After several teleportations, they finally arrived on a planet. Firia was mesmerized by the scenery. She could see the blue river flowing smoothly, a colorful scenery with a giant waterfall. And the most noticeable thing was the castle that blended perfectly with nature.

"Welcome to my... to our home, Eulja." The woman said to Firia.

They were then suddenly greeted by a huge muscular middle-aged man. He was also wearing the butler suit, and it complimented his light red hair very well. Even though his face was a bit scary, his expression was the opposite of that. He looked like a gentleman.

"Welcome Home, my queen." He bowed gently to the woman. He then turned to Firia, "Welcome, my lady Firia, my name is Korzan. I am honored by your presence."

"Ye-yes?" Firia was confused.

"Fufu... Let's go back to the castle first. We can talk there." The woman said.

"Understood." Zark clapped his hands once again before teleporting them into the castle.

"Well, I suppose I should introduce myself first. My name is Lin Xingzhi, I am Alexander Sirius's wife... Not exactly right. Well, I am his past wife, and will be his future wife. I wanted to call myself Sirius Xingzhi, but it became weird. Even lord husband said it was just a name." Lin Xingzhi finally introduced herself.

"Eh?" Firia was dumbfounded when she heard that. "Husband's wife? Past wife? Future wife?"

"I will clear the confusion later together with Alicia since we should save her first. May I have the box back?" Lin Xingzhi said.

Firia did not understand, but she still handed the box to her. Suddenly, she felt something wrong, "Have the box back?"

"Yep. Don't worry, I will explain everything to both of you later. And I also want to show something to you that you will absolutely love." She said while giving the box to Maxwell. "It is your time now."

"Korzan, we need a room." Lin Xingzhi turned to Korzan.

He nodded. "This way, please."

Korzan then led them to a room. The room was very beautiful and had a natural feeling inside it.

Maxwell then released Alicia from the box. Firia could see Alicia's pale face and bit her lips. Suddenly, she felt a hand on her shoulders. When she turned her head, she saw Lin Xingzhi smiling.

"Don't worry. She will be alright." Lin Xingzhi said, trying to comfort her.

Maxwell then took out a pill from his space ring.

Firia was astonished to see the white-colored pill. She knew it must be an Alchemy thing. However, she could feel the boundless energy inside that pill. This pill made by many rank 7 and rank 8 materials, and the pill rank itself was close to a god rank pill. So, even Alex kept Alicia with him, he would need a long time to even fulfill that.

Maxwell then put the pill on Alicia's mouth. When the pill dissolved, Alicia suddenly was in agony. She started sweating all over and made Firia worry. However, before she could look around her, Alicia suddenly stopped and became calm again.

Lin Xingzhi looked at Maxwell, who nodded his head. He said, "The energy from the pill has gathered all the poison to her abdomen. All we need to do is to extract that poison from her body and recover her natural energy. She should be fine after that."

"Then, that is easy." Lin Xingzhi nodded. She put her hand on Alicia's abdomen and said, "Be a good boy and come out."

She was planting her Spiritual Energy inside Alicia's body to make a way so the Poison could get out. They then saw a dark green colored liquid start coming out of her pores. She then waved her hand as the green colored liquid flew toward Korzan. Korzan only grabbed it before burning it.

After that, Lin Xingzhi enhanced her natural recovery speed. And soon enough, they could see Alicia's pale face vanished.

"Mhm..." Alicia groaned a bit before slowly opening her eyes. She looked at the unfamiliar ceiling.

"Alicia!" Firia immediately came to her and hugged her.

"Firia..."

"Do you feel anything wrong inside your body?" Lin Xingzhi asked.

Alicia looked at the otherworldly beauty beside Firia. "Yes. My body seems very energetic right now."

"I see. Then that's good." She nodded before turning her head to Korzan and Maxwell.

Without any words, they already knew her intention. They only nodded and left the room.

"Alicia! I'm glad... I'm glad you are alright." Firia hugged her tightly.

"Firia?" Alicia was still clueless as to what happened. She then turned to Lin Xingzhi, "Are you the one who cured me? Thank you very much."

"Nice to meet you. I am Lin Xingzhi. Alexander Sirius's past wife and will be his wife again in the near future." She said with a smile.

"Eh?" Alicia was startled when she heard that.

"You should try to move your body first. If you are alright, then I will explain everything from the start."

Alicia did not know what to do, but after seeing Firia nod. She then nodded her head before carefully rising from the bed. She placed her feet on the ground and did not feel any discomfort.

"Try to walk around."

Alicia nodded and tried to walk around the room. "I am fine. I don't feel any discomfort."

"Then that's good." Lin Xingzhi nodded her head.

"Well, I will explain it to you first. You should know about the reincarnation thing, right?" She asked.

Alicia and Firia nodded her head. "Ah, you..."

"Yes. I am his previous life's wife."

"!!!" Alicia and Firia were astonished. Firia then asked, "Then... this planet... no, this place..."

"Yes. This world is named Eulja. Or you can call it Spirit World. This is where previous Alexander Sirius was born."

Alicia opened her mouth in surprise. However, after getting the knowledge from Maxwell, Firia asked, "He... how was he? I mean, his previous life."

Firia was also shocked by the fact that Lin Xingzhi was Alex's wife. However, after looking at Maxwell and a few years pondering, she had expected something like this might happen. So, she was not that shocked.

In fact, she had a deep respect that their relationship extended even after life and death. It was different from Alicia. The last thing she could remember was the parting between her and Alex. She never expected something like this.

"Eh? Firia? You..." Even though Alicia was okay with Alex having another wife. This sudden thing completely blew her mind. After all, how could she expect that Alex also had a wife from his previous life and suddenly appeared in front of her? She did not know how to react.

"I know. You might be confused with this, and I don't expect you to accept me instantly. However, just know that we... all of us loved the man called Alexander Sirius." Lin Xingzhi only smiled toward their confusion.

"But... you should have the same condition... I mean, wouldn't you accept us suddenly as Alex's wives?" Firia did not know how to explain.

"Fufu, that's certainly not right. I mean, I have known all of you since a few years ago. In fact, I had known Alicia when Alex helped her group when she was trying to return to the Acacia Kingdom from Zircodina Kingdom. And Firia from the start of the academy."

"Eh?" Both Alicia and Firia were startled when they heard that. It was certainly their first time meeting Alex. "How... how do you know?"

"That's what I want to show you. Come with me." Lin Xingzhi guided them to another room. The room was pretty similar to their previous room. However, the lingering scent was similar to the perfume Lin Xingzhi used.

"This is my room." Lin Xingzhi said casually.

"Eh?" Alicia and Firia became tense after knowing it was Lin Xingzhi's room. Even though she was Alex's wife, it was still pretty awkward to come to someone's room that you just met.

But, Firia and Alicia noticed a big frame on the wall. There were four people in the drawing. One of them was the person in front of them, Lin Xingzhi. She was hugging a man from behind. And the other one was the golden-haired man sitting on the ground with a gentle smile.

They were dumbfounded when they saw Alex's picture in here. However, unlike the Alex they knew, Alex in the picture was more mature that gave another charm to his appearance. They immediately understood who was in that picture. It was Alex, no Previous Life Alex.

However, they did not know who the other two were. The first one had long black hair tied into a ponytail. Her appearance looked like Alicia, from body and aura. However, unlike Alicia's playful aura, the woman looked like she was a shy person. They also noticed from her eyes that she tried to take a glance at Alex. Although Alex had introduced his spirits to them back then, Anna was not present as she was dead set in killing the monster to raise her power.

The other one was a golden-haired beauty. She was trying to hug Alex but was stopped by Alex's hand. Her body was a bombshell like Firia. However, her aura felt like Alicia. They looked like they were in a plain that was perfect for a picnic. Alicia and Firia did not know why, but felt a bit jealous. All of them looked very happy.

"Ah, this. This is Alex. The shy black-haired little girl there is Anna. And the golden-haired busty girl is Anya. They are twin sisters and also Alex's wives. This is our previous family back then." Lin Xingzhi explained.

"Uhm... Can I know where they are?" Alicia asked.

"They are on Alex's side at the moment."

"What?" Alicia and Firia were startled when they heard that.

"Yeah. They are on his side, helping me take care of him." Lin Xingzhi smiled.

Firia suddenly asked an unexpected question, "Will they recognize us?"

Firia remembered that Alex should only be with Alicia if she did not intrude their life. So, she was a bit more skeptical about this.

Lin Xingzhi only smiled when she heard Firia's question. "That is not even a question anymore. He did not have any memories from his previous life. In other words, he was just like a blank paper.

"You two are his wives in this life. And we are the ones who intrude on your relationship. Although he doesn't have memories from his previous life, our existence is still etched in his bones. However, even if it is like that, he is the one who will choose whether he will accept our existence or not."

"Are you the main-" Firia wanted to ask but stopped herself.

"Haha... You are exaggerating. Even though he does not have a previous life's memory. I think he also told you about this. There is no number between us as he loves all of us unconditionally. In return, we also love him with our hearts.

"All of us are sisters, sisters that could even raze a world down just for him." She said with conviction.

Alicia and Firia were startled. However, they instinctively shouted, "We can raze a world down just for him too!"

Firia added, "If we have power..."

"Fufu, don't worry about that. Both of you will train to get stronger. However, there is a slight problem for Alicia... I can call you this, right?"

"Yes."

"You can call me Xingzhi."

"You can also call me Firia," Firia added.

"Sure. Alicia, Firia." Lin Xingzhi smiled.

"What is the problem?" Alicia asked.

"Well, unlike Firia, who already rebirth through Alex's Sacrificial Fire. You are still under the influence of your lower world, Agar world. In other words, you can't cultivate like us. Well, we can ask the Ice Phoenix Spirit Tribe to perform their ritual to make you rebirth, so your talent can be at the same level as Firia.

"However, if they perform that ritual. You would not be able to retain your humanity and completely rebirth as a spirit. Well, Ice Phoenix is one of the closest tribes to humans in terms of appearance, so I don't think there is much problem with that. But I still need to ask you whether you will do it or not."

Alicia was surprised by the offer. However, thinking about her helplessness, how she could not help Alex previously, and just became his burden. Alicia decided.

"I will help him no matter what the cost. I already promised him that I would stand beside him, not behind him. Please let me have that ritual."
