

Wife 69

Chapter 69

Clara couldn't sit still anymore when she remembered she needed. to work on her update. She told Arthur she was going upstairs to rest, then quietly made her way up.

Arthur watched her tiptoe like a thief and felt a pang of sympathy. Dealing with Yohan was indeed difficult.

"Hahaha! You're hilarious." *www.novelworm.com*

As Clára climbed the stairs, she tried to head quietly to her room.

She didn't need to look to know Daniel was laughing at her.

Daniel leaned against Yohan's door, laughing heartily and slapping his thigh. The scene made Clara want to laugh too.

"Clara, your interactions with Yohan are so funny. Hahaha!"

Daniel's soul resided in the watch Yohan wore, so he had overheard the entire conversation between Yohan and Clara. Het had wanted to join in but feared interrupting the couple, so he stayed as a silent eavesdropper.

It was just too funny, and he had tried his best to remain silent. Now he could laugh freely, knowing that punk Yohan couldn't hear him anyway.

Clara merely glared at Daniel, and Daniel finally stopped after a good laugh. *Www.novelworm.cm*

"Clara, be patient with Yohan. He's always been like this. *(w)w(®.Ñ0vêll(w)ô℔m.(c)om*

Sometimes, I want to punch him too. He's a good man, deep down. If you get to know him better, you'll see he's genuinely a great guy. Unlike his father..."

Thinking about his son, Duncan Morris' mistakes, Daniel cut himself off. He didn't want Clara to know about the Morris family's only scandal, fearing she would think poorly of their family.

The Morris family prided itself on good morals, but his eldest son had made a grave mistake, and even repairing the damage was challenging.

Yohan's bad temper was partly due to his family's issues. Even though Daniel and his wife raised Yohan, the conflict between his biological parents had more or less affected him.

For a time, Yohan didn't speak at all—not just for a day or two but for an extended period. Daniel would have thought his grandson had become mute if he hadn't occasionally spoken to Chuck.

Daniel knew the strife between Duncan and Jennifer had deeply hurt Yohan, leaving a lasting impact.

Fortunately, Yohan returned to normal, but his personality grew colder, and he became more resistant to women. Despite having many admirers, he gave none of them a chance.

That was why he still hadn't married at 30. It was only when Bonnie pushed for Clara to marry into the family that he did.

"Mr. Morris Senior, Mr. Morris and I are just nominally married.

Don't overthink it."

At that moment, Yohan's door suddenly opened.

Seeing Clara nearby, he frowned and asked, "Who were you talking

to?"

This man's hearing was remarkable! Clara grumbled inwardly but remained composed. "I was sending a voice message to a friend. Did I disturb you, Mr. Morris? Sorry! I'll go to my room."

She glared at Daniel as she spoke and hurried back to her room. *Www.movelworm®.co®*

Daniel would frequently come out to chat with her, yet Yohan would notice each time. To him, she must seem like a mentally ill person who liked talking to herself.

"You scared Clara off again, you punk! You ungrateful grandson! I finally have someone to talk to, and you scare her off. I can't stand to look at you," Daniel scolded before angrily returning to the watch to rest.

Of course, Yohan couldn't hear or see his grandfather. He merely stared at where Clara had vanished.

She didn't have her phone in hand; how was she sending a voice message? Did she think he was blind?

Who was she talking to?

Yohan looked around but saw no one. Plus, under Arthur's management, no one would dare to come upstairs without permission.

Was she talking to herself again? It wouldn't be the first time.

Yohan began to suspect Clara was mentally ill or he was hearing things. That was when he recalled that he hadn't notified the family doctor to check on him yet.

Yohan closed the door and called Arthur, instructing him to have the family doctor come by in the morning to examine him.
