

## **Gardevoir 105**

Chapter 105: I should cooperate with your performance but I choose to turn a blind eye.

"If you capture the five people who are traveling with Pikachu, our boss will give you a lot of rewards."

Musashi spoke to the Squirtle Pirates in a very seductive tone, saying that after all, if you want the horse to run, you have to feed it grass.

"Jenny Jenny!"

After hearing what they said, Boss Squirtle waved his hand to refuse without thinking.

Putting aside other things, there were obviously only four people, and he didn't want to get into trouble. It was obvious that the one next to him was very strong.

"what did he say?"

Musashi and Kojiro turned their gaze to Meowth who could understand what was said and were very confused. What on earth did Boss Squirtle just say?

"Meow, he said he's not the boss right now, and humans can't be trusted at all."

Meow Meow explained to them helplessly that he was no longer the boss and he also felt that humans could not be trusted at all. This meant that no one would believe what Musashi and Kojiro said.

"Then you have to find a way to make them trust you!"

Kojiro is now getting a little anxious and doesn't trust the two of them, but as a Pokémon, Meowth can't just not trust it.

This is what Miaomiao was waiting for. If he said it himself, Musashi and Kojiro would inevitably be dissatisfied, but now that they said it themselves, they couldn't complain.

"Then I'll try to find a way."

Meowth's expression became very strange, as if he wanted to laugh but couldn't. Then he turned to look at the Squirtle Group and Shiny Kirlia and said, "Meowth, listen, these humans are my subordinates."

"What did you say!"

Before Meow Meow could finish her sentence, Kojiro interrupted her angrily, "I asked you to think of a solution, and this is the one you came up with?"

"Don't interrupt. Leave this to me. No one will believe you if you say anything."

Meowth looked at Kojiro with some pride, but still explained to him in a low voice that after all, these Squirtles did not trust humans, and the attitude of this new boss was unclear.

But seeing Kojiro looking like he wanted to cause trouble but couldn't move, Meowth felt relieved. The most urgent thing was to persuade Squirtle and the others to help him.

"You should believe my words. These two men are my men."

Meowth turned around and continued to seduce the Squirtle Group. Of course, he didn't know his purpose, as Kirlia could tell at a glance that he had no good intentions. But he still wanted to see what he could say. It was a rare occasion for them to come out and play, so it wouldn't hurt to have some fun.

"Jenny?"

After receiving the hint from Shiny Kirlia, the Squirtle boss asked Meowth to prove that these two people were indeed his subordinates, otherwise they would not believe it.

"Meow! Because of you two, I encountered such bad luck. How are you going to explain to me?"

Meow Meow's brain was working at high speed at this moment, and then he looked angrily at Kojiro and Musashi who were confused and kept kicking them.

Of course, I don't know if it was because of the distance problem or because he was afraid that Musashi would settle the score with him later, but Meowth's attack only landed on Kojiro's head.

"Chirrut. (Untie him.)"

Shiny Kirlia signaled to Squirtle to untie Meowth. She wanted to see how long this group of people could pretend. Anyway, everything was under her control.

I can't control it anymore...I still have my brother to back me up, so don't worry.

"Are you willing to believe me?"

Seeing himself being put down, Miaomiao's face was full of smiles, and it seemed that he had deceived these elves in front of him.

After receiving some food from Boss Squirtle, Meowth also devoured Musashi's salted fish roe rice balls and pork chop sandwiches with relish, as he thought they were delicious anyway.

Now it's even more delicious to eat it in front of Musashi and Kojiro! Especially when they look like they want to hit me but can't, it's simply too tempting to stop, and the food in my mouth tastes even better.

"Hurry up and tell them to untie our ropes!"

Musashi's meeting gradually became impatient. They already trusted Meow Meow, but why didn't he untie them? What was he trying to do?

It's a pity that Musashi shouted so loudly, as if he had forgotten that Pokémon can understand human speech.

The Squirtle boss looked at Shiny Kirlia and wanted to ask her opinion, but she gave him a look that said "you decide for yourself". He knew that the boss wanted to see what would happen next.

So everyone tacitly pretended not to hear their shouting and continued to eat together.

"You guys are making so much noise."

Meowth yelled at Kojiro and Musashi viciously, then quickly climbed onto their shoulders and sat down, whispering, "Meowth, before these Squirtles and this Pokémon truly believe in me, you better be tied up, Meowth."

After saying that, he swallowed the rest of the rice ball in front of them. The rice ball was even more delicious because it was made so close.

Only Kojiro was left there, feeling sorry for the crying god of his pork chop sandwich.

.....

"Xiao Feng, are you sure it's okay to let her play by herself?"

While fishing, Xiaoxia was still a little worried about whether it would be dangerous if she let Shiny Kirlia go out to play by herself.

After all, it's just a Pokémon, and it's too dangerous for it to go out alone.

"Don't worry, she's safer than Xiaozhi. Besides, she's been suffocated for a while and hasn't been let out much."

Enjoying the massage from the butler and the cream feeding from the Frosty Milk Fairy, Yu Feng basked in the sun wearing a pair of sunglasses.

I have no objection to letting my sister go out to play. Something could happen to anyone present except that little witch.

When she was a child, she often stole honey from Beedrills and put the blame on him. But this was also thanks to her because her body had been tempered.

Besides, think about how many times they have fallen into traps recently. After all, my sister is a super-powered elf and she can run away even if she can't win.

"Okay, okay, don't blame Xiao Feng. After all..."

Xiaogang was about to help Yu Feng explain, but when he saw that Yuto Seidai swallowed his words again, Xiaofeng didn't intend to say anything or add any more words.

"I'm not blaming him, it's just...well, never mind, I'll just go fishing."

Xiaoxia also wanted to say something, but she noticed that Yuto Seidai swallowed her words, so she had to fish her fish in peace.

"It's Squirtle!"

A blue bald head floated up from Xiaoxia's fishing hook. Xiaoxia recognized it at a glance as the Squirtle who had dug the trap to tease them.

Why did I recognize them at the first sight? There was no other way but they were the only Squirtle wearing sunglasses nearby.

These words finally woke up Xiaozhi and the others. Except for Yu Feng who was still drinking tea, Xiaozhi and Pikachu got up in an instant.

Seeing that everyone was up, Squirtle didn't hesitate any longer and used a wide-area water gun to soak the three people who had separated.
