

Gardevoir 142

Chapter 142 Brother, you smell so good! (Ah, I want to be a eunuch!)

"Stop! I can put it on myself!"

"Also, sister, get off my feet! Don't you have one yourself? Why are you pinching mine?"

Yu Feng pushed the other Pokémon away with a flushed face. Why are these guys so excited today?

Then he pushed away the sister hanging on his chest and the butler who was drooling and looking silly and ready to change his clothes. Yu Feng just felt tired. How could he not have thought that these Pokémon were actually a bunch of fun people.

"Help me unzip my back, love steward."

Yu Feng stretched out his hand and pulled the zipper to his waist, but he couldn't pull it up any further. That's right, he couldn't pull it up any further. As for why, I can only say that the child is still growing, and his previous body size is no longer suitable for him now.

It's just that due to the inertia of thinking, he forgot that he had something as convenient as superpowers.

"Chiru (Here I come! Hehehe!)"

Without waiting for the butler's response, Shining Kirliao threw herself into the plump heart with a silly smile.

Yu Feng was caught off guard and failed to stop his sister, and actually let her pounce on him.

"Chiru. (Hehehe, it smells so good. Much better than my mom's. I'm ready to eat!)"

Shining Kirlia threw herself into her brother's arms and took a deep breath. Her brother and her mother smelled completely different. Her mother had a lingering fragrance with a hint of milk.

My brother has a combination of various floral scents on his body, which smells sweet, just like osmanthus.

Maybe it has something to do with the fact that my brother often eats pollen balls? Those cute guys don't eat them for themselves, so my brother eats them for himself because he feels sorry for himself.

Bro, it smells so good!

With a dull sound, Shining Kirlia looked at her brother who was sitting there with an unhappy look with a resentful look.

"What do you want to do, your brother me! A man! What do you mean by biting me?"

With the help of the smirking steward, Yu Feng put on the cheongsam, and then pointed to the very obvious small spot on her chest that had become somewhat transparent due to being soaked.

Looking closely, the small wet spot was exactly where Shining Kirlia had bitten him just now.

"Chirrut. (Brother! You smell so good!)"

Shining Kirlia didn't think too much about it, she just pointed out that her current brother smelled really good and she was just obsessed with it.

"You...it's strange that you didn't say it, it really smells good."

Yu Feng was about to curse, but there was indeed a faint fragrance in the room, but he didn't know where it came from.

Ai Guanshi also nodded, sniffed around Yu Feng, and then pointed at Yu Feng to indicate that they were not lying, and the fragrance was indeed coming from him.

Yu Feng was puzzled. How could a grown man like him have body odor? It would be fine if he had it after transformation, but he hadn't transformed yet. He was just manifesting other parts of his body.

"Anyway, let's think about it later. Ai Guanshi, please help me put on my makeup."

After thinking for a long time, Yu Feng still couldn't figure out where the smell came from, but this was not important. Anyway, the fragrance could not be smelled outside.

Ai Guanshi smiled and nodded, then took out the cosmetics that she had been holding for a long time and started to help Yu Feng put on makeup, including eyelashes, contact lenses, lipstick, eye shadow, and blush.

Finally, there is his smooth hair. I don't know if it's a racial issue or something else, but Yu Feng's hair is smoother than that of ordinary Gardevoir. The blue hair does not need to be fixed in front to form the most basic hairstyle of the Gardevoir clan.

But today these hairs have to be temporarily separated from their brothers and sisters! The butler simply used his superpowers to forcefully separate the bangs, and then used hairpins to fix them on both sides, and a simple hairstyle was done.

Ah, as for why I don't put my hair up, it's mainly because my hair is too short and there's no way to put it up.

The main thing is how long it is. Yes, Yu Feng's hair has never been longer than this.

Then he took out a mask of the same model as Huadie's and put it on Yu Feng, then looked at his masterpiece with admiration on his face.

It's rare for me to do makeup for Xiao Fengfeng, and I don't know when the next time will be.

It's broken. I'm starting to miss it now. Can you please pinch it again?

Regardless of the steward's wild thoughts, Yu Feng now only felt that he should not have agreed to their request.

Looking at the person in the mirror, he saw a pair of sparkling crystal sandals, white silk that was so thin that it seemed like it would be torn apart if touched, a blue and white cheongsam swimsuit, blue hair, a plump figure, and a mask. He couldn't help but think of the Huadie mask he had seen in his previous life.

"Is this really me?"

Yu Feng was a little stunned. Although he knew he was good-looking, he only looked a little like a girl when he didn't deliberately put on makeup. But once he put on makeup...

Ai Guanshi patted Yu Feng on the shoulder to indicate that he was right. Xiaoxia and Fu Ningna were no match for him. Just based on this place that could gather people's hearts, he was far ahead of them.

"The next one to appear is Huadie Mask!"

"An unknown beautiful girl full of mystery! With a mature mind!"

When Yu Feng heard Xiaogang calling out to Huadie Mask, he knew it was his turn. Finally, he looked at the rebellious Pokémon helplessly, took a deep breath, and walked behind the curtain.

As the curtain rose, Yu Feng looked at the audience below with a smile.

'The audience are all cabbages, all cabbages!'

Yu Feng had a smile on his face and treated the people watching below as cabbages and carrots.

To be honest, no matter in his past life or this life, he couldn't stand performing in front of so many people.

"Oh oh oh oh!"

After seeing Yu Feng, everyone present, regardless of gender, cheered. With this figure and this outfit, they really wanted to touch her.

"Well, the mysterious girl from the East, paired with this thin white silk and just the right human heart, of course Mr. Xiaomao's army of beautiful women was also great!"

"But our beauty pageant is not just about trainers but also Pokémon. Let's look forward to the partnership with Huadie Mask!!"

Xiaogang, whose words were mixed with personal emotions, naturally knew that Xiaomao's army of beautiful women was good, but the most important thing was their partner.

Of course, he had to ignore Xiao Mao who was rolling up his sleeves but was stopped by his girlfriend. Although he just wanted to irritate Xiao Zhi, it didn't mean that he would be happy if he compared himself with others.

With a bun on her head, a blue cheongsam and black stockings, Shining Kirlia came out from the backstage skipping and making fighting moves.

The ghost looked like he had seen Yu Feng and said, "Okay, I'm Huadie Mask, you are Chunli, right!"

I told you a story when I was a kid, do you remember it? Yu Feng finally understood why his sister liked to use skills like Lightning Fist more than he did.
