"Ah!" A miserable scream rang out in the dungeon.

If the people outside heard it, they would definitely be horrified. Just by hearing that miserable sound, one could imagine what kind of inhuman torture the person who made the sound had suffered.

In fact, Duo Luoqi was also experiencing unprecedented torture. Previously, he felt that it was a very painful thing to lose one hand. But now, he realized how fortunate it was to have only lost one hand. The pain he had suffered in the past seemed so insignificant in front of the pain he was experiencing now.

Just now, he had not even reacted when he felt that a stream of black fume entered his body. After that, he felt as if his internal organs were burning. It was extremely painful. Then, every inch of his body felt the same.

In just a moment, he felt as if his entire body had fallen into a sea of fire and was being burned alive. What made him feel the most painful was that this feeling seemed to have no end. In fact, he couldn't even kill himself at this moment.

"You bunch of demons, what did you do to my son?" Hali Maya stepped forward and looked at her son, who was in so much pain that he did not even have the strength to roll around. That was so heart-wrenching. "Stop it. Stop it right now!"

If possible, she wished she could suffer on her son's behalf. Unfortunately, there was nothing she could do now. She could only helplessly watch everything and keep crying.

Duo Ji seemed to have gone numb. Even when he saw his son in deep pain, he did not have any reaction.

Duo Duoduo was already curling up in a corner, trying to hide herself. At the same time, she was also constantly trembling. Thinking of her actions just now, she was afraid that Huangfu Ruiling and Ye Leng'an would notice her, and then she would end up like her brother.

Although she didn't know what her brother was going through, she could feel endless fear just from his painful cries.

However, what Ye Leng'an was most curious about was Dizan Maji's reaction. Duo Luoqi was her husband, but when she saw her husband in pain, she didn't show any heartache. In fact, there was even a crumb of comfort on her face..

Chapter 168: The Karmic Cycle 4

It could be seen that the relationship between these two people was not very good! Perhaps it was not accurate enough to say they didn't have a good relationship. It should be said that the two of them were more like enemies than husband and wife!

After more than ten minutes of torture, Huangfu Ruiling waved his hand again. The black fume emerged from Duo Luoqi's body and then disappeared after returning to Huangfu Ruiling's hand.

The pain in his body finally disappeared. Duo Luoqi felt that he didn't even have the strength to raise his hand. At this moment, he looked particularly disheveled. His body was covered in dust, and his entire person seemed to be in an awkward situation.

After experiencing such torture, he could no longer bring up any hatred when facing Ye Leng'an. All he could feel was endless fear. He knew very well that the reason he was tortured like this was because of the words he had just said to Ye Leng'an.

That kind of torture was even more painful than death. He did not want it, nor did he have the courage to experience it again.

Ye Leng'an looked at Duo Luoqi who was lying on the ground like a dead fish with calmness in her eyes. She wasn't a saint, so she naturally wouldn't sympathize with such a person.

Did Duo Luoqi think that the pain was over? That was too naive. His body, which had been damaged by the baleful aura, had long lost the possibility of recovery. After his body was damaged by the baleful aura, his lifespan would definitely be greatly reduced. The most important thing was that he would never be able to recover in the future. In later life, he would probably have to spend most of his time lying in bed.

However, it was obvious that no one present was aware of that.

"Why did you come here today?" At this time, Duo Ji finally raised his head and looked at Huangfu Ruiling and Ye Leng'an. "Do you want our lives?"

Now that things had come to this, he never thought that they would be let off. They no longer had any power to resist. Even their proudest Gu techniques seemed to be useless in front of these people.

After being imprisoned, he learned from the others in the family that these people were wearing something, and even the Gu worms did not dare to approach them. It was also because of this that they were captured so easily.

"Not your lives, but your life alone." Ye Leng'an said indifferently, "However, it seems like you know your place. You know that you have to pay with your life for what you have done!"

"You can't kill him." Hali Maya stood up and protected Duo Ji behind her. "He didn't do anything wrong. He was just being considerate toward his tribespeople. He did nothing wrong. Moreover, this is the business of our entire village. Why is he the only one to bear the responsibility?"

Looking at his wife who was standing in front of him, Duo Ji seemed to be moved.

"He must die." Ye Leng'an remained impervious. "Not only him, but the other four elders must all die."

In fact, most of the people in this village were murderers. However, she couldn't kill everyone! Although she didn't think she was a good person, she wasn't a murderous person either. However, Duo Ji and the four elders were the culprits, so they had to pay for the innocent lives that had been lost.

The cycle of karma was like a cycle of retribution. When they killed those innocent people, they should have thought that one day, they would end up like them.

"No." Hali Maya insisted on defending her husband. "He didn't do it on purpose. He just wanted to break the curse and did not have any selfish motives. He just thought about the interest of others."

“Then why didn’t you sacrifice your daughter’s life?” Ye Leng’an found it funny. “Don’t tell me that only your lives are important, but other people’s lives aren’t? If you’re so great, why don’t you sacrifice your own daughter?”

For a moment, Hali Maya could not say anything to refute.

Ye Leng’an looked at Duo Ji and said directly, “Your ending is already decided. It can’t be changed. However, if you are willing to tell me how you got the so-called method to break the curse, then I can let you die a little easier.”

Duo Ji didn’t answer her question immediately. Instead, he asked, “Why did you keep saying that the sacrifices we perform couldn’t break the curse at all? Why did you say so?”

Until now, he still couldn’t accept that all these years, he had been doing useless things. He had worked so hard for so many years to break the curse and killed so many people. But now, someone was telling him that everything he had done was in vain. How could he accept this?

Ye Leng’an didn’t think that there was anything to hide. She said slowly, “Su Yin is a member of the Sorcerer Tribe. They are the descendants of Pangu. Therefore, it is impossible for them to use such a cruel method to break the curse. Moreover, I met Su Yin in the underground tomb and learned the true method to remove the curse.”

“What?” After Duo Ji heard Ye Leng’an’s words, his originally dejected face suddenly lit up with hope. His tone also had a hint of urging. “Tell me, what is the solution?”

Even if he was about to die, if he could know the way to break the curse, then he would die without regrets. Because even if he died, his descendants would still have a chance to leave this place.

Not only Duo Ji, but everyone else also looked at Ye Leng’an, hoping to get an answer from her, an answer that would affect the future of the entire village.

Under the eager gaze of everyone, Ye Leng’an spoke again, “Su Yin said that as long as all of your tribespeople die, the curse will naturally be broken.”

To put it simply, there was no solution.

As soon as she finished speaking, everyone’s eyes dimmed.

They had never expected such an answer, nor did they think that Ye Leng’an would lie to them. Right now, they were like fish on the chopping board, waiting to be slaughtered by her. Therefore, she did not need to lie about such thin OR

“When Su Yin placed the curse, she never thought of breaking it for you.” Ye

Leng’an’s lips curled into a mocking smile. “As the only descendant of the Sorcerer Tribe, she was killed by your ancestor. How could she be willing to leave you a way out? Now, in order to break the curse, you’ve killed so many people. According to the cycle of karma, your descendants will suffer for what you have done..”

That really hit him where it hurt.

Duo Ji was badly shaken and flagged after hearing that. At this moment, he completely lost the will to live. All the hope he had for so many years disappeared at this moment. The faith that supported him collapsed instantly.

Ye Leng'an looked at Duo Ji and said, "You've done too much evil. If you still want to accumulate karmic merit for your descendants and offset the sins, then tell me now, where did you hear about this method to break the curse?"

At this point, Duo Ji felt that he had nothing to hide. "I can tell you, but you have to let my family off. I did everything. It has nothing to do with them."

Although Ye Leng'an did say that she would only take the lives of Duo Ji and the four elders, he was still worried. He needed her to promise him to let his family go. He was unable to protect others. The only people he wanted to save now were his family.

"Don't worry about that." Ye Leng'an nodded and said, "Since I've said it, I won't touch anyone else except for you and the four elders. However, you and I both know that everyone in the village is an accomplice. Even if I don't do anything, the heavens will still punish them."

The heavens saw every act of man. The Heavenly Dao was very fair. Many people thought that the bad things they did would not be discovered. However, they did not know that everything people did was seen by the Heavenly Dao.

Duo Ji didn't care about retribution. He only wanted his family to be safe. So, after receiving Ye Leng'an's reply, he relented.

"Actually, this method of breaking the curse didn't appear in my generation. The position of the tribe leader has always been passed down from father to son in our Duo family. When I inherited the position of the tribe leader, my father taught me this method. He told me that he once saved an old immortal, and that old immortal told him the method."

"Old Immortal?" Ye Leng'an frowned. "Did your father know anything else about this old immortal?"

She did not believe that there were any immortals in this world. Moreover, if he was really an immortal, why would he teach them such a cruel method? Wouldn't it be better to directly break the curse for them?

"According to my father, that old immortal could ride on a sword and travel through space." Duo Ji tried to remember. "And he could take things out of thin air or something. Back then, that old immortal suddenly fell from the sky, and my grandfather happened to pick him up and bring him home. Later, when the old immortal woke up, he found out that our village was cursed. In order to repay the kindness of saving his life, he told us that this method could break the curse. That is, on the night of the full moon, we should use the purest blood of a girl with an

Extreme Yin body to stain the pattern on the altar. Then, our curse will be broken. The altar was also built under the guidance of the old immortal.”

After listening to Duo Ji’s narration, Ye Leng’an and Huangfu Ruiling looked at each other and immediately knew that they both had guessed it.

The so-called old immortal mentioned by Duo Ji was not an immortal at all. He should be a cultivator. With the cultivation of a certain level, it would not be difficult for a cultivator to ride a sword. But who was that cultivator? Why did he teach the people of this village such a cruel method? Moreover, this method of breaking the curse was simply nonsense.

However, Ye Leng’an had gone to the sacrificial altar as a sacrifice. Huangfu Ruiling should be not far away. But at that time, no one noticed that something was wrong with the sacrificial altar. Later, the two of them fell into the underground tomb. When they came out again, the altar had already collapsed.

Therefore, from the beginning to the end, they did not see what kind of pattern was on the sacrificial altar.

Huangfu Ruiling stepped forward and said with a solemn expression, “What exactly is the pattern on your sacrificial altar? Can you draw it now?”

Ye Leng’an had obviously thought of this point as well.. “The location of the sacrificial altar was also chosen by that so-called old immortal, right?”

Chapter 170: An Evil Cultivator 2

That so-called old immortal must have a purpose for doing all these things. Moreover, this goal was definitely not for the people of this village. It would only be for himself.

“That’s right.” Duo Ji nodded. “The location of the sacrificial altar was chosen by the old immortal, and the pattern was also carved according to the old immortal’s drawing. The pattern was kept in the wooden box on the table in the study.”

Ye Leng’an took out a pill and threw it in front of Duo Ji. “Since you told the truth, I’ll let you die a quick and painless death. Half an hour after taking this pill, you will die from internal organ failure, but it won’t be too painful.”

After saying that, she glanced at the others. “Of course, you can choose other methods. I won’t interfere. However, you must receive the punishment you deserve today. Otherwise, your family will bear the consequences together with you.”

Whether one person died or the entire family died, it was up to Duo Ji.

Without hesitation, Duo Ji picked up the pill and swallowed it.

Hali Maya wanted to stop him, but it was too late. She looked at her husband and began to cry.

Ye Leng’an ignored them. After she and Huangfu Ruiling left the dungeon, they immediately went to the study and quickly found the paper with the picture that Duo Ji mentioned.

When seeing the pattern on the paper, Ye Leng'an couldn't help but frown. She was proficient in medicinal pills and only knew slightly about formations. Therefore, when she saw this pattern, she did not know what kind of formation it was for a moment. However, that strange pattern made her feel uncomfortable.

When Huangfu Ruiling saw the pattern, his eyes suddenly became fierce and his entire person exuded frostiness.

"What kind of formation is this?" Ye Leng'an looked at Huangfu Ruiling and asked directly, "You can understand it, right?"

If Huangfu Ruiling didn't understand, he wouldn't have reacted like this. Obviously, he knew what kind of formation this was. Moreover, this formation should not be anything good.

"This is a forbidden technique." Huangfu Ruiling's tone was almost ice-cold.

"This is a formation that only evil cultivators use. They set up this formation in a place with heavy Yin Qi and used the blood of a virgin to increase their cultivation. This is forbidden in the Hidden World. I did not expect that someone would use the people in this village to help him collect virgin blood for cultivation.'

Ye Leng'an gave a knowing look. The blood of a virgin with an Extreme Yin body. No wonder Duo Ji emphasized the word "pure". It turned out that he

wanted the blood of a virgin! The so-called old immortal took advantage of the villagers' desire to break the curse and leave this place to give them illusory hope, making them willing to become executioners. However, there was one thing that she was quite puzzled about.

"Then how did he use this formation?" Ye Leng'an frowned. "If he really wanted to use the virgin's blood in this formation to cultivate, how did he do it? He was not in this village, did that mean that he had left something behind in this formation?"

"There must be traces left behind by him in this formation." There was a glint of fierceness in Huangfu Ruiling's eyes. "I will ask Li San to send someone to search later. We will definitely find it.'

Ye Leng'an nodded. Then, as if she had thought of something, she looked at Huangfu Ruiling and said with a smile, "I didn't expect you to know formations too! Moreover, you seem to be very good at it!"

"What do you want to do? Say it!" Huangfu Ruiling saw through Ye Leng'an at a glance. "There's no need to beat around the bush here."

"Actually, it's nothing." Ye Leng'an didn't stand on ceremony. She said directly, "I was planning to set up a formation around the village so that the village will be completely isolated. Although I know something about formations, they are too profound and I am not very proficient in them. Therefore, I want to entrust this difficult task to you."

Although she knew about formations, she could not guarantee that the formation she set up would not be broken one day. Also, she couldn't deal with a question of great depth of the formation. Huangfu Ruiling seemed to be very proficient in formations. It was much more reliable for him than her to set up the formation.

She knew her place very well. In a field that she was not proficient in, she would not force herself to show off her ability..
