Chapter 183 I often see bad things

Along the way, Xiaogang couldn't stop thinking about the beautiful girl. That beautiful look was really hard for Xiaogang to forget.

Even the beautiful girl wearing sexy dance clothes and dancing hotly at the temple fair could not pull Xiaogang away from his thoughts of that girl.

It was as if that girl was irreplaceable in this world.

"Xiao Feng, look at Xiao Gang, what happened?"

Xiaozhi still felt that Xiaogang's current state was very abnormal. After all, it was rare for Xiaogang to talk about a girl for so long.

This situation can't be normal, so now they have to find their good friend Yu Feng to see if Xiaogang has been possessed by some evil spirit.

Yu Feng didn't want to go to any temple fair in the first place. As a forest dweller and a otaku, walking in crowded places made him feel guilty from the bottom of his heart.

After hearing Xiaozhi's request, he immediately walked up to Xiaogang. After getting Xiaogang's consent, Yu Feng pried open Xiaogang's eyelids. With his superpowers, he knew that Xiaogang had been given a hint.

"Being hinted at is not a big deal."

"Look at my hands, and when I snap my fingers you will be back to normal."

Yu Feng stretched out a finger and waved it in front of his eyes, then snapped his fingers.

Xiao Gang suddenly felt relaxed, and even forgot the appearance of the woman just now... No way! This made the appearance of the woman even more obvious.

"Oh, that's how we play it, huh?"

Seeing Xiao Gang's thoughtful look, Yu Feng knew that he had not understood the hint. After all, this would not be the reaction if he had understood it.

It seems that the person who gave the suggestion is stronger than himself. Although Yu Feng has probably guessed who gave the suggestion, he still feels a little unhappy that the other party's hypnosis ability is better than his.

Just when Yu Feng was planning to find a place to release the leader Gardevoir to remove the suggestion, an old voice interrupted his action.

"do not run!"

When Xiaogang heard the voice, he looked back excitedly with a strength that even Yu Feng could not stop, but he only saw a dry old face.

He was so frightened that he collapsed on the ground and staggered backwards, still shouting: "Sun-dried...dried kappa!"

It seemed that the old man's face really scared him. After touching Yu Feng, he hid behind Yu Feng as quickly as possible, then stuck his head out and looked at the old man in front of him carefully.

"Who is the pufferfish?" The old man seemed very dissatisfied with Xiaogang's impoliteness. He looked at Xiaogang's face with a magnifying glass, and then said to Xiaogang very seriously, "Listen, don't worry about my appearance. Be careful of beautiful women. If you don't listen to the old man, you will suffer."

Yu Feng watched Gastly acting with great interest. His perspective was a little different from that of Xiaozhi and the others. In his eyes, Gastly's transformation was as good as non-existent.

To him, it looked like a Gastly was constantly fiddling with Gon's face, and he was curious as to how long he could keep pretending.

"This girl must know this sentence, right?"

When the old man saw Yu Feng's playful look, he knew from the reflection that Yu Feng had seen through his true identity, so he blinked at him to signal him not to expose him.

"Beautiful...beautiful woman, are you referring to her?"

Hearing the old woman's words, Xiao Gang perked up. He seemed to have a bad idea about the beautiful woman the old woman was talking about. Could she be the purple-haired girl he saw when he just got off the boat?

"It's so annoying. How could I possibly do something bad to Xiaogang?"

Xiaoxia ignored the speechless expressions of Xiaozhi and Pikachu, and hugged her face narcissistically. She was very happy that her mother-in-law had such good vision.

It's really amazing that I know I'm a beautiful woman.

"I'm talking about a beautiful woman, not a little girl." The old woman was speechless about Xiaoxia's narcissism. She was clearly talking about a beautiful woman, so why did this little girl join in the fun? Then she pointed at Yu Feng beside her with her cane and said, "This is a beautiful girl. Although she's a little plain, she's a beautiful girl."

Xiaoxia strongly protested against the other party who thought she was not as good as a man, and wanted to argue with the old man but was stopped by Xiaozhi.

"I am male."

Yu Feng spoke slowly into the old woman's ear, correcting her speech errors.

The old woman shuddered and was shocked by Yu Feng's behavior. This was even weirder than her ghost-type Pokémon!

Xiaoxia punched Xiaozhi, then pulled the two of them away, away from this weird old man.

She actually said she was a little girl. If she is a little girl, then Xiaozhi is a little brat!

Seeing that everyone had left, Yu Feng shrugged and followed them into the distance.

The old woman looked at Yu Feng deeply, and then continued to look for another person she had targeted.

.....

"You three...what are you doing."

Manatori covered his face with the documents, as if he wanted to put aside the fact that he and Musashi knew each other.

After all, the images of these three people don't look very good no matter how you look at them now.

The three men were crawling around on the ground with magnifying glasses in their hands, and they kept crawling under other people's crotches.

"We are not like you. Without salary, we can't even eat."

Holding a magnifying glass, Musashi expressed strong dissatisfaction with Manatori's state of being a full man who did not know the hunger of a hungry man, but she also knew that her and others' lack of money was not caused by Manatori.

I could only urge Kojiro and Meow Meow to see if they could pick up any money so that they could fill their stomachs that had been hungry for two days.

"We have tried very hard, but this temple fair seems very poor."

Miaomiao raised her head with some dissatisfaction. The temple fair here was really too poor. There was not even anyone dropping money.

"You guys...are you always like this when you're out of money?"

Seeing this trio walking around outside openly without even taking off their team uniforms, Manori really didn't know what to say.

And looking at the embarrassing actions of these three people, Manato was even more determined to cancel their status as a special operations team. This was too embarrassing for Team Rocket.

"Hey, I found 5 yuan!"

Kojiro was very happy looking at the five-yuan coin shining in the distance. Although it was only five yuan, they finally opened the business and would definitely have more income in the future.

"Wait a minute..."

"Ahahaha, you saw it. But the money that fell on the ground belongs to whoever sees it."

An old voice sounded behind Kojiro, as if someone saw him picking up the money. But this could not stop Kojiro from being happy. Whoever picked up the money that fell on the ground owned it. This was the rule of their evil organization.

"Yes, I saw it. I often see bad things."
