Chapter 11 This is my secret base!

"Wake up, Xiao Feng!"

The next morning, Xiaozhi got up early and stood outside Yu Feng's door to call him to get up.

"Well, what time is it?"

Yu Feng, who was sleeping soundly, was woken up by Xiao Zhi. He opened the clock beside him and saw that it was just six o'clock. He was speechless for a moment.

If Ash had been as energetic as he is today when he received the Pokémon, he would not have failed to receive Charmander.

Although he really didn't want to pay attention to Xiaozhi's shouting, he considered that he had indeed promised Xiaozhi to go out together today.

He had to get up and clean up, put the still sleeping Shiny Kirlia back into the Poké Ball, and then opened the door.

"Xiaozhi, you are really energetic."

Yu Feng went out and gave Xiao Zhi a thumbs up. In his entire life, he had never seen anyone get up before six o'clock when he was not in school or working.

"Hush! Hush! Keep your voice down."

Xiaozhi held Yu Feng's mouth and looked around, as if he was hiding from someone.

When no one appeared, Xiao Zhi seemed to be relieved. He let go of the hand covering Yu Feng's mouth, patted his chest and said softly, "Fortunately, he didn't wake up."

"I advise you to give me an explanation, otherwise my fists don't recognize people."

Seeing Xiaozhi's actions, Yu Feng raised his eyebrows. Isn't it just taking him out for a walk? Why is he so cautious? But what is Xiaozhi hiding from others? Besides, waking him up so early will make him grouchy.

"Ahem, it's like this, I'm going to take you to my secret base."

"But mom definitely won't want me to take you there."

Xiaozhi lifted the fishing gear in his hand and scratched his head. After all, he came back yesterday covered in wet. Today he brought Xiaofeng with him again. His mother would have to give him a good beating.

"That's true. I don't care."

Yu Feng curled his lips. Although his mind is still a little unclear now that he just woke up, do you really think that you won't be punished by Hanako's mother when you come back?

But Yu Feng was too lazy to remind him. After all, it was his fault for disturbing his wonderful day.

"Okay, then we'll go together, and I'll take your share as well."

Xiaozhi was overjoyed. He could go fishing for water Pokémon today and he also fulfilled his mother's request. It was a win-win situation!

Xiaozhi walked towards the door stealthily, fearing that he would wake up his mother and discover his little thoughts.

Yu Feng watched Xiao Zhi's actions speechlessly from behind. What's the use of being so careful now? Your actions this morning have already woken up your mother.

Yu Feng also followed Xiaozhi, but strangely, he didn't make any sound.

Looking closely, he is always a little distance away from the ground, but the distance is not large and cannot be seen without careful observation.

Just as Xiaozhi touched the handle of the door, his face full of a smile of completed plan, a devilish voice sounded behind him: "Xiaozhi, what are you going to do?"

Hanako yawned and walked down from the second floor. She looked at Xiaozhi and Yu Feng who were getting ready to go out with a confused look on her face, not quite sure what was going on.

"Mom, I'm taking Xiao Feng out for a walk, so you don't have to cook for us at noon!"

Xiaozhi quickly opened the door, pulled Yu Feng with him, and disappeared from Hanako's sight, leaving only a cloud of smoke that slowly dissipated.

"Hey, kid, you haven't had breakfast yet."

Hanako looked at Yu Feng and Xiao Zhi disappearing with a confused look on her face, sighed helplessly, closed the door and started her day.

.....

Xiaozhi pulled Yu Feng to the edge of the town, then stopped to catch their breath.

"That's not necessary, Xiaozhi."

Yu Feng looked at Xiaozhi who was squatting on the side and gasping for breath and didn't want to say anything. There was no need for him to run so fast.

"It's okay. I'll just get scolded if I'm found out."

After a short while, Xiaozhi recovered a hundred times more energetic, which made Yu Feng look sideways. His recovery ability was even more exaggerated than his. If he ran so far in one breath, it would take at least more than ten minutes for him to be so energetic.

"Next, I'm going to take you to my secret base!"

Xiaozhi wiped the tip of his nose and looked at Yu Feng with a smile.

"Okay, okay, you lead the way."

Yu Feng didn't know what to say, but since it had come to this, he had to let him lead the way.

The two walked along the road to the edge of the town and came across a small river.

When Xiaozhi saw the river, he was delighted, thinking it meant they were not far away.

Walking down the river, we came to a farmland and not far away there was a small bridge spanning the two sides.

"We're here. This is my secret base!"

Xiaozhi put the fishing rod on the ground, stretched, breathed in the fresh air, and turned back to show off to Yu Feng how good his vision was.

But he saw Yu Feng lying on a recliner drinking black tea, and the butler beside him was helping him cut a piece of fruit cake.

"Hey, where did these things come from?"

"We're here to fish for water Pokémon!"

Xiaozhi didn't know whether to laugh or cry. Where did these things come from? However, he still wanted to emphasize what they were doing here.

"Want a piece? You dragged me here so early in the morning and I haven't had breakfast yet. Aren't you hungry?"

Yu Feng first blew on the black tea in his hand, then slowly took a sip.

Then the butler beside her took the finished tea and handed over a piece of fruit cake.

Yu Feng held up the fruit cake and motioned for Xiaozhi to have a piece as well.

"I'm not hungry."

"Goo~~~~"

As soon as Xiaozhi said that he was not hungry, his stomach slapped him in the face. Even Xiaozhi couldn't help but blush.

There was a moment of silence.

"Give me one, too."

Xiaozhi gave up explaining. After all, his stomach had betrayed him. He ignored Yu Feng's teasing look and asked Ai Guanshi for a piece of cake as well.

The butler first looked at Yu Feng's actions, and when he saw him nod, he gave a piece of the cake to Xiaozhi.

After a quick eat, Xiaozhi was soon full.

After wiping his mouth, Xiaozhi rekindled the flame, pointed at the river with one hand and said, "I must catch a water-type Pokémon today!"

"Then you're great!"

Yu Feng clapped behind him to show encouragement, as he was no longer interested in fishing for water-type Pokémon.

"What are you talking about! You should come too, or I won't be able to explain myself when I get back."

Unexpectedly, Xiaozhi turned around and looked at Yu Feng, handed him a worn-out fishing rod and motioned for him to join in.

"No, I won't... It's okay, I just have nothing to do today."

Yu Feng shook the worn-out fishing rod with a look of disdain. Can this fishing rod really catch Pokémon? Turning around, he asked Ai Butler to take out his powerful fishing rod. Yu Feng pulled the chair to the water's edge, threw down the fishing rod, and waited comfortably for the Pokémon to take the bait.

Xiaozhi didn't care about Yu Feng's behavior. After throwing the fishing rod, he stared at the water surface seriously.

Originally, Yu Feng didn't plan to catch water-type Pokémon, but he suddenly remembered that Xiaozhi didn't have that half Poké Ball yet, which meant that the classic scene hadn't happened yet.

Maybe it will be today? Then we must look forward to it.
