"Your points are Zero"

"Eh?" Alex's eyes widened

...

Every person present got their eyes widened and their jaw dropped. They were dumbfounded. Silence filled the entire field. Even though the students that were gathered here were numerous, there was no sound. Even Wind was louder than them.

It took a while for everyone to return.

"What?"

Alicia and Firia were dumbfounded. After a while, they recovered. They looked toward each other weirdly. And said at the same time "We won right?"

"Hahahaha!" The laughter was very loud. All of them looked at the person who laughed so hard. It was Edward, Edward laughed so hard and said sarcastically "Hahaha! Zero Points, as expected of the legendary Student. You don't need to kill the monster for this exam. Ha...I learned Senior"

"No...My Prince"

"Why?"

"Teacher you must have it wrong"

The students, especially the female students complained to the teacher.

The teacher put his hand forward to stop them and said "Because of the scene he created, we decided to retract all his points. The dean already gave his approval. That was written in the memo. Look" He let them take a look at the memo. It was true that the memo said Alexander points were retracted by the academy

"Pfft"

"No...My fire prince. Please..."

"The academy must be wrong"

"My Prince, let me console your heart"

Many of them laughing and many of them hysteric because of this.

Alex dumbfoundedly got back. He looked at Joshua weirdly.

Joshua also looked at him weirdly, he then finally said "Don't mind"

Alicia and Firia looked at him giggled, "Whatever the reason, we won right? You must abide by your promise"

Alex sighed and nodded "Sure"

"Wait!" The teacher who announced his score shouted.

Alex turned back and looked at the teacher weirdly.

The teacher took out a second memo. "The dean said that after I announced the first memo. I need to take a look at the second memo"

The teacher looked at the second memo weirdly. He giggled when he read the second memo. The crowd looking at the teacher who giggled, weirdly. They all shouted in their minds 'What is it? don't keep us suspense'

"The memo said that the previous memo was just a joke. It said it was a payback for the scene you created. Your real score is..."

Everyone gulped down. This teacher really likes to give them suspense. He finally continued

"You killed ten Rank 0 monsters, eleven rank 1 monster, five rank 2 monsters, and twenty rank 3 monsters"

"Pfft...Hahaha" the crowd laughed, Edward laughter was especially loud "As expected of the legendary Student"

"Ssshhh, the teacher seems not finished yet"

The crowd started to silent. "You wiped half of the population of rank 4 monsters, you killed a total of 733 rank 4 monsters. With this achievement, we reward you with 1000 points"

"Hiss..."

The crowd was silent. Their eyes widened and their jaw dropped to the ground. 'Wiped half of the rank 4 monsters population?'. They looked at the teacher who still not finished. They gulped down very hard.

"You wiped out all of the rank 5 monsters in the forest. You killed a total of 51 rank 5 monsters. The academy reward you again with 1000 points"

After hearing this statement, all of them stunned. The female students who cheered him all the time have the words stuck on their throat. The students who laughed at him, their faces become pale. Especially Edward, who mocked him this entire time, his face was blue, his intestine was green, he will collapse at any moment.

Before they can recover, the teacher dropped the last nuke bomb.

"You personally killed the Forest king, A rank 6 Ape. For this achievement, the academy rewards you with 2000 points. Your score is 24,972 points,? Because of this scene, the dean made the previous memo for a payback. That's all"

"Hiss"

The crowd took the nuke head on. Especially Edward who collapsed on the spot with bubbles in his mouth.

A minute...two minutes...Five minutes...the crowd recovered with the announcement.

"Woooo"

"Kyaa!"

"Male God"

"Fire Prince"

"Fire Prince, look at me, I can warm your bed"

"Male God, Please let me bear your child"

"Who is it? who is the one who dared to laugh at my Male God"

"Who is your Male god, he is mine"

"Where is the one who mocked him previously?"

"Look, Edward who insulted him collapsed on the ground with bubbles in his mouth"

"Serve him right"

Alex who was in the center of this very embarrassed, he scratched his cheek with his finger and looked at the collapsed Edward. He somehow felt pity for his future and lose all his drive to slap him back for his insult.

He silently went toward Alicia and Firia. He gave a meaningful smile to them.

They who saw the smile on Alex's face knew. They pouted.

Seeing their pout, he giggled and whispered to them, "Let's get out from here first"

They nodded.

Alex grabbed them and used his 'Sky Step'. They disappeared from the scene. Of course, if they looked toward the sky a bit, they will see Alexander carrying Alicia and Firia running in the sky at a fast speed.

"Wait where is he?"

"Where did my prince go?"

"No...My prince..."

The crowds were searching for Alex who was nowhere to be seen. In the ranking, there is a big name. "1. Alexander Sirius, 24,972 points"

Joshua who was in the crowd, shake his head. "As expected of him"

...

Meanwhile, Alex and the rest arrived in front of the school.

"I want to complain to Teacher a bit. You guys can go first"

Alicia and Firia giggled. "Sure"

Alex went toward the dean's office and forcefully opened the door. Find authorized novels in Webnovel , faster updates, better experience,

"Bang!"

The dean who was sipping his tea. Choked.

"Cough...cough... What are you doing!"

"Teacher, what is that first note!"

"Hmph, that was my payback. You make a big scene back then."

"Can't you conceal a bit of my scores. I can't go out because of this score after this." Alex sighed.

"Hehe... serve you right."

"..." Alex was speechless.

After a moment then the dean sighed. "Well, I managed to gather the ingredients for Crystal Pill. Come here tomorrow to take the ingredients"

Alex's eyes brightened. "Thank you, teacher. You are the best"

"Hehe... You rest first for today"

"Yes"

Alex left.

...

Alex went back to his room. Alicia already waiting for him in the room. Firia seems went back since he can't find her here.

"Alicia. I got good news for you"

"Mmm?" Alicia looked at him, blushed.

"I will make a pill for you tomorrow"

"I already told you that I didn't mind it"

"Then, it was my selfish wish"

Suddenly Alicia stood up and kiss him on the lips. This caught him off guard. His eyes widened. He was too shocked by Alicia's sudden action.

The two lips touched each other. The sweet cherry lips were planted on his lips. The kiss was like opening up your soul, tasting feeling and seeing every color of the rainbow. The softness, the sweetness of her lips. The feeling that can't be described by words. He felt both of them levitating in the air like nothing exist in the world except He and Alicia. A sweet cherry lips founded in the spring, like a fireworks glowing and brightening the dark sky.

Alex slowly closed his eyes, enjoying this feeling of happiness. His hand slowly moved toward her back, hugging her. Alicia felt Alex's hand on her back and hugged him back. The two went into their own world. They were intoxicated.

After a few minutes, their lips separated. They slowly opened their eyes in satisfaction.

Alicia's face becomes the reddest red. She said in a very low voice.

"That...that...is...the...promised...surprise"

Alex took a long breath, his face was also very red. "Umm..."

The two went into silence. The situation becomes very awkward.

A minute...two minutes...three minutes...Five minutes...

"Umm, Alicia" Alex broke the silence.

"What...what is it?" Alicia flustered.

"I love you"

Alicia's eyes widened, then she let out a big smile "I love you too"

And with that, they become silent again and the situation becomes awkward once again.

"Is...is she..." Alex hesitated.

Alicia knew the 'she' Alex talking about, "Firia also will do it"

"But...are you really okay with that?"

"I will respect your decision"

"..." Alex looked at her "Even if I reject her?"

Alicia's eyes widened. "What do you mean?"

"Even...even after this long time, I still can't..." Alex finally confessed. In the end, he started to stutter.

Alicia suddenly stopped him, she hugged him. The tears started to fall down. "It's okay, you don't need to force yourself"

Alicia looked at Alex, "We...we will tell her. Whatever happens, we...we will face it together"

Alex nodded weakly, "She can beat me or punch me as she likes"

...

Never they know that Firia was in front of their room. Listening in silence.

She sighed, she took a long breath. Her eyes filled with determination.

She opened the door.

"Fi-Firia" Alex and Alicia were shocked.

Firia without saying anything walked toward Alex and chopped his head.

"Ouch!" Alex was shocked by Firia's actions.

"I will wait for you"

"Eh?" Alex was dumbfounded

"I said, I will wait for you. This promised surprise, I will owe it to you for now. At that time, when you finally love me back, then I will give this surprise with a bonus" Firia said that with a blush.

Alex can only look at her with his mouth open, then he smiled. "Yes, Definitely"
