Chapter 122 There is 1 way to win.

"Damn it, Raichu! Wake up!"

Ma Zhishi saw that the ball of light in Frostmilx's hand was as big as a bucket. He recognized this thing as the grass-type ultimate move, Sunshine Flame. Although it could not restrain his Raichu, given Raichu's current state, it would almost lose its combat ability if it was hit by one.

Unfortunately, Raichu, with loving eyes, couldn't hear his call at all and was still looking at Frost Fairy with a silly look on his face.

The sunlight flame in the Frost Fairy's hand became larger and brighter. The Frost Fairy, who was already a little dark, could only be seen with two eyes emitting red light.

"Mm!!"

As Yu Feng raised his hand, the Frost Fairy launched the Sunshine Flame that had just been charged. The Sunshine Flame, which was like the sun, directly engulfed the Raichu whose eyes were filled with love.

The bombardment of sunlight and flames lasted for a long time, just like the torment in Ma Zhishi's heart.

"Raichu has lost his will to fight, so the winner is the challenger Yu Feng!"

Finally, the dazzling light disappeared, and Raichu lay on the ground with scars all over his body, having lost his will to fight. Why didn't he lose his ability to fight? Because even after being bombarded by the Sun Flame, the love in the eyes of the scarred Raichu still did not disappear, which was enough for Frost Fairy to charge the Sun Flame once again.

"Congratulations on your victory. This is the proof that you have defeated me. The orange badge."

Ma Zhishi had no dissatisfaction with the defeat of Raichu. He clapped his hands and congratulated Yu Feng on his victory in the challenge. He took off the orange badge from his vest and handed it to Yu Feng.

"It's been a while since I had such a good fight. Recently, these people brought Rattata and Caterpillar to challenge me. I was so restrained that I fell down with just a little effort."

"Although the job of a gym trainer is to guide new trainers, the Pokémon they get have no chance of lasting long enough for me to guide them."

He didn't want to complain, but those people didn't even consider what their Pokémon were. It's not that the initial evolution is weak, but isn't it disgusting that you have a first stage that has no attack ability.

The gym leader has a lot of things to do in a day and has no time to play house with them.

"Yeah, it's true that Rattata is okay, but Caterpillar has no attacking ability at all."

Yu Feng could understand Ma Zhishi's troubles very well. Xiaozhi also wanted to challenge himself with Caterpillar at the beginning, but not everyone is like Xiaozhi who can play Caterpillar in various ways.

"Okay, next it's the baby's turn."

When Yu Feng put away the badge and walked outside, Ma Zhishi looked at Xiaozhi with a provocative look. After all, Raichu would never lose to Pikachu.

Xiaozhi also looked at Ma Zhishi with dissatisfaction, ran down the stairs beside him and stood on the battlefield.

"Xiao Feng, aren't you going to watch it?"

Xiaoxia watched Yu Feng walk out of the gym, and was a little curious whether Yu Feng would not watch Xiaozhi's challenge.

"No need to watch it. I'm waiting for him at the Pokémon Center. He has to go there regardless of whether he wins or loses, right?"

Yu Feng waved his hand to indicate that he was waiting for Xiaozhi at the Pokémon Center. No matter whether he won or lost, Xiaozhi would always go there, right?

Yu Feng walked outside and stretched, then touched the Frost Fairy standing on his shoulder and said gently: "Thank you for your hard work."

"Mum~"

Frost Fairy touched Yu Feng's finger to indicate that it was no big deal. She was already upset because she couldn't help Yu Feng in any way, and now it was good enough that she could help him get a badge.

"If Pikachu loses."

"That's true. If we keep chasing after them, we will lose our position."

"Then sit down, meow!"

A familiar voice came from nearby, and Yu Feng felt that the voice sounded very much like someone he knew.

Yu Feng moved towards the direction of the voice and sure enough, it was the three-member Team Rocket who were watching a TV series just as he expected.

Looking at the three people who were cheering for Xiaozhi, Yu Feng nodded with satisfaction. They were indeed Xiaozhi's lifelong good friends, the Rocket Team who had followed Xiaozhi for twenty-five years.

Yu Feng quietly left from behind, so Xiaozhi felt relieved.

"Mm?"

Frost Milk Fairy looked at Yu Feng, who suddenly sighed, in confusion. If she remembered correctly, these three people were enemies, so why were you sighing here if you didn't drive them away?

Pokémon Center

"Hey, you're back. How was your challenge to the Withered Leaf Gym? It doesn't matter if you failed, just try harder next time..."

Miss Joy, who was resting, saw Yu Feng coming back. Although she didn't look sad, she didn't look very happy either. She thought that Yu Feng had not challenged the Withered Leaf Gym and really prepared to comfort him.

Then I saw Yu Feng took out the orange badge with a puzzled look on his face, as if asking what you were talking about.

"I've fought, it's just a relief, there's no need to be so happy."

Yu Feng was not someone who couldn't tell good from bad, and Miss Joy was just trying to comfort him, so all she needed to do was explain it clearly.

"Oh, then..."

Miss Joy was about to say something else, but was interrupted by another Pokémon that was sent over.

It was Pikachu who had already fainted and Satoshi who was with him.

"Miss Joy, help me!"

When Xiaozhi came in, he called out to Miss Joy. His Pikachu was too stubborn and refused to give up no matter what he said, which resulted in the Pikachu being seriously injured.

"Ah, come with me."

Seeing how serious Pikachu's injuries were, Miss Joy quickly took Chansey and pushed Pikachu into the operating room.

Time passed minute by minute, and Pikachu was pushed out again. Miss Joy gave Pikachu a few instructions and told him to have a good rest for a while before leaving. After all, time was still very busy.

.....

"mound..."

Pikachu opened his eyes with difficulty and looked at Xiaozhi and the others who were looking at him worriedly.

"Great Pikachu, you're awake."

Xiaozhi was very happy to see Pikachu wake up, but thinking of what Miss Joy said to let him have a good rest, Xiaozhi did not touch Pikachu.

Pikachu looked at Xiaozhi, then turned his head away angrily and didn't look at Xiaozhi.

"Pikachu is seriously injured."

Xiaogang looked at the sulking Pikachu and immediately knew what Pikachu was angry about.

"You'll know it just by looking at it."

Xiaozhi said that he was not blind and he could still tell whether Pikachu was seriously injured or not.

"No, he was talking about Pikachu's mind. Mashishi's Raichu hit him so hard that he couldn't defend himself."

Yuto Sei explained on behalf of Xiaogang that she had encountered similar situations at school, so she could tell at a glance why Pikachu was angry.

"No! Pikachu just wasn't serious. He will definitely win next time if he fights seriously."

Xiaozhi held his precious hat in his hand. He just thought that Pikachu didn't fight seriously this time. He was able to defeat Geodude last time, so there was no reason for him to lose to Raichu this time.

"But Pikachu was fighting very seriously just now."

Xiaoxia looked at Pikachu with some pity. Pikachu's expression just now didn't show that he didn't want to fight seriously.

Xiaozhi's grip on the hat loosened. Yes, Pikachu had obviously used all his strength just now.

But even so...

"There is a way to win."
