

## Gardevoir 1

Chapter 1: A little preparation but not much

"Please wait outside for a while, King Yu. We will return your Gardevoir to you safely." The pink-haired girl in a nurse's uniform made a promise to the man in front of her very seriously.

"Ms. Joy and Happiny are here, and I'll leave my Gardevoir to you." Upon hearing Miss Joy's assurance, King Yu was relieved.

Without putting on airs, he made a gesture of asking for help to Miss Joy and Happiny in front of him.

"Luck!" Happy Egg patted his belly with his short little hands, as if he was promising something. Seeing this, Miss Joy also covered her mouth and laughed.

Without saying much, Miss Joy took Happiny into the operating room at the back. After closing the door, the surgery sign above lit up.

Yu Tianwang nervously took out a cigarette from his waist, lit it up with some trembling, and slowly put it in his mouth.

"Bang!" A white light suddenly appeared from Yu Tianwang's waist, and a black and white shadow appeared beside him.

The black and white figure, with drooping antennae on its head and a slightly raised smile on its mouth, was a female aphrodisiac.

"Ai Wan!" (Smoking is prohibited in the hospital!) As soon as Ai Guanshi appeared beside Yu Tianwang, her little white hand gently put out the cigarette in Yu Tianwang's hand.

Then, the blue light in his gentle eyes grew stronger, and he easily crushed the cigarette butt that had just been extinguished into ashes.

"Ah, it's Ai Guanshi."

"Ahem. I'm just a little nervous, so I'll just smoke one."

Facing his Pokémon that ran out of his Poké Ball, Yu Tianwang raised a finger, indicating that he would only draw one.

"Ai Wan! Ai Wan!" (Not even one! Don't you see where you are?)

Hearing what Yu Tianwang said, Ai Guanshi put his hands on his waist and lectured him angrily.

As he said this, Ai Guanshi's eyes glowed blue again, and he took out the cigarette box that Yu Tianwang had hidden in his clothes.

With a look of despair in the eyes of the king, the cigarette box was twisted into a ball by the butler.

"I'm a little nervous. See if they understand it."

Seeing Ai Guanshi like this, Yu Tianwang knew that he would definitely not be able to smoke, but he was unwilling to give up because he was really nervous.

He pointed to the rest of the Poké Balls on his waist, indicating that they would definitely understand him.

The elf in the Poké Ball shook the Poké Ball frantically after sensing that it was being pointed at, indicating that it did not agree with what he said at all.

After all, they can still tell who cooks food for them.

"boom!"

The sound of glass breaking came from the side, startling Yu Tianwang who was worrying about not being able to smoke.

Thick smoke poured in from the broken parts, covering the hall of Jinling Center.

"Ahem, ahem. Ai Guan Shi, look where the enemy is. Natural Bird uses Clear the Fog!"

Yu Tianwang covered his mouth and nose to prevent inhaling the smoke, while commanding his Pokémon to fight back.

Hearing Yu Tianwang's command, Ai Guanshi's eyes searched for the enemy's position with blue light representing superpowers.

At the same time, a Poké Ball on his waist opened automatically, and a natural bird with three yellow stripes emerged from it.

Without waiting too long, it spread its wings and cleared the thick fog at the scene.

At the same time, the culprit was caught by Ai Guanshi in front of him. It was a gas bomb with circles around it.

"Why is there a gas bomb nearby? There must be someone else."

"Butler, be on the alert."

As soon as I saw Gas Bullet Yu Tianwang, I knew it couldn't be a wild Pokémon. Wild Pokémon wouldn't have the guts to attack the Poké Center.

"Clap! Clap! Clap!"

"As expected of the League's Psychic King, you can detect it like this, right? It's not a wild Pokémon."

The sound of applause came from the darkness. Several people stood in the shadows, looking arrogantly at the nervous Yu Tianwang in the distance.

"How dare you attack the Pokémon Center if you know who I am?"

Yu Tianwang frowned and looked at them. Since they knew his identity, there was no reason to attack the Elf Center now.

He is not some self-proclaimed little king, but one of the four kings of the alliance, and his current status is earned through hard work.

"Of course we know you're here, or..." The man in the shadow paused, and said with a teasing tone, "Why did we choose to come here specifically when you're here?"

"I guess your trump card, Gardevoir, is not with you right now!"

The man's voice was very playful. He had put in a lot of effort to get this information.

"Who are you? You're here for Gardevoir!"

After hearing this, Yu Tianwang knew that there was a traitor in the alliance, and his Gardevoir's maternity period was exposed.

Then it is obvious that these people's professions have certain purposes.

"You are poachers, and your goal is to get my Gardevoir's offspring."

Yu Tianwang narrowed his eyes slightly. These poachers really picked a good time.

But what he hated most was people who threatened him with their family members.

"Since King Yu knows what we mean."

"Why not just hand over the offspring of Gardevoir to us? Don't worry, we will sell it for a good price."

"We can also save ourselves this pointless fight, can't we?"

The man's voice gradually became arrogant, and he wanted Yu Tianwang to hand over the offspring of Gardevoir directly.

"Bullshit, how dare you threaten me with my family?"

Yu Tianwang became angry. He hated people who threatened him with their family the most. If he was not afraid of disturbing Gardevoir, these poachers would have been lying on the ground now.

"It seems that we can't reach an agreement? But don't worry, Super King, we will take good care of your Gardevoir's offspring."

"Besides, since we are here to deal with you, Super Power King, we have naturally prepared corresponding means."

The invisible psychic wave was blocked in mid-air by a purple cat-type Pokémon.

With the help of its superpowers, the purple Pokémon flipped over and landed lightly, then licked its paws.

"Cool Leopard? It looks like you guys are really prepared."

Seeing that the natural bird's ability to predict the future was blocked by the cool leopard, Yu Tianwang also frowned.

Everyone knows their own business. Although Natural Bird is not his main Pokémon, the fact that he can predict the future and be blocked shows that the opponent's Cool Leopard is at least a gym leader-level Pokémon.

This group of people actually prepared evil-type elves. It seems that they are well prepared.

"Since you are the Super Power King, it is always a good idea to prepare some evil-type elves."

The man seemed very humble. After all, he could still brag about being praised by a powerful superstar.

"What a trouble, Eolup, insect song."

The Poké Ball on Yu Tianwang's waist opened again, and a Pokémon that looked like a ladybug emerged from it.

As soon as it appeared, it let out a sharp cry towards the opposite side.

"Heroga roars!"

"Woof! Woo~"

Houndoom, who looked like it came out of hell, roared at Eulop.

Two sound waves visible to the naked eye intersected, collided, and then crashed towards each other.

Houndoom, who was attacked by the insect's chirping sound, looked in pain and collapsed to the ground, losing the ability to fight.

lolup was also forced to return to the Poké Ball. The white light of the Poké Ball exploded and a pink and tender Blimwin emerged from it.

There was visible anger in Blimwen's eyes. She and Gardevoir were good friends, and her child was her child.

Now someone wants to snatch my great son? This is simply courting death!!!

Without receiving any orders from King Yu, Blimwen grabbed the Cool Leopard and the fallen Houndoom and started to beat them wildly.

The man was not annoyed when he saw this situation. He watched quietly as his two elves were smashed around by Blimwen.

"Your elves have lost their ability to fight, and you can't complete your plot. Why don't you surrender quickly?"

Seeing that the other party did not release other elves, Yu Tianwang was a little confused, but not surprised. After all, these two were already relatively strong elves.

The evil type does make it difficult for me to deal with it, but with this little ability, I dare to set my sights on Gardevoir?

I always feel like the answer is right at my lips, but I can't say it.

"Shauna!"

Gardevoir's angry voice rang out in the operating room, and the blue mental power swept across the entire Pokémon Center.

The entire Elf Center was crushed into powder by the huge super power.

Two elf eggs with green patterns were suspended in mid-air, as if something was carrying them.

"Gardevoir! Metagross, Mega Evolution!"

When Yu Tianwang saw the elf egg in the sky, he realized what he had not expected.

These Pokémon hunters are targeting Gardevoir's offspring, and they cannot get her offspring even if they confront him.

Then there must be a ghost-type Pokémon that stole the eggs.

Yu Tianwang didn't care about so many things at this time. The moment the giant golden monster came out, it was enveloped by the white light of evolution.

The moment Mega Metagross appeared, steel energy emerged from its four hands.

Four Comet Fists hit directly around the two eggs, knocking out the invisible Pokémon that was fixed by Gardevoir's Psychic.

It was a purple enchanting eye.

"Failed? Then start plan B."

Seeing that the enchanting eyes were also caught, the man couldn't help but smack his lips and was about to speak into the headset.

The headset was squeezed by the super power and turned into a piece of scrap metal.

"I say, you are so blatant, are you assuming I don't exist?" Yu Tianwang's tone became extremely cold.  
"Do you know why I am called a devil in the alliance?"

"Haha! What's the point of bullying these little characters?"

"Come and fight me if you can!"

A cold voice sounded all around, surrounding the ruins of the Elf Center.

Hearing this voice, Yu Tianwang could no longer hide the sneer on his face. "I was wondering who gave him such courage, it turns out to be you, old ghost."

"I think you want to change your main team again!"

"Shut up! Don't think you can defeat me this time. I specially prepared the Flower Rock Monster and the Soul Eye to deal with your superpowers."

The cold voice seemed to be somewhat irritated and made a harsh remark, saying that this time he wanted to reverse his situation.
