

## **Gardevoir 106**

Chapter 106 I'm watching you!

"It's too much!"

"I'm soaked to the skin!"

The drenched Xiaozhi and Xiaoxia looked a little weak, especially Xiaozhi's standard Kakarot hairstyle which was only slightly downward.

Pikachu behind them became more and more angry. After shaking off the water stains on his body, he jumped forward and released 100,000 volts at the Squirtle in the water in front of the desperate eyes of Xiaozhi and the others.

The golden electric current did not hit Squirtle in the water as Pikachu expected, but instead spread towards Satoshi and the others around him.

"Mama mama!"

Under the baptism of golden electric current, Xiaozhi actually looked like a Super Saiyan.

"Wet clothes conduct electricity!!!"

Xiaogang expressed his feelings a moment before he fell to the ground. Being hit by 100,000 volts was a torture for him.

Yu Feng and You Teng Shengdai, who were sitting in the back, were not hurt because of the protection of the steward. They were still chewing the persimmon cakes prepared by the steward and watching the farce in front of them.

The Squirtle in the water looked at the three people who were electrocuted on the shore with mockery, then jumped out to the nearby shore and looked at Xiaozhi and the others with a provocative look on his face.

"How abominable! How can you sneak attack someone like that? Pikachu, let him see your power!"

Xiaozhi didn't have a good impression of the Squirtle that attacked him and others and provoked them, even though they were the Pokémon he wanted very much.

Or do you really think that honest people won't be angered?

"Pickup!"

Pikachu also responded to Ash's wish and jumped out to fight Squirtle, but Pikachu unexpectedly did not use any electric skills because he was afraid of electrocuting Ash and the others.

Seeing that Pikachu did not use 100,000 Volts, Squirtle rubbed his head and laughed.

The five limbs retracted inwards and spun towards Pikachu.

Yu Feng, who was watching the battle from behind, watched the battle in front of him with great interest. Although he didn't know why Pikachu didn't release 100,000 volts or dodge, Pikachu would be in trouble after taking this hit.

As expected, Pikachu was knocked from land to water by Squirtle.

The goldfish that had been lying in ambush suddenly jumped up and attacked Pikachu who had fallen into the water.

"It's a horned goldfish! Be careful of its horns!"

Misty, who is very familiar with water-type Pokémon, saw through Goldfish's intention at a glance. Without water, Goldfish would be a weakling, almost the same as Magikarp.

But in the water, the horned goldfish is more useful than the Magikarp. The sharp horns will make you experience what cruelty is!

It took Pikachu a while to recover from the impact of Squirtle. When he heard what Misty said, he was shocked and swam towards the shore.

But after all, Pikachu is a land Pokémon, and Goldfish is an aquatic Pokémon. How can he compete with Goldfish that grows up in water when it comes to swimming?

The goldfish had already swam to Pikachu's feet, and immediately put on a show that looked like a chrysanthemum with wounds all over the ground.

The huge horn of the horned goldfish went straight into Pikachu's body, causing everyone present to shrink their legs involuntarily. They had never seen such a situation before.

With the impact of the goldfish, Pikachu flew directly to the shore and lost its ability to fight.

"Pikachu!"

Xiaozhi was just about to check Pikachu's injuries.

"Whoosh! Whoosh! Whoosh!"

Several ropes quickly wrapped around Xiaozhi and the others. Yu Feng looked at the ropes on his body in surprise. How could he be trapped even though Ai Guanshi was by his side?

Ai Guanshi gave him a helpless look and shook his head, indicating that it was not that he failed to defend himself.

Yu Feng thought for a moment and was about to use brute force to break free from the rope, but suddenly his pupils shrank as if he was hearing some news. After hesitating for a moment, he gave up and tried to break free from the rope.

"Is it what I thought?"

Yu Feng glanced at Ai Guanshi who was also sighing, his tone full of powerlessness.

"Ai Wan!"

Ai Guanshi nodded to confirm Yu Feng's guess, and then looked at the food in front of him with a painful look on his face. At least the food would not be the freshest if they left.

I will have to ask Xiaoya to collect the ingredients for me again, so that she knows that wasting food is a very shameful thing!!!

Back to Xiaozhi, after making sure that Xiaozhi and the others were tied up, he tied the three of them together in a lightning speed.

"Jenny Jenny!"

When the Squirtle boss was feeling proud of his childhood friend, he was punched by Shiny Kirliao, who then made a high-profile appearance wearing sunglasses.

"Meow! I finally caught you!"

Before Xiaozhi and the others could react, Meowth looked at them smugly.

We finally caught those little brats today, and got some unexpected income.

"You are.....meow!"

The appearance of Shiny Kirlia was shocking enough to them, and now seeing her hanging out with Team Rocket's Meowth, everyone looked at Yu Feng who was also tied up and breathed a sigh of relief.

Although I don't know what the situation is, but with Yu Feng around, at least things won't get too outrageous.

"Chirrut! (What do you want to do? I'm warning you not to do anything bad.)"

Seeing Meowth's expression flashing, Kirlian's expression turned unfriendly. Playing is fine, but if he really wants to do anything bad, she will keep an eye on him.

"Meow, how could that be? Let's go back first. I think those two men are ready."

Hearing what Shining Kirlia said, Meowth's expression instantly became very flattering. Now he hasn't gained complete trust, so when there is a chance, he will let Musashi and Kojiro go out to buy some things and make some weapons to catch them all in one fell swoop.

Unfortunately, Meowth would never have imagined that Shiny Kirlia remembered the culprits who destroyed her blue badge, and Yu Feng only did not take action because of her persuasion, otherwise he would have sent these elves who disturbed his lunch back to the forest to be dealt with.

.....

Unknown Cave

"Meow, when my subordinates come back, I will punish you severely, so you should be prepared!"

Meowth seemed a little excited because he caught the Imp and his group for the first time, and proudly used his tail to tease the tied-up Satoshi.

Where's Yu Feng? He was now using him as a chair for Shining Kirlia to sit on, although for some reason Shining Kirlia's face was red and shaking slightly.

But it won't be a bad thing. :)

"Aww!"

How could Xiaozhi, who was provoked by Meowth, endure this? Looking at the tail dangling in front of his mouth, he made up his mind and bit it!

"Meow!!!!!"

After being bitten, Meow Meow was a little incredulous at first, then tears came out of the corners of his eyes and he screamed and flew towards the top of his head.

Unexpectedly, he was not bitten by his natural enemies but was bitten on the tail by humans!!
