367 Mount Hua Sect and Rainbow Flower Sec

After Alex came back to the sect, he just leisurely enjoyed his time for training or other things. Evelyn also had yet to arrive, so Alex practically was alone after Charya attacked Mount Hua Sect with other elders and disciples.

Alex also let Noah observe the situation for him so he would know the condition of the battlefield. Hopefully, he did not need to help. However, with the addition of Rainbow Flower Sect, they should be fine.

And it turned out he was right. As soon as the Mount Hua Sect clashed with Heavenly Sword Sect, the Rainbow Flower Sect made their appearance.

But that was not all they needed to fight. It seemed a few Array Masters decided to help them fight Mount Hua Sect. And their leader was none other than the Array Master that was trying to stop Mount Hua Sect in pursuing Alex.

Bazza was thinking about helping Alex to escape from them. However, when he saw Heavenly Sword Sect chose to fight like this was not a problem, he decided to join the fray with a group of handful Array masters. Although their group was not that big since it only consisted of a couple of friends and his disciple, they were a force to be reckoned with.

Bazza was disappointed to see the sect master of Mount Hua Sect decided to attack Heavenly Sword Sect just for Alex. Even though he had expected something like this would happen sooner or later. It was really a regrettable thing to happen.

Mount Hua Sect was on their wits end after getting pincerred by two great sects as well as Array Masters. They were confused about why Heavenly Sword Sect came with full force at them. After all, they would still need to deal with the Zhou Kingdom and the Southern Kingdom even after the Thiveapia Kingdom left this war.

They were asking for help from the Zhou Kingdom and the Southern Kingdom. However, when their messengers arrived at the Southern Kingdom camp, they only saw a red battlefield and abandoned camp of Zhou Kingdom.

The Southern Kingdom aside, since they looked like they had a hard battle, the Mount Hua Sect was angry toward the Zhou Kingdom because they deserted this war. And because of that, they suffered heavy losses on their side. Even though Mount Hua Sect's sect master led the elders and disciples bravely, it could not stop after getting attacked by both sect masters from Heavenly Sword Sect and Rainbow Flower Sect.

They ran away from the battlefield. Sadly, they lost more than half of their elders in this battle and around seventy percent of their disciples since the two sects heavily pursued them.

Mount Hua Sect tried to make a peace negotiation with them. However, Heavenly Sword Sect heavily against it. Especially since Mount Hua Sect was coming toward them with three other influences, which were Thiveapia Kingdom, Zhou Kingdom, and the Southern Kingdom.

After making absurd demands, Heavenly Sword Sect finally stopped chasing them. Sect Master Xiang Bai also did not want to risk it since Mount Hua Sect might fight all their lives to the bitter end. At that time, Heavenly Sword Sect would not feel good either.

So, they decided to agree to their peace demand in condition. Mount Hua Sect will give half of their income to both sects with Heavenly Sword Sect receiving thirty percent and Rainbow Flower Sect receiving twenty percent for five years.

Secondly, they would need to give them 5 Raise Pill made by either 9-Star or 10-Star Lord stage monster core. And lastly, they would need to give 50 million Spirit Stones for each of them. It was equal to ten years of revenue.

After accepting those unreasonable demands, their sect master decided to have a closed-door cultivation. If it were not because he was the only Martial King in their sect, he would already get killed by the elders for this blunder. However, the elders knew they could not do that.

After all, only with his reputation as a Martial King could Mount Hua Sect pass this period of darkness. They decided to lock down the entire sect, not letting any disciple go outside. It was a heavy loss that could only be recovered after decades, if not centuries. Their biggest chance to recover this is to win the Grand Tournament.

On the other hand, the Heavenly Sword Sect made a party to celebrate their win after this 'dark cloud.' Even though they lost two of their elders, their overall strength did not decrease that much. Of course, Rainbow Flower Sect also contributed. So, they decided to celebrate together in the sect.

At the same time, Evelyn finally came back to the sect with Nicole. However, after delivering Evelyn safely, she suddenly flew back to Thiveapia Kingdom even after Alex tried to persuade her to rest for a while.

Alex was invited to celebrate together with fellow disciples as well as Rainbow Flower Sect. After all, after the war ended, the rumor about Alex stopping the Southern Kingdom alone was spread.

Although it appeared that Alex was the cause of this war, it was also true that Alex was the one who solved the war, albeit only the higher up that knew about that. Although they did not know how Alex could stop the Zhou Kingdom and the Southern Kingdom, they would need to be grateful to Alex because they could get many benefits from Mount Hua Sect because of this war.

It was at this time that Charya came to his house.

"Yo, Alex! You are not going to celebrate together? There are many beautiful women there though, since we are celebrating together with Rainbow Flower Sect." Charya laughed.

Alex shook his head. "I am fine in this place, and the celebration is not really my thing. And secondly, they came here because they want me. So, I think many disciples would hate me after this."

"Well, I know that many disciples will hate you, especially the disciples who had their friends killed in battle. However, the fact that you stopped the Southern Kingdom alone made your fan club grow to unprecedented levels. In fact, they would already become your die-hard fan after hearing your exploit. Of course, they did not know about you stopping the Zhou Kingdom and Thiveapia Kingdom too."

"You jest. I don't do anything special. This was my problem, I should be the one who solved it, yet I trouble the sect about this."

"Haha... you don't need to say something like that since the sect gets so many benefits after defeating Mount Hua Sect." Charya laughed. But, Charya's expression suddenly became serious, "Well, there is also another matter that you need to deal with."

"Rainbow Flower Sect?" Alex narrowed his eyes.

"Yes. They want to talk with you."

"It's okay. Since they decided to come to our aid even though our situation was hopeless at that time. So, talking with them is fine by me." As he said that, he turned his head to the other side. He could see a few people with his Spirit Eyes.

"Fufu... then we shall shamelessly intrude your home." Suddenly a young beautiful mature woman came. Behind her, he could see Letizia and a few elders. Sect Master Xiang Bai and the first elder also came to this place.

Alex noticed their presence for a while. They sent Charya just to have his permission. They really got interested in him when they realized all the three kingdoms were stopped by him. Of course, no one told them about this.

They realized it when Heavenly Sword Sect decided to attack Mount Hua Sect with their full force. They had known Heavenly Sword Sect for so long, and they were absolutely sure Heavenly Sword Sect would not be able to take the full brunt of the attack from four influences unless they had an unknown factor.

They later realized that the Thiveapia Kingdom stopped participating in the war just before they even started. It was the same as the Zhou Kingdom, who suddenly deserted the war. And after knowing Alex stopped the Southern Kingdom by himself, they could conclude that Alex was the unknown factor.

"This is the sect master of Rainbow Flower Sect, Cecilia La Scola. She is the mother of Letizia La Scola." Xiang Bai immediately introduced them.

"This junior is grateful for Senior help in the war. Even after knowing we are in a hopeless situation after getting attacked by four big influences, Senior still leads Rainbow Flower Sect to help us. This is not much, but this is how grateful I am for senior's help." Alex said while presenting her with a space ring.

When Cecilia saw this, she involuntarily twitched her eyebrows. She cursed inwardly, 'This sly kid. He already wants to finish this in his first conversation? He does not want to owe the favor, so he immediately gives this space ring.'

"Fufu... My daughter is interested in you. So, I obviously need to support her. We are not helping Heavenly Sword Sect because of the benefit. I know there is some kind of misunderstanding between you and my daughter, so I hope you can be good to her." Cecilia said.

She was thinking, 'Kid, you are too naive. After knowing you can somehow stop three kingdoms in a short time, how can I receive this reward? I better have you owe us a favor instead of this ring.'

Alex also knew her intention. He said with a smile. "Of course. I don't have any grudges against her. If my actions in the past can make you interpret it like I dislike or hate her, I hope Senior can forgive me."

"Is that so? I thought you hated my daughter since you went away when we came to this sect."

"No no, how can I hate such a beautiful woman, I truly had something to do back then that required me to leave the sect," Alex said with a smile. Since they did not want to accept it, Alex needed to do it in a hard way, "I truly could not show myself back then since I already have wives. I am afraid they will misunderstand me."

When they heard Alex already had wives, Cecilia, Letizia, as well as the elders that came with them twitched their eyebrows. Cecilia looked at Letizia, who bit her lips but still nodded her head. She sighed inwardly before she said, "Fufu, Truly a hero from youth. Since you already have multiple wives, how about having my daughter too."

"After all, it is normal for a powerful person to have multiple wives. She did not mind having to share you with others."

Suddenly, they saw a black-haired woman walking toward them from Alex's house. Her beautiful crystal black eyes, her small nose, and sweet cherry lips. Her glossy long black hair and a body that was not losing Cecilia. They could see youthful energy in her. However, her eyes were filled with wisdom and maturity. Her charm completely put Cecilia and Letizia in shame.

Letizia obviously recognized her. She was always beside Alex when she met him. Her existence already etched to her bone. "You..."

Anna only smiled at them, "Nice to meet you. I am Anna Sirius. Alexander Sirius's wife."

"Fufu... It is my pleasure to meet you, Miss Anna. I can truly understand why Alexander Sirius is so smitten by you. You must be his first wife." Cecilia said with a smile. Even so, she was sweating on the inside.

"You jest. We don't have any number or whatsoever, and even with numbers, I didn't come first. Each of us comes to his life because there is love between us. We are the ones who are smitten by him. After all, unlike many people, he never lusted for us because of our appearance. Instead, because there is love between us that we become husband and wife. If not, I would not be able to enter his life." Anna explained with a smile as she wanted to tell them Alex never cared about appearance so they would not try forcing it or trying to incite his lust.
