

Gacha 71

71 Demon

"Wuu" The fox greeted him.

"He sleeps once again, its a shame" The human sighed.

'You are the one who knocked him again' If the fox can speak, this might be the one that she said.

"Wuu"

Yep, the human was Alex.

Alex picked the demon once again and laid him down. After a few hours. The demon finally wakes up.

He slowly opened his eyes. After recalling what just happened. "Is this heaven?"

"Wuu"

He heard the sound of the fox. He turned to the fox. "are you also killed with me? I'm sorry"

"Wuu"

Noticing the demon movement. Alex looked at him. He giggled when he heard this kind of conversation.

"Right you are already dead, Now let me guide your soul to the reincarnation" Alex said, he tried to make his voice a bit ethereal.

The demon still didn't saw Alex. so he believed this voice. "I see, I have already died. Are you a demon god? If I will reincarnate, please let this fox accompany me. It was my fault that he died"

"I'm sorry, I can't granted your wish, since the fox still alive"

"He is still alive? That's great" The demon was relieved.

"Do you have any wish before you reincarnate?"

"Wish?" The demon thought for a moment, "I want to know the name of the human that killed me"

"Oh him? Sure I will grant your wish."

"Thank you very much" The demon thanked him.

"His name is..." The voice seems stopped.

The demon gulped down, he waited for a while before he shocked with what he heard next.

"is...me. pfft!" Alex laughed.

The demon shocked, he froze. He then looked at the voice, his eyes widened. The human back then laughing in front of him.

He realized, he was still alive. He was tricked all this time. He was angry "You"

He tried to punch him again.

"Aiyo... Why are you attacking me? I healed you just now and you attacked me. Haiz... Well, I have my fun just now though. Haha..." Alex grabbed the demon fist.

"You...You tricked me all this time." Seeing his fist was grabbed by the human, he launched another strike with his other hand.

"Haiz... Sherry immobilizes him" Alex said.

The fox immediately jumped toward the demon's back, pinning the demon to the ground.

"Now we can talk. Oh right, before I forget. This fox was a female, not a male. Her name is Sherry" Alex said.

"You" The demon still looked at Alex hatefully.

"Oi... Don't glare at me like that, after all, I'm the one who saved you"

The demon now realized, it seems Alex was really the one who healed him. There are no demi-human in here. "You... Why did you heal me? If you are going after the information you better killed me now because there won't be any information from my mouth"

"No, I am here now because I am curious about the war. Since my kingdom not planning to join the war"

The demon suddenly snapped. "Not planning to join the war? You human was the one who attacked us first. For the so-called resources, you killed so many of my brethren "

Alex was shocked. He already knows that Zircodina was the one who attacked the demon first. The reason was the resources? What kind of resources is this? And this demon unconsciously spurted all of that information.

"Resources? What kind of resources is that?" Alex asked again.

The demon suddenly realized that he just spurted the information. He glared at Alex hatefully in silence.

The demon seems to regain his calm. Alex shook his head. "Well, we can talk. According to your tone and talk, you seem to be one of the high-status demons"

The demon was surprised. The human in front of him almost saw his identity. He saw Alex hatefully "You better killed me, I won't give you any information again"

"Well... Let me introduce myself first. My name is Alexander Sirius. I'm from the Acacia Kingdom. Let me make clear for you first, the one in the battlefield was from Zircodina kingdom and Holy Kingdom. The Acacia kingdom never planning to join the war

The reason I'm here because I'm rather curious about the war and I want to stop this war. But I need information. Sigh..."

The demon looked at Alex, he didn't feel any lies in Alex's word. But he still angry "What do you mean you never planning to join this war. Because of your greed, you attacked us."

"Greed? Now I rather curious as how is this 'greed' involved in this war? Well In my point of view, it's true, one of the common reasons for war is greed. The other might because of supremacy, anger,

beauty, etc. Since this war caused especially because of greed. Can you tell me this 'greed' in your mouth?" Alex asked

"Hmph, I know that the opponent was only two kingdoms at the moment. But, If I told you the reason, I will just incite your greed. There is no guarantee you didn't report it and joined this war. You can just kill me here" The demon snorted.

"It was really hard to talk to you. Well, we are currently at war after all. No enemies will give away their information to their enemy." Alex sighed. "If this war not stopped, Acacia kingdom might get dragged to this war by the other two kingdoms. What should I do..."

Alex was in thought, and after a moment he decided. "You can go then"

The demon's eyes widened. "What!"

He was shocked. Who will let their enemies get away? "Are you sure to let me go? I will surely report you when I'm back, you know?"

Alex looked at him, he shook his head "Sure, I was planning to go back after this. I haven't planned to stay for a long time here. I'm just curious after all. Why are you suddenly want to die? You basically want me to kill you..."

"You... Foolish Human" the demon slowly walks away.

Alex shook his head and stroke sherry's head, "it's really hard to do some good thing(?). He didn't even know how to say thanks"

'He is your enemy!' Sadly, the fox can't talk.

Alex watched the demon who slowly walked away. but his eyes suddenly went wide, he shouted, "STOP!"

The demon halted his step and turned back to Alex, "Right, now you regret your choice and take back your promise. As expected of hu..."

"Just shut the fuck up and come back here"

"Hah, If you think you can order me as you like, then you are wrong" The demon sneered

"Fool! Hurry, come back here. It's coming!" Alex shouted.

"Hah, I won't. You need to drag me back if you want me to com..."

The demon didn't finish his words when he heard there are cracking sounds behind him.

"Crack! Boom!"

The demon immediately turned back, he saw a giant bear destroying a part of the entrance.

The bear looked at the demon in front of it, he launched his claw to the demon.

The demon's face becomes pale. There was only one thought in his mind "I can't dodge this"

A shadow appeared in front of the demon. Using its sword, the shadow blocked the bear strike. Its Alex who appeared.

While it managed to block the strike. the strike still blew Alex away.

Alex immediately grabbed the demon and fly away together with him.

After a few meters, they landed.

"You..." The demon was shocked. Alex was the one who protected him.

The bear runs toward them and throws another strike to them.

"Tch!" Alex clicked his teeth because the bear target was the demon.

"Immovable Step"

Alex got between them and use his immovable step. He grabbed the bear paws.

"Strong!"

Alex was shocked by this bear power. "Rank 6?"

"Boost step"

Alex used his boost step behind his hand to give him more power boost. Because of this momentum, Alex managed to push the bear away.

"Rank 6 bear was really strong. This is the first time I meet rank 6 monsters, I really need to go all out ain't I?"

"Sanguin Sword Art, Fifth Slash"

A crescent sword wave moves toward the bear at a high speed. But, seeing the sword wave, the bear only used its paw to destroy Alex's sword wave. After he destroyed Alex's sword wave, the paw was pushed back because of the shockwave that comes from the sword wave.

"Seriously?"

Alex was surprised by this bear power. But suddenly

"Wuu"

A pink colored flame tornado crashed toward the bear.

"Boom!"

"Fifth Sword Slash" Without saying anything Alex throws another strike to it.

Alex then turned to Sherry who released the attack. "Nice Job Sherry"

"Wuu"

"Roar!"

The smoke was cleared away. Alex then shocked. The bear was unscathed.

"This might be bad. Maybe, only the six slashes can injure this bear. But the problem was that I haven't mastered it yet"

"..."

The bear started running toward Alex again.

"Oi... You demon, how about you hide first"

The stunned demon finally back. Alex had already saved him thrice. The first was when he almost died, Alex healed him. The second was when the bear comes, and the third was the last charged of the bear.

"Tch" The demon was still not moving.

Alex grabbed the demon and use his flash step to barely dodge the bear.

"You...you don't need to save me. You can escape if you leave me away. why are you helping me a demon?"

"As I said, I never had any prejudice for any races. The one who does a bad thing will have bad karma, no matter what his race is" Alex said, while he secretly added in his mind 'If not, my system might become a bad-luck gacha system'

"..." The demon become silence when he heard that.

"Hide yourself." After Alex said that, he used his boost step to arrive in front of the bear and kicked him.

Sadly, Alex didn't managed to kick the bear because the bear was like a boulder. The bear launched its counter-attack by attacking Alex with his claw.

Alex immediately put his guard up but the impact still blew him away.

Alex looked at the bear, "Did I need to use my flame?"

After launching its counter-attack, the bear immediately charged at Alex. while Alex thinking about that. Suddenly another fire tornado crashed toward the bear. Find authorized novels in Webnovel, faster updates, better experience,
