Chapter 91: Do You Want Revenge? 6

Chen Kangs explanation conjured up images in Chen Hailan's mind which were about her memory during the time when she was out of mind. She had thought that she would never be able to remember them, but now they all came flooding back to her.

"Chen Hailan's face was filled with disbelief.

She couldn't believe her memory. How did she become like that? She had always been the cold daughter of the Chen family, an elegant lady. Other than the last time she suffered at Ye Leng'an's school, she had never once lost her manners. However, during this period of time, she went crazy like a lunatic.

"There's no need to doubt it. That's indeed what you did." Ye Lengan could tell at a glance that Chen Hailan had already recalled what had happened. She said coldly, "This is all because the poison affected your nerve center, and that's why you behaved strangely. You should be glad that you're not a real psychopath." I

"You..." Chen Hailan felt that Ye Lengan was mocking her. "What happens to me is none of your business. My dad believes you, but I don't."

Although her father said that it was Ye Lengan who cured her, she still didn't believe it. Ye Lengan looked like a high school student. Did Ye Lengan really have such an ability? Perhaps, it was just a pure coincidence this time, and Ye Lengan just happened to know how to detox.

She absolutely did not believe that a high school student could have brilliant medical skills.

"Hailan, shut up!" Chen Kangs face darkened. "Why haven't you improved at all after what happened? I was the one who invited Healer Ye over, and she was indeed the one who cured you. Do you have a problem with her or me?"

As he spoke, Chen Kangs eyes flashed with disappointment. He had thought that Chen Hailan would become more sensible after experiencing such a change, but it seemed that she had not. Chen Hailan was still the same unruly woman as before.

"Hehe, whether you believe it or not has nothing to do with me." Ye Lengan didn't mind Chen Hailan's disgust at all. "I treated you for the sake of your father. Also, he paid me the medical fee. Therefore, I don't need you to be grateful to me. What I want to talk about now is Zhang Hongguang. Did you ask for my opinion before letting Zhang Hongguang go?"

"What do you mean?" Chen Hailan was very discontented. "This is our family's business. It has nothing to do with you."

"You probably don't know that I've already been implicated in your family's matters." Ye Lengan looked at Chen Hailan and said coldly, "Zhang Hongguang was afraid that

I would cure you, so he hired someone to kill me. Do you think this matter has anything to do with me?"

"What?" Chen Hailan couldn't believe her ears. "How dare he do such a thing?"

Ye Lengan sneered. "He even dared to poison you and your father. What else won't he dare to do?"

Chen Hailan fell silent.

Although she hated Ye Lengan, she couldn't say a single word of retort to Ye

Leng'an's straightforward words. At the same time, she felt a chill in her heart.

For so many years, she had no idea what kind of person her husband was.

"Then what do you plan to do?"

After a long while, Chen Hailan finally asked. After knowing so many things, the last bit of feelings she had for Zhang Hongguang had long disappeared without a trace. However, she did not want to add a stain on her children's lives because of Zhang Hongguang. No matter what, if her children's father was in jail, it would be very difficult for them in the future.

However, she was reluctant to beg Ye Lengan. Even though she knew that Ye Lengan was the one who saved her, she still hated her.

"Don't worry, I don't intend to let him go to jail." Ye Leng'an's face lit up with a bright smile. However, beneath that smile, there was a hint of coldness. "I don't want to let him off easily by just throwing him in jail."

The temperature in the room seemed to drop by several degrees. Chen Kang and Chen Hailan couldn't help but shiver.

Especially Chen Hailan. When she looked at Ye Lengan, fear came over her. Ye

Lengan was just a high school student, but she sensed danger from Ye

Leng'an's smile..

Chapter 92: Do You Want Revenge? 7

After thinking for a while, Chen Kang asked, "Healer Ye, what do you plan to

Ye Lengan looked at Chen Hailan and said with a smile, "Zhang Hongguang poisoned you and made you go crazy. Moreover, when we were downstairs just now, he said that he originally planned to make you a lunatic for the rest of your life."

"What?" Hearing Ye Leng'an's words, Chen Hailan almost jumped up. "Zhang

Hongguang, that bastard. How dare he treat me like this? I'm going to kill him." At this moment, Chen Hailan was so excited that she wanted to go downstairs and killed Zhang Hongguang right now. However, the consumption of energy over the past few days had made her very weak. Just sitting here almost exhausted her. Therefore, she could only shout but could not take action.

“Do you want revenge?” Ye Lengan looked at Chen Hailan, her tone carrying a hint of temptation. “I may help you.”

Chen Hailan’s eyes flashed with interest, but she was very suspicious of Ye Leng’an. “Why do you want to help me? I don’t think we’re that close!”

She just said those nasty words to Ye Lengan, and now Ye Lengan told her that she wanted to help her. Her only thought was that there must be a conspiracy.

“You’re thinking too much.” Ye Lengan read Chen Hailan’s mind at a glance. “I’m just doing this for mutual benefit. Zhang Hongguang harmed you, and you want revenge. He hired someone to kill me, so I want revenge too. Now, we have the same goal. Helping you is helping myself.”

“Healer Ye, what’s your plan?” Chen Kang asked directly, “Tell us, and we’ll cooperate with you.”

“Dad...” Chen Hailan just opened her mouth, but when she saw Chen Kang’s eyes, she checked herself when about to say something more.

“Hehe, don’t worry, I don’t want him to die either.” Ye Leng’an looked at Chen Hailan and continued, “He poisoned you. Do you want to return tit for tat? I have medicine here. Once he takes it, he will become like a living dead. He can think and sense everything outside, but he just can’t move. As long as you give Zhang Hongguang this medicine, then you don’t have to get a divorce.

Moreover, you can torture him however you want. Of course, if you want a boyfriend, you can even bring him back and show him to Zhang Hongguang. At that time, you can maintain your marriage and let your children have a complete family without any restrictions. Most importantly, all of the Zhang family’s fortune will be in your hands. You have to know that if you divorce, you might have to give him half of your fortune. After all, you don’t have evidence that he poisoned you and your father. So, why don’t you let him be a

living dead? He won’t be a hindrance to you.”

She didn’t want to let Zhang Hongguang off easily by just letting him die. The best way to take revenge was to make his life hell.

Zhang Hongguang did all this just for money. Since that was the case, she would let him see it, but he would not be able to enjoy it. Nominally, he had the fortune, but in reality, he could only lie on the bed and wait for death.

Chen Hailan listened to Ye Lengan’s plan and became more and more tempted. She did not care about Zhang Hongguang’s life or death at all. However, the reason why the Zhang family could accumulate so much wealth was because of the Chen family. If she was asked to give Zhang Hongguang half of her fortune, she would definitely be reluctant.

Just like what Ye Lengan had said, the best outcome was to make Zhang Hongguang live like a dead man. But...

"If I really do that, what will A Hui and Yiyi think of me?" Chen Hailan couldn't make up her mind. "No matter how despicable Zhang Hongguang is, he's still their father. If I harm their father, even if they can understand, they will probably not be able to get close to me anymore."

She really wanted Zhang Hongguang to die, but she didn't want to make her children disappointed.

Seeing Chen Hailan's hesitation, Chen Kang didn't know what to say. He couldn't force his daughter to make a decision related to his grandchildren.

"I didn't ask you to do it yourself." Ye Lengan leaned back on the sofa and said in a lazy tone, "I will do it myself. I'm telling you now because I hope that Zhang Hongguang won't have a good life after he's paralyzed."

Chen Hailan's eyes lit up after she heard Ye Lengan's words. She looked at Ye Lengan and promised, "I can guarantee you that he will definitely live a hard life in the future."

Ye Lengan stood up and looked at them. "So, do you want to see what will happen to Zhang Hongguang with your own eyes?"

She took out another pill from her pocket and handed it to Chen Hailan. "After taking it, you can temporarily recover your strength."

Staring at the pill in Ye Lengan's hand, Chen Hailan didn't take it. Initially, she didn't really believe in Ye Lengan's medical skills. Now that she saw Ye Lengan's careless behavior, she became even more suspicious. She had never seen a doctor who put the medicine directly in her pocket. There was not even a bottle.

Now, she was beginning to doubt whether the medicine that Ye Lengan mentioned earlier that could make Zhang Hongguang live like a living dead was really effective.

"Hurry up and take it." Chen Kang couldn't help but slap Chen Hailan on the back after seeing she was hesitant. "Healer Ye's medicine must be effective. Otherwise, how can you be able to sit here with a clear mind? Also, don't you want to see Zhang Hongguang's retribution with your own eyes?"

Under her father's urging, Chen Hailan gritted her teeth and took the medicine from Ye Lengan's hands. She swallowed it immediately. When the medicine was in her mouth, she could not help but feel pleasantly surprised.

She had thought that even if the medicine was effective, it would take some time before it would work. However, the medicine melted the moment it was put in her mouth. When she swallowed it, she instantly felt a warm current flowing through her body, making her feel as if she was bathing in the sun.

In just a few moments, Chen Hailan felt that her originally weak body seemed to have been injected with vitality. Her entire person became much more energetic.

She raised her head and looked at Ye Lengan again. The disgust and suspicion previously in her eyes were replaced by shock.

All along, she had thought that Ye Lengan was a liar who did not know any medical skills at all. Or perhaps Ye Lengan only knew some basic medical knowledge to fool people. She didn't quite believe Ye Lengan even when her father just told her it was Ye Lengan who saved her and brought her back to earth..

Chapter 93: The Encounter 1

However, now that she had personally experienced the miraculous effects of the pill, she had no choice but to reverse her previous opinion of Ye Lengan. If Ye Lengan developed the pill herself, then her medical skills were probably above that of many national doctors.

Chen Hailan couldn't help but blush when she thought of how she was suspicious of Ye Lengan. However, if she was asked to apologize to Ye Lengan now, she couldn't even say it.

There was no change in Ye Lengan's expression when she faced Chen Hailan's eyes. She said calmly, "You can stand up now! Let's go downstairs!"

With that, Ye Lengan turned around and walked out first.

Chen Hailan quickly got up and walked out of the room with Chen Kang's help. Although she had already recovered her strength, she was devitalized before, so her body was still very weak.

It was still quiet downstairs.

Zhang Hongguang was lost in his own thoughts as he sat there in a daze. He looked like he had suffered a huge blow, and no one knew what he was thinking.

Chen Haichao sat on the sofa and stared at Zhang Hongguang having no intention of moving.

As for Zhang Hui and Zhang Yiyi, they sat down at the same place, badly shaken by the fact. They could not accept that their father was such a person. At this moment, their thoughts were in a mess. They did not know what to do next.

At that very minute, there were footsteps coming from the stairs.

Other than Zhang Hongguang, the others couldn't help but look in the direction of the stairs. When they saw Ye Lengan coming downstairs, they had little reaction to her.

But they were shocked to see Chen Kang and Chen Hailan following behind her, and then they were pleasantly surprised. This was because Chen Hailan was no longer as crazy as before, and right now she looked very normal.

Had she already recovered?

Zhang Hui and Zhang Yiyi immediately stepped forward and supported Chen Hailan from both sides to replace Chen Kang.

"Mom, are you okay now?" Zhang Yiyi's tone was a little excited. "Do you recognize me now?"

Although her mother looked very calm and seemed to have regained consciousness, she was still worried that her mother only looked normal and had not recovered yet.

Although Zhang Hui didn't say anything, he felt the same as Zhang Yiyi. He was happy, but he couldn't help but worry.

Chen Hailan was in a good mood when looking at her sensible children. I 'll m fine now. Healer Ye's medical skills are indeed superb."

At this moment, her attitude towards Ye Lengan had undergone an unprecedented change.

Zhang Hongguang, who had yet to recover, immediately looked in the direction of the stairs when he heard the familiar voice. When he saw Chen Hailan, who was weak but had clear eyes, his pupils constricted and there was a hint of panic flashing across his eyes.

Right now, he didn't know how much Chen Hailan knew, but he still walked over to her with a concerned look on his face. He looked at Chen Hailan with surprise. "Hailan, you've really recovered! That's great."

Zhang Hui and Zhang Yiyi raised their heads and looked at Zhang Hongguang with complicated expressions. They didn't expect that their father would still be putting on an act at this time.

If not for what had just happened, they would have thought their father was concerned about their mother. However, after knowing everything, they couldn't help but feel disgusted when they saw their father still acting. Although the person opposite them was their father, they really could not accept what their father had done.

Seeing Zhang Hongguang putting up a last-ditch struggle, Chen Hailan sneered, "Zhang Hongguang, do you think I'm a fool? You still want to lie to me at this time."

She didn't know if she was blind back then. How could she fall for such a double-faced scumbag who almost harmed her father and herself?

"Hailan, what are you talking about?" Zhang Hongguang had an innocent look on his face. When he looked at Chen Hailan, his eyes were filled with deep affection. "Don't you know how I treated you all these years?"

"Zhang Hongguang, you're really shameless." Chen Hailan said with a sneer, "All these years, you listened to me because you wanted to gain help from the Chen family. The Chen family helped you to get to where you are now. But what did you do? You relied on the Chen family to make a fortune and then poisoned my father. Moreover, after I asked for a divorce, you tried to kill me again. You have the cheek to put on an act here.."

Chapter 94: The Encounter 2

Zhang Hongguang froze for a moment when he heard Chen Hailan's words. His heart skipped a beat, but he quickly regained his composure with a smile as gentle as ever. "Hailan, I know you have some misunderstandings about me, but you can't deny the fact that I was good to you all these years just because of what someone else said!"

At this point, Chen Hailan might be his only hope. At this moment, the only thing he could do was firmly grasp onto this life-saving straw.

“Zhang Hongguang, why didn’t I realize you were so thick-skinned?” Chen Hailan was so angry that she wanted to laugh. “How shameless are you to say something like that?”

She felt disgusted when thinking of her marriage with this man for so many years.

Zhang Hongguang wanted to continue acting, but he was interrupted by Ye Lengan.

“Stop acting. Even if you don’t feel awkward, the people around you will feel awkward.” Ye Lengan’s lazy voice rang out. “Also, why do you think Chen Hailan can save you?”

As a bystander, she could read Zhang Hongguang’s thoughts clearly. Of course, it wasn’t just her. Everyone present, including his son and daughter, knew what he was thinking.

Hearing Ye Lengan’s words, Zhang Hongguang felt that the pain that had already been relieved seemed to come back again. He turned his head to look at Ye Lengan, his eyes full of vigilance. At this moment, he felt a faint regret. He should have left just now.

Ye Lengan gave him a very dangerous feeling, especially after what Ye Lengan had done just now. He couldn’t help but feel terrified.

Previously, Ye Lengan said that she had dealt with the mercenaries. Although that hadn’t been verified, he already believed it was true in his heart. Also, he didn’t know how Ye Lengan managed to make him spill everything.

Now, he was really afraid of what Ye Lengan would do to him next.

“Now you are fearful.” Ye Lengan approached Zhang Hongguang step by step with a dangerous smile on her face. “Don’t worry. Although I’ve already eliminated those mercenaries, I don’t intend to kill you.”

Although Ye Lengan was young, her striking good looks were evident. However, when Zhang Hongguang saw the smile on Ye Lengan’s beautiful face, he only felt a relentless chill.

Seeing Ye Lengan closing in on him, he only wanted to retreat. However, he was in no control of his body and could not take a step back at all.

“Don’t be afraid, I won’t kill you because that will be too easy on you. I want you to live, to live in pain.”

After she finished speaking, the smile on her face became even brighter. Then, without anyone noticing, she stuffed a pill into Zhang Hongguang’s mouth.

Zhang Hongguang’s eyes widened in fear. He didn’t know what medicine Ye Lengan fed him. However, from Ye Lengan’s words, he knew that this was definitely not something good. It might even be the poison that could take his

In just an instant, Zhang Hongguang immediately reacted and wanted to spit out the pill. However, what he did not expect was that after the pill was put into his mouth, it immediately turned into a stream of water and flowed down his throat. He did not even need to swallow.

Not daring to delay, Zhang Hongguang immediately wanted to stick his finger down his throat to throw up and spit out the medicine he had swallowed.

“That’s a wasted effort.” Ye Leng’an looked at Zhang Hongguang, and the malicious smile on her face was exceptionally bright. “Even if your throat is pierced now, you won’t be able to spit out the medicine. If you can throw up the medicine I developed easily, that will be a terrible waste!”

As long as the medicine was swallowed, it would be quickly absorbed by the body. Unless there was an antidote, it was impossible for him to get better for the rest of his life.

“What did you feed me?” Zhang Hongguang’s eyes were red. He glared at Ye Lengan with hatred. “Is that poison?”

In the face of life and death, his fear had long overshadowed his rationality. Even though he knew that Ye Lengan wasn’t someone he could afford to offend, he couldn’t care so much. He only wanted to know what he had eaten and what the consequences would be..

Chapter 95: The Encounter 3

“Now you are scared!” Chen Hailan said, and her face was full of sarcasm. “Don’t you love to poison others? Now you know how it feels to be poisoned, isn’t that good?”

She felt relieved to see the expression on his face. After the drug took effect, he would probably be in even more pain!

“So, this is really poison.”

Zhang Hongguang had lost his mind. He stepped forward and wanted to pounce on Ye Leng’an. Right now, he completely forgot about how Ye Lengan kicked him away a while ago and only wanted to find the antidote. He was still young and did not want to die. Since the poison was Ye Leng’an’s, she definitely had an antidote.

Ye Lengan couldn’t help but sigh when she saw Zhang Hongguang pouncing on her. Some people really forgot the pain before their wounds healed!

Just as Zhang Hongguang was about to hit her, she lifted her leg and kicked Zhang Hongguang’s abdomen again. However, this time, she held back a little because she was also afraid that if she hit him too hard, he would die directly. That would not be fun.

Zhang Hongguang fell to the ground again. He struggled to get up. At this moment, he felt as if his legs went numb. No matter how hard he tried, he could not rise to his feet. The most terrifying thing was that this only seemed to be the beginning. At first, he only lost the feeling in his legs. Gradually, he felt his waist stiffen as well, and then the numbness slowly spread upward.

In just a moment, Zhang Hongguang had already calmed down and was lying quietly on the ground. His eyes were still open, but there was no extra expression on his face. His eyeballs were rolling, indicating that he was conscious at the moment.

Chen Kang and Chen Hailan knew what was going on, so they weren't surprised. However, the others, especially Zhang Hui and Zhang Yiyi, were shocked by this scene. For a moment, they did not know if they should go forward and help their father.

Although they now knew their father's true colors and that he was not as kind as he seemed, his love and care for them over the years could not be erased overnight. Now that they saw their father suffer like this, it was impossible for them to remain indifferent.

"You..." Zhang Hui glanced at Ye Lengan. After thinking for a while, he said, "What did you feed my dad?"

He wasn't a fool and knew that the reason his father had become like this was definitely because of the pill that Ye Lengan had fed him.

In the past, he might have doubted the medical skills of this girl who was younger than him. However, when he saw that her mother had returned to normal, all his doubts disappeared. Since Ye Leng'an's medical skills were so superb, then the pill she just fed his father was definitely not that simple.

"Are you questioning me?" Ye Lengan raised her head and looked at Zhang Hui. "Do you think you have the right to question me?"

She looked at Zhang Hui so indifferently as if he was nothing in her eyes. Even though her voice was flat, it made people feel a chill rise from the bottom of their feet.

"Healer Ye, A Hui didn't mean that." Chen Hailan quickly said, "He's just curious."

After that, she looked at her son and urged him, "A Hui, stop talking nonsense. Hurry up and apologize to Healer Ye."

She would definitely have treated Ye Lengan as if Ye Lengan was nothing in her eyes in the past. However, after today's incident, her attitude toward Ye

Lengan completely changed, especially after seeing Ye Leng'an's revenge on Zhang Hongguang. Although she also felt happy secretly, at the same time, she knew that she had to be more careful about Ye Lengan.

From the way Ye Lengan attacked Zhang Hongguang without any hesitation, it could be seen that Ye Lengan really didn't care about the consequences. She couldn't help but break out in a cold sweat when thinking of how she made a fuss at Ye Lengan's school last time. Fortunately, Ye Lengan didn't argue with her at that time. Otherwise, she would probably come to a bad end.

"Mom!" Zhang Hui exclaimed. He had never expected his mother to stand on Ye Leng'an's side.

"A Hui, your mother is right." Chen Kang also said, "You're being too rude.."

Chapter 96: The Encounter 4

Zhang Hui seethed with indignation, but in the end, he lowered his head towards Ye Lengan. However, before he could apologize, he was interrupted.

“You don’t need to apologize, and I won’t accept your apology either.” The corners of Ye Leng’an’s lips curled up into an unrestrained smile. “However, if you want to know, I can tell you that I was indeed the one who caused Zhang Hongguang to become like this. Compared to him hiring someone to kill me, I at least spared his life, didn’t I? However, in the future, he can only lie in bed for the rest of his life. This is also his punishment.”

Zhang Hongguang, who had been lying on the ground, could not move at all, not to mention speak. The only part of his body he could control now was his eyeballs.

However, even so, he was fully conscious. So, after he heard Ye Leng’an’s words, there was despair in his eyes.

He understood what Ye Lengan meant. He would only be like this in the future. Although he was alive and had his own thoughts, he could only lie on the bed like a dead man. In this state, even death was too much to hope for.

Zhang Hongguang was filled with regret when he thought about being a living dead in the days to come. However, it wasn’t that he regretted poisoning Chen

Kang and Chen Hailan. He regretted attacking Ye Lengan. If he had known that Ye Lengan was such a devil, he wouldn’t have dared to pick on her.

“But didn’t you already hit him just now?” Zhang Yiyi couldn’t help but say, “Besides, do you really have to be so ruthless?”

“I don’t think I’m being ruthless at all.” Ye Lengan looked at Zhang Yiyi with a smile on her face, but she sounded exceptionally cold. ‘Compared to him, I feel that I’m already very kind. Moreover, don’t forget what Zhang Hongguang said just now. He even poisoned your grandfather and your mother. Do you think such a person deserves your sympathy?’

Zhang Hui and Zhang Yiyi were struck speechless. No matter how many mistakes Zhang Hongguang had made, he was still their father. They could choose to forgive him. However, their grandfather and mother were also victims who couldn’t be forced to forgive him.

“Alright, I’ve taken my revenge.” Ye Lengan clapped her hands and said, “Zhang Hongguang will be like this for the rest of his life. Of course, if you want to take him to the hospital for a check-up, that’s up to you. Even if you manage to cure Zhang Hongguang in the end, it’s up to you.”

If there was really someone who could develop the antidote for her poison, she would make no complaint. However, even if someone really could do that, neither the Zhang family nor the Chen family could reach such a person.

Besides, Chen Kang and Chen Hailan wouldn’t take so much effort for Zhang Hongguang. They probably just wanted Zhang Hongguang dead!

After saying this, Ye Lengan waved her hand and prepared to leave.

Of course, before she left, she did not forget to remind Chen Kang, “Mr. Chen, don’t forget to pay the medical fee! Just transfer 50 million into my account.

You still remember my card number, right?”

“Healer Ye, don’t worry. I’ll send someone to transfer the money as soon as I get back.” Chen Kang quickly agreed.

He didn’t think that the 50 million was expensive at all. Moreover, no one would not fall sick if they ate all kinds of grains. It would be very beneficial for the Chen family to be able to befriend a highly-skilled doctor. Therefore, he would definitely not be stingy with this 50 million. Moreover, even if it was 100 million, he wouldn’t think it was expensive, let alone 50 million.

On the other hand, when Zhang Hui and Zhang Yiyi heard how much the medical fee was, their eyes widened in shock. They had never expected Ye Leng’an to ask for 50 million.

Ye Lengan had only come twice, yet she wanted to charge 50 million for the treatment. Wasn’t this too much?

They wanted to say something, but they checked themselves after feeling their grandpa’s attitude.

Ye Lengan had no interest in how the Chen family would deal with the aftermath.

After she left the Zhang family’s villa, her mood improved a lot. When she first came, she smoldered with anger. Now that she had vented her anger on Zhang Hongguang, she was in a happier state of mind..

Chapter 97: The Encounter 5

Ye Leng’an decided to reward herself by going shopping since her mood was brightened and she had earned a large sum of money.

Soon, she took a taxi to a luxuriously decorated shopping mall. This was the famous Shengshi Plaza in the capital, and it was also the best one in this city.

There were many international brands. Only the people who were wealthy enough dared to buy things here.

Stepping into the familiar place, Ye Leng’an couldn’t help but smile.

It had been a long time since she went out shopping last time. Perhaps, it had been two lifetimes since then! In her first life, before her relationship with Ye Xiyuan was exposed, she often came here. But after leaving the Ye family, she did not have the money to come here.

Now that she was here again, she suddenly felt as if a lifetime had passed. In fact, it was indeed two lifetimes apart.

She couldn’t help but smile at this thought.

People around her were involuntarily attracted by her smile. Her pretty face and the bright smile, made people think of a blooming poppy flower. Although it looked beautiful, it was extremely dangerous. Even so, people were lost in its beauty and fell helplessly in love with it.

There were even some young men and women who had already taken out their phones and started taking photos of Ye Leng'an secretly.

"I'm so happy. I bumped into a beautiful lady while shopping today. [Picture]"

"Who is this young lady? She is really beautiful! Is she a celebrity who is about to debut? [Picture][Picture]"

However, although these people were excited, they wouldn't go up and disturb Ye Leng'an. After all, the people who could enter this mall were either rich or noble, so most of them were well-mannered.

Ye Leng'an had a powerful divine sense, so she naturally knew that someone secretly took photos of her. However, she did not stop them. As long as those people didn't disturb her, she didn't really care.

Although she had been in the cultivation world for so many years, she was still a girl at heart. She soon geared herself up for shopping.

After entering a high-end clothing brand store, she directly asked the salesperson to take out the appropriate size of the clothes she liked and wrapped them up even without trying them on.

The saleswoman who followed Ye Leng'an already had 20 to 30 pieces of clothing in her hands in just a short time. It was difficult for her to even carry them. However, she still wore a big smile. Because to her, it was all about money!

When Ye Leng'an came in just now, the saleswoman was still hesitating about whether she should go forward. After all, according to the clothes Ye Leng'an wore, she did not look like someone who could afford the clothes in this store. However, as a professional salesperson, she had her own manners. So, when other colleagues were unwilling to come and greet Ye Leng'an, she still stepped up.

However, she did not expect that Ye Leng'an was actually a hidden big client!

Ye Leng'an didn't know what the saleswoman was thinking, but even if she did, she didn't care. She came out shopping just to make herself happy. What others thought had nothing to do with her.

After choosing the clothes, Ye Leng'an paid the bill without hesitation.

The store provided good service to their important clients like Ye Leng'an and told her that they could deliver the clothes to her door. Therefore, after writing down the address of the villa, Ye Leng'an left and headed to the next store.

After Ye Leng'an was gone, the saleswoman who received Ye Leng'an just now was arranging the clothes that Ye Leng'an had bought for later delivery while humming a song.

At this moment, she felt a surge of wild joy. The customer just now bought clothes worth several millions at one time, so her commission was about a hundred thousand which was equivalent to her performance bonus for several months. How could she not be happy?

The other sales assistants all beat their chests and stamped their feet in hatred after Ye Leng'an left, regretting not greeting Ye Leng'an when she entered the door just now! If they had gone up to greet her, they would have been the ones receiving the high commission.

Ye Leng'an didn't know anything about what happened in the store. At this moment, she was still shopping. Clothes, shoes, bags, as long as she liked them, she would buy them without even looking at the prices..

Chapter 98: The Encounter 6

However, her pleasure was soon overclouded.

Inside the Cartier store...

Ye Leng'an quite liked the diamond-studded bracelet on the counter. The bracelet was about a finger wide, and it was inlaid with tiny diamonds, looking like the stars in the sky, shining with a charming light. However, the most beautiful thing was the pigeon-egg-size pink diamond embedded in the middle, which made people unable to take their eyes off it.

Without any hesitation, Ye Leng'an pointed at the bracelet and said, "Please wrap it up."

There was a twinkle in the eyes of the sales assistant who was initially standoffish to Ye Leng'an after hearing that. She looked at Ye Leng'an, her eyes were glaring with passion. "Miss, are you sure you want this bracelet?"

This bracelet was worth five million, which was definitely not cheap. She wasn't sure if the girl in front of her misread the price, so she felt that she needed to confirm it. Otherwise, if the girl said no when it was time to pay, it would be a waste of time.

Ye Leng'an wasn't angry at the sales assistant's question. She said directly,

"Bill, please."

"Alright." The sales assistant beamed.

Ye Leng'an swiped her card and immediately put on the bracelet.

At this moment, a familiar voice came from behind her.

"Hello, where's the bracelet I asked you to keep?" a gentle female voice asked with a trace of displeasure in it.

After that, the sales assistant apologized, "Miss, I'm really sorry. That bracelet has just been sold. Moreover, we can only keep it for you for one day at most. It's already been three days."

The message was very clear. The sales assistant did keep the bracelet, but the customer herself was late.

Hearing that familiar voice, Ye Leng'an couldn't help but curl her lips into a devilish smile.

It was really a small world! Today, she went shopping on a whim and bumped into Ye Xiyuan. She couldn't help but sigh. It must be fate!

Unfortunately, it was an ill-fated relationship.

Ye Xiyuan seemed to be in a bad mood. It could even be said that she was a little depressed.

She really liked the bracelet, but it was too expensive to afford. Moreover, in order to maintain her image as an understanding daughter, she could not ask her parents for money.

Last night, she managed to get some money from her parents in the name of Young Master Nangong, but she couldn't find that bracelet after arriving at the store. After asking, she found out that the bracelet had already been bought by someone else.

"Xiyuan, since it's already been bought, forget it! This means that you are not destined for each other. Why don't you look at the others?"

The smile on Ye Leng'an's face disappeared without a trace when she heard another familiar voice again. Even her expression turned cold.

"Who bought the bracelet?" Ye Xiyuan still didn't give up and asked, "Has the customer left?"

She liked the bracelet the moment she saw it, so she still wanted to see if she could fight for it.

"Well..." The sales assistant looked troubled, but her gaze involuntarily turned towards Ye Leng'an.

Ye Xiyuan naturally noticed that too. She immediately went forward and saw the bracelet on the lady's hand, so she said, "Hello, I like this bracelet very much- I wonder if you're willing to sell it to me?"

Because Ye Leng'an had her back toward Ye Xiyuan, Ye Xiyuan could not see her face clearly. However, Ye Leng'an's back seemed familiar to Ye Xiyuan.

"Are you talking to me?" Ye Leng'an slowly turned around. When she looked at Ye Xiyuan, a malicious smile appeared on her face again. "You want the bracelet on my wrist?"

She raised her hand and shook it while speaking. The dazzling bracelet looked even more beautiful against her slender and fair wrist.

Both of them were surprised to see Ye Leng'an, especially Yuan Silei, who was by Ye Xiyuan's side.

Yuan Silei never expected to see Ye Leng'an here. For a moment, her eyes were evasive, but she didn't dare to look at Ye Leng'an, feeling very guilty.

She felt that she seemed to have betrayed her friend Ye Leng'an. Although she felt that her friendship with Ye Xiyuan didn't conflict with her friendship with Ye Leng'an. However, now that they had bumped into each other, she could not help but feel guilty..

Chapter 99: The Encounter 7

"Sister, so it's you!" Ye Xiyuan was also very surprised to see Ye Leng'an here.

"Oh, I'm just shopping around and bought a bracelet I liked." Ye Leng'an said with a smile, "I didn't know that you also liked this bracelet!"

Ye Xiyuan's eyes darkened when she looked at the bracelet on Ye Leng'an's wrist. However, she quickly gave a bright smile. "Yes! I like this bracelet very much. I didn't know you liked it too. It seems that our taste is quite similar! I wonder if you are willing to part with it."

If someone else had bought the bracelet today, she might have let it go. Now that the bracelet was in Ye Leng'an's hands, she was more eager to snatch it away from her. As long as Ye Leng'an had something, she would take it all away. Moreover, she took a fancy to this bracelet first, so she would never give it to Ye Leng'an.

"No way!" Ye Leng'an rejected without hesitation. "I bought it because I liked it, so I won't give it up."

Ye Xiyuan's expression stiffened after she heard Ye Leng'an's reply. "Is that so? That will be such a pity. I didn't know you went out shopping today. If I had known it, we would have asked you out together. Anyway, you and Leilei are very close. We are all good friends!"

As she spoke, Ye Xiyuan's face was full of sincerity. She didn't sound as if she was showing off. It looked like she really wanted to ask Ye Leng'an out.

Ye Leng'an's expression did not change when she saw Ye Xiyuan's hypocritical look. "There's no need at all. After all, we're not very close."

She knew what Ye Xiyuan wanted to show off. After saying so much, Ye Xiyuan just wanted to tell her that Yuan Silei had become Ye Xiyuan's good friend.

Did Ye Xiyuan think that she would feel sad because of Yuan Silei's betrayal? In the past, she was indeed very sad because Yuan Silei was her best friend, her only good friend in fact. However, she had already let it go. Since some people were destined to be separated, why should she care too much?

Regardless of the reason why Yuan Silei and Ye Xiyuan were so close, it was impossible for her and Yuan Silei to turn the clock back.

"Leng'an, I..." Yuan Silei looked at Ye Leng'an, wanting to say something but hesitating whether she should.

Actually, she didn't think she did anything wrong. In the beginning, she had some interactions with Ye Xiyuan because of Ye Leng'an. She also felt that it was Ye Leng'an's best choice to return to the Ye family. That was why she promised Ye Xiyuan to persuade Ye Leng'an.

However, as time passed and she knew more about Ye Xiyuan, she believed even more that Ye Leng'an had misunderstood Ye Xiyuan. Ye Xiyuan was a very kind girl, and she later discovered that she and Ye Xiyuan had many common interests. It was also for this reason that they became good friends.

Moreover, she also felt that Ye Leng'an's misunderstanding of Ye Xiyuan was too deep.

In the end, Ye Xiyuan was very innocent. She was the daughter of a rich family, but because of the hospital's negligence, she was taken by the wrong people and grew up in a poor family.

However, it was really rare that even though she grew up in such an environment, Ye Xiyuan was still very kind and optimistic. Moreover, she did not hold a grudge against Ye Leng'an. On the contrary, she had always wanted Ye Leng'an to return to the Ye family.

If it were Yuan Silei, she definitely wouldn't be so magnanimous.

"What's wrong?" Ye Leng'an looked at Yuan Silei with the same smile as before. However, that was a superficial smile. "Silei, if you have something to say, just say it!"

Yuan Silei shook her head and smiled. "I'm fine."

She had thought that Ye Leng'an would be angry and had already thought of how to explain herself. However, Ye Leng'an didn't seem to be angry, so she was slightly relieved.

"By the way, sister, are you really not going to let me have this bracelet?" Ye Xiyuan looked at Ye Leng'an with a dejected expression. "But I really like it! Moreover, my parents gave me money today to buy this bracelet. I originally planned to wear it back and show it to them."

Ye Leng'an shook her head, her attitude still firm. "No."

Was Ye Xiyuan using Ye Li and Lin Wanqin to pressure her? Hehe... Did Ye Xiyuan really think that she would put herself in a difficult position because of them?

Ye Xiyuan bit her lip and said awkwardly, "Sister, I know that you used to be the daughter of the Ye family, so you were a big spender. But now that you've left the Ye family, it's time for you to learn to save money. This bracelet costs five million! Are you really going to buy it?"

Detecting a note of sarcasm in Ye Xiyuan's words, Ye Leng'an tilted her head and said with a smile, "Thank you for your concern! However, I'm not considering it now. I've already bought it. I'm different from you. If I like something, I definitely have to get it immediately. As for whether I'm a big spender or not, it has nothing to do with you! After all, I've already left the Ye family and I'm spending my own money, so it's none of your business."

For a moment, Ye Xiyuan didn't know what to say. However, when she saw Ye Leng'an's smug face, she gritted her teeth in hatred.

"Xiyuan, forget it" Yuan Silei persuaded, "Since Leng'an is unwilling to give it up, there's no need to continue."

She knew Ye Leng'an very well. It was obvious that Ye Leng'an would never give up the bracelet, so there was no point in saying anything more.

"Leilei, I'm doing this for my sister's own good." Ye Xiyuan turned her head and explained, "I'm afraid that Leng'an spent all her savings on this expensive bracelet on impulse. What will happen after that? My parents are still angry."

They definitely won't give financial support to my sister anymore."

"Uh..." Yuan Silei was internally wavering.

“Financial support?” Ye Leng’an looked as if she had heard a joke. “Ye Xiyuan, ever since I left the Ye family, I haven’t taken a single cent from them. As to the money I saved up and the things I bought when I lived in the Ye family, I didn’t take anything with me except for a few clothes. Also, don’t forget that your parents took 50 million yuan from me as child support! So, don’t talk in a high-sounding tone here anymore. It’s ridiculous.”

“Sister, you really misunderstood us.” Ye Xiyuan’s face was full of grievance and she looked like she was about to cry. “Dad and Mom have always been looking forward to you coming back home. They did this to force you to come home. Can’t you understand their painstaking efforts? Anyway, they have raised you for so many years and have a deep connection with you.”

Chapter 100: The Choice 1

“Leng’an, you...” Yuan Silei was caught in a dilemma.

“Ye Xiyuan, I don’t have time to play along with you.” Ye Leng’an sneered and said, “I’ve already bought this bracelet today. I definitely won’t give it up.” After that, she turned around and left.

Ye Leng’an’s carefree action deepened the hatred in Ye Xiyuan’s heart.

Yuan Silei subconsciously wanted to catch up with Ye Leng’an when watching her leave. However, before she could take a few more steps, she was pulled back by Ye Xiyuan.

“Leilei, what are you going to say at this time? She won’t listen to you.” Ye Xiyuan explained with a smile, “Why don’t we wait for a few days? I’ll explain it to her personally and let her know that you’re doing this for her own good. She’ll definitely understand.”

“Forget it.” Yuan Silei also stopped in her tracks and shook her head. I know Leng’an’s personality very well. Once she set her mind on something, it’s very difficult for her to change it. Even if you go look for her, she won’t listen.”

“I’m sorry, Leilei. It’s all my fault.” Ye Xiyuan looked apologetic. “If you hadn’t come out with me today, you wouldn’t have met my sister, and she wouldn’t have misunderstood you. Actually, if I hadn’t been here, she wouldn’t have had a bad attitude,”

“This has nothing to do with you.” Yuan Silei shook her head. “Xiyuan, I decided to be friends with you. I made that decision because we hit it off. I can’t skulk around just because of Leng’an!”

"I hope you won't blame me." Ye Xiyuan smiled happily. "Actually, I'm also very happy to be friends with you. In the beginning, I only wanted you to help persuade my sister. I didn't expect to have a new friend."

While talking, Ye Xiyuan went forward and held Yuan Silei's arm. She then said with a smile, "Leilei, although I didn't buy that bracelet today, we shouldn't waste time here. Let's go to another shop to take a look!"

"Okay!"

They left arm in arm.

Yuan Silei didn't notice that Ye Xiyuan turned her head to glance in the direction where Ye Leng'an had left and the gloom in her eyes disappeared in an instant.

Ye Xiyuan would definitely take revenge on Ye Leng'an for taking the bracelet away from her today. She let Ye Leng'an have her way for the time being and would slowly take back everything that Ye Leng'an had. She would never forget the hatred from her previous life. For the rest of her life, she would make Ye Leng'an's life so damned miserable.

As for Ye Leng'an, she was no longer in the mood to go shopping and went straight home after encountering Ye Xiyuan.

Half a month passed quickly.

During this period of time, other than going to the police station a few times to make a statement, Ye Leng'an spent the rest of her time at home and didn't even go to school.

As for the Chen family's matter, she did not care anymore. Anyway, she had received the money Chen Kang transferred.

Also, during this period, she took several patients Chen Kang introduced to her, but she had not visited them yet. She planned to do it after this matter was over.

To her surprise, Huangfu Ruiling had come to her villa a few times during these days. Every time, he just sat there for a while and did not say anything.

She didn't know whether she should chase him away or not. In the end, she decided to let him do as he pleased. Anyway, his arrival did not bring her too much trouble. Instead, he brought food here from time to time.

Speaking of which, she was looking forward to his arrival. Of course, she was not expecting Huangfu Ruiling, but the delicious food that he brought. She had no idea where he packed the food from, but it tasted really good. It was the most delicious food she had ever had.

She had made a few discreet inquiries, but she still could not find out where he bought it.

However, what made her curious was that Huangfu Ruiling had never mentioned the girl named Yiran during these days, nor did he say if he had found the medicine.

There was a loud rat-tat at the door.

Ye Leng'an couldn't help but frown at the noise. She knew that the person who came was not Huangfu Ruiling according to the noise. Because Huangfu Ruiling always pressed the doorbell recently.

She guessed it was either Zhao Yanran or Hu Ping..
