

Gardevoir 109

Chapter 109 He can't fall asleep, right?

"Don't worry, the Life Drop is only for healing. It shouldn't suffocate you, right? Probably..."

Yu Feng originally had a very confident expression on his face, but after hearing Xiaoxia's words, he became a little unconfident.

After all, the treatment they usually received was just a few drops of water sprinkled on their bodies, and this was the first time he had seen someone being completely wrapped up like this.

"Ai Wan! Ai Wan."

When Ai Butler heard their words, he shook his head to indicate that being wrapped up was actually nothing. When Yu Feng and his friends were seriously injured when they were young, they were often wrapped up like this by Aunt Gardevoir and the others for treatment.

You will be almost healed when the absorption is finished, and the rest can be done by eating some recovery fruits.

The visual effect is quite scary, but in fact it is similar to the so-called nutrient solution for humans?

"alright."

Xiaoxia and Yuto Seidai reluctantly accepted Yu Feng's statement. After all, Pikachu wrapped in the water droplets did not look very painful.

"So what do we do next? Wait for Xiaozhi to come back?"

Seeing that Pikachu was out of danger, Xiaogang asked Yu Feng what they were going to do next. After all, they really didn't have anything to do at the moment, and they couldn't leave without Xiaozhi coming back.

"Wait until he comes back, and take a look at what Team Rocket is planning to do."

Yu Feng nodded and pointed at Miaomiao who was sleeping soundly. He was curious about what Miaomiao and the others were going to do.

"That's right, then let's wait here for Xiaozhi to come back."

Xiaogang nodded and went to prepare today's dinner. The butler was responsible for taking care of Pikachu's condition so today's dinner had to be left to him.

"We're here to help too!"

Misty and Yuto Seidai also hurriedly followed Brock's pace. After all, it was still a little creepy to be around these Squirtles.

Now the only ones left here were Yu Feng and his sister, as well as Squirtle and others who were watching.

"Okay, now we are the only ones left here. Shouldn't you tell me what you are going to do?"

Now it was Yu Feng's turn to sit on the stone and look at his sister and the Squirtle Group who were kneeling neatly on the ground.

Shiny Kirlia was sweating profusely as she looked at her brother who was a little angry. She knew that she had gone too far this time and caused Pikachu to be injured like this. She had gone too far.

"Chirrut, Chirrut! (This, that! They won't hurt anyone, at most it's just... a prank?)"

Shiny Kirlia carefully explained that Squirtle and the others would not hurt anyone, at most it was just a prank? The more he spoke, the lower his voice became, as if he was thinking of Pikachu's state and his words were becoming less and less confident.

"No one will be hurt? At most? A prank? Come on, look at Pikachu before you tell me this!"

Yu Feng was so angry that he laughed. A prank is to watch Pikachu die from his injuries without doing anything? If Xiaozhi hadn't cried, he wouldn't have reacted at all? You call this a prank.

"Chirrut~ (Please forgive me just this once! Please, brother!)"

Realizing that his brother was indeed angry this time, Shiny Kirlia had a flattering expression on his face, hugged his brother's arm and rubbed it, while signaling with his eyes to his Squirtles to come over and help.

The Squirtles looked at each other, and then began to help Yu Feng diligently. Some helped to massage his shoulders, and some helped to massage his legs. They had a clear division of labor and coordinated well, as if they were a well-trained team.

"Okay, okay, I just want to remind you that you can have fun but you have to pay attention to the situation of our friends. Fortunately, Ai Guanshi was with us this time. What if she wasn't here?"

Yu Feng advised his sister earnestly, saying that this time he was not in a hurry because Ai Guanshi was by his side. If Ai Guanshi was not around, he would have to break through here as soon as possible.

"Chirrut! (You won't leave her alone, will you?)"

Shiny Kirlia muttered to herself that she was used to a life of luxury, so she could understand why she didn't bring other Pokémon, but she couldn't believe that she didn't bring Aibutsu.

"Ok!"

Yu Feng glared at his sister, the threat in his eyes was self-evident.

Seeing his brother's eyes flashing, Kirlia made a zippering gesture, indicating that he would definitely not continue talking.

"Okay, just be careful next time."

Yu Feng waved his hand and told them to be more careful next time and not to play a prank that would cause something serious to happen, which would be difficult to deal with.

"Chirrut! (Yeah!)"

Hearing her brother's words that there was no problem this time, Kirlia excitedly kissed her brother. She knew that her brother would forgive her.

Yu Feng helplessly pushed his sister down, then turned around and saw Miaomiao who was still sleeping, and said with a hint of joking in his tone: "I wonder if you have heard what you want after listening for so long."

"How could that be? I just woke up, meow!"

Hearing Yu Feng's words, Miaomiao also opened her eyes. Although there was a hint of a smile in her tone, her words were not at all inferior.

He listened for a long time before he figured out that this Pokémon was Big Demon's sister. Although he didn't know if it was some strange way of playing or what, he was sure that she was Big Demon's Pokémon.

Also, why are Musashi and Kojiro so slow? Although Miaomiao was speechless, she still had to put in the effort on the surface.

"laugh."

Yu Feng laughed out loud when he heard Meowth's words. It was really funny to use his cleverness in front of the Psychic-type Pokémon. He even knew when Meowth woke up.

It's so funny to tell lies to fool him.

"Don't pretend. Although I don't know what you want to do, I can sense that you have bad intentions."

Yu Feng nodded Miaomiao's head and told them their intentions. It was useless to just put on a show in front of them.

"Since you know that, then why are you asking me? Wait until Musashi and Kojiro come back, meow!"

Miaomiao was so angry that he almost told Yu Feng their plan, but suddenly realized that he shouldn't say it, so he shut his mouth and let Yu Feng ask any questions without saying a word.

"What a shame, but why hasn't Xiaozhi come back yet? Could he have fallen asleep somewhere?"

Seeing that Miaomiao didn't respond no matter how he teased her, Yu Feng turned his attention to other people. Seeing that others were avoiding his gaze, Yu Feng suddenly felt bored.

But he suddenly remembered that Xiaozhi went out to buy medicine.

Why hasn't he come back yet? With Xiaozhi's speed, he should be back by now. He can't be sleeping somewhere now, right?

(Xiaozhi sneezed after being knocked unconscious by Xiaomao's door.)

"time to eat!"

Xiaogang had already prepared a sumptuous meal outside and called Yu Feng to come over and eat.

There are still six chapters to be made up.
