

Full-Level 241

Chapter 241: Seeing a Doctor 1

After arriving in Jin City, Ye Leng'an didn't go straight to find the rich man.

Instead, she went to settle into a hotel. After resting for a day, Ye Leng'an took a taxi to the house of the rich man whom Chen Kang had introduced to her.

Originally, Huangfu Ruiling wanted to ask the driver to send her there, but she refused because she felt that it was too troublesome.

Soon, the taxi she took arrived at a villa. After she paid the fare, she got out of the car and rang the doorbell.

Soon, a maid ran over and opened the door. When she saw Ye Leng'an, she asked, "Hello, Miss. May I know who you are looking for?"

"I'm looking for Yang Tianfu." Ye Leng'an tried hard to recall the name Chen Kang had given her. "He's the owner of this house. You can ask him."

The maid sized Ye Leng'an up, her eyes filled with suspicion and curiosity. This was because she had been in this family for several years, but she had never seen this young girl in front of her.

However, she still nodded and continued to ask, "May I have your name, Miss?"

"My name is Ye Leng'an. You just tell him that Chen Kang introduced him to me." Ye Leng'an said) "He will know who I am." "Alright, please wait a moment."

After that, the maid closed the door and walked in.

Ye Leng'an wasn't angry. She was a little bored, so she took out her phone and started playing with it at the door.

In just a few minutes, hurried footsteps came from the room, and then the door was opened again by a mature middle-aged man in his forties who wore

casual clothes. However, probably because he didn't have enough rest, there were dark circles under his listless eyes. Although his hair was tidied up, it was not neat enough.

"You're Miss Ye Leng'an, right?" Yang Tianfu, the middle-aged man, looked at

Ye Leng'an, who was standing at the door, with a hesitant expression. "You..."

He and Chen Kang were business friends. In the past, Chen Kang had a sudden heart attack and needed to recuperate. He looked much older due to the disease, and most of the business matters were handed over to his son.

However, when he saw Chen Kang again a while ago, he found that Chen Kang looked much more energetic and younger. He could even play golf and climb mountains and did not look like a heart patient at all.

He couldn't help but ask around and found out that Chen Kang was cured by a young healer. Immediately, he remembered his chronic illness. A year ago, he had gone to Harbor City on a business trip. When he returned, he contracted a very strange disease. There was nothing unusual about it normally, but when it acted up, he felt pain all over his body. However, when he went to the hospital for a check-up, there was nothing wrong. He also wanted to see if this so-called young healer was really that amazing. It would be great if she could cure his chronic illness.

Then, he contacted the healer with Chen Kang's help. However, they had been communicating over the phone all this while. Now he finally saw her in person, he realized that the healer was really young. She looked as if she was still underage. He couldn't help but wonder if this young girl really had such high medical skills.

However, even though he was suspicious, he was taking no chance. Chen Kang had reminded him not to look down on the young healer because she was very capable.

Soon, Ye Leng'an was invited in.

As soon as she entered, she saw an elegantly dressed middle-aged woman rushing downstairs. She went straight to Yang Tianfu and asked anxiously, "Old Yang, is this the healer introduced by Mr. Chen?"

"Yes!" Yang Tianfu nodded and introduced, "This is the healer introduced by Mr. Chen, Ye Leng'an."

"Miss Ye, this is my wife, Jiang Ni."

"You are Healer Ye?" When Jiang Ni saw Ye Leng'an, she subconsciously cried out in surprise. However, she immediately realized that her tone wasn't very nice and quickly apologized, "I'm sorry, I didn't mean to. I'm not doubting you, I just... It's just...."

Chapter 242: Seeing a Doctor 2

In the end, she didn't know how to explain herself. She knew that the healer was young, but she didn't expect her to be so young. However, someone who won Mr. Chen's admiration must have some ability. Therefore, she was afraid that she would say something wrong and offend her. She was anxious and wanted to explain, but she did not know where to start. For a moment, she became even more anxious.

"Nizi, calm down." Yang Tianfu saw his wife's anxious look and quickly patted her back, comforting her, "Don't be anxious. Take your time."

"Pfft!" Ye Leng'an couldn't help but laugh out loud. "It's alright, you don't have to be so nervous. Actually, I also know that people will get suspicious after knowing my age."

She didn't think much of others doubting her medical skills. If adding her three lifetimes together, she would be hundreds of years old now. However, in this life, she was only seventeen years old. If a seventeen-year-old girl was said to have superb medical skills, most people would have doubts.

However, it could be seen that this couple had a good relationship. Unlike some upper-class couples who were seemingly in harmony but actually of two minds, Yang Tianfu and Jiang Ni really helped each other to pull through a crisis.

"Thank you for your understanding." After hearing Ye Leng'an's words, Jiang

Ni heaved a sigh of relief. Then, she said solemnly, "Miss Ye, I'll leave Old

Yang's illness to you. I hope you can cure him. Every time I see him fall ill, he is always in pain. But I can't help him at all."

"Nizi, don't give Miss Ye any pressure." Yang Tianfu smiled and shook his head. He looked at Ye Leng'an and said with a smile, "Miss Ye, you don't have to feel pressured. It's fine even if you can't cure me. Anyway, I've already gotten used to it after this year. Moreover, it doesn't act up often."

He didn't know if the girl in front of him could cure him, but he had gone to see doctors in various major hospitals, even famous doctors abroad, but there was no result. Therefore, although he was looking forward to it, he was mentally prepared that there was no way to cure it.

"It doesn't act up often, but the frequency has increased recently!" Ye Leng'an glanced at Yang Tianfu and said, "Moreover, it will act up more frequently in the future."

Yang Tianfu and Jiang Ni exchanged a glance and there were hints of surprise in their eyes. They did not tell Mr. Chen about this, but the girl in front of them could accurately tell it. Did this mean that she was really capable?

"Miss Ye, can you tell what's wrong with him?" Jiang Ni asked anxiously, "How can we cure his illness?"

"Don't be anxious." Although Yang Tianfu was also excited, he still suppressed the joy in his heart and said, "Let Miss Ye have a seat first!" "Oh, yes, Miss Ye, take a seat please!" Jiang Ni quickly said.

Soon, everyone was seated in the living room.

Ye Leng'an did not delay and immediately took Yang Tianfu's pulse.

After withdrawing her hand, she looked at Yang Tianfu and asked, "Tell me about your situation now!"

Yang Tianfu did not hesitate. After thinking for a moment, he said, "Actually,

I'm not very sure what's going on with this illness. A year ago, I went to Harbor City for a business trip. On the second day after I returned, I suddenly felt as if my body was bitten by ants. There were slight itches and pains that didn't last long and disappeared in a few minutes. At that time, I didn't take this matter to heart. I thought that I was just too tired. But after three months, one day, I

suddenly felt like my body was being pricked by needles. Moreover, it lasted longer than the last time. After that, I went to the hospital for a check-up. After a lot of tests, they couldn't find any problems. After that, the time between each fit became shorter and shorter, but the pain became stronger and stronger. Recently, it acted up almost every few days, and every time I had a fit, I felt as if a knife pierced into my bones. The pain was deep in my bones..”

Chapter 243: Seeing a Doctor 3

“Every time Old Yang has a fit, he has to bite the towel. Otherwise, he will bite his tongue.” Jiang Ni was so worried and her heart ached for him. “We went to almost all the famous hospitals and did a lot of examinations, but they didn't find any problems. We've also gone overseas, but it was still useless.”

Yang Tianfu sighed and continued, “I even went to see a psychiatrist, but it didn't help at all.”

“Mr. Yang, when you were in Harbor City, did you offend someone?” Ye Leng'an immediately asked, “And, you must have offended someone quite deeply! Otherwise, you wouldn't have been poisoned.”

“Poison?” Yang Tianfu and Jiang Ni exclaimed at the same time.

“Yes!” Ye Leng'an nodded and continued, “Furthermore, the person who poisoned you must hate you to the core. Otherwise, you wouldn't have been poisoned like this. Uh, if I'm not wrong, the person who poisoned you should be a woman.”

“Why?” Jiang Ni was a little curious. “Healer Ye, what kind of poison is that?

Also, why did you say that it must be a woman who poisoned him?”

Now, the way she addressed Ye Leng'an had changed. This was because Ye Leng'an was the first doctor in a long time who could accurately identify the cause of the illness. This was enough to prove that her medical skills were much better than those so-called famous doctors they had seen. Moreover, since Ye Leng'an knew the cause of the illness, she could definitely cure him.

“This poison is called Bone Corroding Powder.” Ye Lengan explained, “Bone

Eroding Powder, as the name suggests, corrodes even the bones.”

After hearing Ye Leng'an's words, Yang Tianfu and Jiang Ni all gasped. Especially Yang Tianfu. He could not help but shiver when he thought of the pain that came from his bones.

“Don't be afraid. This doesn't mean that all the bones will be corroded.” Ye Leng'an quickly explained, “This refers to the pain. It's like your bones are being corroded. The intervals between the fits will become shorter and shorter, and the pain will become more and more severe. In the end, it will act up almost every day. Moreover, it will last for an hour each time. The most terrifying thing is that this poison does not cause death, but it will destroy a person's spirit. The pain it causes is unbearable but will last for a limited period of time. This gives people a sense of hope. However, this kind of torture day after day will cause ones mental world to collapse. This poison is not fatal,

but in the end, those people will not be able to withstand the torture and choose to commit suicide.”

After hearing Ye Leng'an's description, Jiang Ni couldn't help but swallow hard. "Healer Ye, why did you say that it was a woman who poisoned Old Yang?"

Also, why couldn't the hospital find out?"

"Other than the pains, this poison doesn't cause any harm to the human body." Ye Leng'an continued, "So, even if you go to the hospital for a check-up, there won't be any problems. This poison should have been lost by now. It was the favorite method used by the concubines in the palace in the past because there was no blood when killing! They did not need to do anything themselves to make the other party commit suicide without being implicated in it at all.

However, because it was too cruel, it was ordered to be destroyed by an emperor. So, to use such a sinister thing, it must be a woman. Moreover, she should know about medicine. It was even possible that anyone of her ancestors was once an imperial physician."

The more Ysng Tianfu heard Ye Leng'an's words, the more displeased he became. Clearly, he had already thought of something. Perhaps he should be able to guess who poisoned him.

However, she would not ask about these things. After all, she was just a doctor who was only responsible for treating illnesses. She was not interested in other people's privacy.

"Tell me, did you have an affair?" Looking at Yang Tianfu's expression, Jiang Ni could not help but reach out and pinch his waist. "That's why she took revenge on you."

"No!" Yang Tianfu quickly cried out, "You know that you're the only person in my heart. I can't put up with anyone else. I can swear to the heavens.."

Chapter 244: Seeing a Doctor 4

"What nonsense are you spouting!" Thinking that Ye Lengan was still by her side, Jiang Ni glared at Yang Tianfu. "There's still someone here! What nonsense are you talking about!"

It was normal for two people to be intimate in private. But now there was another person here, she felt embarrassed.

So, she quickly turned her head and looked at Ye Lengan, saying, "Healer Ye, what kind of herbs do you need to make the antidote?"

Since it was a poison, they naturally needed an antidote.

"I can't make the antidote." Ye Lengan shook her head. "I've already said that this poison is already lost to the world. The herbs that can be used to make the antidote are extinct."

Her reply made Yang Tianfu and Jiang Ni's hearts sink. They did not expect that they would not be able to make an antidote even though they knew that he was poisoned. What was the use of knowing the reason?

Jiang Ni's eyes were filled with tears. She looked at Yang Tianfu and asked in a sobbing tone, "Old Yang, what are you going to do?"

Yang Tianfu did not expect such an outcome either. He naturally felt bad, but he still rallied and comforted her, "It's okay. I can endure the pain very well. Didn't Healer Ye also say that this poison wasn't fatal? So, don't worry."

Both of them were in low spirits.

"What's wrong with you guys?" Ye Lengan was speechless when she saw the couple looking as if the sky was falling. "Can't you just let me finish? Although there is no antidote, I can force the poison out through acupuncture! Why do you look like you can't be saved!"

"Ah?" Jiang Ni, who was about to cry, was dumbfounded. "You can still cure him?"

"Why not?" Ye Lengan laughed and said, "Furthermore, using acupuncture to force it out is much simpler than making the antidote."

"Old Yang, did you hear that?" Jiang Ni held Yang Tianfu's hand and said excitedly, "Healer Ye said that she can force out your poison."

"Yes." After riding an emotional roller coaster, Yang Tianfu calmed down a lot. He had thought that he could not be cured, but who knew that there would be a silver lining?

"Then, Healer Ye, when can we start acupuncture?" Jiang Ni couldn't wait to ask, "We can do it anytime. It depends on when it's convenient for you."

"Tomorrow!" Ye Leng'an said with a smile, "I didn't bring any gold needles today. Tomorrow, I'll bring the gold needles over and we can start the acupuncture treatment. After three times of acupuncture treatment, the poison in Mr. Yang's body will be cleared out."

"That's great." Jiang Ni warmly invited her, "Healer Ye, do you have a place to stay now? If you don't mind, you can stay here."

"No need." Ye Leng'an shook her head. "I came here with my friend. We're all staying in a hotel so that we can look out for each other."

"In that case, forget it." Jiang Ni said with a smile, "However, Healer Ye, you must have dinner with us here tonight. Even if you don't stay here, you should at least let me treat you to a meal! It's also good for me to do my part as a host."

"Not tonight. I've already made an appointment with a friend." Ye Leng'an smiled and shook her head. "What about tomorrow night?"

"That works too." Jiang Ni quickly said, "Healer Ye, do you avoid certain food?"

We will take good care of you tomorrow."

"No, I don't." Ye Leng'an shook her head. Then, as if she had thought of something, she asked, "Mrs. Yang, may I ask, who gave you your bracelet?"

"This bracelet?" Jiang Ni looked at the bracelet on her wrist and said with a smile, "Old Yang gave this to me. Not long after we got married, when we went on our honeymoon, he bought it at an auction. I really like this bracelet!"

"Oh, I see. Then it's fine." Ye Lengan nodded. After thinking for a moment, she said, "Mr. and Mrs. Yang, there's something I need to remind you about. If you really don't want to have children, then you should use other methods of birth control! In fact, such a method will still cause some damage to the woman's body."

She didn't intend to say it at first. After all, this was a matter between the husband and wife. As an outsider, she really couldn't interfere. However, seeing the loving couple, she felt that she still needed to remind them. Of course, in the end, it was their choice whether to accept it or not..

Chapter 245: Seeing a Doctor 5

"What?" Yang Tianfu frowned with a trace of ruthlessness in his eyes. "Healer Ye, what do you mean?"

"Don't you know?" Ye Leng'an was a little surprised. "If you don't want to have a baby, why are you wearing that bracelet on your wrist? Don't tell me you don't have any children?"

According to their ages, she thought that they already had children, so they used such a method of birth control and did not plan to have any more children. However, it seemed that this was not the case.

"The bracelet?" Jiang Ni was shocked. "Healer Ye, what's wrong with my bracelet? Is it because of this bracelet that I can't have children?"

She had been married to her husband for 20 years, but they never had a child.

They had also seen many doctors, but they all said that there was no problem. The two of them had also tried to make test tubes, but they still did not succeed. But now, Ye Leng'an said that the reason they couldn't have a child was because of a bracelet.

"I thought you knew!" Ye Leng'an thought for a moment and finally asked,

"Mrs. Yang, do you mind showing me the bracelet?"

"Of course not." Jiang Ni took off the bracelet without hesitation and handed it to Ye Leng'an.

Actually, even if Ye Leng'an didn't let her take it off, she wouldn't dare to wear it anymore. She immediately took off the bracelet and handed it to Ye Leng'an.

"Healer Ye, what is the problem with this bracelet?" Yang Tianfu suppressed the anger in his heart and asked, "Also, is this harmful to her body? How is she now?"

Ye Leng'an took the bracelet and looked at it. Then, she asked someone for a needle and picked it a few times. With a crisp sound, a small part of the bracelet suddenly popped open. Then, she poured out a few small beads that had a strange red color. She leaned closer and sniffed them gently.

"This... What is this?" Jiang Ni swallowed and asked, "Why are they in this bracelet?"

"They are called the Musk Beads. Their main function is to prevent pregnancy." Ye Leng'an explained, "I've heard that some people like to use this kind of thing to prevent pregnancy. They find it convenient. However, they don't know that the beads are made from the musk of a male musk-deer with other spices added to it. If a woman smells it for a long time, she can avoid pregnancy, but it is not good for her body."

At this point, Ye Leng'an closed the bracelet's mechanism and returned it to Jiang Ni. "However, these Musk Beads were put in there later. That's why I mistakenly thought that you were using this thing to prevent pregnancy." Seeing Ye Leng'an hand the bracelet over, Jiang Ni glanced at it, but she didn't dare to take it anymore as if there were viruses on it.

"It's okay." Ye Lengan said with a smile, "I've already taken out the Musk Beads, so there's no problem with this bracelet. Of course, if you're worried, you can also get someone to clean and disinfect it before wearing it."

After hearing Ye Leng'an's words, Jiang Ni still took the bracelet, but she didn't put it back on. She decided to send it to the jewelry store for cleaning and disinfection first! As for whether she would wear it again in the future, she had no idea. After all, she still felt disgusted when she saw the bracelet.

"Healer Ye, may I take the liberty to ask?" Yang Tianfu asked, "Had the Musk Beads always been in this bracelet?"

"That's impossible." However, Ye Leng'an shook her head. "They were definitely put in the bracelet later. You bought this bracelet at an auction, right? This bracelet should be an antique because it looks quite old. If the Musk Beads were really inside the bracelet from the very beginning, they would have lost the smell and effect long ago. The Musk Beads are considered a kind of spice. The fragrance will eventually dissipate! If they are old enough, after so many years, it's impossible for them to still have a fragrance. According to my calculations, the time the Musk Beads were placed inside should be around five years! Actually, even if I didn't discover it today, this fragrance would have dissipated in a few years. At that time, the Musk Beads will lose its effectiveness.."

Chapter 246: Seeing a Doctor 6

Yang Tianfu's eyes hardened. Then, he immediately asked, "Healer Ye, what about my wife? How is she now?"

He bought this bracelet during their honeymoon, and his wife liked it very much and had always worn it all these years. Therefore, he was very worried that there were any problems with her body because of this.

"Healer Ye, can I still get pregnant and give birth?" Obviously, Jiang Ni was concerned about another problem. "Please help me!"

"Let me take your pulse!"

Jiang Ni quickly reached out her hand, and Ye Leng'an gently pressed her fingers on her wrist.

A moment later, Ye Leng'an withdrew her hand and said, "Mrs. Yang must have always worn this bracelet over the years! Fortunately, she is in good condition, and she also knows how to take good care of herself, so the damage is very much limited. She just needs to drink a few pills to nurse her body."

"That's good." Yang Tianfu heaved a sigh of relief. He then asked, "Healer Ye, so you mean that there have always been Musk Beads in this bracelet all these years? But didn't you say that the Musk Beads were put in there five years ago?"

They had been childless for the past twenty years. Was there another reason other than this one?

Hearing this question, Ye Leng'an rolled her eyes in annoyance. "Since someone else can put the Musk Beads in, then they can definitely replace the beads! After the fragrance fades, they can just replace with new ones again."

"Healer Ye, when can I get pregnant?" Jiang Ni was a little anxious. "We've been married for 20 years, but we never had a child. Both of us like children. All these years, we've suffered so much to conceive a child. We didn't expect this to be the reason."

Jiang Ni couldn't help but shed tears in the end. Thinking of the grief of trying to get pregnant for so many years, she could no longer hold back the sadness in her heart.

Yang Tianfu's heart ached when he saw his wife's tears. He quickly reached out and wiped the tears off Jiang Ni's face. Then, he comforted her, "It's okay. We're not in a hurry. Even if we don't have children, it's good for the two of us to be alone like this!"

"But I don't want to!" Jiang Ni laughed her tears away. She pushed Yang Tianfu away and scolded him jokingly, "I like children. I don't want to face you all the time!"

"Fine, fine. Let's have a child," Yang Tianfu quickly replied.

Ye Leng'an interrupted them with a smile, "Actually if you're in a hurry to have a child, I'll write you and your wife a prescription after Mrs. Yang recuperates. That way, you should be able to have a child within half a year."

"Really?" Jiang Ni was pleasantly surprised. She couldn't help but reach out and hold Ye Leng'an's hand, thanking her profusely, "Healer Ye, thank you. If it weren't for you, I might never have had a child in my entire life."

"This is what I should do as a doctor," Ye Leng'an continued) "However, I still have to remind you of one thing. Before you have children, it's best to get rid of some hidden dangers. Otherwise, even if you have a child, there might be an accident. "

With that, Ye Lengan took the pen and paper from the maid and began to write the prescription.

"There won't be any accidents." There was a ruthless cold light in Yang

Tianfu's eyes. "I will get rid of all the hidden dangers."

Now that he knew the cause, it was much easier to investigate. Moreover, the person who could change the Musk Beads in the bracelet every few years must be by their side. No matter who it was, he would never let the person off after harming them for so many years.

"This is your own business. You don't have to tell me." Ye Leng'an handed the prescription to Jiang Ni. "According to this prescription, take the medicine in the morning and in the evening. After taking it for a month, you will be able to recover from the damage caused by the Musk Beads."

"Thank you, Healer Ye." Jiang Ni solemnly took the prescription as if she had obtained a treasure.

Yang Tianfu glanced at the bracelet on the table and suddenly asked, "Healer

Ye, I wonder if you have a way to remove the medicinal properties of the Musk Beads?"

Since the Musk Beads were about to lose their effectiveness, the person behind all this would definitely find an opportunity to change the medicine. He could use this bracelet as bait. However, these Musk Beads had not completely lost their effect, so he did not dare to let his wife continue to wear the bracelet.

That was why he asked Ye Leng'an if she had any ideas..

Chapter 247: Seeing a Doctor 7

"I know what you are planning to do." Ye Leng'an replied, "When I come over tomorrow, I'll bring you some small fragrant beads that have a similar fragrance and appearance to these Musk Beads!"

"Thank you."

After that, Ye Leng'an got up and left.

Yang Tianfu was also very generous. Although the treatment was not over yet, he had already given Ye Leng'an a check for five million. He said that it was for today's consultation fee.

Ye Leng'an didn't refuse the cheque, but she turned down the Yangs' offer to ask the driver to send her back and directly left.

After leaving the Yang family, Ye Leng'an did not return to the hotel. Instead, she went to the shopping mall to take a look. She and Huangfu Ruiling had arranged to eat at a restaurant outside. Therefore, she planned to go straight to the restaurant after shopping.

The shopping malls in Jin City were not much different from those in the capital. Ye Leng'an strolled around in a high-class shopping mall. Whenever she saw something she liked, she would stop to take a look, but she didn't buy it.

Because the things here were similar to those in the capital. If she bought it here now, she would have to bring it back to the capital. She might as well go shopping after returning to the capital. However, if she found something she particularly liked, she would still buy it.

Slowly, Ye Leng'an arrived at a jewelry store. This jewelry store looked like it had been around for quite a few years now. The interior decoration was low-key and luxurious. The store mainly sold jewelry made of jadeite jades. Ye Leng'an browsed slowly and wasn't in high spirits. Although there were a lot of jadeite jades in the shop, none of them catch her eye. One had to know that the small bottles she usually used to store pills were all made of top-grade jadeite. Therefore, she did not particularly like the jadeite that was made into jewelry.

When she saw a lavender jade bracelet on the counter, she stopped in her tracks. She called the saleswoman over. "Hello, could you please show me this bracelet?"

She noticed the bracelet not because it was beautiful, but because she could feel a faint spiritual energy from it.

"Miss, you really have good taste." The saleswoman took out the bracelet and introduced it, "This is the lavender jade of the old pit glass species. Look at how pure the purple color of this bracelet is!"

Ye Leng'an picked up the bracelet and looked at it. She was very satisfied, but she didn't try it on. She took out her card and handed it to the saleswoman. "Swipe the card!"

"Huh?" The saleswoman had never met such a straightforward customer. She was a little stunned for a moment. After hesitating for a moment, she said, "Miss, do you want to try it on first? After the jewelry is sold, unless there is a problem with the quality, it cannot be returned."

After all, this was a jewelry shop. Almost all the customers who came here to buy jewelry were very picky. They tried quite a few times before deciding whether they wanted to buy it. However, this young girl in front of her bought a bracelet worth millions like this as if she was buying cabbage. She didn't even try it and decided to pay with her card.

This was the first time she had met a customer who paid the bill so quickly after being a saleswoman for so many years. That was why she couldn't help but remind Ye Leng'an. She was

worried that after Ye Leng'an bought it and realized that it wasn't suitable, she would come back and cause trouble.

"No need." Ye Leng'an said directly, "Just wrap it up for me!"

"Okay." Although she was surprised by the customer's purchasing power, after reminding the customer dutifully, she went to swipe the customer's card.

"Miss, this bracelet costs you three million."

Ye Leng'an nodded her head and didn't have any objections, nor did he refute.

When the other saleswomen around saw Ye Leng'an's actions, they cast envious and jealous looks at the saleswoman who was serving her. Who would have thought that there would be such a free-spending customer? She decided to buy a bracelet worth three million just at one glance. If they had known earlier, they would have rushed up to greet her.

Ye Leng'an sat in front of the counter, waiting for the saleswoman to swipe her card to pay for the bracelet.

At this moment, a hand suddenly appeared in front of her and picked up the bracelet. Then, an arrogant voice sounded.

"How much is this bracelet? I want it."

Ye Leng'an turned around and saw a girl wearing Chanel's latest dress. She was holding her bracelet in her hand, looking arrogant. When she looked at Ye Leng'an, her eyes were filled with disdain.

Beside the arrogant girl, there was another girl with her head lowered like a follower.

"It's my bracelet," Ye Leng'an said directly. "Please put it down."

"I'm buying it. You can go and choose something else." The arrogant woman, Shu Yaqi, didn't put down the bracelet in her hand because of Ye Leng'an's words.

"I told you, this is mine." Ye Leng'an picked up her phone. After taking a look, she continued, "So, you should go and choose something else!"

It showed on her phone that the payment was successfully made. Three million had been deducted from her account, so the bracelet was now hers.

"You..." Shu Yaqi stomped her feet in anger because of Ye Leng'an's attitude. She pointed at Ye Leng'an's nose and said arrogantly, "I'm not discussing this with you. I'm informing you. Do you know who I am? If you offend me, you may not survive in Jin City."

From the very beginning, she had disliked this woman. Especially when she saw her seductive face, she disliked her even more. However, she had never

seen this woman among the rich young ladies in Jin City. However, this woman could sit in such a high-end jewelry store. Without thinking, Shu Yaqi knew that this woman was definitely the

mistress of a young man. It was simply a stupid dream to enter the upper class just by relying on that pretty face.

"I have no interest in knowing who you are." Ye Lengan looked at the finger in front of her, and there was a cold glint in her eyes. "However, if you don't take your finger back, don't blame me if it breaks."

"How dare you!"

Although Shu Yaqi said that, she still couldn't help but withdraw her hand. For some reason, she clearly looked down on the girl in front of her, but when she saw the look in her eyes, she could not help but feel a little scared.

However, when she realized what she just did subconsciously, she became even more furious..

Chapter 248: An Encounter at the Night Market 1

"Why wouldn't I dare?" Ye Leng'an sneered and said, "Also, put down the bracelet in your hand. It's mine. Or do you like to be a bandit and snatch other people's things?"

"You are the bandit!" Shu Yaqi was so angry that her face turned red. "I just said that I wanted this bracelet. It's mine now."

After she finished speaking, she went straight to the counter and put down the bracelet in her hand. She pointed at the saleswoman who had just received Ye Leng'an and said arrogantly, "You, come over and help me wrap up the bracelet. "

"Well..." The saleswoman was still holding Ye Leng'an's card. She raised her head and looked at Shu Yaqi. "Miss Shu, I'm sorry, but this lady has already bought this bracelet."

Naturally, they all knew Shu Yaqi. The Shu family was a famous family in Jin

City and Shu Yaqi was the daughter of Mr. Shu and his first wife. Although she was very beautiful, she was also narrow-minded, arrogant, and despotic. She hated girls who were prettier than her. If they met, she would definitely make things difficult for the other party.

Obviously, the same situation happened again. This girl possessed great beauty. It could be said that when Shu Yaqi stood beside her, Shu Yaqi who was originally like a pretty flower instantly became a green leaf that set off the fresh flower. It was no wonder that she didn't like this girl.

"Then refund her money now." Shu Yaqi could be said to be rude and unreasonable. "Anyway, I want this bracelet now. Do as you see fit."

"This..." The saleswoman looked troubled. "Miss Shu, I really can't do this. This lady had already made the payment. Unless she is willing, there is no way to ask her to return it."

Moreover, she didn't dare to do anything casually. This was the customer's card. Now the card had been swiped and the money had been deducted, how could she refund the money?

“Yaqi, forget it!” Shu Mei’er, who had been standing at the side like an invisible person, said softly, “Grandfather’s birthday banquet is coming soon. Dad also told us not to cause trouble for the time being.”

“What does this have to do with you?” Shu Yaqi directly gave Shu Mei’er a shove. ‘You’re just a mistress’s daughter, who do you think you are to speak

A hint of embarrassment crossed Shu Mei’er’s face.

“Give me back the bracelet.” Ye Leng’an had no interest in the drama of a wealthy family. She looked at Shu Yaqi and said bluntly, “I’ve already paid for it. Legally, this is already mine. If you don’t want to give it back to me, I can only call the police.”

“Do you know who I am? I’m the daughter of the Shu family.” Shu Yaqi looked at Ye Leng’an. “If you know what’s good for you, yield it to me. Otherwise...”

“No!” Before Shu Yaqi could finish, Ye Leng’an said coldly, “So, please return the bracelet now, or I’ll send you to the police station today.”

“You...”

The anger in Shu Yaqi’s heart reached its peak when she could do nothing with Ye Leng’an. The Shu family was one of the top families in Jin City. All these years, she had never been disobeyed like this. Now, a person who came out of nowhere dared to speak to her like this and even snatch away the bracelet she

Shu Yaqi rolled her eyes, a vicious smile appearing on her face. She then picked up the bracelet and handed it to Ye Leng’an. “Here you go!”

However, before Ye Leng’an could reach out to take it, she loosened her grasp and let the bracelet fall to the ground. With a smash, it broke into two.

“Whoops, why didn’t you take it!” Shu Yaqi gloated and said, “Look! Such a pretty bracelet is broken.”

Since Shu Yaqi couldn’t get it, she wouldn’t let anyone else get it either. Ye Leng’an was just a b*tch who tried to win the heart of a man with her pretty appearance. How could Ye Leng’an be illegible to compete with her?

Ye Leng’an looked at the bracelet on the ground with a flicker of pity in her eyes. She squatted down and picked up the bracelet that broke in half. Then, she slowly absorbed the spiritual energy from the bracelet. In just a moment, she had absorbed all the spiritual energy of the bracelet. After that, she placed the broken bracelet on the counter.

The originally crystal-clear bracelet seemed to be covered in a layer of dust because it had lost all the spiritual energy on the surface. Of course, the difference was not big. Unless one had carefully observed the bracelet from the beginning, the difference was barely to be noticed..

Chapter 249: An Encounter at the Night Market 2

Ye Leng'an, in Shu Yaqi's eyes, was a person who had never seen the world given what she did just now. She was so heartbroken for just a shattered bracelet.

The saleswomen who had been watching everything from the side did not even dare to breathe loudly. They could only watch helplessly as all of this happened, but there was nothing they could do to stop it.

This young girl bought a bracelet so easily. Coupled with her temperament, she was not an ordinary person.

On the contrary, Shu Yaqi was the daughter of the Shu family, a big family in Jin City. She had always been arrogant and despotic. If she was offended, she would give the offender a hard time in Jin City.

It seemed that the saleswomen couldn't afford to offend both sides. Therefore, they did not dare to say anything and could only stand there quietly.

"It's not a pity!" After putting down the broken bracelet, Ye Leng'an looked at

Shu Yaqi. Then, she picked up her phone and said, "Do you use WeChat or

AliPay? Or, you can choose to make a bank transfer directly."

"What?" Ye Leng'an's sudden remark made Shu Yaqi a little confused. "What do you mean?

Shu Mei'er, who had been standing aside in silence, was also looking at Ye Leng'an in shock. However, on closer inspection, one could see the excitement hidden in her eyes.

"The compensation!" Ye Leng'an said matter-of-factly, "You can't pretend that nothing happened after you broke my bracelet like this!"

"You dare to ask me for compensation?" Shu Yaqi seemed to have heard something unbelievable and almost laughed out of anger. "I haven't even settled the score with you for snatching the bracelet from me yet, and you dare to ask me to compensate you?

"Compensate, or I'll call the police." Ye Leng'an didn't waste any more time reasoning with Shu Yaqi and immediately switched the phone interface to make a call. At this moment, she had already punched in the police number and was only a step away from making the call. "This bracelet is expensive. If I really call the police, the case can be registered."

"You..." Facing Ye Leng'an's threat, Shu Yaqi wanted to leave just like that, but she was afraid that Ye Leng'an was not joking.

She could even imagine how her grandfather and father would react if she was really taken in by the police. Recently, her father had specially warned her not to cause trouble.

“Why? Aren’t you very powerful?” Ye Leng’an looked at Shu Yaqi and smiled, saying, “Aren’t you able to make it difficult for me to survive in Jin City? So, you should be able to take out a mere three million, right?”

“This bracelet costs three million?” Shu Yaqi almost jumped up. “Who knows if you’re lying to me!”

When she first saw it, she thought that the bracelet was only worth a million at most. Even though she was the daughter of the Shu family and had a lot of pocket money, she still needed to go shopping, go to beauty salons, throw parties with her friends, go abroad to buy clothes, and so on. Her pocket money was not enough to spend, let alone save it up.

Usually, if it hadn’t been for her mother and brother who were subsidizing her, she wouldn’t have enough to spend. It was almost the end of the year, and she was already short of money. In order to go shopping in Paris with her friends, she just got three million from her mother. If she took out the three million as compensation now, she would not be able to go to Paris.

“We’re still in the shop.”

After saying that, Ye Leng’an turned around and looked at the saleswoman.

“Please give me the receipt.”

“This...” Facing Shu Yaqi’s murderous gaze, the saleswoman was a little scared. For a moment, she didn’t know if she should print the receipt for Ye Leng’an at this time. However, according to the normal purchase process, since she had swiped the customer’s card, it meant that the transaction had been made and the receipt had to be given to the customer. However, if she really gave the receipt, would she offend Miss Shu? Then would Miss Shu make it difficult for her in the future?

For a moment) the saleswoman was in a dilemma.

“What? Is your shop a scam?” Ye Leng’an said calmly, “That’s why you can’t give me the receipt.”

“No, Miss. I’ll print it for you right now.”

The saleswoman didn’t dare to hesitate any longer. She immediately printed the receipt as fast as she could and handed it to Ye Leng’an. She was doing things according to the normal procedure now. She really couldn’t afford to offend Miss Shu. However, if rumors spread that their shop was an unscrupulous shop, she would get fired tomorrow before Miss Shu made a move..

Chapter 250: An Encounter at the Night Market 3

“Here, now you can see it!” Ye Leng’an said calmly, “The receipt is here. Do you

want to transfer the money to me now? Or do you want to transfer it to me after you get to the police station?

“You...” Shu Yaqi gritted her teeth and said, “It’s just three million, you are making it seem like no one can afford this amount. I’ll transfer it to you now.” Ye Leng’an nodded and provided her bank account number.

Though Shu Yaqi’s heart was bleeding, she still pretended to be indifferent.

After the transfer was done, she looked at Ye Leng’an and said mockingly,

“Only someone like you who hasn’t seen the world would attach such importance to three million. I’ll just consider it a happy purchase.”

At the side, Shu Mei’er kept her head lowered. In a place where no one could see, her eyes were filled with excitement. She also didn’t expect that Shu Yaqi would actually suffer such a big loss here today. It was truly gratifying! Seeing that the money had been transferred, Ye Leng’an knocked on the counter and smiled. “Indeed, you are generous. That’s why you spent three million to buy this broken bracelet. Remember to bring it back later. After all, you spent a huge sum of money on it.”

Shu Yaqi was so angry that she couldn’t speak. She snorted coldly, “You’re quite something. I’ll remember you. I’ll make sure to see if you can survive in

Jin City.”

With that, Shu Yaqi turned around and left the jewelry store.

Shu Mei’er did not dare to waste any time and immediately followed.

Ye Leng’an was no longer interested in the broken bracelet on the counter.

Actually, she was not interested in the bracelet itself at first but the spiritual energy on it. However, she knew that if she absorbed the spiritual energy like this, the color of the bracelet would definitely be affected. That was why she decided to buy it and deal with it later.

However, he didn’t expect to meet someone like Shu Yaqi. Nevertheless, it was beneficial as Shu Yaqi became an unwitting scapegoat.

Ye Leng’an wasn’t interested in the other jewelry in the shop. Therefore, not long after Shu Yaqi left, she also walked out of the shop.

Only the saleswomen remained. They looked at the broken bracelet on the counter and didn’t know how to deal with it.

After leaving the jewelry store, Ye Leng’an stopped shopping and took a taxi to the restaurant where she had made an appointment with Huangfu Ruiling.

A few minutes after sitting in the private room, Huangfu Ruiling also pushed himself in.

Ye Leng’an did not stand up to welcome him but poured a cup of tea and placed it in front of Huangfu Ruiling.

“Did everything go well today?” Huangfu Ruiling picked up the teacup and took a sip, asking, “It seems you arrived earlier than the agreed time.”

“It went fine!” Ye Leng’an smiled and said, “I just went over to take a look today. The treatment hasn’t started yet, so it ended very early. However, I did make a small fortune today.”

“Hmm?” Huangfu Ruiling raised an eyebrow curiously.

“Hehe, I just met a fool.” Ye Leng’an didn’t explain in detail. “I wanted to buy something, but someone was willing to cover the bill. I didn’t refuse the offer. It saved me a lot of money!”

Hearing Ye Leng’an’s words, Huangfu Ruiling paused for a moment, but soon recovered, so no one noticed. Then, he asked casually, “Is it a man or a woman?”

His tone was so calm that no one could sense anything wrong with it. So did Ye Leng’an, and she said very naturally, “It’s a woman. She’s really quite arrogant. Today’s incident taught her a lesson.”

“Oh, I see!” Huangfu Ruiling nodded and then continued, “Then, you are going to treat the Yang family tomorrow, right?”

“Yes, I’ll start acupuncture tomorrow and continue for three days.” Ye Lengan nodded and said, “By the way, I promised to have dinner at the Yang family’s house tomorrow night.”

She didn’t know why she shared this with Huangfu Ruiling, but it just came out so naturally. However, she did not think too much about it.

A glimmer of light flashed in Huangfu Ruiling’s eyes. “I received an invitation today. There will be a banquet in two days.. Do you want to join and have some fun ? ?
