Chapter 47 Should I abstain?

"I'm waiting!"

Xiaozhi turned over and jumped down from the audience stands, which shocked both of them.

Do you think you are Xiao Gang and Yu Feng? One is a well-trained gym leader and the other is a rare superpower. The height from the stand to the field is at least three or four meters. How could you jump down without reservation?

Yu Feng was so scared that he quickly used his super powers to hold Xiaozhi back. Although Xiaozhi performed a lot of cool moves in the animation, it would be really bad if he jumped down without any preparation.

"Thanks, Xiao Feng! Then it's my turn to challenge the gym!"

Xiaozhi thanked Xiaofeng and then challenged Xiaogang. He was already excited watching the battle between the two giants.

He wished he could go up and have a bloody fight with Xiaogang, he was already excited!

"So even if you saw the fight between Xiao Feng and I, it didn't stop you from challenging me now?"

As he spoke, Xiaogang walked back to his seat, then looked at Xiaozhi seriously as if to confirm whether he would change his mind.

"Then the game begins."

"Okay! Pikachu, show him how powerful you are!"

Xiaozhi sent out Pikachu with excitement. This was his first gym battle and he had to fight well.

"Pikachu~!"

Pikachu and Xiaozhi looked at each other, then walked into the venue with cute steps.

Seeing Pikachu and Xiaozhi full of confidence, Yu Feng couldn't help but mourn for Xiaozhi. Oh no, it was Pikachu. You could send Pidgeot too. It would be the end of Pikachu if he was caught.

"Go, Big! Rock! Snake!"

Xiaogang also threw his Poké Ball with all his strength.

The Poké Ball spun and hit Pikachu in front of it, giving Pikachu a fright.

Then the Poké Ball burst into white light, and a Onix that was slightly smaller than the previous Onix appeared in the venue.

Onix looked at the tiny Pikachu with an aggressive look. Is this my opponent today? The trainer is underestimating me.

"Pickup truck...."

Pikachu cried out weakly, then turned around and ran back to Ash on all fours, trying to press down Pidgeot's Poké Ball to exchange it, but was hugged by Ash and had no chance to pass the baton.

"Don't take it upon yourself to hand over the baton to Pidgeot! Go quickly."

"Pika, Pika?"

Xiaozhi carried Pikachu back to the field, then pushed him to hurry up and fight.

Pikachu looked at Ash with a pitiful face, hoping that Ash would change his mind and switch to Pidgeot, but unfortunately Pikachu only got Ash's encouragement full of fighting spirit, so Pikachu had to walk towards Onix with cute steps again.

I hope that Brock will show mercy because he is cute, but unfortunately, Brock is currently taking the battle very seriously, just like Satoshi.

Without hesitation, he commanded Onix to use the charge, and Onix twisted its huge body and rushed towards Pikachu's position.

Seeing such a huge Onix rushing towards him, Pikachu was so scared that he ran away. Onix crashed into the ground because it couldn't react in time, but soon stood up like a normal snake, leaving only a big hole on the ground.

After carefully searching for Pikachu's location, it used its tail to directly roll Pikachu inside.

"That's it, use the binding attack!"

Xiaogang looked at Pikachu who was controlled by Onix's tail, and asked Onix to tie it up.

Upon hearing the order, Onix tightly wrapped Pikachu, who was not even as big as its own tail, around its tail. Pikachu now experienced the feeling of Shiny Gardevoir being tied up by Onix just now. The difference was that Shiny Gardevoir had the ability to resist, while Pikachu could only passively accept being tied up by Onix.

"Pikachu use Electric Shock!"

Xiaozhi gritted his teeth as he watched Pikachu struggling in Onix's tail, and spoke out the few skills that Pikachu currently had.

Even though Pikachu's movements were restricted by Onix, he still followed Ash's instructions and used electric shock. The golden electric shock spread over Onix's body, even turning it into a golden glow. Unfortunately, it didn't have much effect.

At the end, Onix tilted its head and looked at Pikachu at the center of its tail, as if to say, "What's wrong with you, little brother? Use some energy, haven't you eaten?"

"Your teaching is off the mark. Electric shocks of that magnitude will have no effect on Onix."

Although Xiaogang has already played his best, it is really an unwise choice to attack the Rock Gym without being able to withstand Pikachu. Although Yu Feng's Charmander has some disadvantages in attributes, the degree of training and the temperature of the flame are no problem.

But Pikachu looked like it had not been trained much, not to mention that Onix was immune to electric attacks. Although this immunity would disappear if there was a big gap in strength, it would turn into a small amount of damage.

"Pikachu, come back!"

Xiaozhi took out the Poké Ball and wanted to rescue Pikachu. The red light from the Poké Ball that retracted the Pokémon was blocked by Onix's huge body and did not touch Pikachu.

"Damn it, is the distance too far? There's no way he can come back like this."

"It's not that the distance is too far, but it's blocked by Onix."

Xiaozhi thought that he couldn't bring Pikachu back because the distance was too far, but Yu Feng, who was watching from the side, pointed out the key point. It was not that Pikachu could not be brought back because of the distance, but that all the light that wanted to be brought back did not touch Pikachu at all.

But it was blocked by Onix's body, so it couldn't be taken back.

As time went by, Pikachu's expression became more and more painful. Xiaozhi gritted his teeth but couldn't do anything. Xiaozhi lowered his head and had to shout out the words he least wanted to shout: "Stop! Stop it now!"

"Oh? You want to give up?"

"No..that's right."

Xiaozhi's unwilling voice rang out in the stadium, and as Xiaozhi admitted defeat, Onix gently put Pikachu on the ground.

Xiaozhi picked up Pikachu without saying a word and walked out of the gym, as if he had lost his soul.

Yu Feng stared at the somewhat lonely back of Xiaozhi as he walked out of the gym without saying much. After all, he was not someone he could enlighten now, so he decided to leave this job to someone else.

"Aren't you going to check on your companion? He looks very lonely."

Xiaogang came to his side at some point, and he was very curious why Xiaofeng, who was obviously his friend, didn't go to comfort Xiaozhi.

"If he's so easily defeated then he wouldn't be Satoshi. He'll challenge you again tomorrow."

Yu Feng used his super powers to explore the outside world, and was relieved when he found that Xiaozhi and Wu Neng went out together.

As for what Xiaogang said, we can only say that he doesn't understand Xiaozhi. It would be really unscientific if someone like Xiaozhi could be hit.

That's not right. It seems that Xiaozhi has been hit more than once, and this time seems to be the same. However, he was enlightened by Wu Neng and let it go.

"I wonder if you would like me to discuss with you how to raise Pokémon."

This is a relatively important test for Xiaozhi. As long as he passes it, the future will be bright.

But now he really wants to discuss the Pokémon breeding methods with Xiaogang. After all, Xiaogang's carefully cared-for Onix looks much stronger than ordinary Onix.

"Okay, then come to my house. I just want to know from you how you trained Gardevoir to make her so big."

Xiao Gang thought for a moment and agreed to Yu Feng's request. He also wanted to know how Yu Feng trained a Gardevoir of about 1.6 meters to a terrifying height of nearly 6 meters.

"Then please wait for a moment. I will go treat Onix and the others, and tidy up the gym."

"It's okay, just do your thing first."

After saying goodbye to Xiao Feng, Xiao Gang went to tidy up the gym first. Yu Feng didn't care about it. After all, such a big gym was currently supported by Xiao Gang alone.
