Chapter 193 23 Things Afterwards

Today's journey for Xiaozhi and his friends was particularly quiet!

Yu Feng and the shining Kirlia who was sitting on his shoulders were hanging behind and thinking about the problem.

At that time, Gastly looked as if he would not let Yu Feng go unless he agreed, so Yu Feng had no choice but to agree to his request to go back at least once a year.

But how does Gastly know that he is that person, and what is their so-called aura?

These things bothered Yu Feng.

As for the smell, he smelled his own afterwards, but he only smelled a very sweet smell, well, his whole body was marinated with the flavor of the sugar at home,

So he still felt very confused about the aura that Gastly talked about.

.....

"Do you think Xiao Feng has been acting strange lately?"

Xiaogang and the others quietly slowed down their pace and let Yu Feng lead the way, while they were whispering behind.

Since leaving Girls Gorge, Yu Feng has seemed very absent-minded, as if he was thinking about something.

And the weirdest thing is that he also released Shiny Kirlia.

"Now that you mention it, it seems that I haven't seen him doing morning exercises recently."

After Xiaogang's reminder, Xiaozhi realized that he hadn't seen Yu Feng training much recently. He was often sitting on a rock thinking about problems.

"Although I know you don't get up early very often, you don't think Xiao Feng didn't go to training, do you?"

"Is it possible that he got up much earlier than you, and all you saw was him resting after training?"

"Unlike some people who get up late and lead everyone lost."

Xiaoxia doesn't know where Xiaozhi gets the confidence from. She thinks Xiaofeng hasn't been to training recently. You were still sleeping soundly while others were training!

The opponent's Charmander is already stronger than ordinary Charmeleon. What makes you so confident?

Xiaoxia was lucky enough to see Yu Feng's little fire dragon early in the morning. It was almost taller than her waist, and the flame could burn a stone in an instant.

If Xiaozhi's Charmander gets scratched, Yu Feng's Charmander will have to kneel down and beg him not to die.

Although it may sound a bit exaggerated, Xiaozhi is really no match for Yu Feng.

"What did you say!"

Hearing that Xiaoxia was talking about him both explicitly and implicitly, Xiaozhi finally realized that it was his fault for getting up late!

It was the quilt that sealed him up, so you can't blame him, okay? Doesn't Xiaoxia even understand this principle?

The two people put their heads together, as if trying to argue who was right and who was wrong.

"You two stop arguing. We'll be in Jinhuang City soon. Xiao Feng is gone, so you can argue as much as you want."

Xiaogang separated the two, then looked at Xiaofeng who was walking forward with her head down and breathed a sigh of relief. It would have been a lot of trouble if they were discovered in advance.

"Listen carefully, it will take less than a week to get to Jinhuang City as long as we don't get lost. Xiao Feng usually eats his food, so we have to prepare some food for him as well."

Yes. They haven't encountered any cities recently, so they eat the supplies that Yu Feng brought with him.

Although Xiao Feng may not care about this, they also have to do something.

"That being said, Xiao Feng's food is already luxurious enough. No matter how much we cook, we can never catch up to her."

"That is to say, the food they eat is much better than what we eat."

When it comes to eating, they have no choice. Xiao Feng originally ate the best batch. They prepared...

When they thought of this, the three of them felt a headache and couldn't help but feel that it was a difficult situation.

"I don't think Xiao Feng would care what it is, right?"

Xiaozhi said in a low voice that he felt that with Xiaofeng's personality, he would be happy to accept whatever was prepared.

Besides, the most important thing is not the ingredients, but the thought behind it.

Xiaogang thought about what Xiaozhi said, and suddenly found that what Xiaozhi said made sense. For Xiaofeng, it was okay for them to prepare anything.

"That's it, but we need someone to hold him back so he doesn't know."

"I don't have time to cook."

After deciding what to do, Xiaogang made the decision directly. He was responsible for cooking, so he had no way to delay Xiaofeng.

"Why are you looking at me? I'm going to find food. My Pokémon can find food underwater."

Xiaoxia immediately took on the task of finding food. After all, she was not good at communicating with Xiaofeng and they had no common language at all.

"So I still have to go?"

Xiaozhi was a little puzzled. Why did he have to hold Xiaofeng back? He could obviously go look for food as well.

"Ladies first, understand? Anyway, just delay until we are done."

Xiaoxia pushed Xiaozhi to the side of Yufeng, who was walking blindly forward, without giving him any room for argument. She and Xiaogang began to divide the work and prepare the things they needed.

Xiaozhi was pushed to Yu Feng's side, and called out to Yu Feng, who was distracted while thinking about something, in a puzzled manner.

"Well, Xiaozhi, is it time for dinner? I'll ask Ai Butler to go..."

"No, no, Xiaogang said he would do it today. If he doesn't do it for a while, his skills will become rusty. I came here because I want you to guide me in my battle."

Seeing that Yu Feng's first thing after he reacted was to ask Ai Guan Shi to cook, Xiao Zhi hurriedly stopped him and joked. If he really let Ai Guan Shi go, the surprise would be gone.

After hearing Xiaozhi's words, Yu Feng looked at Xiaozhi with some surprise, as if he had a lot to say.

"What...what happened?"

Xiaozhi's heart skipped a beat when he saw Yu Feng's actions. Oh no, could he have been discovered? Xiaogang, I'm sorry.

Just when Xiaozhi was begging Xiaogang for forgiveness, Yu Feng looked at Xiaozhi with complicated eyes: "I almost thought you were switched by someone. Why do you want me to guide you in the battle?"

When Xiaozhi said that he wanted to direct the battle himself, Yu Feng thought that he had suddenly traveled through time again, or that Xiaozhi had been swapped.

Otherwise, how could the silly Xiaozhi suddenly come to the point of letting me guide the battle?

Fortunately, there was no change after the super power was scanned around, and it was not some bloody incident like a time traveler taking over someone else's body.

"I just thought that the next one is the Psychic Gym in Golden City, and I want to try out the feeling of fighting with Psychic Pokémon in advance."

Xiaozhi quickly thought of a solution and realized that the next gym would be the Super Power Gym in Jinhuan City, so he fooled Yu Feng by saying that he wanted to experience it in advance.

Yu Feng squinted his eyes and listened to Xiaozhi's reasons. That's right, Xiaozhi, who never remembered the names of gyms, actually knew that the Psycho Gym in Golden City was.

Yu Feng's sixth sense told him that Xiaozhi was hiding something from him.

But it didn't matter. He just happened to have been using his brain to think about Gastly these days, so helping Satoshi with some special training was just the right way to relax.

It's rare to have a legitimate reason to train Xiaozhi.

So Yu Feng took Xiao Zhi to find an open space nearby to carry out today's special training.
