Chapter 36 I know he is a shining human!

"I hate it!"

Xiaoxia instantly hid behind Yu Feng and looked at Xiaozhi carefully as he let out a cry of pain.

"You don't have to be so annoying. Come on, Caterpillar, sit on my shoulders."

Xiaozhi looked helplessly at the two people hiding behind the big tree, squatted on the ground and invited the Caterpillar to sit on his shoulders.

The Caterpillar nodded and was about to climb up when he tilted his head and saw Yu Feng and Xiao Xia hiding behind a tree not far away.

Suddenly the caterpillar seemed to become excited and crawled quickly towards Yu Feng and Xiao Xia.

"Xiao Feng! Think of a solution quickly!"

Xiaoxia shook Yu Feng's arm tremblingly, trying to get him to come up with an idea.

"What can I do? Luckily I don't feel anything when I'm in the ball. Oh, by the way, sister, come out and work!"

Yu Feng was also a little nervous. You know, most of the bug-type Pokémon are just enlarged bugs in the first stage, and only a few of them are acceptable to people. Unfortunately, he is now also afraid of these fleshy big bugs.

If it was a wild Pokémon, he could just slap it away, but the problem was that this was Ash's Pokémon and he couldn't use force. Suddenly, he seemed to remember something and threw the Poké Ball with Shiny Kirliao in it. Shiny Kirliao appeared in the Caterpillar's path with a dangerous look in its eyes.

"Gaba, gaba."

Shining Kirlia pinched her finger bones and looked at the green caterpillar running towards her with an unfriendly face. She said that no bug could get close to her stinky brother.

"Oh, this is it! I forgot all about it before."

Xiaozhi excitedly took out the Pokédex and scanned the Shiny Kirlia.

"No information, it's a mysterious elf."

The screen of the illustrated book was flashing with snow, and her information was not displayed.

If the Caterpillar could speak, he would probably shout, "Don't look at your broken illustration, I'm about to get into trouble!"

The Caterpillar shifted its gaze away from Yu Feng, a person it felt close to. After all, if it didn't look away it would be beaten up by the stinky-faced Shiny Kirlia. Then it turned its gaze to Xiaoxia.

"Xiaoxia, it seems to like it very much."

Xiaozhi put his hands on his hips and looked at the scene in front of him, not caring at all that Xiaoxia was shaking badly.

"Chirrut. (Not allowed to come over here.)"

Although the Caterpillar no longer looked at his brother, that girl was also behind him. Maybe she would be his sister-in-law in the future?

As she thought of this, her hands were already wrapped in burning flames, as if she would punch the Caterpillar without hesitation if it came any closer.

The Caterpillar could only lower its head in grievance and stand silently by the side.

"Pica, Pica."

Pikachu walked over to the Caterpillar and patted its body to comfort it, but was taken away by a pair of big hands.

"It's better to be liked by Pikachu than by Caterpillar."

Xiaoxia held Pikachu in her arms, feeling the comfort of the furry feeling.

"Don't touch him, or he'll shock you."

Before Xiaozhi could finish his words, he saw Pikachu enjoying Misty's pat on the head.

Yu Feng looked at the cute Pikachu and stroked it as well. After all, this would be the future Pikachu God, whose head was even tougher than Charizard's.

Pikachu also enjoyed Yu Feng's touch and even rubbed Yu Feng's hand actively.

There was no sudden electric shock behavior. Pikachu's behavior had already shown that he could not shock everyone.

"Pikachu!"

Xiaozhi is now so jealous that he is going numb, why is he the only one who gets electrocuted by Pikachu!

Oh, and there's Professor Oak, although he was also implicated by me.

Amid the noise, time quickly passed into night.

"It's evening, time to eat."

Yu Feng sat on the recliner, looking at the food on the table in front of him, and invited Xiaozhi and Xiaoxia who were still in a cold war.

"Why did you bring the table and the recliner with you?"

Xiaoxia was not polite either. She sat on the other side and looked at Xiaozhi angrily.

"It is mainly the steward who takes care of me. I rely on the steward for everything in my life."

Yu Feng introduced the waiter who served him at mealtime.

"Ai Wan!"

It seemed as if Ai Butler, who was wearing a maid outfit, was greeting Xiaozhi and Xiaoxia.

"he is?"

Xiaozhi took out the Pokémon and scanned it curiously, and found that it was exactly the same as when he scanned the Shiny Kirlia in the morning. He couldn't help but feel curious.

"She is primarily a Pokémon from the Galar region. She is a female, by the way."

"By the way, Shiny Kirlia is mainly a Pokémon from the Hoenn region."

Yu Feng introduced to them the regions where the two Pokémon that had appeared were from, but Yu Feng still corrected Xiaozhi's way of naming them.

"Eh, female? What is a female?"

As expected, Xiaozhi's attention was not on the word "flash", but the female one locked his vision.

"It's the same gender as Misty, just like your Pikachu is male."

Although Yu Feng wanted to explain this problem in detail, he considered that if he explained it too complicatedly, Xiaozhi might not understand what he said, so he used Xiaoxia as an example for Xiaozhi.

"It's a girl. By the way, Xiao Feng, how do you know that Pikachu is a male?"

Xiaozhi held up Pikachu with a confused look on his face, not realizing that he looked like a male.

"Well, most Pokémon have certain differences between male and female. For example, the tail of a female Pikachu is shaped like a heart, and as for Aphrodite, the female one looks much gentler."

Considering that it would take a long time for Xiaozhi to recognize Ai Guanshi, Yu Feng did not explain it to him in too much detail.

"Is that so?"

Xiaozhi nodded thoughtfully, but Pikachu didn't indulge him. After all, the food below had attracted him for a long time.

"By the way, did you say Kirlia is a Shiny Pokémon?"

Xiaoxia's knowledge reserves are much better than Xiaozhi's. What she cares about is the Shiny Pokémon mentioned by Yu Feng.

"Yeah, I thought it would be Satoshi who asked this question. But yes, Kirlia is a shiny Pokémon."

Yu Feng raised his eyebrows, but he didn't care too much about who asked the question.

"Is it really a rare Shiny Pokémon?"

Hearing Yu Feng's admission, Xiaoxia was filled with envy. After all, she hadn't seen a shiny Pokémon for such a long time.

"What are Shiny Pokémon?"

Xiaozhi still looked ignorant. He just felt like an outsider. He understood every word Xiaofeng and Xiaoxia said, but he really didn't understand when they were put together.

"Hey!"

Xiaoxia was so shocked by Xiaozhi's ignorance that she fell to the ground. She got up awkwardly as if she was looking at some rare species.

"How dare you travel here? Listen carefully. Shiny Pokémon are Pokémon of the same species that are different colors. When they appear, they have strange spots of light on them."

Although Misty didn't really want to teach Ash the knowledge that a beginner should know, she couldn't resist Ash's outrageous behavior. He really chose to travel just because of his love for Pokémon.

"He's Xiaozhi after all."

Yu Feng also spread his hands helplessly. After all, Xiaozhi had done too many strange things that day. He hadn't even captured Pidgeot yet, otherwise Xiaoxia would definitely be even more surprised. Xiaozhi was a man who couldn't even memorize the attribute restraint table.

"Who said that! I understand. Xiao Feng, you must be a glittering human! You also have those shiny things around you!"

Xiaozhi was silent for a while and then said something shocking, leaving even Yu Feng speechless.

You say he is right, Yu Feng's race is not pure human. You say he is wrong, Yu Feng is indeed Shining. American five-star general MacArthur once commented; "If my trainer was Satoshi, I would be very miserable."

"You see what I said is right."

Seeing that the two were speechless, Xiaozhi began to feel proud.

"How can there be a shining human? Take a good look at who is behind Xiao Feng!"

Xiaoxia was speechless. She pointed at Yu Feng's head behind his chair and yelled at Xiaozhi.
