Chapter 52 In Summary

Wu Neng appeared in the distance at some point, and regardless of Xiaozhi's doubts, he took off his beard and hat, revealing a face that was 99% similar to Xiaogang.

"It's Dad!"

"Ah! So, the good-for-nothing dad who left home and never came back is..."

Xiaogang was shocked that he saw his father who had been away from home for a long time here!

After getting the hint from Xiaogang, Xiaozhi also realized that the person Wu Neng was talking about that night was actually himself!

"Yes, that's me, traveling far away to become the world's number one Pokémon trainer."

"But he has no face to go home and face his family because he has not fulfilled his dream."

Wu Neng calmly explained the matter to the two of them, as if he was not the one talking about it.

"Then you help me because..."

Xiaozhi began to get confused, why did Wu Neng want to help him.

Xiaozhi just felt a little itchy on his head, and he began to be unable to figure out the matter.

"Because you are so much like me at that time. There is no hope at all."

"Am I that bad?"

After hearing Wu Neng's explanation, Xiao Zhi immediately lost his energy. He didn't expect that he was so bad in Wu Neng's eyes.

"You don't have to worry about your brothers and sisters anymore. Go and fulfill the dream you and I had."

"Dad, I have something to tell you."

"I left you all alone for so many years, so you deserve to scold me."

Wu Neng was prepared to be severely scolded by Xiaogang. He closed his eyes and prepared to accept the blame from Xiaogang, although it seemed that his eyes had never been opened.

Xiao Gang did not say anything to blame, but fumbled out the needle and thread from his pocket and handed it to the astonished Wu Neng, and began to instruct Wu Neng, the irresponsible father: "Also, Jiro likes red miso, Saburo likes white miso, my little sister likes mixed miso, and..."

"Wait, wait! Let me take a note!"

Wu Neng began to feel around to see if he had any paper or pen with him. He couldn't remember all the things Xiaogang said at once!

"Goro doesn't like miso soup, but he likes red bean soup. Mimi likes corn soup, but she wants it in cans, remember."

Xiaogang was not as busy as Wu Neng, and he kept talking about the food that his younger brothers and sisters liked.

.....

"That's how it is, Xiaozhi and Xiaofeng. From now on, I will join you two in your journey."

After explaining everything, Xiaogang followed Xiaozhi and Yufeng in a refreshed mood and told them that he would join their journey in the future.

"Okay, it's up to you. I don't care whether there's one more person or two. What about you, Xiao Feng?"

Xiaozhi didn't care whether anyone was added in or not, but Xiaofeng was also traveling with him, so he still had to ask for his consent.

"Don't look at me. I have no objection. I just walked with you to Jinhuang City. The rest of the way is up to you."

Yu Feng shook his head to indicate that he had no objection. After all, he was only accompanying Xiaozhi to Golden Yellow City, and he didn't care who Xiaozhi's travel companion was.

Misty, on the other hand, continues to follow Satoshi because he hasn't compensated her for her bicycle.

Xiaozhi was a little annoyed that Xiaoxia kept talking about this, so he called Pikachu and Yu Feng and ran quickly to the front.

"With more companions, will Xiaozhi's journey continue? I say he will continue, he will!"

While Yu Feng was running forward with Xiao Zhi, he began his narration work again. Xiao Gang thought Yu Feng's behavior was a little strange, but because he was running, he didn't have time to ask.

But they always felt as if they stepped on something soft. Yu Feng threw a shadow ball backwards to fill the big hole that suddenly appeared.

They only vaguely heard the voice of someone asking who they were.

.....

"In Nibi City, Xiaozhi had his first experience challenging a gym trainer. His battle performance was recognized and he was awarded a gray badge, which is one of the qualifications for participating in the Pokémon League Tournament."

"With Brock, who aspires to become the world's number one Pokémon breeder, the group will continue their journey. If I say we will continue, then we will!"

"Now that they have arrived at Yuejian Mountain, this road is the fastest shortcut to reach Hualan City."

Xiaozhi and his group were walking on the mountain path of Mt. Tsukimi, while Yu Feng was giving the narration with a solemn look on his face.

"Actually, I wanted to ask that night, what is Xiao Feng doing?"

Xiaogang was puzzled by Xiaofeng's behavior and wondered why he was saying things similar to the future prospects in a TV drama.

"Don't mind him, he happens like this all the time, we're all used to it."

Xiaoxia spread her hands to express her helplessness. They were used to hearing it and didn't know why Xiaofeng would suddenly say such strange words at certain times.

"Ahem, legend has it that a meteorite once fell on this mountain."

Xiaogang wondered if he should break the deadlock, so he first told him the legend of Yuejian Mountain that he knew.

"What's the use of meteorites?"

Xiaozhi was a little confused. It was just a meteorite. Was it necessary to change the name of the entire mountain range because of it?

"That meteorite is called the moonstone."

Xiao Gang explained to Xiaozhi why this mountain is called Yuejian Mountain.

Suddenly a scream was heard, and Kirlia was so startled that she ran out of the ball and looked around to see who could make such a scream.

You know, when my brother was blocked by the queen bee and beaten, he didn't say a word.

"Chirrut (Over there!)"

After sensing it carefully, Flash Kirlia pointed them in a direction, indicating that the brother's voice came from this side.

"let's go."

Yu Feng called Xiaozhi and others to go in the direction his sister pointed.

It wasn't long before they saw a man in a white coat being besieged by a group of Zubats.

The poor white coat held his head with his hands, trying to resist the attack of the Zubat.

"So many Zubats? What evil has he done?"

Xiaogang was a little confused. Doesn't Zubat usually not leave the cave?

"Who knows? Save people first. My sister has 100,000 volts!"

"Pikachu uses Electric Shock!"

Yu Feng could no longer recall what had happened here, he just vaguely remembered that it was related to Pippi, but the current problem was to save people.

"Chirrut!!"

"Pickup"

Golden electric light shot out from Kiria's body, and Pikachu's cheeks also burst into golden light. The man in the white coat seemed to have sensed his fate and looked at Xiaozhi and Yu Feng in despair.

"Squeak!! (Help, the blue old lady who kills bats is coming to us)"

Originally, Shining Kiria was subconsciously holding back her strength, but when she heard the Zubats shouting like that, a hint of red light appeared in her eyes. It was originally just a slight electric shock, but this time Shining Kiria went for a heavy blow, and considering that there were people over there, she still kept the power within the level that the human body could accept.

The two electric shocks merged into one, directly illuminating the area near the cave entrance into a golden color.

Most of the Zubats fell to the ground and lost their ability to fight, while a small number of Zubats grabbed their companions and quickly fled into the cave.

"Squeak! (Hurry up and inform everyone that an old lady with blue hair is here to hunt us!)"

Even though these Zubats were defeated, they were still shouting things they shouldn't be shouting without knowing whether they were alive or dead.
