

Gardevoir 126

Chapter 126: He will remember it if he suffers a little loss.

"What's so strange about that? If you ask me, Xiao Feng, you're just too worried. This is obviously just my good luck."

Xiaozhi didn't care about Yu Feng's worry. In his opinion, it was just Yu Feng's envy of his good luck.

As he said that, he pulled Xiaoxia, who also had a happy face, to look for the location of the St. Ann.

"Now that you mention it, it seems to be true. If you hadn't told me, I wouldn't have noticed it."

Yuto Seiji reacted a little late and said that the two people looked so familiar, but she couldn't remember who they were for a moment.

After Yu Feng reminded her, she realized that those were Kojiro and Musashi.

Musashi's iconic hairstyle hasn't changed at all, so why didn't she recognize her just now? Did someone change her perception?

Yuto Seiyō couldn't help but fall into deep self-doubt. After all, this was someone she saw often but she couldn't recognize him.

"In that case, do Team Rocket have any bad plans?"

"Should we talk to Xiaozhi and the others?"

Since Yuto Seidai said so, Xiaogang couldn't help but take this topic seriously. If the two girls just now were really from Team Rocket, then giving them these tickets would be very fishy.

"No need. I'm here, right? I'll follow through on whatever plot they have. It's time to let Xiaozhi and the others know not to accept things from strangers, especially for free."

To be honest, he has never known how Professor Oak let Satoshi come out alone. With his personality, he was really lucky that he didn't get fooled by anyone.

It's a rare opportunity for him to learn a lesson, not to mention that the Rockets' conspiracies are nothing more than the same few, and he can deal with them all. It's not easy to resolve when the enemy is in the open and we are in the dark.

"That's true. Let's just treat it as a vacation."

Xiao Gang felt relieved when he heard Yu Feng say this. After all, Team Rocket didn't know that he had super powers.

"Yeah, that's right. Since we've already taken the bus, we might as well go up and enjoy it."

Yu Feng patted Xiao Gang's shoulder. This was the right idea. Anyway, the idiot Xiao Zhi had already answered it for them. If they didn't go up and enjoy it, they would be letting themselves down.

With this thought in mind, the three of them immediately went to look for Satoshi and Misty who had just run out excitedly.

Finally, Xiaozhi was found in front of a cruise ship that looked very luxurious. He was as excited as Monkey King.

Behind them, there were two pairs of eyes staring at them.

"Yeah, great success."

Musashi, who didn't have time to remove his makeup, looked at the five people who had already found the St. Ann and made a sound of their plan.

The mission of giving them the boat tickets has been completed, and they have also found the St. Annus, which is simply great. The only bad thing is that that troublesome big devil has been following the little devil.

"I think I'm very suitable for playing a little girl, right?"

Kojiro's affected voice came over, as if he was still immersed in playing the role of a little girl, and he also asked Musashi what he thought of him.

Musashi, who was originally excited, looked disgusted after hearing what Kojiro said. Why is a grown man pretending to be a little girl? If you had half the ability of the big devil, she wouldn't say anything.

"Stop talking nonsense, Kojiro, and just go away, idiot."

Musashi pulled out a huge hammer from somewhere and hit Kojiro on the head, which made him calm down in a physical sense and no longer feel disgusted.

Then he pulled Kojiro, who had fallen silent, and walked towards their secret base.

I don't know how long I walked, but I arrived under a wild lighthouse.

"Meow, you guys are so slow to come back."

After opening the door, I found it was Kojiro and Musashi's Meow Meow, who was grumbling impatiently. Why did it take so long to just issue a boat ticket?

"Stop talking nonsense. Is the place for removing makeup ready?"

Musashi punched Meowth so hard that it saw stars. They were all so troublesome.

When they realized that their purpose this time was to report the results of this operation to Boss Banmu, they took the opportunity to ask where Meow Meow removed her makeup.

"Inside... there are so many stars... meow!"

Meow Meow, with stars in her eyes, pointed to the only cubicle and indicated that that was where they should remove their makeup.

"Do I need to tell you about this?"

Meow Meow Musashi, who was already lying on the ground, didn't want to say anything anymore. He pulled Kojiro in and prepared to remove his makeup.

Not long after, Musashi and Kojiro, who had turned from brown-skinned hot girls back to their original fair-skinned self, were standing solemnly in front of a large screen.

The two were already prepared, and Meow Meow reached out and pressed the red button in front of him.

"Hello, boss."

Meow Meow greeted Boss Banmu very familiarly, as if he was used to such things.

"Oh, meow, you're all here."

Boss Banmu, who was backlit, didn't seem surprised that Meow Meow and the others contacted him.

"Yes."x3

The three of them responded to Boss Sakaki's questions in unison, even when Boss Cat interrupted in the middle and rubbed Banmu's legs intimately.

Oh yeah, except Meow Meow.

"What! That's Boss Cat?"

In response to Meow Meow's question, Banmu said nothing and stroked the cat boss at his feet very naturally.

"Meow, Boss... Boss, shouldn't I be your pet?"

Miaomiao looked at Banmu, who was already very skilled in the movements, with an unpleasant expression. He was obviously the pet of the boss Banmu. He was the first one to come... Be it a pet or a friend.

Two happy things overlapped. And these two joys brought him more joy. What he got should have been a happy time like a dream... But why did it turn out like this...

"Humph, I'm already extremely disappointed with your repeated failures. In comparison, he's pretty cute."

Banmu, who was stroking the cat boss, snorted coldly. Do they need him to tell them how many missions they have failed recently? In this comparison, the cat boss is even more adorable.

"How can this be possible?"

Meow Meow lowered his head and muttered to his fingers, it's impossible to change the pet just because of a few failed missions.

"If you want to win my love, you must not fail this mission again."

"Have you sent out the tickets for the St. Anne?"

Of course, Banmu understood the principle of giving a sweet reward after a beating. After comforting Miaomiao, he asked about how the mission went.

"No problem, they all happily accepted it."

"But is it really okay for us to entertain them so generously?"

Musashi and Kojiro first affirmed that the mission was completed perfectly, but then they began to wonder whether it was really a good idea for them to spend such a huge amount of money to entertain these trainers?

Why should they spend their money to entertain these trainers who have nothing to do with them?

"No problem, because I'm the host of this party."

Banmu, hiding in the shadows, couldn't hide his smile.
