Chapter 40 You two wait for me!

"Is this Pikachu rare?"

Xiaozhi looked at Musashi and Kojiro who were being grabbed like idiots. How could he not see that Pikachu is rare?

"It used an amazing move last time. There must be something behind it being able to use a move beyond its level. This is the reasoning of this genius Pokémon Meowth."

Hearing Xiaozhi's question, Meowth stopped the crazy scratching he used on Kojiro and the others, crossed his arms over his chest and began to explain proudly to Xiaozhi.

"Say it again! Say it again!"

"You yourself are of the same virtue!"

Miaomiao was pinned to the ground and beaten by two people who had gotten up out of nowhere. She didn't even start explaining to the little brat and was still blaming them!

With Miaomiao's cry of "I'm going to complain to the boss," the one-sided beating ended.

"Ahem, anyway, you better hand over Pikachu obediently."

As if nothing had happened, Musashi began to threaten Xiaozhi to hand over Pikachu.

How could Xiaozhi bear this injustice? He turned his head and said disdainfully: "Tsk, I don't want it."

As if they knew that Xiaozhi would definitely refuse, Musashi and Kojiro had taken out their Poké Balls at some point.

"In that case, then we have no choice but to..."

"Duel with Pokémon!"

"Go ahead, Arbok!"

"It's your turn, Gas Bomb!"

Throwing the Poké Ball, Gas Bomb and Arbok appeared in front of them.

"It's so mean to ask two of them to attack at the same time!"

Xiaozhi seemed a little indignant. People who didn't abide by the Pokémon battle rules were really bad.

"Haha, in the dictionary of villains of love and truth, there is no such word as mean."

Musashi shook her hair and said very confidently that there was no word "despicable" in her dictionary, they were bad people.

"It means your dictionary is terrible!"

Xiaozhi is very angry now. He is talking so seriously about the two-on-one situation, but he seems to have forgotten one thing: the two people watching the show next to him have their own Pokémon.

"It doesn't matter if it's bad, I'm playing a villain anyway."

Kojiro looked indifferent. He thought, so what if he is a villain? Should he go and complain and then get himself arrested first?

Xiaoxia couldn't bear it anymore and stepped forward and pointed at Xiaozhi.

"What are you doing? They took out two Pokémon, so you have to take out two too!"

Misty doesn't quite understand why Ash has to use Pikachu to fight two on one.

"But the battle rules of the Pokémon Arena are one at a time."

Xiaozhi turned around and explained seriously to Xiaoxia. Musashi and Kojiro were also very gentlemanly and did not launch an attack.

"You're still talking about rules at this time? Your Pokémon will be taken away. Xiao Feng, talk to him quickly."

Xiaoxia was completely speechless. Who among her family members would understand... Ahem. You talk to bad guys about rules, but bad guys don't talk to you about rules.

Yu Feng also felt that he should say something. Although it might affect the evolution of the Caterpillar, it would be better to let Xiaozhi know that there are no rules to follow when dealing with bad guys.

"Xiaozhi, in fact, Pokémon battles are not just 1v1, there are also 2v2 doubles battles, and..."

"Okay, time for small talk is over, gas bombs use mud attacks to seal his movements."

Before Yu Feng could finish his words, Kojiro interrupted their chat. After all, they were here to do bad things, so he should at least respect their behavior.

The gas bomb sprayed a mouthful of mud that directly covered Pikachu's eyes, making him unable to see the surrounding environment.

"Skin--!"

Pikachu, who was attacked, covered his eyes in pain, trying to wipe off the mud that was in the way.

Xiaozhi picked up Pikachu and angrily said to Kojiro and the others: "It's too much for you to attack before the battle even starts!"

After leaving Pikachu in the care of Misty, Ash took out the newly captured Pidgeot to fight, but unfortunately the newly captured Pokémon was no match for Arbok and Gastly, which Team Rocket had trained for a long time, and had to be eliminated.

"Damn it, you bastard!"

Xiaozhi did not release the Caterpillar, but rushed towards Kojiro and the others himself.

"?\_?"

However, he was stopped outside by Kojiro who was holding a rose in his mouth, and his height advantage was clearly visible.

"What? You want to duel with me?"

Xiaozhi waved his hands and wanted to duel with Kojiro. If he didn't have Pokémon, he would do it himself!

"What an idiot! Pokémon Duels require Pokémon to fight Pokémon!"

Meowth also laughed at Ash without hesitation, saying that he, a Pokémon, knew things that Ash, a trainer, didn't know.

"Flick your forehead."

Kojiro sighed, stretched out his other hand and flicked it at Xiaozhi's forehead. Xiaozhi seemed to have suffered a serious attack and flew backwards.

"Ash!"

Misty came to Xiaozhi holding Pikachu and looked at him with a worried look on her face.

Yu Feng was also shocked. Is this Kojiro so strong? He flicked Xiaozhi's forehead and sent him flying. But now he had seen enough of the drama and it was time to take action. Otherwise, Aunt Hanako would blame him if she knew.

"Hey, you guys, have you forgotten that there are other people here? Just give me some face and let it go this time..."

Yu Feng stood up from behind, rubbed his hair and looked at Kojiro and the others.

However, what he said did not work, and it caused Team Rocket to laugh so hard that they stopped laughing after a while. Musashi wiped the tears from his eyes and said to Yu Feng speechlessly: "Big devil, you are not our target. Don't meddle in other people's business, or we will take you away too."

"That's right, that's right, who do you think you are, meow!"

Miaomiao also echoed Musashi's words, and her words were full of contempt for Yu Feng. They are bad guys, why should they give you face and not rob you as well? It means they are in a good mood.

"Okay, stop talking nonsense and hand over Pikachu quickly. We will treat him well."

Kojiro also became serious. After all, no matter how you look at it, they have the advantage at the moment, so how can they lose if they are hit in the face with a gas bomb?

"You really don't take me seriously."

Yu Feng stopped his actions, and a hint of scarlet appeared in his orange eyes.

Although he has not become a leader, he is not someone that Kojiro and the others can challenge. You have to know that the beating of Kumagayana by Shiny Kirlia was not achieved by relying on superpowers, but by beating it down in a head-on combat.

As for why a Kirlia was able to defeat Kirlia by brute force, this highlights the importance of trainers and that ordinary Pokémon can only go straight, but it is undeniable that Yu Feng did defeat Kirlia by brute force.

Besides, the psychic Pokémon's best skill is psychic powers.

"Hey, Musashi, I feel a little off."

Seeing Yu Feng's nervous look, Kojiro swallowed and patted Musashi beside him to get a sense of security.

"Me too, Kojiro."

Musashi was also a little nervous. She felt something was wrong and always felt that they had done something bad.

"Do you two really dare to have small talk, meow."

Meowth is the Pokémon most affected by Yu Feng's momentum. He is now unable to use even a trace of strength.

"hehe."

A blue light representing superpowers appeared in Yu Feng's eyes, and the powerful superpowers enveloped the Arbok and gas bombs on the field.

Yu Feng controlled Arbok to tie a knot on the gas bombs and threw them directly into the distance.

"We were defeated by humans?"

Kojiro was so shocked that the rose in her mouth fell into her hand. She couldn't believe that humans could defeat their Pokémon.

"Okay, I'll make an exception this time and give you a flower."

"No more paying!"

Musashi and Kojiro grabbed Meowth, who was lying on the ground and dared not move, and dropped the roses in their hands on the ground. The two of them quickly ran away.

"Can you run away? Let me give you a ride!"

Yu Feng curled his lips, and instantly used his superpowers to grab the two people who were running and threw them in the direction of the gas bomb and Arbok.

"It's over. Are you guys okay?"

The red light in Yu Feng's eyes disappeared, and he scratched his head and looked at Xiaozhi and Xiaoxia who were shocked.

"Xiao Feng, you..." Xiao Xia was about to say something when a giant hornet flew past her, causing her face to turn horrible. She exclaimed, "Hate it! Let's get out of this disgusting forest as soon as possible."

"It's a giant hornet. This forest is worth our stay."

When Xiaozhi saw Beedrill, he forgot what he wanted to say and chased after it with a happy look on his face.

"Hey, wait a minute!"

Yu Feng thought he was going to be interrogated, but he didn't expect Xiaozhi to chase Beedrill. However, in order to avoid being questioned, he still followed Xiaozhi and ran away.

Misty looked at Xiaozhi and Xiaofeng running away with a look of shock on her face, then she reacted and quickly chased after them. She didn't want to be left alone in the forest.

"We have more companions. Xiaozhi is in the best condition now. However, the Viridian Forest is very large and it is not easy to walk through it!"

"Xiao Feng, you are saying something weird again, and wait for me, don't leave me here alone!"

Xiaoxia felt helpless when she saw Yu Feng starting to say some nonsense again, but for now she still had to catch up with the two of them quickly. She would go crazy if she stayed alone in this insect paradise!
