129 Summon

"Summon"

A rainbow-colored gate appeared in front of him. The gate opened very slowly. Inside the gate, Alex can only see a white light. Just like a special teleportation, A shadow starts to appear from the white light. A handsome guy in his mid-twenties comes from the gate. With his spiky yellow hair, a bandana on his head, brave eyes, muscular body, and an enormous broadsword in his back. He looked like a brave warrior that ready to go to war.

Leoz walks slowly toward Alex. The gate started to disappear. When Leoz arrived in front of him. He kneeled in a single knee. Just like a knight in front of a king.

"Leoz greets Master."

Alex nodded. "My name is Alexander Sirius. Well, there is one important thing that I need to ask first. How much do you know about all of this summoned thing or about this world?" This is an essential thing for Alex. If they didn't know anything. He needs to teach them everything from zero, and it's really troublesome.

"We got basic information from Master's memories."

"My memories?" Alex sweatdropped. "Are those memories include the private one?"

"No, we only got the basic information about this world from Master's memories, such as the kingdom, three races, dungeons, and so on."

"I see" Alex really glad at this moment. There is one peeping-tom (System) already. If each of his summoned beings got all his memories. He really wanted to commit suicide and left the last note with 'F*cking Privacy'

"Then, what do you know about this summoning thing or about yourself?"

"We are spirit race. Every spirit race will have one of the six elements, such as my thunder element. We can level up by killing monsters or practitioners. Just like what Master know in 'Game' according to your memory. As for ourselves, if according to the system class, all 'UR' spirit race will have the appearance of a human, and the 'SR' will have the appearance of a semi-human. In other words, the higher our rank, the closer our appearance to human."

"I see" Alex pondering for a moment. They are spirit race... but according to the knowledge Leoz provided, it seems that they are a living being before becoming his summoned being.

"Master. Whatever will happen later. Please just know that we will always be by your side. And... we are willing to be your summoned being."

"Eh? What do you mean about willing to be my summoned being?" Alex was surprised by his last words.

"I'm sorry, Master. I can't say anything anymore. I can only say, Master will know it if you are strong enough."

"..." It seems that the system and the 'Spirit Race' have many secrets. "Alright. I will summon..." Anna' now...Leoz, I can call you that, right?"

"Master can call us whatever you like" Leoz replied.

Alex scratched his cheek as he put 'Anna' card on his hand. "Summon"

Another rainbow-colored gate appeared once again in front of him. This time, the shadow that emerged from the entrance is a beautiful woman. With black hair tied in a ponytail reaching her waist, a pretty face that makes her look like a beautiful rose that stands alone in a snowy mountain, enchanting purple eyes, two sexy curves on her body, long black robe, tight black shirt, and black mini skirt. Her appearance wasn't less than Firia or Alicia which equal the beauty of the Elven Queen. She walked slowly with a big scythe on her hand. Every step she made was captivating. If she was a grim reaper, everyman might felt glad that the one who took their lives is a peerless beauty. She put her scythe down and kneeled in one knee like Leoz before.

"Anna greet Master" A cold but enchanting voice illuminate the room.

"I'm Alexander Sirius, Nice to meet you, Anna... I can call you this, right?"

"It is Anna's pleasure for Master to call me like that."

"Well, I already learned about a few things from Leoz. Pleasure to have you with me."

"That's right. I have told Master many things. Don't be jealous" Leoz chirped. It seems that Leoz was holding back his easy-going personality when he first met Alex. But, it suits Alex better. He also didn't like that much about stiff Master-Servant relationship.

"Shut up, you Muscle Brain. We are in the presence of Master" Cold voice heard from Anna. She stood up and put her scythe on Leoz's neck. Alex was dumbfounded. What just happen?

"Well, I don't really mind. We are going to be together for a long time. So, if we are too stiff, it will become awkward for me personally. It's alright to be true to yourself."

"Wha-" Anna was taken aback that suddenly she got countered. She pouts, tears formed on her eyes, ready to fall down.

"Eh? I'm sorry, Anna. I didn't mean to support anyone. I just wanted to say that be true to yourself." Alex sweatdropped. Where is the aloof woman just now?

"Uuu..." Anna nods her head repeatedly.

"I'm going to summon another one" He put the Wright card in his hand hurriedly. "Summon"

Another gate appeared in front of him, but this time, it wasn't a rainbow gate. Instead, it was a big diamond gate with a greenish-blue color. The door opened, and a ghost-like creature came from the gate. Wright's appearance was like a zombie but didn't have the disgusting appearance than regular zombies had. Even though he looks like a zombie, but his appearance was close to the human. It was a bit hard to see his appearance since he covers his body with some kind of dark layer, you can just say that Wright is a Wraith with an appearance a bit closer to a human. He kneeled again in front of Alex. "Wright...greet...Master"

He can pronounce one word after another, but it seems that he can't talk too fast. Alex wasn't scared or disgusted by his appearance, Alex smiled at Wright. "I'm Alexander Sirius. Nice to meet you, Wright."

"Yes...Master"

"Alright. Let's meet the others too."

Alex summoned the Werewolf, Minotaur, Stallion, and Green Slime. But they can't speak, so Alex only introduced himself to them.

"Even though you are 'Summoned Being' but I see you guys as my partner in my Journey. I swear right now, I won't sacrifice any of you guys. I will be sad if any of you die. So please lend me your strength."

"Yes. Master"

"Moo"

"Aooo"

Giggle

"And also, don't call me, Master. It is a bit... how about calling me with 'Al...'"

Before Alex finished. Anna stopped him hurriedly. "We can't do that, Master."

"But calling me with 'Master' is a bit..."

"No!"

"... How about changing it to another one."

"Your Majesty"

Alex was taken aback, Anna was very adamant for this. He looked at the rest, but it seems that they also didn't want that. Alex pondering with all his energy. "How about Young Master? If all of you call me 'Master' then, it means that I'm the head. If the head is weak, then we will be targeted. If all of you call me 'Young Master'. Our enemy will also need to think twice before they act.

Leoz nodded. Anna grumbled a bit before she nodded too albeit reluctantly "Alright. Young Master"

"Then, what do I need to know about this summoning thing? What about this card?" Alex pointed out their cards. Even after they were summoned, the card didn't disappear.

"These cards can also become our communication tools. After we are summoned but separated with Master. We can communicate with this card. Please take this card Mast- Young Master" Anna gave him her card.

Alex took the card, Anna distanced herself a bit, "Hello, Young Master."

As she said that, the card also letting out the sound. It is like a cellphone.

"Hello" Alex tried to reply. "Hmm, can I reply with this ?"

"Of course, I heard you, Young Master. It transmitted to my mind. If Young Master wants to talk to us. You just need to channel your energy to the card."

"I see... what a convenient card...Haiz, it is a bit weird."

"What is weird, Young Master?"

"Nothing" Alex shake his head, he muttered, "In novels with system that have leveling function. They can grow fast. All they need to do is killing. But now that I can't level up, instead, the others were the ones who can level up...is a bit weird."

"Young Master?" Anna looked at him, worriedly.

"Then, how about this Exp Card? Who am I going to use it for?"

"Don't worry about that, Young Master. Young Master should save it for now. If Young Master going to ascend in a few months. According to your memory, we can level up in the 'Dungeon'. For the first ten levels. I think we can finish it in these few months before Young Master ascended. So don't worry about it for now. And Young Master also didn't need to worry about our equipment. If we are stronger, our equipment will even too."

"Is that..." Before Alex finished his words, he noticed two presence coming to this room. "People are coming, hide somewhere."

"Ah, don't worry, Young Master. We can go back to the card" Anna said. Her body started glowing before the light went toward the card, and she disappeared. The rest also followed her and disappeared.

Alex stored the cards in the system. Not long after, His door was opened. Two pretty women come inside.

"Alex" Both of them said at the same time as they leaped toward him and hugged him. "You are finally back. Welcome back"

Alex smiled gently. "I'm back. Alicia, Firia"

They hug for a while. Alex asked, "How about the preparation?"

"It's fine. You don't need to do anything. You have worked hard all this time. So, leave this to us."

"That's right. It went well. You just need to rest and wait and be ready for next month."

"Thank you... for being with me."

Alicia and Firia were dumbfounded. Then they smiled. "No. It is us that need to thank you. Alex, Thank you for being with us."

Alex spends the rest of the day with them. The next day, he summons all his units. This time, there is no gate anymore when he summoned them. Maybe the gate is only a one-time thing, he thought.

"Are all of you going to the dungeon?"

"Yes. We are going there so we can catch up with Young Master" Anna said.

Leoz didn't say anything. But deep in his eyes, telling that he is eager for battle. Now he understands why Anna called this Leoz 'Muscle Brain'.

"Maybe... I will accompany you guys for a little while" Alex said. Alicia and Firia have said that he didn't need to do anything. But sitting here and do nothing doesn't feel right for him. So maybe he can accompany them for a while.

"Young Master, you are going to..." Anna was surprised. "It is our pleasure to have you with us, Young Master."

"Alright. Come back to the cards first."

They went inside the card again. Alex meets Alicia and Firia to say goodbye first.

"Alicia, Firia"

Alicia and Firia, who were busy preparing their wedding, stopped for a while. They approached him.

Alex was a bit guilty, "I... I'm going to someplace for a while."

Alicia and Firia weren't surprised by it. No, actually, they have expected something like this. Alex sitting in the house and do nothing... they can't imagine that. Even though they advise him to rest, they know something like this will happen sooner or later. "Sure. Just be back 1 week before the wedding. We need you to do so preparation after all."

Alex was taken aback. He thought they will lecture him for a while before letting him go. But now, they didn't say anything and just agree to it. "Thank you."

"Don't worry about it" Alicia said. Firia adds, "You will be surprised when you go back."

"You don't want to ask where I go?"

"It's alright. We trust you" Alicia and Firia said at the same time.

He chatted with them for a while.

After saying goodbye, he went to Maka Town. He arrived in Maka Town in a few minutes. He didn't go to the Hunter Guild since he doesn't need to do so. With his strength can dive to the highest floor. But he stopped on the 50th floor. He wanted to check something first. In front of him is the boss on this floor. It is a lizard.

"Scree"

Alex wasn't planning to kill this monster. He was planning to bind this Lizard or pinned it to the ground and let the others kill him. He wanted to check if he can do some 'Power Leveling'
