Chapter 34 So why did you come anyway?

"So why am I here anyway?"

Yu Feng stood in this small detached house and fell into deep thought, wondering why he came here.

earlier.

"I definitely can't go back today. The rent is just to make me breakfast."

Miss Junsha invited Yu Feng with a smile. For this child who had suffered hardship since childhood...well, a child.

She still felt very distressed. She couldn't let a child camp in the park. It would be too dangerous.

"Yes, the room I have here is just big enough for these two people to stay."

Miss Joy also spoke about the current situation of the Pokémon Center and pointed to Satoshi and Misty standing nearby.

"I can live with Xiaozhi."

Yu Feng didn't really want to go to Miss Junsha's house. It felt weird.

"That's probably not possible. After all, it's an emergency room and one person is already the limit."

Miss Joy denied Yu Feng's idea. There were only three rooms left, one for her, one for Xiaozhi and one for Xiaoxia, so there were no extra rooms.

The memory ends.

"Chirrut. (Is that why you agreed? Admit it, you just wanted to see a girl's home.)"

Shiny Kirlia showed a look of contempt. To put it bluntly, he just wanted to see the home of a human woman.

"We can't really camp in the park."

Yu Feng had a headache. They couldn't really go camping in the park, right?

"Chirrut. (That's fine. You've lived in the wild before.)"

Shining Kirlia didn't care about this. After all, for her, anywhere was a place to sleep. After realizing that her brother couldn't be like them, she began to build a tree house in an orderly manner.

"It's different. This is a city."

Yu Feng didn't know how to explain the human sense of shame to his sister. After all, strictly speaking, they were even wandering around naked.

"Chirrut. (Forget it, I don't have time to discuss human shame with you. I want to rest.)"

Shiny Kirlia yawned and pointed at the sky which was already beginning to darken. After a busy day, they had just eaten something in the morning, and at noon they helped Miss Joy clean up the messy Pokémon Center. They haven't had dinner yet.

"Got it. I'll ask the butler to see what we can cook when we get in."

Yu Feng was full of black lines on his head. His sister was really... But he couldn't say anything. He took the key given by Miss Junsha and opened the door.

"Come out, Aibute."

"Ai Wan!"

After entering the house, Yu Feng released the love servant. The love servant tilted her head and looked at her little master, asking what mattered and why she was called out.

"Ahem, we haven't had dinner yet. Could you please see if there is anything here that can be cooked?"

Yu Feng covered his growling stomach awkwardly and begged Ai Guanshi in a low voice.

"Ai Wan!"

Ai Guanshi nodded with a smile. After all, this was her job. Now she just had to go and see if there was anything in the house that could be cooked.

"Okay, now let's see where we sleep."

Yu Feng stretched and began to look for a place to sleep. After all, such a large house should have several guest rooms.

"Chirrut. (Human accommodation is usually on the second floor, right?)"

Shiny Kirlia remembered the situation when he lived in Satoshi's house some time ago, and thought it should be similar here?

"You're right. Let's go up and look for her while the housekeeper is still cooking. We can't let her do everything."

Yu Feng patted Shining Kirlia's head and walked towards the second floor.

"Chirrut! (I told you not to pat my head! I won't grow tall anyway)"

Shining Kirlia is very dissatisfied. He touches his head every time and blames them for his short height.

Having said that, she followed Yu Feng to the second floor. Who would want to sleep in the Poké Ball when they can sleep outside? Oh, brother, that big-breasted monster's body definitely can't get out, after all, it's almost as tall as the house.

"Let me see. I remember Miss Junsha said the first room was her bedroom. Let's start with the second one."

Thinking about what Miss Junsha told him at that time, Yu Feng walked around the first room and headed towards the back.

After opening the first door, Yu Feng closed it instantly without changing his expression after seeing the first sight.

"Chirrut. (What was in there that you closed so quickly? Let me see!)"

Shining Kirlia was a little curious, so she opened the door and took a look, and her eyes instantly became red.

"Chi...Chiru! (Damn, humans are so bold.)"

Shining Kirlia's cheeks were slightly red, and her eyes were full of mosquito coils as she fell to the ground.

"You got torn apart by just a piece of underwear?"

Yu Feng was a little speechless. You were running around naked outside, and you got torn by looking at a lace bra? You are so useless!

"Sana. (I think it looks good. How about I wear it for you?)"

Shiny Gardevoir gave advice in the Heart Ball.

"I think it's a big deal. You should consider your actual height. It should be specially customized. Don't ruin Miss Junsha's clothes."

Yu Feng couldn't help shaking his head after hearing what Shiny Gardevoir said. Doesn't this guy consider his own body shape? He's almost as tall as this small building. All his clothes have to be specially customized.

"Sana. (Okay.)"

Shining Gardevoir stopped talking and responded to the current situation in silence.

"I don't think we need to look at the next ones. I'll ask the butler to clean up a room for us. Let's go downstairs and eat first."

Yu Feng used his superpowers to take a quick look and knew what the conditions were in the rooms at the back. He had no choice but to ask the butler to clean up one of the rooms.

Thinking of this, Yu Feng picked up his dizzy sister and walked towards the restaurant. The butler had been waiting for a long time.

"Is it ready so quickly?"

Yu Feng looked at the familiar food on the table with some confusion. How could the butler cook so quickly?

"Ai Wan."

Ai Guanshi spread his hands, indicating that he was powerless.

"You mean there's nothing to eat? Did you just heat up what you brought?"

Yu Feng was a little stunned. How come Miss Junsha didn't even have rice at home? Oh, yes, there was also such a thing as work meals.

"It looks like I'll have to trouble you to make a trip tomorrow morning, Aibutan."

There's nothing we can do about it, we can only make do with it for now.

"Ai Wan."

Ai Guanshi nodded with a smile and patted his body to indicate that this was his job and it was not a problem at all.

"After dinner, I'll have to trouble you to clean up a room upstairs. You know there are differences between men and women."

Hearing Yu Feng's words, Ai Guanshi gave him a look that showed he understood, and signaled him to let the other companions out for dinner.

After all, you've been hungry for a whole day, so you need to have a good rest after eating.

Yu Feng also released the other companions and started eating. As for Shiny Gardevoir... it could only lie on the ground and eat its food slowly. After all, it was too big.
