Chapter 201: Feeling Him Out 1

“Ding-dong!” The doorbell rang.

Auntie Zhuang quickly went to open the door.

When Li San pushed Huangfu Ruiling into the living room, Ye Lengan was sitting on the sofa with a tablet. She seemed a little surprised to have visitors at this time.

“What are you doing here?” Ye Leng’an put down her tablet and blinked. “What’s the matter?”

“When did you hire a helper?” Huangfu Ruiling glanced at Auntie Zhuang who just opened the door for them and asked, “I haven’t seen her before.”

“Before I went to the southern boundaries.” Ye Leng’an was not angry that

Huangfu Ruiling did not answer her question. Instead, she calmly replied,

“That’s Auntie Zhuang. She has pretty good cooking skills.”

Huangfu Ruiling raised his eyebrows and asked, “Are you ready to go? “What?” Ye Leng’an couldn’t react in time. “What are you talking about?”

“Have you forgotten?” Seeing that Ye Leng’an was still in a daze, he asked,

“Aren’t you going to do a double-check today? I specially came to pick you up.”

“Oh, yes! How could I have forgotten about this!” Ye Leng’an smacked her head and stood up hurriedly. “Wait a moment. I’ll go upstairs and change my clothes. After that, we can set off.”

She had been busy making money in the stock market these nights, preparing for the upcoming auction. Now, all she thought about was the medicinal herb that was about to appear at the auction, so she had forgotten that she needed to give Zhongyu Yiran a check-up today. If Huangfu Ruiling hadn’t come to pick her up today, she might not have remembered this matter all day.

Downstairs, Auntie Zhuang was going to pour tea for the guests. However, the guests refused, so she took the teacups back to the kitchen.

“Mom, who was that person just now?” As soon as Li Qiaomeng saw Auntie

Zhuang, she immediately stopped her mother and asked. “He’s so handsome!”

That man looked noble and elegant. No, compared to a noble young master, he was more like an emperor who had the situation well in hand. However, it was a pity that he was in a wheelchair.

“Why are you asking so much?” Auntie Zhuang glared at Li Qiaomeng. “I’m warning you, don’t have any wicked ideas. You have to know that they can wring us to death effortlessly.”

She knew her daughter. Although Li Qiaomeng did not have any bad intentions, she liked to take shortcuts since she was vainglorious. So, when Li Qiaomeng suddenly asked about it) she didn’t think it was a good thing.

“Mom, what are you talking about?” Hearing the warning, Li Qiaomeng was very angry. “I asked that question because I’m just curious. You don’t need to make a drama out of it.”

“You’re my daughter, so I know your tricks.” Auntie Zhuang said bluntly, “If I’m wrong, then I’ll apologize to you. However, what I said today is just to give you a heads-up. No matter who that person is, it has nothing to do with us, understand?”

Li Qiaomeng felt very uncomfortable, but she did not dare to disobey her mother. In the end, she could only nod her head unwillingly under Auntie Zhuang’s gaze.

Ye Leng’an quickly changed her clothes, went downstairs, and left with Huangfu Ruiling.

This time, they didn’t head to the nursing home, but to a relatively quiet small villa in the suburbs. It seemed to be a very suitable place for recuperation.

Zhongyu Yiran looked much better today, and there was some color on her face, so she didn’t look as sickly as before. Instead, she had a beauty of vulnerability and self-will.

“Brother Huangfu, you’re here!” The first person Zhongyu Yiran saw at a glance was none other than Huangfu Ruiling. Perhaps, she could see nobody but Huangfu Ruiling. As soon as she saw him, she could not suppress the joy in her heart.

However, different from Zhongyu Yiran who was overwhelmed by excitement, Huangfu Ruiling appeared much colder. He had no response and didn’t even look at her for a second.

He didn’t look like he was here to visit Zhongyu Yiran at all. No one was clear about what he was here for.

Li Yi, who was at the side, saw that Zhongyu Yiran was being treated coldly, and his heart ached for her. However, it was not appropriate for him to say anything on such an occasion. Moreover, that was his master, so he dared not speak out in favor of her..

Chapter 202: Feeling Him Out 2

There was a glint of sadness in Zhongyu Yiran’s eyes when Huangfu Ruiling gave her the cold shoulder. However, she immediately smiled and looked at Ye Leng’an. “Miss Ye, I’ve already heard from Li Yi that you saved me. I’m really grateful to you.”

“This is what I should do. You don’t need to thank me.” Ye Leng’an waved her hand and said casually, “You’re my patient. It’s my duty to treat you.”

She had promised Huangfu Ruiling that she would cure her. However, if there was something she was dissatisfied with, it would probably be that she had spent so much effort this time, but she did not get a single cent for the treatment fee. This time, it could really be considered a free treatment.

However, she would never talk about money with such a great beauty.

“Anyway, if it hadn’t been for Miss Ye, I might have lost my life.” Zhongyu

Yiran was filled with gratitude. “In the future, if there’s anything I can help you with, just let me know. I definitely won’t turn you down.”

“Hehe, Miss Zhongyu is too polite.” Ye Leng’an waved her hand carelessly.

“However, if I need help in the future, I will let you know.”

Although she said that, she felt that after today, she and Zhongyu Yiran would not have any contact.

“Miss Yiran, let Miss Ye check you first!” Li Yi couldn’t help but speak, “Your health is the most important thing now.”

“Alright.

Soon, Ye Leng’an began to examine Zhongyu Yiran. In fact, when she first saw Zhongyu Yiran, she already roughly knew her health situation. She was just trying to confirm it.

A moment later, Ye Lengan rook back her hand and said, “Miss Zhongyu is doing well, but...”

“But what?” Li Yi hurriedly asked, “Is there something wrong with Miss Yiran’s health?”

“There’s no big problem, but some small problems.” Ye Leng’an shook her head and looked at Zhongyu Yiran. “I can see that you are making a good recovery during this period of time. However, you have too much worry most of the time, which is straining your body. You should be more relaxed especially when you are in poor health.”

Ye Leng’an made it quite clear and almost said directly that Zhongyu Yiran was thinking too much, which affected her recovery.

The people present were not fools. They naturally knew why Zhongyu Yiran was so worried.

Li Yi and Li San lowered their heads, not daring to look at Huangfu Ruiling.

Zhongyu Yiran, on the other hand, gave Huangfu Ruiling a brooding glance.

On the contrary, Ye Leng’an freely stared at Huangfu Ruiling with a teasing look in her eyes.

Huangfu Ruiling felt helpless when Ye Leng’an gave him a strange look. He gave her a warning glare in return.

Ye Leng’an stuck out her tongue and immediately turned her gaze to her patient.

Zhongyu Yiran had already composed herself. She looked at Ye Leng'an and smiled gently. "I know. I'll try my best to relax in the future. Thank you for your concern, Miss Ye."

"It's best if you can figure that out." Ye Leng'an nodded and continued to warn, "You should take care of your own health. Because of this incident, your lifespan has already been affected. If this continues, I can't guarantee how long you can live."

One had to know that Lin Daiyu passed away at a young age because she was too worried. Ye Leng'an was only a doctor, and she could only cure physical illnesses but not mental ones. She would explain clearly what she needed to say. The final choice was up to the patient. Moreover, after today's check-up, her responsibility would be fulfilled.

Zhongyu Yiran's face turned pale at Ye Leng'an's serious remark. She immediately nodded. "I'll definitely rest well in the future and won't think too much."

Li Yi, who was standing beside her, quickly asked, "Miss Ye, is there anything else that I need to pay attention to? Also, is there any good way to nurse Miss Yiran's body?"

No one had expected that things got so serious. Therefore, they were all a little worried now..

Chapter 203: Feeling Him Out 3

"There are no shortcuts. She needs to recuperate slowly until having a full return to health." Ye Leng'an said straightforwardly, "Just like I said before, you can prepare more herbal tonics."

After checking on Zhongyu Yiran, Ye Leng'an planned to leave.

"Miss Ye, since you're already here, would like to have dinner with us? I do owe you many thanks."

"There's no need." Ye Leng'an shook her head. "I still have things to do, I really got to go."

Zhongyu Yiran felt a little regretful. "Alright then. If there's a chance next time, I want to invite you to dinner."

Ye Leng'an gave a smile without saying anything. Naturally, she wouldn't agree. She felt that her relationship with Zhongyu Yiran shouldn't be that good. Besides, she didn't want to eat with someone she wasn't familiar with. She was afraid of indigestion.

"Miss Ye," Zhongyu Yiran suddenly pointed at the cup on the bedside table next to Ye Leng'an and asked, "Could you please pass that cup of water to me?"

It was nothing, and Ye Leng'an naturally couldn't reject such a small request. She picked up the cup and handed it to Zhongyu Yiran.

An accident happened in an instant. Just as Zhongyu Yiran took the cup, it was accidentally knocked over. The water in the cup instantly splashed onto the back of Zhongyu Yiran's hand. Most

importantly, the water was still very hot. The back of Zhongyu Yiran's hand turned red at a speed visible to the naked eye.

"Miss Yiran!" Li Yi shouted and stepped forward, wanting to push Ye Leng'an away, but he saw that Ye Leng'an had already moved a step to the side.

He didn't have time to think too much and immediately began to check the scald on Zhongyu Yiran's hand. Fortunately, although the water in the cup was hot, it was no longer boiling water. Moreover, it had been in the cup for some time. Therefore, although there was a big scald on Miss Yiran's hand, it was not very serious.

Huangfu Ruiling also asked Li San to push him forward. However, the person he first showed concern for was not the scalded Zhongyu Yiran, but Ye Lengan. "Are you okay?"

"Huh?" Ye Leng'an didn't react for a moment. She pointed at herself and asked in a daze, "Me?"

"Are you stupid?" Huangfu Ruiling found it interesting because he rarely saw her like this. He even reached out his hand, wanting to flick her forehead.

However, Ye Leng'an quickly regained her senses and avoided his hand. She asked with some dissatisfaction, "What are you doing?"

Huangfu Ruiling was not embarrassed about being caught. He calmly withdrew his hand, saying, "Nothing, I just wanted to see if you were okay."

"I'm fine. I'm not the one who was scalded."

While talking, Ye Leng'an glanced at Zhongyu Yiran meaningfully. She was not innocent, so she did not think that what had just happened was an accident. She clearly saw that Zhongyu Yiran let go of the cup just now, which was why this happened.

However, she had no idea about Zhongyu Yiran's purpose. After all, Zhongyu Yiran was the one who was injured, not her.

Zhongyu Yiran, on the other hand, was very natural and did not have any intention of escaping responsibility. Instead, she said with a smile, "I'm sorry. I was momentarily distracted and knocked over the cup. Were you scared?"

"Miss Yiran, you're injured." Li Yi couldn't help but say, "Why are you apologizing to her?"

In his opinion, it was not certain whose fault it was! Moreover, Miss Yiran was a patient now. As a doctor, didn't Ye Leng'an know that she should be more careful?

"Li Yi, what are you talking about!" A hint of embarrassment flashed across

Zhongyu Yiran's face. Then, she looked at Ye Leng'an and apologized again,

"Miss Ye, I'm really sorry. Li Yi didn't know the situation and spoke carelessly.

This time, it was my bad. It has nothing to do with you."

“Of course, it has nothing to do with me.” Ye Leng’an was not someone who could be wronged. She smiled and looked at Li Yi. “If you don’t need your eyes.

donate them to someone in need. That will be much more meaningful than being a decoration on your face.”

Chapter 204: Feeling Him Out 4

“You...” Li Yi’s temper immediately flared. However, he had just taken a step forward when his hand was grabbed.

Following the direction, he saw Li San come to his side. At this moment, Li San was holding his hand and even gestured for him to look in the direction of his master.

All of a sudden, Li Yi’s anger was doused, and after seeing Huangfu Ruiling’s eyes, he felt like he had fallen into an ice cellar.

How could he forget? His master was still watching from the side. Most importantly, his master was biased toward Ye Leng’an. If he reprimanded Ye Leng’an, wasn’t it obvious that he was going against his master?

Previously, Huangfu Ruiling already asked him to go back, which meant that he was no longer put in an important position. It was not easy for him to finally come back, and he was even given the task of taking care of Miss Yiran. If he did it well, perhaps his master would remember his good deeds. However, he had a terrible urge and almost forgot the lesson from before.

The most important reason why he was sent back and replaced by Li San was that he targeted, or to be more precise, questioned, Ye Leng’an. Now, he made the same mistake again.

Huangfu Ruiling glanced at Zhongyu Yiran and said, “Get some good rest!”

Then, he turned his head and looked at Ye Lengan. “Since you’re done with the examination, we should be leaving!”

“Alright.” Ye Lengan nodded and stepped forward to replace Li San. She pushed Huangfu Ruiling out of the room.

Li San did not stay any longer and quickly followed them out.

For a moment, there were only Li Yi and Zhongyu Yiran in the room.

Li Yi was still immersed in his own thoughts, so he did not say anything.

“Li Yi...” Zhongyu Yiran’s pleasant voice sounded. Her tone was no longer as gentle as before with a hint of dispiritedness in it. She even sounded tearful.

“Brother Huangfu won’t come again, will he?”

That familiar voice dragged Li Yi out of his thoughts. After he came back to his senses, he saw Zhongyu Yiran sitting on the bed with her arms crossed. She looked very dejected as if she had lost all hope.

“Miss Yiran, you...” Li Yi hesitated for a moment and said, “Don’t think too much. Master will definitely come over when he has time.”

At this moment, he had long put his thoughts out of his head. All he could see was Zhongyu Yiran’s sad look. Therefore, even though he knew very well that there was a high chance that his master would not come, he still chose to lie.

“You don’t need to comfort me.” Zhongyu Yiran raised her head, her eyes brimming with tears. “I know, Bother Huangfu no longer takes me into account, right?”

In the past, she still felt that she was special to Huangfu Ruiling. However, after she woke up this time, she saw Huangfu Ruiling’s attitude towards Ye Leng’an. She knew that everything that she saw and thought before was just her wishful thinking.

“Miss Yiran, don’t say that!” Li Yi quickly said, “Master must be concerned about you. Otherwise, he wouldn’t have gone around looking for doctors to treat you!”

“Li Yi, Miss Ye is special to Brother Huangfu, isn’t she?” Zhongyu Yiran asked,

“You all know it, right?”

“Miss Yiran, why do you think so?” Li Yi was shocked and quickly said, “You’re thinking too much. You are the reason why Master got to know Miss Ye. There is no special relationship between them.”

Even though that wasn’t the case, he couldn’t tell her the truth. Miss Yiran looked very sad. He definitely couldn’t continue to jar on her.

“You don’t have to comfort me with a lie.” Zhongyu Yiran shook her head and smiled bitterly. “I knocked over the cup on purpose.”

At this point, she looked at the wound on the back of her hand, tears running down her face. “I just wanted to feel him out, but it turns out that...”

When she woke up in the nursing home and saw Huangfu Ruiling and Ye

Leng’an getting along, she had a very uneasy feeling in her heart. Today seeing the two of them come here together again, she felt even more uncomfortable.

She couldn’t help it when they were about to leave together again, so she came up with a way to feel him out. However, she wished she had never done that. She was the one who was injured just now, but the first person Huangfu Ruiling showed concern for was Ye Leng’an who was safe and sound. In the end, Huangfu Ruiling didn’t even look at her.

From this incident, she could see how special Huangfu Ruiling was to Ye

Leng’an and on the contrary how indifferent he was to her.

When she woke up, three years had passed. Everything had changed. Such a change was unbearable for her.

“Miss Yiran, how could you hurt yourself like this?” Li Yi’s heart ached for her. “You are still very weak and need a long time to recuperate. You should try your best to avoid getting injured.”

With that, Li Yi was about to find the ointment for scalds for Zhongyu Yiran. Soon, Li Yi came back with the ointment and applied it to Zhongyu Yiran’s hand.

“Miss Yiran, don’t think too much.” Li Yi comforted her. “The most important thing for you now is to nurse your body. Didn’t Miss Ye say it just now? You worry too much, which is very detrimental to your body. Anyway, your health is your most precious asset. You also want to enjoy a long life, don’t you?”

“I know.” Zhongyu Yiran forced a smile. “I won’t think about these things anymore. The most important thing for me now is to take care of my body. Nothing else is important. Since Brother Huangfu doesn’t want to come and see me, I’ll go and see him after I recover.”

“It’s great that you think that way.” Li Yi was very happy. “Miss Yiran, when you’re better, you can go and see Madam. She cares about you very much.”

“I will.” There was a flash of dark light in Zhongyu Yiran’s eyes. “I already called Madam two days ago. She can’t come over for the time being, but she will send someone to take care of me.”

Hearing Zhongyu Yiran’s words, Li Yi couldn’t help but sigh, “Miss Yiran, Madam is so good to you. She treats you like her own daughter..”

Chapter 205: The Invitation 1

In a high-class cafe.

Ye Leng’an sat in a secluded corner with a glass of fruit juice in front of her.

“Do you really think she will come over?” Huangfu Ruling, who was sitting opposite her, had a glass of the same juice in front of him. He raised his eyebrows and said, “It should be the appointed time now!”

“What’s the hurry!” Ye Leng’an said nonchalantly, “If she comes today, then this matter can be settled out of court. On the contrary, if she doesn’t show up, then it won’t be settled easily.”

When she was in the villa just now, it was not all talk she said she had something to do. She really had an appointment. However, she did not expect Huangfu Ruiling did not leave after sending her here. Instead, he accompanied her here to wait for someone.

Huangfu Ruiling was very noncommittal about that. “If that’s the case, why don’t you just expose it directly?”

"I should give her a chance!" Ye Leng'an picked up the fruit juice and took a sip before continuing, "However, if she doesn't cherish this opportunity, then don't blame me."

"Why do I feel like you're setting her up?" Huangfu Ruiling shook his head in amusement. "Do you think the chances of her coming over are high?"

"I don't know." Ye Leng'an upturned her palms, looking indifferent. "But even so, it does not waste my time! I originally planned to have dinner nearby today. It was said that there was a restaurant here that made good Sichuan cuisine. "

There was a flicker of strange light in Huangfu Ruiling's eyes. He then said, "I wonder if I have the pleasure to invite you to dinner?"

"You..." Ye Leng'an was horrified after hearing that. "You want to eat Sichuan Cuisine?"

No wonder she reacted furiously. Huangfu Ruiling did not look like the kind of person who would eat in a Sichuan restaurant. He should sit in a high-end restaurant and be served by a bunch of people standing aside. That was his way to have dinner.

"Anything strange?" Huangfu Ruiling did not understand why she reacted furiously. "I am just an ordinary person! Why do you think I can't eat Sichuan cuisine?"

"Of course, you can. I just feel that it doesn't suit you." Ye Leng'an rested her chin on one hand and looked at Huangfu Ruiling opposite her. There was a glint of doubt in her eyes. "I keep feeling that you have been behaving strangely recently."

However, she couldn't tell what was strange, but she just felt that way.

"What's so strange about me!" There was an ambiguous glint in his eyes. "Also, I'm just a normal ordinary person. Isn't it normal for me to eat Sichuan cuisine?"

"Pfft.." Ye Leng'an couldn't help but laugh out loud. "You are indeed normal, but you are not an ordinary person. If you are ordinary, then there will be no amazing person in this world."

"I didn't expect you to have such a high opinion of me!" He raised his eyebrows and said with a smile, "Since you think so highly of me, are you willing to have dinner with me?"

"You don't even mind eating Sichuan cuisine, so why should I mind?" Ye

Leng'an didn't care. "I need to eat, and it doesn't matter if I eat alone or with you. What's there to reject? Moreover, someone is going to pay the bill, so I'm naturally willing to have a free meal."

"It's been more than half an hour after the appointed time. Do you think she will come today?" Huangfu Ruiling checked his watch and reminded her, "It seems that she is going to let you down."

“Yeah!” Ye Leng’an leaned against the back of her chair, her tone flat. “It’s rare for me to be a good person and give the other party a chance I don’t want to make a big deal out of it. Who knew that she didn’t appreciate it at all!”

“Then what do you plan to do next?” Huangfu Ruiling asked curiously, ‘You look confident.”

“I’ll find an opportunity to get everything out!” Ye Leng’an gave a bright smile. “Besides, I’m not the only one who got involved this time. The others should also want to know the truth, right?”

According to the story progress in her first life, she would soon have a chance..

Chapter 206: The Invitation 2

“Looks like you already have a plan, right?” Huangfu Ruiling teased.

“Why do you want to know all the details? Do you want to see some fun?” Ye Lengan said with a smile, “But you’re not a gossipy person!”

“Maybe I just like to watch the show! A show that you star in.” He wasn’t angry after hearing her remark. “As a friend, I should personally support the show you play in.”

“Well...” She couldn’t help but sigh. “As the old saying goes, what goes around, comes around. I just didn’t expect this to come so quickly. When we were in the villa just now, I wanted to laugh at you. I didn’t expect that it was now your turn.”

When he heard Ye Leng’an mention what had happened in the villa just now, there was a flicker of darkness in his eyes. “Don’t go there anymore in the future. Since Zhongyu Yiran has already woken up, you can take your leave.”

“I definitely won’t go there again!” Ye Leng’an pursed her lips. “Zhongyu Yiran doesn’t have a good impression of me. I don’t want to run into snags again. I don’t think that you didn’t notice that Zhongyu Yiran knocked over that cup on purpose.”

Huangfu Ruiling didn’t answer her question directly. Instead, he said, “She has slept for too long, and her brain is probably muddled! If she remains muddle-headed, then she really needs to get some rest.”

His meaning was very simple. If Zhongyu Yiran couldn’t recuperate well, she would stay in the villa and never come out again.

“Speaking of which, that is an unexpected disaster for me!” Ye Leng’an sighed.

“She likes you, but why did she target me? There’s nothing between us!”

She was not a fool, so she could tell why Zhongyu Yiran suddenly did such a thing. However, she felt that she was really innocent!

“Oh, really?” Huangfu Ruiling said meaningfully, “Maybe this is not an unexpected disaster!”

“What?” Ye Leng’an couldn’t react in time.

“It’s nothing!” Huangfu Ruiling shook his head and then changed the topic. “It’s getting late. She probably won’t come today. Let’s go have dinner. After that, I’ll send you home.”

“Alright then!” Ye Leng’an stood up and stretched. “Let’s go!”

Anyway, a chance had been given, but the other party did not know how to cherish it. She had nothing else to say since she had already waited here for so long. It was already very kind of her.

Huangfu Ruiling and Ye Leng’an left together.

Not long after they left, a figure rushed into the cafe. This person was none other than Pang Tingting. At this moment, her footsteps were a little hurried, and there was a hint of vigilance on her face.

Yesterday, she received a message that someone wanted to meet her at the cafe today to discuss something in the past.

Having no idea who asked her out, she asked the company’s technical department to help her investigate, but they still could not find out who sent the text message. Also, she did not know what the other person wanted to discuss with her.

She had been away from the capital for many years and had just returned. And she almost cut off contact with all of her classmates and friends. However, she had a bad feeling when a thing in the past was mentioned in the text message.

She struggled with this matter for a long time, not knowing whether she should keep the appointment or not. In the end, when it was almost the appointed time, she decided to go and take a look to see who was deliberately mystifying things behind the scenes. However, just as she was about to set off, an important client of the company was looking for her. She had no choice but to deal with the client first.

When she was done with the client and arrived at the cafe, she realized that the appointed seat was already empty. She raised her hand to check her watch and found it was almost an hour past the agreed time. It seemed that the other party had already left.

However, Pang Tingting didn’t leave immediately. She waved her hand and called the waiter over. After giving the waiter a fat tip, she asked about the person who had been waiting there just now..

Chapter 207: The Invitation 3

However, to her surprise, after the waiter tried to recall, he only remembered that there was a man and a woman sitting there. Other than that, he could not remember anything else.

She didn’t know if the waiter really couldn’t remember or if he was just fooling her. However, no matter what it was, she could not find out anything.

Initially, she wanted to check the security footage to see who it was. However, the manager of the café was very insistent that they would never provide the security footage unless the public security department intervened. Even if she was willing to pay the extra price, the manager still stubbornly persisted in his opinion.

She naturally wouldn't go to the public security department to report such a thing. Also, she had no proof for reporting. Therefore, in the end, this matter could only be left unsettled.

After leaving the cafe, Pang Tingting felt uneasy. She had a feeling that the person who asked her out today was not just here to talk about something in the past. And, she didn't know why she always couldn't help but think of that thing she did seventeen years ago after seeing that message.

Although the two children had already returned to their respective positions and there was no one else except her who knew about what happened back then, she still felt guilty.

Back at the villa, Ye Leng'an got out of the car and said goodbye to Huangfu Ruiling. She had no intention of inviting him in for a cup of tea.

Huangfu Ruiling could do nothing about Ye Leng'an's heartlessness. He gave a sour smile and waved goodbye.

After entering the villa, Ye Leng'an realized that there was an uninvited guest in the villa. It was none other than Ye Xiyuan.

"Who let you in?" Ye Leng'an narrowed her eyes as she looked at Ye Xiyuan, who was sitting on the sofa with a carefree expression, her tone icy-cold.

Auntie Zhuang's heart skipped a beat because she was the one who opened the door. Ye Xiyuan said that she was Miss Ye's good friend and that she came to deliver the invitation.

Auntie Zhuang didn't know if it was true or not. so she planned to call Miss Ye to confirm before letting Ye Xiyuan in. However, Mengmeng kept saying that Ye Xiyuan was dressed like a lady from a rich family and might be Miss Ye's friend! Moreover, Ye Xiyuan came alone. They believed that the two of them could handle Ye Xiyuan who was all by herself.

In the end, Auntie Zhuang still let Ye Xiyuan in. After getting inside, Ye Xiyuan sat on the sofa politely, waiting without looking around, which made Auntie Zhuang feel much more relieved.

However, when she heard Miss Ye's question, she felt uncertain. That was because according to the way Ye Leng'an spoke, they didn't look like friends.

"Leng'an, why do you have to be so so distant?" Ye Xiyuan stood up and smiled. "I came here today just to deliver an invitation. I didn't intend to do anything else. Why are you resisting?"

To be honest, after entering the villa, she was really shocked.

Previously, she had already heard from others that Ye Leng'an bought a villa for herself. Although she was surprised, she didn't care too much. This was because there were big villas and also small ones. She didn't think that Ye Leng'an could afford a big villa after she left the Ye family.

However, after arriving here today, she realized that everything was beyond her expectations. The villa that Ye Leng'an was currently living in was not inferior to that of the Ye family, no matter it

was the size or interior decoration. However, the Ye family's villa was for the entire family to live in, while Ye Leng'an was living alone in such a big space.

She didn't know how Ye Leng'an got so much money to buy this villa, and she didn't think that the money came from the Ye family. Because she was back in the Ye family now, she knew very well. Before they reached adulthood, their parents would not give them too much money. Although they did have some jewelry, Ye Leng'an didn't take them with her when she left. Therefore, Ye Leng'an's money was not from the Ye family..

Chapter 208: The Invitation 4

At this moment, Ye Xiyuan couldn't help but think of the man in the wheelchair who was with Ye Leng'an previously. If Ye Lengan's money came from that man, it all started making sense.

"If you have something to say, say it. If not, get lost." Ye Leng'an showed no mercy to Ye Xiyuan's friendliness. "This is my house. I have the right to get rid of uninvited guests."

"Of course." Ye Xiyuan wasn't in a hurry. She lifted the teacup in front of her and took a sip before saying, "You really have a knack for affording such a villa. Did your parents know this?"

Oddly enough, Ye Leng'an had returned to her real parents for quite some time, but Ye Xiyuan had heard nothing about them nor seen them by Ye Leng'an's side. In fact, Ye Leng'an seemed to be living in this villa alone. What was going on?

"If you want to tell them, then go ahead." Ye Leng'an said sarcastically, "You know where they live anyway. Speaking of which, you probably haven't visited them since you returned to the Ye family, right? After all, they had raised you for so many years. Perhaps they miss you very much! You can also take this opportunity to go back and see them."

Everyone said that Ye Xiyuan was kind, but how could a kind person not see her poor adoptive parents anymore after returning to her rich family? Whether it was her first life or now, after Ye Xiyuan returned to the Ye family, she seemed to make a clear break with her past.

After hearing Ye Leng'an's words, Ye Xiyuan couldn't help but stiffen for a moment, looking displeased. "I think my biological parents probably don't want me to get too close to them! I also have to think about the feelings of my biological parents! Besides, I haven't found out what happened back then. I don't want to see them now."

Previously, reminded by her mother's friend, her father had already had someone investigate what happened back then. Although there was no conclusion yet, she felt that the swapping of two babies might be done by Ye Leng'an's biological parents just as Auntie Tingting said so that Ye Lengan could replace her and live a luxurious life.

Although Ye Leng'an didn't quite understand what Ye Xiyuan meant, she smiled meaningfully. "Do you really want to know what happened back then?"

“Ye Leng’an, did you know something?” Ye Xiyuan’s pupils constricted, and she suddenly raised her head to look at Ye Leng’an. “Tell me, did Ye Shen and Li Zhaohui do this? They wanted their biological daughter to live like a rich lady, so they switched us?”

By the looks of Ye Leng’an, she definitely knew something. Otherwise, she wouldn’t have said so.

“You think too highly of me.” Ye Leng’an leaned back lazily on the sofa and continued, “How would an ordinary person like me know something that even the Ye family couldn’t find out? You are so imaginative!”

Ye Xiyuan didn’t believe Ye Leng’an’s words. She felt that Ye Leng’an definitely knew something. She stared intently at Ye Leng’an, trying to find some clues in her expression. Unfortunately, she still couldn’t find anything.

“What are you here for?” Ye Leng’an said in a straightforward manner, “You’ve been sitting here for so long. If there’s nothing else, then get lost! I don’t think you want to see me either!”

“You are really anxious!” Ye Xiyuan didn’t continue to ask because she knew that even if she did, she wouldn’t get any answers.

She opened her bag and took out an exquisite invitation card. She said with a smile, “My birthday is coming soon. At that time, my family will hold a dinner party for me. That day is also your birthday! Why don’t you come over and have fun with us?”

“Oh, I’m not interested.” Ye Leng’an said disinterestedly, “Besides, I don’t think we are that close.”

In the past, Ye Xiyuan also hypocritically invited her to attend her birthday party. At the party, Ye Xiyuan, who was the protagonist, was indeed in the limelight. As for her, the fake daughter, she was framed for theft and her reputation was ruined in the end.

The Ye family also kicked her out after that banquet.

“Ye Leng’an, you’re not the only one who is invited this time. There are other classmates as well,” Ye Xiyuan said with a smile. “Besides, I think that Dad, Mom, and Brother also want you to come.”

Before she came here, she had already expected that Ye Leng’an would reject her. However, if Ye Leng’an didn’t show up at the party, how could she carry out her plan? Therefore, she had to try her best to persuade Ye Leng’an to attend.

“Oh, I really couldn’t tell!” Ye Leng’an looked at Ye Xiyuan with a faint smile. “I remember that every time we met, it was unpleasant!”

Ye Xiyuan was left speechless by Ye Leng’an’s straightforwardness. However, she quickly reacted and said, “It’s precisely because of these unhappy moments that I want to take this opportunity to resolve the conflict between us!”

“Oh, I really didn’t expect you to care about me so much!” Ye Leng’an said with a sneer, “Unfortunately, I can see you affected kindness!”

“You...” Ye Leng’an’s biting remark made Ye Xiyuan’s face darken. She then wanted to pick up the invitation card on the table and leave.

She did want to let Ye Leng’an attend her birthday party, but if the price was that she had to bear Ye Leng’an’s sarcasm, then she couldn’t do it.

Ye Leng’an picked up the invitation card on the table ahead of Ye Xiyuan and said, “Don’t worry. I’ll be there on time.”

“Are you sure?” Ye Lengan’s sudden change didn’t make Ye Xiyuan happy. Instead, she asked warily, “Weren’t you rejecting me just now?”

“I’ve changed my mind.” Ye Lengan asked with a smile, “Or do you regret inviting me now? If that’s the case, you can take the invitation back.”

Seeing Ye Leng’an’s nonchalant look, Ye Xiyuan gritted her teeth and said, “Okay then, please be there on time. However, Ye Leng’an, I hope you won’t cause any trouble. Otherwise, you can’t bear the consequences..”

Chapter 209: The Providence 1

“Why? If you are afraid that I’ll do something at the party, why did you invite me?” Ye Lengan found it funny. “If you’re really that worried, you shouldn’t have invited me in the first place!”

“You are joking, aren’t you?” Ye Xiyuan knew very well that Ye Leng’an was deliberately trying to provoke her, so she tried her best to calm herself down. She forced a smile and said, “I think you must have a sense of proportion and I just overthought.”

“Hehe, you’ll know when the time comes.” Ye Leng’an smiled mysteriously. “However, since it’s your birthday, I won’t be stingy. I’ll definitely give you a big gift.”

Ye Xiyuan’s heart skipped a beat when she heard Ye Leng’an was going to give her a gift. “I’m already very happy if you can come. There’s no need to prepare any gifts.”

She felt that Ye Leng’an’s words were filled with ill intentions. However, things had reached this stage, if she didn’t invite Ye Leng’an, she couldn’t reconcile herself to it. Furthermore, she had prepared a “big surprise ” for Ye Leng’an. If Ye Leng’an did not go, it would be very difficult to find another opportunity in the future.

Ye Leng’an didn’t answer her question directly. Instead, she raised her hand and pointed in the direction of the door. “You can leave now.”

After knowing that Ye Lengan had agreed to attend the party, Ye Xiyuan didn’t get angry. She stood up and left.

Auntie Zhuang, who had been standing at the side, did not even dare to breathe loudly. She was also feeling uneasy. From the beginning to the end, she had heard everything here. Although she did not understand the twists and turns, she could roughly piece it together. The story of swapping babies was something that could only be found in television dramas and novels.

However, she only felt frightened after hearing the story. She kept thinking that she knew something that she shouldn't know. At the same time, she was also worried that she would lose her hard-earned job because of this.

"Auntie Zhuang!" Ye Leng'an looked at the person standing at the side and called her name without saying anything else.

It was undeniable that the main reason why she let Auntie Zhuang stay to listen to her conversation with Ye Xiyuan was to give her a warning. Auntie Zhuang allowed someone who claimed to be her friend to come in when she was not at home and did not even call her for confirmation.

This incident could be considered a wake-up call for her. Previously, because there were only her and Auntie Zhuang at home, she did not care too much about this, so she treated Auntie Zhuang more casually. However, in this family, she was the owner and mistress. Auntie Zhuang had to remember this.

Auntie Zhuang had butterflies in her stomach when seeing Ye Lengan was silent. "Miss Ye, this matter is all my fault. I shouldn't have let anyone in without your approval."

"Uh-huh." Ye Leng'an didn't magnanimously say that it didn't matter. Instead, she looked at Auntie Zhuang and said meaningfully, "Auntie Zhuang, the reason I hired you is not only because the food you cook is to my liking, but also because I feel that you are not young anymore, so you should have a sense of proportion. That's also why I agreed to let your daughter stay here. I think I've done enough decent things as an employer."

"Miss Ye, I will remember your kindness." Auntie Zhuang was a little anxious.

"I promise that this will never happen again."

She didn't want to lose this job no matter what. After all, this well-paid and easy job was coveted by countless people! She was sure that as long as she was fired today, someone would immediately take this job tomorrow. And it would be very difficult for her to find such a job again.

Auntie Zhuang looked at Ye Leng'an nervously after she finished speaking, like a criminal waiting to be sentenced.

After a long while, Ye Leng'an finally spoke again, "Let's forget about this matter. If there's a next time, Auntie Zhuang, you don't need to come any longer. I think there should be many people who are willing to work for me."

"Don't worry, Miss Ye. There won't be another time." Auntie Zhuang heaved a sigh of relief when she finally got Ye Leng'an's reply..

Ye Leng'an didn't say anything else. She merely gave Auntie Zhuang an indifferent glance before she stood up and went upstairs.

After Auntie Zhuang dragged herself into her room, she involuntarily slid to the floor. Although Ye Leng'an was young, she didn't dare to underestimate her. She already felt a strong pressure when Ye Leng'an just sat there quietly. Especially when Ye Leng'an fell silent, she was more nervous. She wondered if this was the noble bearing of a rich lady.

Looking back on it, she still felt stressed. Her back was filmed with perspiration.

"Mom, what's wrong?" Li Qiaomeng was shocked by Auntie Zhuang's haggard expression. She quickly went forward and helped Auntie Zhuang up. "Are you okay?"

"I'm fine." With Li Qiaomeng's help, Auntie Zhuang managed to stand up. She went to the bedside and sat down. "I just feel that my legs are a little weak and I can hardly stand."

Hearing Auntie Zhuang's words, Li Qiaomeng couldn't help but frown. "I told you, why did you stand there obediently? Why didn't you just come back to your room when they were talking? Why were you standing there waiting like a servant!"

Although she could keep dreaming of being a princess when living in this villa, she couldn't help but feel inferior whenever facing Ye Lengan, the owner of this house.

Especially when there was a strong contract between them. Though Ye

Lengan was younger than her, she lived in this villa like a princess. Li

Qiaomeng, a student from a prestigious university, was only the daughter of a helper in this house. In fact, if it hadn't been for Ye Leng'an's kindness, she wouldn't even have been able to stay here.

"What nonsense are you talking about!" Auntie Zhuang could not help but reach out and pat Li Qiaomeng's back. "Don't you know your mother is a servant here? The owner of the house didn't tell me to leave, but you want me to leave? Do you want me to lose my job?"

"Mom, what are you talking about?" Li Qiaomeng said resentfully, "What decade are you living in now? A servant? A person like you can only be considered a nanny or a helper. This is also a proper job. Why did you say you were a servant?"

"I'm employed by the owner of this house, whether as a nanny or a helper."

Auntie Zhuang was quite philosophical about this. "Since I'm employed by her, I naturally have to listen to her. Don't say such words again in the future. I still want to keep this job!"

When she thought about what Ye Lengan said just now, she still had lingering fears, afraid that she would lose her job.

"Mom..." Li Qiaomeng was very dissatisfied with Auntie Zhuang's attitude and could not help but complain, "When is Miss Ye leaving? If only she could leave earlier."

Auntie Zhuang covered Li Qiaomeng's mouth and reprimanded, "What nonsense are you talking about!"

Li Qiaomeng pulled Auntie Zhuang's hand away. "Mom, what are you doing? I almost couldn't breathe. You're murdering your own daughter!"

"If you dare to talk nonsense again, I won't just cover your mouth." Auntie Zhuang looked at Li Qiaomeng and said sternly, "Do you even know what you're talking about? Is this your home? How could you have the nerve to say such a thing?"

She really didn't understand why her daughter had that idea. After all, they only temporarily lived in this villa and weren't even considered guests. Now, her daughter was hoping that the house owner would leave. What was she thinking?

"Mom, it was just a casual remark." Under Auntie Zhuang's gaze, Li Qiaomeng could only lower her head and admit her mistake. "I know I was wrong."

"In the future, don't ever say that again. Or, maybe you can't even have such thoughts." Auntie Zhuang looked at Li Qiaomeng, grim-faced. "If I hear you say such words again, we'll immediately return to our hometown for the New Year."

"Mom, I promise I won't have such thoughts again." Li Qiaomeng was also anxious and quickly said, "Also, I'll help you with your work. We can't go back to our hometown. Otherwise, I'll lose the opportunity to find an internship.."
