Chapter 63 Why don't we stop fighting?

Sakura didn't care at all that Xiaozhi was right next to her. Although her words were very tactful, Xiaozhi still heard the disdain in her words.

"That's not the case!"

Xiaoxia quickly retorted that she couldn't let her sister think that she liked Xiaozhi, otherwise it would be too bad!

"In short, in order to protect the reputation of the Cerulean Gym, you have no choice but to send me to fight now!"

Xiaoxia looked at Sakura very seriously. After all, how would others view their own gym if they gave badges like this?

"That's true. Only your Pokémon is still capable of fighting."

Sakura gave everything away helplessly, but after all, she was her own sister.

"Xiaozhi, you know now, you want to compete with me!"

Xiaoxia came close to Xiaozhi and pointed at him with a vicious expression.

"Chirrut. (And me!)"

Shiny Kirlia reminded Misty that she was still here and she couldn't forget her if she wanted to fight.

"Hey, Shining Kirlia, why are you the only one here, Xiaofeng? Speaking of which, why isn't Xiaogang here either?"

After seeing the flash, Kirlia and Misty realized that Yu Feng and Xiao Gang were not with Xiaozhi.

She said that Xiaozhi looked weird, as if something was missing.

"Xiao Gang said he was going to buy something, and Xiao Feng was kidnapped by Miss Junsha on the way, saying she had something important to discuss with him."

When Xiaozhi saw Xiaoxia looking at him, he told Xiaoxia what had happened before.

"So that means you're here to fight at the gym on behalf of Xiao Feng?"

"How about I give you the blue badge and we can stop fighting?"

After hearing Xiaozhi's explanation, Xiaoxia looked at Shiny Kirliao stumblingly, her tone full of nervousness. She had seen Xiaofeng sparring with Shiny Kirliao in the morning.

Don't be fooled by her small size, she can smash a tree with one punch.

Then I think about my own Hai Xingxing's body. Oh, I dare not think about it!

"Chirrut. (What do you think? I finally got my brother's Poké Ball.)"

Shiny Kirlia spun an enlarged Poké Ball on her fingertips and swung her arm forward, imitating Xiaozhi's movements.

"It looks like there's no other way. Please be gentle, I still have to fight Xiaozhi."

Xiaoxia looked at Shiny Kirlia's movements and knew that this battle was inevitable. Since the opponent was like this, it was not her style to avoid the battle.

Two people... Oops, no, it's one person and one Pokémon standing on both sides of the battle stage. Because it's a gym battle, the current venue advantage is on Xiaoxia's side.

"So the gym battles require the use of a maximum of two Pokémon. Is that okay with you?"

Misty looked at Shiny Kirlia a little nervously. After all, it was her first time to have a gym battle with a Pokémon.

"Chirrut. (No problem.)"

Shiny Kirlia made an OK gesture, and then looked at Misty opposite her seriously.

"Well, this is my Pokémon. Come on, Starfish!"

Seeing the flash, Kirlia understood what he meant. As a gym trainer, Misty sent out her Pokémon first.

A five-pointed starfish with a red crystal in the center appeared on the battlefield.

"This is!"

Xiaozhi, who was watching from the side, saw the new Pokémon and couldn't help but open the Pokédex to scan the information of Starfish.

"Pokémon, Starfish is hermaphrodite, it is both male and female at the same time, so it can build a romantic relationship with anyone."

"Your explanation sounds disgusting."

Xiaozhi's face changed. He felt disgusted after listening to Hai Xingxing's introduction.

"Everyone has the freedom to love, why do you have to interfere?"

"Okay, let's ignore that guy Xiaozhi and send out your Pokémon!"

Misty angrily refuted Satoshi's opinion, then suppressed her dissatisfaction and looked at Shiny Kirliao seriously. After all, it was Shiny Kirliao who was fighting against her, not Satoshi.

"Chirrut. (Let me see, it's you!)"

Shiny Kirlia looked at the three Poké Balls in his hand and picked out the safest one.

A flash fan like Blim appeared on the field wearing a pointy hat.

"Mm?"

The shining fan Blim came out and was about to jump into Yu Feng's arms, but found that Yu Feng was not beside her. Instead, the blue-haired old monster was in front of her, and she couldn't help but feel a little confused.

"Chirrut! (What are you wondering about? My brother wanted the gym badge, so he asked me to come here because he had something to do!)"

Shining Kirlia was very angry about the doubts of Shining Fan Blim. What was wrong with him that made him unable to command them?

"Mm!"

After hearing that it was for Yu Feng to get the gym badge, Shining Fan Blimp became a little serious. If it wasn't for Yu Feng, who would listen to her orders?

"Then I'll attack first without hesitation! Starfish uses the impact!"

The Starfish on the field rushed towards Flash Fan Blim, who was still arguing with Flash Kirlia, like a boomerang, and knocked her into the water with one blow.

Flash-fan Blim struggled for a long time before returning to the float. She looked at the Starfish who attacked her with some anger, her cheeks puffed up with anger.

"Chiru! (I'll let you fight with me, hurry up and use electromagnetic waves!)"

Shiny Kirlia slapped her own leg to see how serious the consequences of disobeying would be. She should have sent out Charmander earlier. Even though she was restrained, she was obedient.

Flash-loving Blim reluctantly began to attack Starfish with electromagnetic waves. Waves shining with golden luster spread out around. Starfish dodged the attack of electromagnetic waves under Xiaoxia's command.

Unfortunately, Hai Xingxing was a beat slow to react and was directly hit by the electromagnetic wave.

"Starfish! Fortunately, it's just electromagnetic waves."

Xiaoxia was worried for a while when she saw Hai Xingxing being hit by the electric skill, but she was relieved when she found that Hai Xingxing was fine.

After all, if the electric skill hits directly, it will cost Hai Xingxing half of her life.

"Star Sea uses High Speed Star!"

Xiaoxia now knows that she cannot engage in close combat with this Miglim. Who knows if she has some hidden electric skills? Most of Xiaofeng's elves are psychic-type and are very difficult to deal with.

Many high-speed rotating energy stars shot out from the red gem of Star Sea and hit Flash Blim.

Flash fan Blim was not to be outdone. She waved her hands and magic leaves appeared out of thin air, knocking down the high-speed stars that were attacking her point by point. There were even a lot of surplus magic leaves that hit the sea star.

"Oh no! Starfish jumped into the water!"

Seeing that Hai Xingxing was hit by a Grass-type skill, Xiaoxia couldn't let him stand there and get hit. She could only let it use the advantage of the venue to enter the water first, and then look for an opportunity to launch a sneak attack.

Hai Xingxing jumped into the water, but unfortunately, halfway through the jump, a flash of yellow light suddenly appeared on her body, and she instantly fell vertically onto the float. The paralysis effect was triggered.

When Kirlia saw the flash of this scene, her eyes lit up. This was a good opportunity!
