

Gardevoir 141

Chapter 141 This might as well be discarded!

"Everyone, sorry for the wait. Now let's start the Blue Pulch Beach Beauty and Pokémon Makeup Pageant!"

"Let's see, the first person to appear is..."

Xiaogang's voice interrupted Xiaozhi's gossip, and everyone's eyes were focused on the stage with the curtain closed, looking forward to seeing all kinds of beauties.

When the curtain was opened, some people were happy, while others smacked their lips in dissatisfaction.

Xiaoxia, wearing flip-flops, appeared on the stage, apologizing while declaring her victory. Although participating in this kind of competition as the organizer is considered cheating, who doesn't like the title of the most beautiful woman?

"This is a healthy and beautiful girl with tanned skin, Xiaoxia!"

"It looks like she has a good chance of winning the championship. I wonder what kind of creative Pokémon her partner will come up with!"

I don't know how Xiaogang could say this against his conscience. If Yu Feng were at the front desk now, I would definitely point at Xiaoxia's body and ask him what black and bright means!

Unfortunately, he is not in the foreground now, but is facing off with his Pokémon in the room in the backstage.

"That's enough! I won't do it!"

Looking at the malicious Pokémon around him, Yu Feng made a big cross with his hands but said that he would never do such a thing.

He already didn't want to change after his previous transformation, let alone take the initiative to do such a thing this time.

Besides, how can a woman's swimsuit hold his big penis?

"Chirrut (But I want to see it.)"

Shining Kirlia walked up to Yu Feng and blinked her watery eyes pitifully, trying to persuade her brother. At the same time, she made gestures with her hands behind her back to call on others to come over and persuade her brother.

"Jenny, Jenny."

As her number one fan, Squirtle naturally rubbed Yu Feng's leg with her blue bald head, indicating that she also wanted to see what she missed last time.

"Mm!"

Shining fan Blim was also jumping around and acting coquettishly on Yu Feng, which made Shining Kirlia clench her fists tightly. Considering that she was helping her, he would forgive her this time.

Frost Milk Fairy doesn't care about these things. She only cares about how to make delicious cream. She doesn't care about this kind of thing and it has nothing to do with her.

Ai Guanshi, contrary to her usual behavior, took out a blue and white cheongsam swimsuit, looked at Yu Feng with a smile, and expressed her thoughts very clearly.

"Why are you involved in this kind of thing today?"

Yu Feng was puzzled as to why Ai Guanshi got involved. Logically speaking, she should be the one who should least be involved in this matter?

"Ai Wan!"

Ai Guanshi explained the reason very excitedly, and shook the cheongsam in her hands happily.

"What? You said you knew I wanted to dress up Gardevoir and made it specifically for me?"

Yu Feng was confused after hearing what Ai Guanshi said. Was he so obvious? How did Ai Guanshi know that he wanted to change Gardevoir's clothes?

"Ai Wan!"

The butler shook his head and nodded, then pointed at the love ball on Yu Feng's chest, and then pointed at Yu Feng and the cheongsam in his hand.

"hiss!"

After listening to Ai Guanshi's explanation, Yu Feng remembered that when he first got Ai Guanshi, he did ask her to make a cheongsam, but he wanted to make it for his sister.

But who would have thought that he would conquer "himself" later, causing Ai Guanshi to think that it was made for him, but later he became the leader, causing this cheongsam to be temporarily shelved, because at present, only Yu Feng can wear it due to his height, but he definitely cannot wear it.

But who would have thought that Shining Kirlia actually signed up for such an event, and the cheongsam forgotten in the corner was finally remembered.

"Is this considered shooting oneself in the foot?"

Yu Feng felt helpless. This kind of thing was not something he should do.

"Beep!"

The love ball hanging on his chest also shook twice to show his attitude, which made Yu Feng's face darken.

I'm discussing my own Pokémon, why are you joining in the fun? Don't think I won't hit you just because you're mine.

It's a pity that it's useless. As a girl, Shiny Gardevoir naturally loves to eat melons. Isn't it a good thing to be able to eat your own melons?

Yu Feng really couldn't hold it anymore and was about to use teleportation to escape from here, when he saw his sister put her hand on his belly and left a red cross with a circle on it.

"You are so cruel!"

Looking at the seal mark in front of him, Yu Feng really couldn't hold it anymore. Do you have to use the seal to prevent yourself from escaping?

"Chirrut! (Of course, you've done this before, like when you ran away from your mom's Angel's Kiss.)"

Shining Kirlia shook his finger to indicate that he had done this more than once. His mother's "Angel's Kiss" was such a terrifying thing that sometimes he had to face it alone.

"Okay, okay, I'll do it this time, and I have to wear a mask."

Yu Feng looked at the Pokémon around him who were looking at him expectantly and took a deep breath. He gritted his teeth and stomped his feet and agreed to the request, but the condition was that he had to wear a mask, otherwise he would be socially dead.

"Chirrut!"

Shining Kirlia made an OK gesture to indicate that there was no problem, and then pointed at Yu Feng's chest to indicate that it was too small to support the cheongsam.

After all, it was made according to the figure of the person in the love ball. At least the old man now can't support such a large space.

"I've already agreed to wear it, I refuse this."

Yu Feng refused. He was already socially unpopular, and you still asked him to make this thing? But he still couldn't agree, otherwise it would be bad to give Squirtle the impression that he was easy to talk to.

"Chirrut! (I promise to help you block your mother's 'Angel Kiss' next time I go back.)"

As the Shining Kirlia who has been with Yu Feng for a long time, how could she not know her brother's character? She gritted her teeth and agreed to help her brother bear her mother's "Angel's Kiss" once.

"twice!"

"Chirrut (once!)"

"three times!"

"Chirrut! (Twice, no more. You know how scary that thing is.)"

"make a deal!"

When his younger sister suggested helping to block his mother's "Angel's Kiss", Yu Feng felt that this social death was still valuable. He could wear a mask to commit social death, but he didn't want to try his mother's "Angel's Kiss".

"Chirrut? (I always feel like I'm losing out.)"

Seeing that Yu Feng agreed to her conditions instantly, Shining Kirlia turned back to look at Ai Guanshi blankly. She always felt like she was at a disadvantage.

"Ai Wan!"

Ai Guanshi didn't care who gained or lost between the two siblings, since she didn't gain anything anyway. She symbolically comforted Shining Kirlia and urged Yu Feng to act quickly, as putting on makeup was very troublesome.

Anyway, I've already got two golden medals of immunity from death, so it doesn't matter if I have moral integrity.

After Yu Feng got the lethally sweet cream from the Frost Milk Fairy, he closed his eyes and ate it with determination.

Then he closed his eyes and touched his chest, and the mountain unique to the transformation period appeared on his body.

The butler's eyes were shining with gold!
