Chapter 145 Sister Baicai?

Yu Feng finally managed to fool Xiao Zhi and sat on the beach basking in the sun, feeling exhausted.

In the distance, Xiaozhi and Xiaogang were playing in the water. After helping Grandpa Liu pay off Grandma Jin's debt, they also paid off their debts.

Fu Nina and Yuto Seidai, who had returned at some unknown time, were lying on the mats, basking in the sun and looking very happy.

The Afterglow Army and Alakazam are competing to see who can hold his breath longer. Of course, Alakazam can't use his super powers to cheat.

Looking at the scenery in front of him, Yu Feng finally let out his frustration.

It is not a big deal for him to bask in the sun here. He won't get tanned even without a parasol. I don't know what strange physical condition he has.

"Would you like some ice cream? I'll go get some."

Yu Feng thought that since he was free now, he might as well go buy some ice cream, so he asked Xiaozhi and the others what flavor they wanted.

"I want strawberries!"

"chocolate!"

"blueberry!"

"tangerine!"

"Elu!"

Yu Feng wrote down their needs one by one and walked towards the nearby mobile ice cream truck.

The thing that is most abundant on this kind of beach is ice cream trucks. One just passed by half an hour ago. If someone bought one, it should not have gone far.

Following the direction of his memory, Yu Feng walked slowly along the path, enjoying the rare quietness that belonged to him alone.

In fact, if you just want to eat ice cream, he can make it himself. Don't forget that Frosty the Milkman can make the best cream.

Just let your sister use the Freezing Wind to freeze it, but the cream of your own Frosty Milk Fairy has been specially adjusted to your taste, Xiaozhi and the others probably won't be used to it.

Facing the cool breeze, Yu Feng finally saw the ice cream truck owner standing on the side of the road with a helpless look on his face.

"Boss, three servings of strawberry, one serving of chocolate, one serving of blueberry, and one serving of orange flavored ice cream for you to take away."

Yu Feng ignored the beautiful blonde who was choosing next to him and told the boss about his taste.

"okay!"

When the boss saw Yu Feng, he felt like he had seen a savior and quickly prepared the flavors that Yu Feng had requested.

"Girl, please stop worrying about it. You've been picking for half an hour. Normally, I'd have walked back and forth once."

While preparing ice cream for Yu Feng, the boss spoke to the conflicted girl standing beside him.

This business deal was really the most difficult one he had ever done since he started in this industry. How could anyone spend more than half an hour choosing an ice cream and still not make a decision?

"Then I want...strawberry? No...I want blueberry, too."

After hearing what the boss said, the blonde woman hesitated for a moment and chose the strawberry flavor, but before the boss could be happy, she denied her choice.

The boss's originally happy face instantly turned cold, as if everything had nothing to do with him.

If I had known today would be like this, I should have slept at home for a day. At least I wouldn't be here basking in the sun for half a day, and I wouldn't have encountered such a difficult guest.

"Would you like to try the strawberry flavor? You can buy other flavors next time, or just buy all of them."

Seeing the boss's movements becoming increasingly mechanical, Yu Feng also chose to help the boss persuade him. After all, he didn't know why, but he always felt that this scene was familiar, as if he had seen it somewhere before.

"But I can't finish buying too much. If I buy them separately, I think the other flavors are also delicious."

The girl expressed her gratitude to Yu Feng for his help, but she always felt that the flavor she didn't buy tasted better, but it would be a waste if she bought all at once as she couldn't finish it.

"Boss, you should have a plate or something, wouldn't it be nice to just put a little more on it?"

Seeing this, Yu Feng suggested to the boss that he should get a big one instead of buying the ice cream cone like him. This actually reminded the boss.

He quickly took out a slightly larger glass from the back, squeezed a little of all his ice cream flavors together, then took Yu Feng's money and pushed the ice cream cart away, leaving only a few increasingly quiet words to Yu Feng.

"Thank you, brother. That's on me!"

Holding the large cup of ice cream and the ice cream he bought, Yu Feng was stunned for a moment, right?

It's just an ice cream, is it necessary to make such a fuss? But since it has come to this, I might as well just forget about it.

"For you, young lady."

Yu Feng handed the big cup to the girl who was looking at him eagerly. After all, it was he who made the suggestion. No one would eat this thing if he bought it back, so he might as well do a favor.

"Thank you."

The girl didn't hesitate to take the ice cream and started eating it very seriously, as if there was only such a thing in the world.

Yu Feng shook his head and went back to where he came from, while using his superpowers to keep the ice cream warm.

However, he felt something was wrong the more he walked. He looked at the girl who had been following him strangely and asked in confusion, "Miss, you have bought all the ice cream, aren't you going to go find your companions?"

Yes, although the blonde girl was eating ice cream, she was consciously following Yu Feng and walking forward.

"I'm lost."

The girl didn't say much and continued eating her ice cream without looking up.

"If you get lost you should go find the beach lifeguards and ask them to broadcast to help you find your companions."

Yu Feng felt helpless. What's the point of looking for him if he's lost? Super powers are useful, but there's really no way to ask him to find people he doesn't know.

This kind of thing should be handled by a lifeguard on the beach, after all, everyone has their own expertise.

The woman didn't even look up and continued to eat her ice cream quietly.

"Hey, come with me first, I'll take you to the lifeguard later."

Helplessly, the other party did not respond to him, and Yu Feng did not want to use his superpowers to send someone away for such a small matter, so he had to let the girl follow him first, and then let Xiaoxia and the others accompany him to find a lifeguard after he passed by.

Just like that, when we came, we were alone, and when we left, we became two.

From a distance, Yu Feng saw Professor Oak and a short figure talking and laughing together, while Yuto Seidai was sitting next to the short figure with the look of a good girl.

"Hey, Xiao Feng, come and meet me, this is Dr. Mustard Orchid."

Seeing Yu Feng coming back, Dr. Oak smiled and introduced the old man in front of him to Yu Feng.

"Dr. Mustard?"

When Yu Feng heard this name, he fell into deep thought. If he remembered correctly, this seemed to be Shirona's grandmother?

Wait a minute, I'm struggling to buy ice cream, I have blonde hair, and I eat like a nerd.

Isn't the person next to me Sister Baicai? But why is Sister Baicai coming to checkpoint at this time?
