

Game Over 941

Chapter 941 Reveal the Truth

The two ladies of the Campbell Family fainted, and the situation became even more chaotic.

Saint called a servant and sent the two ladies to the hospital.

Elizabeth wanted to take the three children and leave, but all the media were blocking them and they couldn't get out.

Arthur and Antony stood in front of Elizabeth. Their eyes were dark and they looked at the crowd coldly.

The reporters took photos frantically and asked some strange questions.

The guests pointed and their gazes were on them.

Master Campbell scolded from the front. "Nonsense. Is it possible for me to have a kid at my age!"

He was furious. Who created this rumor? It was too immoral

Jessica finally squeezed in and stood beside Elizabeth. Her gown was squeezed broken and she grabbed her shoulder with one hand.

"Lizzy, don't be afraid. I'll protect them with you."

Elizabeth wrapped her arms around Abby and covered her eyes. She didn't want to see these messes and be traumatized.

She pursed her lips. "I'm fine. The truth isn't like this. I believe everything will be clear in the end."

Now, she was not afraid because the three children were Matthew's. She knew who their father was, so she was not afraid anymore.

No matter what others say. The truth is there. It's impossible to deny the truth.

Jessica was anxious. Matthew, Nicolas, and Leonard were still there. She didn't know where they were.

She was calling them on her phone, but no one answered.

Elizabeth took out her phone and dialed Kay's number. She did not expect something like this to happen today, so they still had some time to

come here.

1/2

The two of them could only wait for a while longer and she began to look around.

Where did Matthew go? The kids need him now, and she needs him too.

Master Hilton was at the dining area. When he saw the chaos here, he stood up.

"What happened?"

Chelsea also stood up. "What's going on? Shouldn't the banquet start at this hour?"

They were afraid to see Lizzy and the three children gathering together with another family and would feel upset.

Thus, she dragged Hector to eat and sat down for a while longer.

Master Hilton was a little worried. "Dean, why don't you go and see what's going on?"

"Yes."

Dean walked towards the crowd. Since he couldn't squeeze in, he could only ask the people beside him. After hearing what they said, he ran

over hurriedly.

"Old Master, bad. Something big happened. I don't know who posted a paternity test on the Internet, saying that the three kids are Master

Campbell and Ms. Wade's."

Upon hearing this, Hector and Chelsea stood up and strode towards the crowd.

Dean hurried over to stop them. "Master, Madam, there are too many people. You could not squeeze in."

They're already so old. It's too difficult to squeeze in. They might even get hurt.

"Get out of my way. Who created this rumor? Those three children are the Hilton Family's bloodline. No one can slander them."

Chelsea scolded the same way.

"Not everyone can bully them."

Everyone one of them wanted to protect them.

Just when Hector and Chelsea were about to rush over regardless of everything, a group of bodyguards appeared and neatly separated the

crowd and made a way out.

Matthew strode in, followed by Nicolas and Leonard.

3 of them were tall and handsome.

Matthew walked to Elizabeth and stood beside her. Jake took the microphone and handed it to Matthew.

Matthew said coldly, "Keep quiet"

Chapter 942 You Have No Brain

Leonard's voice was cold and shocking. The noisy banquet hall instantly fell silent.

The media that were very arrogant also fell silent because they knew that this man could not afford to offend.

As long as he ordered, all of their drafts would be cleared, so they did not dare to do anything again.

"Let me make it simple. The three children of Elizabeth are mine. I am their biological father."

After saying that, he nodded at Jake and took out a paternity certificate.

This is the real one. As for the fake one on the Internet, I have also found the doctor who faked it."

He was not here just now, so he went to the door to wait for this doctor.

Anna, who had been enjoying the commotion in the crowd, was slightly startled and nervous

Did he really invite the doctor here? Impossible.

She gave her a lot of money. The doctor also said that he would definitely keep his mouth shut.

Celine stood beside her. "Anna, did you fake it?"

Actually, she knew that Anna's paternity test was fake. Now that Matthew had clarified in person that the kids were his, she knew that he must

have done the paternity test

back.

All the secrets had been revealed, and Celine was unwilling to give up.

Elizabeth was just one step closer to hell, but she still managed to escape the catastrophe.

The more she thought about it, the angrier she became. Her hands gripped tightly on the hem of her skirt, trying to think of a way to fight

Tiana scolded, "Why Matthew still wants to help that bitch. What kind of seductive drug did she give him?"

When the doctor showed up, Anna panicked and bit her lip.

How did this happen? Didn't he accept her money? And he won't let anyone else know even if he died. What was he trying to do now?

Celine saw her like this and dragged her.

1/2

The test is fake.”

Anna didn't reply to her. She turned around and ran. If she didn't run, she would be the one getting hurt later.

But she had barely taken a few steps when she was stopped by a few bodyguards

“Get out of my way. I am the second lady of the Campbell family. I want to go out.”

She bumped into the bodyguards, wanting to push them away.

Celine saw this and knew that Anua was doomed this time. If she offended Matthew, she would have a miserable ending

Tinna watched the doctor take out the video and sent it to all the media.

In the video, Anna sat opposite her and took out a bag, pushing it toward him. Then, her voice echoed in the hall

“Here's two hundred thousand. There's only one result in this certificate. That's father and daughter relationship. got it?”

Because it was displayed on the hotel's big screen, everyone could see it clearly.

Immediately, the public opinion in the room changed, and everyone started pointing at Anna.

“This woman is too evil. It’s too terrifying to slander her own father-in-law and daughter in law like this.”

That’s too evil”

After a while, she heard Anna’s scream.

“Ah, you... What right do you have to hit me?”

Slaps continued on her face. It was her husband who was hitting her.

Anna’s face was full of finger marks and her head was swollen. Her hair was spread and she sat on the ground, crying.

Adam scolded loudly, “Are you trying to destroy the Campbell Family, you crazy woman? Are you brain-damaged? Do you think destroying the

Campbell Family will do anything good to you?”

Anna cried as she looked at her husband. He didn’t love her. He didn’t sleep on the same bed with her at night and usually didn’t look at her.

Now, he would only hate her even more.

She could not stay in the Campbell Family anymore when she thought about her plan had been exposed.

Suddenly, she felt that she was still useful to her husband. She could be used as a cover for his sexuality. She crouched on the ground and

grabbed onto his leg.

“Darling, I was wrong. I was wrong. Please forgive me this time, okay?”

Chapter 943 Karma Is A Bitch

She held on tightly to Adam’s leg. If she really lost the Campbell Family, she would be doomed.

“Darling, I am doing this for you, for you.”

She thought that as long as she messed up Elizabeth and Dominic, then Campbell Group would belong to Adam. She really thought of this

back then.

Not just to take revenge on Elizabeth.

Adam kicked her hand away. “Don’t touch me. The Campbell family won’t want a wretched woman like you anymore. Get a divorce

tomorrow.”

After saying that, he turned around and left. Anna was crying miserably.

“Adam, you could not treat me like this, you could not.”

At this moment, the police had arrived. The Campbell Family had called the police. They had to investigate this matter thoroughly.

Hence, the main suspect, Anna, was taken away by the police. The banquet could only end.

In the lounge, Elizabeth hugged Abby. She was frightened and cried for a long time.

Elizabeth kept comforting her, and she was already asleep.

Chelsea was by her side and she sighed.

“Today’s their birthday. I am so sorry they have to be through this.”

Even adults had never seen such a farce, let alone children.

Master Hilton was also comforting the two kids, but they comforted Master Hilton instead as if nothing had happened.

Master Hilton was in a good mood. He caressed his little head with one hand.

This is the Hilton Family’s great-grandchild and the Hilton Family’s bloodline. How could he not be in a good mood when there were three of

them in one go?

Thinking about it, the people outside, who were envious of Campbell, now they all know that they were the Hilton Family’s descendants. They

should be dying of jealous!

Elizabeth glanced at the door. Matthew had gone to send the guests and had changed from the guest to the master. Hence, he had to take

responsibility as a husband.

Chelsen saw her worries. “Lizzy, don’t worry. With Matt around, he will handle everything.”

She knew Elizabeth had been supporting her family all these years. She had to take care of everything herself, so she was probably not used to

being taken care of by others.

ition Fami

Hector and Chelsea were deeply aware of what happened today. Elizabeth had suffered a lot for the sake of the Hilton P

Previously, it was just an empty thought. They had experienced it today, and the impact in their hearts grew stronger.

The two elderly men were secretly fighting in their hearts. In the future, they must treat her better and better.

Master Hilton saw the two great-grandchildren playing games, and their emotions were not affected at all. He knew that they had strong

hearts, and it was all thanks to Lizzy

tiring

He looked at Elizabeth and said, "Lizzy, you're tired. Let the servant carry her to the room to rest!"

There was a room in the lounge. She could sleep on the bed.

Elizabeth shook her head. "The moment you put her down, she woke up. When she was young. I hug her until 9 months later. She was very

When they heard this, they knew that Abby was a difficult kid when she was young

Chelsea stretched out her hand. "Give her to me! I'll hold her."

Elizabeth saw how enthusiastic Granny was, so she couldn't refuse, so she placed Abby in her arms.

Even with this small movement, Abby had signs of waking up. She moved and whispered.

"Mommy, Daddy!"

Chelsea hurriedly patted her. This little girl is really very sensitive.

Elizabeth's hands had been released. She stood up.

"I'll go out and take a look."

The incident today was really in a mess. It would be difficult for her to solve it alone.

Elizabeth walked out of the lounge. There was a man standing by the door. He was wearing a black tuxedo and his back was facing her.

Looking at the back, she looked slender and straight. Even without looking at her face, she knew that he must be a handsome man

Inexplicably, she thought about it and walked up the stairs.

"Lizzy"

Suddenly, h

7, he called her. Elizabeth stopped walking and looked at her suspiciously.

“Who are you?”

The guests today should know her, but she might not know anyone else. Besides, after the commotion just now, I’m afraid everyone in the city

would recognize her.

Nate walked toward her “Do you want to see your mother?”

Chapter 944 Is It Useful

Elizabeth’s eyes narrowed slightly when she heard the word “mom”.

“My mother has long passed away”

After she was born not long ago, she passed away. That was what her family said.

Nate wasn’t surprised to hear this. He smiled seductively like a shy boy, harmless.

“She’s not dead, but she’s married”

Elizabeth was silent for a moment. “Can I believe what you say?”

Nate looked at her with tenderness. I’ve heard her talk about you since young. That’s why I know about your existence since young. I even left

you a photo”

Elizabeth's eyes narrowed slightly when she heard this

You are

Her eyes were filled with doubts when the man at the company said that he was looking for her

However, she maintained her guard, not daring to easily believe it

Why did he get close to her? Moreover, the first time he went to S Group

Nate nodded. "You were quite cute when you were young, but now you're even more adorable"

She was a perfect beauty now Her eyes were big, her nose was tall, and her smile was impeccable.

Elizabeth's eyes had a trace of strangeness. The way he spoke and the way he looked, it felt a little flirtatious

Was it her lusion?

Nate gave her a name card and smiled wickedly at her

"If you want to know the truth, just give me a call"

After saying that, he turned around and walked to the stairs on the other side. Elizabeth glanced at the name card.

Doctor of Medicine at W City 1. Hospital, Nate

Looking at the same, she fell to deep thought. In the end, what she said was true or not.

“Lo my mother anally out dead! to she just getting married again?”

She pursed her lips the needed to ask her grandfather when she had the time

At the moment, Matthew went back downstairs, and Nicolas called bes

Lasty, what are you

arog ostalost? Everything’s settled

Jessica walked toward her. Her clothes had already been changed and she hugged Elizabeth.

“Lazy, don’t be afraid. Everything is in the past. The bad will get punished accordingly

Elizabeth tightened her grip on the name card and patted Jessica’s shoulder

Thank you for your

hard

Leonard walked behind and held Pearl in his arms. She also fell asleep

At this time, the children were already sleepy

“Jessica, Pearl’s weak. It’s getting late. You guys should go home first!”

Only then did Jessica retreat from her arms. “Stop thinking nonsense. You’re Mrs. Hilton now, Mr. Hilton will protect you gave”

Elizabeth knew this and she met Matthew’s gaze

Tonight, I’m really not afraid. It seems like I’m not afraid of anything with him around. *

She smiled at him. He came over and pulled her into his arms.

This won’t happen agam ”

Matthew even announced to the media that she and Elizabeth were married Hence, the Campbell Family made themselves a joke this time.

They were divorced, and they even organized a birthday party for other people’s children.

left

Elizabeth felt that the Campbell Family probably wouldn’t want to see her anymore.

Rosale ran up to him. “Matthew ”

When she saw Matthew hugging Elizabeth, her gaze darkened slightly She bit her lip and looked hurt. Then, she slowly turned around and

By the time they reached the door, Nate was waiting there and saw her expression.

He ramed his eyebrows slightly “What’s wrong”

The moment Rosalie saw him, tears fell uncontrollably

“He still could not see me His heart only has Larry Why? How can I not compete with her?”

Nate took out a handkerchief and gave it to her

“There’s no was crying. You have to fight for it yourself Working with me in the best way”

Kanako slowly bowed her head upon hearing so much

“They each other fulfers to work hard

Chapter 945 Go Fight

Previously, she thought he was the best partner, because he was so outstanding. It seemed that there was nothing he could not do.

But today, after such a thing happened, it did not affect the love of Matthew for Elizabeth at all.

Even for the sake of her, he could be the father of her three children.

All of a sudden, she felt that it was unlikely to separate them.

Nate grabbed her arm and looked at her coldly. Her eyes widened in shock.

Because at this moment, Nate was very frightening, cold and hostile.

It was as if a storm was about to come.

Rosalie was usually an arrogant one too. However, when she faced Nate, she was actually scared.

“Rosalie, think about how hard you worked in school. In order to graduate early, you came back to see him. You only slept for a few hours a

day. Think about the hardships you’ve gone through, are you willing to give up on him?”

Rosalie’s eyes lit up upon hearing these words. All sorts of things from before appeared in front of her.

Thinking of how hard she worked, she wanted to be a woman who could stand by his side.

But in the end, he was took by Elizabeth. She refused to give up.

Then, she looked at Nate and nodded.

“Nate, I’ll listen to you from now on. As long as I can get him, I am willing to do anything!”

Nate smiled. “Yeah, let’s go! I’ll send you home.”

Saint hadn’t left yet. All the plans tonight were ruined by that woman, Anna.

The master was very angry. He had to send someone to get rid of that woman tonight.

He took out his phone and sent a text

Celine and Tiana hadn’t left yet. The situation tonight had been controlled, and they hadn’t expected the final twist.

“Dominic”

She called her Dominic was her son-in-law before.

Saint turned around and glanced at them. He did not like those who were in front of him.

Because they had always bullied Elizabeth. Although he hated that girl, he was the only one who could bully her. No one else could do so

Dominke saked raldly, "Is there anything?"

The expression on his face was dark. Their gazes were terrifyingly fierce.

Tiana harrumphed coldly, "Dominic, you could not handle Elizabeth by yourself. What's good looking at us? Do you have the ability to take

her down?"

All she wanted to do was provoke this man. Since he liked Elizabeth so much, then he should go and take her over.

Then, she'll have a chance.

As long as Matthew and Elizabeth had a falling out, she felt that she would have a chance.

Dominic raised his eyebrows. "Tiana, do you think I'm as dumb as you? What a joke."

After saying that, he turned to look at Celine. "Celine, say something. I'm very busy."

Celine looked around and walked closer to him.

"Dominic, I really treated you as my son-in-law before, but it's a pity that Lizzy doesn't know how to cherish you."

Dominic was not interested in her nonsense, "Cut the bullsh!"

Celine whispered, "You can look for the Master of our family, the grandfather of Tiana. If he finds out, he will definitely make Elizabeth

suffer."

Celine finally understood. Since the identities of Elizabeth's kids were revealed, then she had to make Elizabeth lose her favor in the Wade

Family

The old man at home was very traditional. If he found out about Elizabeth's divorce, he would definitely be furious, and he would also remove

Elizabeth's right to inherit the inheritance.

If that was the case, Tiana would stand out, so she was not afraid that Lizzy would take the family assets away.

Only then did Saint remember that Master Wade had always supported their marriage.

"That's right. I will go over tomorrow and tell Master Wade about the divorce,"

He raised his hand and looked at the time. He was really too sleepy. He was going to take a break first.

"Your nonsense is too much. I'll leave first."

Chapter 946 A Family

He strode out and Tiana's eyes narrowed slightly

"Mom, do you feel like Dominic has changed."

The way he spoke and some of his movements were different from Dominic, who was usually a gentleman

Celine was not in the mood to care about this "It's normal for a person to have a few faces. We could not do anything about it. Let's go "

Richard was done sending the guests into the house.

There were a lot of relatives from the Wade Family. In the end, he had no choice but to send them there himself.

When he saw the mother and daughter, he glanced upstairs.

"Have you two not gone home yet?"

It seemed that he still wanted to go upstairs, probably to comfort his daughter

Celine was very unhappy with his behavior, so she walked over and held onto him.

"Darling, let's go home too! Everyone's gone."

"Did Lizzy and the others leave?"

He thought they were still there. Now that he knew that Lizzy's three children were from the Hilton Family, he had changed his view of her.

Anyway, having a son-in-law like him would only benefit him.

Besides, he was the grandfather of the three children, so his identity was even more different.

Tuna also realized that her father was being concerned for Elizabeth. She pursed her lips and walked out.

Celine tugged on Richard, "Your eldest daughter is doing great. Think about your second daughter, her husband has been taken away."

Richard only looked at her second daughter walking toward the door. It was obvious that she was upset

He could only give up looking for his eldest daughter.

"Let's go! Go home"

He shook Celin's hand and strode out. It was obvious that he was furious because he did not get to meet his eldest daughter.

Cole sighed Everything was turning toward Elizabeth now.

"That gut was really blessed. If she knew that Master Hilton was looking for a wife for her grandson back then, she would have let Tis do it."

I'm so grateful

To the lounge upstairs, Elizabeth sat on the sofa while Matthew set beside her. He held Elizabeth's hand and played with her fingers

Master Hilton sat opposite them and lowered his voice, fearing that he would wake Abby.

“Lizzy, I’m sorry for making you suffer tonight. But don’t worry, we won’t let her off the hook”

Elizabeth nodded to Master Wade like a primary school student.

Master Hilton saw that she didn’t say much tonight, he thought that maybe what happened tonight had hurt her.

Hence, he gave Matthew a look and said. “Take your wife out for a walk, or comfort her properly. She has suffered all these years, or you can ge

on a trip and take a few more days off. Just leave the kids to us. We’ll take good care of them.”

Elizabeth’s eyes glinted with surprise upon hearing this.

She had never had such freedom before, but now, she felt that the three children were no longer her responsibility alone.

Having a family, a great-grandpa and a father, she no longer needed to bear everything alone.

“Grandpa, I don’t have time lately,” said Matthew.

A few major projects had just started operating, so he had to work at the company.

Master Hilton scolded, “Is your wife or the company more important?”

Only after Master Hilton finished his sentence did he realize that he was being biased, and the company was important too. This was the

Hilton Family’s business.

Elizabeth hurriedly said "Grandpa, I'm quite busy lately. Let's talk again when we're free!"

Matthew kissed her on the hand. His wife had already had protected him.

Elizabeth's mouth twitched. He could not be more serious in front of the elders. She's already very awkward.

Master Hilton nodded. "Well, tell me when you want to go on a trip and I'll pay for it? What do you usually want? Just tell me. We're a family,"

Chapter 947 Unable To Wake A Person Pretending To Sleep

At the entrance of Nicolas house, Rosalie was about to get out of the car. He told Nate next to him.

"Nate, I'm leaving. Thank you for sending me back."

Nate took out a bottle of drug and said, "Rosalie, ask your brother to drink this. He will be your assistant."

Rosalie looked at the bottle of red liquid and her eyes were a little puzzled.

"What is this?"

I won't eat it for brother. What if it's poison?

Nate curved her lips slightly and a cold smile flashed across her seductive face.

"It's not poison. I just want him to listen to you temporarily. It's up to do you"

He shoved the drug into the hands of Rosalie, raised his hand and said.

“Leave!”

His expression changed very quickly. He was very enthusiastic a second ago, but in this second, he was cold and heartless.

Rosalie took the bottle of medicine and got out of the car. The car sped off Rosalie glanced at the thing in her hand and pursed her lips.

She hesitated, not knowing what to do.

At this moment, the car of Nicolas drove over slowly. When he saw her, the car stopped Rosalie walked over quickly and opened the car door

to get in.

Nicolas was leaning against the seat and resting with his eyes closed. Rosalie called him happily

“Nicolas.”

Nicolas only opened his eyes to look at her. “Yeah”

He merely responded, then closed his eyes again, looking very tired.

Rosalie knew that they were only being polite to her and they did not look at her like she

their real sister

After all, her mother took the position of their dead mother. Since young, they had no choice but to be polite to her and her mother.

Rosal thought about it. There was still a distance to go into the manor and she wanted to have a chat with her brother.

“Brother, why did Matthew help Elizabeth today? She’s already that kind of woman Why is he still helping her like this?”

The thought of Elizabeth made her so mad

She actually had an affair with Master Campbell Even though Matthew had come forward to solve everything, there was no turning back

She felt that it was true. Elizabeth was so shameless

She could not believe her taste to be so kinky. She actually liked old men.

Nicolas was a little tired and didn’t want to speak

But when he heard Rosalie say this, he opened his eyes and glanced at her indifferently.

“Rosalie, Matt has already clarified the rumor. The kids are his. Why do you have to doubt?”

Nicolas didn’t really understand this girl tonight. Matt had already revealed all the

clues and evidence Why didn’t she believe it?

sleep

Rosalie was blocked by his words. She pursed her lips

“But, I think it’s not true that Matthew is helping her.”

Nicolas was unable to wake her up. He probably couldn't wake up anyone who pretended to be asleep, so he closed his eyes and continued to

The vibe in the car suddenly turned cold. Rosalie gripped tightly onto the medicine in her hand. At this moment, she made up her mind.

"I'll listen to Nate and give him the drug "That way, he'll stand by her side and speak up for her

After thinking about it, she no longer had to worry about it.

At this moment, the car stopped at the entrance of the main building. The chauffeur opened the door for them and Nicolas got out of the car

first. He did not have the intention to wait for Rosalie

It was obvious that he was really exhausted and needed to go back to his room to rest

Rosalie walked behind, and the moment she entered the door, she called the servant

"Prepare sobering soup for me."

Then, she sat on the sofa in the living room and played with her phone.

About ten minutes later, the servant came out carrying the sobering soup

"Miss, the soup is ready"

She placed it in front of her, thinking that she wanted to drink it

Rosalie put her phone into her bag and waved to the maid.

“All of you, get out of here”

The ants left the living room, leaving her alone. She looked around, then took out the bottle of drug, poured it in, and stirred it

Chapter 948 How Does He Know Everything

When she was doing this, Nicolas happened to come downstairs. He was also here to ask the servant to make a sobering soup.

He watched her throw something inside clearly. A trace of doubt flashed across his eyes.

Rosalie picked up the bowl of soup and left, preparing to go upstairs and send it to Nicolas’s room.

When she saw that he had already come down, she was so frightened that she almost threw the bowl out.

“Brother.”

Her voice trembled. It was obvious that she had done something guilty.

Nicolas’s expression was calm and he hummed in response.

“Nicolas, do you want the servant to make some sobering soup for you?”

Nicolas glanced at the bowl in her hand. “Is this soup for me?”

He hesitated for a moment, but he did not show his doubts and stretched out his hand.

Rosalie did not pass directly to her. Instead, she stared at the soup for a long time until Nicolas became impatient.

“Are you going to give it to me or not?”

She was still hesitating whether or not to give it to him.

Rosalie gritted her teeth. Since she chose to work with Nate, then she believed him.

Recalling the many things that happened in school, the existence of that man like a god, the girls in school were mesmerized by him.

Such an outstanding person must have his way, as long as she completely trusted him.

No matter, she handed it to him.

“I just had some. It tastes good. Drink it while it’s hot.”

The bowl was in his hands, but Rosalie did not seem to be leaving.

She kept staring at him, as if wanted to see him drink before feeling relieved.

Nicolas looked at her coldly, “Are you going to leave, or do you have anything in my soup?”

After hearing this, Rosalie hurriedly withdrew her gaze. She was almost caught on by Nicolas

She straightened her hair. “Nicolas, take your time. I’m going upstairs now. I’m so tired!”

She went upstairs in her high heels. Nicolas took a glance at the bowl. What was that thing just now?

He walked quickly to the kitchen and found a bottle. He poured some soup and would run it in the laboratory tomorrow.

Nicales cleaned up the soup He was still worried and threw the bowl into the bin before leaving the kitchen

Rosalie appeared again. She had already changed into her pajamas, yawned, and held a cup in her hand.

“Nicolas, have you finished your drink? I’m going downstairs to pour a glass of water. I’m too thirsty.”

Nicolas replied. “Yes”

After walking past her upstairs, Rosalie secretly turned her head to look at him, then took her phone and texted Nate.

“My brother has already taken that drug. Is he really alright? If he dies, I won’t let you off.”

Nate replied quickly, “Don’t worry, it’s not poisonous. From tomorrow onwards, he’ll be

very obedient.”

Just when the two of them were sending messages, Matthew was in the Hilton Family’s bedroom. He had just comforted Elizabeth to sleep.

When he saw his phone, he took a glance at the phone with one hand.

“Picture”

It was the conversation between Rosalie and Nate just now. A trace of darkness flashed across Matthew's eyes.

Swiftly pulled her hand out of Elizabeth's head and Elizabeth moved. Fortunately, she wasn't awake.

Matthew walked to the balcony and lit a cigarette. The night breeze was a little chilly.

He dialed Nicolas's number with one hand. The moment Nicolas returned to his room, he felt that Rosalie tonight was a little strange.

When he saw the phone ring, he picked up the call.

"Matt"

"Nicolas, did you drink something that Rosalie gave you?"

Nicolas felt shocked. How would Matt know?

"How did you know?" He looked shocked.

He looked around. Is there is camera in my house?

Chapter 949 Complaining to Master Wade

"I monitored the phone of Rosalie. I saw the chat history between him and Nate. I'll send it to you later. What do you feel now?"

The last time they drugged him, he found out, so he changed it.

He did not know what's the reaction after taking that drug.

If he were to control Nicolas, then it would be troublesome

Upon hearing that Matthew was so worried, he laughed.

“I’m not that stupid. I found out, so I didn’t take it. But, what is this?”

Rosalie was his sister. She probably wouldn’t poison him. What was the effect of this drug?

Matthew breathed a sigh of relief. “It’s good that you haven’t. The thing I asked you to investigate has to come out quickly. Timing is ticking”

“Ah, don’t tell me to go to the lab now

“I was awake the whole night last night, I’m not sleepy today. Could I sleep tonight?”

“That’s right. Don’t sleep tonight”

Their hands had already reached Nicolas. If they could not understand the drug again, it would be very dangerous...

Nicolas wailed, “I’m going to die of exhaustion.”

Even though he said so, he got up obediently, changed, and went back to the hospital

Matthew hadn’t finished smoking yet, so he stood on the balcony.

Suddenly, a fragrant breeze blew, and a pair of soft hands wrapped around his waist. Elizabeth pressed her face against his shoulder.

“Why are you smoking here alone?”

Matthew put out the cigarette and turned around to kiss her on the lips.

Initially, he wanted to kiss deeply, but he had just smoked, afraid that he would stare at her.

Elizabeth spread her hair and lifted her pretty little face with a hint of a smile on her lips.

“Why aren’t you going in?”

He grabbed her chin.

“You’re tired today. Don’t seduce me.”

The things that happened tonight made him feel sorry for her, so he would not touch her. He wanted her to have a good night’s sleep

Tomorrow would be a new beginning.

The two of them hugged each other on the balcony for a while. It was a wonderful sight to hug each other at night

However, Matthew was afraid that she would catch a cold, so he held her hand and led her back to her room.

Elizabeth slept well that night. She didn’t even have a dream.

Because he hugged her and slept the whole night, he slept just like her, well

The next day, Saint woke up. Because he had taken his master’s medicine, he was the one who woke up recently.

As long as this goes on, Dominic will completely disappear in the future.

He went to the sanatorium and entered Master Wade's small courtyard.

The nurse and servant greeted him when they saw him.

"Mr. Campbell, you're here."

The maid led him inside and Saint asked.

him.

"How is Grandpa lately?"

Master Wade's body was already weak, but he had been isolated from the world in the sanatorium lately, so there was nothing that would affect

Hence, her condition improved a lot and he became more energetic.

At this moment, he was doing Taichi with the doctor in the yard. He was wearing a white training gown and was in a very good state of mind.

He smiled when he saw Dominic enter.

"Dom, are you free today? Have a seat. I'll have breakfast together after I'm done."

Lizzy's grandpa valued Dominic very much. He felt that Lizzy's marriage to him was a very good one.

Even if the three children were Matthew's, Dominic loved Lizzy and he was willing to accept them

Actually, Master Wade had already noticed that the three children resembled Matthew.

Sitting on the chair next to him, Saint watched Master Wade draw watermelons. He felt very bored.

He took out his phone and saw that Nate had sent him a text.

"Nicolas has already taken his medication. Why don't you meet him today and see what kind of personality he has?"

Chapter 950 You Are Every Day When You Wake Up

"Alright, Master!"

After Master Wade finished Taichi, the doctor left. He took the warm towel from the servant and wiped his face and hands before walking

toward Saint

"Have breakfast with me. Are you free?"

Master Wade looked kind, and Saint nodded.

"I'm here to accompany you for breakfast."

The two of them entered the mansion. Breakfast was ready in the dining room.

Even though it was small, it was beautiful. There was a tablecloth on the dining table and a vase containing common peony. Outside the

French windows was a yard, the trees were green, and one could hear the sounds of birds.

The breakfast was porridge, bread, and some small dishes.

Master Wade picked up the spoon. "I don't know you're coming, so you can only have the same breakfast as me. Do you mind?"

Saint was not picky. He picked up the spoon and started eating the porridge,

"It's delicious."

The old man's diet was relatively light. In fact, he didn't have much of a request for food.

After he had eaten a piece of bread and half a bowl of porridge, Saint said.

"Grandpa, I came to see you today to tell you that Lizzy and I have a divorce."

Upon hearing this, the spoon in Master Wade's hand fell to the bowl. He fell silent for a moment to hide the emotions in his heart.

After a while, he raised his head and looked at him.

"Why are you getting a divorce? Don't you love her anymore?"

Saint shook his head. "Of course not. She has someone she likes and could not live with me."

In Saint's opinion, Elizabeth was like this.

She liked Matthew, that's why she disregarded Dominic's love,

Wade's hand trembled slightly, "Yeah, I understand."

Next, he did not take another bite. Saint know that he was angry and know what would happen.

Hence, he stood up and said he wanted to go to the office and hurriedly left.

After Seint left, Master Wade called.

"Master, are you feeling unwell?"

Master Wade said, "Call the Young Miss. I have something to tell her."

The maid took his phone and dialed Elizabeth's number. It took a long time and it was Matthew who answered it.

"Grandpa, Lizzy isn't awake yet."

He said this directly. It was obvious that he was telling him that they were already together.

Wade's expression changed.

Matthew, I won't allow Lizzy to be with you. Don't even think about it."

After saying that, he hung up the phone and coughed angrily

With him around. it was impossible for Lizzy and Matthew to be together.

When the maid saw that he was not feeling well, she hurriedly called the doctor in to do a check-up and treat him.

On the other hand, Matthew glanced at the phone. It was obvious that Master Wade was very unhappy, and he was against it their marriage.

He turned to look at her on the bed. She was already awake. He raised his slender hand and caressed his forehead.

“What time is it?”

“Eight o’clock.”

Matthew replied to her, but his expression was unpleasant. The phone call just now gave him a bad feeling.

Even if he and Elizabeth got married, he was afraid Master Wade would ruin everything. The one that Lizzy cares about the most is her

grandfather.

All of a sudden, he felt that it was so difficult for them to be together.

Previously, in Mr. Hilton’s life, everything seemed simple.

Ever since he was young, he had always been successful in everything

Except when it came to relationships, he seemed to be very helpless. In the past, it was hard to chase after women, but now, it was hard to be

together.

Elizabeth sat up, wrapped her arms around his neck, and buried her head in his body.

“I hope every day when I wake up in the future, it’s you,”
