Chapter 197 Do You Three Want to Make Me Laugh to Death?

"Ash and his friends continue their training with the goal of becoming Pokémon Masters!"

"Chirrut! (Let's see where our next destination is.)"

Yu Feng returned to the days of narrating, but this time his sister was narrating with him.

Shiny Kirlia also happily agreed with her brother, saying that it was so great to be able to come out.

Staying in that small Pokéball every day, her body and mind are almost damaged.

How can I grow a turbulent mountain in this way, how can I surpass my stinky brother?

The stinky old brother is older than me! When he thought of this, Shining Kirlia wanted to bite his handkerchief and throw himself into his mother's arms.

Did my mom forget about me when she passed on my genes, or did she pass on the genes to me and my brother in the wrong way?

No one would understand why Shining Kirlia was crying, but what they knew was that they had reached the edge of a cliff.

"How scary."

Xiaozhi carefully lay on the edge of the cliff and looked at the scenery below. The sound of waves hitting the shore reached Xiaozhi's ears.

"If you fall from here, you'll be dead."

Xiaoxia also patted her ordinary chest and sighed. Although she didn't know why she ended up in such a place, she would be doomed if she fell down.

Xiaogang slowly took out a map and compared it with the landmarks on it, nodding from time to time to confirm his guess.

Sure enough, they took the most remote road.

But even so, he couldn't tell Xiaozhi and the others, so he pointed to the road on the edge of the cliff and said, "Just follow this road and you will reach Golden City."

This is the path he found according to the instructions on the map, and he will definitely not be led astray by Xiaozhi again!

"That's the Golden City Gym we're going to! Good!"

Xiaozhi immediately became alert when he heard the word "gym". What? Didn't Xiaozhi mention gym just now? That must be your illusion.

But soon he discovered that there seemed to be something wrong with the road ahead, as it seemed to be flickering.

"Well, it's time for Butterfree to fall in love."

Brock explained to Satoshi without even raising his head, after all, even Butterfree could be in pairs today, but he himself had to eat all the dog food here.

"in love?"

The one who reacted the most was not Xiaozhi, but Xiaoxia who was standing next to him.

"That's right. It's the egg-laying season. When Butterfree finds a mate, they'll fly to the other side of the sea to lay their eggs."

Xiaogang led everyone along the path while introducing this tradition that was engraved in Butterfree's bones.

"Are you going to cross this ocean? That's amazing!"

Misty was impressed by the tenacity of Butterfree and the others. At least she knew that her own Pokémon could not carry her across this ocean.

"So, my Butterfree is also..."

Xiaozhi rarely entered the thinking mode, but Yu Feng and Shiny Kirlia were almost deformed from holding it in behind him.

"If you don't cross the sea, you won't be able to leave descendants, Xiaozhi."

"Hahahahaha! Hiccup, hahahaha!"

"Chirrut!!!"

As Xiaogang said something that made no sense at all in a serious tone, please forgive Yu Feng for his rude laughter.

Oh, it seems that I have to laugh with Shining Kirlia. After all, what Xiaogang said is as funny as saying seriously that people will die if they don't eat.

"Xiao Feng? You mean I think Xiao Gang is right?"

Xiaozhi had suffered enough shocks today, but he still didn't understand why Xiaofeng was laughing.

He felt that what Xiaogang said made sense. If he didn't cross the sea, he would not be able to leave any descendants.

If this was the only choice, he would definitely let Butterfree go by himself.

Yu Feng, who was about to stop laughing, heard Xiao Zhi think Xiao Gang was right, and he couldn't help but hold his stomach and laughed like a child.

"Hahaha, Xiaoxia, what about you? What do you think?"

Yu Feng, who had managed to hold back his laughter with great difficulty, wiped away the tears from the corners of his eyes.

Instead of answering Xiaozhi's question, he asked another person who witnessed Xiaozhi capturing Butterfree.

"Ah? Me?" Xiaoxia pointed at herself with some doubt and got Yu Feng's confirmation. She said uncertainly, "I think Xiaogang should be fine."

Apparently, even Misty had forgotten how Ash caught Butterfree, what it looked like when he caught it, and where he caught it.

"Are you guys making me laugh? Have you forgotten where Xiaozhi caught the green caterpillar?"

Yu Feng couldn't laugh anymore. How come even Xiaoxia had forgotten about this?

"I remember catching it in Viridian Forest? But this doesn't seem to matter, right?"

Although Xiaoxia realized that it was the Caterpillar caught in the Evergreen Forest, she still couldn't figure out the connection between them.

"Chirrut! (I can't take it anymore, this is killing me, hahahaha.)"

Hearing what Xiaoxia said, Shiny Kirlia laughed even more happily, almost turning herself into a Pokémon with facial expressions.

"So what's the problem?"

Xiaozhi's head is full of question marks now. He always feels that his thinking is not in line with Yu Feng's.

He didn't even know why Yu Feng and his Pokémon were laughing. But when Xiaogang heard about the caterpillar he caught in the Evergreen Forest, he seemed to remember something and tilted his head to the side in embarrassment.

After all, I actually popularized a wrong common sense, which is really embarrassing!

"Hey, let me ask you, do you think a caterpillar can cross the ocean?"

Although Yu Feng didn't want to explain this common sense, Xiaoxia and Xiaozhi didn't react at all.

After Xiaogang reacted, he wished he could disappear on the spot. After all, he had made a big mistake. With Xiaozhi's personality, he probably had to let Butterfree go if he knew about this.

"No, so what does it have to do with your laughter?"

When it comes to matters related to Pokémon, Xiaozhi's mind is pretty quick and he answered Yu Feng's question right away.

And he urged Yu Feng, the riddle teller, to quickly tell what was going on.

"Then you caught the green caterpillar in the Viridian Forest. How did he cross thousands of mountains and rivers to come to the Viridian Forest and be captured by you?"

Seeing that Xiaozhi hadn't reacted yet, Yu Feng didn't know whether to praise him for thinking quickly or say that he was not smart.

"Wait, Viridian Forest? Ah, I forgot about that."

"Butterfree doesn't necessarily have to fly across the sea to lay its eggs."

After all, she is the gym leader. After thinking for a while, Xiaoxia realized where she was wrong. If Butterfree had to cross the sea to lay eggs, there would not be so many caterpillars in these forests.

After all, among the three forms of Caterpillar, only Butterfree can cross the sea, and Caterpillar can't fly, so it can't get here at all.

That is to say, local green caterpillars can only lay eggs locally.
