

Full-Level 61

Chapter 61: Information Inquiry

Ye Xiyuan didn't go over to say hello, so Ye Lengan naturally wouldn't make things difficult for herself. But...

"What's wrong?"

Huangfu Ruiling was a little puzzled as he noticed that Ye Lengan kept glancing in Ye Xiyuan's direction intentionally or unintentionally. "I thought you didn't want to greet them?"

"That's true." Ye Lengan took her eyes off them and said in a confused tone, "I just feel that the man beside Ye Xiyuan... Oh, she is the woman who has a deep hatred for me. I feel that I have seen that man before. He looks quite familiar, but I just can't remember."

"Since you can't remember, then stop thinking about it." Huangfu Ruiling picked up a piece of meat and placed it in Ye Leng'an's bowl. "It's fine if you don't remember someone who's not important."

Ye Lengan nodded her head and stopped struggling with it.

Only those unimportant people would not leave a deep impression on you. However, since that man became close to Ye Xiyuan, she really had to be careful. In her first life, Ye Xiyuan's admirers had harmed her quite a bit.

Although she had never seen this person before, she still had to be careful. On the other side, Ye Xiyuan was chatting and laughing with Nangong Xuyao, but she also diverted some of her attention to the man opposite Ye Lengan.

She never knew that Ye Lengan had such a man by her side. That man had a domineering presence just by sitting there. She couldn't describe what she felt, but when she saw that man, an unknown fear rose from the bottom of her heart. The only thing that reassured her was that the man was disabled.

However, for safety's sake, Ye Xiyuan still called out to the System in her mind,

"System, help me find all the information about the man beside Ye Lengan."

She would never allow Ye Lengan to be outside of her control. No matter whether that man was an unstable factor or not, she had to be careful.

"500 points will be deducted for the relevant information. Are you sure you want it?" A mechanical voice came up.

"500 points?" Ye Xiyuan couldn't help but frown. "Didn't you say that you didn't need any points for inquiries previously?"

She inquired into many people's backgrounds before. After knowing their preferences, she could cater to their taste and gain their favor. She was able to woo Yuan Silei, who was Ye Leng'an's best friend, to her side after knowing all the information.

In the past, the System would give her detailed information every time. But now, she was suddenly informed of the point deduction. Moreover, 500 points was really a lot and she had to complete several missions to get it.

"What's wrong?" Nangong Xuyao noticed the change in her countenance and asked with concern, "Are you okay?"

"Yes!" Ye Xiyuan quickly smiled. "I was just thinking about something else. I'm fine."

"That's good." Nangong Xuyao smiled. "Then let's eat! After dinner, I'll take you to a very special place."

"Really?" Ye Xiyuan was pleasantly surprised, looking expectant.

"Yes, of course." Seeing the smile on her face, Nangong Xuyao continued with a contented smile, "I think you'll definitely like that place."

"Then I'll be looking forward to it."

Ye Xiyuan let out a sigh of relief and continued to chat with Nangong Xuyao while calling out to the System in her mind, "System, why did the rules change?"

"The rules didn't change. It doesn't need any points to check up on ordinary people. However, when the System detects your inquiry as an advanced one, your points will be deducted."

After hearing the System's reply, Ye Xiyuan made a decision without any hesitation. "Inquiry confirmed."

If she was still a little hesitant at the beginning, she was resolved now. She grasped the main point in what the System had said. The man beside Ye Lengan was not an ordinary person.

Since that was the case, she was more eager to find out who that man was. Otherwise, she was afraid that something would happen when she needed to deal with Ye Lengan.

"Inquiring."

At this moment, Huangfu Ruilings eyebrows twitched and there was a fierce look in his eyes.

"What's wrong?" Ye Lengan immediately noticed the change in Huangfu Ruiling. "Did something happen?"

"No, everything is fine." Huangfu Ruiling suddenly became calm again and said in a cool voice, "There's just a small grasshopper jumping around."

On the other side, Ye Xiyuan suddenly felt a stinging pain in her head. A sharp mechanical sound rang out in her mind.

“System malfunction. System malfunction. Emergency shutdown. Emergency shutdown.”

Then, she heard the sizzling sound of electricity in her ears.

“System, System, are you still there? System, answer me!”

No matter how Ye Xiyuan called out in her mind, she couldn't hear the mechanical voice's reply..

Chapter 62: Losing Contact

Although the pain in her head had disappeared, Ye Xiyuan's face instantly turned pale because she realized that she could not contact the System no matter what.

Panic began to spread in her heart. She did not know what had happened, but she was really afraid that she would lose the help of the System. Ever since she was reborn, it was because of the System that she was able to walk step by step to where she was now. She had her parents' attention and was loved by the people around her.

Without the help of the System, she couldn't get what she had now. She could hardly imagine what would happen to her if she lose contact with the System. Would she lose everything she had now?

The color drained from her face when she thought about this. She looked like she was about to faint at any moment.

“Xiyuan, what's wrong with you?” Nangong Xuyao naturally noticed that something was wrong with her. He immediately stood up and went to her side, placing his hand on her forehead. “What's the problem?”

She looked up and smiled at him weakly. “I'm not feeling well. I want to go back home.”

Although she really wanted to take this opportunity to make a deeper impression on Nangong Xuyao, she had no choice today. Right now, she was in a state of panic. She felt that if she continued to stay, it would backfire.

Moreover, she wanted to go back and contact the System again to see if she could get in touch with it. If she couldn't contact it, she had to think of another way.

“It looks as though you are feeling ill. I think I should send you to the hospital first.” Looking at her pale face, Nangong Xuyao was very worried. “You should go to the hospital for a proper checkup.”

Though Ye Xiyuan looked a little weak at the moment, she didn't look disheveled at all. Instead, she looked pathetic, which made his heart soften.

“No need, I'm fine. I just have a headache. I'll be fine after going back and having a good sleep.” She shook her head and said with determination, “Can you please send me home?”

“No.” Nangong Xuyao shook his head, and his attitude was unyielding.

“According to your current condition, you must go to the hospital.”

She looked like she was about to faint at any time. He didn’t think she was fine.

“I’m really fine.” She didn’t want to go to the hospital, or in another way, she just wanted to go home. “You just need to send me back. We also have a family doctor. I’ll just ask the family doctor to come and take a look at me.”

“No, you should go to the hospital,” Nangong Xuyao said in a firm tone. I don’t feel easy about letting you go back like this. Let’s go to the hospital now.” After saying that, he grabbed her arm and left the restaurant with her.

Ye Xiyuan couldn’t persuade Nangong Xuyao, so she was taken to the hospital in the end.

Ye Lengan watched them leave in a hurry. A hint of doubt flashed across her eyes.

She noticed Ye Xiyuan’s sudden change just now, but she did not know the reason. She tried to use her spiritual energy to check Ye Xiyuan’s body, but there was nothing wrong with her. However, her face suddenly turned pale, and it was also visible to the naked eye. What exactly happened to Ye Xiyuan?

Huangfu Ruiling glanced at Ye Lengan who seemed to be lost in thought and did not say anything.

On the other hand, after Ye Xiyuan was taken to the hospital, she went for a full body checkup at Nangong Xuyao’s insistence. The final result showed that everything was normal.

After confirming that Ye Xiyuan was fine, Nangong Xuyao sent her back to the Ye family.

Ye Li and Lin Wanqin were both shocked to see Ye Xiyuan’s appearance when she entered. She was fine when she left home in the afternoon, but now she looked weak when she came back.

In the end, Ye Xiyuan explained what happened to them and then returned to her room.

Nangong Xuyao didn’t stay any longer. After Ye Xiyuan returned to her room, he left.

The moment Ye Xiyuan returned to her room, she immediately called out to the System. However, no matter how many times she called out, the mechanical voice did not rise up.

For a moment, she became even more flustered. She didn’t know why she couldn’t contact the System. O

She immediately began to recall what had happened. She only remembered that the System suddenly said that it was malfunctioning and was about to shut down. Then, she lost contact with it.

Suddenly, an idea flashed through her mind. She remembered that before the System malfunctioned, it deducted her points to check the information of the man beside Ye Lengan.

Thinking of this, she was bewildered. She didn’t know if the System’s sudden malfunction was related to that man.

However, she immediately shook her head and tried to get rid of the thoughts in her mind. She knew very well that no one else knew about the existence of the System.. Was this just a coincidence?

Chapter 63: Her Hesitation

The more she thought about it, the more uneasy Ye Xiyuan felt. Especially now that she had lost the help of the System, she was even more flustered and at a loss.

There was suddenly a rattling at the door.

Just as Ye Xiyuan was feeling uneasy, she heard a sudden knock on the door. Even though she only wanted to be alone for a while and didn't want to see anyone, she knew very well that there were not many people who could knock on the door at this time. In order not to ruin her understanding image in her parents' hearts, she could only open the door and let the person in.

It was Lin Wanqin. She came to the bedside and sat down. She looked at Ye Xiyuan's pale face with concern in her eyes. "Xiyuan, how are you feeling now? Do you need the doctor to come over and take a look?"

When Ye Xiyuan saw the concerned look on Lin Wanqin's face, an idea came to her in a flash. She suddenly asked, "Mom, do you still want Ye Lengan to return to the Ye family?"

She didn't know why, but when she saw how concerned her mother was about her, she suddenly thought of Ye Lengan. She wondered if her mother was so concerned about Ye Lengan in the past ten years. Although she had completely destroyed Ye Lengan's position in her parents' hearts, in this family, her mother would be the only one who still had some attachment to Ye Lengan.

Lin Wanqin froze at the name Ye Xiyuan suddenly mentioned. "Why did you mention her all of a sudden?"

It had been a long time since she had heard Ye Lengan's name. For a moment, she really couldn't react.

Her feelings for Ye Lengan were quite complicated. In the past, she always thought that Ye Lengan was her daughter and gave all her motherly love to her. However, she later found out that Ye Lengan was not their real daughter. The feelings they had for each other for more than ten years could not disappear without a trace just because she was mistaken for their biological daughter.

But compared to her feelings for Ye Lengan, she felt even more guilty towards her real daughter. Ye Lengan was unruly and willful, but Xiyuan was more understanding, gentle, and pleasant. It could be said that Ye Xiyuan was the best daughter in her heart.

And her last bit of feelings for Ye Lengan had vanished after knowing what happened in their school.

"No, I just suddenly wanted to ask!" Ye Xiyuan held Lin Wanqin's hand and said coquettishly, "I just want to know in your heart, which one is more important, me or Ye Lengan? "

Right now, she desperately needed to prove her status. After losing contact with the System, she wanted to grab hold of everything that belonged to her, including her parents' love and attention.

"Of course, it's you!" Lin Wanqin reached out and stroked Ye Xiyuan's hair and said with a smile, "If you hadn't suddenly mentioned it, I might have forgotten about this person. Xiyuan, I'm proud of you."

Hearing Lin Wanqin's words, Ye Xiyuan was very happy, but at the same time, she felt a sense of crisis. Because she knew very well that her parents liked her because she was very outstanding now and could bring glory to them. If she had accomplished nothing as she did in her previous life, then the one staying in the Ye family now would have been Ye Lengan, not her.

Ye Xiyuan made a decision in her heart at this thought. No matter what, she absolutely couldn't let Ye Lengan have her day. She wanted to ruthlessly trample Ye Lengan under her feet.

"Mom, I met Lengan when I went out to have dinner with Brother Nangong today."

While she was speaking, Ye Xiyuan raised her head and looked at Lin Wanqin. She said in a hesitant note, "Well, my sister, she?.."

"Whaps wrong with her again?" After hearing the news about Ye Lengan and seeing Ye Xiyuan's troubled expression, Lin Wanqin knew that something terrible happened. Her tone was tinged with impatience. "What did she do this time?"

"No, no." Ye Xiyuan shook her head repeatedly. In the end, she gritted her teeth and said, "Today, when Brother Nangong and I went to the restaurant, we happened to bump into Lengan and a man having dinner together there. That man looked like a professional in society. Moreover, he must be a person of some importance to be able to go to that place to eat. I don't know how Lengan get to know that man. Also, that man was in a wheelchair. Didn't you say that she forked out 50 million at once? I'm just a little worried about her.."

Although she didn't finish what she wanted to say next, her meaning was obvious.

Lin Wanqin's face turned ashen after she heard Ye Xiyuan's words. Then; she said in a tone filled with disgust, "It's really humiliating."

Even though Xiyuan didn't say it directly, she already figured it out. When she saw Ye Lengan effortlessly take out 50 million, she had already guessed it. Now that Xiyuan saw Ye Lengan have dinner with a man by chance, it only confirmed her guess.

Fortunately, Ye Lengan had already left the Ye family. Otherwise, they would have been the laughingstock of others..

Chapter 64: She Was Crazy

At this moment, Ye Lengan didn't know that Ye Xiyuan was constantly smearing her image in front of the Ye family. However, even if she knew it, she would not care. After experiencing so many things in her first life, she no longer had any relationship with the Ye family the moment she left them in this life.

After having dinner with Huangfu Ruiling, Ye Lengan didn't go home directly. Instead, she went to the Chen family's house, intending to give Chen Kang the last treatment.

After the last acupuncture session, Chen Kang felt relief flood through him.

In the past, although he looked fine on the surface, he could feel powerlessness in his heart at any time, especially when he had a heart attack. He was even afraid that he would never wake up again. However, he clearly felt that the pressure on his chest had disappeared. It was the first time he felt so relaxed since he fell ill. Even when he was healthy, he had never felt so relaxed.

Ye Lengan handed a prescription to Chen Kang and said, "This is the last acupuncture session. I've already adjusted your heart to its best condition. As for this medicine, you still need to drink it continuously for a month. It will help nurse your body."

Chen Kang solemnly took the prescription with gratitude on his face. "Healer

Ye, if it weren't for you, I don't know if I would still be sitting here healthy."

"You don't have to be so polite. I'm not treating you for free." Ye Lengan shrugged and said, "However, you have to remember that I'm only regulating the functions of your heart, not curing your heart disease. In the future, although you can live like an ordinary person, it's better not to do any overly intense exercise."

"I got it." Chen Kang quickly agreed, "Don't worry, Healer Ye. I'll be careful. It wasn't easy for me to have such a healthy body. I'll definitely take care of myself."

Ye Lengan nodded and didn't say anything else.

Chen Kang took out a check and handed it to Ye Lengan. "This is just a little something to show my appreciation. It can also be considered as my medical fee. Please accept it."

Ye Lengan raised her eyebrows and took the check. In fact, she had no intention of refusing. She was not here to do charity, so she naturally would collect a medical fee! However, Chen Kang was quite generous. He actually paid 30 million as the medical fee.

Chen Kang heaved a sigh of relief when seeing her receive the check. After thinking for a while, he said, "Healer Ye, I'm sorry about what Hailan did to you."

Ye Lengan raised her eyebrows when she heard Chen Kang suddenly mention the past. "This has nothing to do with you. You don't have to apologize to me. Your daughter is already an adult. She knows what she's doing. However, I'm a little surprised that you apologized specifically for this matter. I thought that after the poisoning incident and the farce in our school last time, you would be completely disappointed in your daughter!

"Anyway, she's still my daughter." Chen Kang looked embarrassed. "Also, Hailan didn't poison me. She doesn't have such a brain."

Previously, although he had doubted her, he still believed his daughter in the end. Other than believing that his daughter would not poison him, he also knew that his daughter was not highly intelligent. Of course, he had also found out who the culprit was, but it was not easy to deal with it now.

Ye Lengan didn't doubt Chen Kang's words. As for who poisoned him, she believed that Chen Kang had already found out. As to how he was going to deal with it, it was the Chen family's business, not hers, and she did not care either.

“You suddenly brought this up today not just to apologize, right?” Ye Lengan said directly, “Mr. Chen, if you have something to say, just say it. There’s no need to beat around the bush.”

“Healer Ye, actually, I have a request today.” He seemed embarrassed as if he was hesitating whether he should speak or not. However, in the end, he decided to say, “Something happened to my good-for-nothing daughter, Hailan.”

“I gave the order that she was not allowed to enter our house again. Therefore, I haven’t seen her recently. Two days ago, her husband suddenly came to my house and told us that she was in trouble. Later, I found out that Hailan had a high fever when she returned home after she went to your school and made a fuss. Then, when she woke up again, she lost her mind.”

“So, are you suspecting that I did it?” Ye Lengan asked.

“No, no.” Chen Kang quickly shook his head. “I know, this has nothing to do with you. I just want you to take a look at Hailan. She is still young.. If she really loses her mind, what should she do in the future?”

Chapter 65: A Request

He had never suspected that Ye Leng’an did something to Chen Hailan. After interacting with Ye Leng’an for a period of time, he could tell that she was not only skilled in medicine, but also had a mysterious ability that he did not know about. If she really wanted to deal with Hailan, she wouldn’t use such a simple method.

“You want me to treat her?” Ye Leng’an’s lips curled into a faint smile. “Are you sure, Mr. Chen? You must still remember that your daughter is very suspicious of my medical skills! ”

She wasn’t trying to mock Chen Kang, she was just simply stating the truth.

Chen Kang looked embarrassed, but he still continued, “Healer Ye, your medical skills are brilliant. Actually, if it wasn’t for the fact that I had no other choice, I wouldn’t have asked you for help. Please do me a favor and go check on Hailan. I’ll be very grateful to you whether or not you’ll be able to cure her.”

If it wasn’t for the fact that he had no other choice, he wouldn’t have asked. After all, it was a good thing for him and the Chen family to be on good terms with a highly-skilled doctor. However, Hailan was his daughter. She was still young. If she continued to be crazy, what would she do in the future?

Also, Hailan had a son and daughter. He still had feelings for his grandchildren. This was also for their future. If their mother was mentally unstable, life wouldn’t be easy for them in the future.

“Sure.” Ye Leng’an didn’t refuse. “Since you insist, I’ll go over and take a look at her. However, I have to make it clear that I might not be able to treat this kind of mental illness. Besides, my medical fee is not cheap.”

“Of course, I understand it.” Chen Kang quickly said after she agreed, “I’m already very grateful that you’re willing to go.”

Then, the two of them arranged a time to meet and planned to go there on the weekend.

Although Ye Lengan could take leave, she had been taking too many days off recently. The form teacher gave her dirty looks for it. Moreover, the qualifier for the Mathematical Olympiad Competition was about to begin, so she had better go to school for the next few days!

However, as soon as she arrived at the school, she realized that something was wrong. Many people were secretly glancing at her. They were sizing her up even in a malicious rather than curious way.

Under everyone’s strange gazes, Ye Leng’an returned to the classroom. As soon as she entered the classroom, the people who got together discussing behind her immediately quieted down.

Ye Leng’an didn’t pay attention to their strange reaction. She returned to her seat as if nothing had happened.

However, as soon as she sat down, she saw Yuan Silei walking over shyly, looking like she wanted to say something but wasn’t sure if she should.

Ye Leng’an couldn’t help but frown to see the hesitant look on Yuan Silei’s face. During this period of time, they were no longer best friends who had no suspicion of each other and gradually had fewer things in common to talk about.

Sometimes, she felt a little sad. After all, they had been good friends for many years, but in the end, they had come to this point. However, since they were destined to walk different paths in the end, it might not be a bad thing to separate as soon as possible.

Yuan Silei looked at Ye Leng’an and finally spoke up, “Leng’an, there have been a lot of rumors in school recently. Uh, they are all about you.”

She kept checking Ye Leng’an’s expression while speaking as if she was weighing her words.

“What rumors?” Ye Leng’an remained calm and didn’t sound anxious as if they were discussing someone else’s matter.

“Leng’an,” Yuan Silei said carefully, “Someone said that you... you had a sugar daddy. That’s why you can continue to study at Sheng’an High School after leaving the Ye family. Also, your daily living expenses are all paid by your sugar daddy.”

“Oh!” Ye Leng’an wasn’t surprised. “Is that all?”

Without even thinking, she could guess who was behind this. However, she didn’t expect Ye Xiyuan to use such a method to ruin her reputation. From what she knew of the previous Ye Xiyuan, Ye Xiyuan would never do such a stupid thing.

Ye Xiyuan always dealt with Ye Leng'an in a way as if she cut flesh by using a blunt knife. She wanted to pain Ye Leng'an and then threw her into a bottomless abyss and made her never be able to climb up again. Now, Ye Xiyuan was using rumors to attack her. She got worse in her methods.

"Leng'an, are you okay?" Yuan Silei looked at Ye Leng'an's calm expression and couldn't help but feel a little flustered. I believe that you will never do such a thing. Don't worry, I'll definitely stand on your side."

Ye Leng'an's composure made Yuan Silei tremble with fear. If Ye Leng'an was furious and wanted to find the source of the rumors or was anxious to find a way to clarify it, she would feel more at ease.

However, Ye Leng'an acted as if nothing had happened. Yuan Silei couldn't help but worry. Was this too tough for Ye Leng'an that she was a little cracked?

"Yuan Silei, you still believe in Ye Leng'an at this time.. You are really her good friend!" Zhao Yanran mocked, "The truth is out there, but you are still deceiving yourself! "

Chapter 66: The Slander

"Zhao Yanran, shut up." Yuan Silei was so angry that her face turned red. "Do you have any evidence to prove that those rumors are true? If you don't, then stop talking nonsense here."

"I'm talking nonsense?" Zhao Yanran glowed with pride. "I don't have any evidence, but it's not entirely groundless. Now that the rumors are spreading all over the school, someone must have seen something. Moreover, Ye Leng'an is no longer the daughter of the Ye family, but she is still able to afford the high tuition fees of Sheng'an High School. This is weird, okay?"

At this moment, Zhao Yanran revealed a big smile as if she was winning. For a long time, she had never liked Ye Leng'an. She couldn't see what was so good about Ye Leng'an who had bad grades, a bad temper, nothing else but a face. She didn't know why Ouyang Xuyan liked this woman.

Previously, when the news that Ye Leng'an and Ye Xiyuan were switched was spread out, she was happier than anyone else. She thought that Ye Leng'an would definitely be kicked out of Sheng'an High School. However, she didn't expect Ye Leng'an to refuse to leave.

Now Ye Leng'an had done such a shameless thing, so she definitely couldn't stay.

"Zhao Yanran, if you continue to talk nonsense here, then I will go and tell the teacher." Yuan Silei was furious. "You are defaming your classmate here even though you don't have any evidence. The school won't stand by in silence."

"Defame?" Zhao Yanran ignored Yuan Silei and turned to look at Ye Leng'an. "Go ask Ye Leng'an if she dares to tell the teacher. She had done these shameless things

herself, but she didn't want others to say anything about it. If you want to complain, then go ahead."

Zhao Yanran glanced at Yuan Silei again while speaking, her tone filled with malice. "There's no need for you to continue defending Ye Leng'an. Even she does not dare to deny this. Who do you think you are to argue here? I think it's better to ask her if she has done such a shameless thing."

Yuan Silei's face turned red, "Zhao Yanran, you've gone too far."

Ye Leng'an stood up and pulled Yuan Silei behind her. She said to Zhao Yanran, "Zhao Yanran, did you see me be kept by someone with your own eyes, or do you have any other evidence?"

"Do we still need evidence?" Zhao Yanran raised her head, bubbling with pride.

"Now everyone in Sheng'an High School knows what kind of person you are."

"Oh, so there's no evidence!" Ye Leng'an nodded. "If that's the case, it means you're slandering me. Slandering a classmate casually should be considered a violation of the school rules! If I remember correctly, you will be punished for spreading rumors and slandering your classmates."

Zhao Yanran was a little scared when hearing Ye Leng'an mention punishment. However, she immediately spoke with confidence, "Hmph, you know what you did. You want me to be punished after doing such dirty things. Why not think about yourself now? You're kept by a man for money. Such a person doesn't deserve to stay in Sheng'an High School at all."

"Then let's go to the principal's office now to seek justice!" Ye Leng'an said calmly, "Let's see who will be punished, you or I."

"I'm not going there," Zhao Yanran subconsciously rejected. "You're the one who did that, I don't want to be embarrassed by you!"

"You're slandering me without any evidence. This is no longer a dispute between ordinary students." Ye Leng'an looked at Zhao Yanran calmly. "You're ruining my reputation in public like this, it's already a crime of slander."

"What you said doesn't count!" Zhao Yanran seemed to be amused by Ye Leng'an's words. "Making something out of nothing is slander. Ye Leng'an, the news that you are kept by someone has already spread throughout the school.

I'm just telling the truth. What can you do to me?"

She wasn't afraid of Ye Leng'an at all. Slander? Ye Leng'an had left the Ye family now. She heard that her biological parents were just ordinary working-class people. If she wasn't a kept woman, Ye Leng'an wouldn't have been able to afford the tuition fees of Sheng'an High School.

Moreover, she wasn't the only one who said so. Everyone in Sheng'an was discussing this matter. Did Ye Leng'an have the ability to sue everyone?

Yuan Silei stood behind Ye Leng'an and tried to defend her friend, but Ye Leng'an stopped her.

“What’s going on here?”

At this moment, the form teacher walked in from outside, straight-faced. “You are here to study, not to quarrel. Do you want to have a fight here?”

“Teacher, Zhao Yanran is slandering her classmate here.” Yuan Silei stood up and pointed at Zhao Yanran. “She’s spreading rumors here without any evidence..”

Chapter 67: Her Favoritism

The form teacher, Hu Ping, glanced at Zhao Yanran and then at Ye Leng’an. There was a flicker of dissatisfaction in her eyes.

When Ye Leng’an was still the daughter of the Ye family, she already disliked this girl who did nothing for the entire day and had an arrogant personality.

When she heard that Ye Leng’an and Ye Xiyuan were switched, she felt a little sympathetic toward Ye Leng’an. However, what Ye Leng’an did next made her unable to continue sympathizing with this girl. Ye Leng’an took leave every now and then and had no intention of studying at all. She did not know what Ye Leng’an was doing.

Now, the school was abuzz with rumors that Ye Leng’an was kept as a mistress, which was why she could continue to study at Sheng’an High School.

Otherwise, she would have dropped out because of the tuition fees.

She somewhat believed these rumors. How could Ye Leng’an be completely unaffected after leaving the Ye Family? Moreover, the principal approved Ye Leng’an’s frequent requests for leave. This was indeed very weird and suspicious!

“Teacher Hu, I’m not the only one who said so.” Zhao Yanran wasn’t afraid at all.

“Everyone is talking about this now. Since she did such a thing, it’s impossible not to allow others to talk about it.”

Zhao Yanran’s smug look made Yuan Silei so angry that her face turned red, not knowing how to retort.

Ye Leng’an didn’t get angry. She pulled Yuan Silei to the side and gave her a comforting look before turning to Hu Ping. “Teacher, Zhao Yanran has seriously ruined my reputation. I want her to apologize to me now.”

“You want me to apologize to you?” Zhao Yanran jumped up with rage before Hu Ping could say anything. “Ye Leng’an, don’t be so shameless! You already have a sugar daddy, yet you still have the cheek to continue coming to school. You are simply discrediting our school. I’m just telling the truth now. Who do you think you are to make me apologize?”

“Because you don’t have any evidence.” Ye Leng’an sneered. “Even if we go to court, the judge will decide a case based on real evidence! Don’t tell me you can convict me with your accusation. Do you have such power?”

Ye Leng’an shot Zhao Yanran a contemptuous glance while speaking, and Zhao Yanran almost pounced on her.

“Alright, stop talking.” Hu Ping immediately scolded, “This is the classroom, not a market. If you want to quarrel, get out.”

“Teacher, it was clearly Ye Leng’an...” Zhao Yanran wanted to say something but was stopped.

“Shut up.” Hu Ping frowned. “Zhao Yanran, let’s forget about this. Don’t spread rumors in the classroom again. Next time, I won’t let you off easily.”

After Hu Ping finished speaking, she turned her head and looked at Ye Leng’an. “Ye Leng’an, both of you are at fault this time. Now you are even. However, you should pay attention to your words and actions in the future.”

Hu Ping was obviously on Zhao Yanran’s side. Firstly, she didn’t like Ye Leng’an, and she believed that the rumors were true. Secondly, Ye Leng’an was no longer the daughter of the Ye family and had no one to back her up. But at the same time, Zhao Yanran was still the daughter of the Zhao family. There was no need for her to offend Zhao Yanran for the sake of Ye Leng’an.

Even though she was a teacher at Sheng’an High School and was considered marvelous by outsiders, in private, there were many dignitaries in Sheng’an High School. She was just from an ordinary family, so she had to weigh the pros and cons.

After hearing Hu Ping’s words, Zhao Yanran was feeling smug. She didn’t say anything else and just threw a provocative glance in Ye Leng’an’s direction.

In her eyes, Ye Leng’an was nothing more than a defeated opponent. However, it was a pity that she wasn’t able to force Ye Leng’an to drop out of school today. There would be more opportunities in the future. One day, she would make Ye Leng’an leave Sheng’an in dejection. She also wanted Ouyang Xuyan to know what kind of woman Ye Leng’an was.

“Teacher, are you siding with Zhao Yanran?”

Obviously, Ye Leng’an didn’t intend to let the matter rest. “As the form teacher, shouldn’t you handle this matter fairly? If you can’t handle it fairly, then I’ll have to go ask the principal to uphold justice.”

“Ye Leng’an, are you using the principal to pressure me?” Hu Ping’s face instantly turned ashen. “Are you ignoring me?”

In Hu Ping’s opinion, Ye Leng’an did not know what was good for her. If this matter continued to be investigated, it would not benefit anyone. When the matter got out of hand, everyone would know that Ye Leng’an was a kept woman. By then, she would have no choice but to drop out of school.

“I must seek justice for myself for today’s matter.” When Ye Leng’an looked at Hu Ping, there was no respect but only coldness in her eyes. “Teacher, if you can’t be fair and just, then don’t rely on your status as a teacher to uphold your so-called justice..”

Chapter 68: Seeking for Justice

“You...you...” Hu Ping was so angry that she almost couldn’t speak.

She had never been criticized like this before, especially by a loser like Ye Leng’an. Now, Ye Leng’an directly accused her of being unfair in front of the entire class. This was simply challenging her authority as the form teacher.

“Teacher, don’t be angry.” Zhao Yanran quickly went up to her. “Ye Leng’an has someone behind her now, so she naturally isn’t afraid of you. It’s really not worth it if you’re irritated by her!”

On the surface, Zhao Yanran was comforting Hu Ping, but in reality, she was fueling Hu Ping’s anger. Originally, she only intended to provoke Ye Leng’an today. But now, she had changed her mind. Ye Leng’an was simply an eyesore here. She wanted to take advantage of today’s opportunity to kick Ye Leng’an out. Even if she couldn’t kick Ye Leng’an out of Sheng’an, she would at least kick Ye Leng’an out of the class.

As expected, after hearing Zhao Yanran’s words, Hu Ping grew even more furious. She almost pointed at Ye Leng’an while scolding, “Ye Leng’an, I don’t want to blow things up for your sake, but I didn’t expect you to be so ungrateful. I don’t think you can fit in our small classroom. Since you have a problem with me, then you should leave our class.”

Hu Ping felt that she had already shown Ye Leng’an enough kindness. Now, almost the entire Sheng’an High School was talking about this matter, and the best solution was to keep quiet. If this matter was carried further, Ye Leng’an would be the one who would suffer in the end. Hu Ping didn’t expect her good intentions to be trampled under Ye Leng’an’s feet.

“Even if you want me to leave the class, there must be an outcome to today’s matter.” Ye Leng’an was very insistent. “If you can’t be fair, then don’t stop me from seeking fairness.”

Hu Ping looked at Ye Leng’an with anger and dissatisfaction in her eyes. “Ye Leng’an, I’m your teacher. No matter what happened today, everyone saw that you didn’t respect me. A student who can’t even respect her teacher is ineligible to talk about justice here with me.”

“There is cause and effect.” Ye Leng’an’s expression didn’t change at all. She still looked very calm. “Do you deserve my respect given what you’ve done?”

“Good, very good.” Hu Ping was so angry that she laughed. “In that case, let’s go to the principal’s office now. We can’t tolerate someone like you. You have to leave today.”

Soon, Hu Ping brought Ye Leng’an and Zhao Yanran to the principal’s office.

Zheng Anyang sat in his seat and rubbed the space between his eyebrows, feeling a headache coming on when looking at the three people in front of him.

He had also heard about the rumors on campus recently. However, it was not that widespread. Furthermore, Ye Leng'an, who was the party involved, did not say anything, so he naturally did not pay attention to it.

Of course, he did not believe a single word of those rumors. Last time in the office, he saw Ye Leng'an transfer 50 million to Ye Li in an instant. How could a person who could take out 50 million at any time be kept as a mistress? Besides, who would give his mistress 50 million as pocket money?

Hu Ping added fuel to the fire as she recounted the incident. In the end, she was exasperated. "Principal, Ye Leng'an is really too bratty. I really can't teach such a student. So, I want her to leave my class."

Zhao Yanran was secretly happy. She didn't expect that this matter would end up in the principal's office. This was even better. Ye Leng'an was definitely going to be expelled from school this time.

However, to everyone's surprise, Zheng Anyang didn't say how he was going to deal with Ye Leng'an after hearing Hu Ping's words. Instead, he asked, "Teacher Hu, do you think this is the right way to deal with the conflict?"

Although Hu Ping had exaggerated a little when she recounted the matter just now, he still managed to get a general idea of what had happened. He did not expect Hu Ping, as a form teacher, to handle things like this.

"Principal, I don't think there's a problem with my way of handling it." Hu Ping obviously did not notice the dissatisfaction in Zheng Anyang's words. "In school, harmony should be valued. Furthermore, Zhao Yanran and Ye Leng'an were both at fault, weren't they? Won't the matter be resolved perfectly if they take a step back?"

"Ridiculous." Zheng Anyang couldn't hold back his anger when he found that Hu Ping still hadn't realized her problem. "Do you think what you said is human speech? If the court were to judge cases according to your logic, who knows how many unjust cases would appear in this world? You've been a form teacher for so many years, and I wonder how many students have been wronged by you!"

Hu Ping was a little surprised to see Zheng Anyang fly into a rage all of a sudden. However, she didn't think she was wrong and started to argue,

"Principal, Zhao Yanran was wrong. She shouldn't have said so.. However, if Ye Leng'an had been more careful, how could such a thing have happened?"

Chapter 69: Calling the Police

"Did you see that?" Zheng Anyang didn't waste any time and directly retorted, "Did you see Ye Lengan behave badly indecently?"

Hu Ping was rendered speechless by his question. After a long while, she finally stammered, "But now, all the people on campus are spreading the rumor that Ye Leng'an is being kept as a mistress."

"Do you have any evidence?" Zheng Anyang didn't give Hu Ping any face at all. He immediately scolded, "You're a teacher, but you listened to those rumors and used these malicious thoughts to speculate about your student. Do you think you're eligible of being a teacher?"

Hu Ping had no way to refute these words. However, even though she did not retort, it did not mean that she was convinced. She didn't feel that she wronged Ye Leng'an. She just felt a little regretful that she brought this matter to the principal without any evidence.

Zhao Yanran's exultant mood was dampened. At this moment, she felt a little regretful that she made such a big deal out of it. Before coming here, she was still very confident, but now that she saw the principal's attitude, she felt a little afraid.

Then, Zheng Anyang turned to look at Ye Leng'an and said, "Ye Leng'an, you're the victim in this matter. How do you plan to resolve this?"

The rumor this time could be considered an oversight on his part. If he had stopped it earlier, perhaps this wouldn't have happened. Today, he stood on Ye Leng'an's side. Firstly, he believed that Ye Leng'an was not such a person. Secondly, he valued Ye Leng'an's ability. According to the result of the previous exam, Ye Leng'an would very likely be the top scorer in the college entrance examination two years later.

"Zhao Yanran slandered me for no reason. Teacher Hu didn't know right from wrong and was biased toward Zhao Yanran. I want them to publicly apologize to me at the school meeting on Monday." Ye Leng'an directly stated her request. "Also, I want to be transferred out of Teacher Hu's class."

"That's impossible." Before Zheng Anyang could agree, Hu Ping interrupted,

"Ye Leng'an, don't push your luck. I won't apologize in front of so many people. If you had behaved yourself normally, why would these rumors have been spread?"

"Teacher Hu." Zheng Anyang scolded, "You still haven't realized your mistake!"

Hu Ping gritted her teeth. Though she did not retort, it was obvious that she would never apologize to Ye Leng'an in front of so many students.

She knew very well that if she really apologized to Ye Leng'an in front of the entire school and admitted that she was in the wrong, then she would lose all her authority among the students and become a joke in Sheng'an. How would she manage her class in the future?

"Zhao Yanran, what do you say?" Zheng Anyang ignored Hu Ping and looked at Zhao Yanran. "You started this matter first and ruined Ye Leng'an's reputation. Do you think you should apologize?"

"Principal, I wasn't the only one who said that Ye Leng'an was being kept!" Zhao Yanran defended herself, "All the people in Sheng'an High School are discussing it,

how can it be my fault alone? Besides, she, Ye Leng'an, has no evidence to prove that she is not a kept woman! When did I ruin her reputation? She's the one who doesn't know how to behave herself." Looking at Zhao Yanran's confident expression, Zheng Anyang frowned.

"Zhao Yanran, I'm giving you too much credit for saying you are innocent." Ye Leng'an laughed coldly and said, "Don't you understand the rule that the one who claims should furnish evidence? If you don't have evidence today to prove that I'm a kept woman, then you're slandering me and ruining my reputation. If we go to court, it will be considered defamation."

Hearing Ye Lengan's words, Zhao Yanran wasn't afraid at all. "Ye Leng'an, you don't have to scare me, I'm not afraid of you at all."

"Principal, it seems like Teacher Hu and Zhao Yanran have no intention of apologizing." Ye Leng'an looked at Zheng Anyang. In that case, in order to protect my legal rights, I plan to call the police to handle this matter."

Hearing that Ye Leng'an was going to call the police, Zheng Anyang quickly said, "There's no need to make such a big deal out of this matter. Ye Leng'an, trust me. I will think of a way to give you justice."

Although he was on Ye Leng'an's side, he didn't agree with the decision to call the police. Because no matter what the final result was, it would damage the school's reputation.

Hu Ping and Zhao Yanran's hearts skipped a beat when they heard that Ye Leng'an was really going to call the police.

Especially Zhao Yanran. The reason why she dared to say these things in front of Ye Leng'an was that she believed that Ye Leng'an was really being kept. Therefore, no matter what she said, Ye Leng'an would never sue her. She thought that Ye Leng'an was more afraid that things would get out of hand than she was.

However, Ye Leng'an was now saying that she wanted to call the police. This made her confidence falter..

Chapter 70: The Fear

Hu Ping's mind was also in turmoil. She had never expected Ye Leng'an to call the police. She thought that the matter would definitely be resolved within the school.

"Principal, as you can see, I'm afraid this matter can't be resolved among us." Ye Leng'an didn't back down. "So, I think the best way is to call the police. We all believe that the police were the fairest!"

"But..." Zheng Anyang frowned. "If we call the police, they will make an issue of it and it won't be good for anyone."

Although he thought highly of Ye Leng'an, he cared more about the school's reputation. Unrelated people didn't care what happened. As long as the police appeared on campus, rumors would definitely spread, which would damage the school's reputation.

"No, it's precisely because the matter is sticky that we need to call the police." Ye Leng'an looked at Zheng Anyang and said, "Principal, I know what you're worried about. However, this matter has already caused an uproar. Even if you want to cover it up, you are not able to do that. Since that's the case, why don't we just expose it and let people outside campus know how transparent and fair our system is? Principal, the job of our school is to impart knowledge and educate people. Educating people is also very important. As an educator, don't you think that what I did is right?"

She was naturally aware of the principal's scruples. However, she felt that there was no need to be so secretive since things had already come to this point. Otherwise, more rumors would arise.

Zheng Anyang pondered for a moment, but he still looked hesitant. Finally, he sighed. "If you insist on calling the police, go ahead."

He did value the reputation of the school, but Ye Leng'an's speech about "imparting knowledge and educating people" touched his heart. As an educator, his initial intention was to teach and educate people. However, as he continued to move forward, had he forgotten his original intentions?

What Ye Leng'an said today made him reflect on what he needed to do to become a qualified educator. Every decision he made could affect the students' lives.

Ye Leng'an was a little surprised, but she nodded and said to the principal with admiration, "Since you agreed, I'll call the police now!"

"Principal, this is just a small matter. There's no need to make such a big deal out of it!" Hu Ping, who was standing at the side, was also a little anxious. "If the police really come to our door, what will others think of our school?"

"As long as you behaved properly, what's there to be afraid of?" Zheng Anyang waved his hand. "Ye Leng'an is the victim. Since she has decided to call the police, I naturally have to respect her decision. As for you, if you insist that you are right, then there is no need to be afraid!"

"Ye Leng'an, aren't you afraid that everyone will know about your scandal?"

Zhao Yanran started to get worried as well and directly said to Ye Leng'an, "When that time comes, you won't be able to hide it even if you want to. You won't be able to stay in Sheng'an anymore and the other schools won't accept you."

"What's there to be afraid of?" Ye Leng'an shrugged her shoulders. "From the beginning to the end, it was you who kept saying that I was a kept woman. I didn't do anything at all. What's there to be afraid of? As for you, Zhao Yanran, I don't know if you have any evidence to prove the truth of your slanderous words."

“No, you can’t call the police.” Hu Ping stretched out her hand, wanting to snatch Ye Leng’an’s phone.

At this moment, she was also frightened. If this matter got sticky, it would be fine if Ye Leng’an was proven to be promiscuous. However, if Ye Leng’an was proven to be innocent, then what she did today would be indulgent toward criminal acts. Her career might be ruined by this matter.

At that time, even if the school did not fire her, those parents would probably not be willing to let her teach their children.

“Teacher Hu, what are you doing?” Ye Leng’an dodged aside. “You want to fight with me in front of the principal?”

“No!” Hu Ping retorted loudly. However, she soon realized that she had overreacted. She hurriedly lowered her voice. “Ye Leng’an, I just think that there’s no need to make an issue of it. You have to know that if you really carry this matter further, I’m afraid that even if you want to transfer to another class, no teacher will be willing to accept you! Perhaps I really didn’t handle it properly.” Hu Ping swallowed hard and carefully weighed her words. “However, it’s not right for you to contradict the teacher in public today. Why don’t we both take a step back today? I won’t pursue your behavior of contradicting me anymore. There’s no need for you to make such a big deal out of it. As for the dispute between you and Zhao Yanran, I will investigate it properly..”
