"Understood" The minister bow to the king, then he asked, "Then, What should we do with the hero?"

"..." after pondering for a moment, he answered without any expression in his face. "The current him would be useless for us. But we also can't annul the engagement between him and my daughter for now. Hmm... For now, we can use him first, after the war finished. We killed him, and make my daughter engaged with Alexander to show him our sincerity. After all, my daughter will still a virgin at that time."

The minister gulped down, "Understood"

If He also knows Alex's pure fire element and all of his achievements, he won't do all of this. He might immediately kill the hero and engaged her daughter. Or he might need to eliminate Alex immediately.

The king nodded. "Then what the situation on the battlefield?"

"The current situation was very strange"

"Strange?" The king frowned, he was confused.

"Yes, the demon didn't attack us aggressively, so the situation becomes stagnant for now."

"Hmm..."

Those two continued their planning.

...

In the military training ground. There were two men fighting in there, the first one appeared with a gallant armor. The other one appeared with a normal soldier armor. The first one obviously was John.

On the side, there are three women. Two of them held a few bruises all over their bodies. Those two were obviously Sandra and Ayaka. They put a sad face. Sandra seems contemplating her choice, was she wrong to choose John than Alex?. this kind of thought keeps appeared in her mind. While there is a hatred in Ayaka's eyes. Even last night...

...

Last night, John visit the two girls' bedroom. He first visited Ayaka's bedroom.

"Bang!" John forcefully opened the door.

"Hii!" After several beating in the journey, Ayaka seems to be traumatized.

"You slut come here" John shouted.

"No...no...don't come" Ayaka was scared.

"You bitch looked at this" He pointed toward his crotch area, "Before, you beg me to do it. and now, you become like this. You bitch, you must be happy with my current situation right"

"Noo...no...please" Full of tears, she begged.

"You bitch...you slut..." without further ado, John started to beat her mercilessly. He was like a madman. He was insane, not only That useless Alex beat him, he even cut his little brother and made him a eunuch. Everybody looked toward him with pity and looked down on him.

After he finishes beating Ayaka, he went toward Sandra's room.

"Bang!" John forcefully opened the door.

"Hii!" The same with Ayaka, Sandra also traumatized.

"Because of you slut" John shouted. "You slut was his ex right... because of you, this all happened to me... Bang...Bang...!"

"Please...stop...please...stop...Ahh..." This scene was often seen in their journey. In some morning, Ayaka and Sandra suddenly seem to be beaten up.

After a few rounds of beating, John finally out of the room.

"Hiks!" She cried up. She got up with so much pain and started to sweep all the blood in her body. While sweeping her blood, she cried "Is this karma? Hiks... Alex, Maria"

After Alex beat John and even cut his little brother. John's personalities become cruel and merciless. They often beat them in the inns in their journey and also in this castle. No low ranking person would dare to stop him, while those who had a high rank can't be bothered to that. ?John almost beat Princess Rieze too, but unfortunately, he was stopped by her teacher, the previous old marshall.

In the field, John was fighting with a soldier. But soon enough, the soldier was beaten up with bruises and blood spread all over his body. After all the average normal soldier was only a rank 3 or lower. They can't possibly fight John who has the power of rank 4.

After John beat the soldier mercilessly, he then turned toward the other soldiers and said coldly "Next!"

The soldiers were scared. They will be beaten if they go. But if they not, the worst will come. Finally, one of the soldiers reluctantly steps up.

The soldier bows toward the hero, "Sir Eu...Hero, please"

He almost slipped 'Eunuch' in his word. But John still catches this up, He becomes insane once again.

"Gah!"

The soldier was kicked by the hero in his abdomen. After John kicked him, he immediately charged toward the flying soldier and throw a punch toward his face.

"What...! What...just you want to say? What do you call me?" Punch after punch raining down toward the soldier. The soldier's face started bruised and bleed. Teeth started to flying out from his mouth.

"I...Bak!...I'm...Bak!...Sor...BAK!"

The soldier was punched by John continuously, he can't even talk.

"What do you call me?" After a while beating the soldier, John stood up. The soldier's face was disfigured, and black, blue, and red color fill his face.

"I'm sorry...I won't do it again"

John pulled out his sword "Of course you won't do it again. Since a dead man can't do it again"

"Aahhh!"

John first cut his d\*ck. And he laughed like a madman "Haha, now you are a eunuch"

"Ahhh!...I'm sorry... Ahhh!"

John then cut the soldier's body part, starting from his right leg to his left leg, then to his arms. Then lastly he beheaded his head. After he beheaded him, he kicked the soldier head toward the side. The scene was gruesome

No one dared to say or approach this mad hero. They were scared. All the soldiers face become pale, Ayaka and Sandra shivered in fear, they keep recalling what John always did. Until Princess Rieze suddenly rushed in.

"You...you are the hero, why are you doing this toward your comrades and soldiers?" Rieze was angry toward John's cruelty.

"What? Do you want to change with them? Sure! You bitch, I can't touch you because of your teacher. Now he is not here. I can beat you up. They can't do anything to me even if I beat you up, after all, I am a hero" John sneered.

"You!"

Rieze pulled out her sword from her waist. She got closer to John slowly.

"Hmph!" John suddenly jumped out toward her.

"Sword Strike"

"Hero Strike"

The two sword strike clashing with each other. But the outcome was clear, The current Rieze's sword strike was not enough to stop John's Strike.

Rieze was pushed back because of the strike. While John keeps charging toward her recklessly. Find authorized novels in Webnovel, faster updates, better experience,

When John almost reached her, he swung his sword toward her. Rieze seeing John move recklessly, her eyes brightened. "Zircodina sword style, Second Style, Migan"

She ducked in and throw a few slashes as she moved past John.

"Aaahhh!" John screamed in pain. After a while John realized, there are two cuts in his body. "You...you bitch, you now even dare to hurt me. ?Now you have done it, I won't stop beating you even if you beg me"

John used all of his strength. "Hero Step!"

He instantly arrived in front of Rieze and swung his sword. But on the contrary, Rieze able to see his movement. She used her sword to parried his sword.

John's hero step was similar to Alex's boost step, but John's hero step was nowhere at Alex's speed. After experiencing Alex's movement, she somehow can see John's fast movement.

"Zircodina sword style, First style, Licht" The sword in Rieze's hand started to glow as she swung her sword.

"Hero Aura" An aura made by mana appeared from within the hero's body. The aura suppressed the glow in Rieze's hand. He didn't stop there.

"Hero Strike"

"Sword Strike"

Rieze's sword strike lose and she was blown away. "Kyya!!"

The shockwave made a few cuts in her body. Blood started gushing from her wound.

"You... you are not a hero"

"I am the hero, I can get everything. Even on Earth, I can get everything. Women and money were my playthings. That bitch dares to reject me and that bastard, Alex dares to do this to me. I will kill him. And that bitch, I will ruin her. I will disfigure her, Giving her wounds all over her body, and throw her to a brothel for free services"

Everyone was disgusted by his words.

"Haaa!" Rieze was angry and started to attack John again, Even though Alicia was a princess from another kingdom. What John said just now was not only that. He looked down toward women including her. She can't accept it.

Rounds after rounds clashing their sword, Rieze started to out of breath. After all, she was only a rank 3, though John also a rank 3, but he had the power of rank 4 because of his big status at the start. So Rieze started to be suppressed by John.

"Pant...pant!"

"Haha! You can't beat me and now you almost lost. Prepare yourself" John laughed.

"You" Rieze glared at him.

They started clashing again, a few shallow wounds started to appear on Rieze's body.

Rieze was very exhausted. Her consciousness started to become fuzzy. "It should be my last attack"

"Zircodina sword style, fourth style, Viper Strike"

A sword wave flying toward John, but...

"Hero Strike"

This strike was also weaker than John's strike and got destroyed.

"Ha...ha..." Rieze almost collapsed to the ground.

"Prepare yourself" John laughed, then he charged toward her.

When John charged toward her, she passed out. She already prepared herself to be tortured by that mad-hero or even killed by him. But before she completely consciousness, a shadow appeared in front of her. She called weakly "teacher..."

That's right, her teacher, the previous marshall arrived at the scene. He immediately helped her as to not let her fall to the ground. Then he glared toward the hero hatefully "You BASTARD!"

He kicked the hero and leaving a few ribs broken by that kick alone. With that kind of kick, the hero should be bedridden for a few months. Then he helped his pupil, Rieze, with a pain in his heart.

After a few months, the hero was healed.

In a night, there are two people in a dark alley.

"I want you to kill a person"

"Don't worry, I have a legendary poison. This poison was incurable after inflicted by it"

"That person's name is Alexander."

"The one from the Acacia Kingdom?"

"Yes, do you have any capability to kill him?"

"For now it will be difficult, but since he is a student. They will need to go out for some event from the academy. At that time I can kill him"

"Sure, make sure he is dead"

...

This incident becomes one of Alex's biggest regret.
