

Gardevoir 58

Chapter 58 This little girl is my favorite style

night.....

"Bang!"

The ventilation duct was kicked open, and Kojiro poked his head out with a flashlight, looked around, and said with a smile: "Everything is normal."

"everything is normal!"

Musashi also stuck his head out of the ventilation duct, looked around with a slight smile on his face.

"normal."

Meowth also squeezed his big head out from the little space left by Musashi.

The three of them jumped down from the high ventilation duct lightly without making any sound.

Kojiro turned on the flashlight and shone it on the surrounding electrical appliances, looking for their target.

In front of a huge machine, Kojiro showed a delighted look and said happily: "This is it."

The light from the flashlight was not enough to illuminate the entire machine, but what was revealed was enough to show that it was a huge thing.

"This is it!"

"That's it, I'm taking over, meow!"

Musashi and Meowth were also very happy. It was really a wonderful thing to be able to find what they were looking for quickly. Meowth's paws were flashing a cold light in the dark shop.

.....

"Is this Cerulean City?"

Xiaozhi looked around at the facilities in Cerulean City like a bumpkin entering the city. Cerulean City and Nibe City had different styles.

"The streets are beautiful."

Xiaogang also expressed his praise, saying that this place was much more beautiful than the streets of Nibi City which were all made of stone.

"Didn't you notice that Xiaoxia is missing?"

Yu Feng pointed behind him, motioning for them to look, and found that Xiaoxia, who had been following Xiaozhi, was gone.

"She seems very reluctant to come to Cerulean City."

"Is this city so annoying? Never mind. I can be free this way."

Xiaogang always felt that Xiaoxia was reluctant to come to Cerulean City, and he was trying to find a way to get Xiaozhi to go somewhere else.

Xiaozhi looked indifferent. After all, without Xiaoxia nagging around him, he became much quieter.

Yu Feng knew where Xiaoxia had gone so he was not worried at all. How could something happen to someone in his own home?

After Xiaoxia was gone, they moved more quickly and soon walked from the living area to the shopping street.

The sound of a police siren sounded not far away, attracting Xiaozhi's attention.

The crowd gathered around the place and formed a circle, as if they were joining in the fun.

"What's wrong? What happened there?"

"Go and have a look."

Xiaozhi and Xiaogang decided to go over and take a look. Joining in the fun is a behavior that is engraved in people's genes!

When Xiaogang and Xiaozhi finally squeezed in, Yu Feng had been standing in front waiting for a long time.

The police set up a cordon to prevent onlookers from destroying evidence at the scene.

"Excuse me, what happened?"

Xiaozhi randomly picked a lucky passerby to ask what happened here.

"I don't know, it looks like he was robbed."

"Thief?"

The passerby glanced at Xiaozhi and Xiaogang and briefly explained what he knew. The place was blocked off early in the morning and he only arrived later.

Xiaogang and Xiaozhi looked very surprised. After all, stealing elf supplies is not uncommon these days, but stealing electrical appliances is really strange.

Miss Junsha's voice came from the side, pointing directly at Yu Feng and the other three: "Hey, three people over there."

Hearing Miss Junsha's voice, Xiaozhi and the others focused their eyes on her, some of them not understanding why she called them.

"You three are from out of town?"

Seeing the three people looking at her, Miss Junsha stroked her smooth chin and looked at the three suspicious outsiders.

"Hey, aren't you Kunsu, the policewoman from Tokiwa City?"

Although he had seen Miss Joy who looked the same, Xiaozhi was still very curious when he saw Miss Junsha who looked the same. After all, they looked so different that it was basically impossible to tell the difference with the naked eye.

"She's my sister, wait a minute!"

Miss Junsha seemed to be very happy when she heard Xiaozhi mention that her sister's high heels were 'tapping', and a beautiful smile unconsciously appeared on her face.

But she seemed to have remembered something, and she bent down, crossed her arms, stared at Xiaozhi, and said seriously, "You know my sister, which means you have been visited by the police, right?"

"Ah...ah? It's okay."

Xiaozhi really didn't want to say why Miss Junsha came to see him. After all, it was a mistake he made when he was young and frivolous.

"If you know the police, there will be many reasons."

"For example, someone asked for directions, someone lost their wallet, and so on..."

"It's the criminal who did something bad!!!"

Miss Junsha took off the handcuffs from her waist and began to dance, then pulled them straight in front of Xiaozhi as if to measure whether Xiaozhi could fit them.

"Uh, wait a minute."

"Beautiful policewoman."

Xiaozhi and Xiaogang seemed to be frightened by Miss Junsha's actions and took a step back.

"You want to chase me, don't you? It's a pity that I don't like your skin color. The girl next to you is okay, but unfortunately she is a little girl."

Miss Junsha looked at Xiaogang seriously and spoke frankly. After all, under normal circumstances, few people would like Xiaogang's type. Instead, the blue-haired girl with them was more in line with her aesthetic.

It's just a pity that she is a girl like me, otherwise I really would not be able to resist the urge to pursue her.

"I?"

Yu Feng looked at Miss Junsha with a question mark on his face, then looked around and saw that he seemed to be the only one with blue hair, so he pointed at himself tentatively.

After getting Miss Junsha's confirmation, several black lines suddenly appeared on Yu Feng's forehead. This was the second person who had misidentified his gender.

"I am male."

What's going on? I can't tell my gender anymore.

"Male!? Do you have a girlfriend, handsome boy?"

Hearing that Yu Feng was a man, Miss Junsha was stunned at first, then she put on a cool look, turned the handcuffs in her hands and gave Yu Feng a wink~~.

"Ms. Junsha, I'm only ten years old."

Seeing the flash of Miss Junsha's movements, Kirlia instantly appeared and covered his brother's eyes, then made a face at Miss Junsha, and then took out his brother's blue illustration and showed it to Miss Junsha.

"Aiya!" Miss Junsha suddenly fell to the ground when she heard Yu Feng's words, then stood up and wiped her sweat with a handkerchief that she had found somewhere, and said awkwardly: "Ahem, you are so young, but it doesn't matter, I can wait for you to grow up."

"You can't be the murderer, as for you two!"

Miss Junsha took a look at Shiny Kirlia who was still making faces at her and her fists hardened. After ruling out Yu Feng as a suspect, she looked at the remaining Satoshi and Brock with an unfriendly look.

It seemed that if they didn't give a reasonable explanation, she would take them to the police station.
