Chapter 187 What I Worried About Happened

"Xiao Gang!"

"Xiao Gang, where are you?"

"Pikapi!"

Xiaozhi, Xiaoxia, and Pikachu came to look for Xiaogang before dawn, but strangely, Xiaogang was not there.

They asked Yu Feng, who got up early for morning exercise, and Yu Feng said that Xiaogang had not come back in the morning.

In fact, if the two of them had come to ask Yu Feng, they would have known where Xiaogang was long ago.

"Kojiro! Are you there, meow!"

"Kojiro, if you're not here, answer me."

On the other side, Musashi and Meowth were also looking for the missing Kojiro. After all, it was rare for Meowth to get up so late.

The two groups met in a rare peaceful manner.

"Ah...you are!"

"It's God's will that we meet here! No, the person I want to see now is not you!"

It's rare that Xiaozhi actually recognized Team Rocket, even though they were not disguised at all.

Musashi was also very excited, after all, she met the little brat, but she didn't want to see him now, she came out to find Kojiro.

"You are also looking for someone in this place."

Yu Feng, who was watching the whole process, made a "shouting" expression. Damn it, Xiaozhi actually knew what the other party was doing?

Is this still Xiaozhi? Is it the distortion of human nature or the decline of morality?

"Since you asked me sincerely, I will be merciful and tell you." Xiaozhi's words directly touched Musashi's DNA, and he immediately said the opening remarks they often used, but soon Musashi's face fell, "It's a bit lonely to talk alone."

"To prevent the world from being destroyed!" Musashi performed his standard movements, then picked up a flower at a speed close to that of a flash and imitated Kojiro's signature movement, "To protect world peace!"

Yu Feng and Xiao Zhi could hardly hold back their laughter at this funny performance.

"What are you laughing at! The villain who upholds love and truth!"

Musashi angrily told Xiaozhi and the others not to laugh, and then started talking about their carefully designed opening remarks.

"A cute and charming villain!"

Kojiro's voice suddenly appeared, causing Musashi's expression to fall, as if he suspected that he had heard it wrong. Musashi decided to continue talking, hoping that he might be able to find where Kojiro was.

"I am Musashi..."

"I'm Kojiro!"

Everyone began to look for where the sound came from. After all, this place was so empty that it was obvious where the sound was hidden.

"We are Team Rocket traveling across the galaxy!"

In order to find Kojiro's location, Musashi even stopped doing the fancy moves he always had to do and focused on finding the source of the sound.

While everyone was busy looking for the source of the sound, Yu Feng slapped his head helplessly, covered his eyes and pointed at the shrine behind them. It was obvious that the sound came from there.

"White hole...a white tomorrow is waiting..."

Sure enough, after everyone looked in that direction, Kojiro broke open the door and came out.

"Ojiro?"

"What's going on, meow?"

Meowth and Musashi were very confused as to when Kojiro had gotten in there.

"And I!"

Xiaogang also fell down along with Kojiro.

"I also found Xiaogang."

Xiaozhi was also very excited to see the missing Xiaogang. After all, if he couldn't find him, he might consider calling the police.

Everyone quickly gathered around and looked at Kojiro and Xiaogang who were lying on the ground with indescribable smiles on their faces.

These two people disappeared for a whole night and were found with such strange smiles on their faces. Could it be that they did something...unspeakable at night?

Yu Feng's face twitched slightly, and he quietly took a step back.

Kojiro hugged Musashi's thigh with a weird smile, which scared Musashi a lot. When would Kojiro touch him with such an expression?

"Sure enough, what I was worried about finally happened."

The elusive old woman suddenly appeared beside everyone and looked at Xiaogang and Kojiro with a serious face.

Although in Yu Feng's eyes this expression is very funny,

"Old woman?"

Xiaozhi was very confused about the old woman who suddenly appeared. He didn't understand why the old woman appeared here.

Of course, what he didn't know was that the whole thing was actually done by Gastly alone, whether it was this mother-in-law or the strangeness that happened last night.

"Those two people have been possessed by the ghost of the girl."

The old woman didn't pay any attention to Xiaozhi's doubts. Instead, she said something very seriously that Xiaozhi and the others absolutely couldn't believe.

"Girl's ghost?" X4

Four out of the five people present were curious about what the girl's ghost was, and they asked the old woman in front of them what the girl's ghost was.

"I want to see her so much. I want to see her so much."

Of course, Kojiro and Gang then explained to them what it meant to be possessed by the ghost of a girl.

The two of them shook off everyone's arms, hugged each other face to face, and seemed to be kissing each other.

"This... This is serious, Pikachu!"

Looking at the actions of the two people, Xiaozhi felt something was wrong and subconsciously took a few steps back, because he always felt that the actions of these two people were not good.

Then he called Pikachu and asked him to give these two crazy people a hard beating to wake them up.

"Pikachu!!"

Pikachu was very happy to hear this command. Although he couldn't electrocute Satoshi, it was also good to be able to electrocute Brock and Kojiro.

The golden electric light was like a strong medicine, wrapping around the two men's bodies and directly electrocuting them to the ground.

"Who am I? I am Xiao Gang?"

Soon Xiaogang got up from the ground. I don't know if it was because Pikachu didn't use enough force or because they recovered quickly, but in any case, Xiaogang was temporarily awake.

"I'm Kojiro, from Team Rocket!"

Kojiro instantly became energetic. He didn't know what happened yesterday, but he was very excited now.

Musashi and Meowth shook their heads, as if they were not surprised by Kojiro's behavior.

"Okay, follow me, and I'll tell you why I say that."

The old woman seemed to be very familiar with the matter. She walked into the open shrine gate, as if she wanted to tell these people the whole story.

"What should I do? Should I go in?"

Musashi looked at Xiaozhi and others opposite him with some confusion, as if he wanted to ask them if they wanted to go in.

"What's so good about this? These two people have been controlled. Let's take a look at what's going on."

Yu Feng was really speechless towards them. Although he could solve the problem, the same thing still applies: I won't do it if you don't call me.

Besides, your teammates are in trouble now. How do you know how to solve the problem if you don't go in?

After saying that, Yu Feng followed the old woman into the shrine. The others looked at each other and followed her in.

After all, they were really curious about what was going on between the two of them.
