

Gardevoir 144

Chapter 144: If you bring this thing back home, you will be laughed to death.

"Look, isn't this very simple?"

After doing all this, Yu Feng smiled slightly. Of course, you have to ignore the fact that Grandma Jin's shop exploded because of her operation.

Although this Grandma Jin is not a good person either.

"Is this a superpower? Miss, I am Xiao Mao."

Xiao Mao saluted Yu Feng very gentlemanly, pinched Yu Feng's soft and cold hand and prepared to kiss it.

"Hasn't anyone told you not to casually approach people with super powers?"

Yu Feng pulled his hand back unnoticeably and wiped it on Xiaozhi's clothes without hiding his disgust for this behavior.

Xiao Zhi looked at Yu Feng who was wiping him with a confused look on his face, as if he had no idea what was happening.

Then Yu Feng snapped his fingers and Xiao Mao's body moved on its own.

"Wait, what did you do?"

Xiaomao's body began to hug Xiaozhi without his control, and he kept rubbing against Xiaozhi.

"Xiao Mao, stay away from me, this is weird!"

Xiaozhi had never seen Xiaomao like this before, and he tried his best to push Xiaomao away but failed.

"You idiot, do you think this is what I want to do? Get out of here!"

No one knew what Xiao Mao was thinking, but he was definitely not forgiving and urged Xiao Zhi to leave as soon as possible.

The two struggled for a long time, and finally stopped when Xiaogang calmed down the crowd and continued with the beauty pageant.

"Okay, Rocket Girls have left for some reason. Now the only ones left are Xiaoxia, Xiaomao's girlfriends, Huadie Mask, and finally the Queen of All Waters, Ms. Fu Ningna!"

Xiaogang temporarily reintroduced the rest of the people. After all, after the chaos caused by Team Rocket, not many people might still remember them.

"She is the queen of many waters, many lands, many peoples, and many laws. Remember this!"

Fu Ningna expressed her dissatisfaction with Xiaogang's omission of her own words, but Xiaogang didn't care about it. After all, this title was still difficult to say.

Faced with Xiaogang's refusal to change his words, Fu Ningna was at a loss. As he was the host and the owner of the same level as her, it was not easy to threaten him.

Yes, Fu Ningna knew that Xiaogang and Xiaoxia were the owners of the academy. Now their photos are printed in the textbooks of the new generation of academy owners in various places.

Study for possible exam questions, including but not limited to Pokémon proficiency and combat methods.

Thinking back to the time when she wanted to inherit the gym, she had to memorize all the water gym leaders from all over the place, and only then did she succeed with the help of that Veleta.

"Okay, let's do the voting. You can use your flyers as voting props and put them in the ballot box corresponding to the one you like. We will count the votes. The voting time is five minutes, so please hurry up!"

"We'll be counting the votes in ten minutes."

Xiaogang looked at everyone who had remembered the current situation and nodded, indicating that they could now start voting to select the number one in everyone's eyes.

In other words, it was held too hastily and some machines were not ready, otherwise the votes could have been counted quickly.

It wouldn't have to be manual counting like it is now, but fortunately Mr. Yu Huijun lent them his Aibutu and Aledo for counting, otherwise it would be a really troublesome thing.

With everyone queuing up to vote consciously, several ballot boxes were smoothly delivered to Xiaogang and his friends.

Let's not even mention how Xiaogang and the others felt.

Ai Guanshi's mood was very complicated. He had talked with his daughter before and found out that in addition to Yu Feng, his good sister also had a daughter. Now, his good sister's daughter and son were in the same photo.

Participating in a human beauty pageant is a bit...bullying.

She has been traveling around the country with her trainer for a long time. In her eyes, there are only two kinds of Pokémon that can compare with Gardevoir in beauty: Blimwin and Felocellus. But Gardevoir is the most human-like.

And this little nephew of mine, well, I should call him that, is Gardevoir turned into a human.

Her natural beauty is not something that ordinary people can compare to. At least only Fu Ningna on the stage can compare to her. Xiaoxia cannot compare to her for the time being, after all, her figure is already a dimensionality reduction attack.

And what is this thing on him? Why doesn't she remember that boys can have this thing? Shouldn't male Gardevoir be flat?

This is really strange. Ai Guanshi felt that what he saw today was the most exaggerated in the past ten years. He would have to ask his daughter what was going on later.

He used his super powers to scan the box in front of him and could immediately tell how many flyers there were.

After writing it down in the notebook given by Xiaogang, Ai Guanshi also helped count the heads of the few people who could only count by rote.

This specifically refers to Elrod, whose brain is all muscle, and whose superpowers don't need to be counted.

After several verifications, the confirmed votes were counted.

Xiaogang announced the winner of this beauty pageant.

"Then according to our statistics, congratulations to Ms. Huadie Mask for winning the championship of this competition with a slight advantage!"

Xiaogang announced the number of votes from everyone, and Yu Feng narrowly defeated Xiaomao's girlfriend group with a slight advantage of ten votes.

"I..I lost!"

Fu Ningna sat on the stage with an expression of disbelief. She didn't expect that she, an actress, would lose in a conference held in such a small place?

If other museum owners knew this, they would laugh to death.

"Oh my, luckily my purpose was just to piss off Satoshi."

Xiao Mao lifted his hair and was not surprised by the result. The attribute of super girl is simply a killer, not to mention that her appearance and figure are better than those of his group of girlfriends.

Fortunately, his purpose was just to piss off Xiaozhi. It would be best if he could win the championship in this small competition, but if he didn't, it wouldn't be a big deal.

As for Xiaoxia...her expression was similar to Fu Ningna's. She, who claimed to be a beautiful girl, couldn't believe that she would lose.

"Okay, let's invite Ms. Huadie Mask to come and claim this grand prize."

Xiaogang came to them with a gold-plated trophy, handed it to her, and announced the official end of the makeup beauty pageant.

Yu Feng, who won the championship, was worried. If it wasn't engraved with the name of the competition, he could still take it back, but where could he hide it with the name engraved on it? If he took it back, his aunt and others would laugh at him for a whole year.

Shining Kirlia was very happy and couldn't let go of the trophy. After all, this was the first time that he and his brother won the trophy together. He would show it off to his aunts and friends in the tribe, so that they would stay away from his brother!

Poor Shining Kirlia had no idea why her brother ate so well.
