Chapter 131 - Wedding

He does some last preparation for his wedding, some details and his clothes. And it seems that the five leaders of the demihuman race have arrived. Alex meets them first.

The Centaur leader brought his wife and his daughter. His daughter is almost the spitting image of him, a muscle brain. The dwarf leader also brought two women with him. It seems that the one who looked a little old is his wife and the cheerful one is his Daughter. The Druid Leader is the most troublesome, he brought five young druid ladies with him. Alex never expected that all those ladies are his granddaughter. The Titan brought his wife along with him. While the Elven Queen brought Lilia and Ayaka with her.

"Welcome. Thank you for coming"

"Sir Alexander" All five leaders pay respect to him. After this whole time, even the Dwarf Leader who always calling him with 'Young Alexander' suddenly called him with 'Sir Alexander'

"Ahaha, you don't need to call me like that. I'm still too young, and you are elders."

"Haha, you are our race benefactor and also this world savior. If you didn't kill that mad king, I'm sure that our race, demihuman race, demon race, or even the human race might face danger." The dwarf leader said he wanted to pat Alex's shoulder out of habit but refrain from doing so and one of the reasons for it because of his height.

"That's right. We are still young. Don't call us elders" The Elven Queen said. When she said that, the other four leaders looked at her with disgust.

"What?" The Elven Queen's face darkened.

"You are the oldest of all of us." Dwarf leader said.

"That's right. Even though I'm looking like this. I'm still half of your age." Druid leader agreed

"Old Hag" Centaur leader with his simple comment.

"If I recall, you are in your late 700s" Titan leader still pondering.

"I'm still 769 years old. It is still in the mid 700s." Elven Queen said in anger.

All of them make a weird face, including Alex.

"Is Sir Alexander think that I'm too young? That's why you didn't accept me? Then, how about my Daughter? She still in her 100s. She can live almost 900 years more."

Alex almost spat blood. Lilia, who heard that, immediately denied it. "With him. Not a chance. I won't be together with this hateful person!"

"Lilia! What have I said to you back then at home?" Elven Queen suddenly entered a yandere state.

"Hii!" Lilia's lips trembled. Recalling the scene back then. She shuddered.

Alex sweatdropped. He screams inwardly. 'It's because you are troublesome. The same with your daughter! What the heck with you? Before you are an aloof leader, then you become an M, and now a yandere...'

"That's right. Even her daughter is far older than all of my granddaughters" Druid Leader nodded. He looked at Alex. "How about that, young Alex. Look at my granddaughters. How about you pick one of them?"

All of his granddaughters suddenly blushed. The Elven Queen, who still in her yandere state retorted him immediately, "Shut up, you druid. Your wood is greater than your morning wood!"

"It's still better elven D*ck, which is too small."

"You want to fight?" Elven Queen's face darkened again.

"Fine by me."

Alex starts to be annoyed. Especially after the Dwarf leader and the Centaur Leader join in the 'fight'.

"That's right. He didn't need all of those. All he needs is a unique one like my daughter here." Dwarf Leader said.

"Unique? My daughter is also unique. Rather than a dwarf who can't take the blow. He should have my daughter."

"Shut up, who wanted to marry you, horseman." Dwarf leader

"It is still better than you, Shorty."

Titan Leader keeps his silence. He didn't want to join this 'fight'. Alex, on the other hand, can't take this anymore.

"Cough cough!" Alex released his mana to the air. The rank 9 mana that makes all of them dread. Alex was angered, he looked at them with murder eyes. "You can't say all of those words to someone who will hold his marriage in two days, right?"

All the leaders except Titan Leader shuddered. "We are sorry."

"Then it is good" Alex nodded, "Your accommodation is this way. I will lead you"

"Is it your house?" The Elven Queen can't help but ask.

"Of course, NOT!" Alex narrowed his eyes and looked at her. His eyes seem telling her not to say anything stupid again. If not, he will send her back home. The Elven Queen didn't speak anymore after this.

After he led them to their accommodation. He continues to do his things.

...

Two days have passed. The Grand Wedding, which the whole worlds know. They specially build a big hall to hold this wedding. Every citizen in Capital City also celebrated together. All nobles in the kingdom have been invited, no matter how low their position. Draco used all his soldiers to make this wedding

went without a problem. Considering Alex as the only rank 9 in the world is enough for the whole to know about this. There is also his deeds too.

They made a parade before Alex entered the building. At first, Alex didn't want to do this. But because of many urging and begging. He reluctantly agreed to do it. Alex is in the front of the group riding a white horse. Using a military uniform. He looked like a prince on a white horse. In his behind, there is a closed carriage that carrying Alicia and Firia in their wedding dress. Alex still hasn't seen their appearance.

"There it is, my Prince. Kyaa!"

"I heard that he save our kingdom."

"Yeah, I also heard that he is the only rank 9 in the world."

"And he is so young."

"Kyaa"

"I wish I am the one in that carriage."

Finally, they arrived at the building. Alex immediately went to the changing room to change his suit. The bride's fathers will bring the brides.

"The Groom, Alexander Sirius, enter the hall."

Alexander, who has changed his suit, now wearing a new white suit suitable for marriage.

"So Handsome"

"Ah, my Prince"

It seems that Bryan will be the one who will lead this marriage.

"Are you ready?" Bryan asked him with a smile.

"Of course" Alex smiled back.

"I will leave Alicia to you. Firia's parents also said that too."

"Yes. I will make them happy for the rest of their life."

"Good" Bryan nodded.

Not long after, Alicia and Firia arrived.

"The Brides, Alicia Van Rizertia, and Firia Merona have arrived."

Alicia was accompanied by Grand duke, Raymond. While Firia was accompanied by her father, Marcus.

Alex looked over.

The guests looked over.

"It's the brides!"

"The Brides have appeared!"

The deafening cheers filled the venue. Excitement was overflowing. They gasped after they saw the brides

"So Beautiful!"

"Do they have to be this pretty?"

"Do we need to be this pretty to become his bride?"

"Mother, your beauty lose to them" Even Lilia can't help but say to her mother

"Pfft!" The other leaders also wanted to laugh.

"If I lose, then, your daughters or granddaughters are not even close!" Elven Queen snorted.

Everyone present at the wedding was entranced by their beauty. Alex was stunned on the spot.

At this moment, Alex thought that he must saved the world in his previous life. If the Nature goddess or even his 'Spirit' will immediately retort him if they were present. 'You have saved the worlds in your Previous Life for god's sake

Memories flooded through him.

The first time he met Alicia in front of Alisia Forest. What kind of fate is there, even their name was similar. The first time he met Firia in the academy.

A fated meeting between him with the cheerful but shy Alicia and the bold but never give up Firia.

Their existence slowly seeped to his heart.

They became lover.

They became husband and wife.

The brides finally made their way over. They smiled at him. Alex snapped from his daze and smiled back.

After the excitement calmed down a bit. Finally, Bryan started the procession.

"Repeat after me. I, Alexander Sirius, take you, Alicia Van Rizertia, to be my lawfully wedded wife, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part." Bryan

"I, Alexander Sirius, take you, Alicia Van Rizertia, to be my lawfully wedded wife, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part." He put the wedding ring on her ring finger.

Then Bryan turned to Alicia, "I, Alicia Van Rizertia, take you, Alexander Sirius, to be my lawfully wedded husband, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part."

"I, Alicia Van Rizertia, take you, Alexander Sirius, to be my lawfully wedded husband, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part." Alicia repeated his words.

Bryan now looked at Alex and Firia. Alex also repeated the same lines to her.

"I, Alexander Sirius, take you, Firia Merona, to be my lawfully wedded wife, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part."

"I, Firia Merona, take you, Alexander Sirius, to be my lawfully wedded husband, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do us part."

After Firia finished her vows, She and Alicia put a wedding ring on Alex's ring finger, hand in hand, together.

"You have declared your consent before your parents, the heaven and the earth. May the love will be witnessed to eternity and become the blessings. You may kiss the bride."

Alex looked at Alicia, and Alicia looked back. The words that were conveyed not with a mouth but from their hearts and eyes. They kissed. Even though it was a few seconds long, for them, one second became one hour, and a few seconds became eternity.

Alex then turned to Firia. Their face slowly get closer, before he finally planted the kiss in her mouth. A kiss that conveyed all his feeling and emotion to Firia. A kiss that conveyed that she, Firia, now is his and won't change from now on.

Deafening cheers filled the air once again. All of the trumpets were blown. The party started, not only for the people in the venue but also for all citizens.

...

At night, the moonlight was illuminating serenely.

Silver moon Mansion. This is a mansion that Alex bought a week ago. It is not too far from the castle or Rizertia House. A carriage slowly drove into the mansion. When the carriage door opened, Alex got out and helped Alicia and Firia down. They entered the mansion side by side. Inside, there are no maids nor butlers. Alex didn't want to be disturbed. After they helped clean the house, Alex gave them two weeks of holiday. The first floor's living room was decorated with white and red everywhere. It really did look like a newlywed's house. It is, though. Since Alex bought it mainly for this. They slowly walked to the main bedroom.

"I never thought that I really married the two of you. I thought this is a dream, if that's so, I wish to never wake up from this dream."

"Alex" Firia smiled. Alicia, "This is not a dream."

"Haha...Sorry, I just feel it is unreal" Alex said, "Back then, Our engagement was pretty forced. Though there is a feeling, but it wasn't love. One thing after another, your existence filled my heart. The weak me slowly grow to what I am now."

"Alex" Alicia smiled at him. All the memories from that time flooded on her mind from her first meeting with him in front of Alisia Forest up to this moment.

"Firia too. I just wanted to say that I'm sorry to make you wait for a long time. You never give up on me, you never leave me. Your love, your emotion, your feeling slowly filled my heart. Until that time, I can finally say this to you. I love you, and that won't change even after thousands of years passed."

"Alex" Firia smiling very brightly. Tears of joy formed on her eyes. At first, she only wanted to escape her fate to become a marriage tool. But, as time passed. Alex filled her heart and unbeknownst to her, she slowly fell in love with him.

"Alex" Alicia and Firia said at the same time, "Take Us."

With the moonlight illuminating the house that looks like a blessing from the moon itself. A night full of love, emotion, and feeling. For Alex, Alicia, and Firia. The true night is just about to start.
