Chapter 54 Happy New Year, Everyone!

"This is a good opportunity to conquer."

Xiaozhi took out the Poké Ball and wanted to throw it at the walking Pippi.

"Wait a moment!"

The man in the white coat grabbed Xiaozhi's hand to stop him from throwing the Poké Ball, and as a result, Pippi disappeared deep into the cave.

Xiaozhi looked at the white coat in confusion. After all, preventing others from capturing Pokémon was a very rude thing to do.

"Please let her live in peace. You should be able to understand, right?"

The man in the white coat looked at Xiaozhi with sincere eyes. He believed that Xiaozhi would be able to understand his thoughts.

Xiaozhi looked at the man in the white coat and reluctantly agreed with his idea.

"Skin!"

Just then, Pippi's screams were heard from a distance, and Yu Feng and the others quickly ran towards the place where the screams came from.

All I saw was a meow standing there, looking at Pippi fiercely.

When the cat saw Yu Feng and the others, it showed a surprised expression on its face and asked, "Why are you here? Meow."

"I think that's what I should be asking."

"It turns out that the people who are causing trouble in this cave are you."

Before seeing Meowth, Xiaozhi was not sure about his guess. He had always felt that this matter was related to Team Rocket. After seeing Meowth, he became even more certain.

"If you don't fight them, you're not a man."

Although Xiaogang is not sure who the person on the other side is, he knows that he is definitely not a good person.

"If it doesn't count, then it doesn't count. Why work so hard?"

Musashi's voice came from behind Meowth as she and Kojiro slowly emerged from the shadows.

"To prevent the world from being destroyed."

Suddenly, music started from somewhere, and Musashi began his lines following the music.

"To protect world peace."

Kojiro also emerged from the shadows carrying a shovel.

.....

"That's it, Meow."

With Meow Meow's serious ending, Team Rocket ended their routine.

"Don't you have the shame to recite the same lines every time? Who played the music?"

Xiaozhi was speechless about Team Rocket reciting the same lines every time, but he was quite curious about who was composing the music for Team Rocket.

Yu Feng silently put away the small radio he had prepared. It was quite embarrassing for others to know about this.

"Don't ignore us, meow."

"People who don't understand our taste."

"Not qualified to join our Team Rocket."

Meowth was angry about being ignored by Satoshi and the others, while Musashi and Kojiro shook their heads, saying that Satoshi was not a person who understood taste.

"Only an idiot would want to join you."

"Your actions have caused the Pokémon in the cave to start going crazy, did you know that?"

Brock and Satoshi questioned Team Rocket again and again, of course they didn't understand what kind of organization Team Rocket was now.

"What does it have to do with us?"

"We have only one goal."

"That is to use the Moon Stone to enhance the power of Pokémon so that they can rule the world, meow."

Although Xiaozhi and his friends did not ask Team Rocket what they wanted to do, as professional villains, Team Rocket told Xiaozhi and his friends what they wanted to do one by one.

To be honest, there aren't many villains as honest as this anymore.

"Take that, Arbok."

"Gas bomb!"

Musashi and Kojiro didn't intend to say much to Satoshi and the others. They jumped down from the stone platform and threw out their Poké Balls.

Ash and Brock also threw their Poké Balls, and Butterfree and Zubat suddenly appeared from the white light.

That's right, it's Butterfree. Although due to Yu Feng's interference, Xiaozhi's Caterpillar evolved in time like in the original story, but during this period of time, Caterpillar and Beetle had successfully evolved into Butterfree and Beedrill.

After all, Bug-type Pokémon evolve the fastest.

Xiaoxia and the white coat took advantage of this period of time to sneak away with Pippi, and the Rockets team had no time to take care of them at that time.

"Zubat?"

Xiaozhi was a little confused as to when Xiaogang got Zubat.

"Hehe, I captured that one at the entrance of the cave."

Xiaogang laughed proudly a few times. After all, it was not easy to take a Zubat from Shiny Kirlia.

"If I had known, I would have caught one as well."

After hearing what Xiaogang said, Xiaozhi regretted not catching a Zubat at that time.

Next, with the help of Zubat's ultrasonic waves, he easily defeated Team Rocket's Pokémon.

.....

Xiaoxia, Yu Feng and the man in white coat followed Pippi to an open space, and Pippi jumped down from the hillside nearby.

"Pippi, wait for me!"

Xiaoxia is a person who fishes frequently and has very good physical strength. Although she looks fair-skinned and thin, she is actually very strong.

As a researcher in a white coat, his physical strength was not as good as Xiaoxia's. He ran out of energy halfway up the climb and begged Pippi to wait for him.

Yu Feng looked up at them on the shore, after all, they would be coming down soon.

As expected by Yu Feng, Miaomiao got out of nowhere and stopped Pippi before them. Even Yu Feng couldn't understand why Miaomiao stopped Pippi before them when they were the ones who set out first.

In order to avoid being stopped by Meow Meow, Pippi jumped down the hillside decisively, and just hit the man in the white coat and Xiaoxia who were climbing up.

Fortunately, there was a small river below and they did not climb too high, otherwise they would have been in great trouble.

"Meow meow stop it, let's talk it over nicely."

Seeing Meow Meow showing her sharp nails, the man in the white coat stepped back as if he wanted to have a good talk with Meow Meow.

"No need to discuss, meow."

Meowth's target is only the Moon Stone, and he is not interested in Pokémon like Pidgeot at all.

Misty also released her Pokémon Starfish for the first time.

Then a thrilling scene appeared. To be honest, when I saw this scene in the anime, I just thought it was funny, but in reality, Yu Feng just found it thrilling.

Miaomiao was swollen into a ball by Haixingxing's water gun, and finally he spit out the water in his stomach and flew into the sky.

Just then Xiaozhi and Xiaogang also rushed over, and they breathed a sigh of relief when they saw Yu Feng hugging his chest.

After all, if he didn't take action, it means that the matter was not very serious. Anyway, if he took action, it means that the matter was already very serious.

In order to wait for Xiaoxia and the white coat's clothes to dry, Xiaogang simply prepared some meals.

He also took out the Pokémon food he had made and fed it to today's heroes, Butterfree and Zubat.

"what is that?"

Xiaozhi looked at what Xiaogang took out and was a little confused. This was something he had never seen before. Why did Zubat like to eat it so much?

"This is Pokémon food. I made it according to the tastes of different Pokémon. Eating this regularly will make your hair smoother."

While feeding the Pokémon, Xiaogang explained to Xiaozhi what the Pokémon was, as he was a Pokémon breeder.

"Let me try it, it tastes good."

The man in the white coat took a Pokémon food from Xiaozhi and put it in his mouth to taste it. At least he thought it tasted good.

"Really? Let me try it."

Xiaozhi looked at the man in the white coat with some curiosity. Is this thing really that delicious?

He also picked up one and put it in his mouth. After a few seconds, his face turned ugly.

"This thing of yours is really far inferior to Xiao Feng's."

Xiaozhi spat out the food in his mouth and pointed at Yu Feng who had already pulled open the table.

His food doesn't taste as weird as Xiaogang's.

"Maybe my taste is not suitable for humans."

Xiaogang scratched his head in embarrassment. What Yu Feng had was obviously human food, and his was Pokémon food, which naturally did not suit human taste.
