Chapter 121 Do You Underestimate Me?

"There's nothing wrong with me."

Yu Feng had no problem with this rule. Why not get the orange badge by playing fewer games?

Those who insist on playing three full games are either masochists or have a masochistic fetish.

"If there's no problem, then let's get started. My choice is him. Go ahead, Raichu!"

After making sure that Yu Feng had no other problems, Ma Zhishi released his ace Raichu. He had to respond when facing an enemy of the same level. As for the baby?

It's okay. He has more than one Raichu. And the Raichu that fights the challengers is not the same as his own Raichu. But even so, he still can't defeat those challengers. Does that have anything to do with him?

"thunder!"

A well-developed Raichu appeared in front of everyone. It was a bit stronger than the Raichu that Xiaozhi had shown before. Its red electric sac was filled with golden electric light, which showed that Raichu was in excellent condition.

"How is my Raichu? Is it much stronger than your companion's pet?"

Ma Zhishi and Raichu did the same action, with his arms folded across his chest and looking at Yu Feng very proudly, letting him see how perfect his Raichu was. His Raichu was different from pet Pokémon like Pikachu.

"I don't agree with the idea that if it doesn't evolve, it's just a pet, but your Raichu is really well raised, so she's the one I'll take, go ahead, Frostmilk!"

Although Yu Feng admitted that Ma Zhishi's training was very good, he refused to accept the view that he was just a pet without evolution. After all, many key skills can only be learned without evolution.

Moreover, many Pokémon become ugly after evolving, such as Ursa and Ruta, Mimi and Mimikyu, Meowthen and Totoro, Gromit and Gromit, as well as Haxor and Dragonite.

Of course, in Yu Feng's opinion, the most ugly one is the one where Haxorus evolved into Dragonite. It clearly seemed like it was going to evolve into a graceful oriental dragon, but in the end it became a big lizard with wings.

Of course, this is getting off topic. For now, the battle still needs to go on.

"Huh? Why did you send a baby out?"

Ma Zhishi widened his eyes as he looked at the Frost Milk Fairy who had just reached Raichu's waist. He had shown such great sincerity, so why did the other party send a baby to fight?

Raichu also looked at Frostmilk with contempt, as he was not even as tall as his waist. He thought that since he was so short, he would not have any fighting power and would cry for a long time if he was hit.

Frost Fairy also put her hand on her mouth and looked at Raichu, then looked at Yu Feng and pointed at herself to indicate that she really wanted to fight this. No matter how she looked at it, she didn't seem to be cut out for fighting.

"She's not a baby. This is her final evolution, just a little smaller."

Yu Feng shook her finger to indicate that she had reached her final evolution, and that people should not underestimate her because of her small size.

"Now begins the official gym challenge. Both Pokémon will be in a one-on-one duel with a limit of four."

"The Pokémon used by the gym's trainer, Ma Zhishi, is Raichu, and the Pokémon used by the challenger, Yu Feng, is Frostmilk. There is no time limit! Let the game begin!"

With the ding-ding sound, the referee announced the start of the game.

"I think it's the baby. Raichu must have electrocuted her!"

Ma Zhishi was very dissatisfied with Yu Feng for sending out a baby. How could the final evolution of a Pokémon be so small? He was just looking down on him.

Raichu seemed to sense the trainer's anger, and a thick bolt of lightning shot out directly towards Frostmilk.

Yu Feng also established his own communication channel with Frost Fairy, who threw out a large piece of cream to block the electric shock that Raichu was sure to hit.

It was hard for Ma Zhishi to imagine how such a small Frosty Milk Fairy could create a piece of cream that was bigger than herself, and use the cream to block the attack of her Raichu.

Raichu was a little tempted when he smelled the burnt cream that was electrocuted. He didn't know why this cream was so fragrant.

I want to eat it so much. I want to eat it so much.

Raichu's steps moved on their own, and he walked slowly towards the cream that was emitting an enticing aroma.

"Raichu, cheer up."

Ma Zhishi frowned as he looked at the attracted Raichu. This thing could actually shake his Raichu's will. It was really a dangerous high-calorie item.

After hearing Ma Zhishi's call, Raichu shook his head and forced himself to shift his attention away from Cream. He looked at Frostmilk fiercely, wanting to embarrass him in front of the trainer and not let her stay.

But Frosty Milk Fairy looked at Raichu with an innocent face, and asked her to throw the cream because it was Xiao Feng. What's the point of looking at me viciously?

"You're too lazy to even give orders? Since long-range attacks will be blocked by Cream, what about this? Raichu 100,000 Volt Punch!"

Ma Zhishi felt a little itchy as he pressed Yu Feng, who closed his eyes and didn't even give any orders. It was really infuriating that he was looked down upon by others. However, this was a battle between elves and since the electric shock would be blocked by Cream, he could just use close combat!

"thunder!"

Raichu also became more motivated, but of course he had to ignore Cream who was always looking at him out of the corner of his eye.

However, despite this, Raichu showed no mercy. The white light gathered on that small fist, and he smashed it down at Frostmilk with unparalleled momentum.

Looking at Raichu's million-ton punch, Frosty the Fairy didn't move, but her body became a little loose for a moment, like a puddle of ice cream that was about to melt.

Raichu punched Frostmilk Fairy, but it didn't feel like hitting flesh as imagined. Instead, it felt like it hit a puddle of mud and sank deeply into it without any sense of impact.

This made Raichu stunned, because this was not the feeling when he usually hit other Pokémon.

"Go ahead Raichu, 100,000 Volt Kick!"

But Ma Zhishi didn't know how Raichu felt. After seeing Raichu hit the target, he was very happy and let Raichu continue attacking. After all, he didn't know how Raichu felt.

After hearing Ma Zhishi's order, Raichu felt a little embarrassed. Now he couldn't pull his hands free, so how could he kick with his current body size?

"Sometimes, you have to pay attention to the movements of Pokémon, Charming, and then charge up on the spot."

Yu Feng finally opened his eyes and said the first words to Ma Zhishi after the battle started. He then shook his finger to indicate that Ma Zhishi had a bad habit of giving orders without even checking the status of the Pokémon.

Although this is the sequelae of bullying the weak too much, he is not those newbies.

When Frost Milk Fairy heard Yu Feng's words, her eyes narrowed and a milky white heart emerged from her hands, hitting Raichu's mouth.

The Raichu that was hit subconsciously closed his mouth. The rich sweet taste directly filled his mouth, instantly making him lose the idea of continuing to fight.

At the same time, red hearts appeared in his eyes uncontrollably and he stopped struggling.

Strands of golden sunlight began to gather on Frost Fairy's hands, and a scorching breath gradually emerged from her hands.

(The data is getting worse and worse, I am going to die)
