

Gardevoir 31

Chapter 31: The Exploding Pokémon Center

"Sana. (I'll take you here. Over there is Viridian City. By the way, if you want to go back, you can use the token.)"

As dusk approached, a huge green figure appeared at the edge of the forest with two slightly smaller blue figures.

Aunt Gardevoir dropped Yu Feng and the others off at the outskirts of the Evergreen Forest, pointed to the city whose outline was faintly visible in front of them, and after giving them a few instructions, she disappeared again.

"So... can't you tell us the exact location?"

Yu Feng was about to stop his aunt and ask about the exact location of the forest, but it was obvious that his speaking speed could not be faster than the instant teleportation.

"Chirrut. (Next time, ask this question earlier. You have super powers yourself, but don't you know how fast it is?)"

Shining Kirlia held her head in her hands, feeling helpless. She should have asked about this kind of thing at home.

Now she is in a hurry to go back and naturally doesn't want to stay any longer.

"But compared to that, I care more about what she looks like now."

After complaining about their swift and decisive actions for a while, Yu Feng pulled the love ball off the suction necklace. He was now really curious about what his mother and the others had taken her to do.

It's so mysterious that he has to open it when he gets here. I'm really afraid it will be a big surprise.

The Poké Ball flashed white light, and Shiny Gardevoir's body suddenly appeared in front of them.

Why use the roar? Because the current body proportions of Gardevoir are really exaggerated.

Now, even just lying down, she is almost taller than Shiny Kirliao. Yes, that's right, almost as tall as Shiny Kirliao.

With such an exaggerated body shape, I wonder how tall he is when he stands up.

"Chirrut. (They won't become bosses, will they?)"

Shiny Kirlia gritted her teeth and looked at the Shiny Gardevoir lying in front of her, who was a head taller than her. She was so envious... Bah, bah, so shameless.

Yu Feng slowly probed his consciousness into the mind of Shining Gardevoir, slowly taking control of this huge body.

Yu Feng felt that he was in a warm ocean at the moment, and his mental power was like a drop in the ocean, unable to cause a single ripple.

Yu Feng immediately realized that Shining Gardevoir's body was much stronger than his, which was why his mental power was unable to create any waves.

The good news is that one's own consciousness is all that is needed to control this body. The bad news is that he was actually surpassed by himself (sad).

But at the same time, he can also control the mental power of this body. After all, it is his own body, right?

It could even pay off in return, and he could feel that if he did that, he would be able to catch up to Shining Gardevoir's level very quickly.

But the thing is, it's me after all, and it's really weird to do that kind of thing.

Although I have said before that I would turn into a woman to please my brothers, but now... whoever comes close will be gone.

"Sana. (Want to try?)"

Shining Gardevoir lifted up her peak and winked at Yu Feng.

!!!!?

These words from Shining Gardevoir shocked the two of them.

"Chirrut!? (Brother, I didn't expect you to be so perverted?)"

Shining Kirlia looked at his brother in shock. He didn't expect his brother to be so fancy. Didn't he want to try himself?

"Bullshit, that's not what I said. If I really do it, will you know?"

"Cough cough..."

Yu Feng retorted subconsciously, then suddenly realized what he had just said and quickly coughed to cover up his embarrassment.

Of course it's too late now. Shining Kirlia cautiously hugged her body and took a step back. You know, she is naturally beautiful. What if her brother also wants to do something to her? That would be great... too scary.

"Sana. (No, that's what you said.)"

Shiny Gardevoir covered her mouth and giggled, her orange gem-like eyes narrowed into a crescent, so cute.

"Wait, I don't want to talk."

"Chirrut? (You said you didn't speak? Then she was?)"

At this moment, both of them noticed something was wrong. After all, this Shiny Gardevoir was obviously adding fuel to the fire. No matter how stupid the brother was, he would not add fuel to his own fire.

Then the behavior of this Shiny Gardevoir is a bit intriguing.

"Sana? (You found out. I thought it would take you a long time to realize it.)"

Shining Gardevoir raised his beautiful eyebrows and touched someone's head with one hand.

"Chirrut? (Brother, are you unconscious?)"

Shining Kirlia shook off the giant hand on her head in dissatisfaction and looked at Yu Feng in some confusion, which meant she was withdrawing her consciousness.

"No, my perspective is still clear and I can do the moves I want."

Yu Feng shook his head. He didn't know whether she had lost consciousness or not. As he said that, he controlled the body of the Shining Gardevoir and touched her own head.

Besides, her consciousness had left her, so she would have fallen down long ago. How could she be so lively and energetic?

"Chirrut? (What is this?)"

Shining Kirlia was really confused. What happened if his consciousness didn't withdraw his fire?

"You coming or me?"

Yu Feng now also understood the whole story through the mental power left by his mother and the others, and looked at Shiny Gardevoir with a wry smile.

"Sana. (Since you said so, let me do it.)"

"Sana. (Obviously, I'm your brother, just on the more feminine side.)"

Gardevoir tapped Shiny Kirlia's little head with a smile, and her tone was as gentle as her mother's.

"Chirrut. (No, I'm a bit confused, let me sort it out.)"

"Chirrut. (You are my brother. You are the feminine side of my brother.)"

Shining Kirlia felt that his brain was not enough. He rubbed his head and pointed at Yu Feng and then at the smiling Gardevoir on the other side.

Yu Feng nodded, confirming her idea. God knows how mom and the others did it. Not only did their bodies become nearly five meters tall, but even their past consciousness could reveal a more feminine side.

"Chirrut. (You will have to make babies with other males in the future.)"

A strange idea suddenly popped up in Shining Kirlia's mind, and he looked at his brothers with a strange look in his eyes...?

"Get out of there!"

"Sana! (Dream!)"

The two of them expressed their thoughts in unison, and their unanimity made Shining Kirlia feel relieved. Fortunately, although the feminine side had been separated, the orientation had not changed.

"Chirrut. (What about after he lost consciousness?)"

"I fainted. It's still my consciousness after all, but now I don't have to do two things at once."

Yu Feng spread his hands. After all, it was his own fault. He would faint if he lost consciousness.

"boom!!!"

A huge explosion in the distant city interrupted their conversation. Thick black smoke rose from the city, and a few small black dots could be vaguely seen flying away from the city quickly.

"Let's go and take a look. Is it okay for you to go into the Poké Ball first?"

When Yu Feng saw the black smoke, he roughly knew what was happening. Before that, he asked for the opinion of Shiny Gardevoir and put her back into the ball.

Shiny Gardevoir naturally agreed. After all, she knew what was happening and how could she not go to see it. If her body wasn't so big that it attracted attention, she would have gone there in person to see the excitement, although now she could only see it in the Poké Ball.
