Chapter 192 It's too boring

"It's boring. You are so boring."

Gastly changed back to his original body and rolled around in the air.

It was really boring what Yu Feng was doing. The previous part could have been played for a long time.

"I don't need anything interesting. I should be sleeping in the house at this time, and my sister still has no appetite today."

When Yu Feng heard Gastly say this, he turned around and prepared to leave. He didn't have time to waste here. If he hadn't come here to see what the precognitive dream said in the end, he would not have come here.

His younger sister was still vomiting violently in the house, and he was still struggling to figure out how to make her feel better.

"You are wrong to say this. I am trying to deepen the relationship between you two."

Gastly rolled over Yu Feng's head and said very seriously, although how true or false this statement is depends on the person to decide.

"To deepen our relationship? Then you become something disgusting."

When Yu Feng thought of that disgusting fat and greasy man, he couldn't help but retching. He couldn't imagine how he could have become like that.

"Hey, that's not what I thought. That's something your sister saw from somewhere. I just picked out what she fears the most."

Seeing Yu Feng say this, Gastly shook his head frantically. He didn't even want to look at that kind of thing. If he wasn't most afraid of that thing, he wouldn't want to transform. God knows where she saw this kind of curious thing.

"Now that you mention it...I think I know where she saw it."

When Yu Feng heard Gastly say this, he thought about it and knew where his sister had seen this thing.

I have made up my mind to go back to the forest next time and carefully check the residence of my good aunt. Maybe I will find some unexpected gains.

"But the question is, what do you want from me?"

In addition to wanting to witness the end of the prophecy, Yu Feng also came here because Gastly said he had something to talk to him about.

Otherwise... is the bed uncomfortable or is my sister not fragrant anymore? I am nagging this old ghost here.

"Young people are really impatient."

"I won't disturb you old friends from meeting each other."

Gastly glanced at the stone statue behind him, then gave an expression that said "I understand", and then hid his figure in the air.

Although he hid his figure, he just moved to a new place and hid to eavesdrop on their conversation.

The entire shrine fell silent, and the other person seemed to be shy and had not appeared yet.

Time passed in silence, and even though Gastly was anxiously running around, neither of them was willing to speak first.

Finally, Yu Feng, who couldn't bear it any longer, yawned subconsciously and was about to say something.

A transparent figure crashed into him. Yu Feng subconsciously wanted to hug the other person, but unfortunately the other person was a ghost and he could not touch him.

"I miss you so much. I really miss you so much."

A familiar voice, familiar words, familiar look, but the difference is that the woman in front of him is not Gastly in disguise.

No matter how Yu Feng looked at her, she was a real human being...a ghost, not a ghost Pokémon like Gastly that was transformed from a dream.

"Ma'am, I think you have the wrong person?"

Although Yu Feng wanted to push her away, he couldn't touch her. That's right, he could touch Gastly, but he couldn't touch the ghost of this girl.

Then there is only one possibility, that is, the other party is stronger than you.

But it's no wonder that she was a person two thousand years ago. Even a pig could become a powerful monster after living for two thousand years.

Even though it sounds a bit harsh, it is the truth, isn't it?

"How could I be mistaken? Although your appearance is different, your aura is the same."

The girl's voice seemed to become cheerful because she had finally found the person she had been waiting for.

"But...I really am not him. It's been two thousand years. Maybe the other party is..."

Although Yu Feng didn't want to tell the news, after two thousand years even the girl herself had turned into a ghost, let alone the man. If reincarnation existed in the world, he should have been here after two thousand years.

Then the question is obvious....

"I know. I've known this for two thousand years. He should have been reincarnated long ago."

The girl's soul was greedy for the aura of Yu Feng. She knew everything but just didn't want to face it. The other party might not have such a special experience like her.

But now Yu Feng's arrival gave her hope. Maybe Yu Feng was his reincarnation.

Although the appearance is different, there is still an aura that attracts me.

"Hey, but I am not him after all. So what if we have the same aura?"

Yu Feng sighed. He was not from this world to begin with, so how could he have the same aura? How could he be reincarnated?

"Tsk, you two, what are you dithering about?"

"I'm still waiting to see the big movie. You said you would give the other person an offspring, why are you dragging your feet now?"

Gastly finally couldn't bear it anymore, and jumped out from the void, looking at the girl's soul with some disappointment.

She doesn't even do what she said she would do? Then what else is there to say? I can't stop her anyway.

"I'm only ten years old, and how can you be sure that I am that person?"

Yu Feng felt a little helpless. If he remembered correctly, this Gastly didn't have this personality.

Why does it feel like he is more positive than that girl's soul?

"Ten...ten years old? Girl, you are practicing...No, you can't tell me. If you tell me, I won't be able to get through it."

"As for why I'm sure it's you, I've been to so many places, and you're the only one with the aura the girl described. If it's not you, who else could it be?"

"I've been looking for nearly two thousand years, and you're the only one who meets the requirements."

Gastly first opened his mouth and wanted to say something to the girl, but after thinking for a moment, he decided not to say anything. He really couldn't understand who looked like this at the age of ten.

Then he floated to Yu Feng, looking at him straight in the eyes. He was not sure if he could find other people with the same aura, but he was the only one after searching for almost two thousand years. Who else could it be if not him?

Although he didn't mind helping, he had to miss the opportunity to solve the problem now, and then he would have to do it for another two thousand years.

Then shouldn't he be like that today too?

"Okay, Gastly, stop talking. I'm already very satisfied to have met him once. Now, no matter how I think about it, I can't give him offspring."

The girl looked at her transparent body and smiled bitterly. What else could she talk about in her current state?

"You can go find the Phoenix King to recover your body. There will be a way anyway. You have survived for so long, how can you fall on the eve of victory?"

Gastly doesn't want to care about so many things. There are so many ways to restore the body.

"Anyway, listen carefully, kid. I'm not asking you to come back every day, but at least until I find a way to restore her body, you must come back on this day every year!!"
