Chapter 101 to me?

After hearing Daisuke's words, Charmander's eyes wavered. He originally wanted to go back and continue waiting, but now that he had said it himself, the scale in Charmander's heart began to slowly tilt.

"It's the job of a trainer to cultivate Pokémon."

Xiaogang couldn't help it. Raising Pokémon is not like playing games where you can just put it in the warehouse if you think it's not good. You have to raise it seriously to raise a powerful Pokémon.

People like Daisuke are simply unreasonable.

"I don't care. I hate nagging the most."

Dayou scratched his ears. He didn't want to listen to these people's nagging. Instead of listening to them, he might as well catch those powerful Pokémon.

"Xiao Gang is right. If you go with him, you will still be abandoned."

Xiaoxia squatted down and talked to Charmander about the situation. After all, considering the temperament of Daisuke, this incident would happen again sooner or later.

"That's right. He will abandon you once because you are weak, and he will abandon you a second time because you are weak."

Yuto Seiyō also squatted down and persuaded Charmander with both emotion and reason. Even though he came back to find Charmander now because Charmander was powerful, he might abandon him again because of a failure.

"He's so stupid. I lost him several times but he kept following me. Finally I told him to wait for me here and I would come back. Only then did he stop following me."

"And stupidly he was wagging his tail at me to send me off, hahaha."

"Who knows? He may still be wagging his tail on the top of the hill."

"Maybe the tail was shaken too hard and the fire was shaken out."

"This will be fun, hahahahaha."

The sound of Dayou chatting with his companions at that time came from the recorder in Yu Feng's hand, and the hesitation in Charmander's eyes became more and more intense.

"Did you hear the recording? They are right. If you go back, he will probably abandon you again because of a failure. At that time, there may not be people like us to help you."

Yu Feng looked at Charmander's hesitant eyes and said seriously, to be honest, he almost couldn't use it because of this recording.

After all, Daisuke was unexpectedly honest. I don't know if he didn't know that Pokémon could understand human words or not, but he actually spoke out his thoughts. Fortunately, he was able to tell Charmander what Daisuke had hidden.

Listening to Yu Feng's encouraging words, Charmander's eyes gradually became firm, as if he had made up his mind.

"Okay, come in."

At this time, Daisuke seemed to be unable to wait any longer and threw the Poké Ball over as if he wanted to capture Charmander again.

Seeing the Poké Ball thrown at him, Charmander's eyes were determined. He pulled the Poké Ball back with his tail and smashed it hard on Dayou's face.

(Xiaozhi: It seems familiar.)

Seeing Charmander's choice, Satoshi and the others showed happy expressions. After all, Charmander has given up on the scumbag Daisuke.

"You guys, I'm going to kill you all together."

As if he was angry and embarrassed, he took out a bunch of Poké Balls from behind and prepared to let them kill Xiaozhi and others.

Unfortunately, he couldn't be so rampant for long. He was first hit by Charmander's flame spray, and then hit by Pikachu's 100,000 volts.

In the end, Yu Feng used his superpowers to grab him and he endured three kinds of pain. It was a pity that he couldn't make a sound now, but judging from his expression, he must be enjoying it.

"You two can chat first. I have some things to take care of. Is that okay with you?"

Yu Feng looked at Xiao Zhi and the others kindly. After all, he had been patient for a long time, and his patience with this person had run out.

"No...no objection."

Xiao Zhi looked at Yu Feng with sweat all over his forehead, and the black air coming out from behind him. His instinct told him that Yu Feng was very dangerous now, and he should not provoke him.

"It's fine if you don't have an opinion."

Yu Feng nodded kindly. It was best if no one had any objections, so he wouldn't have to waste time explaining the matter.

So, under the watchful eyes of Satoshi, Brock, Misty, and Seidai, Yu Feng led Daisuke, who was imprisoned by super powers, into the forest.

Soon, Dayou's screams were heard in the forest. Even though Xiaozhi and the others couldn't bear it, no one tried to persuade Yu Feng. After all, they knew that Yu Feng would not do anything out of line. Probably.

Not long after, Yu Feng wiped the blood and flesh of Kirlia and Charmander from his hands and walked out with a murderous look on his face.

"Subdued?"

Yu Feng looked at the missing Charmander and raised his eyebrows at Xiaozhi and asked.

"I have conquered it. By the way..."

Xiaozhi nodded and acknowledged that he had tamed Charmander, but he seemed to want to say something, and looked at Yu Feng who was wiping his fist with a hesitant look.

"If you have something to say, just say it, stop nagging."

Yu Feng looked at Xiaozhi's expression and knew that he wanted to ask Dayou a question, so he told Xiaozhi to ask.

"Then I'll tell you, is that guy Dayou okay?"

After hearing Yu Feng's words, Xiao Zhi calmed down and asked how Dayou was doing now. After all, looking at Yu Feng's ferocious look, it didn't seem like Dayou was okay.

Hearing Xiaozhi's question, Xiaoxia, Xiaogang, and Yuto Seidai pretended not to care, but in fact, their ears pricked up, wanting to know what Yu Feng had done.

After all, seeing that Yu Feng was still wiping the blood from his hands, it seemed that there was something wrong with Dayou no matter how you looked at it.

"You really want to know? It makes me seem like I'm going to do something bad."

"Nothing. After all, I'm not a demon. I just beat him up and sent him to the nearest gathering place of stinky mud."

Yu Feng laughed and scolded when he saw their ears erect like jack-eared rabbits.

But he still told them about what happened to Daisuke. After hearing what happened to Daisuke, Xiaoxia, Xiaogang and Yuto Seidai couldn't help but shudder. After all, they knew what kind of elf Mud was.

When Yu Feng said this, Ai Butler and Shining Kirliao behind him looked as if they had seen a devil. "God damn, you are not a devil. How dare you say that when you have been sent to the gathering place of stinky mud?" He teleported over and threw him at them, almost making them vomit.

The guy named Daiyu is so unlucky. I heard from my elder brother that after he challenges the Quartz Conference, he will propose to deprive him of his trainer status. I don't know what Daiyu has done to make his elder brother take such a cruel action. When I asked him about it, the butler just smiled and said nothing.

"Ahem, now that the matter has been resolved, let's go."

Xiaozhi and the others looked at each other and decided not to worry about Daisuke's problem anymore. After all, he must be in a miserable situation now.

"Are you leaving now? Let me adjust myself, cough cough."

"After Bulbasaur, Xiaozhi captured Charmander. It seems that getting lost is not completely without benefits. This journey of getting lost will continue. If I say it will continue, it will definitely continue."

Yu Feng adjusted his throat and told about his experiences over the past few days in a very magnetic voice.

"Xiao Feng starts again, hahaha."

Looking at Yu Feng who started to read the narration again, Xiaozhi and others looked at each other and laughed happily.
