EXPs and Gacha Tickets started pouring onto him like rain. He looked at his surroundings. There were a few hundred monsters around him. The lightning spread and killed the monsters that had come inside the barrier through the hole in the barrier.

The lightning also destroyed his Rank 3 Gathering Array and when it reached the Tortoise Shell Array. It finally destroyed the entire array, not just a hole but the entire array, and the barrier became undone.

Alex thought nothing of it and immediately released his killing intent as he said coldly. "Go!"

After hearing that order, Leoz immediately released all of his Spiritual Energy. Because of the level up, the amount of his Spiritual Energy suddenly soared, and the one who realized it first was the old man who was a 6-Star Martial Grandmaster.

"You...you are a 7-Star Martial Grandmaster. How can... you should only be a 3-Star Martial Grandmaster!" The old man shouted. Upon hearing that, the group immediately sweatdropped. Leoz turned out to be a 7-Star Martial Grandmaster. He was even stronger than the previous head.

They also looked at the monsters that were starting to get killed by lightning.

"As I said, all of you have pissed someone that you can not piss no matter what." Leoz said as he swung his giant sword toward the old man. The old man tried to block it but was blown away by Leoz's strength.

Of course, Anna also started killing them while venting her anger. Sherry followed suit by making firebirds, but her target was not those people. Instead, her target was the monsters. Alex had yet to kill all the monsters.

Leoz also noticed it, "Anna, You go help Young Master."

"You should call me 'Mistress'" Anna said. Although Anna was conservative at the start, after getting recognition from Alex, she seemed to be carried away.

"Not yet, Haha. I should be enough to handle these people. Make sure there were no monsters that came to Young Master." Leoz said.

Anna pouted a bit, but went toward Alex and started killing the monsters. Alex paid no heed at this moment because he can see the dark sky suddenly glowed with golden color. When the golden lightning struck forth. The entire sky turned to golden color.

Alex frowned. He had expected this, the golden lightning came again. The power within the lightning shocked the world. The whole continent suddenly felt the existence of this golden lightning.

At Heavenly Sword Sect. The elders and the sect master suddenly rose to the sky upon feeling this lightning. They felt the existence that surpassed them.

"Sect Master, what is that?" the first elder asked the sect master since he was a Martial King.

"I don't know. But I felt that it was not a monster or something. I felt it was like a sprout of a new generation."

"What? Do you mean it was someone's lightning tribulat-" Before he finished his sentence, the sky turned to golden color for a second. He was shocked. He also felt the existence of Lightning Tribulation as he had experienced it a few times.

There were eleven elders and one sect master, standing there. All of them looked at each other while putting on their shocked faces. After having that feeling from the golden sky. They immediately knew, it was indeed as the sect master said, it was a lightning tribulation.

"Sect Master, I will go there. If he/she does not come from any influence. I will immediately recruit him, even if I need to use force. If he/she comes from an influence, I will kill him to avoid him becoming a threat."

"I will leave it to you. Who else wants to go with him?"

"Me"

"Me"

"Me"

Third, Fifth and Twelfth elders immediately raised their hands. They nodded and cupped their hands to the sect master before going to Alex's direction.

...

Not only them that felt the golden lightning. In Rainbow Flower Sect, the elders also had a meeting for that.

"First Elder, Second Elder will go with the Grand Elder to that place. From the feeling just now, it must be someone trying to breakthrough. Even if he is a male, we will immediately recruit him if not kill him." The sect master of Rainbow Flower Sect said.

The elders nodded and made their way toward Alex.

...

In the Mount Hua Sect,

"Three elders should go there. I'm sure our resources can entice him."

...

In the Buddha Sect,

Looking at the golden colored sky, the old monk said, "Amithaba."

...

Of course, the four kingdoms also felt that. All of them sent their representatives to go to Alex's position. Especially the Zhou Kingdom.

There were two Martial Kings and a few peak Martial Lords that were discussing the golden colored sky.

"I will go. Since I am a wind element Martial King, my speed will be the fastest." One of the Martial Kings suddenly said. As soon as he said that, he flew without giving any time for others to comment.

The others also recognized his ability and agreed for him to be the fastest. With a Martial King went there, it showed so much sincerity to the opposite party.

...

Unfortunately, not only the people from Willow Continent who can notice this. The nearest continent, Northern Continent, that had power level far above the Willow Continent, also saw this.

In some places,

"Send a few men to the Willow Continent."

"Yes!"

"Who was the one who made such a phenomenon... A peerless genius will soon appear from Willow Continent."

Not only them, but there were also other influences too that sent their men toward the Willow Continent.

Fortunately, the snake that was hidden in the Nilis Continent that had around the power level of Willow Continent did not notice this.

...

Back to where Alex's was,

After seeing the golden lightning that suddenly struck forth. Anna, Leoz, and Sherry found it a bit more obvious, and they were not that shocked. It was different for other people from the group. They were dumbstruck by this phenomenon.

Leoz used that chance to cripple the 6-Star Martial Grandmaster old man along with a few other Grandmasters. They did not even realize that Leoz had crippled them.

Leoz bound them with his 'Thunder Ring' after crippling them. He killed all the Martial Masters but left the Young Man that talked to Anna vulgarly. Alex wanted to deliver him to another world personally.

Looking at the golden lightning. Leoz, Anna, and Sherry had an absolute belief in Alex. That's why they continued intercepting the monsters who got scared by the golden lightning. They took the chance to kill the monsters one by one.

Anna managed to level up once after Alex released the Lightning Rod Array and became a 4-Star Martial Grandmaster. Anna and the rest will make sure there will be no monsters that managed to come to Alex.

Alex looked at the golden lightning. He raised his hands as ten Swords appeared beside him. He pointed his finger toward the lightning. Alex didn't forget to cover those swords with his sword intent.

"Omnislash"

The swords charged at the lightning. But the result was as expected. The swords can't destroy the golden lightning. Alex also didn't have any expectation of destroying the lightning with 'Omnislash'. The swords were supposed to buy some time for him.

"Pure Fire, release."

He opened the Phoenix Seed inside his body. The pure fire surged out of the seed. Alex made them go to his hand. After reaching his hands, he infused the sword. Along with his Sword Intent, he waved his sword twice, creating two sword waves.

Alex can't use Sanguin Sword Art or Seven Stars Cut repeatedly in a short time. But, he can use the Sanguin Sword Art first before using the Seven Stars Cut. The two sword waves flew toward the lightning in 'X' form. The front was Sanguin Sword Art, and the back was Seven Stars Cut.

The clash shook the surrounding. It created a shock wave that blew the surrounding trees away.

Alex's sword waves managed to push back the golden lightning. But, before it destroyed the lightning, the Sanguin Sword Art broke, leaving the Seven Stars Cut alone to fight the lightning. Without the help of Sanguin Sword Art, Alex's attack lost a third of its power. Alex furrowed his eyebrows, he had his Spirit Eyes on this whole time.

From his Spirit Eyes, he can see the remaining energy from his Seven Stars Cut and the lightning. Alex waved his hand as a phoenix came to the stage once more.

"Fire Phoenix Art, First Stage. Fire Phoenix"

The fire phoenix let out a cry like a living phoenix. It flew toward the lightning's source, which was the Lightning Tribulation Cloud. Upon reaching the cloud, it exploded. The explosion was so big that it shocked the people in Shades Town to the core. After seeing the golden colored sky, the people in Shades Town were thinking about going to Alex.

After seeing this phoenix, they suddenly pulled back their thought. There was a person that was covered with sweat. Yeah, he was the current Quinto Family Head. After having a meeting with the family. Without his knowledge, his father, the old head, and his son went there with the opposition party in his family. According to the servant, it was out of curiosity.

When he saw the performances of that so called 'Senior'. He immediately sweatdropped. He knew that because of his foolish father and son. This family was ruined. He prayed that no one told the truth. But, remembering his useless son. He clenched his fist tightly until it bled, and blood came out.

The moment the phoenix exploded. It burned the cloud until no dark cloud could be seen. Even so, the lightning still didn't lose its power. But luckily, the explosion also caused some damages to the lightning. After receiving that damage, the lightning can't hold against his Seven Stars Cut any more. With that, the Seven Stars Cut finally cut through the lightning.

The golden lightning was destroyed by the sword wave. It suddenly burst out into small golden colored particles. It was like golden colored rain. Alex had seen such a scene back when he had his first tribulation.

The feeling from these golden particles was warm. Alex really wanted to close his eyes and started cultivating. He felt that his cultivation was starting to rise and soon breakthrough to Martial Grandmaster. Alex looked at his surroundings. They were still surrounded by the monsters.

Alex looked at the people that were carried by Leoz. All of them had an empty and dumbfounded face. He was wondering if the golden lightning shocked them that much. They had seen it with their own eyes with a VIP seat in the front. It was very different than those who only saw him at a distance, like the people in Shades Town or the people from the sects or kingdoms or even those who were on another continent.

Alex suddenly fell to his knees as the feeling was starting to overtook his consciousness. When Anna and Sherry immediately panicked.

"Wuu." Sherry summoned firebirds as many as she can and bombarded the monsters with it.

"Dark Cut" Anna also made her attack and came toward him.

"Wuu (Master)."

"Young Master, are you okay?"

"I'm fine" With his willpower, he resisted a bit of that feeling, just to ensure them he was alright.

Leoz also made an omnidirectional lightning attack. After seeing the effect of Lightning Rod Array. They were a bit afraid when they saw lightning. They suddenly stopped on their track, afraid struck by it.

Leoz looked at the monsters that stopped on their track and immediately went to Alex.

Alex had adjusted his state of mind. He can only make a breakthrough here. "I will rely on all of you."

"Yes. Leave it to me." Anna immediately said with confidence. She was not scared by the number as she was confident that she could kill them all with Leoz and Sherry.

"Wuu!" Sherry also nodded her head.

"I believe there are still around a hundred monsters." Leoz said.

"Will that be an issue?" Alex said casually, believing in Leoz and the others strength.

"Please take as long as you need, Young Master." Leoz said coolly as he took off from his position and started killing the monsters again.
